

ANTJA CHAMBERS | PROJECT MANAGER  
NASA JOHNSON SPACE CENTER

1

00:00:00,890 --> 00:00:08,130

I would say that Katherine Johnson's story, what I found was unfortunate was that it was

2

00:00:08,130 --> 00:00:15,400

one of the first times that I had heard her story, it's common not to hear a story that

3

00:00:15,400 --> 00:00:21,589

portrays black women or people of color, or - it's almost like I hear pieces of the story,

4

00:00:21,589 --> 00:00:27,189

and over time, I've piecemealed it together, and I think I understand, and then something

5

00:00:27,189 --> 00:00:28,529

else comes up.

6

00:00:28,529 --> 00:00:36,829

And I think what the book, Hidden Figures, is very well-named in that it emphasizes how

7

00:00:36,829 --> 00:00:47,230

important it is for women, for women of color, to see people that look like them doing amazing

8

00:00:47,230 --> 00:00:48,250

things.

9

00:00:48,250 --> 00:00:52,660

And so if Katherine Johnson ever sees this, then, thank you for your story!

10

00:00:52,660 --> 00:00:56,860

I wish I heard about it a lot sooner, but I'm glad to hear it.
