

ASTRONAUT

JOE ACABA

1
00:00:00,400 --> 00:00:09,750

[Music]

2
00:00:14,070 --> 00:00:11,190

going to space

3
00:00:15,190 --> 00:00:14,080

is awesome my first flight was on the

4
00:00:17,109 --> 00:00:15,200

space shuttle

5
00:00:18,310 --> 00:00:17,119

you get into the vehicle you're all

6
00:00:20,310 --> 00:00:18,320

strapped in

7
00:00:21,910 --> 00:00:20,320

you know we have the countdown timer

8
00:00:27,509 --> 00:00:21,920

that's going on

9
00:00:30,630 --> 00:00:28,870

in your mind you're thinking i can't

10
00:00:35,590 --> 00:00:30,640

believe this is actually happening

11
00:00:35,600 --> 00:00:39,670

hola

12
00:00:44,150 --> 00:00:41,750

hey pops it's uh it's good to hear your

13
00:00:44,549 --> 00:00:44,160

voice thanks for the support the launch

14

00:00:47,670 --> 00:00:44,559

was

15

00:00:49,830 --> 00:00:47,680

awesome when i look back to who

16

00:00:51,029 --> 00:00:49,840

inspired me it started with my

17

00:00:53,350 --> 00:00:51,039

grandfather

18

00:00:56,470 --> 00:00:53,360

he actually had the old films of the

19

00:00:58,549 --> 00:00:56,480

apollo missions that we would watch

20

00:00:59,510 --> 00:00:58,559

i've been fortunate that i've had those

21

00:01:01,750 --> 00:00:59,520

mentors

22

00:01:04,310 --> 00:01:01,760

that have supported me and motivated me

23

00:01:07,190 --> 00:01:04,320

to be where i am today

24

00:01:07,670 --> 00:01:07,200

i was born in southern california

25

00:01:11,190 --> 00:01:07,680

reading

26

00:01:12,870 --> 00:01:11,200

playing sports enjoyed being outdoors

27

00:01:14,950 --> 00:01:12,880

spent some time in the united states

28

00:01:17,030 --> 00:01:14,960

marine corps reserve was a u.s

29

00:01:18,950 --> 00:01:17,040

peace corps volunteer did a lot of

30

00:01:21,270 --> 00:01:18,960

different jobs until i found the one

31

00:01:23,190 --> 00:01:21,280

that i felt was the most important job

32

00:01:24,310 --> 00:01:23,200

on the planet which is being a school

33

00:01:25,990 --> 00:01:24,320

teacher it was

34

00:01:27,749 --> 00:01:26,000

one of the jobs i never thought i would

35

00:01:29,590 --> 00:01:27,759

leave until i was

36

00:01:30,789 --> 00:01:29,600

given this opportunity to become a nasa

37

00:01:35,510 --> 00:01:30,799

astronaut

38

00:01:37,830 --> 00:01:35,520

third flight into space

39

00:01:39,429 --> 00:01:37,840

i've had the opportunity to go on three

40

00:01:45,270 --> 00:01:39,439

space missions

41

00:01:52,149 --> 00:01:49,270

to actually walk on the moon for me

42

00:01:53,270 --> 00:01:52,159

to have that as a possibility is just

43

00:01:56,630 --> 00:01:53,280

incredible

44

00:02:07,990 --> 00:01:56,640

this is our next step to explore places

45

00:02:09,669 --> 00:02:08,000

we have never been before

46

00:02:11,589 --> 00:02:09,679

you enjoyed this video and would like to

47

00:02:14,070 --> 00:02:11,599

see more nasa content
