

**HAPPY  
THANKSGIVING!**

1  
00:00:00,750 --> 00:00:02,786  
Greetings from the International Space  
Station.

2  
00:00:02,786 --> 00:00:06,272  
We, the members of Expedition 68,  
would like to wish you and your loved ones

3  
00:00:06,573 --> 00:00:09,442  
a happy Thanksgiving  
and also share with you why Thanksgiving

4  
00:00:09,442 --> 00:00:13,046  
is special to us here in space.

5  
00:00:13,413 --> 00:00:17,367  
Here we are onboard the International  
Space Station, our home away from home.

6  
00:00:18,018 --> 00:00:21,955  
Today, I would like to express my sincere  
gratitude to the hundreds

7  
00:00:21,955 --> 00:00:24,858  
and thousands of people  
who support the human space program

8  
00:00:28,344 --> 00:00:29,612  
and to our family

9  
00:00:29,612 --> 00:00:32,699  
and friends  
and all those following along the mission.

10  
00:00:32,932 --> 00:00:36,920  
We are thankful that you're able  
to be a part of Expedition 68 with us.

11  
00:00:37,320 --> 00:00:40,173

It is the love of friends and family  
that help

12

00:00:40,173 --> 00:00:43,043

make dreams come true.

13

00:00:44,360 --> 00:00:46,279

Up here, we're on Greenwich Mean Time,

14

00:00:46,279 --> 00:00:49,432

which means that for half the planet,  
we live in the future.

15

00:00:49,766 --> 00:00:53,453

So much so that we'll be celebrating  
Thanksgiving on Tuesday this year

16

00:00:53,670 --> 00:00:55,221

and working a bit on Thursday.

17

00:00:55,221 --> 00:00:58,908

But I think we'll still have some time  
to catch some football and eat some
