00:01:12,550 --> 00:01:10,960  
[Applause]

13  
00:01:15,109 --> 00:01:12,560

with screw max operations attitude

14

00:01:16,950 --> 00:01:15,119

remains nominal

15

00:01:18,710 --> 00:01:16,960

all main engine parameters look good at

16

00:01:21,350 --> 00:01:18,720

this point

17

00:01:25,270 --> 00:01:21,360

corporations are nominal

18

00:01:31,510 --> 00:01:27,749

attitude looks nominal very modest
