

1

00:00:00,000 --> 00:00:07,000

Alaska, a vast remote wilderness twice the size of Texas.

2

00:00:07,000 --> 00:00:10,000

You could walk for a year without seeing another person.

3

00:00:10,000 --> 00:00:14,000

In one of the most mysterious corners of the globe.

4

00:00:14,000 --> 00:00:17,000

Everything in your being is telling you to get the hell out of there.

5

00:00:17,000 --> 00:00:22,000

This is a place hundreds of times more deadly than the Bermuda Triangle.

6

00:00:22,000 --> 00:00:24,000

Oh my God!

7

00:00:24,000 --> 00:00:27,000

Stories of alien abductions.

8

00:00:27,000 --> 00:00:29,000

That was definitely something not from this world.

9

00:00:29,000 --> 00:00:33,000

The paranormal, vanishing airplanes and strange beasts.

10

00:00:33,000 --> 00:00:36,000

Bigfoot could be anywhere in Alaska hiding out.

11

00:00:36,000 --> 00:00:39,000

Have hunted those who dare set foot here.

12

00:00:39,000 --> 00:00:43,000

Who's that? Now I feel like something's after me.

13

00:00:46,000 --> 00:00:51,000

In the last 30 years, 16,000 people have disappeared without a trace.

14

00:00:51,000 --> 00:00:55,000

In the vastness of this country, it's easy to be swallowed up in it.

15

00:00:56,000 --> 00:00:59,000

Witnesses tell us their shocking stories.

16

00:00:59,000 --> 00:01:00,000

I was horrified.

17

00:01:00,000 --> 00:01:04,000

And we've gathered some of the world's leading experts in their field.

18

00:01:04,000 --> 00:01:10,000

I wanted to go out and get the evidence myself and say, this is real. This stuff exists.

19

00:01:10,000 --> 00:01:15,000

To try and unlock the mystery of the Alaska Triangle.

20

00:01:26,000 --> 00:01:30,000

Alaska is home to all manner of paranormal activity.

21

00:01:33,000 --> 00:01:38,000

Fierce creatures roam the forests and lurk in the lakes and waterways.

22

00:01:41,000 --> 00:01:44,000

There are forces at work here unknown to man.

23

00:01:47,000 --> 00:01:52,000

But there's one story that if true, dwarfs all others.

24

00:01:53,000 --> 00:01:57,000

It is one of the biggest unsolved mysteries of my career.

25

00:01:58,000 --> 00:02:04,000

And evidence is now coming to light of what could be one of the greatest military and government cover-ups.

26

00:02:06,000 --> 00:02:09,000

Why would they hide this? Why would they bury this story?

27

00:02:10,000 --> 00:02:14,000

It's a mystery that would spark an extraordinary conspiracy theory.

28

00:02:16,000 --> 00:02:19,000

Why are more people interested in this?

29

00:02:19,000 --> 00:02:22,000

One of the biggest stories on the planet.

30

00:02:22,000 --> 00:02:26,000

This is the story of the Dark Pyramid.

31

00:02:29,000 --> 00:02:32,000

Of all the extraordinary reports to have come out of Alaska,

32

00:02:33,000 --> 00:02:40,000

the most bizarre must be that somewhere in the wilderness there's a giant pyramid of unknown origin.

33

00:02:41,000 --> 00:02:45,000

The existence of which is known only to a few select people.

34

00:02:46,000 --> 00:02:54,000

Now, for the first time, key witnesses and experts have been brought together to dig deep into the mystery.

35

00:02:55,000 --> 00:03:00,000

As we go in search of the Dark Pyramid of the Alaska Triangle.

36

00:03:01,000 --> 00:03:04,000

Why haven't we heard about this before? This is the real deal.

37

00:03:05,000 --> 00:03:08,000

The evidence they uncover is truly mind-blowing.

38

00:03:09,000 --> 00:03:15,000

The journey begins in Dayton, Ohio, over 2,000 miles from Alaska.

39

00:03:16,000 --> 00:03:19,000

It's a center of the defense and aeronautical industries.

40

00:03:21,000 --> 00:03:26,000

It's also home to former Army Chief Warrant Officer Doug Muchler.

41

00:03:27,000 --> 00:03:30,000

For 15 years, Doug worked in U.S. counterintelligence.

42

00:03:31,000 --> 00:03:33,000

Counterintelligence agent.

43

00:03:33,000 --> 00:03:37,000

Bestigated espionage terrorism against the United States.

44

00:03:39,000 --> 00:03:45,000

In 1989, Doug was posted to Fort Richardson on the outskirts of Anchorage, Alaska.

45

00:03:48,000 --> 00:03:53,000

He had no idea then of the bizarre journey he was about to embark upon.

46

00:03:54,000 --> 00:03:58,000

When I arrived in Alaska in 1989, in September,

47

00:03:58,000 --> 00:04:03,000

the first thing you do is orientate yourself to your AO, the area of operation.

48

00:04:04,000 --> 00:04:06,000

So I went and got some maps.

49

00:04:07,000 --> 00:04:11,000

So while I was putting the maps up, there was this one area.

50

00:04:12,000 --> 00:04:16,000

It was whiteed out. This area not surveyed to date.

51

00:04:17,000 --> 00:04:19,000

I'm looking at the whole of Alaska.

52

00:04:20,000 --> 00:04:23,000

I mean, that's a big place and it's all been surveyed.

53

00:04:24,000 --> 00:04:27,000

Except for the area that's been surveyed.

54

00:04:28,000 --> 00:04:30,000

Except this one area.

55

00:04:31,000 --> 00:04:36,000

With my counterintelligence background, I was like, they're hiding inside of them.

56

00:04:37,000 --> 00:04:40,000

It's not my business. I let it go.

57

00:04:42,000 --> 00:04:45,000

Doug was used to working on a need to know basis.

58

00:04:46,000 --> 00:04:51,000

But a few years later, an extraordinary event magnified his suspicions.

59

00:04:52,000 --> 00:04:56,000

Move forward to 1992.

60

00:04:57,000 --> 00:05:01,000

I was sitting there watching TV in the orderly room and there's a news program on.

61

00:05:02,000 --> 00:05:06,000

And they're talking about the detonation of a nuclear device in China.

62

00:05:08,000 --> 00:05:16,000

Part of the story was that geologists used that detonation to get a better picture of the crust of man on the earth.

63

00:05:16,000 --> 00:05:24,000

The news report stated that the explosion was so great that it sent shock waves underground through the fabric of the earth.

64

00:05:25,000 --> 00:05:33,000

These shock waves traveled over 4,000 miles all the way to Alaska where they were picked up by earthquake monitoring stations.

65

00:05:34,000 --> 00:05:39,000

By analyzing these waves, scientists could tell the density of the rock they passed through.

66

00:05:39,000 --> 00:05:46,000

And they detected what appeared to be an enormous subterranean structure shaped like a perfect pyramid.

67

00:05:48,000 --> 00:05:54,000

They said in Alaska, a pyramid was found larger than the one in Giza.

68

00:05:57,000 --> 00:06:02,000

The great pyramid of Giza in Egypt is over 450 feet high.

69

00:06:02,000 --> 00:06:06,000

It's one of the most awe-inspiring feats of human engineering.

70

00:06:07,000 --> 00:06:13,000

And here was a news report stating that there was a pyramid bigger than this in Alaska underground.

71

00:06:15,000 --> 00:06:18,000

We got a pyramid larger than the one in Giza.

72

00:06:19,000 --> 00:06:21,000

They showed it on the map.

73

00:06:22,000 --> 00:06:26,000

And the whiteed out area I'd saw earlier in 89, they correlated.

74

00:06:26,000 --> 00:06:31,000

Same area, which I thought was, oh my god, that's what they're hiding.

75

00:06:34,000 --> 00:06:39,000

Andrew Goff is a writer and historian who's been looking into Doug's claims.

76

00:06:40,000 --> 00:06:41,000

This is interesting.

77

00:06:42,000 --> 00:06:49,000

On May 22, 1992, the Chinese did detonate a massive underground nuclear bomb.

78

00:06:50,000 --> 00:06:52,000

It was the largest test they'd ever done.

79

00:06:52,000 --> 00:06:55,000

About 70 times bigger than Hiroshima.

80

00:06:56,000 --> 00:07:00,000

The US and the Soviets had signed a treaty limiting the size of these tests.

81

00:07:01,000 --> 00:07:03,000

But the Chinese weren't part of that deal.

82

00:07:04,000 --> 00:07:08,000

Whether an underground pyramid was detected by analyzing seismic waves,

83

00:07:09,000 --> 00:07:12,000

well, there's no independent proof of that. There's no record of it.

84

00:07:13,000 --> 00:07:18,000

But Doug Munchler, a former counterintelligence figure, well-respected guy,

85

00:07:18,000 --> 00:07:20,000

why would he advance such a story?

86

00:07:22,000 --> 00:07:29,000

The location is vague, but it is somewhere out in the flat plains beyond Mount Anali in central Alaska.

87

00:07:31,000 --> 00:07:36,000

Doug said his VCR to record the nightly news report he expected about the pyramid,

88

00:07:37,000 --> 00:07:40,000

a repeat of what he had seen on TV earlier.

89

00:07:41,000 --> 00:07:42,000

But there was nothing.

90

00:07:43,000 --> 00:07:45,000

Why was it not a video?

91

00:07:45,000 --> 00:07:46,000

There was nothing.

92

00:07:47,000 --> 00:07:49,000

Why was it not on the news?

93

00:07:50,000 --> 00:07:56,000

Called my dad, who was a religious news watcher in the morning, noon, evening, late night.

94

00:07:57,000 --> 00:07:58,000

He said he didn't hear anything.

95

00:08:01,000 --> 00:08:03,000

Doug knew he hadn't imagined the story.

96

00:08:04,000 --> 00:08:11,000

So the next day, he went to visit the local TV station that broadcasts the news item to ask if he

could see a copy of it.

97

00:08:12,000 --> 00:08:14,000

I said, I don't know what you're talking about. We had no story like that.

98

00:08:15,000 --> 00:08:18,000

The station manager denied broadcasting any such story.

99

00:08:20,000 --> 00:08:21,000

He didn't know what I was talking about.

100

00:08:22,000 --> 00:08:24,000

That was it. That don't make no sense to me.

101

00:08:26,000 --> 00:08:33,000

But before he left, Doug was approached by a more junior employee who had some astonishing information for him.

102

00:08:35,000 --> 00:08:38,000

She said two guys came in and took the tapes.

103

00:08:40,000 --> 00:08:41,000

I was stoned.

104

00:08:42,000 --> 00:08:47,000

Two men who were unknown to the employees had confiscated the tapes.

105

00:08:48,000 --> 00:08:50,000

There was only one conclusion Doug could draw.

106

00:08:52,000 --> 00:08:54,000

I thought, oh my God, they are buried in.

107

00:08:57,000 --> 00:09:00,000

Doug Muchler's story is really curious.

108

00:09:01,000 --> 00:09:03,000

There's this blank spot on the map.

109

00:09:04,000 --> 00:09:10,000

And then he sees a television news broadcast that says there's an underground pyramid.

110

00:09:11,000 --> 00:09:13,000

That appears to be on the exact same spot.

111

00:09:14,000 --> 00:09:18,000

But before he can fix the location by recording the newscast, it's scrubbed.

112

00:09:19,000 --> 00:09:21,000

It's vanished. It never shows again.

113

00:09:22,000 --> 00:09:26,000

That is not just weird. That's really weird.

114

00:09:30,000 --> 00:09:37,000

Jump forward a year, 1993, Doug's counterintelligence work took him east to Fort Meade, Maryland.

115

00:09:38,000 --> 00:09:44,000

Knowing that it was home to extensive military records, he introduced himself to the archivist.

116

00:09:45,000 --> 00:09:51,000

And I thought, why not just ask him about Alaska, see if there's any archaeological stuff there.

117

00:09:52,000 --> 00:09:57,000

And he said go down to such number and it should be in the first or second drawer.

118

00:09:58,000 --> 00:10:06,000

Went into the second drawer, saw the Alaska folder, took it out, didn't know what it was, didn't know what it contained, but it brought it back, sat down.

119

00:10:08,000 --> 00:10:13,000

I wasn't sitting there more than a couple of minutes and these two guys come over.

120

00:10:14,000 --> 00:10:19,000

You're not authorized to have that. I was like, why not? It's just archaeological. You're not allowed to.

121

00:10:24,000 --> 00:10:26,000

If you don't have a need to know, you don't have a need to know.

122

00:10:27,000 --> 00:10:29,000

So you don't stick your nose in where it don't belong.

123

00:10:30,000 --> 00:10:34,000

The big question for Doug was, why all the secrecy?

124

00:10:35,000 --> 00:10:38,000

He left it, but he couldn't forget it.

125

00:10:39,000 --> 00:10:45,000

The years went by, then eventually in 2012, he reached out for help.

126

00:10:45,000 --> 00:11:03,000

Linda Moultonhau is an investigative journalist based thousands of miles away in central New Mexico.

127

00:11:04,000 --> 00:11:09,000

I received an email from a man named Doug Muchler.

128

00:11:10,000 --> 00:11:20,000

He said there is something underground in Alaska that was public in 1992 and somebody didn't want the world to know.

129

00:11:21,000 --> 00:11:25,000

He's puzzled and suspicious and he did have my attention.

130

00:11:26,000 --> 00:11:30,000

So I began making phone calls.

131

00:11:31,000 --> 00:11:41,000

I was reaching out trying to find anybody who might have information about a pyramid that was discovered by that nuclear experiment in 1992.

132

00:11:42,000 --> 00:11:49,000

It wasn't long before Linda received a mysterious, anonymous phone call in support of Doug's claims.

133

00:11:50,000 --> 00:11:59,000

I get a call from a man on the east coast about how there was a huge pyramid underground in Alaska.

134

00:12:00,000 --> 00:12:02,000

Of such age, no one knows.

135

00:12:04,000 --> 00:12:10,000

To this day, Linda doesn't know the identity of the mystery caller, but he clearly had inside knowledge.

136

00:12:11,000 --> 00:12:14,000

He even gave the pyramid a name, the Dark Pyramid.

137

00:12:14,000 --> 00:12:20,000

He said it was a black solid black stone. That's why they called it the Dark Pyramid.

138

00:12:21,000 --> 00:12:26,000

We don't know who the caller was, but he appears to know what he's talking about.

139

00:12:26,000 --> 00:12:34,000

For a start, he knows that it was made of stone. He knows that it was black and he knows the exact size.

140

00:12:35,000 --> 00:12:43,000

This big, dark pyramid is 550 feet from the base to the top.

141

00:12:44,000 --> 00:12:54,000

A 550-foot pyramid made of dark stone, buried underground, which was being investigated secretly by the military.

142

00:12:56,000 --> 00:13:02,000

She didn't know it then, but Linda was about to hear some extraordinary firsthand evidence.

143

00:13:03,000 --> 00:13:07,000

It was to become the most astonishing story of her career.

144

00:13:08,000 --> 00:13:14,000

In my mind, this is the largest, biggest archaeological find in history. I mean all of history.

145

00:13:18,000 --> 00:13:30,000

In 2012, investigative journalist Linda Moltenhau began to receive reports of a mysterious underground pyramid somewhere in the middle of the Alaska Triangle.

146

00:13:32,000 --> 00:13:39,000

Her curiosity had been triggered by the evidence of a former soldier and counterintelligence

operative, Doug Muchler.

147

00:13:41,000 --> 00:13:49,000

Then, in 2013, Linda received an email from this man, radio host and fellow journalist Bruce Pearson.

148

00:13:50,000 --> 00:13:53,000

He had an extraordinary story to tell.

149

00:13:53,000 --> 00:14:02,000

The first I had ever heard of the dark pyramid was in 1978. I was living in New Mexico, just finished the bachelor's degree.

150

00:14:02,000 --> 00:14:06,000

I got a call from my father who was teaching in Northern Alaska.

151

00:14:07,000 --> 00:14:12,000

Bruce's father, a World War II vet, was working in a school in a remote location.

152

00:14:13,000 --> 00:14:19,000

And Bruce could tell by the tone in his father's voice that something extraordinary had happened.

153

00:14:20,000 --> 00:14:23,000

I said, hey, I've got to tell you about this experience I had.

154

00:14:24,000 --> 00:14:38,000

The guys came through on a helicopter and we got to talking and it turned out they were taking some important pieces of equipment out to a secret base near Mountain Nellie.

155

00:14:40,000 --> 00:14:48,000

A secret base? These guys actually told Lee Pearson that they were taking him to a secret base in the Alaska Triangle.

156

00:14:49,000 --> 00:14:59,000

And what's so compelling about this story is that Lee is a teacher and a military veteran himself and he's reeling in the story to his son.

157

00:14:59,000 --> 00:15:01,000

So why would he make it up?

158

00:15:03,000 --> 00:15:13,000

At over 20,000 feet, Mount Denali is the highest mountain in North America and in the middle of a huge wilderness of over 6 million acres.

159

00:15:13,000 --> 00:15:21,000

More people live in one block in New York City than live on the hundreds of miles of planes beyond Mount Denali.

160

00:15:22,000 --> 00:15:24,000

Then something extraordinary happened.

161

00:15:25,000 --> 00:15:35,000

Because Bruce's father is ex-forces, the team on the chopper invite him along on their journey to the secret base.

162

00:15:36,000 --> 00:15:44,000

After flying to the limit of the helicopter's range, they reached their mysterious destination.

163

00:15:45,000 --> 00:15:50,000

They landed in a rather barren spot.

164

00:15:53,000 --> 00:15:59,000

Guys with black uniforms and no insignias took this stuff off the helicopter. They didn't even shut down the turbines.

165

00:15:59,000 --> 00:16:09,000

Black uniforms with no insignia? That's pretty weird. It's like something out of a James Bond film.

166

00:16:10,000 --> 00:16:20,000

Who were these people? Where were they from? All we can surmise, it was something very covert and very secret.

167

00:16:21,000 --> 00:16:28,000

While there, Doug's father overheard some talk between the uniformed men and the pilot.

168

00:16:29,000 --> 00:16:34,000

They said that there was some underground facility that the military was trying to investigate.

169

00:16:34,000 --> 00:16:40,000

They didn't know who had built it, what it was, but it was an underground pyramid and that it was pretty hush-hush.

170

00:16:41,000 --> 00:16:47,000

An underground pyramid, just like Doug Muchler had seen on the TV news.

171

00:16:47,000 --> 00:16:51,000

Now that is intriguing to say the least.

172

00:16:53,000 --> 00:16:56,000

The exact location was still unknown.

173

00:16:57,000 --> 00:17:02,000

But now Linda Moltenhau had two named witnesses to the dark pyramid.

174

00:17:03,000 --> 00:17:05,000

But who built it and what for?

175

00:17:06,000 --> 00:17:10,000

It seemed that even the military didn't have the answers.

176

00:17:11,000 --> 00:17:18,000

Then in 2017, Linda received an email that contained some extraordinary revelations.

177

00:17:19,000 --> 00:17:25,000

I got an email from a woman who has requested to remain anonymous.

178

00:17:26,000 --> 00:17:29,000

But she was having remote viewing experiences.

179

00:17:30,000 --> 00:17:39,000

And she said to me that she felt she was going out of body at night and that she was going into Alaska.

180

00:17:40,000 --> 00:17:47,000

That she saw structures that might have something to do with my dark pyramid investigation.

181

00:17:48,000 --> 00:17:54,000

Exactly what the woman saw was way beyond anything Linda could possibly have imagined.

182

00:17:55,000 --> 00:18:09,000

Human beings can have something happen in their life in which some part can go into remote viewing and what begins to come out as a picture.

183

00:18:10,000 --> 00:18:19,000

With remote viewing, the mind travels to a specific geographic location and with intensive focus, a

mental picture is drawn.

184

00:18:20,000 --> 00:18:27,000

It sounds far-fetched but it's a technique that has been taken extremely seriously at some very high levels.

185

00:18:28,000 --> 00:18:40,000

In fact, in the 1980s, the CIA employed remote viewers as psychic spies to travel in their minds to set points in the Soviet Union and report back on what they saw.

186

00:18:41,000 --> 00:18:45,000

This top secret initiative even had a name.

187

00:18:46,000 --> 00:18:48,000

Project Stargate.

188

00:18:49,000 --> 00:18:56,000

New Newman is a writer and researcher from England who's been looking into the remote viewing claims made by Linda's psychic witness.

189

00:18:57,000 --> 00:19:11,000

So the experience that this woman had when she had an out-of-body experience and went down into the ground and witnessed this pyramid is something that the CIA have been using for decades and it does work.

190

00:19:12,000 --> 00:19:22,000

In fact, the experience of Linda's new witness was so vivid that she was able to draw sketches and make computer diagrams of her experience.

191

00:19:24,000 --> 00:19:40,000

So the first one is quite interesting and it shows a small building and then she was led into that and if we look at the next image, there was a long staircase going down, down, down with a whole group of people.

192

00:19:41,000 --> 00:19:51,000

Then she arrived at Elevator and this went down much further into the ground, possibly down to 150 feet or so below the surface.

193

00:19:53,000 --> 00:19:59,000

And then she was led into this room. It almost looks like some kind of lab or military facility.

194

00:20:00,000 --> 00:20:10,000

She kind of zoomed in to looking through the window and you'd see this black sloping wall, which is one side of the pyramid itself.

195

00:20:11,000 --> 00:20:18,000

And she knew it was a pyramid structure. She knew it was made out of black stone.

196

00:20:19,000 --> 00:20:30,000

An underground black stone pyramid, just as Doug Muchler and Bruce Pearson had stated, and just as had been reported to Linda by the anonymous caller.

197

00:20:31,000 --> 00:20:42,000

And around the solid pyramid, a complex network of tunnels and underground chambers. But the biggest surprise was still to come.

198

00:20:43,000 --> 00:20:59,000

Perhaps the most dramatic testimony that came out of her out of body experience, her visit to the pyramid psychically, was the fact that the guide, the leader who was taking them down to look at the pyramid, was not human.

199

00:21:00,000 --> 00:21:12,000

She had a clear understanding that it wasn't human. It was a humanoid in charge, but it was not homo sapiens sapiens.

200

00:21:13,000 --> 00:21:26,000

Now, for the first time, things begin to fall into place. There's an alien connection. The dark pyramid is super advanced alien technology and they have humans working on it with them.

201

00:21:27,000 --> 00:21:36,000

And a final image is really interesting and it shows what looks like energy coming out from the central area of the black pyramid itself.

202

00:21:39,000 --> 00:21:49,000

This gives a clue as to the purpose of the pyramid. The woman said that it was a source of power. It emits energy and for a very specific reason.

203

00:21:50,000 --> 00:22:00,000

Why it was here was to energize UFO disks that would fly over the vertex and they would get charged.

204

00:22:05,000 --> 00:22:09,000

Its function has been energy restoring for UFO craft.

205

00:22:10,000 --> 00:22:26,000

The whole system is actually an energy generator. It absorbs energy from the Earth and from the cosmos and recharges it and pumps it out to power the crafts of the other worldly beings who are coming in and out of our atmosphere.

206

00:22:29,000 --> 00:22:37,000

The pyramid is an underground alien power generator. This is simply astonishing.

207

00:22:39,000 --> 00:22:49,000

If this spot in the middle of the Alaska Triangle is where alien craft come to be recharged, then this could explain the large number of UFOs seen in the state.

208

00:22:50,000 --> 00:22:53,000

Over 6,500 sightings have been reported.

209

00:22:56,000 --> 00:23:05,000

One of the most famous encounters was in 1986 when the crew of a Japanese airline flight watched in horror as two UFOs taunted their plane.

210

00:23:06,000 --> 00:23:13,000

And in 2003, in a deserted section of the triangle, an entire squadron of UFOs appeared.

211

00:23:14,000 --> 00:23:25,000

Linda's psychic witness could have been drawn to an alien stop-off point, perhaps the only one on Earth, perhaps even the only one in our part of the cosmos.

212

00:23:26,000 --> 00:23:32,000

The psychic traveler may even have inadvertently stumbled across the answer to an age-old mystery.

213

00:23:33,000 --> 00:23:37,000

What was the purpose of the ancient pyramids?

214

00:23:40,000 --> 00:23:49,000

Even though nothing about her story and her dealing with humanoid ETs can be proved, she can't prove it.

215

00:23:50,000 --> 00:23:53,000

I think it is worth considering.

216

00:23:53,000 --> 00:24:04,000

Writer and researcher Johnny Enoch heard about Linda's investigation.

217

00:24:05,000 --> 00:24:13,000

As well as being a clinical hypnotherapist, Johnny is an expert on ancient consciousness and ancient technologies.

218

00:24:14,000 --> 00:24:18,000

He immediately saw how the dark pyramid could relate to his research.

219

00:24:18,000 --> 00:24:27,000

When I first learned about the dark pyramid, I got very excited because I saw connections to other sites I had been investigating.

220

00:24:30,000 --> 00:24:36,000

I've been researching pyramids around the world, and we find pyramids on both sides of the Atlantic.

221

00:24:37,000 --> 00:24:43,000

We find them in Egypt, we find them in China, we find them in Indonesia, they're all over the world.

222

00:24:44,000 --> 00:24:53,000

It's Johnny's view that all these pyramids were built to serve a purpose, and that is to tap into the natural energy of the Earth.

223

00:24:55,000 --> 00:25:00,000

There is an energy grid on our planet. Now these have been traditionally called laylines.

224

00:25:01,000 --> 00:25:11,000

The Earth is equipped with these naturally. The ancients knew how to tap into that using pyramids

and obelisks, which were nothing more than magnifiers of that energy.

225

00:25:14,000 --> 00:25:22,000

This theory has pyramids as ancient power stations, and an underground pyramid would be no exception.

226

00:25:24,000 --> 00:25:33,000

I believe the dark pyramid is an advanced form of ancient technology that was used by a civilization that was here a very long time ago.

227

00:25:34,000 --> 00:25:42,000

Hugh Newman agrees that the woman who had the out-of-body experience could have been witnessing something from another era.

228

00:25:43,000 --> 00:25:52,000

So these out-of-body experiences that people have can traverse time and space so they could project back into the past, the present, or even the future.

229

00:25:53,000 --> 00:25:55,000

So this pyramid could go back thousands of years.

230

00:25:58,000 --> 00:26:06,000

What's so mind-blowing is that this suggests a connection between the ancients and the aliens in Alaska.

231

00:26:07,000 --> 00:26:21,000

Ancient pyramid technology could have been brought to Alaska from beings from another world, from another planet, and that could explain what we're seeing with the dark pyramid.

232

00:26:23,000 --> 00:26:31,000

Linda Moltenhau agrees. In her view, the alien presence on Earth goes back a long way before mankind's.

233

00:26:31,000 --> 00:26:43,000

Alien intelligences have been working on our planet for millions of years, and here is their power machine for everything they're doing.

234

00:26:44,000 --> 00:26:48,000

If this is for real, it could be one of the biggest stories that's ever broken.

235

00:26:49,000 --> 00:27:05,000

If the Alaska Triangle's dark pyramid is some kind of ancient or alien power station, it begs many questions. Who built it? How did they build it? How did it work?

236

00:27:08,000 --> 00:27:15,000

Perhaps it was these questions the military were investigating when Bruce Pearson's father made his unexpected visit.

237

00:27:16,000 --> 00:27:24,000

Having made another appeal for help on her website, investigative journalist Linda Moltenhau had a breakthrough.

238

00:27:25,000 --> 00:27:31,000

A retired Navy captain got in touch with me and sent me maps and photos, a whole bunch of them.

239

00:27:32,000 --> 00:27:37,000

At first, the reason was unclear, but one small patch of ground was highlighted.

240

00:27:38,000 --> 00:27:51,000

There is a rectangular patch. It's much different than the surrounding in its geometric. That's what I've been looking for, anything that would be geometric, because nature doesn't work in 90-degree angles.

241

00:27:53,000 --> 00:27:55,000

Could this be the site of the dark pyramid?

242

00:27:58,000 --> 00:28:06,000

Armed with this new information, Bruce Pearson, son of a key eye witness, is going to try to find the pyramid.

243

00:28:08,000 --> 00:28:12,000

And he's enlisted the help of experienced bush pilot Eric Roevee.

244

00:28:13,000 --> 00:28:23,000

So the coordinates you gave me are right out here. Here we are in Healy, a little more than 100 miles away. This is Denali National Park. It's about the same size as Vermont, New Hampshire.

245

00:28:24,000 --> 00:28:30,000

So we're going to cut across the outer range and basically head straight out to see what we can find. Let's do it.

246

00:28:31,000 --> 00:28:40,000

We're going to rig a plane up with a number of cameras so that we can document anything that we may not see with our eyes during the actual event.

247

00:28:41,000 --> 00:28:47,000

I think it's important to note that where we're going is probably one of the most remote places in North America.

248

00:29:01,000 --> 00:29:15,000

I think one of the things we're seeing here, which goes without saying, but until you're out here and see the vastness of this, it's not hard to hide something. It's hard to find something.

249

00:29:18,000 --> 00:29:23,000

It's a two-hour flight across this huge wilderness to the area in question.

250

00:29:30,000 --> 00:29:38,000

Any man-made scars on the land here could be signs of the secret military base that Bruce's father witnessed.

251

00:29:43,000 --> 00:29:47,000

But out here, there seems to be no sign of mankind at all.

252

00:29:51,000 --> 00:29:54,000

Then Eric spots something.

253

00:29:55,000 --> 00:30:01,000

Looks like kind of a clearing over here to the right that might be, you know, let's go over to the top of that and see what it is.

254

00:30:02,000 --> 00:30:03,000

Kind of interesting.

255

00:30:07,000 --> 00:30:11,000

Looking out squirted off that looks, it's very straight lines on that quarter.

256

00:30:12,000 --> 00:30:13,000

It is.

257

00:30:13,000 --> 00:30:14,000

That's pretty interesting.

258

00:30:14,000 --> 00:30:15,000

That's pretty amazing.

259

00:30:16,000 --> 00:30:19,000

That is, it's unusual to say the least.

260

00:30:20,000 --> 00:30:23,000

It looks like an old man-made clearing.

261

00:30:24,000 --> 00:30:28,000

Could this be evidence of what was once secret underground activity?

262

00:30:30,000 --> 00:30:31,000

Go back over that spot again.

263

00:30:31,000 --> 00:30:32,000

Yeah.

264

00:30:32,000 --> 00:30:33,000

That's not natural.

265

00:30:33,000 --> 00:30:35,000

That is not natural.

266

00:30:40,000 --> 00:30:44,000

And then, what looks like the mark of an old road?

267

00:30:45,000 --> 00:30:47,000

You can see the trail there.

268

00:30:48,000 --> 00:30:53,000

There's nothing on the map in this area and there never has been.

269

00:30:54,000 --> 00:30:57,000

The nearest road is nearly 100 miles away.

270

00:30:59,000 --> 00:31:02,000

But next, something even more astonishing.

271

00:31:04,000 --> 00:31:06,000

An overgrown airstrip.

272

00:31:07,000 --> 00:31:14,000

This old airstrip is unknown even to Eric, who's been flying all over the Alaskan bush for 20 years.

273

00:31:15,000 --> 00:31:19,000

Not really evidence of given occupation or activity.

274

00:31:23,000 --> 00:31:24,000

I'm fascinated, man.

275

00:31:24,000 --> 00:31:27,000

I mean, I never thought we were going to find something like that.

276

00:31:29,000 --> 00:31:31,000

This evidence is new.

277

00:31:32,000 --> 00:31:36,000

It's clear that something, at some time, was going on here.

278

00:31:37,000 --> 00:31:43,000

Right in the area given to Linda Moltenhau is the location of the dark pyramid.

279

00:31:45,000 --> 00:31:51,000

I was shocked and pretty psyched to find these types of pieces of evidence that are real evidence.

280

00:31:51,000 --> 00:31:54,000

This is not speculation or we think it looks like it.

281

00:31:56,000 --> 00:32:03,000

In fact, these are just the kind of markings that the secret base described by Bruce's father would leave behind.

282

00:32:04,000 --> 00:32:07,000

There's some answers that need to be found for this stuff.

283

00:32:07,000 --> 00:32:09,000

There's definitely something out there.

284

00:32:11,000 --> 00:32:19,000

The story of the dark pyramid is both shocking and profound and for Linda Moltenhau, the most intriguing of her career.

285

00:32:20,000 --> 00:32:31,000

I wanted to be able to report the truth to my fellow human beings as honest truth as I possibly ever could.

286

00:32:33,000 --> 00:32:35,000

And that's been my guide.

287

00:32:38,000 --> 00:32:47,000

Multiple witnesses, government secrecy, remote viewing revelations and signs of secret activity in the most remote corner of Alaska.

288

00:32:48,000 --> 00:32:52,000

The evidence for the dark pyramid's existence is captivating.

289

00:32:54,000 --> 00:33:01,000

But for now, the truth remains hidden deep in the Alaska Triangle and shrouded in mystery.

290

00:33:04,000 --> 00:33:11,000

In the vast wilderness of Alaska, nature is a force to be reckoned with.

291

00:33:12,000 --> 00:33:15,000

Temperatures are extreme, the weather unpredictable.

292

00:33:18,000 --> 00:33:21,000

And the behavior of the animals is equally volatile.

293

00:33:21,000 --> 00:33:25,000

Fish fall from the sky and dead birds litter the beaches.

294

00:33:26,000 --> 00:33:31,000

Is the abundant wildlife itself being affected by the forces of the triangle?

295

00:33:31,000 --> 00:33:33,000

Something's going on.

296

00:33:33,000 --> 00:33:47,000

The Alaska Triangle behaves in strange ways and there's many, many occurrence of animals just behaving in the strangest capacity and without any logical explanation.

297

00:33:48,000 --> 00:33:50,000

It's truly bizarre.

298

00:34:01,000 --> 00:34:05,000

The wildlife of Alaska is diverse and often extraordinary.

299

00:34:06,000 --> 00:34:14,000

Here, the brown bears and moose are the biggest in the world and the behavior of these animals is determined by what's around them.

300

00:34:15,000 --> 00:34:28,000

If there is some kind of force or energy at work in this Alaska Triangle, which it seems there is, it just makes sense that this phenomenon would affect the animals.

301

00:34:32,000 --> 00:34:43,000

In June 2015, in Fairbanks, right in the middle of the triangle, these strange looking eel-like fish called lampreys fell on the streets of the city.

302

00:34:44,000 --> 00:34:46,000

These creatures are vampire fish.

303

00:34:47,000 --> 00:34:52,000

They attach themselves to the body of other fish and suck their blood.

304

00:34:52,000 --> 00:35:00,000

Now, they're rarely seen and hardly ever caught and here they are falling from the sky.

305

00:35:01,000 --> 00:35:06,000

How can that be? People must have been not only mystified, but terrified.

306

00:35:07,000 --> 00:35:15,000

A few months after this bizarre event, thousands of dead sea birds washed up in Whittier on Alaska's southern coast.

307

00:35:16,000 --> 00:35:20,000

We started noticing murre. Sea birds die off.

308

00:35:22,000 --> 00:35:28,000

They did a count out here and there were at least hundreds of thousands dead throughout this area.

309

00:35:29,000 --> 00:35:34,000

They were floating in the harbor. They were floating everywhere here in town.

310

00:35:35,000 --> 00:35:41,000

It was so devastating because there was absolutely nothing you could do to help them.

311

00:35:42,000 --> 00:35:47,000

Around the same time, there was an even more mysterious tragedy.

312

00:35:48,000 --> 00:35:57,000

At a fog-neck just above Kodiak Island, at least ten whales all died at the same time and nobody knows why.

313

00:35:58,000 --> 00:36:03,000

John Moran is a marine biologist from Juneau who's a specialist in whale behavior.

314

00:36:04,000 --> 00:36:12,000

We did notice in the winter of 2014-2015, herring and krill started to disappear from our surveys.

315

00:36:13,000 --> 00:36:15,000

We thought that was a little bit weird. The whales' behavior was weird.

316

00:36:16,000 --> 00:36:20,000

The spring of 2015, that's when we started seeing the dead animals washing up.

317

00:36:21,000 --> 00:36:25,000

It was kind of a mystery. We couldn't really figure out what was going on.

318

00:36:26,000 --> 00:36:30,000

So there are these bizarre examples of animal deaths in Alaska.

319

00:36:30,000 --> 00:36:34,000

I've seen it myself. We just can't explain it.

320

00:36:35,000 --> 00:36:39,000

It's as if some elemental force has taken them over.

321

00:36:40,000 --> 00:36:43,000

In 2019, it was the turn of the seals.

322

00:36:44,000 --> 00:36:50,000

Sixty washed up dead. Bizarrely, some were found to have lost all their hair.

323

00:36:52,000 --> 00:36:55,000

What's going on? I mean, it's really weird.

324

00:36:55,000 --> 00:37:00,000

There are many examples of animals behaving in strange ways in Alaska.

325

00:37:01,000 --> 00:37:08,000

I mean, look at this. This photo I've been sent of 35,000 wharfuses gathered on a beach in western Alaska.

326

00:37:09,000 --> 00:37:16,000

35,000? That's unheard of. That's seven times more than it ever been seen before.

327

00:37:17,000 --> 00:37:21,000

All in one place. I mean, what strange forces are luring them onto this beach?

328

00:37:22,000 --> 00:37:23,000

We just don't know.

329

00:37:24,000 --> 00:37:31,000

For John, any unusual event in nature is a sign that something's wrong and we need to pay attention.

330

00:37:32,000 --> 00:37:38,000

Something happened. The exact cause, we don't know. This is a warning for something coming.

331

00:37:41,000 --> 00:37:48,000

You have to wonder what's behind this. It's totally strange. Something really odd is going on here.

332

00:37:48,000 --> 00:37:59,000

The wildlife of Alaska can be unpredictable and erratic. Something out of the ordinary is affecting animal behavior.

333

00:38:01,000 --> 00:38:08,000

Andrew Goff has a theory about the unique Alaska Triangle and it's all to do with electromagnetism.

334

00:38:08,000 --> 00:38:18,000

We know that there are strange, unexplained electromagnetic forces at play in the Alaska Triangle.

335

00:38:19,000 --> 00:38:36,000

Now, science says that these forces impact both human and wildlife and thus can we conclude or at

least speculate that this truly bizarre animal behavior that we're seeing in Alaska might be due to these same electromagnetic forces.

336

00:38:39,000 --> 00:38:46,000

Because of its proximity to the North Pole, the electromagnetic field in Alaska is hugely powerful.

337

00:38:48,000 --> 00:38:53,000

It's the solar wind coming up against this that causes the aurora borealis.

338

00:38:54,000 --> 00:39:00,000

Could this electromagnetism be the cause of strange animal behavior in the Alaska Triangle?

339

00:39:01,000 --> 00:39:07,000

So in humans, we already know that electromagnetic energy affects the central nervous system.

340

00:39:08,000 --> 00:39:18,000

There have been studies where people have been subjected to high doses of electromagnetic radiation in an MRI and it affects them in a negative way.

341

00:39:19,000 --> 00:39:22,000

It can cause hallucinations, confusion, anxiety.

342

00:39:23,000 --> 00:39:30,000

And in Alaska, this electromagnetism is so strong it can have visible effects.

343

00:39:31,000 --> 00:39:37,000

Mike Ricksecker is a paranormal investigator who's conducted experiments using his own body.

344

00:39:39,000 --> 00:39:45,000

Alaska in general is a very volatile area with all the earthquakes, the volcanoes.

345

00:39:46,000 --> 00:39:50,000

You have the proximity to the North Pole, magnetic north.

346

00:39:51,000 --> 00:39:56,000

All this swelling of the electromagnetic activity, it is affecting your body.

347

00:39:57,000 --> 00:40:07,000

Here in the Alaska Triangle, the strong electromagnetic forces flow through Mike's body to the dowsing rods, causing them to move at particular hotspots.

348

00:40:08,000 --> 00:40:11,000

And if it affects the body, it affects the mind.

349

00:40:12,000 --> 00:40:19,000

That release of energy can affect people's mood swings and could drastically affect a person.

350

00:40:20,000 --> 00:40:23,000

This location seems to have a lot of potency.

351

00:40:24,000 --> 00:40:27,000

And if it affects humans, why not animals?

352

00:40:29,000 --> 00:40:37,000

It makes sense if animals are subjected to this kind of energy that they too could have some kind of change in their personality or behavior.

353

00:40:38,000 --> 00:40:49,000

So now the question is, if there are these strange forces affecting animals, could this in turn be dangerous to humans when we run into these animals?

354

00:40:50,000 --> 00:40:53,000

For Andrew Goff, the answer is clearly yes.

355

00:40:54,000 --> 00:41:00,000

When animals behave weirdly, it can be a little dangerous or very dangerous.

356

00:41:00,000 --> 00:41:08,000

And most certainly is contributing to the large number of people who go missing in the Alaska Triangle.

357

00:41:09,000 --> 00:41:19,000

So if these forces are having an impact on the minds of animals, then really there's nothing we can do about it, but just be prepared for it.

358

00:41:22,000 --> 00:41:27,000

Whatever strange forces are at work, the animals themselves are bearing the brunt.

359

00:41:28,000 --> 00:41:33,000

It's as if the mysteries of the Alaska Triangle go beyond nature.

360

00:41:35,000 --> 00:41:40,000

Perhaps that's why it's such a special, if hazardous place.
