

WE WILL
GO FORWARD
TO THE MOON

1
00:00:01,000 --> 00:00:05,372
We will go forward
to the Moon.

2
00:00:14,681 --> 00:00:19,085
This is bold exploration.

3
00:00:21,721 --> 00:00:25,759
We will land our
astronauts on the Moon within the next decade.

4
00:00:33,833 --> 00:00:38,571
We will fly new rockets
and spacecraft

5
00:00:38,638 --> 00:00:43,076
and learn how to live
away from Earth.

6
00:00:43,143 --> 00:00:46,513
The Science will reveal new discoveries and resources beyond earth.

7
00:00:46,579 --> 00:00:51,484
We will create a
foundation for ongoing human exploration.

8
00:00:52,585 --> 00:00:56,790
We're going to
the moon to stay.

9
00:00:56,856 --> 00:01:00,794
Then, we will
explore farther.

10
00:01:00,860 --> 00:01:02,996
Our innovations will
help us at home.

11
00:01:03,062 --> 00:01:06,733

Technology we develop for
exploration will improve life on Earth.
