

1
00:00:04,700 --> 00:00:08,820
We choose to go to the moon in this decade and do the other things,

2
00:00:08,820 --> 00:00:13,790
not because they are easy but because they are hard.

3
00:00:14,400 --> 00:00:21,000
T-minus 60 seconds and counting, we are go for Apollo 7 at this time.

4
00:00:21,500 --> 00:00:23,000
... and from the crew of Apollo 8

5
00:00:23,280 --> 00:00:28,720
we close with good night, good luck, a merry Christmas,

6
00:00:28,960 --> 00:00:33,200
and God bless all of you, all of you on the good Earth.

7
00:00:34,000 --> 00:00:40,880
We have ignition sequence start, engines on, five ... four ... three ... two

8
00:00:42,000 --> 00:00:46,080
Houston, ah, Tranquility Base here,

9
00:00:46,880 --> 00:00:48,960
the Eagle has landed.

10
00:00:49,920 --> 00:00:53,280
That's one small step for man,

11
00:00:54,480 --> 00:00:57,760
one giant leap for mankind.

12
00:01:01,440 --> 00:01:06,080
We leave as we came, and God willing as we shall return

13

00:01:07,920 --> 00:01:12,960

With peace, and hope for all mankind.

14

00:01:13,680 --> 00:01:15,760

We're on our way Houston.

15

00:01:17,680 --> 00:01:24,320

From 1969 to 1972, we had a
total of six moon landings,

16

00:01:24,880 --> 00:01:28,560

12 humans walked on the surface of the Moon.

17

00:01:28,560 --> 00:01:32,000

We have elevated the human condition. We have improved human lives.

18

00:01:32,280 --> 00:01:38,620

We have raised the standard of living for every person on Earth because of space exploration.

19

00:01:38,640 --> 00:01:40,840

We're going to go back to the Moon,
