

**THE NASA FAMILY AND YOUR FAMILY  
MOVING FORWARD  
SAFELY**

1  
00:00:00,934 --> 00:00:03,903  
Mom work at NASA!

2  
00:00:03,970 --> 00:00:08,441  
My Daddy talks to people  
about NASA technology

3  
00:00:08,508 --> 00:00:14,013  
And my dad is a geologist  
who helps train Astronauts

4  
00:00:14,080 --> 00:00:17,817  
Um.. My mom is helping  
us go back to the moon

5  
00:00:25,492 --> 00:00:30,096  
I am vaccinated to  
keep my family safe

6  
00:00:30,163 --> 00:00:32,732  
My grandparents are  
vaccinated; I was very

7  
00:00:32,799 --> 00:00:35,902  
happy to be vaccinated  
to spend time with them

8  
00:00:35,969 --> 00:00:40,707  
Yeah, my dad and mom got  
two vaccinations already

9  
00:00:40,774 --> 00:00:43,042  
I think the agency has  
done a really good job of

10  
00:00:43,109 --> 00:00:45,979  
how much we've  
accomplished but also

11

00:00:46,045 --> 00:00:48,214  
keeping everybody safe

12  
00:00:48,281 --> 00:00:49,649  
I'm fully vaccinated.

13  
00:00:49,716 --> 00:00:52,852  
I feel like we can  
go more places now.

14  
00:00:52,919 --> 00:00:55,822  
Go get some more  
frozen yogurt.....

15  
00:00:55,889 --> 00:00:58,224  
or get some ice cream.

16  
00:00:58,291 --> 00:01:00,627  
Everybody in the household  
is vaccinated including my

17  
00:01:00,693 --> 00:01:04,764  
eighty-eight year old  
mother, my partner, my

18  
00:01:04,831 --> 00:01:05,899  
kids are.

19  
00:01:05,965 --> 00:01:08,368  
Now Grandma can go to  
stores like she likes to

20  
00:01:08,435 --> 00:01:11,171  
do, and we can go eat out  
with her, and it's its'

21  
00:01:11,237 --> 00:01:12,205  
really nice.

22

00:01:12,272 --> 00:01:15,241

But I'm also really proud  
of just the resiliency of

23

00:01:15,308 --> 00:01:17,877

our nation; of just  
.. of human kind.

24

00:01:17,944 --> 00:01:21,381

They have a really strong  
chance of getting sick and

25

00:01:21,448 --> 00:01:23,883

yeah; I just feel safer.

26

00:01:23,950 --> 00:01:25,885

Our hope for the future  
now that the vaccine is

27

00:01:25,952 --> 00:01:27,921

now widely available  
has changed our lives.

28

00:01:27,987 --> 00:01:31,191

I hope that lots of people  
get vaccinated, so we can

29

00:01:31,257 --> 00:01:33,426

have a normal life again.

30

00:01:33,493 --> 00:01:35,562

It's a matter of  
protecting not only

31

00:01:35,628 --> 00:01:37,230

yourselves but your  
community; the future

32

00:01:37,297 --> 00:01:41,234

generation, everyone

around you.
