

1
00:00:05,950 --> 00:00:12,789

[Music]

2
00:00:17,200 --> 00:00:14,789

we could see it as it was happening we

3
00:00:23,290 --> 00:00:17,210

could watch on live television

4
00:00:28,710 --> 00:00:26,150

[Music]

5
00:00:31,029 --> 00:00:28,720

and the fact that 600 million people

6
00:00:34,229 --> 00:00:31,039

around the world were either watching or

7
00:00:36,709 --> 00:00:34,239

listening on radio and tv as it happened

8
00:00:39,050 --> 00:00:36,719

is a measure of the impact that this

9
00:00:44,229 --> 00:00:39,060

thing had on the world's consciousness

10
00:00:46,790 --> 00:00:44,239

[Applause]

11
00:00:49,110 --> 00:00:46,800

the surface as as we said

12
00:00:51,430 --> 00:00:49,120

uh what was fine grain with lots of

13
00:00:55,990 --> 00:00:51,440

rocks in it it took footprints very well

14

00:01:08,950 --> 00:00:57,350

the

15

00:01:11,350 --> 00:01:08,960

uh

16

00:01:13,830 --> 00:01:11,360

well-known

17

00:01:15,429 --> 00:01:13,840

from the plaque earth first set foot

18

00:01:18,230 --> 00:01:15,439

upon the moon

19

00:01:19,670 --> 00:01:18,240

july 1969

20

00:01:23,190 --> 00:01:19,680

50.

21

00:01:26,070 --> 00:01:23,200

they came in peace for all mankind

22

00:01:27,270 --> 00:01:26,080

after the flight of apollo 11 neil

23

00:01:29,749 --> 00:01:27,280

armstrong

24

00:01:30,789 --> 00:01:29,759

buzz alder and i had an around the world

25

00:01:35,030 --> 00:01:30,799

tour

26
00:01:37,270 --> 00:01:35,040
and every place we went i thought they'd

27
00:01:39,830 --> 00:01:37,280
in some places have the attitude of oh

28
00:01:40,950 --> 00:01:39,840
well you americans finally did this not

29
00:01:41,990 --> 00:01:40,960
at all the

30
00:01:44,310 --> 00:01:42,000
attitude

31
00:01:46,230 --> 00:01:44,320
every country regardless of their

32
00:01:49,030 --> 00:01:46,240
internal politics

33
00:01:53,270 --> 00:01:49,040
they all said we did it we humans

34
00:01:55,590 --> 00:01:53,280
everything before july 20th 1969 humans

35
00:01:58,709 --> 00:01:55,600
only had experience on one planetary

36
00:02:01,270 --> 00:01:58,719
body from that moment on we were at

37
00:02:03,749 --> 00:02:01,280
least in some measure a multi-planetary

38
00:02:05,830 --> 00:02:03,759

species when neal and buzz

39

00:02:07,190 --> 00:02:05,840

walked on the moon they did it of course

40

00:02:09,589 --> 00:02:07,200

without weapons the only thing they

41

00:02:10,469 --> 00:02:09,599

brought was cameras so it was a very it

42

00:02:11,830 --> 00:02:10,479

was a

43

00:02:14,229 --> 00:02:11,840

peaceful
