

The image shows a close-up, high-angle view of the CAPSTONE lunar lander. The lander's solar panels, which are blue with gold-colored electrical connections, are visible on the left side. The lander is positioned on the surface of the Moon, which is covered in numerous craters of various sizes. The text "Meet CAPSTONE: NASA's Newest Lunar Trailblazer" is overlaid in the center of the image in a bold, white, sans-serif font. The text is enclosed in a white rectangular border.

**Meet CAPSTONE:
NASA's Newest
Lunar Trailblazer**
