

A large, glowing red moon is the central focus of the image, set against a dark, black background. The moon's surface shows some darker, cratered areas. A horizontal lens flare with a central purple and blue streak and red and white light trails extends across the middle of the frame, passing behind the moon. The text 'SUPER BLUE BLOOD MOON' is overlaid on the image, with 'BLUE BLOOD' in a bright yellow color and 'SUPER' and 'MOON' in white.

**SUPER**

**BLUE BLOOD**

**MOON**
