

1

00:00:00,000 --> 00:00:05,220

Alaska, a vast remote wilderness twice the size of Texas.

2

00:00:05,220 --> 00:00:09,320

There are dangerous, unpredictable forces at work here,

3

00:00:09,320 --> 00:00:12,020

in one of the most mysterious corners of the globe.

4

00:00:12,020 --> 00:00:15,520

A lot of things can kill you out here without even trying.

5

00:00:15,520 --> 00:00:19,320

This is a place hundreds of times more deadly

6

00:00:19,320 --> 00:00:21,160

than the Bermuda Triangle.

7

00:00:21,160 --> 00:00:22,960

Oh, my God.

8

00:00:22,960 --> 00:00:25,560

Stories of alien abductions.

9

00:00:25,560 --> 00:00:28,360

I believe it was a UFO.

10

00:00:28,360 --> 00:00:32,360

The paranormal, vanishing airplanes, and strange beasts.

11

00:00:32,360 --> 00:00:35,000

The Alaskan Bigfoot, he can rip you in half.

12

00:00:35,000 --> 00:00:37,800

These accounts are a really wide spread.

13

00:00:37,800 --> 00:00:39,640

Peaked out of the tree right there.

14

00:00:39,640 --> 00:00:43,840

Have hunted those who dare set foot here.

15

00:00:43,840 --> 00:00:47,240

In the last 30 years, 16,000 people

16

00:00:47,240 --> 00:00:49,480

have disappeared without a trace.

17

00:00:49,480 --> 00:00:52,680

More people have disappeared than the Bermuda Triangle.

18

00:00:52,680 --> 00:00:55,040

Two to three times the amount.

19

00:00:55,040 --> 00:00:58,440

Witnesses tell us their shocking stories.

20

00:00:58,440 --> 00:00:59,840

I was petrified.

21

00:00:59,840 --> 00:01:02,480

And we've gathered some of the world's leading experts

22

00:01:02,480 --> 00:01:03,680

in their field.

23

00:01:03,680 --> 00:01:06,320

I'm always after scientific evidence

24

00:01:06,320 --> 00:01:08,920

that can be independently corroborated

25

00:01:08,920 --> 00:01:13,560

to try and unlock the mystery of the Alaska Triangle.

26

00:01:13,560 --> 00:01:20,560

What's causing all the bizarre phenomena of the Alaska Triangle?

27

00:01:21,560 --> 00:01:25,560

Could the answer be found here on a remote mountain far

28

00:01:25,560 --> 00:01:27,560

from human civilization?

29

00:01:29,560 --> 00:01:32,560

Over how many years has it been since the last time

30

00:01:32,560 --> 00:01:35,560

that the Alaskan Triangle was discovered?

31

00:01:35,560 --> 00:01:36,560

I don't know.

32

00:01:36,560 --> 00:01:37,560

I don't know.

33

00:01:37,560 --> 00:01:38,560

I don't know.

34

00:01:38,560 --> 00:01:39,560

I don't know.

35

00:01:39,560 --> 00:01:40,560

I don't know.

36

00:01:40,560 --> 00:01:41,560

I don't know.

37

00:01:42,560 --> 00:01:46,560

Over half a million square miles of the Alaska Triangle,

38

00:01:46,560 --> 00:01:51,560

16,000 people missing and one colossal mountain

39

00:01:51,560 --> 00:01:53,560

right at its frozen core.

40

00:01:55,560 --> 00:01:57,560

Chilling evidence has now come to light

41

00:01:57,560 --> 00:02:00,560

that this ominous icy peak holds within it

42

00:02:00,560 --> 00:02:03,560

a deep, dark secret.

43

00:02:05,560 --> 00:02:08,560

It sounds like something from science fiction,

44

00:02:08,560 --> 00:02:12,560

but are aliens hard at work deep within this mountain?

45

00:02:14,560 --> 00:02:18,560

According to a CIA spy from the 1970s,

46

00:02:18,560 --> 00:02:20,560

the answer is yes.

47

00:02:21,560 --> 00:02:25,560

Top secret military programs, psychic spies,

48

00:02:25,560 --> 00:02:29,560

an alien basis, plus we have the death of a key witness,

49

00:02:29,560 --> 00:02:33,560

is this the greatest mystery of the Alaska Triangle?

50

00:02:39,560 --> 00:02:42,560

One man who's on a journey to find out the truth

51

00:02:42,560 --> 00:02:46,560

is journalist and UFO investigator James Fox.

52

00:02:48,560 --> 00:02:52,560

If the aliens are here, James wants to find them.

53

00:02:53,560 --> 00:02:56,560

There has been controversy swirling around for decades

54

00:02:56,560 --> 00:03:00,560

as to some sort of secret underground potential alien base.

55

00:03:02,560 --> 00:03:06,560

The location of the base is said to be inside Mount Hayes.

56

00:03:08,560 --> 00:03:11,560

So that's why I'm here to go and check out Mount Hayes

57

00:03:11,560 --> 00:03:14,560

and see if any of the accounts over the last several decades

58

00:03:14,560 --> 00:03:16,560

are remotely true.

59

00:03:18,560 --> 00:03:20,560

Across the whole of Alaska,

60

00:03:20,560 --> 00:03:25,560

there have been more UFO sightings than in any other U.S. state.

61

00:03:25,560 --> 00:03:30,560

Can it be a coincidence that it's where so many people are disappearing?

62

00:03:30,560 --> 00:03:33,560

Many of the most credible sightings

63

00:03:33,560 --> 00:03:36,560

come from near the center of the Alaska Triangle.

64

00:03:37,560 --> 00:03:41,560

Jared Augustine is a security officer in Fairbanks,

65

00:03:41,560 --> 00:03:44,560

the largest city in the Triangle's interior.

66

00:03:47,560 --> 00:03:50,560

He was on night duty when he saw something in the sky

67

00:03:50,560 --> 00:03:52,560

that didn't look right.

68

00:03:52,560 --> 00:03:57,560

So the day was May 13th, 2016, at 3 a.m.

69

00:03:57,560 --> 00:04:00,560

I was on patrol being a security officer at the time,

70

00:04:00,560 --> 00:04:04,560

and this is where I actually started filming.

71

00:04:06,560 --> 00:04:09,560

Oh, what is that?

72

00:04:12,560 --> 00:04:14,560

Oh, wow.

73

00:04:16,560 --> 00:04:19,560

A strange flashing light suddenly split in three.

74

00:04:22,560 --> 00:04:24,560

Whoa.

75

00:04:27,560 --> 00:04:29,560

It's out in the area, I guess.

76

00:04:31,560 --> 00:04:33,560

When I saw it split, I was like,

77

00:04:34,560 --> 00:04:36,560

when I saw it split, I was blown away,

78

00:04:36,560 --> 00:04:39,560

and I kept watching, and then I did it again,

79

00:04:39,560 --> 00:04:42,560

and I was like, okay, this is legit.

80

00:04:42,560 --> 00:04:44,560

Something's going on right here.

81

00:04:44,560 --> 00:04:46,560

Oh, wow.

82

00:04:46,560 --> 00:04:49,560

There's no satellite or aircraft

83

00:04:49,560 --> 00:04:52,560

that can divide into three like this.

84

00:04:53,560 --> 00:04:59,560

I believe it was a UFO of extra-terrestrial origin,

85

00:04:59,560 --> 00:05:01,560

and I was shaking.

86

00:05:01,560 --> 00:05:03,560

I was really shaking.

87

00:05:04,560 --> 00:05:07,560

To date, more than 6,500 UFO sightings

88

00:05:07,560 --> 00:05:10,560

have been reported in Alaska.

89

00:05:14,560 --> 00:05:17,560

One of the most famous was in 1986,

90

00:05:17,560 --> 00:05:20,560

when the crew of a Japanese airline flight

91

00:05:20,560 --> 00:05:24,560

watched in horror as two UFOs taunted their plane

92

00:05:24,560 --> 00:05:27,560

right in the middle of the Triangle.

93

00:05:27,560 --> 00:05:30,560

The captain could even feel the heat of the craft on his face.

94

00:05:32,560 --> 00:05:36,560

Back in 1950, a Douglas C-54

95

00:05:36,560 --> 00:05:38,560

with 44 people on board

96

00:05:38,560 --> 00:05:41,560

simply disappeared from the Alaskan skies.

97

00:05:43,560 --> 00:05:47,560

Legend has it that alien activity played a hand.

98

00:05:52,560 --> 00:05:56,560

A more recent account in the deserted section of the Triangle

99

00:05:56,560 --> 00:05:59,560

describes a squadron of UFOs

100

00:05:59,560 --> 00:06:01,560

lighting up the skies.

101

00:06:01,560 --> 00:06:06,560

In 2003, electrician Charles Gaines was out on a job,

102

00:06:06,560 --> 00:06:10,560

part of a team building an exclusive tourist lodge.

103

00:06:11,560 --> 00:06:14,560

We were working on a remote wilderness lodge,

104

00:06:14,560 --> 00:06:20,560

about 200 miles south by southeast out of Fairbanks.

105

00:06:20,560 --> 00:06:25,560

I stepped outside, and I was looking at the night sky,

106

00:06:25,560 --> 00:06:28,560

like I always do, and I was like,

107

00:06:28,560 --> 00:06:32,560

I always do, and I started seeing these lights.

108

00:06:32,560 --> 00:06:35,560

There was only three or four of them at first,

109

00:06:35,560 --> 00:06:37,560

but they were high, they were really high,

110

00:06:37,560 --> 00:06:40,560

and they were traveling fast, very fast.

111

00:06:40,560 --> 00:06:44,560

Then I saw more behind them than more behind that.

112

00:06:44,560 --> 00:06:46,560

I started calling for the other guys,

113

00:06:46,560 --> 00:06:48,560

and they all are kind of stunned.

114

00:06:48,560 --> 00:06:51,560

There's just an endless stream of them.

115

00:06:52,560 --> 00:06:56,560

In Alaska, there have been over 500 reported sightings

116

00:06:56,560 --> 00:07:00,560

in the last 20 years alone, about 30 every year,

117

00:07:00,560 --> 00:07:04,560

but this was one of the most spectacular.

118

00:07:05,560 --> 00:07:08,560

But what happened next was something well beyond

119

00:07:08,560 --> 00:07:11,560

our understanding of physics.

120

00:07:11,560 --> 00:07:16,560

Then some of them speed up and go ahead of the others,

121

00:07:16,560 --> 00:07:20,560

turn around and come back and look as though they're going

122

00:07:20,560 --> 00:07:24,560

to run into another one heading straight on.

123

00:07:24,560 --> 00:07:27,560

When they came right up to each other,

124

00:07:27,560 --> 00:07:29,560

they would break away at right angles.

125

00:07:29,560 --> 00:07:31,560

No slowing down at all.

126

00:07:31,560 --> 00:07:33,560

How did they do that?

127

00:07:37,560 --> 00:07:41,560

It seemed as though it was an armada,

128

00:07:41,560 --> 00:07:47,560

like it was some kind of giant fleet of these flying ships.

129

00:07:48,560 --> 00:07:51,560

There have also been reports of UFOs landing

130

00:07:51,560 --> 00:07:53,560

in the Alaska Triangle.

131

00:07:54,560 --> 00:08:01,560

Jesse Desmond is Alaskan State Director for Mufan,

132

00:08:01,560 --> 00:08:04,560

the mutual UFO network.

133

00:08:05,560 --> 00:08:09,560

She's uncovered one story from the Triangle from 1978,

134

00:08:09,560 --> 00:08:15,560

the tales of a group of hikers who saw UFOs that had landed nearby.

135

00:08:15,560 --> 00:08:19,560

They woke up one morning, they were kind of camped out on a ridge,

136

00:08:19,560 --> 00:08:23,560

and there was one UFO landed down in the valley below.

137

00:08:23,560 --> 00:08:28,560

So they went down for a hike down to this location.

138

00:08:28,560 --> 00:08:32,560

By the time they kind of got there, the UFO had gone away.

139

00:08:32,560 --> 00:08:36,560

But the UFO had left behind a grisly scene.

140

00:08:36,560 --> 00:08:43,560

They not only saw an indentation of swirled natural grasses

141

00:08:43,560 --> 00:08:45,560

and small trees and brush,

142

00:08:45,560 --> 00:08:50,560

they found carcasses of lots of animals.

143

00:08:50,560 --> 00:08:54,560

We're talking moose, bears, caribou, elk,

144

00:08:54,560 --> 00:08:57,560

which are not native to Alaska.

145

00:08:57,560 --> 00:09:01,560

And they even found a 15-foot killer whale

146

00:09:01,560 --> 00:09:04,560

out in the middle of the woods.

147

00:09:04,560 --> 00:09:07,560

The coast was hundreds of miles away,

148

00:09:07,560 --> 00:09:09,560

and even more disturbing,

149

00:09:09,560 --> 00:09:12,560

the animals had been horribly mutilated.

150

00:09:16,560 --> 00:09:19,560

All this reported UFO activity

151

00:09:19,560 --> 00:09:24,560

has convinced investigator James Fox that the aliens are here.

152

00:09:24,560 --> 00:09:28,560

People often ask me why it is I do what I do.

153

00:09:28,560 --> 00:09:31,560

And my response to that is with a question.

154

00:09:31,560 --> 00:09:34,560

If Earth was being visited,

155

00:09:34,560 --> 00:09:38,560

if it was being visited by an extraterrestrial race,

156

00:09:38,560 --> 00:09:40,560

something alien to our species,

157

00:09:40,560 --> 00:09:43,560

how significant of a discovery would you give that?

158

00:09:43,560 --> 00:09:46,560

Well, it would be a 10 out of 10,

159

00:09:46,560 --> 00:09:49,560

the most significant discovery of our time.

160

00:09:49,560 --> 00:09:53,560

My response is, well, I'm quite convinced that that's what's happening.

161

00:09:57,560 --> 00:10:00,560

When Fairbanks security officer Jared Augustine

162

00:10:00,560 --> 00:10:02,560

posted his video online,

163

00:10:02,560 --> 00:10:05,560

it quickly came to James' attention.

164

00:10:05,560 --> 00:10:10,560

Straight away, he made the link with the Charles Gaines sighting.

165

00:10:13,560 --> 00:10:16,560

For James, the location was key.

166

00:10:17,560 --> 00:10:21,560

Both sightings are close to the center of Alaska.

167

00:10:24,560 --> 00:10:27,560

And that means close to Mount Hayes,

168

00:10:27,560 --> 00:10:30,560

the mysterious mountain right at its heart.

169

00:10:30,560 --> 00:10:36,560

Mount Hayes is at the center of the infamous Alaska Triangle.

170

00:10:36,560 --> 00:10:40,560

There has been controversy swirling around for decades

171

00:10:40,560 --> 00:10:44,560

about some sort of secret underground potential alien base.

172

00:10:46,560 --> 00:10:49,560

It's this base that James wants to find.

173

00:10:49,560 --> 00:10:52,560

He intends to go to Mount Hayes.

174

00:10:52,560 --> 00:10:55,560

And he has good reason to do so,

175

00:10:55,560 --> 00:10:59,560

thanks in part to the findings of a secret project

176

00:10:59,560 --> 00:11:03,560

funded by none other than the U.S. government.

177

00:11:04,560 --> 00:11:07,560

Everyone's heard of the Bermuda Triangle,

178

00:11:07,560 --> 00:11:12,560

but there's another place on Earth more remote and even more curious.

179

00:11:13,560 --> 00:11:16,560

I've always had a fascination with the Bermuda Triangle,

180

00:11:16,560 --> 00:11:19,560

but when I started to look into the Alaska Triangle,

181

00:11:19,560 --> 00:11:23,560

that started to really make my skin tingle a bit.

182

00:11:25,560 --> 00:11:27,560

And at the heart of the Alaska Triangle

183

00:11:27,560 --> 00:11:31,560

lies an ominous, foreboding mountainous mountain.

184

00:11:31,560 --> 00:11:33,560

And at the heart of the Alaska Triangle

185

00:11:33,560 --> 00:11:36,560

lies an ominous, foreboding mountain peak

186

00:11:36,560 --> 00:11:39,560

standing 14,000 feet high.

187

00:11:43,560 --> 00:11:46,560

More people have been to the top of Mount Everest

188

00:11:46,560 --> 00:11:49,560

than have scaled its icy slopes.

189

00:11:49,560 --> 00:11:54,560

But it's not the peak that's drawn the attention of UFO investigators.

190

00:11:54,560 --> 00:11:57,560

It's what lies beneath.

191

00:11:58,560 --> 00:12:00,560

In Vancouver, Canada,

192

00:12:00,560 --> 00:12:03,560

one leading ufologist has been researching

193

00:12:03,560 --> 00:12:06,560

extraterrestrial activity for over 20 years.

194

00:12:06,560 --> 00:12:09,560

And his work has led him to connect the disappearances

195

00:12:09,560 --> 00:12:13,560

of the Alaska Triangle and Mount Hayes.

196

00:12:13,560 --> 00:12:18,560

Are aliens abducting people in Alaska and experimenting on them?

197

00:12:18,560 --> 00:12:24,560

Or are they working to get rid of anybody who gets too close to Mount Hayes?

198

00:12:24,560 --> 00:12:28,560

Could this be the reason that over 16,000 people

199

00:12:28,560 --> 00:12:30,560

have gone missing in the Alaska Triangle?

200

00:12:30,560 --> 00:12:33,560

An alien base inside of Mount Hayes

201

00:12:33,560 --> 00:12:35,560

could explain all these strange occurrences.

202

00:12:35,560 --> 00:12:37,560

I mean, it can't be a coincidence

203

00:12:37,560 --> 00:12:41,560

that it's right in the center of the Alaska Triangle.

204

00:12:42,560 --> 00:12:45,560

Curiously, a secret government project

205

00:12:45,560 --> 00:12:48,560

might lend credence to the theory.

206

00:12:48,560 --> 00:12:52,560

In the 1970s, the U.S. recruited psychics

207

00:12:52,560 --> 00:12:55,560

to spy on the Soviet Union.

208

00:12:57,560 --> 00:13:00,560

Sasha Auerbach is a historian

209

00:13:00,560 --> 00:13:04,560

who's been researching recently released government files.

210

00:13:05,560 --> 00:13:08,560

The belief was that the Soviets were developing

211

00:13:08,560 --> 00:13:12,560

a similar project using psychic individuals.

212

00:13:12,560 --> 00:13:16,560

And the U.S. decided that if the Soviets had a project like that,

213

00:13:16,560 --> 00:13:19,560

they needed a project of the same type.

214

00:13:22,560 --> 00:13:25,560

Project Stargate was started in 1978.

215

00:13:25,560 --> 00:13:27,560

It was based at Fort Meade, Maryland.

216

00:13:27,560 --> 00:13:31,560

And it was a collaboration between the U.S. Army

217

00:13:31,560 --> 00:13:35,560

and a research institute based in Stanford, California, SRI,

218

00:13:35,560 --> 00:13:37,560

the Stanford Research Institute.

219

00:13:38,560 --> 00:13:42,560

Stargate was about locating individuals

220

00:13:42,560 --> 00:13:46,560

who had the ability to see or hear

221

00:13:46,560 --> 00:13:49,560

or somehow sense occurrences

222

00:13:49,560 --> 00:13:52,560

well out of their physical sensing range.

223

00:13:54,560 --> 00:13:56,560

On the outskirts of Anchorage, Alaska,

224

00:13:56,560 --> 00:13:59,560

Dr. Nick Begich is a scientific researcher

225

00:13:59,560 --> 00:14:02,560

who specializes in mind control.

226

00:14:04,560 --> 00:14:06,560

So Project Stargate was a project

227

00:14:06,560 --> 00:14:10,560

of the Central Intelligence Agency intended to develop spies

228

00:14:10,560 --> 00:14:13,560

to go into locations like nuclear facilities

229

00:14:13,560 --> 00:14:15,560

and be able to do it remotely,

230

00:14:15,560 --> 00:14:18,560

keeping the body in one place and consciousness somewhere else.

231

00:14:20,560 --> 00:14:22,560

I mean, think about it.

232

00:14:22,560 --> 00:14:24,560

I mean, the ultimate spy is one that can show up somewhere.

233

00:14:24,560 --> 00:14:27,560

And if you can do that spiritually detached from your body,

234

00:14:27,560 --> 00:14:29,560

what a deal.

235

00:14:31,560 --> 00:14:33,560

I know some of the folks that were involved in that,

236

00:14:33,560 --> 00:14:35,560

and it worked. They did it.

237

00:14:35,560 --> 00:14:37,560

It actually worked.

238

00:14:38,560 --> 00:14:40,560

This was the height of the Cold War

239

00:14:40,560 --> 00:14:43,560

between the U.S. and the Soviet Union.

240

00:14:44,560 --> 00:14:48,560

Both sides would do anything to gain an advantage.

241

00:14:49,560 --> 00:14:53,560

The CIA even had a top-secret mind control program

242

00:14:53,560 --> 00:14:56,560

called Project MKUltra.

243

00:14:56,560 --> 00:14:59,560

They experimented on human subjects,

244

00:14:59,560 --> 00:15:02,560

manipulating their mental states with drugs

245

00:15:02,560 --> 00:15:04,560

and sensory deprivation.

246

00:15:06,560 --> 00:15:08,560

And now with Project Stargate,

247

00:15:08,560 --> 00:15:11,560

the CIA had psychic spies.

248

00:15:14,560 --> 00:15:16,560

But how exactly did it work?

249

00:15:19,560 --> 00:15:22,560

The answer can be found here,

250

00:15:22,560 --> 00:15:24,560

a world away from Alaska,

251

00:15:24,560 --> 00:15:27,560

down in the desert of New Mexico.

252

00:15:29,560 --> 00:15:32,560

It's from here that leading psychic,

253

00:15:32,560 --> 00:15:36,560

Lori Williams, practices what's known as remote viewing.

254

00:15:37,560 --> 00:15:40,560

Remote viewing is really a technique

255

00:15:40,560 --> 00:15:44,560

for getting information anywhere in time and space.

256

00:15:44,560 --> 00:15:48,560

It's essentially connecting to the big cosmic database in the sky.

257

00:15:50,560 --> 00:15:54,560

So you can technically visit anywhere in all of space and time,

258

00:15:54,560 --> 00:15:57,560

which makes it a very effective time machine.

259

00:15:58,560 --> 00:16:02,560

Controlled remote viewing requires a really good use

260

00:16:02,560 --> 00:16:05,560

of both right and left brain skills.

261

00:16:05,560 --> 00:16:07,560

You have to have good right brain skills

262

00:16:07,560 --> 00:16:09,560

to get the intuitive information.

263

00:16:09,560 --> 00:16:11,560

Then you have to have good left brain skills

264

00:16:11,560 --> 00:16:14,560

to analyze that information and organize it

265

00:16:14,560 --> 00:16:17,560

in a way that allows you to report.

266

00:16:17,560 --> 00:16:21,560

You have to have good interview and report methodology.

267

00:16:23,560 --> 00:16:26,560

Probably one of the most gifted remote viewers

268

00:16:26,560 --> 00:16:28,560

was a man named Pat Price.

269

00:16:28,560 --> 00:16:30,560

He was a Burbank police officer

270

00:16:30,560 --> 00:16:34,560

who showed exceptional gifts and talents in this area.

271

00:16:39,560 --> 00:16:42,560

Pat Price was recruited to Project Stargate

272

00:16:42,560 --> 00:16:46,560

and was put to work spying for the CIA.

273

00:16:48,560 --> 00:16:53,560

UFO investigator Jeremy Ray has been looking into Pat's story.

274

00:16:53,560 --> 00:16:57,560

Pat Price was deadly accurate on his predictions.

275

00:16:57,560 --> 00:17:01,560

They had him checking out Soviet targets

276

00:17:01,560 --> 00:17:06,560

and he would be able to write down and draw accurately what he saw.

277

00:17:08,560 --> 00:17:10,560

On one of his first assignments,

278

00:17:10,560 --> 00:17:13,560

Price was given the coordinates of a secret site

279

00:17:13,560 --> 00:17:15,560

deep within the Soviet Union.

280

00:17:16,560 --> 00:17:20,560

Pat Price was able to ask for a project to the location

281

00:17:20,560 --> 00:17:23,560

and then put the data down on a sheet of paper.

282

00:17:23,560 --> 00:17:26,560

He drew a picture of a gantry crane.

283

00:17:29,560 --> 00:17:33,560

His picture matched a secret CIA photo of the same site.

284

00:17:38,560 --> 00:17:39,560

But on one assignment,

285

00:17:39,560 --> 00:17:43,560

Price was psychically drawn away from his intended target

286

00:17:43,560 --> 00:17:46,560

by what remote viewers call an attractor.

287

00:17:48,560 --> 00:17:54,560

An attractor can call a viewer to it because it is more interesting.

288

00:17:54,560 --> 00:17:57,560

You might be drawn to the noise, the fire,

289

00:17:57,560 --> 00:18:02,560

the emotions at the site that pulls a remote viewer to it.

290

00:18:05,560 --> 00:18:08,560

Price's attractor was Mount Hayes.

291

00:18:08,560 --> 00:18:13,560

There was something going on there that he felt compelled to go and investigate

292

00:18:13,560 --> 00:18:19,560

and what he found there was totally unexpected, an alien base.

293

00:18:21,560 --> 00:18:25,560

Now Lori plans to remotely view Mount Hayes

294

00:18:25,560 --> 00:18:29,560

and investigator James Fox is making the physical journey.

295

00:18:29,560 --> 00:18:33,560

Will either of them find evidence of aliens?

296

00:18:39,560 --> 00:18:45,560

To actually be in Alaska, you just see the soaring mountains

297

00:18:45,560 --> 00:18:50,560

and there's vast open spaces and dense forests.

298

00:18:50,560 --> 00:18:54,560

As far as the eye can see, I mean it's really remote.

299

00:18:55,560 --> 00:19:00,560

James is heading to Mount Hayes at the epicenter of the Alaska Triangle.

300

00:19:01,560 --> 00:19:06,560

It's to here in the 1970s that a CIA spy was found

301

00:19:06,560 --> 00:19:09,560

to be psychically drawn.

302

00:19:09,560 --> 00:19:13,560

It's possible that what he saw could provide a clue to the thousands of

303

00:19:13,560 --> 00:19:17,560

disappearances that have taken place in the area.

304

00:19:17,560 --> 00:19:21,560

One of the things that Price discovered up in Mount Hayes

305

00:19:21,560 --> 00:19:26,560

was there's this strange device with all these cables dangling down from it.

306

00:19:26,560 --> 00:19:31,560

Price believed that this was some sort of atmospheric monitoring device.

307

00:19:32,560 --> 00:19:35,560

But this was just the start.

308

00:19:36,560 --> 00:19:40,560

Next Price traveled psychically inside the mountain.

309

00:19:47,560 --> 00:19:52,560

Pat Price remote viewed Mount Hayes and he saw a deep underground

310

00:19:52,560 --> 00:19:55,560

extraterrestrial base.

311

00:19:56,560 --> 00:20:01,560

There's a secret underground alien base at Mount Hayes.

312

00:20:05,560 --> 00:20:09,560

And Price was even able to get a sense of the aliens themselves.

313

00:20:13,560 --> 00:20:18,560

Super advanced humanoids hard at work deep underground.

314

00:20:19,560 --> 00:20:23,560

The fact that Pat Price worked for Stanford Research Institute

315

00:20:23,560 --> 00:20:28,560

and then was later hired on by the CIA to find Soviet targets.

316

00:20:28,560 --> 00:20:32,560

Give it some credence. I just don't shrug that off as rubbish.

317

00:20:34,560 --> 00:20:37,560

I find Pat Price's story completely believable.

318

00:20:37,560 --> 00:20:40,560

I mean this man was a Burbank police officer.

319

00:20:40,560 --> 00:20:42,560

He had no reason to make the story up.

320

00:20:42,560 --> 00:20:45,560

He was strictly interested in the data.

321

00:20:48,560 --> 00:20:51,560

But the revelations didn't end there.

322

00:20:51,560 --> 00:20:56,560

Price described the humanoids as working side by side with normal humans.

323

00:21:05,560 --> 00:21:08,560

Price didn't say who these humans were

324

00:21:08,560 --> 00:21:14,560

but the investigators at MUFON think they could well have belonged to the U.S. military.

325

00:21:14,560 --> 00:21:21,560

Mount Hayes in the UFO community is believed to be a joint military

326

00:21:21,560 --> 00:21:24,560

extraterrestrial base.

327

00:21:24,560 --> 00:21:29,560

MUFON's Jesse Desmond grew up just 80 miles from Mount Hayes.

328

00:21:29,560 --> 00:21:35,560

It seems like it'd be an ideal spot because it is very inaccessible.

329

00:21:35,560 --> 00:21:37,560

It's really hard to get to.

330

00:21:38,560 --> 00:21:41,560

If your objective was to have a secret underground base

331

00:21:41,560 --> 00:21:44,560

Mount Hayes would be a good place for that. It's very remote.

332

00:21:47,560 --> 00:21:55,560

Despite the mountains remoteness, a U.S. military base, Fort Greely, sits just 38 miles away

333

00:21:55,560 --> 00:21:59,560

and it has strange tales of its own.

334

00:21:59,560 --> 00:22:06,560

There have been a lot of sightings around Fort Greely and they've had some crazy stories come out of there.

335

00:22:06,560 --> 00:22:11,560

One in particular, an internet contractor had to go onto the roof of a building

336

00:22:11,560 --> 00:22:15,560

and he happened to look out and he could see a hanger

337

00:22:15,560 --> 00:22:23,560

and there was a 12-foot something being moved from one hanger to another

338

00:22:23,560 --> 00:22:26,560

and they had a tarpoline over it.

339

00:22:26,560 --> 00:22:29,560

And it moved in a weird way.

340

00:22:29,560 --> 00:22:30,560

He didn't know what it was.

341

00:22:30,560 --> 00:22:35,560

It could have been a very tall alien creature.

342

00:22:35,560 --> 00:22:36,560

Who knows?

343

00:22:38,560 --> 00:22:47,560

But what's really needed is more detail from CIA remote viewer Price, the prime witness, except...

344

00:22:47,560 --> 00:22:51,560

Unfortunately Pat Price met his demise in a rather mysterious way.

345

00:22:51,560 --> 00:22:54,560

He was found dead in a hotel room in Las Vegas.

346

00:22:54,560 --> 00:22:58,560

His family was never notified before the body was cremated.

347

00:22:58,560 --> 00:23:02,560

So it's rather suspicious circumstances of his death.

348

00:23:06,560 --> 00:23:11,560

Officially Pat Price had a heart attack.

349

00:23:11,560 --> 00:23:17,560

But the details are unclear.

350

00:23:17,560 --> 00:23:27,560

In his possession were secret documents relating to his remote viewing work.

351

00:23:27,560 --> 00:23:36,560

The day before his death, Price met with officials from the National Security Agency.

352

00:23:36,560 --> 00:23:42,560

And immediately before his death, he complained of severe stomach cramps.

353

00:23:42,560 --> 00:23:45,560

There's a lot of mystery around the death of Pat Price.

354

00:23:45,560 --> 00:23:51,560

Could it be that he got too close to figuring out what was really going on at Mount Hayes?

355

00:23:51,560 --> 00:23:55,560

What would the implications be if he were to leak out

356

00:23:55,560 --> 00:23:59,560

what was really hidden inside that mountain?

357

00:23:59,560 --> 00:24:03,560

The reports that Pat Price made must be out there somewhere.

358

00:24:03,560 --> 00:24:06,560

Why is it that we can't have access to them?

359

00:24:06,560 --> 00:24:09,560

What do they reveal and who's hiding them?

360

00:24:11,560 --> 00:24:13,560

Can any of this really be true?

361

00:24:13,560 --> 00:24:17,560

A joint alien military base within Mount Hayes?

362

00:24:19,560 --> 00:24:21,560

There could be one way to find out.

363

00:24:22,560 --> 00:24:27,560

A reenactment of the psychic journey of CIA spy Pat Price.

364

00:24:30,560 --> 00:24:32,560

As James heads for Mount Hayes,

365

00:24:32,560 --> 00:24:38,560

top remote viewer Lori Williams is going to go on her own psychic journey.

366

00:24:40,560 --> 00:24:43,560

But she's totally unaware of the destination.

367

00:24:43,560 --> 00:24:46,560

Will she see aliens too?

368

00:24:47,560 --> 00:24:51,560

In Alaska, investigative journalist James Fox

369

00:24:51,560 --> 00:24:56,560

is looking into evidence of a secret group of humans working with aliens

370

00:24:56,560 --> 00:24:59,560

in the middle of the Alaska Triangle.

371

00:25:02,560 --> 00:25:07,560

The evidence comes from remote viewing, a kind of psychic traveling.

372

00:25:08,560 --> 00:25:10,560

Now, under test conditions,

373

00:25:11,560 --> 00:25:16,560

top psychic Lori Williams has been given only the coordinates.

374

00:25:16,560 --> 00:25:19,560

She has no additional information.

375

00:25:20,560 --> 00:25:24,560

Her husband, Jim, is joining her to monitor her heart rate

376

00:25:24,560 --> 00:25:27,560

and help record what she sees.

377

00:25:29,560 --> 00:25:33,560

It's not long before Lori begins to sense her surroundings.

378

00:25:33,560 --> 00:25:37,560

Too isolated, too remote,

379

00:25:38,560 --> 00:25:40,560

and too cold.

380

00:25:42,560 --> 00:25:44,560

I keep seeing white everywhere.

381

00:25:44,560 --> 00:25:48,560

The whole time I just get white, white, white, white, white, white.

382

00:25:50,560 --> 00:25:54,560

Very deep, underground,

383

00:25:58,560 --> 00:26:00,560

buried for a reason.

384

00:26:03,560 --> 00:26:05,560

It's a ton of like.

385

00:26:08,560 --> 00:26:11,560

It's human-like.

386

00:26:19,560 --> 00:26:22,560

Fastly intelligent cunning.

387

00:26:29,560 --> 00:26:32,560

Scientifically advanced.

388

00:26:33,560 --> 00:26:35,560

Advanced.

389

00:26:37,560 --> 00:26:40,560

I feel like there's a dissection.

390

00:26:50,560 --> 00:26:52,560

Experimentation.

391

00:26:53,560 --> 00:26:55,560

Research.

392

00:26:57,560 --> 00:27:00,560

Gosh, I'm getting a little bit worried about writing all this stuff down

393

00:27:00,560 --> 00:27:03,560

and having this all on camera.

394

00:27:03,560 --> 00:27:07,560

A dissection could mean human experimentation,

395

00:27:07,560 --> 00:27:11,560

and these humans aren't the only humans present.

396

00:27:13,560 --> 00:27:16,560

It felt as though they were humans,

397

00:27:16,560 --> 00:27:18,560

and they felt American to me,

398

00:27:18,560 --> 00:27:21,560

that were scientific people,

399

00:27:21,560 --> 00:27:24,560

that were working in the same area

400

00:27:24,560 --> 00:27:29,560

on something that they felt was extremely important and very top secret.

401

00:27:30,560 --> 00:27:35,560

If Lori is right, the aliens have humans working with them,

402

00:27:35,560 --> 00:27:39,560

but the humans are unaware of the aliens' true purpose.

403

00:27:45,560 --> 00:27:49,560

In fact, I feel that there are humans working there and doing research there,

404

00:27:49,560 --> 00:27:51,560

but they're kind of unaware.

405

00:27:51,560 --> 00:27:54,560

There's a high intelligence there,

406

00:27:54,560 --> 00:27:58,560

and that they find that humans are easily distracted.

407

00:27:59,560 --> 00:28:04,560

They're working on something else that they think is really important and very top secret,

408

00:28:04,560 --> 00:28:10,560

but it's almost laughable in the sense that it's just another distraction.

409

00:28:10,560 --> 00:28:13,560

That's, you know, like a decoy that's being given to them.

410

00:28:13,560 --> 00:28:17,560

Like, let's give the baby a toy to try to get the remote out of the baby's hands.

411

00:28:17,560 --> 00:28:21,560

Or throw the dog a bone to give them something to focus on

412

00:28:21,560 --> 00:28:25,560

so that we can keep working right around them without them even noticing.

413

00:28:26,560 --> 00:28:31,560

Don't even know one-tenth of what's going on.

414

00:28:31,560 --> 00:28:36,560

This is mind-blowing testimony and goes even further than prices.

415

00:28:36,560 --> 00:28:39,560

But what is the aliens' true purpose?

416

00:28:39,560 --> 00:28:42,560

Why have they chosen Mount Hayes?

417

00:28:42,560 --> 00:28:47,560

Are all the strange anomalies of the Alaska Triangle deliberate alien distraction?

418

00:28:47,560 --> 00:28:50,560

What are they really up to?

419

00:28:55,560 --> 00:28:59,560

Lots of distractions used.

420

00:29:03,560 --> 00:29:06,560

The aliens are extracting something from the Earth

421

00:29:06,560 --> 00:29:10,560

under the noses of their human co-workers.

422

00:29:15,560 --> 00:29:21,560

Human experimentation could be just one of their cunning, destructive techniques.

423

00:29:25,560 --> 00:29:30,560

It's true that as well as having a mass of UFO sightings,

424

00:29:30,560 --> 00:29:35,560

Alaska has one of the highest number of people who claim to have been abducted by aliens.

425

00:29:35,560 --> 00:29:40,560

Maybe there are many more who don't get returned.

426

00:29:40,560 --> 00:29:45,560

It could also be that they're eliminating anyone who gets abducted

427

00:29:45,560 --> 00:29:49,560

by aliens,

428

00:29:49,560 --> 00:29:57,560

or it could also be that they're eliminating anyone who gets too close to knowing the truth.

429

00:30:00,560 --> 00:30:06,560

So far, Lori's session has been a good match for Pat Price's original testimony.

430

00:30:06,560 --> 00:30:11,560

Now, is Lori able to get a sense of the aliens' true purpose?

431

00:30:11,560 --> 00:30:18,560

Extracting. I feel like there's some extracting going on of needed materials.

432

00:30:18,560 --> 00:30:25,560

There's something about the Earth itself, the planet itself, that is providing a need that they have.

433

00:30:25,560 --> 00:30:31,560

If any of this is true, it needs investigating on the ground.

434

00:30:31,560 --> 00:30:35,560

James Fox is on his way.

435

00:30:35,560 --> 00:30:42,560

He wants to find scientific evidence and is now heading deep into the Alaska Triangle.

436

00:30:42,560 --> 00:30:46,560

For James, there's just one destination.

437

00:30:46,560 --> 00:30:54,560

We're on our way to Denali National Park, where we're going to pick up an airplane and fly to Mount Hayes.

438

00:30:54,560 --> 00:31:03,560

It's the largest state in the U.S., but has one of the shortest total amounts of road.

439

00:31:03,560 --> 00:31:10,560

So James is meeting up with Bush pilot Eric Roeve.

440

00:31:17,560 --> 00:31:21,560

Hey, you must be Eric.

441

00:31:21,560 --> 00:31:23,560

I am. James, good to meet you.

442

00:31:23,560 --> 00:31:25,560

You're gonna take me to Mount Hayes?

443

00:31:25,560 --> 00:31:27,560

Let's do it. Let's go.

444

00:31:36,560 --> 00:31:43,560

From here, the journey to Mount Hayes is 90 miles over the toughest terrain in Alaska.

445

00:31:46,560 --> 00:31:56,560

Flying in Alaska is so dangerous that about 100 aircraft crash in the state every year.

446

00:31:56,560 --> 00:32:04,560

You're the traffic scout wagon. 5-ounce, rear-mios, depart runway 33. You're on your right turn now.

447

00:32:04,560 --> 00:32:10,560

Will Eric be able to return the two of them safely?

448

00:32:11,560 --> 00:32:16,560

Will James find evidence of aliens?

449

00:32:16,560 --> 00:32:23,560

The mountains of the Alaska Triangle are among the most dangerous places on Earth.

450

00:32:30,560 --> 00:32:34,560

An alien base in the center of the Alaska Triangle.

451

00:32:34,560 --> 00:32:39,560

In my opinion, there are dangerous, unpredictable forces at work here.

452

00:32:41,560 --> 00:32:49,560

UFO investigator James Fox and Bush pilot Eric Roeve are now heading straight for Mount Hayes.

453

00:33:04,560 --> 00:33:12,560

Boy, you really get an idea of the sheer vastness of this area from the air.

454

00:33:12,560 --> 00:33:21,560

Where we're going is, you know, we're 80-90 miles away from the nearest town. You know, you're out of the middle of nowhere.

455

00:33:21,560 --> 00:33:27,560

As I'm looking down here, there's no indication of mankind at all.

456

00:33:27,560 --> 00:33:33,560

Alaska is one of the few places that there's still wild country that hasn't had any human touch on it.

457

00:33:33,560 --> 00:33:38,560

It looks like it. Wow, this is incredible.

458

00:33:51,560 --> 00:33:56,560

If Eric and James had to crash land, there'd be no way out.

459

00:33:56,560 --> 00:34:02,560

The heart of the Triangle is one of the most hostile environments on Earth.

460

00:34:04,560 --> 00:34:11,560

Wow, this is phenomenal. It's just mind-boggling.

461

00:34:14,560 --> 00:34:19,560

At last, the towering mass of Mount Hayes looms into view.

462

00:34:21,560 --> 00:34:30,560

Oh my God, we're flying right toward Mount Hayes right now. Oh my God, that is absolutely surreal.

463

00:34:33,560 --> 00:34:37,560

That is colossal.

464

00:34:38,560 --> 00:34:51,560

I'm looking down for any indication of artificial structures, vents, doors, ports, anything that would indicate civilization.

465

00:34:51,560 --> 00:34:58,560

So far, I see nothing but vast wilderness as far as the eye can see.

466

00:34:58,560 --> 00:35:04,560

Then the clouds begin to close in.

467

00:35:08,560 --> 00:35:12,560

We've got some weather here. Wow.

468

00:35:12,560 --> 00:35:17,560

If the massness and the remoteness doesn't keep anybody else out of here, the weather sure does.

469

00:35:17,560 --> 00:35:23,560

That is zero visibility as far as I can tell. Yeah, same here.

470

00:35:23,560 --> 00:35:31,560

Out here, flying with no visibility is suicidal, but James spots an opening in the cloud.

471

00:35:31,560 --> 00:35:35,560

Is that a glacier down there to the right? Yep, it's a glacier.

472

00:35:38,560 --> 00:35:45,560

Eric can't fly too close to the mountain, so he's going to try to land on the glacier.

473

00:35:45,560 --> 00:35:49,560

Now, those fissures, the glacier down there? The crevasse.

474

00:35:49,560 --> 00:35:53,560

We definitely don't want to land on a crevasse, I'll tell you that.

475

00:35:53,560 --> 00:35:59,560

Could a crevasse like that swallow up a plane? Oh, for sure. You could hide a city bus in there, you'd never know.

476

00:35:59,560 --> 00:36:05,560

So the size of a man made door, you got your work cut out for you, James.

477

00:36:05,560 --> 00:36:12,560

If the remote viewers are right, underneath this glacier could be a secret alien base.

478

00:36:12,560 --> 00:36:18,560

As they come into land, the audio fails.

479

00:36:35,560 --> 00:36:37,560

Take that, colander.

480

00:36:38,560 --> 00:36:40,560

Take that.

481

00:36:51,560 --> 00:36:54,560

You really impressed me.

482

00:37:05,560 --> 00:37:07,560

Oh, my God.

483

00:37:07,560 --> 00:37:11,560

We are literally in the middle of nowhere.

484

00:37:13,560 --> 00:37:15,560

Wow.

485

00:37:17,560 --> 00:37:19,560

Hey, how far are we from civilization?

486

00:37:19,560 --> 00:37:22,560

About 90 miles from Healy.

487

00:37:22,560 --> 00:37:24,560

So we're not making out of here without the airplane.

488

00:37:24,560 --> 00:37:27,560

No, no. You're not walking out of here.

489

00:37:27,560 --> 00:37:29,560

Whee!

490

00:37:29,560 --> 00:37:31,560

We're going to the airport.

491

00:37:31,560 --> 00:37:33,560

We're going to the airport.

492

00:37:33,560 --> 00:37:35,560

We're not walking out of here.

493

00:37:35,560 --> 00:37:37,560

Whee!

494

00:37:37,560 --> 00:37:39,560

Boy, this is about as remote as I've ever been.

495

00:37:39,560 --> 00:37:41,560

That's for sure.

496

00:37:41,560 --> 00:37:45,560

I can't believe we just landed on a glacier.

497

00:37:45,560 --> 00:37:47,560

That was unbelievable.

498

00:37:47,560 --> 00:38:04,560

James plans to scour the surface for any unusual signs of activity.

499

00:38:04,560 --> 00:38:07,560

All right. You're on your own.

500

00:38:10,560 --> 00:38:12,560

Well, good luck, James.

501

00:38:13,560 --> 00:38:16,560

Thank you. I hope you find something before they find you.

502

00:38:18,560 --> 00:38:20,560

Well, here we are.

503

00:38:20,560 --> 00:38:23,560

In the middle of nowhere.

504

00:38:25,560 --> 00:38:27,560

Boy, if you're going to hightup,

505

00:38:27,560 --> 00:38:29,560

this will be a pretty good place to do it.

506

00:38:29,560 --> 00:38:32,560

It's isolated and remote.

507

00:38:32,560 --> 00:38:38,560

In fact, it could be the exact spot that Lori found herself while remote viewing.

508

00:38:38,560 --> 00:38:44,560

Too isolated, too remote, and too cold.

509

00:38:48,560 --> 00:39:02,560

Wherever I was, felt very cold, very icy, and very flat and expansive.

510

00:39:02,560 --> 00:39:07,560

Suddenly, flat in the middle of a mountain range begins to make sense.

511

00:39:07,560 --> 00:39:12,560

Here, the glacier is so flat, it becomes a bush pilot's runway.

512

00:39:12,560 --> 00:39:15,560

I'm just going to go to a good vantage point.

513

00:39:15,560 --> 00:39:17,560

I brought some binoculars.

514

00:39:17,560 --> 00:39:20,560

I brought some electromagnetic gear.

515

00:39:30,560 --> 00:39:36,560

If Lori is right, James could right now be walking in the footsteps of aliens.

516

00:39:36,560 --> 00:39:43,560

There was an area off to my left that was raised and rounded,

517

00:39:43,560 --> 00:39:47,560

and it felt like it was an entrance to these tunnels.

518

00:39:49,560 --> 00:39:56,560

Without knowing it, it's possible that James could be walking straight to the entrance of the underground base.

519

00:39:56,560 --> 00:40:00,560

Is he going to find the evidence he's looking for?

520

00:40:08,560 --> 00:40:12,560

Well, this is about as good as a vantage point as I could imagine.

521

00:40:13,560 --> 00:40:19,560

I'm just going to basically look for anything I can find that would be remotely artificial.

522

00:40:19,560 --> 00:40:25,560

Any vents, doors, any structures, anything artificial, basically.

523

00:40:27,560 --> 00:40:34,560

If the base is here, then are UFO abductions behind all the mysterious disappearances in the triangle.

524

00:40:35,560 --> 00:40:41,560

It's kind of an eerie feeling, especially knowing that I could never hike out of here on my own.

525

00:40:42,560 --> 00:40:46,560

So far, I see a lot of snow and ice.

526

00:41:00,560 --> 00:41:04,560

I'm also seeing some weather coming in.

527

00:41:04,560 --> 00:41:08,560

I'm just going to go down the road and see what's going on.

528

00:41:08,560 --> 00:41:11,560

I'm also seeing some weather coming in.

529

00:41:20,560 --> 00:41:26,560

James's electromagnetic reader should detect if there's any unnatural background activity.

530

00:41:26,560 --> 00:41:30,560

This could be the sign of an alien presence.

531

00:41:31,560 --> 00:41:36,560

I'm not detecting anything more than what seems to be normal background.

532

00:41:43,560 --> 00:41:46,560

James, let's go.

533

00:41:46,560 --> 00:41:52,560

Before James can do any more investigating, Eric calls him back to the plane.

534

00:41:52,560 --> 00:41:57,560

They need to get out before the weather makes taking off impossible.

535

00:41:58,560 --> 00:42:02,560

James hasn't found the aliens.

536

00:42:07,560 --> 00:42:12,560

But it's simply impossible to see beneath the mountain.

537

00:42:12,560 --> 00:42:17,560

From the surface, Lori's remote viewing is uncannily accurate.

538

00:42:19,560 --> 00:42:24,560

How could she sense this flatness in the middle of the mountains?

539

00:42:27,560 --> 00:42:32,560

Is there then any reason to doubt what she saw within the mountain?

540

00:42:32,560 --> 00:42:38,560

And the abilities of CIA remote viewer Pat Price were well established.

541

00:42:38,560 --> 00:42:42,560

Why would he invent this elaborate story?

542

00:42:42,560 --> 00:42:48,560

For all we know, his incredible revelations could be just the tip of the iceberg.

543

00:42:48,560 --> 00:42:53,560

I believe there's so much secrecy behind Mount Hayes because of what's inside of it,

544

00:42:53,560 --> 00:42:58,560

because of who's inside of it and the types of technology they have.

545

00:43:03,560 --> 00:43:09,560

Whatever Pat Price witnessed, it's not all in the past. He was onto something big.

546

00:43:16,560 --> 00:43:21,560

Taking off from a glacier takes all the skills of an experienced pilot.

547

00:43:21,560 --> 00:43:25,560

Eric only has one chance.

548

00:43:25,560 --> 00:43:30,560

This is a story of the past.

549

00:43:30,560 --> 00:43:34,560

This is the story of the past.

550

00:43:34,560 --> 00:43:38,560

The past is the story of the present.

551

00:43:38,560 --> 00:43:42,560

This is the story of the future.

552

00:43:42,560 --> 00:43:46,560

This was the story of the past.

553

00:43:46,560 --> 00:43:53,560

Now all that's left is to reveal to Lori a genuine representation of the area she psychically visited.

554

00:43:53,560 --> 00:43:54,560

visited.

555

00:43:54,560 --> 00:43:55,560

Yeah.

556

00:43:55,560 --> 00:44:05,960

Yeah, that's, that looks pretty much like what I saw.

557

00:44:05,960 --> 00:44:06,960

It's very similar.

558

00:44:06,960 --> 00:44:10,760

Yes, especially as it comes around and there's shots there.

559

00:44:10,760 --> 00:44:18,880

It's like I was standing like right here and that's what was off to my left.

560

00:44:18,880 --> 00:44:19,880

That's the place.

561

00:44:19,880 --> 00:44:22,640

We're, this is very, where did you get this?

562

00:44:22,640 --> 00:44:27,840

This is so cool.

563

00:44:27,840 --> 00:44:34,040

For James, for now, Mount Hayes is behind him.

564

00:44:34,040 --> 00:44:35,400

The weather saw him off.

565

00:44:35,400 --> 00:44:39,280

Or was it the Alaska Triangle itself?

566

00:44:39,280 --> 00:44:43,560

The pilot suddenly butted in and said, we've got bad weather coming in.

567

00:44:43,560 --> 00:44:44,640

It's time to leave.

568

00:44:44,640 --> 00:44:51,680

So I thought it best to terminate the investigation, get in the airplane and get out of there.

569

00:44:51,680 --> 00:44:56,720

The sheer vastness of that location, if there was something to hide, that would be the place

570

00:44:56,720 --> 00:44:59,360

to do it.

571

00:44:59,360 --> 00:45:04,440

Without a scientific survey of the inside of Mount Hayes, it's impossible to know for

572

00:45:04,440 --> 00:45:08,720

sure if the alien base exists.

573

00:45:08,720 --> 00:45:13,040

For now, it remains a secret.

574

00:45:13,040 --> 00:45:21,280

But an alien base would certainly explain the many UFO sightings in this wilderness.

575

00:45:21,280 --> 00:45:26,960

The man who knew more than anyone else is no longer with us.

576

00:45:26,960 --> 00:45:32,360

And meanwhile, the UFO reports continue to come in.

577

00:45:32,360 --> 00:45:38,320

Then people keep on disappearing.

578

00:45:38,320 --> 00:45:45,080

We can only imagine what's really going on here in the frozen heart of the Alaska Triangle.
