

1

00:00:00,000 --> 00:00:06,000

Mysterious structures, numbering in the thousands.

2

00:00:06,000 --> 00:00:12,000

They created as many as 250 within this valley alone.

3

00:00:12,000 --> 00:00:15,000

Monuments containing secret powers.

4

00:00:15,000 --> 00:00:19,000

It could be a device used to transmit a type of energy

5

00:00:19,000 --> 00:00:22,000

that we still can't fully understand.

6

00:00:22,000 --> 00:00:26,000

And architectural wonders that could change everything we know

7

00:00:26,000 --> 00:00:28,000

about our past.

8

00:00:28,000 --> 00:00:31,000

It's really rewriting the history of the world.

9

00:00:31,000 --> 00:00:35,000

All across the earth there are massive pyramids,

10

00:00:35,000 --> 00:00:40,000

many so old that their origins are completely unknown.

11

00:00:40,000 --> 00:00:43,000

But some believe there are thousands more,

12

00:00:43,000 --> 00:00:48,000

hidden by oceans, jungles and the desert sands.

13

00:00:48,000 --> 00:00:50,000

And that once we find them,

14

00:00:50,000 --> 00:00:55,000

they will reveal shocking truths about our past.

15

00:00:55,000 --> 00:01:00,000

Is it possible that extraterrestrials have guided humans

16

00:01:00,000 --> 00:01:04,000

to build pyramids for some special reason of their own?

17

00:01:04,000 --> 00:01:07,000

Millions of people around the world

18

00:01:07,000 --> 00:01:12,000

believe we have been visited in the past by extraterrestrial beings.

19

00:01:12,000 --> 00:01:15,000

What if it were true?

20

00:01:15,000 --> 00:01:20,000

Did ancient aliens really help to shape our history?

21

00:01:20,000 --> 00:01:23,000

And if so, might there be a connection

22

00:01:23,000 --> 00:01:27,000

between aliens and earth's hidden pyramids?

23

00:01:53,000 --> 00:02:06,000

Western China, May 21, 1992.

24

00:02:06,000 --> 00:02:13,000

An underground nuclear explosion on the Lop North Test Range

25

00:02:13,000 --> 00:02:16,000

sends shock waves through the earth.

26

00:02:16,000 --> 00:02:21,000

The event is recorded by U.S. government seismometers,

27

00:02:21,000 --> 00:02:25,000

which reveal unexpected geological anomalies under the earth,

28

00:02:25,000 --> 00:02:29,000

just north of Anchorage, Alaska.

29

00:02:29,000 --> 00:02:33,000

Six months later, a U.S. Army counterintelligence officer

30

00:02:33,000 --> 00:02:37,000

stationed at nearby Fort Richardson, Douglas Muchler,

31

00:02:37,000 --> 00:02:42,000

sees a local news report that claims these underground scans

32

00:02:42,000 --> 00:02:45,000

had detected a colossal pyramid structure

33

00:02:45,000 --> 00:02:51,000

50 miles southwest of Mount McKinley.

34

00:02:51,000 --> 00:02:56,000

Muchler contacts the station to find out more.

35

00:02:56,000 --> 00:03:04,000

But mysteriously, they tell him no further information is available.

36

00:03:04,000 --> 00:03:10,000

There has been talk that there's a pyramid up in Alaska.

37

00:03:10,000 --> 00:03:12,000

But nobody seems to be investigating that,

38

00:03:12,000 --> 00:03:14,000

maybe because it's so remote,

39

00:03:14,000 --> 00:03:17,000

or maybe they have investigated it

40

00:03:17,000 --> 00:03:22,000

and they just don't want to tell us about it.

41

00:03:22,000 --> 00:03:25,000

Frustrated by the lack of information,

42

00:03:25,000 --> 00:03:29,000

Sergeant Muchler contacts journalist Linda Moulton-Howe,

43

00:03:29,000 --> 00:03:31,000

who reaches out across her network,

44

00:03:31,000 --> 00:03:37,000

searching for anyone that could shed light on the Alaska pyramid story.

45

00:03:37,000 --> 00:03:40,000

Soon after, she receives a response

46

00:03:40,000 --> 00:03:44,000

from a man who requests to remain anonymous.

47

00:03:44,000 --> 00:03:47,000

He claims his father was an engineer

48

00:03:47,000 --> 00:03:51,000

who got a first-hand look at the secret pyramid.

49

00:03:51,000 --> 00:03:54,000

His father had had a Navy career

50

00:03:54,000 --> 00:04:00,000

and then was asked to continue to work in Alaska

51

00:04:00,000 --> 00:04:04,000

on a very special project that involved something underground

52

00:04:04,000 --> 00:04:09,000

that put out a lot of energy.

53

00:04:09,000 --> 00:04:15,000

There were mining shaft elevators on the surface.

54

00:04:15,000 --> 00:04:24,000

He would go down to the base of a huge underground pyramid.

55

00:04:24,000 --> 00:04:30,000

His work was to try to understand how this was giving off

56

00:04:30,000 --> 00:04:35,000

what they estimated was a gigantic amount of energy.

57

00:04:35,000 --> 00:04:39,000

But he never would talk

58

00:04:39,000 --> 00:04:43,000

because this was a government secret.

59

00:04:43,000 --> 00:04:46,000

There is no doubt in my mind

60

00:04:46,000 --> 00:04:48,000

that there is a cover-up going on

61

00:04:48,000 --> 00:04:51,000

and that something was found there in Alaska.

62

00:04:51,000 --> 00:04:54,000

I think the reason why it's been covered up

63

00:04:54,000 --> 00:04:57,000

is that we would have to completely rewrite

64

00:04:57,000 --> 00:04:59,000

the science of human origins,

65

00:04:59,000 --> 00:05:01,000

the concept that at one point

66

00:05:01,000 --> 00:05:04,000

there was a global industrialized civilization

67

00:05:04,000 --> 00:05:08,000

that had reached a technology that is in fact superior to our own

68

00:05:08,000 --> 00:05:14,000

because we cannot easily build pyramids like this today.

69

00:05:14,000 --> 00:05:18,000

Could it be, as some ancient astronaut theorists suggest,

70

00:05:18,000 --> 00:05:22,000

that the United States government is hiding the Alaskan pyramid

71

00:05:22,000 --> 00:05:27,000

until they can fully comprehend and harness its power?

72

00:05:27,000 --> 00:05:34,000

Perhaps the answer can be found 4,400 miles away.

73

00:05:34,000 --> 00:05:40,000

Central China, 1945.

74

00:05:40,000 --> 00:05:42,000

While transporting supplies from India,

75

00:05:42,000 --> 00:05:46,000

U.S. Army Air Corps pilot James Gaussman

76

00:05:46,000 --> 00:05:49,000

spots a mysterious structure that becomes known

77

00:05:49,000 --> 00:05:53,000

as the Great White Pyramid.

78

00:05:53,000 --> 00:05:56,000

One of the most unusual stories of pyramids

79

00:05:56,000 --> 00:05:59,000

came out of World War II.

80

00:05:59,000 --> 00:06:02,000

The story is of an American pilot

81

00:06:02,000 --> 00:06:04,000

who was flying the Burma Hunk

82

00:06:04,000 --> 00:06:08,000

over to Chongqing in Central China.

83

00:06:08,000 --> 00:06:10,000

And what he claimed, he saw,

84

00:06:10,000 --> 00:06:14,000

was a huge pyramid in the valley

85

00:06:14,000 --> 00:06:23,000

with a gigantic crystal capstone on the top of it.

86

00:06:23,000 --> 00:06:26,000

Two years later, the New York Times reported

87

00:06:26,000 --> 00:06:30,000

that Colonel Marie Xi'an, another American aviator

88

00:06:30,000 --> 00:06:32,000

flying over Central China,

89

00:06:32,000 --> 00:06:39,000

spotted a 1,000-foot-high pyramid in the same area.

90

00:06:39,000 --> 00:06:42,000

Since then, many more pyramidal structures

91

00:06:42,000 --> 00:06:45,000

have been discovered throughout the region.

92

00:06:45,000 --> 00:06:47,000

Some of them covered in vegetation,

93

00:06:47,000 --> 00:06:53,000

seemingly camouflaged to look like natural formations.

94

00:06:53,000 --> 00:06:55,000

But the Chinese government denies

95

00:06:55,000 --> 00:06:58,000

that there are any pyramids in China at all,

96

00:06:58,000 --> 00:07:01,000

claiming that any structures resembling pyramids

97

00:07:01,000 --> 00:07:06,000

are actually burial mounds from the Han dynasty.

98

00:07:06,000 --> 00:07:10,000

Still to this day, the subject of the Chinese pyramids

99

00:07:10,000 --> 00:07:12,000

is very rarely discussed.

100

00:07:12,000 --> 00:07:14,000

However, you can go on Google Earth

101

00:07:14,000 --> 00:07:18,000

and you can see the pyramids of the Xian province

102

00:07:18,000 --> 00:07:22,000

for yourself by just zooming in on this area.

103

00:07:22,000 --> 00:07:26,000

But the Chinese government does not want you to go in this area.

104

00:07:26,000 --> 00:07:28,000

It has declared off limits to everyone

105

00:07:28,000 --> 00:07:31,000

except for the local peasant farmers in that region.

106

00:07:31,000 --> 00:07:35,000

What are they hiding?

107

00:07:35,000 --> 00:07:39,000

Could these pyramids reveal a different version of history

108

00:07:39,000 --> 00:07:43,000

than what the Chinese government wants us to know?

109

00:07:43,000 --> 00:07:47,000

Curiously, other modern discoveries of pyramids

110

00:07:47,000 --> 00:07:51,000

have been met with similar denials.

111

00:07:51,000 --> 00:07:55,000

In 2005, Dr. Samas Monikic,

112

00:07:55,000 --> 00:07:59,000

a professor of anthropology and amateur archaeologist,

113

00:07:59,000 --> 00:08:05,000

announced that he had found five ancient pyramids hidden in Bosnia,

114

00:08:05,000 --> 00:08:09,000

a claim that the Bosnian government initially supported,

115

00:08:09,000 --> 00:08:12,000

but then later denied.

116

00:08:12,000 --> 00:08:15,000

When I first saw the pyramids in Bosnia,

117

00:08:15,000 --> 00:08:17,000

they looked like hills,

118

00:08:17,000 --> 00:08:20,000

but you could see the regular geometry.

119

00:08:20,000 --> 00:08:23,000

Four triangular faces, obvious corners,

120

00:08:23,000 --> 00:08:25,000

and when I took compass,

121

00:08:25,000 --> 00:08:30,000

compass shows me that those sides match cardinal points.

122

00:08:30,000 --> 00:08:34,000

I knew immediately that these were artificial structures

123

00:08:34,000 --> 00:08:38,000

below the layers of soil and vegetation.

124

00:08:38,000 --> 00:08:44,000

They tell us that the pyramids were built only in Egypt and Mexico.

125

00:08:44,000 --> 00:08:46,000

Wrong.

126

00:08:46,000 --> 00:08:49,000

They are built on all six continents,

127

00:08:49,000 --> 00:08:53,000

from Asia, Africa, Europe,

128

00:08:53,000 --> 00:08:56,000

Central, North and South America.

129

00:08:56,000 --> 00:08:59,000

So they are worldwide phenomenon.

130

00:09:00,000 --> 00:09:04,000

In the 21st century, we will need to establish a new science

131

00:09:04,000 --> 00:09:07,000

which will finally answer the question

132

00:09:07,000 --> 00:09:11,000

to who, when, how, and why

133

00:09:11,000 --> 00:09:15,000

built the oldest and the most superior pyramids.

134

00:09:15,000 --> 00:09:18,000

But why would governments around the world

135

00:09:18,000 --> 00:09:23,000

want to try and discredit these new discoveries of pyramids?

136

00:09:23,000 --> 00:09:28,000

World governments might not want to be forthcoming with this information,

137

00:09:28,000 --> 00:09:31,000

but governments like we've seen with the Chinese government,

138

00:09:31,000 --> 00:09:33,000

places like Alaska and others,

139

00:09:33,000 --> 00:09:36,000

might also hold hidden wells of archaeological finds

140

00:09:36,000 --> 00:09:39,000

that we still have yet to uncover.

141

00:09:39,000 --> 00:09:41,000

Are there ancient pyramids

142

00:09:41,000 --> 00:09:45,000

that are deliberately being kept secret from the public?

143

00:09:45,000 --> 00:09:48,000

Might the discovery of these,

144

00:09:48,000 --> 00:09:51,000

and an untold number of other hidden pyramids,

145

00:09:51,000 --> 00:09:55,000

expose the truth about our origins?

146

00:09:55,000 --> 00:09:57,000

Perhaps further clues can be found.

147

00:09:57,000 --> 00:09:59,000

In a region of South America

148

00:09:59,000 --> 00:10:02,000

that contains more pyramids

149

00:10:02,000 --> 00:10:05,000

than any other place on Earth.

150

00:10:11,000 --> 00:10:13,000

Northern Peru,

151

00:10:13,000 --> 00:10:16,000

the Lambayaki Valley.

152

00:10:16,000 --> 00:10:21,000

What appears today to be a ravine of large earthen hills

153

00:10:21,000 --> 00:10:24,000

is in fact a lost ancient city.

154

00:10:24,000 --> 00:10:29,000

For centuries, this region was overlooked by archaeologists.

155

00:10:29,000 --> 00:10:33,000

But in 1988, explorer Thor Heierdahl

156

00:10:33,000 --> 00:10:36,000

investigated the mysterious mounds

157

00:10:36,000 --> 00:10:40,000

and determined them to be man-made structures.

158

00:10:40,000 --> 00:10:44,000

The excitement at what he and his team found

159

00:10:44,000 --> 00:10:46,000

led to a series of excavations,

160

00:10:46,000 --> 00:10:51,000

and to the discovery that what had long been considered natural formations

161

00:10:51,000 --> 00:10:55,000

were in fact massive adobe brick pyramids,

162

00:10:55,000 --> 00:10:58,000

severely ravaged by time.

163

00:10:58,000 --> 00:11:01,000

And this vast system of monuments was built

164

00:11:01,000 --> 00:11:04,000

by what might very well have been

165

00:11:04,000 --> 00:11:08,000

the most prolific pyramid builders of all.

166

00:11:08,000 --> 00:11:13,000

This was the site of a culture called the Sikan.

167

00:11:13,000 --> 00:11:19,000

And these people who rose around 750 AD

168

00:11:19,000 --> 00:11:24,000

seemed to be absolutely obsessed with the creation of pyramids.

169

00:11:24,000 --> 00:11:30,000

In fact, they created as many as 250 within this valley alone.

170

00:11:32,000 --> 00:11:36,000

And in one particular town, they created 26

171

00:11:36,000 --> 00:11:40,000

that were all basically back-to-back, side-by-side.

172

00:11:40,000 --> 00:11:43,000

And it would seem that the stories

173

00:11:43,000 --> 00:11:46,000

from the myths and legends of these people

174

00:11:46,000 --> 00:11:49,000

is that they felt that they had to do this.

175

00:11:49,000 --> 00:11:52,000

Because if they didn't create these pyramids,

176

00:11:52,000 --> 00:11:55,000

the world would quite literally come to an end.

177

00:11:57,000 --> 00:12:01,000

Archaeologists suggest that it would have taken 2,000 workers

178

00:12:01,000 --> 00:12:04,000

an entire year just to make the mud bricks

179

00:12:04,000 --> 00:12:09,000

for one of the 26 pyramids here in the city of Tukime.

180

00:12:09,000 --> 00:12:14,000

But who could have engineered such a massive construction project?

181

00:12:14,000 --> 00:12:19,000

Is it possible the builders had access to advanced technology?

182

00:12:19,000 --> 00:12:23,000

If they had help to build these pyramids,

183

00:12:23,000 --> 00:12:26,000

it would solve a lot of problems

184

00:12:26,000 --> 00:12:31,000

in trying to understand how a civilization could mount

185

00:12:31,000 --> 00:12:35,000

such a daunting enterprise.

186

00:12:38,000 --> 00:12:41,000

According to mainstream historians,

187

00:12:41,000 --> 00:12:46,000

the Sikhhan people mysteriously disappeared in 1375.

188

00:12:48,000 --> 00:12:50,000

Although there are no written records

189

00:12:50,000 --> 00:12:53,000

revealing why they were obsessed with building pyramids,

190

00:12:53,000 --> 00:12:57,000

ancient astronaut theorists say clues may be found

191

00:12:57,000 --> 00:13:01,000

by examining the multiple images of birdmen

192

00:13:01,000 --> 00:13:05,000

that archaeologists discovered inside one of the structures.

193

00:13:06,000 --> 00:13:10,000

The birdman image is something that's iconic

194

00:13:10,000 --> 00:13:14,000

of depicting someone who can come from the sky.

195

00:13:14,000 --> 00:13:19,000

So these glyphs that are seen on the walls of these structures

196

00:13:19,000 --> 00:13:21,000

are particularly interesting.

197

00:13:21,000 --> 00:13:24,000

The idea that we have the pyramids,

198

00:13:24,000 --> 00:13:28,000

that we have this representation of people coming from the sky,

199

00:13:28,000 --> 00:13:33,000

is yet another validation of an amazing structure

200

00:13:33,000 --> 00:13:38,000

built with the assistance of some being that came from the skies.

201

00:13:41,000 --> 00:13:47,000

Depictions of creatures that are half bird and half man

202

00:13:47,000 --> 00:13:51,000

have been discovered in many ancient cultures.

203

00:13:51,000 --> 00:13:56,000

Approximately 1400 miles south of Takume, in Bolivia,

204

00:13:56,000 --> 00:14:01,000

carvings of birdmen can be found on the Sun Gate at Tiawanaco.

205

00:14:03,000 --> 00:14:06,000

According to the local Incan mythology,

206

00:14:06,000 --> 00:14:09,000

these are beings who came down from the sky

207

00:14:09,000 --> 00:14:12,000

with the creator god, Vericocha.

208

00:14:14,000 --> 00:14:17,000

Similar stories can be found on Easter Island

209

00:14:17,000 --> 00:14:20,000

with the so-called Birdman Cult.

210

00:14:21,000 --> 00:14:27,000

In Japan, where supernatural birdman beings called Tengu are revered.

211

00:14:28,000 --> 00:14:31,000

And on the other side of the world, in ancient Samaria,

212

00:14:31,000 --> 00:14:34,000

Birdmen, known as the Anunnaki,

213

00:14:34,000 --> 00:14:38,000

were sent to be advanced beings that came down from the heavens

214

00:14:38,000 --> 00:14:40,000

to colonize the earth.

215

00:14:40,000 --> 00:14:46,000

They have to wonder if these Birdmen aren't the Anunnaki

216

00:14:46,000 --> 00:14:49,000

who are coming from ancient Samaria,

217

00:14:49,000 --> 00:14:52,000

who have these elongated heads.

218

00:14:52,000 --> 00:14:57,000

And so it's possible that these Anunnaki extraterrestrials

219

00:14:57,000 --> 00:15:00,000

were coming to Peru and to Takume

220

00:15:00,000 --> 00:15:03,000

and instructing the people on building these pyramids.

221

00:15:04,000 --> 00:15:07,000

I don't think that it is pure coincidence

222

00:15:07,000 --> 00:15:12,000

that there are so many motifs all around the world

223

00:15:12,000 --> 00:15:18,000

that are not just similar, but in many cases, identical.

224

00:15:19,000 --> 00:15:24,000

That to me indicates that not only were they not isolated,

225

00:15:24,000 --> 00:15:28,000

but that they were visited by the same people,

226

00:15:28,000 --> 00:15:32,000

by visitors from the sky.

227

00:15:32,000 --> 00:15:36,000

And the only way our ancestors could make sense of it

228

00:15:36,000 --> 00:15:40,000

is to outfit them with wings.

229

00:15:43,000 --> 00:15:48,000

Interestingly, the Sikand people who occupied this area of Peru

230

00:15:48,000 --> 00:15:50,000

not only made carvings of Birdmen,

231

00:15:50,000 --> 00:15:54,000

but also told stories of a mysterious being

232

00:15:54,000 --> 00:15:59,000

who helped build their society and then disappeared into the sky.

233

00:16:00,000 --> 00:16:03,000

The great heroic leader of the people was Nelam.

234

00:16:03,000 --> 00:16:06,000

He built the pyramids and taught them a new religion.

235

00:16:06,000 --> 00:16:09,000

And when he felt that his work was done,

236

00:16:09,000 --> 00:16:13,000

he went down to the seashore, turned himself into a bird,

237

00:16:13,000 --> 00:16:16,000

and flew off into the heavens.

238

00:16:17,000 --> 00:16:21,000

And is in the end a celestial being.

239

00:16:25,000 --> 00:16:29,000

Could it be that the Birdmen depicted in Takume

240

00:16:29,000 --> 00:16:32,000

were really alien beings that came down to Earth

241

00:16:32,000 --> 00:16:36,000

and helped the Sikand people to build hundreds of pyramids?

242

00:16:38,000 --> 00:16:40,000

Perhaps the answer can be found

243

00:16:40,000 --> 00:16:45,000

by examining pyramids discovered on the other side of the world.

244

00:16:46,000 --> 00:16:49,000

Deep beneath the sea.

245

00:16:54,000 --> 00:17:00,000

Yonaguni Island, Japan, September 1997.

246

00:17:01,000 --> 00:17:06,000

Multiple teams of researchers, geologists, and professional divers

247

00:17:06,000 --> 00:17:08,000

launch an underwater expedition

248

00:17:08,000 --> 00:17:12,000

near the southernmost of the remote Ryukyu Islands.

249

00:17:12,000 --> 00:17:16,000

They are there to investigate a mysterious stone configuration

250

00:17:16,000 --> 00:17:19,000

known as the Yonaguni Pyramid.

251

00:17:20,000 --> 00:17:23,000

Less than a hundred feet below the surface,

252

00:17:23,000 --> 00:17:28,000

the divers come across rock formations, including pillars,

253

00:17:29,000 --> 00:17:31,000

wedges,

254

00:17:32,000 --> 00:17:34,000

platforms,

255

00:17:34,000 --> 00:17:39,000

and giant steps that appear to be carved out of the bedrock.

256

00:17:40,000 --> 00:17:44,000

The Yonaguni Monument has been altered by carving,

257

00:17:44,000 --> 00:17:49,000

and it has been very carefully carved into megaliths,

258

00:17:49,000 --> 00:17:52,000

platforms, stairways.

259

00:17:52,000 --> 00:17:55,000

The only problem is that it's built for giants.

260

00:17:58,000 --> 00:18:00,000

The stairs are immense.

261

00:18:00,000 --> 00:18:02,000

So who built this monument

262

00:18:02,000 --> 00:18:06,000

and what cataclysmic events sent it to the bottom of the sea?

263

00:18:07,000 --> 00:18:12,000

There are all these different cuts that seem to be of artificial origin

264

00:18:12,000 --> 00:18:15,000

and not of a natural origin,

265

00:18:15,000 --> 00:18:19,000

because it's too precise.

266

00:18:20,000 --> 00:18:25,000

Was Yonaguni artificially altered at a time

267

00:18:25,000 --> 00:18:29,000

when the water levels of the oceans were lower?

268

00:18:30,000 --> 00:18:34,000

We know that this happened at some point during the last Ice Age,

269

00:18:34,000 --> 00:18:37,000

which was 14,000 years ago.

270

00:18:38,000 --> 00:18:42,000

Now, we have to remember that at the end of the last Ice Age,

271

00:18:43,000 --> 00:18:49,000

sea levels were as much as 300 plus feet lower than they are today.

272

00:18:49,000 --> 00:18:54,000

So at that time, this structure would have been above sea level.

273

00:18:54,000 --> 00:18:57,000

It would have been at that time dry land.

274

00:18:58,000 --> 00:19:03,000

Could the massive underwater structure known as Yonaguni

275

00:19:03,000 --> 00:19:06,000

really be the remnants of an advanced civilization

276

00:19:06,000 --> 00:19:10,000

that existed here on Earth more than 10,000 years ago?

277

00:19:11,000 --> 00:19:14,000

Ancient astronaut theorists say yes

278

00:19:14,000 --> 00:19:17,000

and claim that further evidence can be found

279

00:19:17,000 --> 00:19:22,000

in Polynesian stories of a long-lost continent called Mu.

280

00:19:23,000 --> 00:19:28,000

The Yonaguni monument may represent the remains of a trans-Pacific civilization

281

00:19:28,000 --> 00:19:30,000

that the Polynesians call Mu.

282

00:19:31,000 --> 00:19:35,000

There is evidence throughout Polynesia for an ancient megalithic civilization.

283

00:19:36,000 --> 00:19:39,000

There are similar ruins off the coast of Panipay.

284

00:19:39,000 --> 00:19:41,000

The ruins are partially submerged.

285

00:19:43,000 --> 00:19:48,000

This lost continent of Mu was in the middle of the Pacific Ocean,

286

00:19:48,000 --> 00:19:55,000

and it encompassed Hawaii and Tahiti, Tonga and Samoa,

287

00:19:55,000 --> 00:20:00,000

and even Easter Island were all part of this lost continent of Mu.

288

00:20:02,000 --> 00:20:08,000

And the central pyramid complex in Tonga is called Mu-A.

289

00:20:12,000 --> 00:20:17,000

While most conventional scholars dismiss the story of Mu as being mythology,

290

00:20:17,000 --> 00:20:22,000

ancient astronaut theorists suggest an enormous new discovery

291

00:20:22,000 --> 00:20:26,000

in Southeast Asia could provide irrefutable evidence

292

00:20:26,000 --> 00:20:31,000

that this lost civilization did, in fact, exist.

293

00:20:35,000 --> 00:20:41,000

West Java, Indonesia, located in Karyamukti village,

294

00:20:41,000 --> 00:20:44,000

is a mysterious site called Ganang Padang,

295

00:20:44,000 --> 00:20:47,000

or Mountain of Enlightenment.

296

00:20:48,000 --> 00:20:54,000

For thousands of years, the local population revered Ganang Padang as a sacred site,

297

00:20:54,000 --> 00:20:59,000

and many came here to meditate among the giant stone blocks.

298

00:20:59,000 --> 00:21:06,000

But in 1914, Dutch explorers discovered that the basalt columns scattered across the hilltop

299

00:21:06,000 --> 00:21:09,000

are not natural features at all.

300

00:21:09,000 --> 00:21:14,000

They are, in fact, fragments of an ancient megalithic site.

301

00:21:15,000 --> 00:21:21,000

A century later, in 2013, the Indonesian government sponsored an excavation

302

00:21:21,000 --> 00:21:26,000

to see if anything was hidden beneath the layers of dirt and rubble.

303

00:21:26,000 --> 00:21:34,000

What they found was evidence that suggests Ganang Padang is the world's oldest stepped pyramid.

304

00:21:35,000 --> 00:21:44,000

Ganang Padang is probably the most remarkable megalithic structure in the whole of Southeast Asia.

305

00:21:44,000 --> 00:21:51,000

What it consists of is a hillside on the top of which are a series of terraces

306

00:21:51,000 --> 00:21:58,000

on which are structures made from basaltic pillars and other types of structure.

307

00:21:59,000 --> 00:22:04,000

But what is really important is the age of it.

308

00:22:04,000 --> 00:22:10,000

It has been analyzed by Indonesian geologists, and he seemed to have very good data

309

00:22:10,000 --> 00:22:16,000

from boreholes, from radiocarbon analysis, from seismic sections,

310

00:22:16,000 --> 00:22:25,000

as I've done around the Great Sphinx, that this site goes back in incredible 20,000 or so years,

311

00:22:25,000 --> 00:22:29,000

maybe slightly more than that.

312

00:22:29,000 --> 00:22:36,000

According to geologists, 20,000 years ago, Java, where Ganang Padang is located,

313

00:22:36,000 --> 00:22:44,000

was not an isolated island, but the southernmost part of a subcontinent known as Sundaland.

314

00:22:45,000 --> 00:22:51,000

This has led some researchers to speculate that Ganang Padang, with its high elevation,

315

00:22:51,000 --> 00:22:59,000

could have been at the pinnacle of a civilization that disappeared sometime around 10,000 BC.

316

00:22:59,000 --> 00:23:06,000

When melting ice caps flooded the region and turned it into the series of islands, it is today.

317

00:23:06,000 --> 00:23:14,000

The compelling suggestion is that there was some sort of civilization here before this flood took place,

318

00:23:15,000 --> 00:23:23,000

that they built this with advanced technology, and therefore they were extraterrestrial visitors to the Earth.

319

00:23:23,000 --> 00:23:29,000

That's why archaeologists are not finding the evidence that we would normally expect to see

320

00:23:29,000 --> 00:23:39,000

showing a geometric progression of technology leading up to the ability to build a gigantic pyramid well over 12,000 years ago.

321

00:23:40,000 --> 00:23:49,000

Ancient astronaut theorists believe Sundaland is only one piece of an enormous underwater puzzle

322

00:23:49,000 --> 00:23:58,000

that when put together will reveal there was an advanced culture here on Earth tens of thousands of years ago.

323

00:24:01,000 --> 00:24:04,000

But why did they build pyramids?

324

00:24:04,000 --> 00:24:11,000

Is it possible pyramids played a powerful central role in the colonization of the planet?

325

00:24:11,000 --> 00:24:22,000

Ancient astronaut theorists suggest the answers may lie not only underwater, but buried beneath the sand in Egypt.

326

00:24:29,000 --> 00:24:31,000

Cairo, Egypt

327

00:24:32,000 --> 00:24:44,000

On the west bank of the Nile River sits the world's most iconic pyramid complex, the Pyramids of Giza.

328

00:24:46,000 --> 00:24:52,000

These ancient marvels of engineering have fascinated mankind for over 4,000 years,

329

00:24:53,000 --> 00:25:01,000

and they are just a handful of roughly 130 pyramid structures that have been excavated in the Egyptian deserts to date.

330

00:25:03,000 --> 00:25:13,000

But for ancient astronaut theorists, even more fascinating than the Egyptian pyramids that have been found are those still waiting to be discovered.

331

00:25:14,000 --> 00:25:23,000

Many archaeologists believe that Egypt may be home to dozens and perhaps even hundreds of hidden pyramids.

332

00:25:25,000 --> 00:25:33,000

I believe just like many other scholars do, that we've only uncovered less than one third of ancient Egypt.

333

00:25:34,000 --> 00:25:43,000

I'm sure there are so many pyramids that are buried underneath the sand, but now there's a new hope.

334

00:25:43,000 --> 00:25:53,000

Satellite imaging technology is the new tool that can help us find and locate missing pyramids underneath the sands of Egypt.

335

00:25:54,000 --> 00:26:09,000

In 2010, Egyptologist Rami Ramani was part of a team of researchers looking for lost ancient cities using infrared images from commercial and NASA satellites.

336

00:26:09,000 --> 00:26:16,000

They found something promising 15 miles south of Giza in the area of Sakara.

337

00:26:17,000 --> 00:26:24,000

The satellite image that we had was just two days after a strong rain.

338

00:26:24,000 --> 00:26:32,000

We found a square shaped patch in the desert that the color got darker as you got into the middle,

339

00:26:32,000 --> 00:26:40,000

which means the water was absorbed less right in the middle and absorbed more towards the end,

340

00:26:40,000 --> 00:26:46,000

which indicates a pyramid shaped structure underneath the sand.

341

00:26:46,000 --> 00:26:53,000

Once the digging started, the political situation in Egypt got really bad and the digging had to stop.

342

00:26:53,000 --> 00:26:56,000

I believe that there's a pyramid down there missing.

343

00:26:59,000 --> 00:27:07,000

Rami and his fellow researchers believe they have found a total of 17 hidden pyramids buried across the Egyptian desert.

344

00:27:11,000 --> 00:27:15,000

There are so many pyramids out there yet to be found.

345

00:27:15,000 --> 00:27:23,000

We have evidence that ancient Egyptian kings built pyramids all the way through the Middle Kingdom.

346

00:27:23,000 --> 00:27:25,000

More than a hundred kings.

347

00:27:28,000 --> 00:27:34,000

But if there are hundreds of hidden pyramids buried under the sand in Egypt alone,

348

00:27:34,000 --> 00:27:37,000

then how many might there be worldwide?

349

00:27:37,000 --> 00:27:40,000

And what was their original purpose?

350

00:27:41,000 --> 00:27:49,000

Because of technology, we are really entering into an exciting new era of exploration and discovery.

351

00:27:51,000 --> 00:27:56,000

And we are finding more pyramids than ever all around the world.

352

00:27:56,000 --> 00:28:05,000

We have been in South America, in Central America, even on remote islands, and even pyramids underwater.

353

00:28:13,000 --> 00:28:19,000

Many mainstream archaeologists propose that the reason pyramids were built throughout the ancient world

354

00:28:20,000 --> 00:28:26,000

is simply because the design, which distributes the majority of the weight closer to the ground,

355

00:28:26,000 --> 00:28:31,000

was the easiest way to create stable monumental structures.

356

00:28:34,000 --> 00:28:42,000

But ancient astronaut theorists contend that most of the pyramids are, in fact, marvels of engineering.

357

00:28:43,000 --> 00:28:51,000

These people are moving gigantic 100-ton blocks of stone and assembling them into perfect, beautiful pyramids

358

00:28:51,000 --> 00:28:58,000

that have still held together and weathered the test of time nearly 5,000 years later.

359

00:28:58,000 --> 00:29:01,000

And that's based on the conventional dating.

360

00:29:04,000 --> 00:29:11,000

Ancient astronaut theorists suggest further evidence of a connection between these early pyramid-building societies

361

00:29:11,000 --> 00:29:15,000

can be found by comparing their architectural styles.

362

00:29:18,000 --> 00:29:22,000

There are pyramids all around the world that show incredible similarities.

363

00:29:22,000 --> 00:29:27,000

We have the pyramids in Mexico, and now there's ones that have been discovered in Peru.

364

00:29:27,000 --> 00:29:32,000

There's also pyramids in China, in Tenerife, Mauritius, and many other places.

365

00:29:32,000 --> 00:29:37,000

And it really does suggest there's something very interesting going on there in prehistory.

366

00:29:38,000 --> 00:29:45,000

You know, something has to be said about the striking similarities between pyramidal structures

367

00:29:45,000 --> 00:29:50,000

that can be found, for example, at the Kanda Sukhu Pyramid in Indonesia

368

00:29:50,000 --> 00:29:54,000

as compared to El Castillo in Chichen Itza.

369

00:29:56,000 --> 00:30:01,000

If you have similarities throughout this entire vast planet of pyramids,

370

00:30:01,000 --> 00:30:08,000

then there had to have been some influence from the outside that helped those people of that era

371

00:30:08,000 --> 00:30:13,000

build and construct these. The architect is probably the same.

372

00:30:16,000 --> 00:30:23,000

Is it possible that the pyramids bound all over the world really are in some way connected?

373

00:30:23,000 --> 00:30:30,000

And could it be that the ancients built them to serve a purpose modern man has yet to understand?

374

00:30:31,000 --> 00:30:37,000

Ancient astronaut theorists say yes, and claim further clues may be found

375

00:30:37,000 --> 00:30:41,000

by closely examining the shape of the pyramid itself.

376

00:30:46,000 --> 00:30:51,000

Auckland, New Zealand, 1952.

377

00:30:51,000 --> 00:30:57,000

Airline pilot Bruce Cathy spots a UFO hovering over the city's harbor.

378

00:30:58,000 --> 00:31:05,000

The craft holds him spellbound before vanishing straight up into the sky.

379

00:31:05,000 --> 00:31:12,000

The sighting turned out to be the first of many Cathy would have over the next two decades.

380

00:31:12,000 --> 00:31:21,000

He recorded all of them, documenting their exact flight paths, and a startling pattern began to emerge.

381

00:31:27,000 --> 00:31:31,000

He spotted multiple UFO scientists.

382

00:31:31,000 --> 00:31:37,000

They all follow the same north-south grid lines and east-west grid lines.

383

00:31:37,000 --> 00:31:42,000

What he realized was that perhaps they were powering their crafts with this particular grid,

384

00:31:42,000 --> 00:31:47,000

because the earth is like a hugely powerful energy source.

385

00:31:49,000 --> 00:31:56,000

Cathy worked with software engineer Rod Moppen to create Gridpoint Atlas,

386

00:31:56,000 --> 00:32:04,000

a computer program designed to map out his theory that electromagnetic lines crisscross the planet.

387

00:32:04,000 --> 00:32:13,000

According to ancient astronaut theorists, many of the world's ancient cultures were also aware of this global energy grid.

388

00:32:13,000 --> 00:32:20,000

All around the world we find megalithic sites that are connected by geodetic grid lines

389

00:32:20,000 --> 00:32:24,000

and energy lines that naturally form from the earth.

390

00:32:24,000 --> 00:32:31,000

And there is clear evidence that there was some kind of ancient survey of the planet that took place in antiquity.

391

00:32:31,000 --> 00:32:37,000

And the evidence now is the placement of where these megalithic sites are that we can still see today.

392

00:32:41,000 --> 00:32:48,000

Is it possible the ancients built their pyramids to tap into the same electromagnetic fields

393

00:32:48,000 --> 00:32:52,000

extraterrestrials use to power their crafts?

394

00:32:54,000 --> 00:33:02,000

If we knew the truth, if we had a sophisticated enough perspective on planets and geomagnetic fields,

395

00:33:04,000 --> 00:33:13,000

we might realize that the sphere of the earth with a molten core that sets up these magnetic fields

396

00:33:13,000 --> 00:33:24,000

is exactly what other intelligences look for in order to use pyramids in a way that we still have never been introduced to, at least publicly.

397

00:33:26,000 --> 00:33:35,000

And that once you have them in the right position, in the right magnetic field structure, you have free energy forever.

398

00:33:36,000 --> 00:33:40,000

And this sounds incredible. It is incredible.

399

00:33:41,000 --> 00:33:48,000

Some ancient astronaut theorists contend that pyramids were not only built to harness the earth's energy,

400

00:33:48,000 --> 00:33:52,000

but to amplify it by using the pyramidal shape itself.

401

00:33:53,000 --> 00:34:02,000

There are certain pioneering scientists that have made the suggestion that the secret to how the atom is powered is gravity.

402

00:34:03,000 --> 00:34:08,000

That there is in fact a union between gravity and electromagnetism.

403

00:34:09,000 --> 00:34:16,000

So if the earth is a sphere and the energy is flowing in from all directions, you build the shape of a pyramid.

404

00:34:17,000 --> 00:34:22,000

And as that matter is being created, you get a swirling current.

405

00:34:23,000 --> 00:34:29,000

And that swirling current generates a great deal of rotational inertia in the center of the pyramid.

406

00:34:32,000 --> 00:34:37,000

The Great Pyramid does make an electromagnetic energy.

407

00:34:39,000 --> 00:34:47,000

I have taken over the years instruments into the pyramid, converts this energy we're talking about into a voltage.

408

00:34:48,000 --> 00:34:52,000

And measuring in Los Angeles, it was putting out about 0.08 volts.

409

00:34:54,000 --> 00:35:01,000

And when I took it into the Great Pyramid, it was producing 1200 millivolts, which means 1.2 volts.

410

00:35:01,000 --> 00:35:05,000

And the area around the pyramid was putting out the same voltage.

411

00:35:11,000 --> 00:35:19,000

Ancient astronaut theorists contend that earth's pyramids were not only designed for energy

disbursement or powering spacecraft,

412

00:35:19,000 --> 00:35:23,000

but were also interconnected to act as communication hubs.

413

00:35:24,000 --> 00:35:36,000

And possibly even teleportation docks, capable of transporting living beings between pyramids both here on earth and on other worlds.

414

00:35:38,000 --> 00:35:44,000

If we look at all the specific instances of pyramids being placed around the globe,

415

00:35:45,000 --> 00:35:52,000

it could be that the Great Pyramid was meant to interconnect with these other pyramids that were built so purposely

416

00:35:52,000 --> 00:36:01,000

in different locations and could have been orchestrated by an extraterrestrial species for reasons we were still unable to fathom.

417

00:36:04,000 --> 00:36:08,000

My pyramids really hold the key to self-sustaining energy.

418

00:36:11,000 --> 00:36:17,000

It was the Great Pyramid of Egypt, in addition to an untold number of other pyramids hidden around the planet,

419

00:36:17,000 --> 00:36:20,000

part of a global power network.

420

00:36:21,000 --> 00:36:23,000

But if so, what happened to them?

421

00:36:24,000 --> 00:36:36,000

Ancient astronaut theorists suggest further clues found in Giza provide evidence that an earlier advanced civilization was deliberately covered up.

422

00:36:42,000 --> 00:36:46,000

The Giza Plateau, Egypt, 2008

423

00:36:47,000 --> 00:36:53,000

Researchers from the University of the Aegean and the University of Athens

424

00:36:53,000 --> 00:36:59,000

perform a study on the stones used for many of the region's ancient monuments.

425

00:36:59,000 --> 00:37:09,000

What they discover is that most of these structures, including the Giza pyramids, contain hundreds of thousands of marine fossils.

426

00:37:10,000 --> 00:37:20,000

The find intensifies the debate between archaeologists who suggest that the blocks used to build the pyramids were cast like concrete,

427

00:37:20,000 --> 00:37:25,000

versus those who say they were carved out of natural stone.

428

00:37:26,000 --> 00:37:30,000

But for ancient astronaut theorists, it raises another question.

429

00:37:30,000 --> 00:37:37,000

Is it possible that the pyramids were not built with stone that had at one time been submerged beneath the ocean?

430

00:37:39,000 --> 00:37:42,000

But that the pyramids themselves were underwater?

431

00:37:45,000 --> 00:37:52,000

Right in the middle of the desert, seemingly out of nowhere, we have fossils from the ocean, different genres of marine organisms.

432

00:37:52,000 --> 00:37:56,000

Where did they come from and why are they here?

433

00:37:56,000 --> 00:38:01,000

Some say that a great flood did in fact happen, that it was real.

434

00:38:02,000 --> 00:38:10,000

The flood is clearly presented as being sent with intent as an attack upon the earth.

435

00:38:10,000 --> 00:38:18,000

Powers that be, they had an intent and a purpose for experiment earth, which they believe had become corrupted,

436

00:38:18,000 --> 00:38:26,000

and therefore the flood was sent as an attack and assault upon humanity.

437

00:38:27,000 --> 00:38:34,000

These gods were going to artificially create this flood and cataclysm with their super technology.

438

00:38:34,000 --> 00:38:39,000

And who could do that except for extraterrestrials?

439

00:38:41,000 --> 00:38:49,000

According to the Bible, God sent the great flood to cleanse the earth because of the sinful state of mankind.

440

00:38:50,000 --> 00:38:57,000

But if the flood really was sent by extraterrestrials, as some ancient astronaut theorists suggest,

441

00:38:57,000 --> 00:39:06,000

might it also have been an attempt to eliminate any trace of the advanced civilization that existed here on earth in the distant past?

442

00:39:07,000 --> 00:39:13,000

Is it possible that the secrets of the pyramids were initially covered up, not by humans,

443

00:39:13,000 --> 00:39:18,000

but by an alien race that lived among us thousands of years ago?

444

00:39:19,000 --> 00:39:24,000

One has to ask the question, well, what was wiped out?

445

00:39:24,000 --> 00:39:34,000

Could it be that it was an incredibly advanced society that existed before recorded history?

446

00:39:35,000 --> 00:39:42,000

Many new pyramid structures have been found. You have pyramids off the coast of Cuba and 2,000 feet of water.

447

00:39:42,000 --> 00:39:45,000

So who built those structures? How did they get there?

448

00:39:45,000 --> 00:39:57,000

Researcher Frank Joseph has actually found remnants of at least 10 pyramid-shaped structures beneath the surface of the water in Rock Lake, Wisconsin.

449

00:39:57,000 --> 00:40:07,000

Two of these pyramids have actually been explored by scuba divers and mapped out through the use of sonar,

450

00:40:07,000 --> 00:40:12,000

which is how we figure out where things are in a deep body of water.

451

00:40:16,000 --> 00:40:21,000

The presence of man-made pyramids at the bottom of Rock Lake, Wisconsin,

452

00:40:21,000 --> 00:40:29,000

much like the structures that have been found in China, Alaska, Bosnia and off the coast of Japan and Cuba,

453

00:40:29,000 --> 00:40:34,000

is something that government officials continue to deny.

454

00:40:35,000 --> 00:40:51,000

Are we living at a time where keeping things like underground pyramids is considered a national security threat to our government if the truth is told?

455

00:40:51,000 --> 00:40:54,000

I hope that is not the case.

456

00:40:55,000 --> 00:41:03,000

And if there are pyramids that could be linked together, give this planet energy,

457

00:41:03,000 --> 00:41:08,000

then let's move on with getting past all these policies of denial,

458

00:41:08,000 --> 00:41:13,000

and let's find this pyramid in Alaska and wherever else they are on the planet.

459

00:41:15,000 --> 00:41:19,000

How many other lost pyramids might be out there?

460

00:41:20,000 --> 00:41:28,000

Will the truth about who built these pyramids and why reveal our connection to an advanced extraterrestrial race

461

00:41:28,000 --> 00:41:33,000

that was here long before even the earliest known civilizations?

462

00:41:36,000 --> 00:41:46,000

Perhaps one of these hidden pyramids is the key to activating a global power network that has been lost for thousands of years.

463

00:41:46,000 --> 00:41:53,000

And when reactivated, it will once again reconnect us with our alien ancestors.
