

1

00:00:00,000 --> 00:00:04,680

Invading armies of almost invincible power.

2

00:00:04,680 --> 00:00:09,680

Incredible weaponry, designed to both intimidate

3

00:00:09,680 --> 00:00:11,980

and annihilate.

4

00:00:11,980 --> 00:00:18,280

Secret experiments of another worldly nature.

5

00:00:18,280 --> 00:00:21,520

A lot of the information that we'd been told about the Second

6

00:00:21,520 --> 00:00:23,360

World War is wrong.

7

00:00:23,360 --> 00:00:26,740

Did, as some believe, Adolf Hitler

8

00:00:26,760 --> 00:00:29,700

bases plans for world domination on secret,

9

00:00:29,700 --> 00:00:31,500

extraterrestrial knowledge.

10

00:00:31,500 --> 00:00:34,900

The Nazis were looking for some kind of technology

11

00:00:34,900 --> 00:00:37,540

that the ancients possessed.

12

00:00:37,540 --> 00:00:41,580

And did the German military develop an arsenal of so-called

13

00:00:41,580 --> 00:00:46,220

wonder weapons, based on advanced alien technologies?

14

00:00:46,220 --> 00:00:48,780

Not only were they able to cancel out gravity,

15

00:00:48,780 --> 00:00:53,020

they could be manipulating time.

16

00:00:54,020 --> 00:00:57,460

Millions of people around the world believe we have been

17

00:00:57,460 --> 00:01:01,260

visited in the past by extraterrestrial beings.

18

00:01:01,260 --> 00:01:03,820

What if it were true?

19

00:01:03,820 --> 00:01:08,820

Did ancient aliens really help to shape our history?

20

00:01:08,820 --> 00:01:14,300

And if so, just what was their connection to Hitler's Nazis?

21

00:01:14,300 --> 00:01:16,300

And World War II?

22

00:01:23,020 --> 00:01:28,120

And this inspired us to have some kind of

23

00:01:28,120 --> 00:01:29,360

library this fall.

24

00:01:32,200 --> 00:01:35,080

So were we.

25

00:01:44,380 --> 00:01:47,460

During the Second World War,

26

00:01:47,460 --> 00:01:49,000

spies told us the■■■■

27

00:01:49,000 --> 00:01:51,900

were immediately cut off.

28

00:01:51,900 --> 00:01:54,940

Germany possessed the most technologically advanced

29

00:01:55,040 --> 00:01:57,380

military in the world.

30

00:01:57,480 --> 00:02:04,620

Weapons such as the jet aircraft, precision bombers,

31

00:02:04,720 --> 00:02:12,620

and guided missiles all designed with one purpose in mind.

32

00:02:12,720 --> 00:02:16,260

To help the Nazis and their leader, Adolf Hitler,

33

00:02:16,360 --> 00:02:20,460

Blitzkrieg their way across Europe,

34

00:02:20,960 --> 00:02:24,260

and create a third Reich, or empire,

35

00:02:24,360 --> 00:02:26,200

that would eventually rule the world.

36

00:02:29,900 --> 00:02:32,640

And they developed two amazing weapons.

37

00:02:32,740 --> 00:02:37,140

One was the V-1 buzzbomber, literally the first cruise

38

00:02:37,240 --> 00:02:37,640

missile.

39

00:02:42,680 --> 00:02:45,820

And the other was the V-2, the first ballistic missile.

40

00:02:46,320 --> 00:02:49,620

The German rocket program was years ahead of any of the

41

00:02:49,720 --> 00:02:50,820

Allied nations.

42

00:02:50,920 --> 00:02:53,760

By the end of the war, they were developing the A-10,

43

00:02:53,860 --> 00:02:57,660

which was also known as the New York rocket.

44

00:02:57,760 --> 00:03:00,560

So that'd give you an idea of what they were thinking.

45

00:03:00,660 --> 00:03:03,640

They also had one in the works that they were calling

46

00:03:03,740 --> 00:03:05,300

the Mars rocket.

47

00:03:05,400 --> 00:03:09,540

So I think they had some pretty grandiose plans.

48

00:03:09,640 --> 00:03:12,820

Even to their enemies, Germans say they were

49

00:03:13,440 --> 00:03:15,480

the envy of the world.

50

00:03:15,580 --> 00:03:20,320

But what was the source of their incredible achievements?

51

00:03:20,420 --> 00:03:22,920

Were they simply smarter than their counterparts

52

00:03:23,020 --> 00:03:25,160

in other countries?

53

00:03:25,260 --> 00:03:29,900

Did they receive more funding and resources for their research?

54

00:03:30,000 --> 00:03:34,740

Or were they, as some ancient astronaut theorists believe,

55

00:03:34,840 --> 00:03:39,280

guided by other, possibly extraterrestrial forces?

56

00:03:43,440 --> 00:03:46,720

Hitler was always saying that he had access

57

00:03:46,820 --> 00:03:51,220

to the most advanced technology that the Nazis would prevail

58

00:03:51,320 --> 00:03:53,320

in World War II.

59

00:03:53,420 --> 00:03:58,360

And I suppose it is a very important question to ask.

60

00:03:58,460 --> 00:04:01,460

What was giving Adolf Hitler the confidence

61

00:04:01,560 --> 00:04:06,000

to assert to masses of people that he was going to essentially

62

00:04:06,100 --> 00:04:06,940

take over the world?

63

00:04:12,880 --> 00:04:17,020

In his 1993 book, *Secret Societies and Their Power*

64

00:04:17,120 --> 00:04:20,780

in the 20th Century, author Jan von Helsing

65

00:04:20,880 --> 00:04:24,960

told the story of a strange crash in Germany's black forest

66

00:04:25,060 --> 00:04:28,460

that occurred in 1936, three years

67

00:04:28,560 --> 00:04:30,660

before the start of World War II.

68

00:04:34,360 --> 00:04:36,700

According to Van Helsing, residents

69

00:04:36,800 --> 00:04:39,200

living near the small town of Freiburg

70

00:04:39,300 --> 00:04:41,940

woke up to what sounded like a massive plane crash.

71

00:04:43,440 --> 00:04:49,320

But when investigators examined the crash,

72

00:04:49,420 --> 00:04:52,820

they found a strange disc-shaped object.

73

00:04:52,920 --> 00:04:54,920

And inside were the remains of what

74

00:04:55,020 --> 00:04:57,260

appeared to be extraterrestrial beings.

75

00:05:01,000 --> 00:05:04,960

Van Helsing also claims that within hours of the crash,

76

00:05:05,060 --> 00:05:08,600

Hitler's SS troops took possession of the downed aircraft

77

00:05:08,700 --> 00:05:11,240

and its deceased crew and carried it away

78

00:05:11,260 --> 00:05:14,540

to their top secret headquarters at Weyvilsborg Castle.

79

00:05:17,700 --> 00:05:19,600

There, it was believed.

80

00:05:19,700 --> 00:05:23,000

Nazi scientists began the task of reverse engineering

81

00:05:23,100 --> 00:05:27,140

the technology found aboard the damaged craft.

82

00:05:27,240 --> 00:05:31,080

But is there any evidence that this extraterrestrial spaceship

83

00:05:31,180 --> 00:05:33,040

even existed?

84

00:05:33,140 --> 00:05:37,080

And would it have been possible to reverse engineer it?

85

00:05:37,180 --> 00:05:40,120

What exists are the reports of scientists

86

00:05:40,200 --> 00:05:44,240

who claim to have read reports of analysis done

87

00:05:44,340 --> 00:05:47,740

on that craft and the propulsion system.

88

00:05:47,840 --> 00:05:50,040

The challenges in reverse engineering it

89

00:05:50,140 --> 00:05:54,040

would depend a little bit on the nature of the power source

90

00:05:54,140 --> 00:05:55,780

that used and how it worked.

91

00:05:55,880 --> 00:05:59,680

Right now, because we are such an electronically based society,

92

00:05:59,780 --> 00:06:02,920

and it's almost all based on silicon electronics,

93

00:06:03,020 --> 00:06:06,620

if it wasn't that, it might be very, very hard.

94

00:06:06,720 --> 00:06:09,020

But if it was close to what we did,

95

00:06:09,020 --> 00:06:10,720

then it would probably be pretty easy.

96

00:06:13,220 --> 00:06:16,400

According to reports discovered after the war,

97

00:06:16,500 --> 00:06:18,660

German scientists began experimenting

98

00:06:18,760 --> 00:06:22,100

with anti-gravity technologies shortly after the alleged

99

00:06:22,200 --> 00:06:26,040

discovery of the alien craft.

100

00:06:26,140 --> 00:06:28,740

One of these scientists was an Austrian inventor

101

00:06:28,840 --> 00:06:30,840

named Victor Schauburger.

102

00:06:30,940 --> 00:06:35,120

He was very instrumental in talking about creative ways

103

00:06:35,220 --> 00:06:38,320

of using fluid motion to generate propulsions.

104

00:06:38,820 --> 00:06:43,060

And a lot of it has to do with studying the way animals

105

00:06:43,160 --> 00:06:46,020

actually move through water or air.

106

00:06:46,120 --> 00:06:50,200

He looked especially on the trout standing still

107

00:06:50,300 --> 00:06:52,400

in a raging torrent.

108

00:06:52,500 --> 00:06:59,280

And he thought of how can this fish stand still in this river?

109

00:06:59,380 --> 00:07:02,540

And then he thought of how nature works.

110

00:07:02,640 --> 00:07:05,780

And he stated it's not the animal itself,

111

00:07:05,800 --> 00:07:10,240

it's air or water that moves this animal.

112

00:07:10,340 --> 00:07:13,780

A fish does not swim, it is a swarm.

113

00:07:13,880 --> 00:07:16,780

And a bird does not fly, it is flown.

114

00:07:16,880 --> 00:07:20,860

So why can't we do this with machines?

115

00:07:20,960 --> 00:07:27,160

Move the air in a special way so that the vehicle is pulled,

116

00:07:27,260 --> 00:07:29,300

not pushed.

117

00:07:29,400 --> 00:07:34,740

Victor Schauburger, he developed a type of vortex engine.

118

00:07:34,760 --> 00:07:39,500

Artificial tornado, as it were, where vortex activity

119

00:07:39,600 --> 00:07:44,040

and gyroscopic activity could be harnessed with liquids

120

00:07:44,140 --> 00:07:46,380

such as water or mercury.

121

00:07:49,480 --> 00:07:51,280

My grandfather, Victor Schauburger,

122

00:07:51,380 --> 00:07:54,920

made some big inventions, inventions that lead maybe

123

00:07:55,020 --> 00:07:57,320

back to ancient times.

124

00:07:57,420 --> 00:08:02,100

This is the so-called Repulsin, or Repulsine in German.

125

00:08:02,120 --> 00:08:05,620

It was meant to be some kind of propulsion system,

126

00:08:05,720 --> 00:08:09,960

mounted in a submarine or an aircraft vertically

127

00:08:10,060 --> 00:08:13,100

to create a field Victor Schauburger called

128

00:08:13,200 --> 00:08:14,000

biological vacuum.

129

00:08:17,300 --> 00:08:19,500

And the aircraft or the submarine

130

00:08:19,600 --> 00:08:24,240

should be sucked into this field.

131

00:08:24,340 --> 00:08:29,180

The special shape of this device led to the story

132

00:08:29,260 --> 00:08:33,720

that Victor Schauburger is the inventor of flying sources.

133

00:08:36,800 --> 00:08:40,760

At the time of its development, the Repulsin's inverse propulsion

134

00:08:40,860 --> 00:08:43,640

system seemed revolutionary.

135

00:08:43,740 --> 00:08:46,740

But Victor Schauburger believed he had rediscovered

136

00:08:46,840 --> 00:08:48,740

an ancient technology.

137

00:08:48,840 --> 00:08:52,380

Victor also refers to old Indian texts

138

00:08:52,480 --> 00:08:55,380

where he reads out of these texts

139

00:08:55,380 --> 00:08:59,880

that these old peoples, they used some kind of flowing

140

00:08:59,980 --> 00:09:04,880

magnetism that allowed them to overcome gravity.

141

00:09:04,980 --> 00:09:09,120

According to early Sanskrit texts discovered in India,

142

00:09:09,220 --> 00:09:12,820

aircraft called Vimanas used a similar propulsion system

143

00:09:12,920 --> 00:09:15,300

thousands of years ago.

144

00:09:15,400 --> 00:09:19,740

Is it possible that German scientists viewed ancient texts

145

00:09:19,840 --> 00:09:23,500

like the Bhagavad Gita not as legendary myth,

146

00:09:23,560 --> 00:09:27,960

but as a source of historical and scientific fact?

147

00:09:28,060 --> 00:09:30,800

The Germans were the best oriental scholars in the world.

148

00:09:30,900 --> 00:09:35,400

So they translated the ancient texts, Sanskrit,

149

00:09:35,500 --> 00:09:37,200

and later into German.

150

00:09:37,300 --> 00:09:40,840

And the Germans studied these ancient Indian epics

151

00:09:40,940 --> 00:09:45,420

and were familiar with the ideas of Vimanas.

152

00:09:45,520 --> 00:09:50,380

And so by combining that with this vortex technology

153

00:09:50,880 --> 00:09:56,440

and allegedly this crash disk from 1936 in the Black Forest,

154

00:09:56,540 --> 00:10:01,720

they then came up with their designs for these flying saucers.

155

00:10:05,720 --> 00:10:11,260

In 1939, three years after the reported crash at Freiburg,

156

00:10:11,360 --> 00:10:15,260

German scientists developed their own flying saucer-shaped

157

00:10:15,360 --> 00:10:18,000

aircraft and called it the Hanabu.

158

00:10:21,380 --> 00:10:24,780

Early prototypes had a diameter of 25 meters

159

00:10:24,880 --> 00:10:26,380

and were manned by a crew of eight.

160

00:10:29,080 --> 00:10:34,520

The Hanabu was a classic flying saucer design

161

00:10:34,620 --> 00:10:39,660

with a dome and windows on the top with one large dome

162

00:10:39,760 --> 00:10:40,460

underneath.

163

00:10:43,400 --> 00:10:46,440

It was sort of contained ball lightning is what it was.

164

00:10:46,500 --> 00:10:50,800

These two balls, they would produce electrons and positrons.

165

00:10:50,900 --> 00:10:53,700

And the positrons would migrate to the top of the sphere

166

00:10:53,800 --> 00:10:54,600

and levitate.

167

00:11:00,280 --> 00:11:02,280

Almost all my life, I've heard stories

168

00:11:02,380 --> 00:11:07,380

that the Nazis had obtained a flying saucer.

169

00:11:07,480 --> 00:11:10,660

And I do believe the Nazis were in touch

170

00:11:10,760 --> 00:11:15,820

with non-human intelligences that gave them the advanced

171

00:11:15,900 --> 00:11:20,620

technology that they developed right up to the end of the war.

172

00:11:20,720 --> 00:11:23,980

But how many in Hitler's regime actually believed

173

00:11:24,080 --> 00:11:27,980

in the existence of extraterrestrial beings?

174

00:11:28,080 --> 00:11:31,060

How close were they to the Fuhrer?

175

00:11:31,160 --> 00:11:34,560

And how far did they go to make contact?

176

00:11:38,460 --> 00:11:42,240

The Swastika, this simple, four-sided figure,

177

00:11:42,340 --> 00:11:45,700

is the ultimate symbol of Adolf Hitler's Nazi regime.

178

00:11:46,780 --> 00:11:55,080

But its origins reveal a much different message, one that

179

00:11:55,180 --> 00:11:57,320

dates back over 3,000 years.

180

00:12:00,620 --> 00:12:04,820

Swastika is a Sanskrit word from ancient India.

181

00:12:04,920 --> 00:12:08,600

It means mark of good fortune.

182

00:12:08,700 --> 00:12:13,000

And the same symbol is found not only in ancient India,

183

00:12:13,100 --> 00:12:14,700

but all over the world.

184

00:12:16,780 --> 00:12:19,640

In many different ancient cultures,

185

00:12:19,740 --> 00:12:25,640

ranging from Egypt to Iran to the cultures of the Americas.

186

00:12:30,980 --> 00:12:35,520

During the 1930s, Adolf Hitler and the Nazi Party

187

00:12:35,620 --> 00:12:38,780

used the Swastika to symbolize the Aryan race

188

00:12:38,880 --> 00:12:40,360

and its struggle for victory.

189

00:12:41,360 --> 00:12:44,560

But were the German leaders aware of the Swastika's

190

00:12:44,660 --> 00:12:45,860

extraterrestrial connection?

191

00:12:49,360 --> 00:12:54,240

In the ancient Sanskrit text, it's

192

00:12:54,340 --> 00:12:58,740

stated that the symbol of the Swastika

193

00:12:58,840 --> 00:13:04,780

is connected with extraterrestrial beings, such as the Hindu

194

00:13:04,880 --> 00:13:06,880

god Brahma.

195

00:13:06,940 --> 00:13:12,940

It's often used in worship in temples dedicated

196

00:13:13,040 --> 00:13:15,040

to extraterrestrial beings.

197

00:13:18,380 --> 00:13:21,260

The Swastika turns up in the legends of indigenous peoples

198

00:13:21,360 --> 00:13:23,060

all around the world.

199

00:13:23,160 --> 00:13:26,120

And the theory was that it was a magical power,

200

00:13:26,220 --> 00:13:29,460

a magical symbol given to these indigenous peoples

201

00:13:29,560 --> 00:13:33,460

by extraterrestrials, and that by using this symbol,

202

00:13:33,560 --> 00:13:35,460

it could ward off enemies.

203

00:13:36,940 --> 00:13:40,940

Ward off evil, give them the power to not only survive,

204

00:13:41,040 --> 00:13:42,040

but become supreme.

205

00:13:46,540 --> 00:13:50,680

Did Hitler choose the Swastika as the symbol of the Nazi Party

206

00:13:50,780 --> 00:13:54,380

because of its extraterrestrial connections?

207

00:13:54,480 --> 00:13:57,920

Did he believe in aliens from other worlds?

208

00:13:58,020 --> 00:14:00,160

It is known that Hitler surrounded himself

209

00:14:00,260 --> 00:14:03,200

with those who believed in extraterrestrial beings

210

00:14:03,300 --> 00:14:05,260

and ancient advanced civilizations.

211

00:14:07,380 --> 00:14:11,500

Hitler was obsessed with ancient mythology.

212

00:14:11,600 --> 00:14:13,840

He was obsessed with the occult.

213

00:14:13,940 --> 00:14:16,840

And more importantly, he was obsessed with trying to gain

214

00:14:16,940 --> 00:14:22,480

knowledge that he believed he could muster before anybody

215

00:14:22,580 --> 00:14:23,480

else could.

216

00:14:23,580 --> 00:14:27,820

So he spent an inordinate amount of time, energy, and money

217

00:14:27,920 --> 00:14:31,020

all over the planet to try to get information about things

218

00:14:31,120 --> 00:14:35,600

that would give Germany an upper hand.

219

00:14:35,720 --> 00:14:39,060

And one of the main groups advising the Nazi leadership

220

00:14:39,160 --> 00:14:42,660

was a secret society known as the Vril.

221

00:14:42,760 --> 00:14:46,700

Members are said to have included the commander of the SS,

222

00:14:46,800 --> 00:14:51,800

Heinrich Himmler, Air Force Commander, Herman Gering,

223

00:14:51,900 --> 00:14:56,440

and the head of the Nazi Party, Martin Borman.

224

00:14:56,540 --> 00:15:00,620

The Vril Society took their name from a 19th century book

225

00:15:00,720 --> 00:15:05,460

written by Edward Bulwer-Lightin called The Coming Race.

226

00:15:05,520 --> 00:15:08,860

Bulwer-Lightin describes a powerful master race

227

00:15:08,960 --> 00:15:12,320

in an ancient mystical energy form known as Vril

228

00:15:12,420 --> 00:15:16,020

that could be tapped and controlled.

229

00:15:16,120 --> 00:15:20,560

The Vrili Society in Germany took their name

230

00:15:20,660 --> 00:15:26,400

from this force, this universal force, which in Sanskrit

231

00:15:26,500 --> 00:15:30,440

is known as Prana.

232

00:15:30,540 --> 00:15:34,540

Just like an engineer could use electricity to either heat

233

00:15:34,620 --> 00:15:37,240

a room or cool a room, or make sound,

234

00:15:37,340 --> 00:15:39,420

or do so many other things.

235

00:15:39,520 --> 00:15:45,120

It's one energy, but it can be manifested in different ways.

236

00:15:45,220 --> 00:15:49,460

The Vrill Society, they believe that this Vrill power

237

00:15:49,560 --> 00:15:53,500

could power machines and devices.

238

00:15:53,600 --> 00:15:57,160

And they wanted to use it for aircraft,

239

00:15:57,260 --> 00:16:00,000

discoid flying saucers.

240

00:16:00,100 --> 00:16:02,600

According to their beliefs, the Vrill

241

00:16:02,660 --> 00:16:04,800

could tap into this energy because they

242

00:16:04,900 --> 00:16:07,740

were the direct descendants of extraterrestrials

243

00:16:07,840 --> 00:16:11,240

from the Aldebaran solar system that had come to Earth

244

00:16:11,340 --> 00:16:13,580

in the distant past.

245

00:16:13,680 --> 00:16:18,680

Members of this pure master race were known as Aryans.

246

00:16:18,780 --> 00:16:22,780

They believed that Aryans descended from a race of ETs,

247

00:16:22,880 --> 00:16:27,760

and these ETs imbued this Aryan race with tremendous power

248

00:16:27,860 --> 00:16:31,100

and meant for them to be the master race on Earth.

249

00:16:31,720 --> 00:16:34,500

And that was in part the justification

250

00:16:34,600 --> 00:16:39,240

for the Nazi political party to establish the Aryan

251

00:16:39,340 --> 00:16:42,900

supremacy on the planet Earth.

252

00:16:43,000 --> 00:16:47,280

When the Nazi party swept into power in 1933,

253

00:16:47,380 --> 00:16:50,180

the Vril encouraged Hitler and his henchmen

254

00:16:50,280 --> 00:16:53,220

to fund a worldwide search for ancient alternative

255

00:16:53,320 --> 00:16:56,280

technologies.

256

00:16:56,380 --> 00:16:58,560

German scientists and researchers

257

00:16:58,620 --> 00:17:02,420

scoured the planet for ancient texts and relics,

258

00:17:02,520 --> 00:17:07,760

such as the Holy Grail and the Ark of the Covenant.

259

00:17:07,860 --> 00:17:11,060

According to legend, these biblical artifacts

260

00:17:11,160 --> 00:17:13,960

contained powerful energies that could be harnessed

261

00:17:14,060 --> 00:17:16,140

and used as weapons.

262

00:17:16,240 --> 00:17:19,340

The Ark of the Covenant was said to be a wooden box that

263

00:17:19,440 --> 00:17:21,580

was overlaid in gold, and the Israelites

264

00:17:21,680 --> 00:17:26,920

were said to revere this box because it represented God.

265

00:17:26,980 --> 00:17:30,080

The Ark of the Covenant is said to possess tremendous power.

266

00:17:30,180 --> 00:17:33,580

Whoever touched it dies.

267

00:17:33,680 --> 00:17:36,920

Any army that marches with the Ark of the Covenant

268

00:17:37,020 --> 00:17:38,920

can defeat any other army, and this

269

00:17:39,020 --> 00:17:42,760

is part of the lore and the legend of the Ark of the Covenant.

270

00:17:42,860 --> 00:17:46,400

But did Hitler really believe these tales to be true?

271

00:17:46,500 --> 00:17:49,500

Did he view the Bible as a history book?

272

00:17:49,600 --> 00:17:52,540

When you see like Indiana Jones movies, which

273

00:17:52,600 --> 00:17:57,800

tend to focus on these secret Nazi occult expeditions

274

00:17:57,900 --> 00:17:59,800

around the world to find the Ark of the Covenant,

275

00:17:59,900 --> 00:18:02,380

or the Spear of Destiny, or some secret libraries

276

00:18:02,480 --> 00:18:05,540

and aliens, while those movies are fiction,

277

00:18:05,640 --> 00:18:09,420

they're very much based on truth.

278

00:18:09,520 --> 00:18:12,780

Hitler was obsessed with trying to find the Ark of the Covenant.

279

00:18:12,880 --> 00:18:15,480

It was far more important, I think,

280

00:18:15,580 --> 00:18:18,960

than just some religious belief.

281

00:18:19,060 --> 00:18:21,820

I think the Ark of the Covenant had a function,

282

00:18:21,840 --> 00:18:24,440

whatever it might have been.

283

00:18:24,540 --> 00:18:26,980

The Book of Exodus, there's a very detailed description

284

00:18:27,080 --> 00:18:28,080

of the Ark of the Covenant.

285

00:18:28,180 --> 00:18:29,720

Supposedly, it was the box that was

286

00:18:29,820 --> 00:18:36,660

constructed to contain the two tablets of the Ten Commandments,

287

00:18:36,760 --> 00:18:39,560

which were irradiated with divine power

288

00:18:39,660 --> 00:18:42,460

because they had been touched by the finger of God.

289

00:18:42,560 --> 00:18:45,300

As soon as the tablets are placed inside the box,

290

00:18:45,400 --> 00:18:46,600

if you look at the biblical accounts,

291

00:18:46,700 --> 00:18:48,340

that box becomes dangerous.

292

00:18:48,440 --> 00:18:51,500

It starts striking people dead, strange voices emerge.

293

00:18:52,400 --> 00:18:54,960

They weren't far off in the Indiana Jones movie

294

00:18:55,060 --> 00:18:57,360

when it was described as a radio for talking to God.

295

00:19:03,060 --> 00:19:06,100

At his headquarters in Vablesborg Castle,

296

00:19:06,200 --> 00:19:11,300

SS commander Heinrich Himmler brought in psychics and mediums

297

00:19:11,400 --> 00:19:15,440

who claimed they could contact extraterrestrial beings.

298

00:19:15,540 --> 00:19:19,180

One of these was an influential member of the Vril Society,

299

00:19:19,260 --> 00:19:22,020

named Maria Orsic.

300

00:19:22,120 --> 00:19:24,560

Maria Orsic headed a group of women

301

00:19:24,660 --> 00:19:29,600

known as the Vriligen or the female Vril members.

302

00:19:29,700 --> 00:19:30,900

And they were beautiful women.

303

00:19:31,000 --> 00:19:32,960

They grew their hair very long because they felt

304

00:19:33,060 --> 00:19:35,300

like their long hair could act as an antenna

305

00:19:35,400 --> 00:19:38,640

to the universal Vril energy.

306

00:19:38,740 --> 00:19:43,480

They believed that extraterrestrials, non-human force,

307

00:19:43,580 --> 00:19:45,580

was right here on planet Earth.

308

00:19:45,680 --> 00:19:48,820

And they were the ones who inspired the early technology

309

00:19:49,560 --> 00:19:52,420

to develop circular-shaped craft based on images

310

00:19:52,520 --> 00:19:56,060

that they'd seen of flying saucers.

311

00:19:56,160 --> 00:19:57,900

They inspired Schaumburger.

312

00:19:58,000 --> 00:20:01,900

They inspired other developers to look into the possibility

313

00:20:02,000 --> 00:20:04,800

that these disc-shaped craft could fly

314

00:20:04,900 --> 00:20:06,700

through some sort of anti-gravity,

315

00:20:06,800 --> 00:20:09,880

some sort of levitation.

316

00:20:09,980 --> 00:20:14,120

The Germans were able to develop a technology so far

317

00:20:14,220 --> 00:20:17,120

in advance of the Allied technology

318

00:20:17,620 --> 00:20:23,560

that people said they were helped by extraterrestrials.

319

00:20:23,660 --> 00:20:27,160

In fact, the one quote we have was from Herman Oberth.

320

00:20:27,260 --> 00:20:30,200

And Dr. Oberth was in the German rocketry program.

321

00:20:30,300 --> 00:20:32,400

Herman Oberth said, quote,

322

00:20:32,500 --> 00:20:35,200

we were helped by people from other worlds.

323

00:20:38,140 --> 00:20:41,040

Was it possible that the Nazis made contact

324

00:20:41,140 --> 00:20:43,680

with extraterrestrial beings?

325

00:20:43,700 --> 00:20:47,780

If so, might the Germans have received other advanced

326

00:20:47,880 --> 00:20:50,080

alien technologies?

327

00:20:50,180 --> 00:20:52,880

And just how close did Hitler come

328

00:20:52,980 --> 00:20:56,560

to building the deadliest weapon in the history of the world?

329

00:21:01,560 --> 00:21:06,360

Berlin, 1938.

330

00:21:06,460 --> 00:21:10,340

The world took its first step towards the atomic age.

331

00:21:10,400 --> 00:21:14,200

When German chemists Otto Hahn and Fritz Drassmann

332

00:21:14,300 --> 00:21:17,740

split uranium atoms and inadvertently discovered

333

00:21:17,840 --> 00:21:20,680

fission, the basis of nuclear energy.

334

00:21:25,620 --> 00:21:29,760

When you have atoms either break apart or come together,

335

00:21:29,860 --> 00:21:31,720

you lose a small amount of mass.

336

00:21:31,820 --> 00:21:33,560

It turns out the amount of energy and mass

337

00:21:33,660 --> 00:21:37,260

is related to the mass times the speed of light squared.

338

00:21:37,360 --> 00:21:39,700

And the speed of light is such a huge number.

339

00:21:39,720 --> 00:21:42,260

That's what converts this small amount of mass

340

00:21:42,360 --> 00:21:45,060

into a huge amount of energy.

341

00:21:45,160 --> 00:21:47,160

News of the discovery quickly spread

342

00:21:47,260 --> 00:21:49,900

through the world's scientific community.

343

00:21:50,000 --> 00:21:52,380

In the United States, Albert Einstein

344

00:21:52,480 --> 00:21:54,680

warned President Franklin Roosevelt

345

00:21:54,780 --> 00:21:59,120

in an August 2nd, 1939 letter that Germany's progress

346

00:21:59,220 --> 00:22:02,880

could lead to the creation of a powerful new bomb.

347

00:22:02,980 --> 00:22:08,520

It's successful, radioactive poisoning of the atmosphere.

348

00:22:08,580 --> 00:22:14,760

And hence, annihilation of any light from Earth

349

00:22:14,860 --> 00:22:20,320

has been brought within the range of technical possibilities.

350

00:22:20,420 --> 00:22:22,900

How were the German scientists in Berlin

351

00:22:23,000 --> 00:22:26,560

able to make this discovery before anyone else?

352

00:22:26,660 --> 00:22:29,500

Was this really a new breakthrough?

353

00:22:29,600 --> 00:22:32,200

Or might these scientists have rediscovered

354

00:22:32,300 --> 00:22:35,180

an ancient source of unimaginable power?

355

00:22:38,580 --> 00:22:42,420

Deformed skeletons.

356

00:22:42,520 --> 00:22:46,520

And vitrified stone at Mohenjo-Daro, Pakistan.

357

00:22:49,620 --> 00:22:55,500

Radioactive ash covering the ancient city of Harappa, India.

358

00:22:55,600 --> 00:23:00,100

And the biblical cities of Sodom and Gomorrah.

359

00:23:00,200 --> 00:23:02,800

According to the ancient astronaut theory,

360

00:23:02,900 --> 00:23:06,140

the first atomic blasts may not have occurred

361

00:23:06,200 --> 00:23:12,200

during the 1940s, but thousands of years earlier.

362

00:23:12,300 --> 00:23:16,240

What they found in these cities, Mohenjo-Daro,

363

00:23:16,340 --> 00:23:19,980

Harappa, Kote Digi, others of these Harappan cities,

364

00:23:20,080 --> 00:23:22,980

they found people just lying dead in the streets.

365

00:23:23,080 --> 00:23:27,920

It was like some doom had just taken over these cities.

366

00:23:28,020 --> 00:23:32,560

Some theorists have proposed that what happened to Sodom

367

00:23:32,660 --> 00:23:35,860

and Gomorrah was a new discovery.

368

00:23:35,920 --> 00:23:39,580

Gomorrah, two cities right at the end of the Dead Sea,

369

00:23:39,680 --> 00:23:42,160

was some kind of nuclear explosion

370

00:23:42,260 --> 00:23:45,120

that wiped this area out.

371

00:23:45,220 --> 00:23:49,800

Lot's wife was allegedly turned into a pillar of salt.

372

00:23:49,900 --> 00:23:54,300

The idea there would be that when there is a nuclear explosion,

373

00:23:54,400 --> 00:23:59,040

people are suddenly vaporized, incinerated, mineralized.

374

00:23:59,360 --> 00:24:05,800

When an atomic bomb explodes, the heat is so intense

375

00:24:05,900 --> 00:24:10,540

that it melts the silicon in the sand into glass.

376

00:24:10,640 --> 00:24:18,780

There are some reports that such fields of fused sand of glass

377

00:24:18,880 --> 00:24:23,420

have been found in places including India.

378

00:24:23,520 --> 00:24:26,680

But if they do exist, this would confirm

379

00:24:26,740 --> 00:24:29,920

the descriptions given in the ancient Sanskrit writings

380

00:24:30,020 --> 00:24:33,220

that the people of those times had weapons

381

00:24:33,320 --> 00:24:35,520

resembling our modern nuclear weapons.

382

00:24:35,620 --> 00:24:38,520

They were called Brahmastras.

383

00:24:38,620 --> 00:24:43,860

According to the Hindu texts, the Brahmastras came from gods.

384

00:24:43,960 --> 00:24:46,760

But who were these supernatural beings?

385

00:24:46,860 --> 00:24:52,140

Many of these Hindu gods did look different than humans.

386

00:24:52,240 --> 00:24:55,100

Generally, they're often depicted as human beings.

387

00:24:55,120 --> 00:24:59,200

Generally, they're often depicted as having blue skin.

388

00:24:59,300 --> 00:25:03,800

And that may well be describing extraterrestrials.

389

00:25:03,900 --> 00:25:08,600

Could Hitler have been aware of these same ancient accounts?

390

00:25:08,700 --> 00:25:11,780

Might that have been the reason behind Nazi Germany's

391

00:25:11,880 --> 00:25:17,020

archaeological and scientific trips to India and Africa?

392

00:25:17,120 --> 00:25:19,280

The Nazis were looking for something.

393

00:25:19,380 --> 00:25:22,480

They were looking for some kind of technology

394

00:25:22,500 --> 00:25:26,440

that the ancients possessed that we had lost.

395

00:25:26,540 --> 00:25:27,740

And they wanted to find it.

396

00:25:27,840 --> 00:25:30,440

And they wanted to find it fast.

397

00:25:30,540 --> 00:25:33,020

Throughout the Middle East and also in ancient India,

398

00:25:33,120 --> 00:25:36,420

there's stories of jin, these genies.

399

00:25:36,520 --> 00:25:41,060

They've got magic powers, magic lamps, flying carpets,

400

00:25:41,160 --> 00:25:43,120

and things like that.

401

00:25:43,220 --> 00:25:48,200

So in my mind, it's quite possible that this ancient jin

402

00:25:48,300 --> 00:25:52,240

are really the ancient aliens with all their technology.

403

00:25:52,260 --> 00:25:52,860

And aircraft.

404

00:25:57,460 --> 00:26:03,240

Did Hitler and the Nazis uncover any ancient atomic secrets?

405

00:26:03,340 --> 00:26:08,140

Just how close did they come to developing the ultimate weapon?

406

00:26:08,240 --> 00:26:13,780

And how much of their quest was guided by an outside hand?

407

00:26:13,880 --> 00:26:17,580

In a secret lecture in February 1942,

408

00:26:17,680 --> 00:26:20,260

German physicist Werner Heisenberg

409

00:26:20,380 --> 00:26:24,820

spoke of building a nuclear reactor designed to control fission

410

00:26:24,920 --> 00:26:29,420

and enable uranium to be converted into plutonium.

411

00:26:29,520 --> 00:26:31,260

The layman terms how the atomic bomb works

412

00:26:31,360 --> 00:26:33,820

is basically two stages.

413

00:26:33,920 --> 00:26:38,560

The key element is you have to get uranium to split.

414

00:26:38,660 --> 00:26:42,300

So you need a trigger for this reaction to happen.

415

00:26:42,400 --> 00:26:45,100

And then you need it to have what they call a critical mass,

416

00:26:45,200 --> 00:26:48,140

enough of it together that once you get it to happen in one place,

417

00:26:48,220 --> 00:26:50,020

it can cause the next reaction, and next reaction,

418

00:26:50,120 --> 00:26:51,020

and next reaction.

419

00:26:51,120 --> 00:26:53,020

So it's actually a series of explosions.

420

00:26:56,420 --> 00:27:00,120

Hitler was now on the brink of having an atomic bomb.

421

00:27:00,220 --> 00:27:04,700

But then the Germans suddenly stopped trying to build one.

422

00:27:04,800 --> 00:27:09,360

But why did the Germans give up on their atomic program?

423

00:27:09,460 --> 00:27:11,640

Most mainstream historians believe

424

00:27:11,740 --> 00:27:13,940

it was due to its high cost and commitment

425

00:27:14,040 --> 00:27:17,300

amid a losing war effort.

426

00:27:17,740 --> 00:27:21,640

Others suggest that the German scientists lack the knowledge,

427

00:27:21,740 --> 00:27:25,440

or possibly even sabotage the project in fear of what

428

00:27:25,540 --> 00:27:28,480

Hitler would do with his new weapon.

429

00:27:28,580 --> 00:27:33,020

The Germans came very close to developing a weapon that would

430

00:27:33,120 --> 00:27:35,620

have allowed them to win the war.

431

00:27:35,720 --> 00:27:39,820

All I can say is, thank God we beat them to the punch,

432

00:27:39,920 --> 00:27:43,960

because if they had gotten that technology perfected,

433

00:27:44,060 --> 00:27:45,960

we'd all be speaking German right now.

434

00:27:48,000 --> 00:27:52,600

But might the Nazi scientists, as some suggest,

435

00:27:52,700 --> 00:27:57,240

have turned their attention to an even more advanced weapon,

436

00:27:57,340 --> 00:28:02,480

one that would allow Hitler's army to travel through both space

437

00:28:02,580 --> 00:28:03,280

and time?

438

00:28:08,380 --> 00:28:13,720

In a remote valley just outside Ljupvick of its Poland,

439

00:28:13,740 --> 00:28:20,860

stands a strange circular structure known as the Henge,

440

00:28:20,960 --> 00:28:21,760

or Flytrap.

441

00:28:28,060 --> 00:28:32,800

We are in the middle of a valley which was taken over by the SS

442

00:28:32,900 --> 00:28:36,040

and transformed into a secret research, development,

443

00:28:36,140 --> 00:28:38,940

and industrial facility.

444

00:28:39,000 --> 00:28:42,240

It was closely guarded.

445

00:28:42,340 --> 00:28:46,380

Inside of this valley, we have three security rings

446

00:28:46,480 --> 00:28:50,640

closing specific areas from each other.

447

00:28:50,740 --> 00:28:54,820

Inside of the innermost circle, this structure stands,

448

00:28:54,920 --> 00:28:56,320

and it's quite mysterious.

449

00:29:00,860 --> 00:29:03,220

Mainstream scholars believe the structure

450

00:29:03,320 --> 00:29:06,860

served as the concrete support base to a cooling tower

451

00:29:06,880 --> 00:29:09,660

used by a coal mine.

452

00:29:09,760 --> 00:29:12,360

But according to Wittkowski and others,

453

00:29:12,460 --> 00:29:14,660

the German High Command would not

454

00:29:14,760 --> 00:29:17,660

have devoted so many military resources here

455

00:29:17,760 --> 00:29:22,100

if the valley contained only an energy plant.

456

00:29:22,200 --> 00:29:26,000

They say the Henge was used to test a new highly advanced

457

00:29:26,100 --> 00:29:31,440

machine known as Deglaka, or the Bell.

458

00:29:31,540 --> 00:29:36,680

The Bell Deglaka was probably one of the top secrets

459

00:29:37,600 --> 00:29:39,040

of the Third Reich.

460

00:29:39,140 --> 00:29:41,540

It was so secret that it's even unclear on how much

461

00:29:41,640 --> 00:29:44,440

Hitler was told.

462

00:29:44,540 --> 00:29:48,920

There's a great deal of evidence that suggests that the scientists,

463

00:29:49,020 --> 00:29:53,280

including Herman Obertham, Werner von Braun, and others,

464

00:29:53,380 --> 00:29:58,160

were working on a bell-shaped craft that was electromagnetic

465

00:29:58,260 --> 00:29:59,400

in its propulsion system.

466

00:29:59,420 --> 00:30:05,460

This, some say, was the Wundewaffe, the wonder weapon,

467

00:30:05,560 --> 00:30:11,200

a weapon so powerful, so exotic, that even in the last minutes

468

00:30:11,300 --> 00:30:16,100

of the war, as the Soviet army closed in on Poland,

469

00:30:16,200 --> 00:30:19,240

could have changed the whole course of the war.

470

00:30:22,840 --> 00:30:25,200

Surviving sketches of the Soviet army

471

00:30:26,200 --> 00:30:30,200

depict the bell as having a ceramic covering

472

00:30:30,300 --> 00:30:35,700

and dimensions measuring 10 feet high and 5 feet in diameter.

473

00:30:35,800 --> 00:30:40,600

Its design appears contrary to modern aerodynamic principles.

474

00:30:40,700 --> 00:30:43,400

If you're starting to think about a bell shape for flight,

475

00:30:43,500 --> 00:30:45,500

the challenge you're facing, I think,

476

00:30:45,600 --> 00:30:49,400

is making it aerodynamic when you move around side to side

477

00:30:49,500 --> 00:30:50,600

and forward and backward.

478

00:30:50,700 --> 00:30:53,600

Because you're presenting a very large cross-section

479

00:30:53,600 --> 00:30:57,800

area to the air, and you're going to generate a lot of drag.

480

00:30:57,900 --> 00:30:59,800

So you might be very good if you wanted just, like,

481

00:30:59,900 --> 00:31:02,000

a hovercraft that went up and down.

482

00:31:02,100 --> 00:31:05,400

But once you start moving, I think you're going to run into trouble.

483

00:31:05,500 --> 00:31:09,000

But if the bell was not a new type of aircraft,

484

00:31:09,100 --> 00:31:11,000

then what was it?

485

00:31:11,100 --> 00:31:14,000

According to some ancient astronaut theorists,

486

00:31:14,100 --> 00:31:18,000

the bell may have been a time machine.

487

00:31:18,100 --> 00:31:21,000

There is a kind of a vortices named solitons,

488

00:31:21,000 --> 00:31:25,800

which vortices isolated electromagnetically from the outside world.

489

00:31:25,900 --> 00:31:31,400

Recent research and experiments show that the link between gravity

490

00:31:31,500 --> 00:31:34,400

and electromagnetic physics is much stronger

491

00:31:34,500 --> 00:31:37,400

than the scientists thought for some time.

492

00:31:38,500 --> 00:31:40,400

The laws of the universe being universal,

493

00:31:40,500 --> 00:31:43,800

if you take the right electromagnetic field

494

00:31:43,900 --> 00:31:46,000

and very high voltage,

495

00:31:46,000 --> 00:31:48,500

pulse it or phase it in a certain way,

496

00:31:48,600 --> 00:31:50,600

you can get some very strange phenomenon.

497

00:31:50,700 --> 00:31:53,600

You can make things disappear and reappear.

498

00:31:53,700 --> 00:31:57,500

Therefore, it follows the reason that this would be studied

499

00:31:57,600 --> 00:32:01,400

and that the Nazi bell was probably an attempt

500

00:32:01,500 --> 00:32:06,000

by that regime to develop some type of flying machine

501

00:32:06,100 --> 00:32:09,500

that would use these sort of advanced electromagnetic concepts.

502

00:32:12,100 --> 00:32:15,700

But was time travel a new type of machine?

503

00:32:15,700 --> 00:32:18,500

Or was time travel even a possibility?

504

00:32:18,600 --> 00:32:22,100

According to German-born physicist Albert Einstein,

505

00:32:22,200 --> 00:32:25,500

humans were theoretically capable of it.

506

00:32:25,600 --> 00:32:29,000

His theory of special relativity actually showed for the first time

507

00:32:29,100 --> 00:32:32,100

that time can slow down when you go very fast.

508

00:32:32,200 --> 00:32:35,600

And so that has an impact on going into the future.

509

00:32:35,700 --> 00:32:38,800

It allows you to travel really fast somewhere

510

00:32:38,900 --> 00:32:40,900

and your time goes slower than somebody else

511

00:32:41,000 --> 00:32:42,300

and you end up in the future

512

00:32:42,400 --> 00:32:45,100

relative to what you thought you were doing.

513

00:32:45,100 --> 00:32:47,100

The harder one to think about is general relativity

514

00:32:47,200 --> 00:32:51,100

where Einstein talks about gravity and how to describe gravity

515

00:32:51,200 --> 00:32:55,900

and there you can start thinking about space-time and bending it

516

00:32:56,000 --> 00:32:58,900

and actually by warping space and time in the right way

517

00:32:59,000 --> 00:33:01,000

you end up going backwards in time.

518

00:33:07,000 --> 00:33:08,500

While no records exist,

519

00:33:08,600 --> 00:33:11,500

indicating the bell was ever used during the war.

520

00:33:12,500 --> 00:33:16,000

As the Allied military forces pushed into Germany,

521

00:33:16,100 --> 00:33:18,500

the entire project and its commander,

522

00:33:18,600 --> 00:33:23,500

SS General Hans Kamler, suddenly disappeared.

523

00:33:23,600 --> 00:33:27,500

SS General Hans Kamler was going to defect

524

00:33:27,600 --> 00:33:29,500

in exchange for immunity.

525

00:33:29,600 --> 00:33:32,500

But then by the end of the war, he disappeared.

526

00:33:32,600 --> 00:33:37,500

So where did Hans Kamler go and what did he take?

527

00:33:37,600 --> 00:33:40,500

I think he took the bell.

528

00:33:40,500 --> 00:33:43,500

Did he create a wormhole? Did he create a stargate?

529

00:33:43,600 --> 00:33:46,500

And this is what the Nazis were working on.

530

00:33:48,500 --> 00:33:52,500

Did Kamler and other Nazis really use the bell to escape justice

531

00:33:52,600 --> 00:33:56,500

by disappearing across time or possibly to another planet?

532

00:33:59,500 --> 00:34:04,500

Reportedly, the rest of the project team met a more sinister fate.

533

00:34:04,600 --> 00:34:09,500

The engineers that worked on the bell were put to death by the SS General

534

00:34:09,500 --> 00:34:11,500

and put to death by the SS.

535

00:34:11,600 --> 00:34:16,500

They didn't want this technology falling into the hands of the East or the West.

536

00:34:16,600 --> 00:34:20,500

I mean, you have like all these people are being murdered.

537

00:34:20,600 --> 00:34:26,500

Okay, I mean, I mean top scientists, you know, they blow themselves up in their own labs.

538

00:34:26,600 --> 00:34:34,500

It was also rumored that Maria Orsic, the psychic and member of the secret society known as the Vril,

539

00:34:34,600 --> 00:34:37,500

sent out a coded message to the remaining members,

540

00:34:37,500 --> 00:34:41,500

hoping to escape with the help of extraterrestrial beings.

541

00:34:43,500 --> 00:34:51,500

What I have been given to understand was that was the agreed-to code to gather at a certain location.

542

00:34:52,500 --> 00:34:56,500

I believe it was somewhere near what was left of Hamburg.

543

00:34:56,600 --> 00:35:00,500

At that time, a UFO was seen over Hamburg.

544

00:35:01,500 --> 00:35:06,500

She disappeared. Several other key members of the Vril society disappeared.

545

00:35:07,500 --> 00:35:13,500

And some say Martin Borman, the major legal cultist, also disappeared.

546

00:35:14,500 --> 00:35:19,500

There have been rumors for many, many years that they went to another planet.

547

00:35:19,600 --> 00:35:24,500

The ironic thing about all of this is years later in Kecksburg, Pennsylvania,

548

00:35:25,500 --> 00:35:32,500

a similar object was witnessed by a number of people that looked like the bell.

549

00:35:32,500 --> 00:35:36,500

Is it possible that the Nazis perfected these things?

550

00:35:37,500 --> 00:35:42,500

Or is it possible that the aliens looked like Nazis in uniforms?

551

00:35:42,600 --> 00:35:44,500

How bizarre would that be?

552

00:35:48,500 --> 00:35:53,500

In the spring of 1945, Germanies' war effort collapsed.

553

00:35:56,500 --> 00:35:59,500

As the Allied armies advanced towards Berlin,

554

00:36:00,500 --> 00:36:05,500

German scientists and engineers abandoned their laboratories.

555

00:36:06,500 --> 00:36:09,500

Hitler's search for a wonder weapon failed.

556

00:36:12,500 --> 00:36:17,500

But as the war neared its end, what happened to the German scientists?

557

00:36:19,500 --> 00:36:26,500

While it's known many ended up in the U.S., just what secrets did they bring with them?

558

00:36:30,500 --> 00:36:38,500

On April 30, 1945, as the Allied armies closed in on Berlin, Adolf Hitler committed suicide.

559

00:36:41,500 --> 00:36:44,500

Two days later, the city fell.

560

00:36:48,500 --> 00:36:52,500

On May 7th, the German army unconditionally surrendered.

561

00:36:53,500 --> 00:37:00,500

After the war in Europe, many leading Nazi party members disappeared.

562

00:37:02,500 --> 00:37:04,500

Some never to be found.

563

00:37:09,500 --> 00:37:16,500

Two months after the defeat of Germany, a group of American scientists, led by Dr. Robert Oppenheimer,

564

00:37:17,500 --> 00:37:25,500

gathered in a remote area of New Mexico, known as Hornada del Muerto, or Journey of Death.

565

00:37:28,500 --> 00:37:39,500

There, at 5.29 a.m. on July 16, 1945, the U.S. military detonated the first ever atomic bomb.

566

00:37:40,500 --> 00:37:49,500

But how had the Americans discovered the key to the world's first successful nuclear device?

567

00:37:50,500 --> 00:37:57,500

Did they do it themselves? Or might they have had access to the same ancient texts the Germans did

568

00:37:57,500 --> 00:38:01,500

that described powerful weapons and extraterrestrial aircraft?

569

00:38:01,500 --> 00:38:05,500

It's something that's never denied by people that research this thing.

570

00:38:05,500 --> 00:38:12,500

There is a geophysicist in Germany, Dr. Axel Stoll, and he's done a technical translation

571

00:38:12,500 --> 00:38:19,500

of some of the ancient Indian texts with an eye towards the idea that it may have had something to do

572

00:38:19,500 --> 00:38:22,500

with the German flying disc built during the Second World War.

573

00:38:22,500 --> 00:38:24,500

So this idea is a possibility.

574

00:38:27,500 --> 00:38:32,500

Perhaps the most amazing technological advancement in the history of mankind

575

00:38:33,500 --> 00:38:36,500

was placing a man on the moon.

576

00:38:37,500 --> 00:38:44,500

On July 20, 1969, less than 25 years after the end of World War II,

577

00:38:44,500 --> 00:38:51,500

astronauts Neil Armstrong and Buzz Aldrin stood on the surface of an actual alien world.

578

00:38:52,500 --> 00:38:56,500

But how did such a technological leap forward happen so quickly?

579

00:38:56,500 --> 00:39:02,500

And could it possibly have been tied to ancient technologies discovered by Germany?

580

00:39:05,500 --> 00:39:12,500

If you think about all the technology we have today, there isn't anything that either wasn't invented

581

00:39:12,500 --> 00:39:18,500

during this period of time or greatly enhanced by the Germans during the right years.

582

00:39:18,500 --> 00:39:22,500

The Germans pretty much invented our modern world.

583

00:39:23,500 --> 00:39:30,500

Following the end of World War II, many of Germany's top scientists, engineers,

584

00:39:30,500 --> 00:39:40,500

and technicians were captured and brought to America as part of a secret project known as Operation Paperclip.

585

00:39:40,500 --> 00:39:47,500

Operation Paperclip was a U.S. government project to bring German scientists to the United States

586

00:39:47,500 --> 00:39:50,500

to work, either for the military or for industry.

587

00:39:52,500 --> 00:39:57,500

They were taken into custody, they were granted asylum, they were brought to the United States.

588

00:39:57,500 --> 00:40:04,500

Their horrific war crimes with concentration camp victims were expunged.

589

00:40:05,500 --> 00:40:11,500

The most important and influential of these former German scientists was Dr. Werner von Braun,

590

00:40:11,500 --> 00:40:15,500

the commander of Germany's Panamunda Space Research Center.

591

00:40:16,500 --> 00:40:22,500

Von Braun was really the developer of the V-1 and the V-2 rocket.

592

00:40:22,500 --> 00:40:29,500

He was a member of the Nazi Party. His commanders were SS generals.

593

00:40:29,500 --> 00:40:36,500

He was privy to some of the most secret projects that Nazi Germany was developing during the war.

594

00:40:36,500 --> 00:40:44,500

Once in America, von Braun quickly established himself as the leader of the U.S. military's burgeoning rocket program.

595

00:40:45,500 --> 00:40:49,500

He would eventually become one of the key architects of NASA.

596

00:40:49,500 --> 00:40:57,500

In fact, the first rockets that the United States was launching out in New Mexico were essentially the V-2 rockets.

597

00:40:57,500 --> 00:41:03,500

In fact, I think the only real difference was that we'd taken the swastikas and the iron crosses off.

598

00:41:03,500 --> 00:41:19,500

The whole space race almost seems like a joke as I look back on it, because the fact is that there wasn't an American rocket program

599

00:41:19,500 --> 00:41:23,500

versus a Russian rocket program. We had a German rocket program. We didn't have an American rocket program.

600

00:41:24,500 --> 00:41:36,500

There's no question as you look at NASA, there's no getting to the moon without von Braun and the other German rocket scientists.

601

00:41:36,500 --> 00:41:42,500

In many ways, the American government has just carried on what the Third Reich was doing.

602

00:41:42,500 --> 00:41:46,500

Building underground bases and factories.

603

00:41:46,500 --> 00:41:57,500

Developing secret technology. And this technology was also in ancient times too, and it was the same technology that was used in the Vamanas.

604

00:42:00,500 --> 00:42:12,500

In 1970, UFO researcher Alan Greenfield claims to have met rocket expert Werner von Braun while examining declassified files at Wright-Patterson Air Force Base.

605

00:42:13,500 --> 00:42:18,500

And I said to him, how did you develop that much technology so fast?

606

00:42:18,500 --> 00:42:27,500

And he looked down the rows of UFO files and he said, we had help from them.

607

00:42:27,500 --> 00:42:38,500

And I said, you mean them, meaning the aliens? He said, yeah, we had help. We all got help from them.

608

00:42:39,500 --> 00:42:42,500

And that was like the eye-opening moment.

609

00:42:46,500 --> 00:42:57,500

The evidence that the Nazis were aware of, non-human technology, is simply the fact of the existence of this incredible technology that they had by the end of the war.

610

00:42:58,500 --> 00:43:03,500

In the end, Adolf Hitler's quest for a powerful new wonder weapon failed.

611

00:43:04,500 --> 00:43:15,500

But the technological advancements created by German scientists did succeed in changing our world, and even threatening our very existence.

612

00:43:19,500 --> 00:43:26,500

But could today's space age technology really be the result of ancient alien research?

613

00:43:27,500 --> 00:43:36,500

And if extraterrestrials once possessed deadly weapons capable of mass destruction, what happened to them?

614

00:43:38,500 --> 00:43:45,500

Did they become victims of their own superintelligence? If so, will we?

615

00:43:47,500 --> 00:43:53,500

Perhaps only time and space will tell.
