

1
00:00:00,909 --> 00:00:04,910

As a member of our nation's armed forces,
I know first hand what it's like to face an

2
00:00:04,910 --> 00:00:06,700

enemy on the front lines.

3
00:00:06,700 --> 00:00:13,299

However, today, thousands of civilians around
the world and across America are on the front

4
00:00:13,299 --> 00:00:16,770

lines, facing an enemy that you cannot see.

5
00:00:16,770 --> 00:00:21,460

From doctors and nurses in our hospitals to
law enforcement and firefighters who protect

6
00:00:21,460 --> 00:00:26,539

us, warehouse personnel and grocery store
clerks who keep the shelves stocked and the

7
00:00:26,539 --> 00:00:32,080

economy going, we the crew of Expedition 63
and all of us at NASA would like to give a

8
00:00:32,080 --> 00:00:35,469

sincere thank you to each and every one of you.

9
00:00:35,469 --> 00:00:37,430

You are all an inspiration.

10
00:00:37,430 --> 00:00:41,950

Thank you for keeping our loved ones healthy
and America going.
