

1

00:00:00,000 --> 00:00:05,000

Every action is being monitored.

2

00:00:05,000 --> 00:00:09,000

There are millions and millions of cameras everywhere you go.

3

00:00:09,000 --> 00:00:12,000

Every conversation is recorded.

4

00:00:12,000 --> 00:00:17,000

Cell phones are actually sending information about who we're communicating with on a daily basis.

5

00:00:17,000 --> 00:00:21,000

And every secret is exposed.

6

00:00:21,000 --> 00:00:25,000

We are headed into this direction where, with a stroke of a key,

7

00:00:25,000 --> 00:00:30,000

you can figure out anything you want about a person.

8

00:00:30,000 --> 00:00:41,000

As technology advances, information about everything and everyone is becoming more accessible than ever before.

9

00:00:41,000 --> 00:00:50,000

But in this age of unlimited access, should we be asking not only who is watching us, but from where?

10

00:00:50,000 --> 00:00:56,000

These watchers who are extraterrestrials were all over the Earth in ancient times.

11

00:00:56,000 --> 00:01:00,000

Watching people on Earth, watching civilization grow.

12

00:01:00,000 --> 00:01:04,000

And you have to wonder, isn't this still happening today?

13

00:01:04,000 --> 00:01:12,000

Millions of people around the world believe we have been visited in the past by extraterrestrial

beings.

14

00:01:12,000 --> 00:01:15,000

What if it were true?

15

00:01:15,000 --> 00:01:19,000

Did ancient aliens really help to shape our history?

16

00:01:19,000 --> 00:01:24,000

And if so, might they be among us today?

17

00:01:45,000 --> 00:02:00,000

June 5, 2013.

18

00:02:00,000 --> 00:02:10,000

The British Daily newspaper, The Guardian, reveals that classified documents from the United States National Security Agency have been leaked.

19

00:02:10,000 --> 00:02:23,000

Among them is an order from the Foreign Intelligence Surveillance Court, requiring Verizon to hand over metadata from millions of Americans' phone calls to the FBI and NSA.

20

00:02:23,000 --> 00:02:35,000

Four days later, Edward Snowden, a former cybersecurity expert for the Central Intelligence Agency, comes forward to identify himself as the source of the leak.

21

00:02:35,000 --> 00:02:44,000

When asked to explain his actions, Snowden states, I can get your emails, passwords, phone records, credit cards.

22

00:02:44,000 --> 00:02:52,000

I do not want to live in a world where everything I do and say is recorded.

23

00:02:52,000 --> 00:03:03,000

The NSA is the National Security Agency or as some people call it, the National Spying Agency, which is in control of monitoring the communication systems throughout the world.

24

00:03:03,000 --> 00:03:13,000

Every form of electronic communication supposedly for the purposes of national security to identify and neutralize any threats to America.

25

00:03:13,000 --> 00:03:27,000

One of the documents that Edward Snowden released was about a project Mystic, which has the

capability to record the actual audio of every conversation in an entire country, if not the plant.

26

00:03:27,000 --> 00:03:36,000

Technology is really interesting as it enhances our life in so many ways, but with each of those enhancements, there's also something potentially taken away depending on how you see it.

27

00:03:36,000 --> 00:03:45,000

For example, our privacy is changing or is actually getting reduced almost daily.

28

00:03:45,000 --> 00:03:54,000

We've never experienced a society where there are so many microphones, millions and millions of cameras everywhere you go.

29

00:03:54,000 --> 00:04:00,000

We are moving our entire lives into what is known as the cloud.

30

00:04:00,000 --> 00:04:08,000

We are headed into this direction where with a stroke of a key, you can figure out anything you want about a person.

31

00:04:08,000 --> 00:04:23,000

As technology continues to advance at an ever increasing rate, we gain greater access to information both from and about each other, becoming interconnected unlike any other time in our history.

32

00:04:23,000 --> 00:04:35,000

There are those who believe that this evolution of technology is not entirely of our own making, but that we have been guided by visitors that first came to earth thousands of years ago.

33

00:04:36,000 --> 00:04:55,000

From the perspective that I look at it all is that a long time ago, extraterrestrials provided the basic tools, the basic knowledge with the idea that ultimately we would turn or become the society that we are today.

34

00:04:55,000 --> 00:05:03,000

So is it possible that we are still being observed? And the answer is a resounding yes.

35

00:05:06,000 --> 00:05:21,000

Ancient astronaut theorists contend that it is by extraterrestrial design that we have become so technologically interconnected and that we are being watched not only by agencies of the government, but by beings from beyond our world.

36

00:05:21,000 --> 00:05:36,000

They also claim that they set us on this course in the ancient past and that we can find evidence of their existence in the stories of a group of ancient aliens known as the Watchers.

37

00:05:36,000 --> 00:05:47,000

In the fourth chapter of the Hebrew Bible's Book of Daniel, the Watchers are described as a group of divine overseers, later associated with angels.

38

00:05:47,000 --> 00:05:58,000

The Watchers are essentially messengers and so this is why many scholars understand the Watchers to be a class of angels since angels were understood to be messengers in the Bible.

39

00:05:58,000 --> 00:06:08,000

They're tasked with managing the earth and watching over humans. And some of these are said to be good Watchers, they do their jobs dutifully.

40

00:06:08,000 --> 00:06:21,000

I and others are said to be bad Watchers. It is said about the Watchers that nothing happens on earth that is not ordained by their hand and executed by their agents.

41

00:06:21,000 --> 00:06:35,000

Who are they? What are they? Well, Daniel doesn't necessarily go into greater detail, but there were numerous other texts that teach more about that which is recorded in the biblical books.

42

00:06:35,000 --> 00:06:39,000

One of the most famous, of course, is the Book of Enoch.

43

00:06:39,000 --> 00:06:54,000

The Book of Enoch containing the first-hand account of the great grandfather of Noah was stricken from the Bible's Old Testament at the Council of Laodicea in the fourth century AD.

44

00:06:54,000 --> 00:07:07,000

In the third book of this apocryphal text, Enoch says an angel known as a Watcher took him aboard a fiery chariot that ascended to heaven.

45

00:07:07,000 --> 00:07:15,000

Enoch is brought up into outer space, into heaven.

46

00:07:15,000 --> 00:07:37,000

It's fascinatingly detailed and the reports of crystal walls with light coming out of them and crystal rooms sounds like someone with primitive language skills trying to explain going into a super high fidelity science fiction reality.

47

00:07:37,000 --> 00:07:51,000

In many ways, when you read the Book of Enoch, he is an abductee by extraterrestrials and they're taking him into a spaceship, they're showing him the earth, they're giving him special instructions.

48

00:07:51,000 --> 00:08:00,000

The Book of Enoch also states that 200 Watchers descended to earth to oversee humankind and aid in our advancement.

49

00:08:00,000 --> 00:08:11,000

The Watchers were said to have taught mankind many different arts and sciences that had previously only been known to the angels of heaven.

50

00:08:11,000 --> 00:08:19,000

And these included astronomy, metrology, the use of weapons.

51

00:08:19,000 --> 00:08:32,000

Enoch is talking about flesh and blood beings who came, saw potential for mankind and imparted knowledge. Those are who the Watchers were.

52

00:08:32,000 --> 00:08:42,000

Could it be that the Watchers described in the Book of Enoch are extraterrestrials that came to earth and taught early humans in the distant past?

53

00:08:43,000 --> 00:08:50,000

Did they plant the seeds of knowledge that would lead us to this point in our technological evolution?

54

00:08:50,000 --> 00:09:00,000

Ancient astronaut theorists say yes and suggest that evidence for this can be found in every corner of the world.

55

00:09:00,000 --> 00:09:11,000

Around the world we find stories that are strikingly similar to that of the Watchers coming to earth and giving humanity forbidden knowledge, especially the secrets of heaven.

56

00:09:11,000 --> 00:09:23,000

Inca legend states that the god Viracocha created humans and taught them astronomy, agriculture and other advanced arts.

57

00:09:23,000 --> 00:09:33,000

The Maya civilization believed their supreme god Kukulkan taught humans writing, mathematics and science.

58

00:09:33,000 --> 00:09:46,000

And in ancient Chinese legend, the divine ruler Huang Di introduced numerous advancements such as the wheel, weaving and writing.

59

00:09:46,000 --> 00:09:56,000

In Egypt you have the goddess Isis revealing the wisdom to mortal kind on how they could construct civilization.

60

00:09:56,000 --> 00:10:10,000

And you find this again and again within the Eurasian continent in Africa, but also obviously within southwest Asia you have the stories of the Anunnaki.

61

00:10:11,000 --> 00:10:24,000

The stories of the Anunnaki or the Watchers or the gods in the Greek Pantheon or any of the ancient gods were based on physical visitations.

62

00:10:24,000 --> 00:10:33,000

They are all the same group, the same extraterrestrial. They just have received different names among the tribes and among the continents.

63

00:10:34,000 --> 00:10:41,000

If extraterrestrials really did come here to earth to assist humanity, what happened to them?

64

00:10:41,000 --> 00:10:51,000

Perhaps the answer can be found with one of the ancient world's most powerful secret societies, which still exists today.

65

00:10:52,000 --> 00:11:03,000

The Netherlands. March 24th, 2014.

66

00:11:03,000 --> 00:11:11,000

58 world leaders gather at the World Forum in The Hague for the third biannual Nuclear Security Summit.

67

00:11:12,000 --> 00:11:21,000

In the center of the room is a giant spinning hologram of a pyramid with three smaller upside down pyramids inside it.

68

00:11:21,000 --> 00:11:28,000

This symbol, which is also worn as a pin by the delegates, is the summit's official logo.

69

00:11:28,000 --> 00:11:36,000

But there are some who claim it represents something else, the all-seen eye of the Illuminati.

70

00:11:37,000 --> 00:11:47,000

Conspiracy theorists suggest that this century's old secret society is alive and well in the 21st century,

71

00:11:47,000 --> 00:11:55,000

as evidenced by symbols flashed by celebrities, industry moguls, and even heads of state.

72

00:11:55,000 --> 00:12:00,000

The modern day Illuminati was organized by Adam Weiss out in Germany.

73

00:12:01,000 --> 00:12:09,000

And he formulated plans so that his group could infiltrate all the key powers of society, the political sphere, the banking sphere,

74

00:12:09,000 --> 00:12:13,000

the media sphere back in the late 1700s.

75

00:12:13,000 --> 00:12:19,000

When we're talking about the Illuminati today, we're talking about essentially the most powerful secret society.

76

00:12:23,000 --> 00:12:26,000

These are the people that pull the strings from behind the scenes.

77

00:12:31,000 --> 00:12:40,000

Is this just paranoia, or might the Illuminati still be around today, embedded in the highest levels of society?

78

00:12:40,000 --> 00:12:44,000

And if so, what is their agenda?

79

00:12:47,000 --> 00:12:51,000

Some say the answer can be found with a much older secret society,

80

00:12:51,000 --> 00:12:56,000

which may have been the precursor to the Illuminati, the Knights Templar.

81

00:12:57,000 --> 00:13:06,000

This band of warrior monks was formed in 1118 AD to protect pilgrims traveling to Jerusalem during the Crusades.

82

00:13:09,000 --> 00:13:16,000

But many claim that their true purpose was to find lost religious relics hidden at the Temple Mount.

83

00:13:17,000 --> 00:13:26,000

And during their time in Jerusalem, they rose from relative obscurity to being the most powerful order of the Crusades.

84

00:13:26,000 --> 00:13:33,000

So far reaching was their influence, that it became widely rumored they were in league with demons.

85

00:13:34,000 --> 00:13:44,000

Jacques de Molay, the leading figure in the history of the Knights Templar, was brought up on charges of treason and heresy for something like devil worship.

86

00:13:46,000 --> 00:13:49,000

They were somehow worshipping the dark side.

87

00:13:49,000 --> 00:13:56,000

This was the charge brought against not only de Molay, but the Knights Templars in general.

88

00:14:00,000 --> 00:14:08,000

Is it possible the Knights Templar really were in contact with other worldly entities they encountered at the Temple Mount?

89

00:14:09,000 --> 00:14:13,000

And if so, just what were these so-called demons?

90

00:14:13,000 --> 00:14:22,000

We are taught that these Shadim, Delmons, in many ways they're like human beings, and in many ways they're like the angels.

91

00:14:22,000 --> 00:14:25,000

Some are evil, many are good.

92

00:14:25,000 --> 00:14:33,000

Rumor has it that the Templar Knights endeavored to communicate with these spiritual entities.

93

00:14:34,000 --> 00:14:38,000

This concept of demons is very different from the way we think of demons today.

94

00:14:38,000 --> 00:14:41,000

Essentially what a demon was was an otherworldly being.

95

00:14:41,000 --> 00:14:51,000

A being that was not of this earth, potentially an extraterrestrial being, with the word extraterrestrial meaning not of this earth.

96

00:14:55,000 --> 00:15:02,000

Could the Templars really have been influenced by aliens that they misinterpreted as spiritual beings?

97

00:15:03,000 --> 00:15:13,000

Some ancient astronaut theorists say that the Knights Templar were in contact with the same extraterrestrials that were known in biblical times as the Watchers.

98

00:15:14,000 --> 00:15:19,000

And as evidence, they point to one of the Templars most prominent symbols.

99

00:15:19,000 --> 00:15:27,000

The same symbol that some say was virtually present at the Nuclear Security Summit, the All-Seeing Eye.

100

00:15:28,000 --> 00:15:51,000

This symbol, which is sometimes just an eye, but often an eye within a pyramid, was used by the ancient Egyptians, the Knights Templar, the Rosa Crucians, the Freemasons, the Illuminati, and is even incorporated into the Great Seal of the United States.

101

00:15:52,000 --> 00:16:00,000

It is a symbol that is most commonly interpreted to mean that someone, or something, is watching us.

102

00:16:00,000 --> 00:16:10,000

The Eye of Providence symbolizes the idea of an omniscient, intelligent universe that is overseeing all of the affairs that we have here on earth.

103

00:16:11,000 --> 00:16:20,000

For many, the Eye of Providence was a symbol that God was watching over us, but others believed that it had a much deeper meaning and actually extended well beyond many other cultures.

104

00:16:21,000 --> 00:16:24,000

Possibly even connected to extraterrestrials.

105

00:16:28,000 --> 00:16:42,000

Could the symbol of the All-Seeing Eye be secretly telling us that the Watchers are still here on earth, working behind the scenes in secret societies and even the top levels of government?

106

00:16:43,000 --> 00:16:51,000

Curiously, the Book of Enoch tells of the Watchers' arrival, but it never tells of their departure.

107

00:16:52,000 --> 00:17:02,000

We have the records as described in the Book of Enoch and other literature that when the Watchers came down, corrupted the human gene pool.

108

00:17:02,000 --> 00:17:11,000

Introducing hidden technologies, centuries before they were meant to be introduced, things were off track.

109

00:17:12,000 --> 00:17:19,000

It was then ordained by whatever heavenly powers that we had to start from scratch. The flood was to come.

110

00:17:22,000 --> 00:17:26,000

But yet, what happened to the Watchers?

111

00:17:26,000 --> 00:17:32,000

They were not human, and therefore they were not subject to a human decree.

112

00:17:32,000 --> 00:17:35,000

Or could they be susceptible to human death?

113

00:17:36,000 --> 00:17:41,000

Well, the Bible doesn't say what happened to them, but the other legends do.

114

00:17:42,000 --> 00:17:51,000

In the mystical legends, it is taught that a good number of them escaped the flood by escaping to secret hidden places.

115

00:17:53,000 --> 00:18:01,000

Is it possible that ancient aliens called the Watchers actually survived the Cataclysm known as the Great Flood?

116

00:18:02,000 --> 00:18:09,000

And could they not only have survived, but managed to live among us in secret for thousands of years?

117

00:18:10,000 --> 00:18:18,000

Ancient astronaut theorists say yes, and claim that proof can be found deep beneath the Earth.

118

00:18:25,000 --> 00:18:28,000

Neveshihir Province, Central Turkey

119

00:18:29,000 --> 00:18:41,000

Hidden 60 meters below ground lies Dering Kuyu, an ancient subterranean city that archaeologists believe once housed more than 20,000 people.

120

00:18:42,000 --> 00:19:01,000

First discovered in 1963, some ancient astronaut theorists contend that the once fully functioning underground city is evidence that ancient people really were forced underground by a great cataclysmic event.

121

00:19:02,000 --> 00:19:11,000

And that they may have had help from more advanced beings, like the Watchers.

122

00:19:14,000 --> 00:19:24,000

The amazing thing about Dering Kuyu is that it was built around 9,000 BC, just before the last Ice Age.

123

00:19:24,000 --> 00:19:33,000

And you have to ask, is it possible that it was built by the Watchers as a refuge for themselves or perhaps as a refuge for humanity?

124

00:19:35,000 --> 00:19:45,000

Archaeologists in the Middle East have surmised that around 5,000 BC there was a huge flood throughout the Middle East.

125

00:19:48,000 --> 00:19:52,000

And it destroyed and flooded much of Sumeria and Anatolia.

126

00:19:54,000 --> 00:19:59,000

This is the same time where the city of Dering Kuyu was being occupied underground.

127

00:20:00,000 --> 00:20:06,000

So we might surmise that this was one of the refuges of the Watchers.

128

00:20:11,000 --> 00:20:21,000

Is it really possible that the underground city of Dering Kuyu was constructed with the help of extraterrestrials to provide shelter from a great flood?

129

00:20:22,000 --> 00:20:36,000

Ancient astronaut theorists suggest that Dering Kuyu is just one of numerous locations where it appears someone or something built a fortification to serve as a refuge from a great cataclysm.

130

00:20:37,000 --> 00:20:52,000

In a remote area of the Himalayan mountain range in Nepal, at an elevation of 14,000 feet, over 10,000 man-made caves have been found carved into sheer cliffs.

131

00:20:53,000 --> 00:21:04,000

Archaeologists believe they could date back more than 3,000 years and struggle to explain how ancient people would have been able to access these caves,

132

00:21:04,000 --> 00:21:06,000

let alone create them.

133

00:21:08,000 --> 00:21:17,000

It's not easy to get up there at all. It's not known why would people take the trouble to climb up a vertical cliff in the middle of the Himalayas.

134

00:21:19,000 --> 00:21:24,000

It suggests that whoever built them might have had some sort of flying craft technology.

135

00:21:25,000 --> 00:21:37,000

Perhaps even more baffling are the Huashan Grottoes in the Anhui province of China.

136

00:21:38,000 --> 00:21:46,000

They are the largest ancient man-made caves in the country containing stone rooms, bridges and pavilions.

137

00:21:47,000 --> 00:21:52,000

Archaeologists have no idea how they were built, by whom or why.

138

00:21:55,000 --> 00:22:03,000

Could these ancient sites that defy explanation have been built by alien visitors in order to survive the Great Flood?

139

00:22:06,000 --> 00:22:19,000

Ancient astronaut theorists contend that perhaps the strongest proof that the watchers survived the Flood can be found not in the Middle East, Asia or India, but in the American Southwest.

140

00:22:20,000 --> 00:22:25,000

Northeastern Arizona.

141

00:22:26,000 --> 00:22:40,000

Sprawled across this desolate and arid region lie the three maces, settlements of the Native American Hopi tribe, that some have long believed align with the stars of Orion's Belt.

142

00:22:41,000 --> 00:22:45,000

Onalarm, Onatak and Mintaka.

143

00:22:49,000 --> 00:23:01,000

In addition to their strong ties to the constellation of Orion, the Hopi also have numerous legends of the Ant People, an advanced race of beings that came to the aid of mankind.

144

00:23:03,000 --> 00:23:09,000

I've seen some of these carvings on the rock cliffs in Arizona.

145

00:23:10,000 --> 00:23:32,000

The Ant People helped the Hopi survive two major cataclysms, the destruction of the first world by fire, some kind of asteroid strike, or perhaps a comet hit the earth, and the second world by ice, maybe a pole shift.

146

00:23:33,000 --> 00:23:41,000

But each time the Ant People led the Hopi down into caverns and helped them survive in a subterranean world.

147

00:23:44,000 --> 00:23:50,000

This story is strikingly similar to that of the watchers who sought to protect the humans that they had interacted with.

148

00:23:51,000 --> 00:23:58,000

You have to wonder, are the Ant People somehow related to, if not the same as, the watchers of the biblical story?

149

00:24:03,000 --> 00:24:11,000

But what ancient astronaut theorists find most fascinating about the story of the Ant People is what they are called in Hopi.

150

00:24:12,000 --> 00:24:18,000

The Hopi word for Ant is Anu, and the Hopi word for friend is Naki.

151

00:24:19,000 --> 00:24:27,000

So you put the two together, the Anu Naki, the Ant Friends, that the Hopi had interacted with for centuries and millennia.

152

00:24:28,000 --> 00:24:38,000

And this ties in with the Bible and with Sumerian mythology. It's all tied in together. These Ant People are pervasive in human history.

153

00:24:41,000 --> 00:24:56,000

According to Sumerian texts, the Anu Naki, much like the watchers, were beings who came down from the sky, and helped mankind's earliest civilization to develop writing, medicine, and irrigation.

154

00:24:58,000 --> 00:25:06,000

Could the Hopi stories of the Ant People actually be describing the same star travelers that the Sumerians called the Anu Naki?

155

00:25:08,000 --> 00:25:11,000

And that the Bible refers to as the Watchers?

156

00:25:15,000 --> 00:25:24,000

Might the Ant People have been extraterrestrials that took refuge in the caves of the American Southwest to survive the Great Flight?

157

00:25:27,000 --> 00:25:36,000

But if the Watchers really did remain here on Earth, did they also continue to manipulate the evolution of human society?

158

00:25:38,000 --> 00:25:48,000

Ancient astronaut theorists say yes, and claim the evidence can be found with the strange cave-dwelling entities known as the Jinn.

159

00:25:54,000 --> 00:25:56,000

Muscat Oman.

160

00:25:57,000 --> 00:26:09,000

Here, on the shores of the Arabian Sea, lies one of the world's ten largest caves, Majlis al-Jinn, or meeting place of the Jinn.

161

00:26:10,000 --> 00:26:17,000

According to Islamic texts, the Jinn are beings from a higher realm, but they are not angels.

162

00:26:18,000 --> 00:26:27,000

They have free will, and they disobey Allah, just as the Watchers are said to have disobeyed God in the Book of Enoch.

163

00:26:29,000 --> 00:26:36,000

And many Muslims believe this 14-acre cavern is still inhabited by these otherworldly beings.

164

00:26:37,000 --> 00:26:47,000

In Islam, there is a class of beings known as Jinn. The Jinn are angelic, and yet they are not of the ethereal realm.

165

00:26:49,000 --> 00:26:57,000

They are of the earthly realm. They're neither good nor evil. They're shape-shifters. They can help you. They can also trick you.

166

00:26:58,000 --> 00:27:05,000

They are supposed to have had magic abilities, supernatural powers, and humans greatly feared the Jinn.

167

00:27:06,000 --> 00:27:14,000

They're just exile beings who crossed over a forbidden boundary and now find themselves trapped in the earth plane.

168

00:27:15,000 --> 00:27:28,000

In the Islamic texts, the Jinn appear only when they want to be seen, often influencing humans by whispering instructions to them while invisible.

169

00:27:29,000 --> 00:27:35,000

In order to understand the nature of these entities, we must understand that in many ways they're the intermediary race.

170

00:27:36,000 --> 00:27:42,000

Like human beings, they eat and drink. Like human beings, they sexually procreate.

171

00:27:43,000 --> 00:27:49,000

But like the angels, they can shape-shift, fly, and know the future.

172

00:27:53,000 --> 00:28:00,000

Stories of encounters with the Jinn can be found throughout the Muslim world. But could they be true?

173

00:28:01,000 --> 00:28:11,000

And if so, are these the same otherworldly entities that are said to have descended to earth before the time of the Great Flood, known as the Watchers?

174

00:28:12,000 --> 00:28:23,000

Ancient astronaut theorists say yes and claim that further evidence can be found with the stories of similar strange beings found all over the world.

175

00:28:25,000 --> 00:28:37,000

In Africa, there are stories of the Orisha, demigods who came down from the sky that are said to speak every language and secretly influence events on earth.

176

00:28:38,000 --> 00:28:47,000

In Japan, the Tengu are bird-like creatures that are said to hide out in the mountains and change form to manipulate humans.

177

00:28:48,000 --> 00:28:57,000

But if the Watchers were active on earth hundreds of years ago, could they still be living among us even to this day?

178

00:28:58,000 --> 00:29:09,000

Ancient astronaut theorists say yes, and for proof, they suggest we look no further in recent accounts of alien abductions.

179

00:29:13,000 --> 00:29:21,000

January 25, 1967. South Ashburnham, Massachusetts.

180

00:29:22,000 --> 00:29:32,000

30-year-old Betty Andreessen is in her kitchen after dinner while her mother, father, and seven children are in the living room.

181

00:29:33,000 --> 00:29:35,000

Suddenly, the power goes out.

182

00:29:38,000 --> 00:29:44,000

And when it comes back on a moment later, a beam of red light shoots through the window.

183

00:29:46,000 --> 00:29:50,000

We saw a flashing reddish-orange light coming through the pantry window.

184

00:29:51,000 --> 00:29:56,000

Five beings entered my home right through the wooden door.

185

00:29:57,000 --> 00:30:08,000

They had large black eyes, tiny nose, thin slit mouth, tiny holes for ears, a large bulbous head.

186

00:30:09,000 --> 00:30:14,000

And I was quite shocked wondering, who, what is this, you know?

187

00:30:15,000 --> 00:30:18,000

At that point, I was taking up into the craft.

188

00:30:22,000 --> 00:30:29,000

Betty ends up going with them to some place that she thinks is their world.

189

00:30:30,000 --> 00:30:33,000

And she said it was more vivid than life itself.

190

00:30:34,000 --> 00:30:38,000

Betty Andreessen's reports are very detailed and thorough.

191

00:30:39,000 --> 00:30:45,000

There's lots and lots of specific drawings that she makes of technology on these ships.

192

00:30:45,000 --> 00:30:52,000

This is before the era that anybody was talking about this stuff, so it was a totally unique experience for her.

193

00:30:55,000 --> 00:31:01,000

A devout Christian, Andreessen describes her abduction as a religious experience.

194

00:31:02,000 --> 00:31:12,000

The only thing I could think of that they must be angels for them to be able to pass through the door like that and to take me through that door the same way.

195

00:31:13,000 --> 00:31:22,000

But for ancient astronaut theorists, this encounter is most significant because of how these strange beings identified themselves.

196

00:31:23,000 --> 00:31:25,000

They said that they were the watchers.

197

00:31:28,000 --> 00:31:35,000

But if extraterrestrial beings, known as watchers, are still living among us today, why?

198

00:31:36,000 --> 00:31:52,000

Perhaps the answer can be found by examining other cases of extraterrestrial abductions and by examining whether the watchers are watching us or if there are other beings watching them.

199

00:31:57,000 --> 00:31:59,000

June 1st, 1990.

200

00:32:00,000 --> 00:32:08,000

UFO investigator Raymond Fowler publishes *The Watchers*, an unprecedented inside look at the Betty Andreessen case.

201

00:32:10,000 --> 00:32:27,000

After years of hypnosis, psych exams and interviews, Fowler concludes that the strange beings Andreessen encountered that called themselves *The Watchers* were the same entities that are commonly identified today as gray aliens.

202

00:32:30,000 --> 00:32:52,000

It's very interesting this word *watchers* because when you talk with so many people you begin to hear patterns and even if you're not sitting across from a man or a woman or a child who says, I was taken by a watcher, what you hear is the abductees knew that they were dealing with something that knew everything about them.

203

00:32:54,000 --> 00:32:58,000

Again, the watcher idea whether you use that name or not.

204

00:33:00,000 --> 00:33:08,000

According to Betty's account, the extraterrestrials who took her aboard their craft subjected her to medical examination.

205

00:33:10,000 --> 00:33:20,000

And I was floated to a table and as he was examining me, he said they were going to have to measure me physically.

206

00:33:21,000 --> 00:33:35,000

And at that point, they started to take this needle like thing and thrust it into my navel and I could feel it going round and round inside me.

207

00:33:37,000 --> 00:33:42,000

As incredible as Betty Andreessen's abduction story sounds, it is not unique.

208

00:33:43,000 --> 00:33:47,000

Many alleged alien abductees give very similar accounts.

209

00:33:51,000 --> 00:34:03,000

In 1961, Betty and Barney Hill of Lancaster, New Hampshire made one of the earliest alien abduction reports when they claimed that they had been taken aboard a ship.

210

00:34:04,000 --> 00:34:12,000

Place naked on examination tables and probed by what they described as gray aliens.

211

00:34:15,000 --> 00:34:22,000

Linda Porter of Covina, California reported that in 1963, she too was taken aboard a ship.

212

00:34:24,000 --> 00:34:31,000

Where she witnessed strange looking creatures examining humans held in states of suspended animation.

213

00:34:34,000 --> 00:34:41,000

But if these accounts are true, what is it that's being done to these abductees?

214

00:34:42,000 --> 00:34:53,000

Watchers have two key areas of interest as concerns humanity. One is genetics and the other is technology and both are found in the phenomena of alien abductions.

215

00:34:54,000 --> 00:35:05,000

So one idea would be that the purpose of the abductions is to continue to tweak the human body to assist humanity in climbing the evolutionary ladder, so to speak.

216

00:35:08,000 --> 00:35:17,000

Is it possible that the watchers that were described in the Bible and the book of Enoch really are responsible for the modern alien abduction phenomenon?

217

00:35:18,000 --> 00:35:27,000

And that they are continuing to alter our genetic makeup? Or might there be another explanation?

218

00:35:28,000 --> 00:35:44,000

Some ancient astronaut theorists suggest it is possible that modern alien abductions are not the work of those same watchers that survived the great flood, but that instead they are carried out by another group of extraterrestrials.

219

00:35:45,000 --> 00:35:50,000

Watchers that have returned to Earth in search of those who stayed behind.

220

00:35:51,000 --> 00:36:00,000

All of the people that I've interviewed, they would tell you the same thing. These watchers, they're not all of the same mind.

221

00:36:02,000 --> 00:36:09,000

There seems to be conflict about what the future of humanity on this planet will be.

222

00:36:09,000 --> 00:36:37,000

The legends teach us that watchers fight amongst themselves and that they will each manipulate segments of humanity so as to express their own agendas and therefore it is they who influence nations to go to war and to fight for their purposes and not necessarily for our own betterment.

223

00:36:40,000 --> 00:36:55,000

And you have to wonder if many of the modern day abductions such as Betty Andreessen are really extraterrestrials who are searching for the watchers.

224

00:36:59,000 --> 00:37:08,000

Could it be that extraterrestrials are abducting humans because they are actually looking for other alien beings hiding among us?

225

00:37:09,000 --> 00:37:19,000

Ancient astronaut theorists suggest that the answer may be found by taking a closer look at the United States government's most secret projects.

226

00:37:25,000 --> 00:37:30,000

San Francisco, California, June 6th, 2011.

227

00:37:31,000 --> 00:37:40,000

At the annual Apple Worldwide Developers Conference, Steve Jobs introduces the world to his latest technological breakthrough.

228

00:37:42,000 --> 00:37:43,000

iCloud.

229

00:37:44,000 --> 00:38:04,000

This new service allows users to store all of their digital data such as music, email, contacts, documents, photos, and internet search history on pools of remote servers collectively known as the cloud.

230

00:38:05,000 --> 00:38:16,000

This revolutionary technology takes off so fast that within two years there are over 300 million people on the cloud.

231

00:38:18,000 --> 00:38:25,000

And because it is built into every Apple device, some people use the cloud without even realizing it.

232

00:38:26,000 --> 00:38:39,000

But while Apple assures its customers that their personal files are secure, in August of 2014, explicit personal photos of female celebrities begin to pop up online.

233

00:38:39,000 --> 00:38:41,000

The cloud has been hacked.

234

00:38:43,000 --> 00:38:46,000

All of your information is now on the cloud. It's now somewhere else.

235

00:38:46,000 --> 00:38:54,000

Sure, you can always potentially access it and read that information back, but that also means someone else now has access to your data.

236

00:38:55,000 --> 00:38:59,000

That data could be your emails, it could be your messages, it could be phone calls, it could be voicemails.

237

00:39:00,000 --> 00:39:08,000

It's incredible because you're literally just handing your data over to an unknown location run by who knows who.

238

00:39:08,000 --> 00:39:12,000

Many people see very big security issues with these.

239

00:39:13,000 --> 00:39:18,000

You're no longer personally having control of your own data on your own hard drive.

240

00:39:18,000 --> 00:39:23,000

You're just sending it off into the ether to who knows where.

241

00:39:26,000 --> 00:39:34,000

When Edward Snowden revealed in 2013, the extent to which our privacy has been compromised, it drew public outrage.

242

00:39:35,000 --> 00:39:43,000

But as the march of technology moves forward, are we adapting to the notion that nothing is sacred or secret?

243

00:39:44,000 --> 00:39:52,000

And is it possible that extraterrestrials who have been watching us for thousands of years actually led us to this point?

244

00:39:52,000 --> 00:40:10,000

Could it be that our increased reliance on computers, cell phones, tablets and anything else connected to the Internet is the product of extraterrestrial design, giving the watchers greater access to us than ever before?

245

00:40:11,000 --> 00:40:26,000

We're living in a day and age now where everybody is carrying literally a camera and a microphone in their hand or in their pocket that can be remotely activated by the NSA or various number of intelligence agencies or even hackers.

246

00:40:27,000 --> 00:40:33,000

The webcams in all laptops and the microphones can be easily remotely activated.

247

00:40:34,000 --> 00:40:52,000

It really seems that because of technology, these extraterrestrials step up their monitoring and watch every little detail of what goes on and they want to see our planet nurture certain civilizations that are technologically minded.

248

00:40:53,000 --> 00:41:05,000

But there are some who believe the highly interconnected society we now live in provides for even more shocking implications.

249

00:41:06,000 --> 00:41:20,000

They say that extraterrestrials may actually be in league with world leaders, monitoring each and every one of us in an effort to root out the watchers who have been hiding among us for thousands of years.

250

00:41:23,000 --> 00:41:39,000

The United States government has proof that at least three competing geopolitical territorial extraterrestrial groups that are in conflict with each other have been on this planet.

251

00:41:40,000 --> 00:41:47,000

The intervention may actually be positive for humans going forward.

252

00:41:48,000 --> 00:42:04,000

But we are also presented the idea that we are dealing with intelligences that may actually want to do harm and have done harm. It is as if there were political parties in the cosmos.

253

00:42:04,000 --> 00:42:18,000

Is it possible, as ancient astronaut theorists contend, that the watchers really do exist and are still here on Earth watching over us?

254

00:42:19,000 --> 00:42:24,000

Could we be under surveillance by not one group of watchers?

255

00:42:24,000 --> 00:42:35,000

But several, and might a secret conglomeration of the world's most powerful leaders have actually taken a side in this extraterrestrial conflict.

256

00:42:36,000 --> 00:42:42,000

Perhaps very soon we will discover that aliens have been among us all along.

257

00:42:42,000 --> 00:42:54,000

Watching us and guiding us, not only in the interest of our own future, but also theirs.
