

**60 YEARS OF MARS
EXPLORATION HAS
LED TO THIS
#CountdownToMars**

1
00:00:00,000 --> 00:00:03,680

Carl Sagan: From the earliest history\h
of mankind there's been a bright\h\h

2
00:00:03,680 --> 00:00:10,960

red speck of light in the night sky, called mars.
Control: Ignition. Two, one, zero.\h

3
00:00:10,960 --> 00:00:16,160

Sagan: It always happens in the history of\h
science, that as your perspective broadens,\h\h
