

1
00:01:10,000 --> 00:02:10,389
do

2
00:02:10,399 --> 00:02:42,790
go ahead

3
00:02:49,430 --> 00:02:46,550
as i step off at the surface at taurus

4
00:02:51,589 --> 00:02:49,440
we'd like to dedicate the first steps

5
00:02:54,710 --> 00:02:51,599
of apollo 17

6
00:02:56,710 --> 00:02:54,720
to all those who made it possible

7
00:02:59,190 --> 00:02:56,720
let's see if i can't crash the corner

8
00:03:00,710 --> 00:02:59,200
and get that contact

9
00:03:03,589 --> 00:03:00,720
if i can't get a

10
00:03:05,350 --> 00:03:03,599
pottery it's obviously very

11
00:03:07,910 --> 00:03:05,360
very cohesive

12
00:03:09,670 --> 00:03:07,920
because it the bottom of the core is not

13
00:03:18,470 --> 00:03:09,680

smooth it's very jaggedy

14

00:03:22,550 --> 00:03:20,309

it's a rock

15

00:03:23,750 --> 00:03:22,560

composed of many

16

00:03:25,830 --> 00:03:23,760

fragments

17

00:03:27,910 --> 00:03:25,840

of many sizes

18

00:03:29,990 --> 00:03:27,920

in many shapes

19

00:03:32,949 --> 00:03:30,000

when we return this rock

20

00:03:36,229 --> 00:03:32,959

or some of the others like it to houston

21

00:03:37,990 --> 00:03:36,239

we'd like to share a piece of this rock

22

00:03:40,070 --> 00:03:38,000

with so many of the countries throughout

23

00:03:41,750 --> 00:03:40,080

the world we hope that this will be a

24

00:03:43,990 --> 00:03:41,760

symbol

25

00:03:45,910 --> 00:03:44,000

of what our feelings are

26
00:03:46,949 --> 00:03:45,920
what the feelings of the apollo program

27
00:03:48,789 --> 00:03:46,959
are

28
00:03:49,750 --> 00:03:48,799
and the symbol of mankind that we can

29
00:03:55,350 --> 00:03:49,760
live

30
00:04:00,070 --> 00:03:57,509
and a final word from the last man on

31
00:04:02,070 --> 00:04:00,080
the moon

32
00:04:04,550 --> 00:04:02,080
i'd like to just let

33
00:04:05,509 --> 00:04:04,560
what i believe history will record

34
00:04:08,630 --> 00:04:05,519
that

35
00:04:11,190 --> 00:04:08,640
america's challenge of today

36
00:05:16,550 --> 00:04:11,200
has forged man's destiny

37
00:05:20,790 --> 00:05:19,110
when i opened the hatch

38
00:05:23,189 --> 00:05:20,800

i mean i had the whole universe in front

39

00:05:25,430 --> 00:05:23,199

of me it was it was spectacular i opened

40

00:05:27,270 --> 00:05:25,440

a hatch at nighttime

41

00:05:29,430 --> 00:05:27,280

somewhere over hawaii

42

00:05:30,390 --> 00:05:29,440

and i watched the sun come up we're

43

00:05:33,029 --> 00:05:30,400

about

44

00:05:35,670 --> 00:05:33,039

i don't know 150 miles

45

00:05:37,990 --> 00:05:35,680

above the surface

46

00:05:41,270 --> 00:05:38,000

and i'd watch the sun come up over the

47

00:05:42,310 --> 00:05:41,280

southwestern part of the united states

48

00:05:53,270 --> 00:05:42,320

and

49

00:05:54,629 --> 00:05:53,280

in that very early phase was

50

00:05:56,870 --> 00:05:54,639

was

51

00:05:58,950 --> 00:05:56,880

deploy the flag

52

00:06:00,710 --> 00:05:58,960

put the american flag

53

00:06:01,990 --> 00:06:00,720

in a surface i've always said we didn't

54

00:06:06,390 --> 00:06:02,000

do it

55

00:06:08,550 --> 00:06:06,400

to to say this piece of moon belongs

56

00:06:11,029 --> 00:06:08,560

to united states what we did it is to

57

00:06:13,350 --> 00:06:11,039

say thank you to all those people

58

00:06:14,390 --> 00:06:13,360

out there who made it possible for us to

59

00:06:16,070 --> 00:06:14,400

be there

60

00:06:17,990 --> 00:06:16,080

that was our way of saying thank you

61

00:06:20,790 --> 00:06:18,000

because they're the ones who deserve

62

00:06:25,990 --> 00:06:20,800

to see that flag and that flag is still

63

00:06:29,749 --> 00:06:27,749

the flag will be there

64

00:06:32,070 --> 00:06:29,759

i put my daughter's initials in the

65

00:06:33,590 --> 00:06:32,080

surface just before we left

66

00:06:35,110 --> 00:06:33,600

and
