00:00:12,245 --> 00:00:14,981  
To meet the people who work at NASA ...

9  
00:00:14,981 --> 00:00:19,019  
How our engineers and our scientists  
are solving hard problems,

00:00:19,019 --> 00:00:22,789  
and how they're making  
these amazing discoveries.

We're showcasing NASA topics  
that people may not have known about.

12  
00:00:26,192 --> 00:00:30,163

To share the story of what  
it's like to work at NASA

13

00:00:30,163 --> 00:00:32,432

and to feel more  
connected to the universe.

14

00:00:32,432 --> 00:00:36,302

And I hope that we can inspire  
the next generation of space explorers

15

00:00:36,302 --> 00:00:39,239

and make a further impact on the community  
through our show.

16

00:00:39,239 --> 00:00:42,575

All of NASA's missions  
require people with different skills,

17

00:00:42,575 --> 00:00:46,646

backgrounds and interests, and our podcast  
tells their stories.

18

00:00:46,646 --> 00:00:52,218

To inform and to inspire, and to ultimately  
show them that space is for all.
