

1

00:00:00,000 --> 00:00:05,000

Luminous relics in the shape of human skulls.

2

00:00:05,000 --> 00:00:09,000

The skull was cut against its grain.

3

00:00:09,000 --> 00:00:13,000

This skull should not exist.

4

00:00:13,000 --> 00:00:19,000

Otherworldly artifacts believe to harness the secrets of the universe.

5

00:00:19,000 --> 00:00:24,000

The skulls are contained as great knowledge, great wisdom, information,

6

00:00:24,000 --> 00:00:28,000

vital to the very survival of the human race.

7

00:00:28,000 --> 00:00:31,000

Are they part of an elaborate hoax?

8

00:00:31,000 --> 00:00:38,000

These crystal skulls may have some kind of very strange mystical powers.

9

00:00:38,000 --> 00:00:43,000

Or do they reveal an extraterrestrial agenda?

10

00:00:43,000 --> 00:00:47,000

Crystal skulls aren't very much a powerful weapon.

11

00:00:47,000 --> 00:00:54,000

Millions of people around the world believe we have been visited in the past by extraterrestrial beings.

12

00:00:54,000 --> 00:00:57,000

What if it were true?

13

00:00:57,000 --> 00:01:02,000

Did ancient aliens really help to shape our history?

14

00:01:02,000 --> 00:01:10,000

And if so, might the proof be found when we examine the mysterious power of the crystal skulls?

15

00:01:27,000 --> 00:01:47,000

December 12, 2012, Miami, Florida

16

00:01:47,000 --> 00:01:51,000

Just days before the Mayan calendar is set to end,

17

00:01:51,000 --> 00:01:55,000

hundreds converge here at the Miami Circle,

18

00:01:55,000 --> 00:02:02,000

an archaeological site that was once a sacred center for the Native American to cast a tribe.

19

00:02:02,000 --> 00:02:13,000

They are gathered to witness a native ritual involving an ancient relic known as the crystal skull.

20

00:02:13,000 --> 00:02:20,000

Similar events centered around these mysterious crystal artifacts continue to draw large crowds.

21

00:02:20,000 --> 00:02:29,000

But why? What is it about the crystal skulls that has fascinated mankind for centuries?

22

00:02:29,000 --> 00:02:38,000

Part of the lore or prophecy of the crystal skulls is that at certain times of strife or perhaps impending catastrophe,

23

00:02:38,000 --> 00:02:44,000

people will be able to use the power of the skull to forestall that cataclysm.

24

00:02:44,000 --> 00:02:55,000

Maybe events like we see throughout the world at specific dates are times when these skulls can be brought back together and their power can be amplified.

25

00:02:55,000 --> 00:03:05,000

According to the legend, the skulls are containers of great knowledge, great wisdom, information.

26

00:03:05,000 --> 00:03:24,000

Common to all of these legends is that these crystal skulls are something particularly special and actually they believe very important to humanity.

27

00:03:24,000 --> 00:03:29,000

Although there have been literally hundreds of crystal skulls found throughout the world,

28

00:03:29,000 --> 00:03:37,000

according to legend, there are only 13 which are believed to possess an awesome mystical power.

29

00:03:37,000 --> 00:03:46,000

The crystal skulls have become so famous that the field has been flooded with dozens of modern skulls.

30

00:03:46,000 --> 00:03:54,000

And on a number of occasions, people who have possessed these skulls are trying to pretend as if their skull is ancient.

31

00:03:54,000 --> 00:04:03,000

And this of course is very difficult because at the same time we have the skeptics, the scientists, who basically say it is all fake.

32

00:04:03,000 --> 00:04:15,000

And so as a result of which we really confronted with a mixture of crystal skulls and a very difficult situation.

33

00:04:15,000 --> 00:04:25,000

According to crystal skulls enthusiasts, as many as 12 of the 13 authentic skulls have been discovered and are in private collections.

34

00:04:25,000 --> 00:04:33,000

But where did these so-called authentic skulls come from and how were they discovered?

35

00:04:33,000 --> 00:04:43,000

In the late 19th century, museums in London and Paris displayed crystal skulls as genuine Mesoamerican religious relics.

36

00:04:43,000 --> 00:04:50,000

But today, mainstream scientists argue they are all modern creations.

37

00:04:50,000 --> 00:04:59,000

They also insist that any analysis of the skulls is incomplete as quartz crystal cannot be carbon dated.

38

00:04:59,000 --> 00:05:04,000

Quartz has no carbon. Quartz actually has no radioactive elements in it. It's pretty much pure silicon.

39

00:05:04,000 --> 00:05:10,000

So the quartz itself has no real signature that can be used to do dating.

40

00:05:10,000 --> 00:05:16,000

Even getting within a thousand years or 10,000 years, it gets almost impossible to actually date it.

41

00:05:17,000 --> 00:05:26,000

Authenticity is something difficult to determine when they've been analyzed using modern scientific techniques.

42

00:05:26,000 --> 00:05:31,000

In some cases there are suggestions that modern tools were being used.

43

00:05:31,000 --> 00:05:37,000

Other people have suggested, however, they were using very sophisticated tools back in ancient times.

44

00:05:38,000 --> 00:05:49,000

Some people believe that because there are tool markings on the teeth of some of the crystal skulls, that therefore they are relatively modern fakes.

45

00:05:49,000 --> 00:05:57,000

However, there are others who point out that actually the ancient Maya had wheel carving technologies.

46

00:05:58,000 --> 00:06:07,000

But to jump to the conclusion that simply because there are tool markings, that somehow this means it is a 19th century fake, it's simply unscientific.

47

00:06:08,000 --> 00:06:19,000

Like crystal skulls enthusiasts, many ancient astronaut theorists believe that the 12 known ancient quartz skulls do, in fact, have ancient origins.

48

00:06:19,000 --> 00:06:25,000

And believe they may possess a great, perhaps even other, worldly power.

49

00:06:26,000 --> 00:06:29,000

One that has yet to be fully revealed.

50

00:06:29,000 --> 00:06:33,000

There is something definitely ancient about these skulls and they're not modern carvings.

51

00:06:33,000 --> 00:06:39,000

There are suggestions that these skulls may have been from a non-human source.

52

00:06:39,000 --> 00:06:49,000

The evidence for this is scarce, but the mythologies and the legends do suggest they were known about in prehistoric times and they were revered.

53

00:06:50,000 --> 00:07:04,000

Several Native American tribes have similar stories about ancient crystal skulls that were said to have been left behind by the earliest ancestors way back in the Mr. Time.

54

00:07:04,000 --> 00:07:15,000

Some believe that these are ancient artifacts left behind by extraterrestrials or that they were remnants left over from the lost civilization.

55

00:07:16,000 --> 00:07:27,000

According to legend, the secret of the skulls will be revealed when the original 13 skulls come together to form a global grid.

56

00:07:27,000 --> 00:07:41,000

In fact, there are many who believe that this so-called reunion of the skulls will awaken sacred knowledge of the gods, knowledge that has been hidden from mankind for thousands of years.

57

00:07:42,000 --> 00:07:54,000

According to some Native American myths, there are 12 inhabited planets out there and each one of those skulls contains the information from one of these planets, including Earth.

58

00:07:54,000 --> 00:08:06,000

And the reason why there's a 13 skull is because the 13 skull contains the knowledge of all those planets. It's basically a backup.

59

00:08:07,000 --> 00:08:14,000

It's genuinely possible that some of these crystal skulls are many, many thousands of years old.

60

00:08:14,000 --> 00:08:23,000

People have suggested too that some crystal skulls aren't from this planet and that they have been brought here from other solar systems.

61

00:08:23,000 --> 00:08:28,000

And of course, if that were the case, they would have been brought here by extraterrestrials.

62

00:08:29,000 --> 00:08:38,000

Crystal skulls with extraterrestrial origins is such a profound theory even possible.

63

00:08:38,000 --> 00:08:47,000

Perhaps the answer can be found by examining one of the oldest and most enigmatic crystal skulls ever found.

64

00:08:47,000 --> 00:08:54,000

Luban Tune Belize, Central America.

65

00:08:54,000 --> 00:09:07,000

Here in the jungles of the Yucatan Peninsula lay the ruins of an ancient pre-Columbian city that thrived in the 8th century AD.

66

00:09:08,000 --> 00:09:17,000

In 1924, explorer Frederick Albert Mitchell-Hedges and his daughter Anna discover a human-sized skull made of clear quartz crystal.

67

00:09:17,000 --> 00:09:27,000

It has a detachable jaw, making it one of the most unique and anatomically accurate of all the crystal skulls.

68

00:09:28,000 --> 00:09:36,000

Mitchell-Hedges was told by the Mayans that his skull was over 3600 years old.

69

00:09:36,000 --> 00:09:41,000

This is fascinating because this would predate Mayan civilization.

70

00:09:41,000 --> 00:09:48,000

When Mitchell-Hedges passed away in 1957, the skull was bestowed to his daughter Anna.

71

00:09:48,000 --> 00:09:53,000

She guarded the skull for more than a decade before allowing it to be studied.

72

00:09:53,000 --> 00:09:57,000

And it was studied by a guy named Frank Dorland.

73

00:09:57,000 --> 00:10:03,000

And what he found was that the skull was completely baffling to him.

74

00:10:03,000 --> 00:10:13,000

He would come down at night to find the room completely glowing and the crystal skull was literally lighting up itself, a dark room, like it was a light.

75

00:10:13,000 --> 00:10:22,000

All kinds of strange phenomena would happen around the skull including people would hear strange sounds and smell, things that were not heard.

76

00:10:22,000 --> 00:10:30,000

Things like sudden flowers and things like that in the room with no explanation but that it was coming from the skull.

77

00:10:30,000 --> 00:10:38,000

So all kinds of unusual things were happening around the skull and Dorland himself couldn't figure out how the skull had been made.

78

00:10:38,000 --> 00:10:44,000

When it comes to the Mitchell-Hedges crystal skull it has been analyzed on a number of occasions.

79

00:10:44,000 --> 00:10:48,000

Frank Dorland in the 1960s did it as a private individual.

80

00:10:48,000 --> 00:10:54,000

Eulot Packer did it as well and the British Museum did a very short analysis in 1980 as well.

81

00:10:54,000 --> 00:11:00,000

So this skull has been subjected to a number of detailed scientific analyses.

82

00:11:00,000 --> 00:11:10,000

In all of those occasions what was found was that it was almost impossible for a human being to make this.

83

00:11:10,000 --> 00:11:15,000

One of the scientists that examined the skull actually said this skull shouldn't even exist.

84

00:11:15,000 --> 00:11:22,000

And that's really what led to the idea that perhaps these crystal skulls were not made by humans at all.

85

00:11:22,000 --> 00:11:27,000

And many people to this day still believe that to be the case.

86

00:11:27,000 --> 00:11:36,000

The entire mythology of the Mayans is based on extraterrestrial encounters in the past.

87

00:11:36,000 --> 00:11:46,000

Mitchell-Hedges was told by the locals that their ancestors gave that skull to them.

88

00:11:46,000 --> 00:11:53,000

My question is who were those ancestors and is their origin out there?

89

00:11:53,000 --> 00:11:56,000

And the answer of course is yes.

90

00:11:57,000 --> 00:12:09,000

Could the Mitchell-Hedges skull really be an ancient extraterrestrial relic as ancient astronaut theorists suggest?

91

00:12:09,000 --> 00:12:18,000

And if so, might this skull and others like it around the world really possess supernatural powers?

92

00:12:18,000 --> 00:12:25,000

Perhaps further evidence can be found by examining the history of another crystal skull.

93

00:12:25,000 --> 00:12:31,000

One linked to an ancient Aboriginal tribe half a world away.

94

00:12:38,000 --> 00:12:45,000

The Melanesian Islands off the coast of Papua New Guinea, 8th century AD.

95

00:12:45,000 --> 00:12:52,000

According to legend, Aboriginal tribal leaders set sail east toward the Hawaiian islands.

96

00:12:52,000 --> 00:12:57,000

They carry with them a highly revered ancestral crystal skull.

97

00:12:57,000 --> 00:13:04,000

Today, that skull known as Synergy is under the care of guardian Sherry Whitfield.

98

00:13:04,000 --> 00:13:09,000

It was given to her as a gift by a European businessman.

99

00:13:09,000 --> 00:13:14,000

When I first got the skull, I only knew a little bit of the history of it.

100

00:13:14,000 --> 00:13:18,000

I knew that it had come across Pacific and a red canoe.

101

00:13:18,000 --> 00:13:23,000

It had been in Hawaii, on Easter Island, with the people of the sky.

102

00:13:23,000 --> 00:13:29,000

In the 1600s, the skull was given to a young nun in Peru.

103

00:13:29,000 --> 00:13:35,000

On her deathbed in 1720, she passed the skull to a native family.

104

00:13:35,000 --> 00:13:39,000

I said, keep the skull until the right person comes.

105

00:13:39,000 --> 00:13:44,000

And she gave them the history and they disappeared into the jungle.

106

00:13:48,000 --> 00:13:54,000

In 2005, Whitfield was contacted by a representative of the Aboriginal tribe,

107

00:13:54,000 --> 00:13:58,000

who saw a photograph of Synergy in a newspaper.

108

00:13:58,000 --> 00:14:03,000

And he said he brought the photos and he brought the little skull to the shaman and the chief,

109

00:14:03,000 --> 00:14:06,000

and everything stopped.

110

00:14:07,000 --> 00:14:13,000

And they declared 24 hours of feasting and telling stories about the skulls.

111

00:14:13,000 --> 00:14:19,000

It was really cool because really they don't talk that much about the skulls in their everyday life.

112

00:14:19,000 --> 00:14:22,000

It's part of their sacred secrets and their teachings.

113

00:14:22,000 --> 00:14:28,000

Now they say that they didn't make the skull, that it was passed to them as a legacy.

114

00:14:28,000 --> 00:14:32,000

So it's an ancestral object.

115

00:14:32,000 --> 00:14:38,000

Their legend is that their tribe was started by a white man and a black man, twins.

116

00:14:38,000 --> 00:14:45,000

Their whole religion revolves around twins, and they have the twin of this skull.

117

00:14:45,000 --> 00:14:50,000

Their legends are that there were two of these skulls made identical.

118

00:14:50,000 --> 00:14:53,000

There's a powerful spirit in crystal skulls.

119

00:14:53,000 --> 00:15:00,000

Melanesia is populated by all different classifications of spirits, of ancestral spirits,

120

00:15:00,000 --> 00:15:07,000

meaning spirits of the remote ancestors that have to do with a particular group's creation story,

121

00:15:07,000 --> 00:15:10,000

or recently dead ancestors.

122

00:15:10,000 --> 00:15:15,000

Spiritual energy in Melanesian society is just not for people,

123

00:15:15,000 --> 00:15:20,000

it's convenient in places and objects and plants and animals.

124

00:15:23,000 --> 00:15:28,000

The notion of a spiritual energy that resides in inanimate objects

125

00:15:28,000 --> 00:15:32,000

is widespread throughout the South Pacific.

126

00:15:32,000 --> 00:15:39,000

Anthropologists who studied Melanesian societies in the 19th and early 20th centuries

127

00:15:39,000 --> 00:15:42,000

termed this supernatural force, mana.

128

00:15:42,000 --> 00:15:48,000

The idea of mana is that there is a divine, magical energy

129

00:15:48,000 --> 00:15:55,000

that is both the source of life and a kind of animating presence in things, in places, in people.

130

00:15:56,000 --> 00:16:03,000

There is reverence for specific objects because they seem particularly strong in this magical power.

131

00:16:03,000 --> 00:16:09,000

Some believe that the power comes from ancestral sources

132

00:16:09,000 --> 00:16:14,000

and that the older the ancestors, the greater the power.

133

00:16:14,000 --> 00:16:17,000

These things are incredibly important to the people.

134

00:16:17,000 --> 00:16:22,000

In all aspects of life, like warfare, hunting, gardening, fishing,

135

00:16:22,000 --> 00:16:26,000

any type of thing that normal human beings can't control.

136

00:16:26,000 --> 00:16:30,000

And these objects with this ancestral spirit energy,

137

00:16:30,000 --> 00:16:35,000

if you control them right and access them right and speak to them right

138

00:16:35,000 --> 00:16:39,000

and get their permission and get their aid and get their help,

139

00:16:39,000 --> 00:16:44,000

they can in effect pre-kill your enemy prior to battle.

140

00:16:45,000 --> 00:16:54,000

Is it really possible for objects like crystal skulls to be possessed by other worldly spirits

141

00:16:54,000 --> 00:16:57,000

as South Pacific Islanders believe?

142

00:16:57,000 --> 00:17:01,000

And if so, where do these spirits come from?

143

00:17:01,000 --> 00:17:09,000

In the South Pacific, their ancestral myths talk about people descending from the sky.

144

00:17:10,000 --> 00:17:16,000

One of the mythologies talks about two brothers descending from the sky,

145

00:17:16,000 --> 00:17:21,000

Bar-Kul-Kul and Mar-A-Lul, and the time in which they spent.

146

00:17:21,000 --> 00:17:24,000

It was considered to be the Golden Age.

147

00:17:24,000 --> 00:17:28,000

After that time ended, guess what?

148

00:17:28,000 --> 00:17:35,000

The two of them went back up into the sky to return where they came from, the stars.

149

00:17:36,000 --> 00:17:42,000

The core message of crystal skulls is that our ancestors are very specific,

150

00:17:42,000 --> 00:17:46,000

that these are divine, that these are ancient.

151

00:17:46,000 --> 00:17:50,000

Some of them are definitely known to be used for divination,

152

00:17:50,000 --> 00:17:55,000

whereby somebody basically makes contact with an intelligence

153

00:17:55,000 --> 00:18:00,000

who is either contactable or resident within this crystal skull.

154

00:18:01,000 --> 00:18:09,000

Could crystal skulls really provide a link to mankind's extraterrestrial ancestors,

155

00:18:09,000 --> 00:18:13,000

as many ancient astronaut theorists believe?

156

00:18:13,000 --> 00:18:20,000

And if so, is there something unique about the properties of these translucent objects

157

00:18:20,000 --> 00:18:24,000

that could enable them to contain supernatural powers?

158

00:18:31,000 --> 00:18:35,000

Anglesey, British Isles, 60 AD.

159

00:18:37,000 --> 00:18:41,000

Roman soldiers conquer the last stronghold of the Druids,

160

00:18:41,000 --> 00:18:49,000

a class of mystics and priests whose roots stretch back to the dawn of European civilization.

161

00:18:49,000 --> 00:18:54,000

Everything that we know about the Druids, we know through their enemies, the Romans,

162

00:18:54,000 --> 00:18:58,000

who went to a great deal of trouble to exterminate the Druids,

163

00:18:58,000 --> 00:19:02,000

because they saw them rightly as social organizers,

164

00:19:02,000 --> 00:19:08,000

as important leaders around whom the Celtic tribes coalesced.

165

00:19:10,000 --> 00:19:14,000

Many powers get attributed to the Druids.

166

00:19:14,000 --> 00:19:18,000

For example, the Druids held mystical knowledge.

167

00:19:18,000 --> 00:19:22,000

The Druids had a philosophy of reincarnation.

168

00:19:23,000 --> 00:19:31,000

The Druids used crystal to tell fortunes, to read the future, to do ecstatic mystical rituals.

169

00:19:31,000 --> 00:19:35,000

The Scott Highlanders called these stones of power.

170

00:19:35,000 --> 00:19:42,000

There's something about the crystal clarity, the strange experiences of staring into it,

171

00:19:42,000 --> 00:19:45,000

the things one can imagine.

172

00:19:45,000 --> 00:19:49,000

And the crystal ball that grew out of this and used by more recent seers

173

00:19:49,000 --> 00:19:53,000

really helped a person slip into a sort of trance state

174

00:19:53,000 --> 00:19:58,000

from which they're able to imagine or hear or experience or see something

175

00:19:58,000 --> 00:20:01,000

that is taken as important information.

176

00:20:01,000 --> 00:20:06,000

The information was considered to come from the gods or the spirits.

177

00:20:06,000 --> 00:20:10,000

Gazing into a crystal ball was another means in medieval times

178

00:20:10,000 --> 00:20:14,000

as to how to come into contact with the world of the divine,

179

00:20:14,000 --> 00:20:18,000

to make contact with otherworldly intelligences.

180

00:20:20,000 --> 00:20:28,000

Is it possible that ancient cultures accessed other dimensions through the use of crystal objects,

181

00:20:28,000 --> 00:20:32,000

as some ancient astronaut theorists suggest?

182

00:20:32,000 --> 00:20:38,000

And if so, might there be a scientific reason why divination objects like crystal skulls

183

00:20:38,000 --> 00:20:41,000

are made of this unique material?

184

00:20:41,000 --> 00:20:44,000

Crystal has a unique lattice structure,

185

00:20:44,000 --> 00:20:48,000

and some people believe that it has an other dimensional quality.

186

00:20:48,000 --> 00:20:52,000

It can transmit and receive messages from other dimensions

187

00:20:52,000 --> 00:20:56,000

and is actually other dimensional substance itself.

188

00:20:56,000 --> 00:20:59,000

Crystal's ability to communicate interdimensionally

189

00:20:59,000 --> 00:21:03,000

could explain why people throughout history have used crystal balls

190

00:21:03,000 --> 00:21:07,000

to foretell the future or even to look into the past.

191

00:21:07,000 --> 00:21:11,000

And it's interesting because when you think of the legend,

192

00:21:12,000 --> 00:21:15,000

crystal skulls were containers of great knowledge,

193

00:21:15,000 --> 00:21:18,000

then perhaps there is vast amounts of information,

194

00:21:18,000 --> 00:21:22,000

as the Native American elders say, inside a crystal skull.

195

00:21:22,000 --> 00:21:27,000

Ancient people were very much aware of how important crystals are

196

00:21:27,000 --> 00:21:30,000

and how they are, in a sense, a high-tech object.

197

00:21:30,000 --> 00:21:32,000

But how would they know that?

198

00:21:32,000 --> 00:21:36,000

They had to have these high-tech objects in the past.

199

00:21:36,000 --> 00:21:43,000

Either used by the ancient people or, in a sense, brought to us by extraterrestrials.

200

00:21:46,000 --> 00:21:49,000

Could the inherent properties in crystal

201

00:21:49,000 --> 00:21:52,000

allow for interdimensional communications and assistance,

202

00:21:52,000 --> 00:21:55,000

as some researchers suggest?

203

00:21:55,000 --> 00:21:59,000

And might this extraordinary power be used for other,

204

00:21:59,000 --> 00:22:02,000

possibly more sinister purposes?

205

00:22:03,000 --> 00:22:05,000

Perhaps the answers can be found

206

00:22:05,000 --> 00:22:10,000

by examining the tales surrounding another quartz crystal skull,

207

00:22:10,000 --> 00:22:15,000

one possessed by one of the most brutal leaders in human history.

208

00:22:21,000 --> 00:22:23,000

Lhasa, Tibet.

209

00:22:25,000 --> 00:22:27,000

March, 1959.

210

00:22:28,000 --> 00:22:32,000

As the Chinese begin to invade this capital city,

211

00:22:32,000 --> 00:22:36,000

the Dalai Lama and a small group of high lamas

212

00:22:36,000 --> 00:22:39,000

flee into the treacherous Himalayan mountains,

213

00:22:39,000 --> 00:22:43,000

risking imprisonment, torture, and even death

214

00:22:43,000 --> 00:22:47,000

to make the 14-day trek to Nepal.

215

00:22:49,000 --> 00:22:55,000

According to reports, in their possession was a 22-pound crystal skull

216

00:22:56,000 --> 00:22:58,000

named Amar.

217

00:22:58,000 --> 00:23:01,000

I've heard many stories about a high lama

218

00:23:01,000 --> 00:23:05,000

who fled from China, took a large crystal skull.

219

00:23:05,000 --> 00:23:08,000

Other Tibetan monks who risked their lives

220

00:23:08,000 --> 00:23:11,000

hiding crystal skulls when the Chinese came.

221

00:23:11,000 --> 00:23:14,000

So that tells me there also is something more

222

00:23:14,000 --> 00:23:17,000

than just a physical infatuation with these objects.

223

00:23:17,000 --> 00:23:20,000

That is some spiritual component.

224

00:23:20,000 --> 00:23:24,000

We have a Tibetan priest who hauls a 22-pound crystal skull.

225

00:23:25,000 --> 00:23:30,000

Out of Tibet, specifically to stop it from getting into the wrong hands.

226

00:23:30,000 --> 00:23:33,000

Building a human skull out of crystal

227

00:23:33,000 --> 00:23:37,000

could serve as a sort of antenna for the consciousness

228

00:23:37,000 --> 00:23:40,000

of someone who is a highly adept meditator

229

00:23:40,000 --> 00:23:44,000

to be able to focus their minds for the purposes of healing

230

00:23:44,000 --> 00:23:47,000

or potentially for destructive purposes.

231

00:23:49,000 --> 00:23:51,000

If the stories are true,

232

00:23:51,000 --> 00:23:55,000

why did the skull's caretakers go to such great lengths

233

00:23:55,000 --> 00:23:58,000

to protect the 22-pound object?

234

00:23:58,000 --> 00:24:02,000

Could there really be a potentially dangerous component

235

00:24:02,000 --> 00:24:06,000

to the Amar skull and other crystal skulls?

236

00:24:06,000 --> 00:24:10,000

Especially if one were to fall into the wrong hands.

237

00:24:13,000 --> 00:24:15,000

Bavaria, Germany.

238

00:24:16,000 --> 00:24:19,000

March, 2011.

239

00:24:19,000 --> 00:24:24,000

A 20-pound crystal skull is discovered at the former home

240

00:24:24,000 --> 00:24:27,000

of a high-ranking Nazi SS officer.

241

00:24:27,000 --> 00:24:32,000

Some researchers believe the skull was once owned by Heinrich Himmler,

242

00:24:32,000 --> 00:24:35,000

the sinister henchman of Adolf Hitler,

243

00:24:35,000 --> 00:24:38,000

and the man who oversaw the extermination

244

00:24:38,000 --> 00:24:41,000

of millions of people during World War II.

245

00:24:41,000 --> 00:24:45,000

I for one think that probably Heinrich Himmler

246

00:24:45,000 --> 00:24:49,000

had procured a crystal skull.

247

00:24:51,000 --> 00:24:57,000

The Nazis were really obsessed with procuring ancient knowledge,

248

00:24:57,000 --> 00:25:02,000

and part of that ancient knowledge was with the crystal skull.

249

00:25:04,000 --> 00:25:07,000

In the waning days of World War II,

250

00:25:07,000 --> 00:25:11,000

the Nazis were heavily involved in the Wunderwebbe

251

00:25:12,000 --> 00:25:15,000

that was going to change the course of the war

252

00:25:15,000 --> 00:25:18,000

and pronounce them as victorious.

253

00:25:18,000 --> 00:25:24,000

Nazis, specifically Hitler, loved the occult.

254

00:25:24,000 --> 00:25:27,000

There's no question that Adolf Hitler,

255

00:25:27,000 --> 00:25:30,000

as barbaric and as insane as he was,

256

00:25:30,000 --> 00:25:36,000

was into the occult and desperately wanted to possess all these things

257

00:25:36,000 --> 00:25:41,000

because he believed that they would give the Nazis incredible powers.

258

00:25:42,000 --> 00:25:47,000

They basically went on the hunt for as many of these relics and artifacts

259

00:25:47,000 --> 00:25:52,000

as they could find to try and find out if these ancient religious relics

260

00:25:52,000 --> 00:25:56,000

contained fantastic powers that could be used against the Allies

261

00:25:56,000 --> 00:25:58,000

during the Second World War.

262

00:26:00,000 --> 00:26:04,000

The Nazis were obsessed with skulls and skull imagery,

263

00:26:04,000 --> 00:26:07,000

and especially the knowledge of the ancestors.

264

00:26:07,000 --> 00:26:11,000

It's not a stretch with their interest in ancient occult legends and lore

265

00:26:11,000 --> 00:26:15,000

that the Nazis knew of the tremendous power of the crystal skull.

266

00:26:17,000 --> 00:26:21,000

Is it possible, as many ancient astronaut theorists believe,

267

00:26:21,000 --> 00:26:25,000

that Hitler's henchman Heinrich Himmler acquired a crystal skull

268

00:26:25,000 --> 00:26:30,000

in an effort to direct its power against those who opposed the Third Reich?

269

00:26:30,000 --> 00:26:35,000

The legend says that mankind has to be sufficiently prepared

270

00:26:35,000 --> 00:26:39,000

for the knowledge that the crystal skulls contain,

271

00:26:39,000 --> 00:26:45,000

because apparently this is knowledge that can either be abused or used for good.

272

00:26:47,000 --> 00:26:49,000

So in the case of Heinrich Himmler,

273

00:26:49,000 --> 00:26:54,000

what we're seeing is a man who is going to will his power over everybody else.

274

00:26:54,000 --> 00:26:57,000

The question is whether he used the skull

275

00:26:57,000 --> 00:27:01,000

into trying to get people to do certain things.

276

00:27:01,000 --> 00:27:08,000

Crystal skulls are said to somehow be able to transform the intention of a human being.

277

00:27:08,000 --> 00:27:11,000

And this is very much a powerful weapon.

278

00:27:11,000 --> 00:27:15,000

This is something which can be used against other human beings.

279

00:27:16,000 --> 00:27:20,000

Are ancient crystal skulls, like the one possessed by Heinrich Himmler,

280

00:27:20,000 --> 00:27:25,000

really amplifiers of energy, both positive and negative?

281

00:27:25,000 --> 00:27:30,000

And if so, could the possession of a skull really give its owner

282

00:27:30,000 --> 00:27:33,000

potentially destructive powers?

283

00:27:35,000 --> 00:27:39,000

Perhaps the answer can be found by examining the possible reason

284

00:27:39,000 --> 00:27:46,000

why these mysterious crystal relics were fashioned in the shape of human skulls in the first place.

285

00:27:49,000 --> 00:27:54,000

It may be that building a crystal in the exact shape of the human cranium

286

00:27:54,000 --> 00:27:58,000

does have some sort of energetic quality.

287

00:27:59,000 --> 00:28:06,000

The crystallized form of the human skull was believed to represent the eminence of the soul upon

death.

288

00:28:07,000 --> 00:28:13,000

It may even be possible that that crystal skull, when it focuses this human energy field,

289

00:28:13,000 --> 00:28:20,000

could be used as a form of propelling the aspirin into an out-of-body experience

290

00:28:20,000 --> 00:28:26,000

to resonate with their own skull to raise the frequency of their bioenergy field

291

00:28:26,000 --> 00:28:30,000

so that they can achieve this out-of-body state.

292

00:28:31,000 --> 00:28:35,000

One interesting thing about a crystal skull is a crystal is a clear thing

293

00:28:35,000 --> 00:28:38,000

and the idea of a skull is a very dark idea.

294

00:28:38,000 --> 00:28:42,000

So you have light and dark combined in the same symbol.

295

00:28:42,000 --> 00:28:49,000

And the kind of wisdom comes out of seeing something combine a holistic bridging of the light and the dark.

296

00:28:51,000 --> 00:28:58,000

Skull motifs are common really throughout the world to signify death and another world, a world of the dead.

297

00:29:00,000 --> 00:29:07,000

In these mythologies there was an other world, a death world to which everybody went really when they died

298

00:29:07,000 --> 00:29:10,000

and it was very parallel to our own world.

299

00:29:12,000 --> 00:29:15,000

Intermittent Buddhism is very powerful.

300

00:29:15,000 --> 00:29:19,000

It has a deep, deep meaning because it stands for death.

301

00:29:20,000 --> 00:29:25,000

It also stands for the transcendence of death or overcoming of death.

302

00:29:25,000 --> 00:29:30,000

So it's a symbol that also represents impermanence of life.

303

00:29:32,000 --> 00:29:38,000

Were 13 ancient crystal objects shaped like human skulls in an effort to suggest

304

00:29:38,000 --> 00:29:41,000

they might have the power of life and death?

305

00:29:43,000 --> 00:29:47,000

If so, what is the source of such an awesome ability?

306

00:29:47,000 --> 00:29:51,000

And why has it been lost to mankind for centuries?

307

00:29:52,000 --> 00:30:04,000

Ancient astronaut theorists believe the answers might be found in a mythical lost civilization, one that vanished overnight.

308

00:30:08,000 --> 00:30:10,000

Atlantis.

309

00:30:10,000 --> 00:30:19,000

In two of its famous dialogues, Timaeus and Critias, the 4th century BC Greek philosopher Plato

310

00:30:19,000 --> 00:30:26,000

describes this lost continent as an island founded by Poseidon, the god of the sea.

311

00:30:26,000 --> 00:30:32,000

Atlantis, at least as imagined by Plato, was very advanced technologically.

312

00:30:32,000 --> 00:30:38,000

Had very advanced and progressive ideas about justice, of law.

313

00:30:39,000 --> 00:30:49,000

In addition to being a sort of technological marvel, it's also a model of ethical, philosophical and moral civilization as well.

314

00:30:50,000 --> 00:30:57,000

According to ancient astronaut theorists, the Atlanteans also used objects made of crystal,

315

00:30:57,000 --> 00:31:06,000

not only as a means of harnessing energy, but as a means to store important information, much like a computer.

316

00:31:09,000 --> 00:31:16,000

Part of the lore and legend of Atlantis is that the priests had taken the ancient relics and sacred knowledge of Atlantis

317

00:31:16,000 --> 00:31:22,000

and deposited it, or perhaps even encoded it, into crystal objects, including skulls.

318

00:31:24,000 --> 00:31:31,000

According to legend, the continent of Atlantis mysteriously disappeared thousands of years ago.

319

00:31:31,000 --> 00:31:38,000

But if Atlantis actually existed, is it possible that a handful of its citizens survived?

320

00:31:39,000 --> 00:31:44,000

And might crystal skulls be among the objects that survived with them?

321

00:31:44,000 --> 00:31:53,000

Could this explain why 12 of what are thought to be the original 13 skulls were found in nearly every part of the world?

322

00:31:54,000 --> 00:32:05,000

Ancient astronaut theorists say yes, and for evidence, point to the curious similarities that exist between the ancient Mayans and modern-day Tibetans.

323

00:32:06,000 --> 00:32:14,000

What we're finding is that in those places across the world which have said to have been a place of refuge,

324

00:32:14,000 --> 00:32:22,000

in those places we have crystal skulls, specifically Tibet, specifically the Mayan world.

325

00:32:22,000 --> 00:32:31,000

Those two areas are specifically linked as being identified as refugees of the Atlantis civilization.

326

00:32:32,000 --> 00:32:42,000

But what would be so important about the crystal skulls that would compel the doomed citizens of Atlantis to risk their lives in an effort to escape with them?

327

00:32:45,000 --> 00:32:51,000

Tokyo, Japan, 2012.

328

00:32:52,000 --> 00:33:06,000

The engineering and electronics company Hitachi reveals a revolutionary data storage device, a quartz glass chip, which will preserve encoded information for millions of years.

329

00:33:07,000 --> 00:33:14,000

Hitachi announced some very exciting breakthroughs in etching data into actual quartz crystal type materials.

330

00:33:14,000 --> 00:33:23,000

And so by figuring out a way to burn little holes in the quartz using high-powered lasers, you've

now created your ones and zeros.

331

00:33:24,000 --> 00:33:29,000

And they were actually doing it in a scale where you can just look at it with a microscope and see the ones and zeros and read it out.

332

00:33:30,000 --> 00:33:37,000

That chip, if intact, can be read a million years from now.

333

00:33:37,000 --> 00:33:43,000

But that also takes into question how do you read the chip?

334

00:33:43,000 --> 00:33:49,000

Because you need to have the device with which to actually access the information.

335

00:33:49,000 --> 00:33:56,000

And that is the problem we are experiencing with the crystal skulls if they contain knowledge.

336

00:33:56,000 --> 00:34:00,000

We don't know where the on button is.

337

00:34:00,000 --> 00:34:11,000

I would not exclude that in a crystal skull there is a message because we can make the most modern little chips out of crystals.

338

00:34:11,000 --> 00:34:15,000

So I really suggest it has to do something with extraterrestrial.

339

00:34:15,000 --> 00:34:23,000

Maybe there is information in the crystal skull, but we have not the technology to reach this information.

340

00:34:24,000 --> 00:34:26,000

This is a question of the future.

341

00:34:28,000 --> 00:34:36,000

Modern science has researched and explored the use of quartz crystal in cutting-edge technology and communication.

342

00:34:37,000 --> 00:34:47,000

But some ancient astronaut theorists believe that there is evidence that the ancients also recognized the potential of this uniquely conductive mineral.

343

00:34:48,000 --> 00:34:53,000

Quartz is said to be able to hold power, to be able to absorb energy.

344

00:34:53,000 --> 00:35:02,000

It has been suggested that maybe the ancients used quartz to somehow hoard things in some way that we don't quite understand.

345

00:35:02,000 --> 00:35:13,000

Or possibly not to record so much, but to tap into other realms or to be able to use as communication devices.

346

00:35:14,000 --> 00:35:28,000

Certain types of receivers, crystal radios, television sets, other types of communication and even power for spaceships can be done through quartz crystals.

347

00:35:28,000 --> 00:35:35,000

NASA even does special experiments in space where they want to grow perfect quartz crystals.

348

00:35:36,000 --> 00:35:46,000

So the idea of quartz crystal technology being used by extraterrestrials as kind of high-tech technology makes a lot of sense.

349

00:35:47,000 --> 00:35:52,000

What we know as a fact is that crystal is able to store information.

350

00:35:52,000 --> 00:36:01,000

So what we need to ask ourselves is whether crystal skulls were made out of crystal because our ancestors wanted to put information in them.

351

00:36:02,000 --> 00:36:05,000

Well, we might not have a means of extracting it.

352

00:36:05,000 --> 00:36:15,000

I think we really require it for ourselves to try and make an effort to see what kind of information might be present within these crystal skulls.

353

00:36:16,000 --> 00:36:30,000

When we hear these stories about having to bring together all those crystal skulls, where does this premise come from, this idea that they have to come together and then something important happens?

354

00:36:30,000 --> 00:36:48,000

Well, could it be that each crystal skull might be some type of a computer chip and that they belong to some motherboard of some extraterrestrial computer and that the only way it works is if

all those skulls come together?

355

00:36:48,000 --> 00:36:56,000

Might crystal skulls really be part of an elaborate ancient computer system?

356

00:36:57,000 --> 00:37:04,000

Could they be data gathering devices used for both recording and transmitting information?

357

00:37:06,000 --> 00:37:17,000

Perhaps further evidence can be found by measuring the electromagnetic energy field or aura surrounding an actual crystal skull named Einstein.

358

00:37:18,000 --> 00:37:27,000

This is Einstein.

359

00:37:27,000 --> 00:37:45,000

Believed to be the largest ancient crystal skull as yet discovered, its owner, Carolyn Ford, says she obtained the 33 pound crystal object more than 20 years ago and that she was unaware that it possessed any strange abilities until the day when she claims that she had been able to find the crystal skull.

360

00:37:48,000 --> 00:37:51,000

It actually communicated with her.

361

00:37:52,000 --> 00:37:57,000

It was revealed to me by Einstein at the moment that I got him when I knew nothing about crystal skulls.

362

00:37:57,000 --> 00:38:02,000

He said, I'm an ancient computer. In fact, I'm a master computer.

363

00:38:05,000 --> 00:38:12,000

And we record everything like a live feed 24 seven. And that's our purpose.

364

00:38:13,000 --> 00:38:20,000

He's been recording history on this planet since the beginning of time. So indeed he was an Atlantis.

365

00:38:22,000 --> 00:38:28,000

A lot of the ancient crystal skulls have been in Atlantis and even before that time.

366

00:38:29,000 --> 00:38:38,000

Could the so-called Einstein skull really be an artifact from the lost civilization of Atlantis as

its owner claims?

367

00:38:42,000 --> 00:38:47,000

Sedona, Arizona, 2013.

368

00:38:48,000 --> 00:38:52,000

It's very clear down here and then it gets cloudy.

369

00:38:52,000 --> 00:39:06,000

Ancient astronaut theorist David Childress enlists the help of aura photography expert Jamie Jones in an effort to test the Einstein skull for unusual energy pulses or auras.

370

00:39:06,000 --> 00:39:15,000

These auras appear as colors that correspond to various physical, emotional, mental and spiritual states.

371

00:39:16,000 --> 00:39:23,000

With aura technology, we're able to use biofeedback imaging to pick up electromagnetic energy field around the human body.

372

00:39:23,000 --> 00:39:30,000

And by looking at this, it's amazing. It's like our blueprint for our life and these energies are represented in colors.

373

00:39:30,000 --> 00:39:34,000

I'm not expecting any energy to be coming out of the inanimate object.

374

00:39:34,000 --> 00:39:40,000

So I'm a little skeptical in that I'm not sure what to expect when I photograph the skull.

375

00:39:40,000 --> 00:39:48,000

And I've been told a lot of things about skulls as far as information that they're holding, what civilizations they're from or if they're actually from the extraterrestrials.

376

00:39:48,000 --> 00:39:52,000

So I'm kind of excited to see this particular skull and what it emits.

377

00:39:52,000 --> 00:39:54,000

Hi Jamie.

378

00:39:54,000 --> 00:39:55,000

Hi.

379

00:39:55,000 --> 00:39:56,000

Hey.

380

00:39:56,000 --> 00:39:58,000

And this is Carolyn and wow, here is the skull.

381

00:39:58,000 --> 00:40:00,000

Wow. This is fabulous.

382

00:40:00,000 --> 00:40:01,000

So what do we do?

383

00:40:01,000 --> 00:40:05,000

These are biofeedback sensors and they're going to be reading the energy if there's energy around the skull.

384

00:40:05,000 --> 00:40:07,000

So you're going to place it on here for me.

385

00:40:07,000 --> 00:40:09,000

Perfect.

386

00:40:09,000 --> 00:40:11,000

So it has to go on both of the two sensors?

387

00:40:11,000 --> 00:40:13,000

Yes, because both sensors are picking up energy.

388

00:40:13,000 --> 00:40:16,000

So we want as much coverage as possible?

389

00:40:16,000 --> 00:40:17,000

Okay, that's perfect.

390

00:40:17,000 --> 00:40:18,000

All right.

391

00:40:18,000 --> 00:40:20,000

And now you just take a photo?

392

00:40:20,000 --> 00:40:22,000

We're going to take a picture.

393

00:40:22,000 --> 00:40:24,000

All right.

394

00:40:24,000 --> 00:40:30,000

I don't have really big expectations honestly, but I think there is some energy in the skull.

395

00:40:30,000 --> 00:40:33,000

So maybe this aura camera can pick it up.

396

00:40:37,000 --> 00:40:39,000

All right.

397

00:40:39,000 --> 00:40:42,000

And here is the aura of the skull.

398

00:40:42,000 --> 00:40:43,000

Okay.

399

00:40:43,000 --> 00:40:45,000

That is amazing.

400

00:40:45,000 --> 00:40:47,000

It's amazing.

401

00:40:47,000 --> 00:40:48,000

So what are we looking at here?

402

00:40:48,000 --> 00:40:50,000

I mean here we can see the skull.

403

00:40:50,000 --> 00:40:53,000

It seems to be a very strong warrior type protective energy.

404

00:40:53,000 --> 00:40:56,000

And if you look closely, that energy is arched over.

405

00:40:56,000 --> 00:40:57,000

Right.

406

00:40:57,000 --> 00:40:59,000

Literal arc of protection over the skull.

407

00:40:59,000 --> 00:41:07,000

Now the blue that we see throughout the entire picture is wisdom and knowledge from traveling many lifetimes and many dimensions.

408

00:41:07,000 --> 00:41:13,000

Obviously, this skull has some consciousness and energy around it that it emanates quite strongly.

409

00:41:13,000 --> 00:41:15,000

And these other beings with it as well.

410

00:41:15,000 --> 00:41:17,000

He calls himself the skull of consciousness.

411

00:41:17,000 --> 00:41:19,000

Oh, there you go.

412

00:41:19,000 --> 00:41:21,000

It's like profound.

413

00:41:21,000 --> 00:41:28,000

I was surprised really that the aura camera would pick up so much energy from the skull and the different colors.

414

00:41:28,000 --> 00:41:30,000

There's something there.

415

00:41:30,000 --> 00:41:40,000

Does the photographed energy field surrounding Einstein help to prove that the crystal skull could in fact be some sort of recording device?

416

00:41:40,000 --> 00:41:46,000

An extraterrestrial object used to harness both energy and information.

417

00:41:46,000 --> 00:41:55,000

Perhaps until all 13 legendary skulls are discovered, their true power will remain a mystery.

418

00:41:55,000 --> 00:42:03,000

You got to ask yourself what happens when we do find those crystal skulls that have been around for eons and we put all 13 together.

419

00:42:03,000 --> 00:42:06,000

Is the legend going to come true?

420

00:42:09,000 --> 00:42:15,000

Part of this legend is that yes, these 13 crystal skulls are extraterrestrial skulls.

421

00:42:15,000 --> 00:42:24,000

And when the 13 skulls are together, it'll create a new epic for planet Earth.

422

00:42:24,000 --> 00:42:27,000

I think this planet is up in arms.

423

00:42:27,000 --> 00:42:36,000

So if the legend's true that the crystal skulls are going to join together and create this incredible power to help us, it better be sooner than later.

424

00:42:36,000 --> 00:42:57,000

There is certainly a belief amongst certain Native American tribes when humanity is at its most desperate, all of these original ancient crystal skulls will come back together and that they will divulge their knowledge, their wisdom that can help the human race survive.

425

00:42:57,000 --> 00:43:07,000

They specifically say that will come out of the crystal skulls is the lesson that we are all connected.

426

00:43:07,000 --> 00:43:25,000

So perhaps the journey to find these crystal skulls is going to help unravel the truth of ancient human origins, which may include the fact that we are not indigenous to this planet and that the human form is far more sacred than we believe.

427

00:43:27,000 --> 00:43:35,000

Could there really be a network of crystal skulls that will, when reunited, harness powerful forces?

428

00:43:35,000 --> 00:43:42,000

And if so, will they reveal the truth about mankind's purpose?

429

00:43:42,000 --> 00:43:55,000

There are many who believe the answer is a profound yes, and that the evidence is right before our eyes and as clear as crystal.
