

A promotional graphic for the Artemis I mission. The background is a high-angle view of the moon's surface, showing numerous impact craters of various sizes. In the upper center, the Earth is visible as a small blue and white sphere against the blackness of space. The word "ARTEMIS I" is written in large, white, sans-serif capital letters across the top half of the image. Below this, a bright orange horizontal bar contains the text "LAUNCHING SOON" in white, sans-serif capital letters. At the bottom center, the Orion lunar lander is shown from a top-down perspective, with its four solar panel arrays extended outwards.
