ASTROPHYSICS, DEPUTY DIRECTOR

1  
00:00:00,000 --> 00:00:03,300  
I was once asked by young woman who was

2  
00:00:03,300 --> 00:00:05,520  
studying engineering in college about

3  
00:00:05,520 --> 00:00:06,960  
how to deal with the difference in the

4  
00:00:06,960 --> 00:00:08,550  
confidence that she sees in the young

5  
00:00:08,550 --> 00:00:10,380  
men at her class. Maybe the lack of

6  
00:00:10,380 --> 00:00:12,540  
confidence she was feeling herself, and

7  
00:00:12,540 --> 00:00:13,889  
what I told her is that; even though

8  
00:00:13,889 --> 00:00:15,690  
these young men may appear confident

9  
00:00:15,690 --> 00:00:17,640  
they really have the same amount of

10  
00:00:17,640 --> 00:00:20,369  
insecurities that that we do. And I think

11  
00:00:20,369 --> 00:00:21,720  
when they realize that they're not all

12  
00:00:21,720 --> 00:00:23,460  
that different that helps them feel a

13  
00:00:23,460 --> 00:00:25,769

little bit more comfortable amongst the

14

00:00:25,769 --> 00:00:27,300

young men.
