7
00:00:19,830 --> 00:00:16,880
this magnificent space station has been

8
00:00:22,790 --> 00:00:19,840
home for international cooperation

9
00:00:25,429 --> 00:00:22,800
and ground-breaking research for 17

10
00:00:28,310 --> 00:00:25,439
years now as our international crews

11
00:00:31,429 --> 00:00:28,320
build a stronger future for all of us as

12
00:00:33,910 --> 00:00:31,439
we represent everyone on the planet

13
00:00:36,549 --> 00:00:33,920

space exploration brings us together in

14

00:00:39,190 --> 00:00:36,559

a very unique way and the station is a

15

00:00:42,709 --> 00:00:39,200

model of how nations can work together

16

00:00:44,310 --> 00:00:42,719

in peace for the greater good

17

00:00:45,590 --> 00:00:44,320

not only are we learning about the

18

00:00:48,389 --> 00:00:45,600

cosmos

19

00:00:50,790 --> 00:00:48,399

we are conducting scientific studies

20

00:00:52,310 --> 00:00:50,800

that will benefit all of us on planet

21

00:00:54,950 --> 00:00:52,320

earth

22

00:00:56,630 --> 00:00:54,960

from space national borders blend into

23

00:00:58,470 --> 00:00:56,640

continents and oceans

24

00:01:01,189 --> 00:00:58,480

making it much easier to see how

25

00:01:05,350 --> 00:01:01,199

everyone shares this fragile beautiful

26

00:01:08,070 --> 00:01:05,360

oasis no matter our nationality

27

00:01:09,750 --> 00:01:08,080

so we salute the united nations on this

28

00:01:10,789 --> 00:01:09,760

50th anniversary of the outer space

29

00:01:13,030 --> 00:01:10,799

treaty

30

00:01:14,070 --> 00:01:13,040

and we look forward to the future we are

31

00:01:16,310 --> 00:01:14,080

creating

32

00:01:17,590 --> 00:01:16,320

through space exploration we're so proud
