

1
00:00:00,900 --> 00:00:05,472
Space travel is hard
and unforgiving.

2
00:00:05,538 --> 00:00:08,241
It's always been
and always will be.

3
00:00:11,344 --> 00:00:12,879
It's going to be hard.

4
00:00:12,946 --> 00:00:14,881
There's a good
chance of death.

5
00:00:14,948 --> 00:00:17,317
Going in a little can
through deep space.

6
00:00:17,384 --> 00:00:19,886
It's a very harsh
environment.

7
00:00:19,953 --> 00:00:24,824
We think you can come
back but nothing is certain.

8
00:00:24,891 --> 00:00:26,559
There are all sorts
of challenges we will face

9
00:00:26,626 --> 00:00:28,495
on deep space missions.

10
00:00:28,561 --> 00:00:31,931
Communication delays,
radiation protection,

11
00:00:31,998 --> 00:00:35,135

isolation of the crew.

12

00:00:35,201 --> 00:00:38,671

So it is not surprising
that some would have us

13

00:00:38,738 --> 00:00:41,508

stay where we are.

14

00:00:41,574 --> 00:00:43,943

There's never going
to be zero risk.

15

00:00:44,010 --> 00:00:46,346

When you're breaking the
bonds of gravity that's

16

00:00:46,413 --> 00:00:49,149

just part of the deal.

17

00:00:49,215 --> 00:00:51,951

And it is one of the great
adventures of all time.

18

00:00:56,089 --> 00:01:00,860

That challenge is one that
we're willing to accept.

19

00:01:00,927 --> 00:01:08,668

Man, in his quest for
knowledge, cannot be deterred.

20

00:01:08,735 --> 00:01:11,037

Space is not just
a destination.

21

00:01:11,104 --> 00:01:16,910

It changes you forever.

22

00:01:16,976 --> 00:01:17,977
It'll be tough.

23
00:01:18,044 --> 00:01:19,045
Really tough.

24
00:01:19,112 --> 00:01:21,781
But we have the right
people for the job.

25
00:01:21,848 --> 00:01:24,017
We have pressed the
qualities for success into

26
00:01:24,083 --> 00:01:26,119
system after system.

27
00:01:26,186 --> 00:01:28,555
This country of the United
States was not built by

28
00:01:28,621 --> 00:01:30,990
those who waited
and rested.

29
00:01:31,057 --> 00:01:33,960
Pushed our people past
every failure we can dream up.

30
00:01:34,027 --> 00:01:37,464
We have never been
more ready to meet the unknown.

31
00:01:49,476 --> 00:01:52,045
Through Artemis we will
once again explore beyond
