

A stylized space-themed illustration. On the left, a white rocket with a blue nose cone stands on a greyish ground. Above it is a grey moon with craters. The background is a dark blue space filled with white stars, a large white starburst, and a white spiral galaxy. On the right, a blue astronaut floats, tethered to a white spiral. The text 'NASA's CURIOUS UNIVERSE' is centered in white.

NASA's
**CURIOUS
UNIVERSE**

1
00:00:04,470 --> 00:00:03,110
one of my favorite places on earth

2
00:00:06,309 --> 00:00:04,480
is

3
00:00:08,310 --> 00:00:06,319
one of the most beautiful

4
00:00:10,950 --> 00:00:08,320
parts of the amazon basin that i've ever

5
00:00:13,509 --> 00:00:10,960
had the privilege of visiting

6
00:00:16,390 --> 00:00:13,519
there's a national forest

7
00:00:18,070 --> 00:00:16,400
right next to the tapas river

8
00:00:22,070 --> 00:00:18,080
and it's a place we've long studied in

9
00:00:27,029 --> 00:00:24,150
inside the national forest we've built a

10
00:00:29,669 --> 00:00:27,039
tower that allows you to walk up

11
00:00:31,910 --> 00:00:29,679
150 feet into the air

12
00:00:33,670 --> 00:00:31,920
as you walk the steps of this

13
00:00:35,750 --> 00:00:33,680

metal tower

14

00:00:37,590 --> 00:00:35,760

you finally step out into the sunlight

15

00:00:42,869 --> 00:00:37,600

on the top of the canopy

16

00:00:47,350 --> 00:00:44,389

and in every direction you look you're

17

00:00:51,110 --> 00:00:47,360

seeing the vivid colors of the tropical

18

00:00:55,830 --> 00:00:53,350

it's really striking to me to be able to

19

00:01:01,830 --> 00:00:58,470

so immersed in that environment from the

20

00:01:04,549 --> 00:01:01,840

forest floor all the way to the canopy

21

00:01:07,109 --> 00:01:04,559

and if you're sitting there at sunset

22

00:01:09,030 --> 00:01:07,119

when the macaws are coming into roost

23

00:01:11,830 --> 00:01:09,040

the monkeys are making their last calls

24

00:01:15,030 --> 00:01:11,840

for friends or

25

00:01:17,910 --> 00:01:15,040

it's a really peaceful

26

00:01:20,469 --> 00:01:17,920

and alive place

27

00:01:22,230 --> 00:01:20,479

that just reminds us that there are
