

1

00:00:00,000 --> 00:00:07,000

A great deluge, nearly wiping out every living thing

2

00:00:07,000 --> 00:00:11,000

on our planet's surface.

3

00:00:11,000 --> 00:00:18,000

Cosmic battles waged over the skies of Germany.

4

00:00:18,000 --> 00:00:22,000

And geologic cataclysms threatening the future of

5

00:00:22,000 --> 00:00:27,000

humanity. For centuries, mankind has faced

6

00:00:27,000 --> 00:00:30,000

almost every calamity imaginable.

7

00:00:30,000 --> 00:00:35,000

But are we at the mercy of natural forces?

8

00:00:35,000 --> 00:00:41,000

Or is there an even higher power at work?

9

00:00:41,000 --> 00:00:45,000

The aliens that apparently created us had the ability

10

00:00:45,000 --> 00:00:49,000

and the desire to keep human beings disunited.

11

00:00:49,000 --> 00:00:53,000

They can control us and we cannot control them.

12

00:00:53,000 --> 00:00:56,000

That makes us a second class species.

13

00:00:56,000 --> 00:01:01,000

If anything, they may be more violent than we are.

14

00:01:01,000 --> 00:01:05,000

Millions of people around the world believe we have been

15

00:01:05,000 --> 00:01:09,000

visited in the past by extraterrestrial beings.

16

00:01:09,000 --> 00:01:12,000

What if it were true?

17

00:01:12,000 --> 00:01:16,000

Did ancient aliens really help to shape our history?

18

00:01:16,000 --> 00:01:22,000

If so, were they out to control us, to exterminate us,

19

00:01:22,000 --> 00:01:26,000

or to prepare us for the future?

20

00:01:52,000 --> 00:01:57,000

Tortugero, Mexico.

21

00:01:57,000 --> 00:02:02,000

Within this archaeological site lie the ruins of a Maya city

22

00:02:02,000 --> 00:02:07,000

that once thrived from 250 to 900 A.D.

23

00:02:07,000 --> 00:02:12,000

Among the many artifacts discovered here are examples

24

00:02:12,000 --> 00:02:18,000

of Maya script, also known as Maya hieroglyphic.

25

00:02:19,000 --> 00:02:25,000

Also known as Maya hieroglyphs, a fully developed written language.

26

00:02:29,000 --> 00:02:34,000

In April 2006, Mayanist scholar David Stewart

27

00:02:34,000 --> 00:02:39,000

deciphered inscriptions that were found on what's known as Monument 6.

28

00:02:39,000 --> 00:02:44,000

Researchers believe the translated text provides further proof

29

00:02:44,000 --> 00:02:51,000

that the Maya's long count calendar will end on December 21, 2012.

30

00:02:55,000 --> 00:03:01,000

According to Maya tradition, the gods will return at that date.

31

00:03:01,000 --> 00:03:04,000

And you can read Chiseled in stone,

32

00:03:04,000 --> 00:03:09,000

will descend with glory, God Bologna Jocte.

33

00:03:09,000 --> 00:03:13,000

Bologna Jocte was one of the Maya creator gods

34

00:03:13,000 --> 00:03:16,000

who created human intelligence.

35

00:03:19,000 --> 00:03:24,000

The ancient Mayans were attuned to higher wisdom, higher knowledge.

36

00:03:24,000 --> 00:03:32,000

And their forecast of December 21, 2012, the winter solstice,

37

00:03:32,000 --> 00:03:40,000

as a major marker in the age of Earth, was a true insight into what's coming.

38

00:03:40,000 --> 00:03:43,000

It is a marker of a change into a new age.

39

00:03:45,000 --> 00:03:50,000

The Maya civilization, established as early as 2000 BC,

40

00:03:50,000 --> 00:03:56,000

produced highly advanced architecture, agriculture, mathematics and astronomy.

41

00:03:58,000 --> 00:04:01,000

But ancient astronaut theorists believe

42

00:04:01,000 --> 00:04:05,000

the amazing accomplishments of the Maya may be due in part

43

00:04:05,000 --> 00:04:08,000

to contact with early extraterrestrials.

44

00:04:10,000 --> 00:04:15,000

And the ultimate proof, they say, is in the creation of the Maya calendar.

45

00:04:17,000 --> 00:04:21,000

Scholars agree upon one date when the calendar allegedly started,

46

00:04:21,000 --> 00:04:26,000

and that was the 11th of August, 3114 BC.

47

00:04:27,000 --> 00:04:32,000

In 3114 BC, the Maya did not even exist.

48

00:04:32,000 --> 00:04:39,000

So what compelled them to start their calendar in 3114 BC?

49

00:04:40,000 --> 00:04:45,000

According to the Chilambalam book, which is the book of the Jaguar priests,

50

00:04:45,000 --> 00:04:51,000

at that time the road to the stars descended from the sky,

51

00:04:51,000 --> 00:04:56,000

and the 13 and 9 gods came to Earth.

52

00:04:57,000 --> 00:05:03,000

Right there we have a direct reference to someone that has arrived from outer space.

53

00:05:04,000 --> 00:05:10,000

The Mayans were one of the civilizations that reported a very strong extraterrestrial presence.

54

00:05:10,000 --> 00:05:15,000

Their alien gods were very much involved in their society, in their sciences.

55

00:05:15,000 --> 00:05:20,000

The thought here is that maybe this is a prophecy that was put there

56

00:05:20,000 --> 00:05:26,000

by the aliens through the Mayans in this calendar that the world is going to end in the year 2012.

57

00:05:27,000 --> 00:05:36,000

Apocalypse. Armageddon. The end of days.

58

00:05:36,000 --> 00:05:41,000

Embedded in numerous ancient cultures and religions around the world,

59

00:05:41,000 --> 00:05:47,000

is the idea that civilization, as we know it, will come to a tumultuous end.

60

00:05:56,000 --> 00:06:01,000

Such apocalyptic beliefs are the driving force behind the final chapter

61

00:06:01,000 --> 00:06:06,000

of the Judeo-Christian Bible called the Book of Revelation.

62

00:06:06,000 --> 00:06:13,000

According to the text, an angel of God appeared to the apostle John on the island of Patmos

63

00:06:13,000 --> 00:06:16,000

and shared with him visions of the future,

64

00:06:16,000 --> 00:06:22,000

that God would return in end times to pass judgment on all humanity.

65

00:06:26,000 --> 00:06:33,000

The Book of Revelation tells the future of mankind, where angels appear over the earth

66

00:06:33,000 --> 00:06:37,000

and the angel will punish mankind.

67

00:06:37,000 --> 00:06:48,000

An earthquake, thunderstorm, gigantic floods and catastrophes on earth.

68

00:06:49,000 --> 00:06:55,000

Further evidence of a prophesied apocalypse was found in 1947

69

00:06:55,000 --> 00:06:59,000

in arid caves high above the Judean desert.

70

00:07:01,000 --> 00:07:08,000

Archaeologists discovered nearly 900 documents believed to have been written in the time of Jesus.

71

00:07:08,000 --> 00:07:11,000

They are the Dead Sea Scrolls.

72

00:07:11,000 --> 00:07:15,000

Among them is one called the War Scroll,

73

00:07:15,000 --> 00:07:20,000

that spells out in chilling detail a future apocalyptic war

74

00:07:20,000 --> 00:07:25,000

between the forces of light and dark.

75

00:07:26,000 --> 00:07:31,000

The Dead Sea Scrolls are talking about a war between good angels and bad angels.

76

00:07:31,000 --> 00:07:35,000

And invariably, in almost every ancient literature, you end up with these cosmic fights

77

00:07:35,000 --> 00:07:39,000

between the forces of good and the forces of evil.

78

00:07:41,000 --> 00:07:45,000

The idea that somehow the gods have different factions

79

00:07:45,000 --> 00:07:51,000

and they fight against each other has sometimes given rise to ideas like

80

00:07:51,000 --> 00:07:57,000

maybe there was an ancient war between alien factions visiting the earth.

81

00:07:57,000 --> 00:08:04,000

That would have provided the visual imagery and the basic ideas for some of the ancient mythology.

82

00:08:04,000 --> 00:08:11,000

In Judeo-Christian and Islamic tradition, there's an idea that there will be some kind of final warfare

83

00:08:11,000 --> 00:08:14,000

when God defeats Satan once and for all.

84

00:08:15,000 --> 00:08:20,000

That's been interpreted by some people to say that the aliens will come back

85

00:08:20,000 --> 00:08:23,000

and they'll fight it out again one final time.

86

00:08:26,000 --> 00:08:32,000

But have these warnings of imminent war on earth actually come from God?

87

00:08:32,000 --> 00:08:35,000

Or could they have originated from somewhere else?

88

00:08:35,000 --> 00:08:39,000

And if the four warned apocalypse were to occur,

89

00:08:39,000 --> 00:08:44,000

might it simply be part of a recurring cycle of natural phenomena?

90

00:08:46,000 --> 00:08:49,000

The Toba Supervolcano, Indonesia.

91

00:08:51,000 --> 00:08:57,000

75,000 years ago, this massive volcanic lake erupted,

92

00:08:58,000 --> 00:09:03,000

triggering a major climate change that nearly obliterated mankind.

93

00:09:07,000 --> 00:09:10,000

When you have one of these massive volcanic eruptions,

94

00:09:10,000 --> 00:09:14,000

what you have to worry about is the dust in the upper atmosphere

95

00:09:14,000 --> 00:09:17,000

because that shields the sunlight and the planet can cool.

96

00:09:17,000 --> 00:09:22,000

And if that lasts long enough, you can really mess with the life cycle of the organisms that are around at that time.

97

00:09:23,000 --> 00:09:27,000

Scientists call this an example of a genetic bottleneck,

98

00:09:28,000 --> 00:09:34,000

a catastrophic event that dramatically decreases the genetic diversity of a species.

99

00:09:36,000 --> 00:09:43,000

At least twice, homo sapiens experienced such a genetic bottleneck effect.

100

00:09:43,000 --> 00:09:53,000

Where the worldwide population dwindled to as few as 3,000 homo sapiens around the world.

101

00:09:54,000 --> 00:09:58,000

Same patterns of history just keep repeating themselves over and over again.

102

00:10:00,000 --> 00:10:05,000

And behind that pattern, we continue to see possibly an alien influence

103

00:10:05,000 --> 00:10:07,000

causing some of these events to happen.

104

00:10:08,000 --> 00:10:12,000

The flood stories are really very interesting.

105

00:10:12,000 --> 00:10:14,000

You find them in the Bible.

106

00:10:15,000 --> 00:10:21,000

What they all say is that this extraterrestrial race, the angels, the gods, whatever we want to call them today,

107

00:10:21,000 --> 00:10:24,000

they basically just got tired of humanity.

108

00:10:26,000 --> 00:10:32,000

They became noisy, rebellious, and it was just time to wipe them out.

109

00:10:32,000 --> 00:10:39,000

It's very possible that the aliens decided that in order to cleanse the planet,

110

00:10:39,000 --> 00:10:46,000

they needed to do things of huge magnitude, like the flood that the Bible talks about is Noah.

111

00:10:48,000 --> 00:10:52,000

God came down to him and said he was going to punish mankind.

112

00:10:52,000 --> 00:10:57,000

And Noah, you are good, and I want you to build this massive ark

113

00:10:57,000 --> 00:11:05,000

and collect all these animals, a male and female, and you put them in this boat and you float away.

114

00:11:06,000 --> 00:11:09,000

And you start all over again.

115

00:11:12,000 --> 00:11:18,000

When we come in the Bible and we see Noah, we find that he somehow knows the future,

116

00:11:18,000 --> 00:11:21,000

whereas nobody else on earth seems to know this.

117

00:11:22,000 --> 00:11:29,000

But specifically, he has been given blueprints, somehow a device whereby he can survive this catastrophe.

118

00:11:29,000 --> 00:11:35,000

Now that is something very specific, which singles Noah out as being a person

119

00:11:35,000 --> 00:11:39,000

who might have had exposure to ancient aliens.

120

00:11:40,000 --> 00:11:45,000

Maybe the extraterrestrials created some type of a catastrophe,

121

00:11:46,000 --> 00:11:53,000

but it's also possible that the flood itself was a natural disaster.

122

00:11:54,000 --> 00:12:01,000

And extraterrestrials warned the local population about this impending massive flood.

123

00:12:04,000 --> 00:12:08,000

Exeterrestrials ensured our continued survival.

124

00:12:09,000 --> 00:12:12,000

Could there be a reason for this?

125

00:12:13,000 --> 00:12:20,000

Could there be a reason why humans have survived such disasters time and time again?

126

00:12:20,000 --> 00:12:29,000

And is it really possible that the great flood and other cataclysmic extinction events were caused by extraterrestrials?

127

00:12:31,000 --> 00:12:35,000

If so, who are these destructive beings?

128

00:12:35,000 --> 00:12:39,000

And what is their ultimate purpose?

129

00:12:43,000 --> 00:12:47,000

Indonesia

130

00:12:47,000 --> 00:12:50,000

2004

131

00:12:50,000 --> 00:12:55,000

A massive underwater earthquake produces a tsunami

132

00:12:55,000 --> 00:13:00,000

that kills over 230,000 people

133

00:13:02,000 --> 00:13:05,000

in 14 coastal countries.

134

00:13:06,000 --> 00:13:11,000

It was one of the deadliest natural disasters in recorded history.

135

00:13:12,000 --> 00:13:19,000

Geologists determined that the violent movement of tectonic plates on the floor of the Indian Ocean

136

00:13:19,000 --> 00:13:25,000

created lethal tidal waves measuring a height of nearly 100 feet.

137

00:13:27,000 --> 00:13:32,000

Tsunamis are basically super tidal waves

138

00:13:32,000 --> 00:13:38,000

and it really comes down to at the simplest level is how much energy is put into the ocean

139

00:13:38,000 --> 00:13:41,000

at the point it generates the tidal wave.

140

00:13:42,000 --> 00:13:47,000

And the water gets displaced and it actually forms a wave that can be very coherent in travel for large distances

141

00:13:47,000 --> 00:13:50,000

and will eventually hit the shore somewhere.

142

00:13:52,000 --> 00:13:57,000

But just days before the disaster, several eyewitnesses reported seeing strange,

143

00:13:57,000 --> 00:14:01,000

unidentified flying objects to the India Daily newspaper.

144

00:14:01,000 --> 00:14:07,000

People were reporting seeing bright lights in the sky prior to and during that tsunami.

145

00:14:07,000 --> 00:14:12,000

Scientists think that that's just maybe the tectonic plates are rubbing each other

146

00:14:12,000 --> 00:14:15,000

and there's so much friction that they're giving off a glow.

147

00:14:17,000 --> 00:14:21,000

Known as earthquake lights,

148

00:14:21,000 --> 00:14:27,000

mainstream scientists have been studying these phenomena since they were first photos of the earthquake.

149

00:14:27,000 --> 00:14:34,000

But although there are many theories as to their cause, there has been, as yet, no viable explanation.

150

00:14:34,000 --> 00:14:42,000

What is becoming very apparent is that UFO activity and tectonic activity go hand in hand.

151

00:14:42,000 --> 00:14:48,000

Now there are an awful lot of questions to be asked here and science needs to answer an awful lot of them.

152

00:14:48,000 --> 00:14:55,000

But the fact that there are so many theories is that there are so many theories that there are no viable explanations.

153

00:14:55,000 --> 00:14:58,000

Science needs to answer an awful lot of them.

154

00:14:58,000 --> 00:15:00,000

The central question is this.

155

00:15:00,000 --> 00:15:05,000

Is this UFO phenomenon just a byproduct of the tectonic activity?

156

00:15:11,000 --> 00:15:15,000

Iceland, April 2010.

157

00:15:15,000 --> 00:15:21,000

One of the country's largest volcanoes erupts for the first time in nearly two centuries.

158

00:15:22,000 --> 00:15:32,000

In the aftermath of the blast, sky news captured footage of an unusual V-shaped flying object amongst the plume of smoke and ash.

159

00:15:34,000 --> 00:15:38,000

An awful lot of video material was taken of this volcanic eruption

160

00:15:38,000 --> 00:15:44,000

and some of it clearly shows an anomalous object hovering roughly around the volcano.

161

00:15:44,000 --> 00:15:48,000

This object is clearly under intelligent control

162

00:15:48,000 --> 00:15:56,000

and from what we see on the video, it's also apparent that this isn't birds as some skeptics have been trying to argue.

163

00:15:59,000 --> 00:16:10,000

According to scientists, volcanic eruptions are natural events that occur when rocks deep within the earth become so hot they melt and form magma.

164

00:16:11,000 --> 00:16:17,000

Basically, you build up a lot of pressure in the magma in the location where the volcano is

165

00:16:17,000 --> 00:16:24,000

and it has a point where it can release and then that magma and the hot gases and the hot lava all kind of erupt out through the top.

166

00:16:26,000 --> 00:16:35,000

Still, some researchers believe there is a high correlation between catastrophic events and the appearance of UFOs.

167

00:16:36,000 --> 00:16:45,000

The fact that we have UFOs before and sometimes during these events, whether tsunami or earthquakes, clearly shows that something is present.

168

00:16:45,000 --> 00:16:53,000

Now the question is, are they just monitoring it or are they actually somehow involved with it? Are they causing it?

169

00:16:56,000 --> 00:16:59,000

Is there a way that you can trigger a volcano?

170

00:16:59,000 --> 00:17:08,000

For example, let's say it's sort of on the verge anyway, is there something you can do technologically to either trigger it or to make it worse?

171

00:17:08,000 --> 00:17:17,000

We don't know, we just see this apparent foreknowledge of an event like that happening, the UFO shows up, the event happens.

172

00:17:18,000 --> 00:17:28,000

According to ancient astronaut theorists, alien spacecraft have been spotted at or near the sites of so-called natural catastrophes since ancient times.

173

00:17:30,000 --> 00:17:44,000

But why? Is it possible extraterrestrials are merely curious about geologic events on earth? Or could there be another, perhaps more sinister, motive for their interest?

174

00:17:48,000 --> 00:17:51,000

April 14th, 1561.

175

00:17:53,000 --> 00:17:54,000

Nuremberg, Germany.

176

00:17:56,000 --> 00:18:07,000

Citizens awoke at dawn, to the spectacle of cylindrical objects appearing in the sky, from which red, black, orange and blue discs emerged.

177

00:18:08,000 --> 00:18:21,000

According to eyewitness accounts reported in the Nuremberg Gazette, tubes resembling cannon barrels also appeared and the objects began to fight one another.

178

00:18:24,000 --> 00:18:31,000

After about an hour of battle, the entities seemed to catch fire and fell to earth where they turned to steam.

179

00:18:32,000 --> 00:18:44,000

Five years later, Austrian architect Hans Glazer created a woodcut detailing what he observed during the famous event.

180

00:18:45,000 --> 00:18:54,000

In that woodcut and in the eyewitness reports, we actually see UFOs in battle. They were reported actually fighting each other, shooting each other down.

181

00:18:55,000 --> 00:19:02,000

If you look at the bottom right-hand corner of the woodcut, you'll actually see a couple of circles in the ground giving off smoke.

182

00:19:03,000 --> 00:19:05,000

They've obviously crashed. They've been shot down.

183

00:19:06,000 --> 00:19:13,000

That is very interesting because it shows that the pattern of aggression amongst the UFOs has been going on for a long time.

184

00:19:14,000 --> 00:19:23,000

To some ancient astronaut theorists, the 540-year-old woodcut is evidence of an alien cosmic war.

185

00:19:24,000 --> 00:19:31,000

And, in fact, they claim similar hostile events have occurred in human history for millennia.

186

00:19:32,000 --> 00:19:49,000

The evidence from the record, from eyewitness testimony, shows a connection between the UFO and a thinning effort where there's apparently a wanton intention to wipe out or thin out the human race.

187

00:19:50,000 --> 00:19:56,000

For example, during the plague years, there were a lot of UFO reports about bright lights in the sky that were spreading gas.

188

00:19:57,000 --> 00:20:02,000

And people were reporting that these gases were actually the cause of the plague.

189

00:20:06,000 --> 00:20:18,000

But could there really be a connection between eyewitness accounts of alien space wars and the recent sightings of UFOs during Earth's so-called natural catastrophes?

190

00:20:19,000 --> 00:20:31,000

And is there any proof that alien visitors are involved in creating cataclysmic events in a sinister effort to control or thin out Earth's population?

191

00:20:34,000 --> 00:20:47,000

Perhaps the answer can be found in Florence, Italy, among the diaries and secret papers of one of the world's most brilliant and mysterious men, Leonardo da Vinci.

192

00:20:49,000 --> 00:20:54,000

2005, Florence, Italy.

193

00:20:55,000 --> 00:21:08,000

Beyond a hidden staircase in the Santissima Anunziata convent, researchers from Italy's Military Geographical Institute discover the secret workshop of Leonardo da Vinci.

194

00:21:09,000 --> 00:21:17,000

He was the true archetypal Renaissance man, brilliant painter, brilliant inventor, brilliant poet.

195

00:21:17,000 --> 00:21:25,000

And Bedextras, could write with his left hand and his right hand at the same time, wrote backwards instead of forwards, a very interesting guy.

196

00:21:26,000 --> 00:21:37,000

Though da Vinci is renowned for his public paintings, like the Mona Lisa and the Last Supper, ancient astronaut theorists are more intrigued by his private notebooks.

197

00:21:38,000 --> 00:21:50,000

That contain sketches of futuristic military technology, including machine guns, tanks, helicopters, and even submarines.

198

00:21:51,000 --> 00:22:01,000

It clearly seems that Leonardo da Vinci was privy to a series of secrets that had been handed down for many, many thousands of years.

199

00:22:01,000 --> 00:22:15,000

Da Vinci may also have actually been contacted by human-like extraterrestrials, who either spoke to him in person or perhaps telepathically and inspired him to do so many different things.

200

00:22:17,000 --> 00:22:23,000

We do know, for example, that one of his inventions was a circular car. Looks kind of like a UFO.

201

00:22:24,000 --> 00:22:38,000

Now he's also into inventing weapons, and did that come from the fact that the UFO has demonstrated basically some aggressiveness, and did some of that maybe in some way rub off on him?

202

00:22:39,000 --> 00:22:45,000

Were they trying to give him weapons that could be used to destroy life on Earth that could have

been possible?

203

00:22:46,000 --> 00:23:02,000

But if Leonardo da Vinci did have knowledge of advanced weaponry, might he have learned of it through observation and study? Or was this knowledge given to him by another, perhaps extraterrestrial source?

204

00:23:03,000 --> 00:23:17,000

There is this book of prophecies, which is a very rare book, and in there are some type of descriptions that could indicate some type of an extraterrestrial visitation.

205

00:23:18,000 --> 00:23:28,000

There are references in which da Vinci himself says that he's had these encounters, these visions of God and angels.

206

00:23:29,000 --> 00:23:37,000

And of course, according to the ancient national hypothesis, that wasn't God, it wasn't angels, they were extraterrestrials.

207

00:23:38,000 --> 00:23:45,000

Is it possible that over the centuries, extraterrestrials have been partnering with human collaborators?

208

00:23:46,000 --> 00:23:56,000

Human beings entrusted with the kind of advanced scientific knowledge that would allow mankind to leap over centuries of normal intellectual evolution.

209

00:23:57,000 --> 00:24:10,000

To ancient astronaut theorists, the fact that mankind had gone from the horse and buggy to the moon in less than 100 years makes such a notion not only possible, but entirely probable.

210

00:24:12,000 --> 00:24:24,000

In our development, all of a sudden, we've made a quantum leap where we were sitting in caves munching on bananas, and the next thing we do is we're building pyramids.

211

00:24:25,000 --> 00:24:34,000

Virtually overnight, and so that quantum leap can be explained with a direct extraterrestrial intervention of our past.

212

00:24:35,000 --> 00:24:47,000

And the visitors are the ones who are revered as gods, who seem to come on flying shields or silver boats, or any of the various descriptions of extraterrestrial technology that you see in these ancient legends.

213

00:24:48,000 --> 00:24:53,000

And they consistently are trying to cultivate humanity in a direction that's beneficial for everyone.

214

00:24:54,000 --> 00:25:09,000

There are many who believe extraterrestrial visitors might have provided intellectual inspiration to men like Albert Einstein, whose theories of relativity opened the door for the possibility of future travels through space and time.

215

00:25:10,000 --> 00:25:18,000

J. Robert Oppenheimer, whose research in the field of theoretical physics resulted in the development of atomic weapons.

216

00:25:19,000 --> 00:25:27,000

Werner von Braun, whose innovations in advanced rocket technology led to the modern-day space program.

217

00:25:28,000 --> 00:25:45,000

When we look into the lives and the motivations as to Werner von Braun and to why he wanted to take mankind into outer space, we're confronted with the fact that he was absolutely convinced that we had gone there before or that an ancient civilization had come from there to us.

218

00:25:46,000 --> 00:25:58,000

These people were motivated and specifically they wanted to take us to space because they were convinced that somehow they would find something which would completely change planet Earth.

219

00:25:59,000 --> 00:26:11,000

Then there is Nikola Tesla, whose experiments with electricity led to everything from satellite technology and robotics to what some would term a death ray.

220

00:26:11,000 --> 00:26:23,000

But the Tesla death ray, Tesla said, could annihilate an army of 100,000 soldiers at once and could melt an aircraft engine from 250 miles away.

221

00:26:24,000 --> 00:26:34,000

When the FBI investigated Tesla's murder, they found documentation that the Tesla death ray was in development at Wright-Patterson Air Force Base in 1943.

222

00:26:35,000 --> 00:26:42,000

Wright-Patterson Air Force Base, 1943, where was the Roswell-Flying saucer taken?

223

00:26:43,000 --> 00:26:45,000

So we have a connection to that weapon.

224

00:26:46,000 --> 00:26:54,000

Is it possible that Nikola Tesla's scientific achievements could have been influenced by alien intelligence?

225

00:26:55,000 --> 00:27:05,000

Might other human geniuses throughout time have served as human gateways, allowing extraterrestrials to jumpstart our technological advances?

226

00:27:06,000 --> 00:27:11,000

If the answer is yes, then what are we being prepared for?

227

00:27:12,000 --> 00:27:26,000

And might there be a connection between mankind's intellectual and scientific advancements and the so-called natural disasters that threaten to wipe entire populations off the face of the Earth?

228

00:27:30,000 --> 00:27:32,000

The Omo River, Ethiopia.

229

00:27:34,000 --> 00:27:37,000

Flowing south 400 miles into Lake Turkana.

230

00:27:38,000 --> 00:27:49,000

The banks of this river are rich in hominid fossil fragments, including those of chimpanzees, gorillas, and early humanoids.

231

00:27:50,000 --> 00:27:58,000

Here in 1967, paleoanthropologist Richard Leakey unearthed two partial human skulls.

232

00:27:59,000 --> 00:28:11,000

The remains date as far back as 195,000 years ago, making the fossils the oldest evidence of modern humans, or Homo sapiens.

233

00:28:14,000 --> 00:28:21,000

We are constantly still finding new breakthroughs and either more complete skeletons or a more complete site.

234

00:28:21,000 --> 00:28:26,000

If we look at the fossil record, at some point eventually you find common ancestors with chimpanzees.

235

00:28:27,000 --> 00:28:33,000

You go back really close, and you have Neanderthal and Chromagnoman, and we came out of Chromagnoman, and the Neanderthals die out.

236

00:28:34,000 --> 00:28:39,000

And it's really interesting mystery to try and piece together. Why were we more successful than they were?

237

00:28:41,000 --> 00:28:46,000

We are the only one who came out of the family tree with culture. Why?

238

00:28:47,000 --> 00:28:57,000

Evolution says by coincidence. We have adapted as best. I say no. It was an artificial mutation made out of the family tree.

239

00:28:58,000 --> 00:29:11,000

Then overnight we were building pyramids, Sumeria was created, all those different high achievements were done virtually overnight.

240

00:29:11,000 --> 00:29:20,000

So this quantum leap in development, this big bang of knowledge or intelligence, all of a sudden happened.

241

00:29:23,000 --> 00:29:31,000

And the ancient astronaut theory suggests that this is a direct result of extraterrestrials tampering with our DNA.

242

00:29:32,000 --> 00:29:34,000

So we're half human and half extraterrestrial. We're hybrids.

243

00:29:35,000 --> 00:29:54,000

We have an incredible wealth of information in stone preserved from ancient times that can lead us in a direction of really knowing that the ancient ancestors of modern humans were not simply born on Earth, but came here from somewhere else.

244

00:29:55,000 --> 00:30:03,000

But if extraterrestrials arrived here in the distant past, who were they? And why did they come here?

245

00:30:05,000 --> 00:30:11,000

Ancient astronaut theorists believe answers exist in early Sumerian texts.

246

00:30:12,000 --> 00:30:29,000

In 1849, British archaeologist Austin Henry Layard discovered 22,000 clay tablets in the ancient Sumerian city of Nineveh, in an area now known as Iraq.

247

00:30:30,000 --> 00:30:39,000

The tablets contain cuneiform script, believed to be the earliest writing system created by the Sumerians 6,000 years ago.

248

00:30:40,000 --> 00:30:46,000

Author Zechariah Sitchin spent more than 30 years translating the Sumerian clay tablets.

249

00:30:47,000 --> 00:31:03,000

In his 1976 book, *The 12th Planet*, Sitchin claims the cuneiform texts describe an alien race named the Anunnaki, who came to Earth from an undiscovered planet in our solar system, beyond Neptune, called Nibiru.

250

00:31:04,000 --> 00:31:17,000

They explained to the Sumerians that through their own rise to a technological culture, they damaged their atmosphere, and they came here seeking gold and precious elements to repair their planet's dwindling atmosphere.

251

00:31:18,000 --> 00:31:28,000

According to Sitchin, the Anunnaki first visited Earth 450,000 years ago, during the age of Neanderthals.

252

00:31:29,000 --> 00:31:38,000

And they created *Homo sapiens* through genetic engineering, to create a species to work in mind precious minerals for them.

253

00:31:39,000 --> 00:31:43,000

Our forefathers believed that they were gods.

254

00:31:44,000 --> 00:31:56,000

And they were here on purpose. They wanted to make our primitive generation at that time, intelligence. They wanted to plant curiosity into our brain.

255

00:31:57,000 --> 00:32:05,000

And we became more developed in technology, in astronomy, in every field. That's what they wanted.

256

00:32:05,000 --> 00:32:07,000

The question is, why?

257

00:32:10,000 --> 00:32:21,000

When you look at the ancient creation stories, you find that what they said about our position as Homo sapiens is that we were created to be a slave race or a work race.

258

00:32:22,000 --> 00:32:34,000

According to Sitchin's interpretation of the ancient tablets, the human civilization in Sumer was set up under the guidance of the Anunnaki.

259

00:32:35,000 --> 00:32:45,000

And to disguise alien manipulation, human kings were inaugurated to provide intermediaries between mankind and their so-called gods.

260

00:32:46,000 --> 00:32:56,000

Then, around 3000 BC, humans began building stone monuments, such as Stonehenge and the Egyptian pyramids.

261

00:32:57,000 --> 00:33:05,000

For mainstream historians, the physical ability and know-how to construct these megalithic sites remains a mystery.

262

00:33:06,000 --> 00:33:16,000

But ancient astronaut theorists contend that megaton stone monuments were erected by human laborers, aided with alien technology.

263

00:33:17,000 --> 00:33:31,000

And what do the ancient texts say about ancient Sumeria? That none of this could have been possible without the help of the gods, or in their case the Anunnaki, which means those who from the heavens came.

264

00:33:32,000 --> 00:33:51,000

Many cultures had a time when they interacted with their living gods. So who were those gods? In my mind, they were misrepresented advanced extraterrestrials, and they brought forth the technology to build the monuments we see, such as Giza or all across Bolivia, Peru and South America.

265

00:33:52,000 --> 00:34:04,000

Sitchin's interpretations of the Sumerian tablets further claim the ancient Anunnaki astronauts carried out breeding experiments to improve the species of laborers.

266

00:34:06,000 --> 00:34:16,000

But to keep the human population at bay and correct genetic mistakes, the aliens orchestrated so-called natural catastrophes.

267

00:34:16,000 --> 00:34:27,000

And the Anunnaki saw the Neanderthal man naturally evolving here on Earth and just decided to put their genetic marker on it.

268

00:34:28,000 --> 00:34:37,000

Meaning they took 80% of their genes and 20% of the hominoid that was here and created us in their image and after their likeness.

269

00:34:38,000 --> 00:34:51,000

And this was essentially when modern humanity was born and starts to show up in the fossil record. It wasn't until 75,000 years ago that you have this supervolcano that goes off in Lake Toba.

270

00:34:52,000 --> 00:35:03,000

In the aftermath of that, great cataclysm, it appears that we went through further genetic modifications. Very, very powerful ETs came in and upgraded our DNA.

271

00:35:04,000 --> 00:35:12,000

They probably figured, you know, there's something wrong with this species. So they probably create these disasters like the flood.

272

00:35:13,000 --> 00:35:18,000

And then of course, there's always that biblical perspective and people believe God did it.

273

00:35:19,000 --> 00:35:32,000

Well, God could have been the extraterrestrials, could have created that somehow. It's very possible and very likely that in order to eradicate a species that they may have genetically altered themselves,

274

00:35:33,000 --> 00:35:37,000

and screwed up with, that they needed to get rid of them and start all over again.

275

00:35:38,000 --> 00:35:53,000

The ultimate proof for the ancient astronaut theory will not be in a megalithic site. It won't be finding a crashed spaceship, but it will be found deep within our genes.

276

00:35:53,000 --> 00:36:02,000

And that is exactly what the ancient texts are saying, that we were created in the image of the gods.

277

00:36:06,000 --> 00:36:16,000

Though more than 20,000 genes have been identified in the human genome, scientists worldwide have

only begun to understand the origins of man.

278

00:36:17,000 --> 00:36:25,000

As geneticists continue to study our DNA, might they find traces of an alien species in our genes?

279

00:36:26,000 --> 00:36:35,000

And if homo sapiens were genetically engineered by aliens, might they have continued to shape our existence?

280

00:36:36,000 --> 00:36:40,000

Albert County, Georgia

281

00:36:41,000 --> 00:36:48,000

Four 18-foot tall granite stones form a mysterious monument, some call the American Stonehenge.

282

00:36:49,000 --> 00:37:00,000

Engraved in the giant stones, in 12 languages are 10 guides or commandments suggesting how to rebuild civilization after the apocalypse.

283

00:37:00,000 --> 00:37:16,000

Known as the Georgia Guidestones, the monument was built in 1979 by an unknown man going by the

pseudonym R.C. Christian.

284

00:37:17,000 --> 00:37:34,000

Some people have a theory that whoever put those guide stones up was either a Freemason or that the name R.C. Christian was really a way to parrot the fictional founder of Rosicrucianism centuries earlier.

285

00:37:35,000 --> 00:37:44,000

When you trace them back to the ancient gods who wore the same symbolic aprons, they were the ancient aliens that we now talk about.

286

00:37:46,000 --> 00:37:56,000

Was the monument secretly built by followers of Rosicrucianism, an ancient society of mystics and philosophers who were inspired by the religions of the Far East?

287

00:37:57,000 --> 00:38:04,000

If so, might the stones contain coded messages intended to prepare us for the imminent apocalypse?

288

00:38:04,000 --> 00:38:30,000

Perhaps. But to some ancient astronaut theorists, warnings of an impending apocalypse are meant to caution human beings against the very real prospect of an alien invasion. Or worse, perhaps the examination, vivisection and eventual annihilation of all human life on our planet.

289

00:38:35,000 --> 00:38:49,000

Since the late 19th century, modern reports of aliens abducting and probing humans have numbered in the tens of thousands.

290

00:38:50,000 --> 00:39:01,000

Researcher David M. Jacobs has spent more than 40 years studying so-called abductees and their alien encounters through the use of hypnosis.

291

00:39:02,000 --> 00:39:19,000

The preponderance of evidence, a person after person saying the same thing to me, things that I could never have imagined being thought up. Then I began to realize, oh my god, this is actually happening. And I was dumbstruck by the fact that this was convincing evidence to me.

292

00:39:20,000 --> 00:39:44,000

What Dr. Jacobs has reported is that what the aliens seem to have been doing for these last 40 years, perhaps longer, is that when they abduct people, it's not just an experiment. They are actually engaged in a very intense, very involved program of genetic breeding, where they are breeding hybrids.

293

00:39:45,000 --> 00:40:02,000

The abductees that he's been talking to, according to him, have gotten to the point of this massive program of creating hybrids, where now the hybrids look like us quite a bit. But behaviorally, psychologically, they're still alien.

294

00:40:03,000 --> 00:40:13,000

Jacobs claims alien human hybrids can communicate telepathically and dictate human thoughts neurologically.

295

00:40:13,000 --> 00:40:28,000

These beings can't put ideas, images in people's minds quite easily. Therefore, what people describe is that they can be controlled on a number of different levels by the minds of these other beings.

296

00:40:29,000 --> 00:40:41,000

Since 2003, abductees have supposedly been reporting to Jacobs that the hybrids were being integrated into society, unnoticed by humans.

297

00:40:42,000 --> 00:40:59,000

To me, this is possible evidence of the plan to do another thinning, to kind of make room for this new jump from modern Homo sapiens to whatever we're going to call this new Homo sapiens.

298

00:41:00,000 --> 00:41:09,000

That is the potential future apocalypse involving the alien presence. And that's where I see some dangerous signs.

299

00:41:13,000 --> 00:41:27,000

Some people think that these beings are benevolent, that they are here to help us, to stop war, cure cancer, that they are here for reasons that have everything to do with us and very little to do with them.

300

00:41:28,000 --> 00:41:37,000

I don't see benevolence here. I don't see malevolence. But I see the furthering of an alien agenda of which we do not know the future.

301

00:41:39,000 --> 00:41:48,000

Some people have theorized that the creation of an alien hybrid race might be a way of accomplishing a better age on Earth.

302

00:41:48,000 --> 00:42:03,000

And there are some abductees who even bring back predictions that there will be a time called the change when there will be aliens and humans living together on Earth as if it were a return of the age of paradise.

303

00:42:05,000 --> 00:42:12,000

There are others who think that they are coming to create a better Earth. Some think they're coming to take over the Earth.

304

00:42:18,000 --> 00:42:33,000

We really don't know the alien agenda. We do know that they have been telling abductees for a long time that soon everybody will be happy. Soon everyone will know their place. Soon we will all be together.

305

00:42:34,000 --> 00:42:43,000

This has been going on for thousands of years with the creation of Homo sapiens. I mean, from the very get-go.

306

00:42:44,000 --> 00:42:55,000

So to suggest that now is the time where, you know, a new hybrid extraterrestrial Homo sapiens will emerge in this new age of consciousness.

307

00:42:56,000 --> 00:43:04,000

No, no, it won't. We already are hybrids. We already are part extraterrestrial and part human.

308

00:43:08,000 --> 00:43:19,000

Human and alien hybrids? Extraterrestrial engineering designed to weed out excessive population growth or perhaps to exterminate inferior genetic strains?

309

00:43:20,000 --> 00:43:29,000

Might geological catastrophes and meteorological calamities be the work of unseen, perhaps alien hands?

310

00:43:30,000 --> 00:43:47,000

For skeptics, the answer is a resounding no. But with the end of the Mayan calendar looming in 2012, could all of our questions about the alien agenda finally be answered?

311

00:43:49,000 --> 00:43:54,000

Perhaps only those of us who survive on that date will ever learn the truth.
