

1

00:00:00,000 --> 00:00:02,000

Zeus,

2

00:00:02,000 --> 00:00:04,000

Surya,

3

00:00:04,000 --> 00:00:06,000

Thor.

4

00:00:06,000 --> 00:00:08,000

For thousands of years,

5

00:00:08,000 --> 00:00:10,000

ancient myths have described gods

6

00:00:10,000 --> 00:00:12,000

who came down from the heavens.

7

00:00:12,000 --> 00:00:14,000

Always you have someone

8

00:00:14,000 --> 00:00:16,000

who is descending from the sky

9

00:00:16,000 --> 00:00:18,000

with loud noise,

10

00:00:18,000 --> 00:00:20,000

with tundering,

11

00:00:20,000 --> 00:00:22,000

with fire, with smoke.

12

00:00:22,000 --> 00:00:24,000

They would have come from the most

13

00:00:24,000 --> 00:00:26,000

powerful and magical place possible

14

00:00:26,000 --> 00:00:28,000

from the stars.

15

00:00:28,000 --> 00:00:30,000

But just who were these mystical

16

00:00:30,000 --> 00:00:32,000

beings that ruled the skies

17

00:00:32,000 --> 00:00:34,000

with supernatural powers?

18

00:00:34,000 --> 00:00:36,000

You could wonder if these tales

19

00:00:36,000 --> 00:00:38,000

of Zeus's thunderbolts,

20

00:00:38,000 --> 00:00:40,000

Thor's hammer,

21

00:00:40,000 --> 00:00:42,000

if these weren't real weapons.

22

00:00:42,000 --> 00:00:44,000

Did our ancient ancestors

23

00:00:44,000 --> 00:00:46,000

create the gods from their own

24

00:00:46,000 --> 00:00:48,000

imaginations?

25

00:00:48,000 --> 00:00:50,000

Or did they simply report events

26

00:00:50,000 --> 00:00:52,000

they believed to be true?

27

00:00:52,000 --> 00:00:54,000

Our ancestors

28

00:00:54,000 --> 00:00:56,000

misinterpreted exotherrestrials

29

00:00:56,000 --> 00:00:58,000

as gods,

30

00:00:58,000 --> 00:01:00,000

because that was the only way

31

00:01:00,000 --> 00:01:02,000

that they could explain away

32

00:01:02,000 --> 00:01:04,000

what they witnessed.

33

00:01:04,000 --> 00:01:06,000

Millions of people around the world

34

00:01:06,000 --> 00:01:08,000

believe we have been visited

35

00:01:08,000 --> 00:01:10,000

in the past by extraterrestrial

36

00:01:10,000 --> 00:01:12,000

beings.

37

00:01:12,000 --> 00:01:14,000

What if it were true?

38

00:01:14,000 --> 00:01:16,000

Did ancient aliens really

39

00:01:16,000 --> 00:01:18,000

help to shape our history?

40

00:01:18,000 --> 00:01:20,000

And were the gods of our ancestors

41

00:01:20,000 --> 00:01:22,000

actually

42

00:01:22,000 --> 00:01:24,000

visitors from other worlds?

43

00:01:26,000 --> 00:01:28,000

What if it were true?

44

00:01:28,000 --> 00:01:30,000

What if it were true?

45

00:01:30,000 --> 00:01:32,000

What if it were true?

46

00:01:32,000 --> 00:01:34,000

What if it were true?

47

00:01:34,000 --> 00:01:36,000

What if it were true?

48

00:01:36,000 --> 00:01:38,000

What if it were true?

49

00:01:38,000 --> 00:01:40,000

What if it were true?

50

00:01:40,000 --> 00:01:42,000

What if it were true?

51

00:01:42,000 --> 00:01:44,000

What if it were true?

52

00:01:44,000 --> 00:01:46,000

What if it were true?

53

00:01:46,000 --> 00:01:48,000

What if it were true?

54

00:01:48,000 --> 00:01:50,000

What if it were true?

55

00:01:50,000 --> 00:01:52,000

What if it were true?

56

00:01:52,000 --> 00:01:54,000

What if it were true?

57

00:01:54,000 --> 00:01:56,000

Truba, Turkey

58

00:01:56,000 --> 00:01:58,000

For over

59

00:01:58,000 --> 00:02:00,000

150 years

60

00:02:00,000 --> 00:02:02,000

this small city has been the center

61

00:02:02,000 --> 00:02:04,000

of one of the greatest

62

00:02:04,000 --> 00:02:06,000

archaeological finds

63

00:02:06,000 --> 00:02:08,000

in modern history.

64

00:02:08,000 --> 00:02:10,000

The possible discovery

65

00:02:10,000 --> 00:02:12,000

of a legendary city of Troy.

66

00:02:16,000 --> 00:02:18,000

In 1868

67

00:02:18,000 --> 00:02:20,000

amateur archeologist

68

00:02:20,000 --> 00:02:22,000

Heinrich Schliemann

69

00:02:22,000 --> 00:02:25,000

believed was the city that served as the basis

70

00:02:25,100 --> 00:02:28,200

for the Trojan War, as described in one

71

00:02:28,300 --> 00:02:31,640

of the greatest pieces of classical literature, Homer's

72

00:02:31,740 --> 00:02:33,280

epic poem, The Iliad.

73

00:02:36,140 --> 00:02:39,680

Written in the 8th century BC, Homer's Iliad

74

00:02:39,780 --> 00:02:43,760

tells the tale of a great war born of feuding and jealous

75

00:02:43,860 --> 00:02:45,620

gods.

76

00:02:45,720 --> 00:02:49,100

While most scholars believe the story of the Trojan War

77

00:02:49,120 --> 00:02:52,700

was a work of fiction, Shleiman was determined to prove

78

00:02:52,800 --> 00:02:54,500

the myth was a reality.

79

00:02:57,600 --> 00:03:01,440

Hiram Shleiman's discoveries rocked the archaeological world.

80

00:03:01,540 --> 00:03:05,280

Armed with his copy of The Iliad, basically,

81

00:03:05,380 --> 00:03:08,220

he just decided that he was going to find Troy.

82

00:03:08,320 --> 00:03:13,220

And so he went and just dug a big hole.

83

00:03:13,320 --> 00:03:16,720

And when he went, he discovered the real Troy.

84

00:03:19,500 --> 00:03:24,140

But if Homer's story of Troy was true, what would it say

85

00:03:24,240 --> 00:03:27,300

about other Greek stories and myths?

86

00:03:27,400 --> 00:03:31,800

Might those also be true?

87

00:03:31,900 --> 00:03:37,220

Did powerful gods and goddesses actually exist?

88

00:03:37,320 --> 00:03:40,920

And if so, where did they come from?

89

00:03:40,920 --> 00:03:45,220

Hellas, also known as Greece.

90

00:03:45,320 --> 00:03:49,320

Each day, thousands of tourists visit temples and monuments

91

00:03:49,420 --> 00:03:53,300

built to honor the gods of another age.

92

00:03:53,400 --> 00:04:00,800

The Acropolis, Delphi, the Pentecost, the Roman Empire,

93

00:04:00,900 --> 00:04:04,300

the Roman Empire, the Roman Empire,

94

00:04:04,400 --> 00:04:09,280

the Roman Empire, the Roman Empire, the Roman Empire,

95

00:04:10,240 --> 00:04:15,940

the Parthenon, the Temple of Apollo.

96

00:04:16,040 --> 00:04:19,620

These ancient sites reflect a powerful reverence

97

00:04:19,720 --> 00:04:22,960

for beings that supposedly ruled the world thousands

98

00:04:23,060 --> 00:04:23,860

of years ago.

99

00:04:28,660 --> 00:04:31,000

When you look at, and many of the mythologies

100

00:04:31,100 --> 00:04:35,560

around the world, they have these stories of gods coming

101

00:04:35,660 --> 00:04:37,000

down from the sky.

102

00:04:40,280 --> 00:04:42,440

There's a beautiful description of the way

103

00:04:42,540 --> 00:04:45,340

that the gods move, like when they kind of come down

104

00:04:45,440 --> 00:04:46,580

to the earth.

105

00:04:46,680 --> 00:04:48,680

You get this sense of them gliding down,

106

00:04:48,780 --> 00:04:52,280

but the way that they move is kind of beyond time.

107

00:04:52,380 --> 00:04:54,360

It just kind of happens.

108

00:04:54,460 --> 00:04:57,520

If the ancient Greeks invented the stories of gods

109

00:04:57,620 --> 00:05:01,260

as a primitive attempt to explain their universe,

110

00:05:01,360 --> 00:05:04,300

how can we account for similar deities found

111

00:05:04,400 --> 00:05:07,900

in widely different regions and cultures around the globe?

112

00:05:10,280 --> 00:05:13,140

Was it mere coincidence, or was there

113

00:05:13,240 --> 00:05:17,080

a common origin for these gods, who supposedly traveled

114

00:05:17,180 --> 00:05:18,980

to earth from the skies?

115

00:05:27,080 --> 00:05:30,660

The earliest civilization we have, 3,800 BC,

116

00:05:30,760 --> 00:05:33,200

the Sumerians actually give us visual descriptions

117

00:05:33,300 --> 00:05:35,800

of these beings and speak of this time

118

00:05:35,900 --> 00:05:37,740

that they lived amongst their living gods.

119

00:05:37,800 --> 00:05:39,840

They call their gods the Anunnaki,

120

00:05:39,940 --> 00:05:42,240

and that term simply meant those who from heaven

121

00:05:42,340 --> 00:05:43,900

come to earth.

122

00:05:44,000 --> 00:05:47,540

Mythology is chock full of these episodes of gods

123

00:05:47,640 --> 00:05:48,640

coming down to earth.

124

00:05:48,740 --> 00:05:51,740

I mean, because mythology is so interested in the relationship

125

00:05:51,840 --> 00:05:53,980

between gods and humans, there is necessarily

126

00:05:54,080 --> 00:05:56,580

going to be a lot of communication and communion

127

00:05:56,680 --> 00:05:57,520

between the two of them.

128

00:06:00,460 --> 00:06:03,420

In his book, *Odyssey of the Gods*,

129

00:06:03,520 --> 00:06:07,160

Eric von Daniken argues that the world's sacred books

130

00:06:07,180 --> 00:06:10,480

are full of descriptions, not of gods,

131

00:06:10,580 --> 00:06:15,460

but of supernatural beings interacting with humans.

132

00:06:15,560 --> 00:06:18,560

Some thousands of years ago, when our forefathers

133

00:06:18,660 --> 00:06:21,160

were still primitive, some extraterrestrials

134

00:06:21,260 --> 00:06:23,400

descended to our planet.

135

00:06:23,500 --> 00:06:27,340

And because of misunderstanding, lack of technology,

136

00:06:27,440 --> 00:06:31,540

our forefathers thought that these extraterrestrials must

137

00:06:31,640 --> 00:06:33,080

be some gods.

138

00:06:37,780 --> 00:06:44,020

Mount Olympus, Greece's highest mountain.

139

00:06:44,120 --> 00:06:46,620

According to ancient myths, this site

140

00:06:46,720 --> 00:06:47,800

was the home of the gods.

141

00:06:51,560 --> 00:06:55,300

It was here on Mount Olympus that Zeus sat on his throne

142

00:06:55,400 --> 00:06:57,600

and determined the fate of mortal men.

143

00:07:00,500 --> 00:07:03,140

Whenever we have references to Mount Olympus,

144

00:07:03,220 --> 00:07:08,520

it is described to be this magnificent palace on top

145

00:07:08,620 --> 00:07:11,320

of Mount Olympus, allegedly.

146

00:07:11,420 --> 00:07:14,820

And the temple walls were always gleaming of gold

147

00:07:14,920 --> 00:07:18,160

or gleaming with silver and a lot of little lights

148

00:07:18,260 --> 00:07:20,200

that they described as jewels.

149

00:07:23,460 --> 00:07:27,340

Well, if you look at that from a modern perspective,

150

00:07:27,440 --> 00:07:31,640

what if that place, Mount Olympus,

151

00:07:31,680 --> 00:07:34,340

wasn't necessarily the top of a mountain,

152

00:07:34,440 --> 00:07:37,020

but it was, in fact, a spaceship?

153

00:07:37,120 --> 00:07:40,680

Because it is described how sometimes there

154

00:07:40,780 --> 00:07:43,280

was a big rumbling with Mount Olympus

155

00:07:43,380 --> 00:07:45,760

and the entire top lifted off.

156

00:07:48,720 --> 00:07:52,000

But if Mount Olympus was home to alien visitors,

157

00:07:52,100 --> 00:07:55,860

could Zeus have been their leader?

158

00:07:55,960 --> 00:07:58,840

According to both the Iliad and the Odyssey,

159

00:07:58,860 --> 00:08:03,700

Zeus was often depicted as wielding a lightning bolt.

160

00:08:03,800 --> 00:08:06,580

It appears to be a very powerful weapon

161

00:08:06,680 --> 00:08:11,540

because he could destroy whole cities

162

00:08:11,640 --> 00:08:15,120

with this thunderbolt weapon of his.

163

00:08:15,220 --> 00:08:19,260

Similarly, Zeus's brother Poseidon, the god of the sea,

164

00:08:19,360 --> 00:08:21,520

was armed with a trident.

165

00:08:21,620 --> 00:08:26,160

He was able to create tsunamis, tidal waves,

166

00:08:26,260 --> 00:08:27,560

with this weapon.

167

00:08:28,860 --> 00:08:33,100

The trident weapon of Poseidon seems

168

00:08:33,200 --> 00:08:39,140

to have been something more than just a pitchfork.

169

00:08:39,240 --> 00:08:43,940

So is it possible that the lightning bolt and trident

170

00:08:44,040 --> 00:08:46,520

is some type of a direct energy device?

171

00:08:51,360 --> 00:08:54,460

Arguably, one of the most important of the Greek gods

172

00:08:54,520 --> 00:09:00,820

was Apollo, who rode the skies in his chariot of fire.

173

00:09:00,920 --> 00:09:04,620

Apollo first was the teacher of the young Greeks

174

00:09:04,720 --> 00:09:05,860

living there.

175

00:09:05,960 --> 00:09:10,240

He teach them how to make buildings on the mountain,

176

00:09:10,340 --> 00:09:11,460

on the hillside.

177

00:09:11,560 --> 00:09:13,440

He teach them how to make roads.

178

00:09:13,540 --> 00:09:14,780

He teach them in astronomy.

179

00:09:17,940 --> 00:09:21,140

Centuries later, when Rome ruled over Europe

180

00:09:21,200 --> 00:09:24,500

and the Mediterranean, from the first century BC

181

00:09:24,600 --> 00:09:28,240

until the seventh century AD, the Romans paid homage

182

00:09:28,340 --> 00:09:31,740

to gods similar to the Greeks.

183

00:09:31,840 --> 00:09:36,320

Zeus was now known as Jupiter.

184

00:09:36,420 --> 00:09:40,520

Poseidon was called Neptune.

185

00:09:40,620 --> 00:09:44,960

But Apollo was known to both the Romans and the Greeks.

186

00:09:45,060 --> 00:09:46,500

Coincidence?

187

00:09:46,600 --> 00:09:50,360

Or as most ancient astronaut theorists believe,

188

00:09:50,420 --> 00:09:53,220

was it the historical account of powerful beings that

189

00:09:53,320 --> 00:09:55,260

came to Earth thousands of years ago?

190

00:09:58,720 --> 00:10:00,860

We know that the extraterrestrials more than likely

191

00:10:00,960 --> 00:10:03,940

are the source of what they call gods.

192

00:10:04,040 --> 00:10:05,140

How did they get here?

193

00:10:05,240 --> 00:10:08,500

More than likely in some type of craft.

194

00:10:08,600 --> 00:10:11,200

What we map into our myths and our legends

195

00:10:11,300 --> 00:10:14,540

are incredible stories, incredible events.

196

00:10:14,640 --> 00:10:18,180

And any extraterrestrial being, any ancient alien who

197

00:10:18,240 --> 00:10:22,380

has come here on Earth, will be written down into this account,

198

00:10:22,480 --> 00:10:24,540

because it is such an extraordinary event

199

00:10:24,640 --> 00:10:27,680

that it will be marked forever.

200

00:10:27,780 --> 00:10:31,520

But if the stories of Greek and Roman gods are true,

201

00:10:31,620 --> 00:10:33,720

can evidence of their existence be found

202

00:10:33,820 --> 00:10:36,960

in other parts of the globe?

203

00:10:37,060 --> 00:10:39,460

And if so, where did they go?

204

00:10:39,960 --> 00:10:44,460

On the northwest coast of France, just south of Brittany,

205

00:10:44,560 --> 00:10:48,000

lies one of the most important prehistoric sites in Europe.

206

00:10:50,800 --> 00:10:53,000

At the seaside village of Carnac,

207

00:10:53,100 --> 00:10:56,500

over 3,000 megalithic stones are placed in rows

208

00:10:56,600 --> 00:11:00,540

over two miles long.

209

00:11:00,640 --> 00:11:03,420

The Carnac stones were hewn from local rock

210

00:11:03,520 --> 00:11:07,080

and rock walls, and were found in the mountains.

211

00:11:07,140 --> 00:11:10,980

The Carnac stones were hewn from local rock formations

212

00:11:11,080 --> 00:11:15,580

and erected between 4,500 to 2,500 BC,

213

00:11:15,680 --> 00:11:19,020

at the end of the Stone Age.

214

00:11:19,120 --> 00:11:21,580

They are the largest collection of standing stones

215

00:11:21,680 --> 00:11:22,680

in the world.

216

00:11:26,700 --> 00:11:32,400

Archaeologists are baffled by the many megaliths at Carnac here.

217

00:11:32,460 --> 00:11:36,120

It's really a massive construction project

218

00:11:36,220 --> 00:11:40,960

with blocks of granite weighing 50 to 100

219

00:11:41,060 --> 00:11:45,700

to even up to 350 tons.

220

00:11:45,800 --> 00:11:50,340

Legends here say that giants spill Carnac,

221

00:11:50,440 --> 00:11:54,240

but you have to wonder, what is the real purpose

222

00:11:54,340 --> 00:11:56,280

of these giant megaliths,

223

00:11:56,380 --> 00:12:00,480

and why would prehistoric people

224

00:12:00,540 --> 00:12:03,100

have moved all of these massive stones

225

00:12:03,200 --> 00:12:08,580

and placed them in their many alignments here at Carnac?

226

00:12:08,680 --> 00:12:13,280

Thousands of large stones have been arranged

227

00:12:13,380 --> 00:12:15,580

in very interesting patterns.

228

00:12:15,680 --> 00:12:18,180

They're arranged in intersecting lines

229

00:12:18,280 --> 00:12:23,400

that form triangles that could only be visible

230

00:12:23,500 --> 00:12:26,300

from above the Earth.

231

00:12:27,300 --> 00:12:32,300

These arrangements of stones may have been a way

232

00:12:32,400 --> 00:12:36,200

of communicating with extraterrestrial beings.

233

00:12:38,300 --> 00:12:41,800

The ancient Greek poet Pinder spoke of a mystical land

234

00:12:41,900 --> 00:12:45,000

called Hyperborea, far to the north,

235

00:12:45,100 --> 00:12:48,100

where the sun shined 24 hours a day.

236

00:12:51,800 --> 00:12:55,100

Legends claim that Apollo visited Hyperborea

237

00:12:55,100 --> 00:12:58,900

traveling in his chariot of fire every 20 years.

238

00:13:00,000 --> 00:13:02,000

Apollo, who tells the Greeks,

239

00:13:02,100 --> 00:13:04,900

okay, I've got to go see some other people.

240

00:13:05,000 --> 00:13:06,900

I've got to go and teach them.

241

00:13:07,000 --> 00:13:08,900

They're like, well, where are you off to?

242

00:13:09,000 --> 00:13:11,100

And he's like, well, I'm actually going to a place

243

00:13:11,200 --> 00:13:13,900

that's beyond where the North Wind comes.

244

00:13:14,000 --> 00:13:16,900

It's the land of the Hyperboreans.

245

00:13:18,000 --> 00:13:21,200

Although mainstream archaeologists speculate

246

00:13:21,300 --> 00:13:23,900

that the Carnac stones are most likely to be

247

00:13:23,900 --> 00:13:27,700

the same size as the other stones are most likely tomb markers.

248

00:13:27,800 --> 00:13:30,800

Ancient astronaut theorists believe these stones

249

00:13:30,900 --> 00:13:34,800

are intentionally laid out in a unique geometric formation.

250

00:13:36,800 --> 00:13:40,300

Many speculations existed since centuries.

251

00:13:40,400 --> 00:13:42,800

And only a few years ago, in France,

252

00:13:42,900 --> 00:13:46,300

they started to photograph this whole French-Britainy

253

00:13:46,400 --> 00:13:48,300

by helicopters.

254

00:13:48,400 --> 00:13:50,300

And when they put the pictures together,

255

00:13:50,400 --> 00:13:53,800

of a sudden someone realized, hey, this is not coincidence.

256

00:13:53,900 --> 00:13:57,000

The distances of the lines are always the same,

257

00:13:57,100 --> 00:14:00,800

2,860 meters,

258

00:14:00,900 --> 00:14:05,800

or exactly the half of 2,860 meters.

259

00:14:08,300 --> 00:14:10,800

The angles are always the same.

260

00:14:10,900 --> 00:14:13,800

It's Pythagorean triangles.

261

00:14:13,900 --> 00:14:17,800

It's all a gigantic geometrical pattern.

262

00:14:17,900 --> 00:14:21,300

From stone age, which is impossible,

263

00:14:21,300 --> 00:14:26,200

from stone age, people had no idea of Pythagoras triangles.

264

00:14:26,300 --> 00:14:29,700

Pythagoras was about 420 BC.

265

00:14:31,300 --> 00:14:35,200

Even though the geometric arrangement of the Carnac stones

266

00:14:35,300 --> 00:14:40,200

predates the Pythagorean theorem by more than 2,000 years,

267

00:14:40,300 --> 00:14:43,700

one question remains.

268

00:14:43,800 --> 00:14:48,700

Why were the stones arranged in such a precise pattern?

269

00:14:48,700 --> 00:14:51,600

The Carnac stones are one of the few things on the planet

270

00:14:51,700 --> 00:14:54,600

that can actually be seen from space.

271

00:14:54,700 --> 00:14:58,100

And they're a perfect marker for any kind of aerial vehicle

272

00:14:58,200 --> 00:15:00,600

looking down on the Earth.

273

00:15:02,700 --> 00:15:05,600

Many of the tourists who come here to Carnac

274

00:15:05,700 --> 00:15:09,100

claim that they can actually feel the energy

275

00:15:09,200 --> 00:15:13,100

emanating from these granite megaliths.

276

00:15:13,200 --> 00:15:18,100

How did these ancient people know about this energy?

277

00:15:18,100 --> 00:15:22,000

Is it possible that they were able to use this energy

278

00:15:22,100 --> 00:15:26,000

to even move and erect these giant stones?

279

00:15:28,100 --> 00:15:33,000

I have the opinion that they were made on purpose.

280

00:15:33,100 --> 00:15:37,000

The extraterrestrials told our ancestors,

281

00:15:37,100 --> 00:15:39,000

do this and this.

282

00:15:39,100 --> 00:15:43,000

It's not the extraterrestrials who made the stone lines.

283

00:15:43,100 --> 00:15:45,000

It's the humans who made it.

284

00:15:45,000 --> 00:15:48,900

But by the order of the extraterrestrials.

285

00:15:51,000 --> 00:15:53,900

But were the Carnac stones a signpost

286

00:15:54,000 --> 00:15:56,900

for an ancient astronaut called Apollo,

287

00:15:57,000 --> 00:16:00,900

as he flew his spacecraft high above the land?

288

00:16:04,000 --> 00:16:09,900

If the Greek god Apollo was really some kind of ancient astronaut,

289

00:16:10,000 --> 00:16:12,900

it's possible that the stones here at Carnac

290

00:16:12,900 --> 00:16:16,800

were a directional finder pointing the way to the far north

291

00:16:16,900 --> 00:16:20,800

to the hyperborea of the ancient gods.

292

00:16:28,900 --> 00:16:32,800

Over 1,000 miles north of Carnac lies Scandinavia,

293

00:16:32,900 --> 00:16:36,800

home to an ancient people called the Norse.

294

00:16:36,900 --> 00:16:40,800

The Norse were tribal Germanic people

295

00:16:40,800 --> 00:16:43,700

who lived in what is now known as Sweden,

296

00:16:43,800 --> 00:16:46,700

Denmark, Iceland and Norway.

297

00:16:48,800 --> 00:16:51,700

Norse legends record the triumphs of great warriors

298

00:16:51,800 --> 00:16:53,700

with advanced weaponry,

299

00:16:53,800 --> 00:16:55,700

sophisticated combat techniques

300

00:16:55,800 --> 00:16:57,700

and navigational prowess.

301

00:16:58,800 --> 00:17:03,700

Like the Greeks, Norse mythology includes supernatural beings,

302

00:17:03,800 --> 00:17:07,700

other worlds and powerful gods.

303

00:17:10,800 --> 00:17:15,700

But like the Romans, could the Norse myths refer not to different gods,

304

00:17:15,800 --> 00:17:20,700

but the same gods as those depicted by the ancient Greeks?

305

00:17:20,800 --> 00:17:23,700

There are a number of similarities

306

00:17:23,800 --> 00:17:26,700

between Greek mythology and Norse mythology.

307

00:17:26,800 --> 00:17:29,700

And many of the gods are almost identical

308

00:17:29,800 --> 00:17:32,700

and they do much the same thing.

309

00:17:34,800 --> 00:17:37,700

Descriptions of the Viking god Odin,

310

00:17:37,800 --> 00:17:40,700

the god of war, death and knowledge,

311

00:17:40,800 --> 00:17:45,700

and the Greek god Zeus bear striking similarities.

312

00:17:45,800 --> 00:17:50,700

Zeus and Odin are both sky father gods.

313

00:17:53,800 --> 00:17:55,700

They travel through the skies in chariots

314

00:17:55,800 --> 00:18:00,700

because they are akin to the solar divinities.

315

00:18:00,800 --> 00:18:05,700

The precursor to many religious beliefs is sun worship.

316

00:18:05,800 --> 00:18:08,700

The ancients knew that life came from the sun.

317

00:18:08,700 --> 00:18:12,600

That is a great mystery and a source of great awe.

318

00:18:16,700 --> 00:18:19,600

What you're getting there is not just some minor deity,

319

00:18:19,700 --> 00:18:23,600

but you really are nailing it down to one of the chief deities.

320

00:18:23,700 --> 00:18:25,600

This is a very important character.

321

00:18:25,700 --> 00:18:30,600

And so whoever is behind Odin or Zeus is obviously a person

322

00:18:30,700 --> 00:18:35,600

or a divine entity which is shared by these cultures.

323

00:18:35,600 --> 00:18:40,500

And it's clear that whoever inspired the myth of Zeus or Odin

324

00:18:40,600 --> 00:18:44,500

is somehow somebody who had an extremely important contribution

325

00:18:44,600 --> 00:18:46,500

to make to both civilizations.

326

00:18:46,600 --> 00:18:50,500

So this entity was definitely known throughout Europe.

327

00:18:54,600 --> 00:18:58,500

Ancient alien theorists also point to similarities

328

00:18:58,600 --> 00:19:01,500

between the sophisticated weapons possessed by both the Norse

329

00:19:01,600 --> 00:19:03,500

and the Greek gods.

330

00:19:03,500 --> 00:19:09,400

Among Odin's weapons was a spear that never missed its target.

331

00:19:09,500 --> 00:19:13,400

The Norse god Thor, god of storms, strength and fertility,

332

00:19:13,500 --> 00:19:16,400

wielded a powerful hammer.

333

00:19:17,500 --> 00:19:20,400

Right there we have a correlation, a connection,

334

00:19:20,500 --> 00:19:23,400

because not only does Zeus have the thunderbolt,

335

00:19:23,500 --> 00:19:26,400

but what does Odin have in Thor?

336

00:19:26,500 --> 00:19:28,400

They have a hammer.

337

00:19:28,500 --> 00:19:31,400

Thor has a hammer with which he can smash things,

338

00:19:31,400 --> 00:19:38,300

destroy things, and you know, the hammer idea is pretty close

339

00:19:38,400 --> 00:19:43,300

with the description to the lightning rod that Zeus has.

340

00:19:44,400 --> 00:19:48,300

So you have to wonder if these tales of Zeus's thunderbolts,

341

00:19:48,400 --> 00:19:52,300

Thor's hammer, if these weren't real weapons.

342

00:19:52,400 --> 00:19:58,300

Just like we have today where we have directed energy beam weapons

343

00:19:58,300 --> 00:20:02,200

or are developing some kind of literal thunderbolt

344

00:20:02,300 --> 00:20:05,200

coming out of a spacecraft.

345

00:20:12,300 --> 00:20:18,200

But such similarities are not limited to the Greek and Norse myths.

346

00:20:18,300 --> 00:20:22,200

In India, the ancient epic of the Mahabharata

347

00:20:22,300 --> 00:20:26,200

describes visitations from gods that possessed the advanced technology

348

00:20:26,200 --> 00:20:28,100

of space travel.

349

00:20:28,200 --> 00:20:33,100

There you can read some thousands of years ago gigantic cities

350

00:20:33,200 --> 00:20:35,100

surrounded our planet.

351

00:20:35,200 --> 00:20:41,100

They used the word cities because they had no word for model spaceship.

352

00:20:41,200 --> 00:20:47,100

And of a sudden, out of these cities, smaller spacecrafts came out.

353

00:20:47,200 --> 00:20:51,100

Of course, in ancient India they had no word like spacecraft,

354

00:20:51,200 --> 00:20:54,100

so they called it the manna.

355

00:20:57,200 --> 00:21:02,100

The ancient texts of the Hebrew Bible also describes a prophet

356

00:21:02,200 --> 00:21:06,100

who traveled the skies in a sophisticated machine.

357

00:21:08,200 --> 00:21:10,100

Who is Inok?

358

00:21:10,200 --> 00:21:15,100

He was the seventh anti-Diluvian prophet in the Old Testament,

359

00:21:15,200 --> 00:21:19,100

including in the Torah of the Jewish community.

360

00:21:19,200 --> 00:21:23,100

Inok is only described with the two phrases, that's all.

361

00:21:23,100 --> 00:21:28,000

And it says that the Lord took him away in a fiery chariot into the heaven.

362

00:21:31,100 --> 00:21:36,000

But technology was not the only characteristic these ancient deities had in common.

363

00:21:36,100 --> 00:21:41,000

According to legends, the gods enjoyed intimate relations with humans.

364

00:21:41,100 --> 00:21:46,000

But if aliens did choose human women as their sexual partners,

365

00:21:46,100 --> 00:21:48,000

what was their motivation?

366

00:21:48,000 --> 00:21:52,900

And just what was the outcome of these very close encounters?

367

00:22:00,000 --> 00:22:06,900

Ancient myths are full of stories of gods descending to earth to mate with humans.

368

00:22:07,000 --> 00:22:12,900

According to many sources, including Norse mythology, Greek mythology, and even the Bible,

369

00:22:12,900 --> 00:22:20,800

we have the stories of these sons of God or actual gods from Mount Olympus or Valhalla,

370

00:22:20,900 --> 00:22:26,800

and they're coming to earth, they find the daughters of men attractive.

371

00:22:26,900 --> 00:22:32,800

When all these encounters happened, and when women slept with those gods,

372

00:22:32,900 --> 00:22:38,800

which can be found in multiple texts all around the planet,

373

00:22:38,800 --> 00:22:46,700

that those women actually had sex with extraterrestrials, not with gods,

374

00:22:46,800 --> 00:22:48,700

because gods do not exist.

375

00:22:51,800 --> 00:22:57,700

According to Homer's Iliad, the citizens of Sparta were renowned for their heroic warriors

376

00:22:57,800 --> 00:22:59,700

and their beautiful women.

377

00:22:59,800 --> 00:23:05,700

Zeus, the Greek god of the sky, admired a human named Lita.

378

00:23:06,700 --> 00:23:10,600

One afternoon, while Lita walked alone in an orchard,

379

00:23:10,700 --> 00:23:17,600

Zeus changed into a swan, enveloped her in his powerful wings, and made love to her.

380

00:23:17,700 --> 00:23:22,600

Only later did Lita realize she had been impregnated by a god.

381

00:23:23,700 --> 00:23:29,600

When you look at Greek mythology and many of the mythologies around the world,

382

00:23:29,700 --> 00:23:34,600

they have these stories of gods coming down from the sky,

383

00:23:34,600 --> 00:23:38,500

and have sexual intercourse with these humans,

384

00:23:38,600 --> 00:23:42,500

and in a sense create a new breed of human.

385

00:23:46,600 --> 00:23:53,500

The offspring of these couplings were described by the ancients as demigods or half-gods.

386

00:23:55,600 --> 00:24:02,500

Experts suggest demigods were supernatural hybrid beings of human and alien origin.

387

00:24:03,500 --> 00:24:07,400

Ancient Greeks believed these beings were exceptional,

388

00:24:07,500 --> 00:24:11,400

and destined to perform extraordinary feats.

389

00:24:14,500 --> 00:24:21,400

It is a tradition in many civilizations that there were certain human children

390

00:24:21,500 --> 00:24:29,400

who were somehow not human, but somehow had a connection to the stars, to a realm beyond Earth.

391

00:24:30,400 --> 00:24:36,300

And this specialness seems to be there from birth, and it somehow seems to involve a DNA component,

392

00:24:36,400 --> 00:24:40,300

which maybe science needs to look at and needs to study.

393

00:24:41,400 --> 00:24:49,300

Some of the oldest accounts of gods and humans interbreeding can be found in ancient Hindu texts.

394

00:24:49,400 --> 00:24:54,300

In the ancient Sanskrit writings of India, we find this account.

395

00:24:54,300 --> 00:25:04,200

A queen named Kunti, mated with a celestial being, an extraterrestrial, who was known as the Sun God.

396

00:25:04,300 --> 00:25:14,200

The product of this mating was Karna, one of the heroes of the Indian epic the Mahabharata.

397

00:25:17,300 --> 00:25:22,200

Perhaps the most famous demigod is the Greek hero Heracles,

398

00:25:22,200 --> 00:25:25,100

also known as the Roman Hercules.

399

00:25:28,200 --> 00:25:36,100

Heracles was half man, half god, conceived in the union of Zeus and a mortal woman named Alsmi.

400

00:25:40,200 --> 00:25:46,100

Mainstream scholars have often dismissed the tales of demigods as fantasy.

401

00:25:47,100 --> 00:25:54,000

But ancient astronaut theorists believe they reflect actual living entities.

402

00:25:57,100 --> 00:26:11,000

These types of accounts in the ancient wisdom traditions have a modern equivalent in accounts of alien terrestrial hybrids,

403

00:26:12,000 --> 00:26:17,900

which is part of the modern UFO alien abduction type of account.

404

00:26:20,000 --> 00:26:28,900

It's remarkable that we find in these modern reports exact equivalents in the ancient accounts.

405

00:26:30,000 --> 00:26:35,900

That suggests that we're dealing with realities here.

406

00:26:36,000 --> 00:26:39,900

We're not just dealing with imaginary stories.

407

00:26:42,000 --> 00:26:50,900

Ancient astronaut theorists say the term star children is another way to describe the offspring of humans and ancient extraterrestrials.

408

00:26:52,000 --> 00:27:01,900

They claim that in the early traditions of nearly every major world religion, star children correlate to supernatural beings known as gods.

409

00:27:02,900 --> 00:27:12,800

Star child is an often used reference in ancient texts when a woman had a quote unquote divine

interaction with one of the gods,

410

00:27:12,900 --> 00:27:21,800

often resulting in a woman being pregnant without having slept with anyone.

411

00:27:22,900 --> 00:27:25,800

You know, is such a thing even possible?

412

00:27:25,900 --> 00:27:26,800

Yes it is.

413

00:27:26,900 --> 00:27:29,800

Today artificial insemination.

414

00:27:29,800 --> 00:27:31,700

That's what happens today.

415

00:27:31,800 --> 00:27:34,700

You no longer have to have sex in order to have babies.

416

00:27:34,800 --> 00:27:43,700

We have the exact same description thousands of years ago where women without sleeping with anyone all of a sudden became pregnant.

417

00:27:43,800 --> 00:27:46,700

And the question is how is that possible?

418

00:27:47,800 --> 00:27:53,700

Did aliens that came to Earth in ancient times use advanced fertility technology?

419

00:27:54,700 --> 00:28:07,600

Within Greek mythology you have many strange stories of centaurs, cyclops, weird genetic half human, half animal creations.

420

00:28:08,700 --> 00:28:18,600

And you have to speculate at least to a point that there's a possibility of strange genetic engineering going on here

421

00:28:19,700 --> 00:28:23,600

and creating what are literal monsters in the past.

422

00:28:23,700 --> 00:28:35,600

In some of the writings of ancient civilizations we see accounts of mating between extraterrestrial beings and humans,

423

00:28:35,700 --> 00:28:42,600

producing monsters or giants or other similar types of beings.

424

00:28:44,700 --> 00:28:45,600

And why is that?

425

00:28:45,700 --> 00:28:50,600

I believe it's because it has actually happened in the past.

426

00:28:51,600 --> 00:28:59,500

Could these ancient tales of enormous creatures, half human, half beast, be rooted in truth?

427

00:28:59,600 --> 00:29:05,500

And if so, is there any evidence these giant hybrids really existed?

428

00:29:13,600 --> 00:29:15,500

Lovelock, Nevada

429

00:29:15,500 --> 00:29:27,400

In the early 1800s, local legends passed down by the Paiute Indians, told of a race of giants who were exterminated by their tribe.

430

00:29:27,500 --> 00:29:38,400

It is said this was done by trapping the giants in a cave, shooting arrows at them and then starting a large fire at the mouth of the cave.

431

00:29:39,400 --> 00:29:44,300

Evidence of the slaughter lay undisturbed until the early 20th century.

432

00:29:51,400 --> 00:30:00,300

Lovelock Cave was first discovered by local ranchers who were looking for bat guano to use in their fields.

433

00:30:01,300 --> 00:30:09,200

In need of fertilizer for their crops, the ranchers removed nearly 10 feet of guano-in-ridge soil from the surface of the cave.

434

00:30:10,300 --> 00:30:14,200

And then they began finding human remains.

435

00:30:15,300 --> 00:30:21,200

They found up to 40 or 50 people inside this cave.

436

00:30:23,300 --> 00:30:27,200

One was allegedly 7 feet, 7 inches tall.

437

00:30:28,200 --> 00:30:33,100

They all had long red hair and were literal giants.

438

00:30:36,200 --> 00:30:44,100

If these skeletons were the remains of the legendary red-hair giants, were they visitors from distant continents?

439

00:30:45,200 --> 00:30:55,100

Throughout the 19th century, many giant skeletons were allegedly discovered in the Midwest, also in parts of California and around Death Valley.

440

00:30:56,100 --> 00:31:06,000

And the skeletons here found at Lovelock are one of the few that were really excavated by an accredited university.

441

00:31:06,100 --> 00:31:21,000

Archaeologists from the Nevada Historical Society and the University of California believed the cave was occupied from approximately 1500 BC until a few hundred years before white men appeared in the Nevada territory.

442

00:31:22,000 --> 00:31:32,900

75 miles from the cave site, a local museum has preserved several skulls that some believe are recovered remains of the giants.

443

00:31:36,000 --> 00:31:41,900

Inside this cabinet here are three skulls from the Lovelock caves.

444

00:31:42,900 --> 00:31:51,800

When you first see these skulls, they seem to be pretty much normal looking skulls.

445

00:31:52,900 --> 00:32:11,800

However, it's when we really start to compare the jaw bones with this modern dental impression of a normal adult male that we see that these jaw bones are unusually large.

446

00:32:12,900 --> 00:32:20,800

And these are really the skulls of giant people who were perhaps seven, even eight feet tall.

447

00:32:22,900 --> 00:32:31,800

One of the odd things with these skulls is that they're not actually put on display here at the museum and they're kept hidden in this cabinet.

448

00:32:31,800 --> 00:32:45,700

Now we don't know if that's really just out of respect for the Native Americans or whether there's really something unusual about these giant skulls that they don't want them to display.

449

00:32:46,800 --> 00:32:52,700

Are the Nevada bones evidence of a race of giants that existed all through early human history?

450

00:32:53,700 --> 00:32:59,600

If so, could the giants be the descendants of extraterrestrials?

451

00:33:00,700 --> 00:33:08,600

According to the Hebrew Testament, one such giant appeared in the Valley of Eila, 2,500 years ago.

452

00:33:09,700 --> 00:33:17,600

Each morning for 40 days, a Philistine giant over nine feet tall challenged the Israelites to a fight.

453

00:33:18,600 --> 00:33:21,500

His name was Goliath.

454

00:33:24,600 --> 00:33:30,500

David and Goliath is one of those episodes in the Bible where you wonder what is going on.

455

00:33:30,600 --> 00:33:35,500

Is it just a metaphor or are we dealing with a fundamental interpretation?

456

00:33:35,600 --> 00:33:39,500

And in that sense, Goliath has to be a giant creature.

457

00:33:39,600 --> 00:33:44,500

The question then is, he cannot be human. What is he?

458

00:33:45,500 --> 00:33:51,400

David's stunning triumph over Goliath was considered a mere fable.

459

00:33:51,500 --> 00:33:58,400

Until archaeologists turned up evidence that suggests this confrontation really did happen.

460

00:33:59,500 --> 00:34:08,400

On the outskirts of Telasaph Israel, scientists discovered a moat that may have once protected the Philistine fortress.

461

00:34:09,400 --> 00:34:15,300

Nearby, they found shards of pottery inscribed with the name Goliath.

462

00:34:16,400 --> 00:34:22,300

Tests indicate the pottery is from the same time period as described in the Bible.

463

00:34:23,400 --> 00:34:31,300

Ancient astronaut theorists claim this is unmistakable evidence of extraterrestrial giants in biblical times.

464

00:34:32,400 --> 00:34:35,300

And they say there is much more.

465

00:34:39,400 --> 00:34:43,300

The most common megalithic construction known is the Dolmen.

466

00:34:43,400 --> 00:34:51,300

Believed to be burial chambers, they are found throughout Europe, the Middle East, South America and Asia.

467

00:34:51,400 --> 00:34:55,300

Could these megastructures be the ruins of giants?

468

00:34:57,400 --> 00:35:04,300

Archaeology likes to use the word Dolmen, but they were formerly known in folklore as giants graves.

469

00:35:05,300 --> 00:35:10,200

A dolmen is shaped like the Greek letter pi with a top on it.

470

00:35:10,300 --> 00:35:14,200

And they're made of enormous blocks of limestone.

471

00:35:14,300 --> 00:35:21,200

And even today, we are marveled that anyone could construct those things and wonder how they got the top on top of the uprights.

472

00:35:21,300 --> 00:35:28,200

And those were built during the middle of Bronze period, which is roughly 2,000 to 1,500 before the common era.

473

00:35:28,300 --> 00:35:32,200

So seeing things like that, people questioned, those must have been made by giants.

474

00:35:32,200 --> 00:35:35,100

I mean ordinary people could not have done that.

475

00:35:35,200 --> 00:35:40,100

Are we dealing with metaphors or are we dealing with hard evidence?

476

00:35:40,200 --> 00:35:44,100

Are these physical creatures which somehow roamed the earth?

477

00:35:44,200 --> 00:35:49,100

And I think on Foliom, we have to accept that some of these were real.

478

00:35:49,200 --> 00:35:53,100

The question then is how did these genetic freaks come about?

479

00:35:54,100 --> 00:36:01,000

One of the main tenets of ancient astronaut theory suggests that a long time ago, exoterrestrials,

480

00:36:01,100 --> 00:36:10,000

changed our genetic makeup through a targeted mutation of our genes, essentially in the lab.

481

00:36:10,100 --> 00:36:20,000

So they took a couple of human beings, altered their DNA, then reinserted those people back into the population.

482

00:36:20,000 --> 00:36:28,900

So through procreation, those people would pass on those new genetic alterations to the entire population.

483

00:36:29,000 --> 00:36:39,900

Ancient astronaut theorists suggest the evidence points to one conclusion, that aliens changed the

genetics of early human DNA.

484

00:36:40,900 --> 00:36:49,800

For an alien being to work with DNA is so easy that just creating a new type is not at all that difficult.

485

00:36:49,900 --> 00:36:54,800

Even today, we have the capability to create new types of animals.

486

00:36:54,900 --> 00:36:58,800

The question is, were we created as such as well?

487

00:37:00,900 --> 00:37:08,800

But what reason could extraterrestrial visitors have had for populating the earth with mixed species and monstrous hybrids?

488

00:37:08,800 --> 00:37:14,700

Were they the result of some kind of scientific experiment gone terribly wrong?

489

00:37:16,800 --> 00:37:22,700

Did ancient aliens have some reason to experiment with human DNA?

490

00:37:30,800 --> 00:37:37,700

The Galapagos Islands off the coast of South America are known for their unique biodiversity.

491

00:37:39,800 --> 00:37:50,700

In 1832, a naturalist named Charles Darwin came to these islands to observe and record several species of animals not seen before.

492

00:37:50,800 --> 00:37:57,700

The result of his studies formed the basis for his controversial book, *The Origin of Species*.

493

00:37:57,800 --> 00:38:07,700

In it, Darwin proposed his theory of evolution, which held that all life evolved over time through a process of natural selection.

494

00:38:09,800 --> 00:38:15,700

But even Darwin's theories could not explain the developmental gap between apes and man.

495

00:38:16,800 --> 00:38:25,700

There was, it was believed, a transitional species that had to exist, one which became referred to as the missing link.

496

00:38:26,700 --> 00:38:40,600

Homo sapiens have been around for 300,000 years, and only in a few thousand years, our brain size essentially tripled.

497

00:38:42,700 --> 00:38:47,600

Now, that does not jive with ordinary evolution.

498

00:38:47,700 --> 00:38:51,600

You need time, a very long time.

499

00:38:51,600 --> 00:39:03,500

However, today, biologists cannot quite put a finger on how our brain volume tripled in a very short time period.

500

00:39:03,600 --> 00:39:06,500

That is still a mystery.

501

00:39:08,600 --> 00:39:18,500

Could it be, as many ancient astronaut theorists believe, that ancient aliens had a hand in jump-starting human evolution on our planet?

502

00:39:19,500 --> 00:39:27,400

Science has been unable to find the missing link, and maybe that's simply because Earth is unable to offer that missing link.

503

00:39:27,500 --> 00:39:34,400

Maybe the missing link is not of this Earth, maybe the missing link is somewhere outside extraterrestrial.

504

00:39:36,500 --> 00:39:44,400

In 1996, medical science took a giant step forward, when geneticists successfully cloned the sheep.

505

00:39:45,400 --> 00:39:52,300

This revolutionary technology marked a significant advancement in our understanding of DNA.

506

00:39:54,400 --> 00:39:59,300

But could extraterrestrial visitors have also possessed knowledge of genetics?

507

00:40:02,400 --> 00:40:09,300

In the Sumerian records of mythology, they explain how they genetically engineered the first human being.

508

00:40:09,400 --> 00:40:13,300

And so it's very possible that extraterrestrials did genetically engineer us.

509

00:40:14,400 --> 00:40:20,300

More and more creatures are being discovered as science goes along in little caves or on little islands,

510

00:40:20,400 --> 00:40:24,300

whereby DNA evidence clearly shows that something else has been happening.

511

00:40:24,400 --> 00:40:32,300

We're probably going to get to hard scientific facts that something interbred with humans on certain occasions, certain moments in time.

512

00:40:35,400 --> 00:40:42,300

Could the giants and monsters described in the ancient myths be examples of genetic mutations?

513

00:40:42,300 --> 00:40:46,200

And if so, what purpose might they have served?

514

00:40:47,300 --> 00:41:01,200

There are actually accounts in the ancient Sanskrit writings of India of how in their original attempts to produce living things in the universe,

515

00:41:01,200 --> 00:41:16,100

the gods or the extraterrestrial beings made mistakes and produced different types of monsters and giants and things like that.

516

00:41:18,200 --> 00:41:24,100

Why should the so-called gods first make such mixed creatures? What's the purpose of it?

517

00:41:25,100 --> 00:41:29,000

They observe a lion and they say to themselves,

518

00:41:29,100 --> 00:41:45,000

why don't we mix the strongness of the muscle of the one animal with the heat-expellant skin of the other animal to use it at some other planet, which is different to Earth?

519

00:41:45,100 --> 00:41:51,000

So they start to make breedings. They start to make mixed creatures.

520

00:41:54,100 --> 00:42:08,000

Scholars and archaeologists generally agree that sometime around 3000 BC, during the megalithic era, mankind took a quantum leap forward with regard to civilization and use of technology.

521

00:42:08,100 --> 00:42:15,000

According to myths and legends, human beings gave credit to their gods for giving them this knowledge.

522

00:42:16,000 --> 00:42:24,900

But if the gods were, in fact, alien visitors, might mankind's quantum leap forward have had a more intergalactic origin?

523

00:42:26,000 --> 00:42:35,900

It is clear that something affected multiple continents on this planet around 3000 BC. The pyramids began to be built at that moment in time.

524

00:42:36,000 --> 00:42:40,900

Why? What was that imperative? Was it a global imperative?

525

00:42:40,900 --> 00:42:45,800

Yes. Was it an imperative which came from outside of this world? Yes.

526

00:42:45,900 --> 00:42:56,800

If aliens intervene to speed the advancement of human beings, is it also possible that they have influenced mankind at other critical junctures in history?

527

00:42:56,900 --> 00:43:01,800

And if so, could they have continued to monitor us, even today?

528

00:43:01,800 --> 00:43:12,700

It's very possible that if there was some type of genetic intervention by an extraterrestrial race on humanity, they would be very interested to see their experiment progress.

529

00:43:14,800 --> 00:43:24,700

I've often asked the question, is it not ridiculous to believe that extraterrestrials should, in a way or other, look similar to us or even think similar to us?

530

00:43:24,800 --> 00:43:27,700

No. The question is wrong.

531

00:43:27,700 --> 00:43:35,600

They are not by coincidence similar to us, but we are similar to them because we are the product.

532

00:43:37,700 --> 00:43:49,600

But if alien beings did interbreed with humans, why? Was it to save their own species or perhaps hide the genetic traces of their presence here on Earth?

533

00:43:49,700 --> 00:43:54,600

Could there even be aliens living among us?

534

00:43:57,700 --> 00:44:00,600
