

1  
00:00:00,300 --> 00:00:05,060  
(music)

2  
00:00:05,060 --> 00:00:07,250  
We are going to the Moon.

3  
00:00:08,860 --> 00:00:14,280  
To do so sustainably, we are going to expand  
partnerships with industry, to deliver payloads

4  
00:00:15,180 --> 00:00:17,600  
to the surface of the Moon.

5  
00:00:27,669 --> 00:00:32,140  
Beginning with missions beyond low-Earth orbit,  
the United States will lead the return of

6  
00:00:32,140 --> 00:00:37,520  
humans to the Moon for long-term exploration  
and utilization.

7  
00:00:49,000 --> 00:00:54,740  
You will increase our national capabilities,  
and you will help establish our leadership

8  
00:00:54,749 --> 00:00:55,600  
in the world.

9  
00:01:04,650 --> 00:01:11,140  
We are going to draw on your interests and  
on your capabilities as American innovators

10  
00:01:11,140 --> 00:01:16,110  
to build capacity that will take American  
astronauts eventually back to the Moon and
