

1

00:00:00,000 --> 00:00:08,540

Certain places around the globe have baffled scientists

2

00:00:08,540 --> 00:00:11,600

and scholars for decades.

3

00:00:11,600 --> 00:00:15,800

Locations with names like the Zone of Silence, the Gate

4

00:00:15,800 --> 00:00:19,880

of the Gods, and the Bermuda Triangle.

5

00:00:19,880 --> 00:00:21,920

Visitors to these mysterious globes

6

00:00:21,920 --> 00:00:24,000

believe we have been visited in the past

7

00:00:24,000 --> 00:00:26,600

by extraterrestrial beings.

8

00:00:26,600 --> 00:00:29,340

What if it were true?

9

00:00:29,340 --> 00:00:33,300

Did ancient aliens really help to shape our world?

10

00:00:33,300 --> 00:00:39,220

And if so, did they concentrate around specific locations?

11

00:00:39,220 --> 00:00:43,420

Could a better understanding of ancient alien visitation

12

00:00:43,420 --> 00:00:46,860

unlock the secrets behind some of the world's most

13

00:00:46,860 --> 00:00:48,020

mysterious places?

14

00:00:59,340 --> 00:01:26,180

Perhaps the most famous or infamous of all the world's

15

00:01:26,180 --> 00:01:29,940

mysterious places is the Bermuda Triangle.

16

00:01:29,940 --> 00:01:34,380

For decades, this stretch of ocean covering over 500,000

17

00:01:34,380 --> 00:01:38,660

square miles, located between Miami, Puerto Rico,

18

00:01:38,660 --> 00:01:43,380

and Bermuda, has baffled scientists, experienced sailors,

19

00:01:43,380 --> 00:01:46,820

and even military investigators.

20

00:01:46,820 --> 00:01:51,300

Plains disappearing, various kinds of strange lights

21

00:01:51,300 --> 00:01:54,260

being seen, a whole bunch of weirdness

22

00:01:54,260 --> 00:01:56,820

all conglomerating into this very tight corner

23

00:01:56,820 --> 00:01:58,700

of the Atlantic.

24

00:01:58,700 --> 00:02:01,620

Ships had shown up absolutely empty.

25

00:02:01,620 --> 00:02:06,180

No sign of any struggle, and yet the crew has just vanished.

26

00:02:06,180 --> 00:02:07,900

This is something that's very real.

27

00:02:07,900 --> 00:02:09,580

They exist in records.

28

00:02:09,580 --> 00:02:13,660

And now that they're all gone in fair weather,

29

00:02:13,660 --> 00:02:15,900

that is not supernatural phenomenon to me.

30

00:02:15,900 --> 00:02:20,100

That is something unexplained.

31

00:02:20,140 --> 00:02:24,860

What caused ships and planes to disappear without a trace?

32

00:02:24,860 --> 00:02:27,780

Why has aeronautical and navigational equipment

33

00:02:27,780 --> 00:02:33,020

stopped working or changed course by itself?

34

00:02:33,020 --> 00:02:36,180

Historical shipping records show that the mysteries

35

00:02:36,180 --> 00:02:39,780

of the Bermuda Triangle are much older than many people

36

00:02:39,780 --> 00:02:41,580

realize.

37

00:02:41,580 --> 00:02:45,460

Ever since the earliest days of oceanic exploration,

38

00:02:45,460 --> 00:02:48,100

sailors have witnessed strange sites.

39

00:02:48,100 --> 00:02:50,460

Really, the awareness of the Bermuda Triangle

40

00:02:50,460 --> 00:02:52,540

started with Christopher Columbus being

41

00:02:52,540 --> 00:02:56,220

such an esoteric navigator and a well-respected sailor.

42

00:02:56,220 --> 00:03:00,260

His law traversing to the New World is very accurate.

43

00:03:00,260 --> 00:03:03,420

And it turns out just as Columbus got into the area known

44

00:03:03,420 --> 00:03:06,300

as the Bermuda Triangle, he recorded having compass

45

00:03:06,300 --> 00:03:07,740

malfunctions.

46

00:03:07,740 --> 00:03:12,420

The following night, he saw a large fireball hit the ocean.

47

00:03:12,420 --> 00:03:13,660

He saw strange lights.

48

00:03:13,660 --> 00:03:16,420

He saw strange weather phenomena happening there.

49

00:03:16,420 --> 00:03:19,420

So it's definitely a case that the story of the Bermuda Triangle

50

00:03:19,420 --> 00:03:22,100

is not just some modern or some urban myth

51

00:03:22,100 --> 00:03:24,500

at the threshold of the 21st century.

52

00:03:24,500 --> 00:03:27,540

It is as old as there are accounts of people

53

00:03:27,540 --> 00:03:30,460

going into that area.

54

00:03:30,460 --> 00:03:37,060

About 450 years after Columbus, on December 5, 1945,

55

00:03:37,060 --> 00:03:40,140

the US military experienced the Bermuda Triangle's

56

00:03:40,140 --> 00:03:42,500

most perplexing mystery.

57

00:03:42,500 --> 00:03:46,340

At 2 o'clock in the afternoon, five US Navy torpedo

58

00:03:46,380 --> 00:03:50,460

bombers flew from a naval base in Fort Lauderdale, Florida

59

00:03:50,460 --> 00:03:53,820

on a routine training exercise.

60

00:03:53,820 --> 00:03:56,620

But not long into the two-hour mission,

61

00:03:56,620 --> 00:03:59,180

all five planes were suddenly gone.

62

00:04:01,940 --> 00:04:06,740

The mystery was compounded when the Navy sent out a rescue plane,

63

00:04:06,740 --> 00:04:10,740

and it too disappeared.

64

00:04:10,740 --> 00:04:15,900

Six planes, all flown by skilled pilots,

65

00:04:15,940 --> 00:04:18,980

were vanished into oblivion.

66

00:04:18,980 --> 00:04:21,460

That struck everybody as very odd.

67

00:04:21,460 --> 00:04:22,700

This was now the modern era.

68

00:04:22,700 --> 00:04:24,420

We have radar.

69

00:04:24,420 --> 00:04:26,140

We have radio.

70

00:04:26,140 --> 00:04:29,860

Still, five aircraft vanished.

71

00:04:29,860 --> 00:04:32,940

Now, the question is, where have all of them gone?

72

00:04:32,940 --> 00:04:37,100

It really is as if they have been snapped out of our reality

73

00:04:37,100 --> 00:04:38,380

into something else.

74

00:04:38,380 --> 00:04:40,460

And of course, what that something else is,

75

00:04:40,460 --> 00:04:43,580

that's the mystery of the Bermuda Triangle.

76

00:04:43,580 --> 00:04:47,980

Over the years, few have lived to tell of any strange anomalies

77

00:04:47,980 --> 00:04:50,380

that have occurred to them in the Bermuda Triangle.

78

00:04:53,940 --> 00:04:58,580

But American pilot Bruce Gernon is an exception.

79

00:04:58,580 --> 00:05:03,820

In 1970, Gernon, his father, and a business associate

80

00:05:03,820 --> 00:05:07,180

were flying from the Bahamas to Florida.

81

00:05:07,180 --> 00:05:10,620

When Gernon reported seeing a strange cloud directly

82

00:05:10,620 --> 00:05:12,940

out in front of their plane.

83

00:05:12,940 --> 00:05:16,780

Then, as he approached, Gernon claims the cloud formed

84

00:05:16,780 --> 00:05:20,180

a donut-shaped hole, or vortex.

85

00:05:20,180 --> 00:05:22,820

The tunnel was huge at first, but then it

86

00:05:22,820 --> 00:05:25,980

started getting smaller rapidly.

87

00:05:25,980 --> 00:05:29,100

And when I penetrated into the tunnel,

88

00:05:29,100 --> 00:05:31,580

an incredible thing happened.

89

00:05:31,580 --> 00:05:33,860

These lines instantly formed.

90

00:05:33,860 --> 00:05:36,060

It was like looking down a rifle barrel,

91

00:05:36,060 --> 00:05:39,580

because the lines were swirling slowly counterclockwise.

92

00:05:39,580 --> 00:05:41,740

I encountered some intense electricity.

93

00:05:41,740 --> 00:05:45,100

They were like flashes going on and off.

94

00:05:45,100 --> 00:05:49,380

And all I could see was this strange, grayish, yellowish fog.

95

00:05:49,380 --> 00:05:52,340

I call it electronic fog.

96

00:05:52,340 --> 00:05:56,100

I noticed that my instruments were malfunctioning.

97

00:05:56,100 --> 00:06:01,660

And at the same time, I'm feeling this unbelievable sensation.

98

00:06:01,660 --> 00:06:04,740

Gernon says when he finally exited the tunnel,

99

00:06:04,740 --> 00:06:07,300

he radioed Miami air traffic control.

100

00:06:07,300 --> 00:06:09,900

But they couldn't find his plane on their radar screen.

101

00:06:12,740 --> 00:06:15,300

And then, about three minutes later,

102

00:06:15,300 --> 00:06:18,300

the radar controller came back on the radio,

103

00:06:18,300 --> 00:06:19,820

and he's all excited.

104

00:06:19,820 --> 00:06:22,260

He had identified me over Miami, and I couldn't believe it,

105

00:06:22,260 --> 00:06:24,780

because I don't even fly in for 33 minutes.

106

00:06:24,780 --> 00:06:28,340

It should have been more like an hour and three minutes.

107

00:06:30,740 --> 00:06:37,340

Could such a discrepancy in time and location really happen?

108

00:06:37,340 --> 00:06:41,300

And could extraterrestrials be using this kind of gateway

109

00:06:41,300 --> 00:06:44,100

to travel to Earth?

110

00:06:44,100 --> 00:06:47,980

According to Albert Einstein's general theory of relativity,

111

00:06:47,980 --> 00:06:51,740

it is possible.

112

00:06:51,740 --> 00:06:54,540

Through Einstein's principles of being able to bend space

113

00:06:54,540 --> 00:06:56,460

using a gravitational pull,

114

00:06:56,460 --> 00:06:58,980

it's very possible that extraterrestrial craft

115

00:06:58,980 --> 00:07:01,460

could somehow get a higher charge of energy

116

00:07:01,460 --> 00:07:03,780

from these locations, like the Bermuda Triangle,

117

00:07:03,780 --> 00:07:06,300

which allow them to do a burst of energy,

118

00:07:06,300 --> 00:07:07,780

if you will, at warp speed,

119

00:07:07,780 --> 00:07:10,460

and harness some type of extra particles or energies

120

00:07:10,460 --> 00:07:13,460

from these locations to get them where they're trying to go.

121

00:07:16,460 --> 00:07:20,460

What happens is that anytime you have energy generated at all,

122

00:07:20,460 --> 00:07:23,460

especially from a higher plane, a higher dimension,

123

00:07:23,460 --> 00:07:25,460

it's going to come out by spin.

124

00:07:25,460 --> 00:07:27,460

It's going to be rotation and spin

125

00:07:27,460 --> 00:07:29,460

that allows that energy to get through.

126

00:07:29,460 --> 00:07:31,460

So, by definition, such energy emissions

127

00:07:31,460 --> 00:07:34,460

are going to be vortexes.

128

00:07:34,460 --> 00:07:37,460

So, a vortex and a gateway are the same thing.

129

00:07:41,460 --> 00:07:45,460

Since wormholes are theoretically located throughout the universe,

130

00:07:45,460 --> 00:07:50,460

could these same types of gateways exist in smaller areas on Earth?

131

00:07:52,460 --> 00:07:57,460

If so, are strange electromagnetic levels the key to discovering them?

132

00:08:00,460 --> 00:08:03,460

Completely unconnected people report the same thing,

133

00:08:03,460 --> 00:08:07,460

and it always has something to do with electromagnetic phenomenon,

134

00:08:07,460 --> 00:08:11,460

usually involving an unexplained vapor or cloud.

135

00:08:11,460 --> 00:08:18,460

This phenomenon indicated UFOs materializing or dematerializing in our dimension.

136

00:08:20,460 --> 00:08:22,460

It's quite possible that the Bermuda Triangle

137

00:08:22,460 --> 00:08:27,460

is exactly one such interdimensional doorway that's used by these aliens.

138

00:08:29,460 --> 00:08:35,460

With reports of UFOs appearing and ships and planes disappearing,

139

00:08:35,460 --> 00:08:40,460

some claim the Bermuda Triangle is a portal that works in both directions.

140

00:08:40,460 --> 00:08:44,460

So if, as ancient astronaut theorists claim,

141

00:08:44,460 --> 00:08:48,460

otherworldly visitors have been using them to come here since ancient times,

142

00:08:48,460 --> 00:08:53,460

might we someday use this shortcut to visit them?

143

00:08:53,460 --> 00:08:59,460

And if there really is a portal in the open waters of the Bermuda Triangle,

144

00:08:59,460 --> 00:09:02,460

might there be others on land?

145

00:09:06,460 --> 00:09:14,460

400 miles south of El Paso, Texas, in northern Mexico,

146

00:09:14,460 --> 00:09:18,460

stretches a remote and rugged section of high desert.

147

00:09:19,460 --> 00:09:23,460

This area, near the town of Ceballos,

148

00:09:23,460 --> 00:09:29,460

is referred to by the locals as the zona del Silencio, or the zone of silence.

149

00:09:30,460 --> 00:09:37,460

It's an epicenter for some of the strangest phenomena ever experienced on Earth.

150

00:09:39,460 --> 00:09:43,460

Nothing works there. If you go there with your cell phone, the cell phone stops.

151

00:09:43,460 --> 00:09:48,460

If you go with a radio, it stops. If you go there with a compass, the needle just keeps spinning.

152

00:09:48,460 --> 00:09:52,460

It's completely bizarre. There's strange rocks everywhere.

153

00:09:52,460 --> 00:09:58,460

You have strange mutated animals living in the desert in this area.

154

00:09:58,460 --> 00:10:03,460

You feel a strange tingling when you're there.

155

00:10:11,460 --> 00:10:17,460

The zone of silence was first identified in the 1930s by Francisco Sarabia,

156

00:10:17,460 --> 00:10:25,460

a Mexican pilot who claimed that his radio had mysteriously failed to function while flying over the area.

157

00:10:26,460 --> 00:10:34,460

They call it Mexico's Bermuda Triangle. It's located practically on the same peril, 28th and 26th peril.

158

00:10:34,460 --> 00:10:38,460

And as a result of that, it goes and connects with the Egyptian pyramids.

159

00:10:38,460 --> 00:10:44,460

So all around that whole sector, there seems to be some connection between the anomalies

160

00:10:44,460 --> 00:10:47,460

that are occurring through these different parts of the world.

161

00:10:47,460 --> 00:10:50,460

As a scientist, you're trained to be skeptical, or maybe you were born that way,

162

00:10:50,460 --> 00:10:52,460

but we really don't believe anything.

163

00:10:52,460 --> 00:10:55,460

You know, nothing is proven until you actually have evidence.

164

00:10:55,460 --> 00:11:01,460

But I can say that Earth's magnetic field does vary across the surface by up to a few percent.

165

00:11:03,460 --> 00:11:10,460

One of the strangest cases involving the zone of silence took place on July 11, 1978,

166

00:11:10,460 --> 00:11:20,460

when the U.S. Air Force launched an Athena missile from its military facility in Green River, Utah.

167

00:11:21,460 --> 00:11:28,460

The missile was programmed to land 700 miles away at the White Sands missile range in New Mexico.

168

00:11:28,460 --> 00:11:35,460

But for some unexplained reason, the Athena missile flew hundreds of miles past the White Sands range,

169

00:11:35,460 --> 00:11:38,460

towards the zone of silence.

170

00:11:39,460 --> 00:11:48,460

Not only did it go off course, it way overshoot, as if it had been picked up or yanked or dragged or pulled into it.

171

00:11:48,460 --> 00:11:51,460

There was a NASA spokesman who even said it was weird.

172

00:11:51,460 --> 00:11:57,460

It was like the thing just got pulled into this area, and it ended up crashing there and breaking up into bits.

173

00:11:58,460 --> 00:12:05,460

But some claim this missile is not the only thing that's been mysteriously pulled into the zone of silence.

174

00:12:05,460 --> 00:12:12,460

Ancient alien theorists believe an unusually large number of meteorites have crashed here.

175

00:12:13,460 --> 00:12:21,460

The evidence seems to be indicating that the zone of silence is some powerful energy vortex area

176

00:12:21,460 --> 00:12:30,460

that's literally sucking meteorites and other space debris right into this small area of northern Mexico.

177

00:12:30,460 --> 00:12:34,460

There's a high level of magnetism in the area that's been proven by science.

178

00:12:34,460 --> 00:12:38,460

We know there's a magnetic signature to the entire area.

179

00:12:38,460 --> 00:12:42,460

Is it strong enough to attract large objects like meteorites?

180

00:12:42,460 --> 00:12:47,460

I think we need more research, but I don't think that research is being done right now.

181

00:12:49,460 --> 00:12:55,460

Starting 3,000 years ago, the Anasasas Institute of Technology,

182

00:12:55,460 --> 00:13:05,460

starting 3,000 years ago, the Anasasi culture inhabited the region to the north in today's American southwest.

183

00:13:06,460 --> 00:13:12,460

Anasasi means ancient ones, and they paid great attention to the stars.

184

00:13:15,460 --> 00:13:22,460

Scientists have determined that in 1054 AD, a supernova explosion was visible from Earth.

185

00:13:23,460 --> 00:13:30,460

Many believe the first known drawing of this event was found inside an Anasasi cave dwelling.

186

00:13:32,460 --> 00:13:44,460

South of the zone of silence, other cultures including the Maya also reportedly possessed a surprisingly detailed knowledge of similar celestial events.

187

00:13:45,460 --> 00:13:52,460

Is it possible that both of these cultures were somehow exchanging information?

188

00:13:53,460 --> 00:13:59,460

They're separated by thousands of miles, but both the Anasazi of the north and the Mesoamericans of the south

189

00:13:59,460 --> 00:14:04,460

found the zone of silence and used it as a meeting place between their two cultures.

190

00:14:05,460 --> 00:14:09,460

You can imagine if you studied the stars at night and plotted the constellations,

191

00:14:09,460 --> 00:14:14,460

obviously one of the things you're going to see are these meteorites streaking across the sky.

192

00:14:14,460 --> 00:14:21,460

If your answers come from the sky, you probably would follow those streaking meteorites and find out where they ended up.

193

00:14:22,460 --> 00:14:27,460

And the theory is that they may have found what they were looking for in the zone of silence.

194

00:14:28,460 --> 00:14:32,460

But what other connections exist between these cultures?

195

00:14:34,460 --> 00:14:37,460

And are they of a celestial origin?

196

00:14:38,460 --> 00:14:43,460

If we look back into the ancient beliefs of the Anasasi and the Mesoamericans to the south,

197

00:14:43,460 --> 00:14:48,460

we know that there was great belief in sky people, visitors from the sky.

198

00:14:50,460 --> 00:14:53,460

If these visitors came from the sky, who were they?

199

00:14:54,460 --> 00:15:00,460

And there's a similarity to the beings being reported as tall pale skin, white hair,

200

00:15:00,460 --> 00:15:05,460

which is not indigenous to the dark skin, dark haired people found in that region.

201

00:15:05,460 --> 00:15:10,460

But does match many of the South American descriptions of their gods.

202

00:15:12,460 --> 00:15:19,460

According to legend, these so-called visitors from the sky made themselves known to an ancient people.

203

00:15:21,460 --> 00:15:26,460

Is it possible that they are still making themselves known today?

204

00:15:26,460 --> 00:15:30,460

There are a number of reports of UFOs in the zone of silence.

205

00:15:31,460 --> 00:15:37,460

Probably the most prominent and most popular report came out of the town of Ceballos.

206

00:15:37,460 --> 00:15:44,460

It was on a late summer afternoon when a number of townspeople saw an object hovering in the sky on the outskirts of town.

207

00:15:44,460 --> 00:15:49,460

They described it as being about 100 meters wide, it had multicolor lights flashing,

208

00:15:49,460 --> 00:15:52,460

wasn't doing anything, it was just hovering in the desert.

209

00:15:52,460 --> 00:15:57,460

After a while, it simply took off and headed out into the zone of silence.

210

00:16:00,460 --> 00:16:06,460

I think too that as what's going on today, the high activity of UFO sightings,

211

00:16:06,460 --> 00:16:11,460

the anomalous reports that are still going on today, perhaps there is a connection,

212

00:16:11,460 --> 00:16:16,460

maybe it's a vortex, maybe it's a dimensional port, we can't explain it,

213

00:16:16,460 --> 00:16:19,460

but something unusual is going on in that area.

214

00:16:20,460 --> 00:16:25,460

Might extraterrestrials be able to detect these magnetic differences?

215

00:16:25,460 --> 00:16:29,460

And would they have been of any use to ancient visitors?

216

00:16:30,460 --> 00:16:36,460

If I was an alien coming here 10,000 years ago, obviously there weren't any roadmaps at the time.

217

00:16:36,460 --> 00:16:44,460

However, I could use the anomalous magnetic spots on planet Earth as signposts of sorts.

218

00:16:44,460 --> 00:16:53,460

And so that when I come back, those signposts would be my guides to find my way around planet Earth.

219

00:16:54,460 --> 00:16:58,460

There are spots on planet Earth that are highly magnetic.

220

00:17:01,460 --> 00:17:11,460

But are the magnetic levels, the Sky God legends, and recent sightings of UFOs,

221

00:17:11,460 --> 00:17:14,460

proof that a portal exists here?

222

00:17:15,460 --> 00:17:21,460

And are there other places that might offer more direct physical evidence?

223

00:17:24,460 --> 00:17:27,460

The Sky God

224

00:17:34,460 --> 00:17:41,460

800 miles southeast of Lima, Peru, near the shores of Lake Titicaca,

225

00:17:41,460 --> 00:17:45,460

is a site that has mystified visitors from around the world.

226

00:17:46,460 --> 00:17:56,460

Shaman's still come to perform rituals and offer prayers at the rock wall on this high plateau,

227

00:17:56,460 --> 00:18:01,460

as they have done for generation after generation.

228

00:18:04,460 --> 00:18:10,460

It is known as Puerta de Hayumarca, or Gate of the Gods.

229

00:18:11,460 --> 00:18:20,460

And when you see this quiet baffling, here is this giant doorway carved into solid rock.

230

00:18:20,460 --> 00:18:28,460

And it appears to be a gateway, but it doesn't go anywhere.

231

00:18:29,460 --> 00:18:33,460

It's literally in the middle of nowhere at 14,000 feet.

232

00:18:33,460 --> 00:18:43,460

Yet that rock, as clear as you can see, has a gigantic rectangle carved out of it, cut out of it.

233

00:18:43,460 --> 00:18:49,460

And in the center of that rectangle, at the bottom, there is something that looks like a door.

234

00:18:52,460 --> 00:18:56,460

The Peruvian natives actually referred to this as the Gate of the Gods.

235

00:18:56,460 --> 00:19:02,460

But why would you make a doorway to basically rocks that didn't let you go anywhere?

236

00:19:02,460 --> 00:19:05,460

There has to be some way to get through that doorway.

237

00:19:08,460 --> 00:19:16,460

According to Inca legend, the first priest king, Amaro Muru, is said to have traveled through this portal

238

00:19:16,460 --> 00:19:25,460

using a special object to activate the doorway, turning this solid rock into what's known as a stargate.

239

00:19:26,460 --> 00:19:34,460

According to legend, this stargate was activated by the help of a golden disc.

240

00:19:36,460 --> 00:19:40,460

And this golden disc fell from the sky.

241

00:19:40,460 --> 00:19:46,460

The story goes that the first priest king of the Incas took a golden disc up to this Gate of the Gods,

242

00:19:46,460 --> 00:19:49,460

stuck it in a special recessed area.

243

00:19:50,460 --> 00:19:53,460

And this interdimensional doorway actually opened up.

244

00:19:54,460 --> 00:19:57,460

And he passed through it, never to be seen again.

245

00:19:58,460 --> 00:20:03,460

The shaman that were there that watched it, that witnessed the whole thing and reported on it,

246

00:20:03,460 --> 00:20:06,460

basically told that that was exactly what happened.

247

00:20:08,460 --> 00:20:17,460

Archeologists who have examined the Gate of the Gods have discovered a small circular depression in the center of the doorway.

248

00:20:18,460 --> 00:20:25,460

Some people have speculated that this depression was perhaps where the golden disc was placed.

249

00:20:26,460 --> 00:20:28,460

It really is out of the movies.

250

00:20:29,460 --> 00:20:33,460

This device is said to have been made of gold and of various other precious objects.

251

00:20:33,460 --> 00:20:38,460

And whoever had it could come near this site and somehow be able to operate it,

252

00:20:38,460 --> 00:20:43,460

and then that would either be contact with the Gods or the Gods would come to them.

253

00:20:44,460 --> 00:20:50,460

And we're all led to believe, oh, it's all coincidence, it's all just fantasy.

254

00:20:50,460 --> 00:20:51,460

Rubbish.

255

00:20:51,460 --> 00:20:55,460

Something happened and in the case of the Stargate,

256

00:20:56,460 --> 00:21:03,460

it is possible that this sun disc had some type of an extraterrestrial connection

257

00:21:03,460 --> 00:21:10,460

and that this was a technological device with which to travel.

258

00:21:14,460 --> 00:21:23,460

And that may mean physically taking a person and taking them into another hidden dimension and taking them back.

259

00:21:25,460 --> 00:21:31,460

Or it may mean traveling between Earth, going through that Stargate and going to another place somewhere in the universe.

260

00:21:32,460 --> 00:21:38,460

According to the local legend, these priest kings, known as space brothers,

261

00:21:38,460 --> 00:21:41,460

reportedly came from other worlds.

262

00:21:42,460 --> 00:21:45,460

Might they have traveled here through the Gate of the Gods?

263

00:21:46,460 --> 00:21:52,460

They came from the other constellations from other planets.

264

00:21:53,460 --> 00:21:58,460

In our language we have a word called Chakana,

265

00:21:58,460 --> 00:22:04,460

which is some of the constellations like the Southern Cross, Orion Belt, Pleiades.

266

00:22:04,460 --> 00:22:08,460

One of the elders said, this is the bridge to home.

267

00:22:08,460 --> 00:22:17,460

So in essence, all these manifestations has to do with the space brothers.

268

00:22:20,460 --> 00:22:24,460

But could a device to activate this door actually exist?

269

00:22:27,460 --> 00:22:31,460

And if so, where would the doorway lean?

270

00:22:32,460 --> 00:22:40,460

According to ancient astronaut theorists, the Gate of the Gods is one end of a wormhole,

271

00:22:41,460 --> 00:22:48,460

a type of portal that connects either to another part of the universe or another dimension.

272

00:22:49,460 --> 00:22:53,460

A wormhole is a theoretical construct through general relativity.

273

00:22:53,460 --> 00:22:58,460

The concept is really that there's a possibility of space time being connected.

274

00:22:58,460 --> 00:23:02,460

Various parts of space time being connected through a small channel.

275

00:23:03,460 --> 00:23:10,460

And if such a construct was made, then you'd have a shortcut between very distant parts of the universe.

276

00:23:13,460 --> 00:23:18,460

Wormholes are an accepted element of theoretical physics.

277

00:23:21,460 --> 00:23:27,460

But have they actually existed in some of the world's most mysterious places?

278

00:23:29,460 --> 00:23:34,460

The idea that there are stargates or that they could have existed in ancient times,

279

00:23:34,460 --> 00:23:40,460

we do see many artifacts and representations of someone passing through a doorway

280

00:23:40,460 --> 00:23:43,460

or going through some type of energy source.

281

00:23:43,460 --> 00:23:50,460

And ancient man did not understand technology, just as we're trying to understand is a wormhole possible.

282

00:23:51,460 --> 00:23:58,460

That it's some kind of doorway between our dimension and another.

283

00:23:59,460 --> 00:24:09,460

And what I maintain is that these aliens who are coming here are coming here in interdimensional type of craft.

284

00:24:10,460 --> 00:24:16,460

They're able to jump through hyperspace, come here to our planet in no time at all,

285

00:24:16,460 --> 00:24:21,460

but they have to enter through certain doorways and portals into our planet.

286

00:24:22,460 --> 00:24:26,460

Dimensions aren't really considered something to travel along, but dimensions are directions.

287

00:24:26,460 --> 00:24:32,460

And if you could somehow travel along these other dimensions, it would take you somewhere else entirely.

288

00:24:37,460 --> 00:24:41,460

What if one end of a portal exists here at Puerto de Hayo Marca?

289

00:24:42,460 --> 00:24:50,460

Might that be part of the reason many consider Peru to be a focal point of UFO and extraterrestrial activity?

290

00:24:51,460 --> 00:25:01,460

Lake Titicaca has all kinds of strange lights associated with it and a number of witnesses claim they see UFOs coming out of the lake.

291

00:25:02,460 --> 00:25:11,460

The locals always describe seeing large blue balls of light or glowing discs and sometimes even beings reported around these sightings.

292

00:25:11,460 --> 00:25:22,460

These beings are always reported as tall, pale skin, completely non-digenous to the people that are dark skinned, dark-haired in these South American regions.

293

00:25:23,460 --> 00:25:32,460

Another theory to how extraterrestrials may have traveled across the universe involves the scientific concept of teleportation.

294

00:25:33,460 --> 00:25:41,460

But is it really possible to have something disappear from one spot and suddenly appear somewhere else?

295

00:25:42,460 --> 00:25:52,460

At the Max Blanc Institute, scientists have already dematerialized subatomic particles and made them reappear somewhere else.

296

00:25:52,460 --> 00:25:59,460

So science is just on the precipice of being able to do this, to move it from one place to another.

297

00:25:59,460 --> 00:26:04,460

So I believe that that is a secret that the ancient stone builders knew.

298

00:26:05,460 --> 00:26:12,460

Even though the gate might be closed right now, the reality is you can still access the energy because it's still flowing around the area.

299

00:26:12,460 --> 00:26:19,460

It's the area itself that seems to hold the energy and put it out and draw people to it.

300

00:26:22,460 --> 00:26:27,460

But is Puerto de Hayumarca the only strange site in Peru?

301

00:26:27,460 --> 00:26:36,460

Are there other mysterious places here? Some believe there are.

302

00:26:43,460 --> 00:26:52,460

High up in the mountains of Peru, 850 miles north of the Gate of the Gods, is a breathtaking two-mile-long plateau.

303

00:26:53,460 --> 00:26:58,460

Another area of reported high magnetic energy.

304

00:26:58,460 --> 00:27:05,460

For centuries, it has been considered a powerful sacred place among the Incan people.

305

00:27:05,460 --> 00:27:08,460

It's called Markawasi.

306

00:27:10,460 --> 00:27:14,460

Markawasi is a very beautiful region in Peru.

307

00:27:14,460 --> 00:27:21,460

Markawasi is said to have had very bizarre energy. People go there and they experience bizarre energy patterns.

308

00:27:22,460 --> 00:27:27,460

The local people say it is a place of the wizards and gods and genies of old.

309

00:27:27,460 --> 00:27:31,460

And they treat it with a great deal of veneration.

310

00:27:31,460 --> 00:27:40,460

When people go there, they report a special kind of frequency and energy. A euphoria, in fact.

311

00:27:40,460 --> 00:27:46,460

Most geologists consider the many stone formations on the plateau to be naturally formed,

312

00:27:46,460 --> 00:27:51,460

born of millions of years of erosion and other natural processes.

313

00:27:51,460 --> 00:27:55,460

But is there more here than first meets the eye?

314

00:27:55,460 --> 00:28:05,460

Some consider Markawasi to be a massive sculpture garden, filled with carvings left behind by an ancient civilization.

315

00:28:05,460 --> 00:28:10,460

This is a region whereby stones are not just stones.

316

00:28:10,460 --> 00:28:14,460

What we have here is almost like a Disneyland of the Gods.

317

00:28:14,460 --> 00:28:20,460

The question then is, is this a purely natural phenomenon or is this something more?

318

00:28:23,460 --> 00:28:35,460

Could this be not just a collection of rocks, but a sanctuary of stone monuments made by people tens or even hundreds of thousands of years ago?

319

00:28:35,460 --> 00:28:41,460

Researcher Daniel Ruzzo was the first to make this claim in 1952.

320

00:28:42,460 --> 00:28:52,460

Daniel Ruzzo was shown a photograph of a huge colossal stone head up in the high mountains above Lima.

321

00:28:52,460 --> 00:28:55,460

And he made an expedition there just to see this stone head.

322

00:28:55,460 --> 00:29:01,460

But he was astonished to find that on this tiny mesa were hundreds of carved stones.

323

00:29:02,460 --> 00:29:13,460

There are those who believe the rock formations depict animals and people, not indigenous to South America.

324

00:29:13,460 --> 00:29:29,460

They see in them figures such as an African queen, the Egyptian god of fertility, Tawaret, depicted as an upright hippopotamus, a camel, and many others.

325

00:29:30,460 --> 00:29:41,460

One formation, known as the monument to humanity, features what appears to be a western face on one side and a Middle Eastern one on the other.

326

00:29:41,460 --> 00:29:52,460

Is it really possible that so many formations, which appear to depict figures from around the world, could coincidentally be found on a single plateau?

327

00:29:52,460 --> 00:29:57,460

Or if they are man-made, who may have carved them?

328

00:29:59,460 --> 00:30:04,460

The local legends say that it is a place of the ancient giant gods.

329

00:30:04,460 --> 00:30:07,460

That the gods created this.

330

00:30:07,460 --> 00:30:15,460

In fact, when the Spanish chroniclers came to Peru and investigated the ancient shamanic religions of Peru,

331

00:30:15,460 --> 00:30:24,460

they told a story of T.C. Veracocha, the creator god, who arrived in the guise of a man to walk and inspect his lands.

332

00:30:25,460 --> 00:30:36,460

And he had given them different orders, and there were some rebel nations that were not doing what they were supposed to do, and he promptly turned them to stone.

333

00:30:40,460 --> 00:30:45,460

The name Markawasi provides a clue to its origins and mystery.

334

00:30:45,460 --> 00:30:49,460

The word itself predates the Incan Empire.

335

00:30:50,460 --> 00:31:01,460

Markawasi scholar and researcher Daniel Russo believed the name meant two-story house, and referred to the strange complex of buildings located on the site.

336

00:31:02,460 --> 00:31:11,460

That really raises the question that scholars and theologians have been trying to figure out for many years, is there an Atlantean or some lost civilization?

337

00:31:11,460 --> 00:31:15,460

So Markawasi puts that question back on the map. Could this be possible?

338

00:31:15,460 --> 00:31:21,460

Were there trans-oceanic cultures visiting thousands of years ago off the books of recorded history?

339

00:31:23,460 --> 00:31:31,460

According to Daniel Russo, the ancient civilization that created Markawasi were a people known as the Masma.

340

00:31:32,460 --> 00:31:37,460

And supposedly, Peru was not their only home.

341

00:31:37,460 --> 00:31:52,460

The Masma was this very, very ancient advanced civilization, advanced culture, if we want to call it, that seems to have been global, seems to have traveled worldwide at a very early period.

342

00:31:53,460 --> 00:32:01,460

And Russo spent much of his time looking around the world for evidence of this advanced civilization, and he thought he found it at Markawasi.

343

00:32:02,460 --> 00:32:10,460

He actually saw Markawasi in many ways as being like a huge sculpture garden that the Masma had built there.

344

00:32:14,460 --> 00:32:24,460

If such a worldwide community existed, what happened to it? Was it, as some believe, wiped out in the great flood described in the Bible?

345

00:32:25,460 --> 00:32:35,460

It's very interesting that these carvings are found at 12,000 feet, because that kind of implies that civilization started at the top and then worked its way back down as the waters of the flood receded.

346

00:32:36,460 --> 00:32:51,460

It's almost as if the first thing they did when Noah's Ark descended and landed, maybe landed at Markawasi, was to record all the animals that they had collected if you buy the whole concept of a story of saving what was left of humanity and saving what they could of the animal kingdom.

347

00:32:52,460 --> 00:33:13,460

If these are real sculptures, or even natural formations that were touched up, they are so old geologically that all we can really do is fall back to some of the speculations of people like Daniel Russo that this was some kind of very ancient civilization.

348

00:33:14,460 --> 00:33:31,460

Perhaps indeed there were ancient gods, perhaps there was a race of beings, a very high-minded nature that came here in the early, early times that helped mankind and that have been overseeing their handiwork.

349

00:33:32,460 --> 00:33:42,460

I suspect that they were trying to record something about their beliefs, their civilization, something that could be passed on to future generations.

350

00:33:43,460 --> 00:33:53,460

They may have realized that they were not going to last forever, and they wanted to leave some kind of mark, some kind of record, maybe even some kind of warning for future generations.

351

00:33:54,460 --> 00:34:03,460

If this advanced, globe-traveling race existed in early history, where did they come from?

352

00:34:03,460 --> 00:34:21,460

According to author George Hunt Williamson, who first popularized Markawasi with his 1959 book, *Road in the Sky*, Markawasi was a sacred forest where extraterrestrial beings met to plan the future.

353

00:34:22,460 --> 00:34:27,460

And many UFO researchers believe they're still returning to this day.

354

00:34:27,460 --> 00:34:35,460

The Mesa has a plethora of UFO sightings, ultra-dimensional visitors. It's an extraordinary place.

355

00:34:36,460 --> 00:34:57,460

What is probably proved most famous, UFO photo, was taken near Markawasi in the 1970s by a businessman who himself was going up the trail to the plateau of Markawasi when he looked back down the valley and there was a silvery disc in broad daylight flying up the valley.

356

00:34:58,460 --> 00:35:07,460

But are there really special types of energy flowing around Markawasi that we are just beginning to understand?

357

00:35:07,460 --> 00:35:17,460

And if so, have they been attracting visitors for thousands of years, as reported at some of the world's other mysterious places?

358

00:35:17,460 --> 00:35:32,460

My suspicion is that extraterrestrials would be more inclined to come to these energetic places, not just because it would make their technology work better, but because their bodies are going to vibrate at a frequency that's more appropriate for the universe or the world that they inhabit.

359

00:35:33,460 --> 00:35:44,460

As I've looked at studies and study it myself, I think that maybe something inherent to those spots, maybe electromagnetic, maybe geomagnetic anomaly.

360

00:35:44,460 --> 00:35:52,460

You have, in some cases, different types of rocks, different types of crystal and structures, maybe underground flowing water that will carry electric currents.

361

00:35:52,460 --> 00:35:57,460

So I think there are a lot of possibilities. We really don't understand exactly what's going on.

362

00:35:58,460 --> 00:36:08,460

Is there a reason why these so-called interdimensional space portals allegedly appear at certain spots on our planet?

363

00:36:08,460 --> 00:36:19,460

Is there, as some suggest, a pattern to their locations? And what evidence exists that shows our ancient ancestors knew the code?

364

00:36:20,460 --> 00:36:42,460

According to ancient astronaut theorists, the mysterious energy-filled sites around the world are not randomly located. They are connected by what is referred to as the World Grid, a geometric pattern of energy that criss-crosses the globe.

365

00:36:43,460 --> 00:37:02,460

Our planet is covered with this network of very subtle, invisible energies that are all around us, but at certain places on the planet, these energies come together and they create a powerful vortex area.

366

00:37:03,460 --> 00:37:11,460

And that energy is stronger and more useful, in a sense, than some other part of the Earth.

367

00:37:11,460 --> 00:37:29,460

The World Grid theory is a concept that all of these sacred sites all around the world are actually connected in some sort of mathematical geometric grid that came from a time when we really understood the harmony between nature and geometry and science and mathematics.

368

00:37:30,460 --> 00:37:44,460

It's well known that Australian aboriginals follow these dreaming tracks as they go on their walkabout through the desert. They can see these lines on the ground, they claim.

369

00:37:45,460 --> 00:38:06,460

The Chinese also believe that they can see and track these dragon lines and affect the very popular Chinese practice of Feng Shui, is to use these energy lines that are coming and going throughout the land.

370

00:38:07,460 --> 00:38:18,460

The unique relationship between geometric shapes and certain locations on Earth stretches back in history to the Pythagorean School of Thought in ancient Greece.

371

00:38:18,460 --> 00:38:34,460

One of the famous Pythagorean philosophers of ancient Greece, Plato, talks about the Earth as a

geometric dodecahedron, that it's like a ball sewn in various geometric shapes.

372

00:38:34,460 --> 00:38:48,460

And the Pythagorean School is basically saying that geometry and the various forms of geometry are what makes up all matter, including the Earth.

373

00:38:49,460 --> 00:39:13,460

Another strange mystery surrounds the apparent concentration of UFO sightings along the world grid. Before his death in 1992, French UFO researcher, Amé Michel, mapped every alleged extraterrestrial report since the Roswell incident in 1947.

374

00:39:13,460 --> 00:39:26,460

When he mapped them, he found that they were very specific, namely in lines. And he began to map these lines and he found that these lines were not just random, but were actually linked to degrees of latitude.

375

00:39:26,460 --> 00:39:31,460

And that there was really a science behind where UFOs were sighted.

376

00:39:32,460 --> 00:39:40,460

Ancient astronaut theorists believe that the concentration of energy levels and UFO sightings is not a coincidence.

377

00:39:42,460 --> 00:39:50,460

They claim that other worldly beings visited our ancestors and told them of the special powers in these locations.

378

00:39:51,460 --> 00:39:58,460

Then they say the ancient people were shown how to build incredible structures to magnify these natural powers.

379

00:39:59,460 --> 00:40:02,460

It's a theory known as geomancy.

380

00:40:06,460 --> 00:40:23,460

So in fact, by building pyramids and standing stones, obelisks and things like that, we can work with this natural energy field around the Earth and in a similar way to acupuncture on a human body.

381

00:40:23,460 --> 00:40:35,460

We can do that to the Earth too. And by putting certain structures or a needle in a certain place in the Earth, we can accentuate these energies.

382

00:40:37,460 --> 00:40:48,460

In Europe, lines sometimes 1,000 kilometers of long exist from antiquity. In Europe they are called li-lines.

383

00:40:49,460 --> 00:40:52,460

All the antique places are linked together.

384

00:40:53,460 --> 00:41:03,460

These li-lines extend all the way from England, all the way through France, down across through Italy, and just in a straight line.

385

00:41:03,460 --> 00:41:19,460

And the fascinating aspect is that many of those towns that are on that line, the root of the town's name is represented across 20, 30 town names.

386

00:41:20,460 --> 00:41:31,460

Every point is on one line. It's an archaeological point. And every point has the same core of the world. The world is always star.

387

00:41:32,460 --> 00:41:40,460

It's absolutely fascinating and it's not coincidence. Our Stone Age people did not by coincidence just put their holy places in Stone Age and went lying.

388

00:41:41,460 --> 00:41:48,460

Somebody ordered it and somebody told them, use the word star for your village, for eternity, don't change it.

389

00:41:49,460 --> 00:41:57,460

So the question is, are those guys extraterrestrials? Or is it possible that we in fact are extraterrestrial?

390

00:41:58,460 --> 00:42:06,460

We did not come from here and it's simply an older version of humanity taking care of the younger version that they're going to leave the planet to.

391

00:42:07,460 --> 00:42:19,460

The idea was that generations in the far future, they must struggle over these artifacts and over these indications, then they must start to ask questions. That's the situation we have today.

392

00:42:19,460 --> 00:42:26,460

The main thing that these mysterious places can tell us about our past is that it's a lot more complex than they teach us in school.

393

00:42:27,460 --> 00:42:35,460

Until future scientists solve the strange issues surrounding certain spots on Earth, we'll be left with lingering questions.

394

00:42:36,460 --> 00:42:50,460

Might these locations really be portals or entrances to wormholes? Did extraterrestrial beings transport themselves to Earth using special electromagnetic fields in these mysterious places?

395

00:42:51,460 --> 00:42:56,460

And were these secrets known by ancient civilizations now lost to history?
