

1

00:00:00,000 --> 00:00:03,000

A tribe gone missing.

2

00:00:03,000 --> 00:00:06,000

It was some kind of harvest.

3

00:00:06,000 --> 00:00:08,000

It was an experiment.

4

00:00:08,000 --> 00:00:11,000

A city mysteriously abandoned.

5

00:00:11,000 --> 00:00:14,000

All of a sudden, they disappear.

6

00:00:14,000 --> 00:00:16,000

We don't know where they have gone.

7

00:00:16,000 --> 00:00:20,000

And an entire culture that dropped off the face of the Earth.

8

00:00:20,000 --> 00:00:23,000

Have they been abducted? Have they been beamed up?

9

00:00:23,000 --> 00:00:26,000

Throughout history and across the globe,

10

00:00:26,000 --> 00:00:29,000

there have been accounts of mass disappearances.

11

00:00:29,000 --> 00:00:32,000

That defy explanation.

12

00:00:32,000 --> 00:00:36,000

But did these people suffer some horrible fate?

13

00:00:36,000 --> 00:00:41,000

Or might they have been taken by extraterrestrial visitors?

14

00:00:41,000 --> 00:00:44,000

Ultimately, they vanish.

15

00:00:44,000 --> 00:00:46,000

And we don't know what happened to them.

16

00:00:46,000 --> 00:00:49,000

Millions of people around the world

17

00:00:49,000 --> 00:00:54,000

believe we have been visited in the past by extraterrestrial beings.

18

00:00:54,000 --> 00:00:57,000

What if it were true?

19

00:00:57,000 --> 00:01:02,000

Did ancient aliens really help to shape our history?

20

00:01:02,000 --> 00:01:07,000

And if so, might they be responsible for mankind's

21

00:01:07,000 --> 00:01:10,000

most mysterious disappearances?

22

00:01:27,000 --> 00:01:32,000

The Nuna Vat Territory

23

00:01:32,000 --> 00:01:34,000

Canada

24

00:01:34,000 --> 00:01:37,000

Nuna Vat Territory

25

00:01:37,000 --> 00:01:39,000

Canada

26

00:01:39,000 --> 00:01:42,000

Nuna Vat Territory

27

00:01:42,000 --> 00:01:45,000

Nuna Vat Territory Canada

28

00:01:45,000 --> 00:01:49,000

Located at the northernmost point of the country

29

00:01:49,000 --> 00:01:53,000

and stretching across most of the Canadian Arctic,

30

00:01:53,000 --> 00:01:58,000

the Nuna Vat Territory is among the most sparsely populated regions on Earth.

31

00:01:58,000 --> 00:02:00,000

Canada

32

00:02:02,000 --> 00:02:06,000

Yet Inuit tribes have continuously inhabited the region

33

00:02:06,000 --> 00:02:09,000

for at least 4,000 years.

34

00:02:11,000 --> 00:02:13,000

Because of its remoteness,

35

00:02:13,000 --> 00:02:17,000

most people had not heard of the region until 1930,

36

00:02:17,000 --> 00:02:21,000

when it first made headlines across North American newspapers

37

00:02:21,000 --> 00:02:27,000

with the report of the mysterious disappearance of an entire Inuit tribe.

38

00:02:30,000 --> 00:02:33,000

A fur trapper by the name of Joe Labelle

39

00:02:33,000 --> 00:02:36,000

comes upon a small village,

40

00:02:36,000 --> 00:02:38,000

and it's empty.

41

00:02:41,000 --> 00:02:44,000

There are tents, there are shelters,

42

00:02:44,000 --> 00:02:46,000

there's a fire,

43

00:02:46,000 --> 00:02:49,000

there's stew in a pot on the fire,

44

00:02:49,000 --> 00:02:52,000

but there's nobody around.

45

00:02:54,000 --> 00:02:57,000

There were graves in this village

46

00:02:57,000 --> 00:03:02,000

where every top of every grave had been lifted off

47

00:03:02,000 --> 00:03:06,000

and every dead person was gone.

48

00:03:12,000 --> 00:03:15,000

There was no sign of violence or disturbance

49

00:03:15,000 --> 00:03:17,000

in the Anjikuni village

50

00:03:17,000 --> 00:03:23,000

to explain how an estimated 25 men, women and children would have vanished.

51

00:03:25,000 --> 00:03:28,000

After the disappearance was first publicized,

52

00:03:28,000 --> 00:03:31,000

other details began to emerge.

53

00:03:31,000 --> 00:03:35,000

When the Royal Canadian Mounted Police got to the village

54

00:03:35,000 --> 00:03:37,000

and they went around and talked with locals,

55

00:03:37,000 --> 00:03:41,000

they were hearing all about strange things in the sky.

56

00:03:42,000 --> 00:03:46,000

The mountains themselves saw blue lights

57

00:03:46,000 --> 00:03:50,000

twinkling and hovering and moving around on the horizon

58

00:03:50,000 --> 00:03:54,000

as if being watched by something in the sky.

59

00:03:59,000 --> 00:04:03,000

One thing that makes the Anjikuni case really stand out

60

00:04:03,000 --> 00:04:06,000

is the fact that the entire village was just gone.

61

00:04:07,000 --> 00:04:10,000

And that is something that we don't see too often,

62

00:04:10,000 --> 00:04:12,000

but we do see it now and again,

63

00:04:12,000 --> 00:04:17,000

and possibly that demonstrates a very disturbing aspect of the UFO phenomenon.

64

00:04:19,000 --> 00:04:22,000

Could it be that the Anjikuni tribe

65

00:04:22,000 --> 00:04:25,000

actually disappeared from the face of the Earth?

66

00:04:28,000 --> 00:04:33,000

Some ancient astronaut theorists claim that accounts of mass disappearances

67

00:04:33,000 --> 00:04:36,000

can be traced back thousands of years

68

00:04:36,000 --> 00:04:39,000

to some of our earliest civilizations.

69

00:04:40,000 --> 00:04:44,000

What is happening on all of the mass disappearances?

70

00:04:44,000 --> 00:04:46,000

Nobody knows.

71

00:04:48,000 --> 00:04:52,000

In the mass disappearances where cultures or towns or villages

72

00:04:52,000 --> 00:04:56,000

have disappeared in Earth history, nobody has come back.

73

00:04:59,000 --> 00:05:02,000

Throughout ancient history, there are various reports

74

00:05:02,000 --> 00:05:07,000

of large amounts of people just completely disappearing from the Earth

75

00:05:07,000 --> 00:05:10,000

and going to some unknown place.

76

00:05:11,000 --> 00:05:16,000

We don't know, but it's possible that this is connected, in fact, to extraterrestrials.

77

00:05:19,000 --> 00:05:22,000

Is it possible that there is a common thread

78

00:05:22,000 --> 00:05:25,000

linking mass disappearances throughout history?

79

00:05:27,000 --> 00:05:29,000

And if extraterrestrials have, in fact,

80

00:05:29,000 --> 00:05:34,000

been removing entire groups of people from the planet since ancient times,

81

00:05:34,000 --> 00:05:36,000

what might their purpose be?

82

00:05:38,000 --> 00:05:40,000

Perhaps further evidence can be found

83

00:05:40,000 --> 00:05:43,000

by examining recently discovered artifacts

84

00:05:43,000 --> 00:05:47,000

left behind by a lost ancient civilization.

85

00:05:54,000 --> 00:05:59,000

Guanhan City, China, 1986.

86

00:06:01,000 --> 00:06:04,000

Construction workers unearthed two sacrificial pits

87

00:06:04,000 --> 00:06:08,000

that contain the relics of a long-lost civilization.

88

00:06:09,000 --> 00:06:13,000

The cache contains hundreds of bronze and gold masks,

89

00:06:13,000 --> 00:06:16,000

statues, and figurines,

90

00:06:16,000 --> 00:06:20,000

in addition to numerous marble and jade artifacts.

91

00:06:22,000 --> 00:06:25,000

Chinese historians consider the discovery

92

00:06:25,000 --> 00:06:28,000

one of the most important finds of the 20th century

93

00:06:28,000 --> 00:06:33,000

and date the site back between 3,000 and 5,000 years

94

00:06:33,000 --> 00:06:36,000

to the very start of Chinese civilization.

95

00:06:39,000 --> 00:06:41,000

Before the Sanxingdui discovery,

96

00:06:41,000 --> 00:06:46,000

Chinese civilization was understood to have a reason from the Yellow River Basin,

97

00:06:46,000 --> 00:06:49,000

basically one spot in China.

98

00:06:51,000 --> 00:06:55,000

This discovery showed that there were other very advanced cultures

99

00:06:56,000 --> 00:06:58,000

on the periphery of the Yellow River Basin

100

00:06:58,000 --> 00:07:02,000

that also heavily contributed to the formation of Chinese civilization.

101

00:07:04,000 --> 00:07:07,000

Nobody wrote about the culture at Sanxingdui.

102

00:07:07,000 --> 00:07:10,000

There's nothing that comes up in Chinese texts,

103

00:07:10,000 --> 00:07:14,000

and the Chinese are very good at documenting their history.

104

00:07:14,000 --> 00:07:19,000

So one of the most surprising things is how a culture that was so sophisticated

105

00:07:19,000 --> 00:07:22,000

could slide under the radar of history.

106

00:07:28,000 --> 00:07:32,000

The Sanxingdui culture left no written record,

107

00:07:32,000 --> 00:07:35,000

no human remains have been found,

108

00:07:35,000 --> 00:07:37,000

and according to their artifacts,

109

00:07:37,000 --> 00:07:41,000

they appear to have only existed for 350 years.

110

00:07:44,000 --> 00:07:46,000

For some unknown reason,

111

00:07:46,000 --> 00:07:50,000

the artifacts were broken, burned,

112

00:07:50,000 --> 00:07:54,000

and placed into two pits and covered up,

113

00:07:54,000 --> 00:07:56,000

rendering them useless.

114

00:07:57,000 --> 00:08:01,000

So it's very curious as to why that happened.

115

00:08:03,000 --> 00:08:08,000

Adding to the intrigue of the vanished civilization,

116

00:08:08,000 --> 00:08:13,000

they left behind dozens of bronze heads with odd features.

117

00:08:17,000 --> 00:08:20,000

On November 1st, 2007,

118

00:08:20,000 --> 00:08:24,000

the official press agency of China asked the question

119

00:08:24,000 --> 00:08:28,000

whether or not what we're looking at here are ancestors,

120

00:08:28,000 --> 00:08:31,000

or in fact extraterrestrials.

121

00:08:32,000 --> 00:08:37,000

And my question is, what if what we have here is both?

122

00:08:38,000 --> 00:08:40,000

If you check out this one right here,

123

00:08:40,000 --> 00:08:42,000

look at the eyes.

124

00:08:42,000 --> 00:08:47,000

Now, why would any artisan carve or create something like this?

125

00:08:47,000 --> 00:08:50,000

Because our eyes don't look like this.

126

00:08:51,000 --> 00:08:54,000

The whole thing is very bizarre-looking.

127

00:08:54,000 --> 00:08:57,000

It is not necessarily human.

128

00:08:57,000 --> 00:08:59,000

It is something else.

129

00:09:03,000 --> 00:09:05,000

The masks look very unusual.

130

00:09:05,000 --> 00:09:09,000

They have big ears, big eyes.

131

00:09:09,000 --> 00:09:14,000

They don't look like normal human beings of today.

132

00:09:18,000 --> 00:09:22,000

Could it be that the masks found at the Sanxing Dui site

133

00:09:22,000 --> 00:09:24,000

are depicting ancient astronauts

134

00:09:24,000 --> 00:09:27,000

who visited our planet in the remote past?

135

00:09:28,000 --> 00:09:31,000

And if so, could this help explain

136

00:09:31,000 --> 00:09:35,000

the abrupt disappearance of a seemingly advanced civilization?

137

00:09:39,000 --> 00:09:42,000

Ultimately, they vanish,

138

00:09:42,000 --> 00:09:44,000

and we don't know what happened to them.

139

00:09:45,000 --> 00:09:49,000

So were they some kind of extraterrestrial civilization

140

00:09:49,000 --> 00:09:52,000

or human hybrid civilization?

141

00:09:52,000 --> 00:09:57,000

Then we're ultimately airlifted out at some point in time

142

00:09:57,000 --> 00:10:00,000

and perhaps moved to another place.

143

00:10:04,000 --> 00:10:06,000

Is it possible that the Sanxing Dui,

144

00:10:06,000 --> 00:10:09,000

as well as other ancient civilizations,

145

00:10:09,000 --> 00:10:12,000

were literally taken off the face of the Earth?

146

00:10:14,000 --> 00:10:16,000

And if so, why?

147

00:10:18,000 --> 00:10:20,000

Ancient astronaut theorists suggest

148

00:10:20,000 --> 00:10:25,000

that clues can be found by examining the stories of Easter Island

149

00:10:25,000 --> 00:10:30,000

and a lost tribe of giants.

150

00:10:36,000 --> 00:10:39,000

The Southeast Pacific Ocean,

151

00:10:39,000 --> 00:10:43,000

Rapa Nui, or Easter Island, as it has become known,

152

00:10:43,000 --> 00:10:47,000

is one of the most remote places on the planet.

153

00:10:48,000 --> 00:10:52,000

The nearest inhabited island is 1,100 miles to the west,

154

00:10:52,000 --> 00:10:58,000

and its nearest continental country, Chile, is over 2,000 miles away.

155

00:11:00,000 --> 00:11:02,000

Scattered around the perimeter of the island,

156

00:11:02,000 --> 00:11:05,000

most were there back to the sea,

157

00:11:05,000 --> 00:11:10,000

stand nearly 300 massive stone figures known as the Moai.

158

00:11:12,000 --> 00:11:15,000

Most are between 15 to 20 feet tall.

159

00:11:16,000 --> 00:11:20,000

But the tallest stands over 70 feet,

160

00:11:20,000 --> 00:11:25,000

and the heaviest weighs up to 165 tons.

161

00:11:28,000 --> 00:11:31,000

Why did these people go to such great effort

162

00:11:31,000 --> 00:11:33,000

to build these giant statues?

163

00:11:33,000 --> 00:11:36,000

No one else in Polynesia was doing that.

164

00:11:38,000 --> 00:11:41,000

When you talk to the people of Easter Island today,

165

00:11:41,000 --> 00:11:43,000

the Rapa Nui people,

166

00:11:43,000 --> 00:11:46,000

they say that they were doing them to honor

167

00:11:46,000 --> 00:11:50,000

certain important ancestral Ariki or rulers.

168

00:11:52,000 --> 00:11:55,000

Some ancient astronaut theorists have suggested

169

00:11:55,000 --> 00:11:59,000

that the Moai may have been erected by a lost race of giants

170

00:11:59,000 --> 00:12:02,000

that once inhabited the island.

171

00:12:02,000 --> 00:12:07,000

Interestingly, CF Barons, a member of the Dutch expedition team

172

00:12:07,000 --> 00:12:11,000

that first discovered the island in 1722,

173

00:12:11,000 --> 00:12:16,000

described some of the priestly class of inhabitants as Goliaths.

174

00:12:20,000 --> 00:12:24,000

CF Baron reported that he saw giant people.

175

00:12:24,000 --> 00:12:29,000

Someone had rode up to their boat that was some 15 foot tall.

176

00:12:30,000 --> 00:12:34,000

He really made a big deal of these giants on the island.

177

00:12:34,000 --> 00:12:37,000

When their first explorers landed on Easter Island,

178

00:12:37,000 --> 00:12:40,000

what they found was that there were two types of people there.

179

00:12:40,000 --> 00:12:43,000

There were the short ears and the long ears.

180

00:12:43,000 --> 00:12:47,000

And the long ears were often described as giants,

181

00:12:47,000 --> 00:12:51,000

and they were a different race from the short ears.

182

00:12:51,000 --> 00:12:55,000

Presumably, they had these very, very long ears and ear lobes.

183

00:12:57,000 --> 00:13:00,000

And they were the priestly cast.

184

00:13:00,000 --> 00:13:03,000

They were directing the creation and the movement

185

00:13:03,000 --> 00:13:06,000

of these statues around the island.

186

00:13:07,000 --> 00:13:10,000

Francis Maizier, a French ethnologist

187

00:13:10,000 --> 00:13:14,000

who conducted research on the island in 1963,

188

00:13:14,000 --> 00:13:19,000

recorded local legends that the first men to live on the island

189

00:13:19,000 --> 00:13:21,000

were a very large stature.

190

00:13:22,000 --> 00:13:26,000

In his book, *The Mysteries of Easter Island*, Francis Maizier

191

00:13:26,000 --> 00:13:30,000

talks about that the first islanders of Easter Island

192

00:13:30,000 --> 00:13:34,000

allegedly were these tall, giant people.

193

00:13:34,000 --> 00:13:39,000

There were inhabitants there that were 8 to 10,

194

00:13:39,000 --> 00:13:42,000

maybe even 12 feet high.

195

00:13:42,000 --> 00:13:45,000

And what do you automatically think of?

196

00:13:45,000 --> 00:13:52,000

Genesis in the Bible talks about how something that was nonhuman,

197

00:13:52,000 --> 00:13:56,000

perhaps angelic, perhaps extraterrestrial,

198

00:13:58,000 --> 00:14:02,000

saw the fair maidens of humans had intercourse

199

00:14:03,000 --> 00:14:08,000

and from that came the hybrids known as the Giants of Old.

200

00:14:12,000 --> 00:14:17,000

Is it possible that the accounts of giants on Earth are in fact true,

201

00:14:17,000 --> 00:14:20,000

as ancient astronaut theorists suggest?

202

00:14:22,000 --> 00:14:27,000

Did the remnants of this lost race continue to exist on Easter Island?

203

00:14:27,000 --> 00:14:31,000

And if so, just what happened to these beings?

204

00:14:35,000 --> 00:14:39,000

Up to 15,000 people lived on Easter Island

205

00:14:39,000 --> 00:14:41,000

prior to its Western discovery.

206

00:14:42,000 --> 00:14:44,000

But only 52 years later,

207

00:14:44,000 --> 00:14:49,000

explorer James Cook described a site of mass devastation

208

00:14:52,000 --> 00:14:55,000

with nearly all of the Moai statues toppled over

209

00:14:56,000 --> 00:15:00,000

and only about 700 inhabitants left on the island

210

00:15:01,000 --> 00:15:04,000

and no mention of giants.

211

00:15:06,000 --> 00:15:09,000

Something seems to have happened at Easter Island

212

00:15:09,000 --> 00:15:12,000

that decreased the population seriously.

213

00:15:14,000 --> 00:15:19,000

And it seems that a number of people either died off, left,

214

00:15:19,000 --> 00:15:21,000

or something happened to them.

215

00:15:22,000 --> 00:15:27,000

Some ancient astronaut theorists propose that evidence left at the site

216

00:15:27,000 --> 00:15:31,000

may point to a more intriguing theory regarding their disappearance.

217

00:15:33,000 --> 00:15:37,000

Archaeologists found unfinished Moai left at the quarry

218

00:15:37,000 --> 00:15:42,000

and tools scattered around, as if the work had been suddenly abandoned.

219

00:15:45,000 --> 00:15:48,000

We don't know why they would have stopped this

220

00:15:48,000 --> 00:15:53,000

and even what happened exactly to the priestly cast of giants

221

00:15:53,000 --> 00:15:56,000

who was overseeing all of this work.

222

00:15:56,000 --> 00:16:00,000

Suddenly, these people just vanished, all the work stopped.

223

00:16:01,000 --> 00:16:06,000

The issue that keeps coming up about Easter Island

224

00:16:06,000 --> 00:16:11,000

was this, a genetic experiment where non-humans would use

225

00:16:11,000 --> 00:16:16,000

islands, high mountains, peninsulas

226

00:16:16,000 --> 00:16:20,000

so that there would not be interference with

227

00:16:20,000 --> 00:16:23,000

or contamination of their experiments.

228

00:16:23,000 --> 00:16:26,000

Maybe that's why they were transferred out.

229

00:16:33,000 --> 00:16:37,000

Could it be that an entire tribe was physically removed from Earth

230

00:16:37,000 --> 00:16:41,000

shortly after their discovery on Easter Sunday?

231

00:16:41,000 --> 00:16:45,000

And if so, could mass disappearances be part of

232

00:16:45,000 --> 00:16:48,000

an extraterrestrial experiment on Earth?

233

00:16:50,000 --> 00:16:55,000

Perhaps evidence of such a connection can be found in the jungles of Central America

234

00:16:55,000 --> 00:17:00,000

with a civilization that seems to have strategically abandoned

235

00:17:00,000 --> 00:17:05,000

all of their sacred sites and vanished without a trace.

236

00:17:12,000 --> 00:17:16,000

To call National Park, Guatemala.

237

00:17:18,000 --> 00:17:22,000

Here, deep in the northern jungles of South America,

238

00:17:22,000 --> 00:17:27,000

lie the ruins of one of the largest cities of the classic Maya.

239

00:17:29,000 --> 00:17:34,000

Starting around 800 A.D., their sacred sites were abandoned,

240

00:17:34,000 --> 00:17:37,000

one after the other.

241

00:17:38,000 --> 00:17:41,000

Palenque.

242

00:17:42,000 --> 00:17:45,000

Copan.

243

00:17:46,000 --> 00:17:48,000

Naranjo.

244

00:17:48,000 --> 00:17:51,000

And then finally, Tikal.

245

00:17:53,000 --> 00:17:59,000

Tikal was perhaps the largest city of the entire classic Maya period.

246

00:18:00,000 --> 00:18:05,000

It really was the signature city of Maya.

247

00:18:05,000 --> 00:18:09,000

It was also one of the last cities to be walked away from.

248

00:18:09,000 --> 00:18:12,000

So you get the impression that whatever happened

249

00:18:12,000 --> 00:18:15,000

that compelled people to walk away from the cities,

250

00:18:15,000 --> 00:18:18,000

Tikal was the last one to do it.

251

00:18:24,000 --> 00:18:27,000

Scalars believe that the city of Maya

252

00:18:27,000 --> 00:18:30,000

was the largest city of the entire country.

253

00:18:30,000 --> 00:18:33,000

Scalars believe that at its height,

254

00:18:33,000 --> 00:18:37,000

the classic Maya population may have been as large as 20 million.

255

00:18:37,000 --> 00:18:42,000

But after the collapse, up to 95% of the Maya were unaccounted for.

256

00:18:42,000 --> 00:18:47,000

We still do not know why they left their cities.

257

00:18:48,000 --> 00:18:51,000

Because of a sudden, they disappeared.

258

00:18:51,000 --> 00:18:54,000

And it was not a war.

259

00:18:54,000 --> 00:18:58,000

Because you find not traces of a war, no traces of destruction.

260

00:18:58,000 --> 00:19:02,000

They left. We don't know why and where they have gone.

261

00:19:02,000 --> 00:19:08,000

The question remains, why? Where did they go and why did they leave their cities?

262

00:19:08,000 --> 00:19:12,000

Of course, there's a lot of practical reasons that have been brought forth,

263

00:19:12,000 --> 00:19:16,000

possibly overpopulation, quite possibly drought,

264

00:19:16,000 --> 00:19:21,000

deforestation, a lack of water, and so forth and so forth.

265

00:19:22,000 --> 00:19:26,000

But nonetheless, it remains quite interesting to think that so many people

266

00:19:26,000 --> 00:19:30,000

disappeared all at about the same time.

267

00:19:39,000 --> 00:19:43,000

Historians have noted that the disappearance of the classic Maya

268

00:19:43,000 --> 00:19:48,000

seems to correspond with the end of one of their calendar cycles.

269

00:19:49,000 --> 00:19:54,000

But the priestly class seemed to have made a new calendar called the Long Count.

270

00:19:55,000 --> 00:19:58,000

We're still not really sure why they created this calendar.

271

00:19:58,000 --> 00:20:05,000

But I do note that its timing seems to time with major events.

272

00:20:05,000 --> 00:20:10,000

The Maya are leading their lives based on this Long Count calendar.

273

00:20:11,000 --> 00:20:20,000

The Maya constructed the Long Count calendar to count down 5,125 years, or one great cycle.

274

00:20:20,000 --> 00:20:29,000

The calendar was further divided into 13 units of approximately 400 years each, called baktuns.

275

00:20:29,000 --> 00:20:35,000

At the end of each baktun, the Maya held a major celebration.

276

00:20:35,000 --> 00:20:40,000

But curiously, on the 10th baktun, they did not.

277

00:20:40,000 --> 00:20:45,000

Their Maya calendar has this very important juncture called a baktun.

278

00:20:45,000 --> 00:20:50,000

It's a 400-year period that comes up in 830 AD.

279

00:20:50,000 --> 00:20:54,000

And they should have celebrated it, but it's odd.

280

00:20:54,000 --> 00:21:00,000

We know at Tikal, for example, that there was no celebration of the long count.

281

00:21:00,000 --> 00:21:06,000

The Maya were the best timekeepers, possibly of any civilization of all time.

282

00:21:06,000 --> 00:21:11,000

So if they know so much about time and they knew when to do things,

283

00:21:11,000 --> 00:21:17,000

was their disappearance from their cities really planned according to their calendar?

284

00:21:17,000 --> 00:21:24,000

Now the Maya of today that have survived talk about how their ancestors went hard.

285

00:21:24,000 --> 00:21:28,000

Where is home?

286

00:21:28,000 --> 00:21:34,000

Is it possible the Long Count calendar was actually counting down to a preordained date

287

00:21:34,000 --> 00:21:37,000

when the Maya knew they would disappear?

288

00:21:37,000 --> 00:21:44,000

And if so, could further evidence of this be found by examining the clues of the Maya?

289

00:21:44,000 --> 00:21:49,000

The Maya knew that the Maya had disappeared.

290

00:21:49,000 --> 00:21:57,000

And if so, could further evidence of this be found by examining the clues left behind in Tikal?

291

00:21:57,000 --> 00:22:03,000

Archeoastronomers have noted that the seven most important pyramids in the Grand Plaza

292

00:22:03,000 --> 00:22:09,000

form the same geometric patterns as the seven stars comprising the Pleiades constellation.

293

00:22:09,000 --> 00:22:15,000

A star cluster revered by many ancient cultures across the globe.

294

00:22:15,000 --> 00:22:26,000

Many of the Mayan monuments have undeniable celestial alignments with the Pleiades star cluster.

295

00:22:26,000 --> 00:22:33,000

Is it possible that these people originally came from the Pleiades?

296

00:22:33,000 --> 00:22:38,000

And that's why they encoded the Pleiades in their monuments so many times,

297

00:22:38,000 --> 00:22:44,000

and then eventually they returned home.

298

00:22:44,000 --> 00:22:50,000

Today in abduction law, many people report that their abductors come from the Pleiades.

299

00:22:50,000 --> 00:22:53,000

That's what they tell the people who have been taken away.

300

00:22:53,000 --> 00:23:01,000

So we seem to have a situation potentially where entities from the Pleiades have visited the Earth,

301

00:23:01,000 --> 00:23:05,000

have interacted with humans for literally thousands of years.

302

00:23:05,000 --> 00:23:09,000

Those Mayans didn't leave because of drought.

303

00:23:09,000 --> 00:23:14,000

They left because it was some kind of harvest.

304

00:23:14,000 --> 00:23:17,000

It was an experiment.

305

00:23:17,000 --> 00:23:24,000

The Mayans reached some place and somebody took them from here.

306

00:23:24,000 --> 00:23:31,000

It was the end of a calendar cycle and the beginning of another calendar cycle.

307

00:23:31,000 --> 00:23:36,000

It means a lot to some intelligence out there.

308

00:23:40,000 --> 00:23:47,000

Could it be that the collapse of the classic Maya society was due to a mass abduction,

309

00:23:47,000 --> 00:23:51,000

as some ancient astronaut theorists suggest?

310

00:23:51,000 --> 00:23:56,000

Was this an event that the elite priests and rulers were counting down to?

311

00:23:56,000 --> 00:23:59,000

Perhaps answers can be found.

312

00:23:59,000 --> 00:24:08,000

2300 miles north, with the disappearance of another tribe intricately connected to the Pleiades.

313

00:24:15,000 --> 00:24:21,000

Chaco Canyon, New Mexico, 2014.

314

00:24:21,000 --> 00:24:25,000

In the desolate high desert of the American Southwest,

315

00:24:25,000 --> 00:24:33,000

mysterious ruins stand as a testament to a great civilization that once flourished here.

316

00:24:33,000 --> 00:24:38,000

The ancient Pueblo Peoples, or Anasazi.

317

00:24:38,000 --> 00:24:43,000

With a population estimated at well over 100,000,

318

00:24:43,000 --> 00:24:50,000

the Anasazi settled nearly 50,000 square miles of the four corners region of Arizona,

319

00:24:50,000 --> 00:24:54,000

Colorado, Utah, and New Mexico.

320

00:24:54,000 --> 00:24:59,000

The highly sophisticated culture built hundreds of miles of ancient roads,

321

00:24:59,000 --> 00:25:04,000

many converging from all directions to Chaco Canyon.

322

00:25:04,000 --> 00:25:10,000

A ceremonial site believed to be one of their most important.

323

00:25:10,000 --> 00:25:15,000

People that built this site somehow came onto the engineering principles.

324

00:25:15,000 --> 00:25:21,000

They will build multi-story buildings such as Pueblo Benito behind me here.

325

00:25:21,000 --> 00:25:26,000

They developed the culture here that integrated the alignments of the buildings

326

00:25:26,000 --> 00:25:32,000

with celestial objects and events such as the rising of the Pleiades.

327

00:25:32,000 --> 00:25:37,000

The Anasazi were a very successful civilization up until about the 12th century,

328

00:25:37,000 --> 00:25:44,000

and something very strange happened, and there's a great deal of argument as to what that event may have been.

329

00:25:44,000 --> 00:25:49,000

According to archaeologists, sometime around 1130 AD,

330

00:25:49,000 --> 00:25:54,000

all constructions ceased at Chaco.

331

00:25:54,000 --> 00:26:01,000

The buildings were sealed, and the roofs of the ceremonial structures, called kivas, were burned.

332

00:26:01,000 --> 00:26:08,000

It's fair to say that there were groups that did move and migrate to other areas.

333

00:26:08,000 --> 00:26:12,000

Those then became the Pueblos and the Hopes.

334

00:26:12,000 --> 00:26:18,000

What is confusing is what happened to the central part of the civilization.

335

00:26:18,000 --> 00:26:22,000

The ones that were the astronomers,

336

00:26:22,000 --> 00:26:25,000

the ones that were the astronomers,

337

00:26:25,000 --> 00:26:30,000

the ones that built the observatories, where did they go?

338

00:26:30,000 --> 00:26:35,000

It appears as though they simply disappeared.

339

00:26:35,000 --> 00:26:40,000

Some ancient astronaut theorists, like author David Childress,

340

00:26:40,000 --> 00:26:48,000

propose that there is, in fact, more to the disappearance of the Anasazi elders than a simple migration.

341

00:26:48,000 --> 00:26:53,000

And they claim clues can be found, but they're not.

342

00:26:53,000 --> 00:26:58,000

And they claim clues can be found throughout the ancient site.

343

00:26:58,000 --> 00:27:08,000

On this cliff behind me here at Chaco Canyon, we have about a dozen unusual spirals carved into the cliff.

344

00:27:08,000 --> 00:27:15,000

Archaeologists believe that they represent the sun, but some of these spirals are very unusual.

345

00:27:15,000 --> 00:27:19,000

One even has little spirals coming off of it.

346

00:27:19,000 --> 00:27:28,000

So you have to ask yourself, are these spirals in fact representations of some kind of portal,

347

00:27:28,000 --> 00:27:35,000

some door to another dimension?

348

00:27:35,000 --> 00:27:42,000

There are some that believe that that may represent the portals by which the Anasazi and other southwestern cultures

349

00:27:42,000 --> 00:27:48,000

crossed from this world into their point of origin.

350

00:27:48,000 --> 00:27:55,000

I think there's a possibility, at least, that there is a connection between the alignments of certain celestial events

351

00:27:55,000 --> 00:28:00,000

and the opening and closings of these portals.

352

00:28:00,000 --> 00:28:06,000

Is it possible that the Anasazi themselves vanished en masse from this site,

353

00:28:06,000 --> 00:28:13,000

and did they go into another dimension?

354

00:28:13,000 --> 00:28:22,000

Could it be that the spiral-shaped petroglyphs left behind by the Anasazi actually represent portals?

355

00:28:22,000 --> 00:28:31,000

If so, did the Anasazi have knowledge of when and how to access these other worlds?

356

00:28:31,000 --> 00:28:38,000

Ancient astronaut theorists say yes, and believe further evidence of an otherworldly connection

357

00:28:38,000 --> 00:28:48,000

can be found in the oral stories about this lost civilization that has survived through other tribes.

358

00:28:48,000 --> 00:28:55,000

The Anasazi is actually not a name that they gave themselves. It was a name that was given to them by the Navajo.

359

00:28:55,000 --> 00:29:06,000

The Anasazi, the name meant, stranger from afar or strange enemy, something that was separate, apart.

360

00:29:06,000 --> 00:29:14,000

It is possible that the Anasazi are in another dimension, another timeline, another planet.

361

00:29:14,000 --> 00:29:26,000

All of these various disappearances of people over time, whether it is the Mayans, whether it is the Anasazi,

362

00:29:26,000 --> 00:29:31,000

you can look through history and you can begin to see these rhythms.

363

00:29:31,000 --> 00:29:43,000

Advanced intelligences that are behind all of this are using the planet like a laboratory.

364

00:29:43,000 --> 00:29:51,000

Is it possible that the Anasazi elders were an alien hybrid race, as their Navajo name would imply?

365

00:29:51,000 --> 00:30:01,000

And could extraterrestrials have used ancient portals to remove entire groups of people off the planet?

366

00:30:01,000 --> 00:30:16,000

Some ancient astronaut theorists suggest that such portals still exist on Earth today, and that the evidence can be found by examining recent disappearances.

367

00:30:17,000 --> 00:30:24,000

Burke County, North Carolina

368

00:30:24,000 --> 00:30:35,000

For at least a century, a strange phenomenon has been witnessed regularly by thousands of people in the foothills of the Brown Mountains.

369

00:30:35,000 --> 00:30:44,000

Unidentified lights moving erratically just below the horizon have been photographed and even recorded on video.

370

00:30:44,000 --> 00:30:48,000

There it is, there it is. Oh, look at that.

371

00:30:48,000 --> 00:30:57,000

Brown Mountain in North Carolina is an area that has for centuries been associated with mysterious lights and disappearances.

372

00:30:57,000 --> 00:31:03,000

And for decades, these lights have been studied and no one is sure exactly what causes these lights.

373

00:31:03,000 --> 00:31:05,000

There are many theories about them.

374

00:31:05,000 --> 00:31:13,000

There are tales of people who have gone out into those foothills or onto the mountain and never come back.

375

00:31:14,000 --> 00:31:20,000

There is a long-standing tradition of disappearances that happen in this area.

376

00:31:20,000 --> 00:31:32,000

In 1850, we have a case of a plantation owner who wanders off into the mountains and disappears completely.

377

00:31:32,000 --> 00:31:42,000

And then a whole group of his slaves carrying lanterns go out trying to find him, and they cannot find him, and then they also disappear.

378

00:31:44,000 --> 00:31:54,000

In another case, a woman went missing on Brown Mountain, and a whole team of people who were dispatched to search for her did not return.

379

00:31:56,000 --> 00:32:02,000

There have been mysterious disappearances of people who have gone up on the mountain and never came back.

380

00:32:03,000 --> 00:32:17,000

In each instance, there is always this reference to mysterious lights, as if these lights somehow function as perhaps a portal or a gateway to which these people disappear into.

381

00:32:20,000 --> 00:32:28,000

Could it be that there are actually places on Earth where entire groups of people could disappear through some sort of portal?

382

00:32:29,000 --> 00:32:36,000

If so, is it possible that the Brown Mountain Lights and disappearances are part of a larger agenda?

383

00:32:37,000 --> 00:32:46,000

Ancient astronaut theorists say yes, and suggest that this may offer clues for some of our most baffling, modern disappearances.

384

00:32:52,000 --> 00:32:56,000

The Pacific Ocean, 2014

385

00:32:58,000 --> 00:33:11,000

Malaysia Air Flight 370, on route from Kuala Lumpur to Beijing, mysteriously disappears from radar over the waters of Vietnam with no indication of distress.

386

00:33:13,000 --> 00:33:20,000

The plane vanishes as well as the 12 crew members and 227 passengers on board.

387

00:33:20,000 --> 00:33:30,000

After one of the largest and most expensive searches in history, no debris has been located.

388

00:33:33,000 --> 00:33:41,000

Theories abound as to what happened to the craft, including the possibility of extraterrestrial involvement.

389

00:33:42,000 --> 00:33:51,000

As soon as Flight MH370 disappeared, there were some people who immediately started speculating that it might have something to do with UFOs or aliens.

390

00:33:51,000 --> 00:33:55,000

And there is a historical precedent for these kinds of disappearances.

391

00:33:56,000 --> 00:34:00,000

All around the world you hear these stories of people mysteriously disappearing.

392

00:34:01,000 --> 00:34:04,000

The Bermuda Triangle is a classic example.

393

00:34:05,000 --> 00:34:13,000

People, airplanes and other objects were in the wrong place at the wrong time and vanished through the portal or start.

394

00:34:21,000 --> 00:34:30,000

In the United States alone, over 600,000 people are reported missing each year, and up to 1% are never located.

395

00:34:31,000 --> 00:34:41,000

And paranormal researchers have noticed a disturbing trend of unexplainable disappearances associated with remote areas.

396

00:34:43,000 --> 00:34:50,000

Hundreds of thousands of people on planet Earth disappear every year, every year, and nobody knows where they are.

397

00:34:51,000 --> 00:34:59,000

National forests, parks, there have been stories of people talking to other people, they turn around and they're gone.

398

00:35:01,000 --> 00:35:08,000

They have no idea where they've gone. Have they fallen into portals? Have they been abducted? Have they been beamed up?

399

00:35:11,000 --> 00:35:17,000

We can only speculate about why the intelligence behind UFO abduction behaves the way that it does.

400

00:35:17,000 --> 00:35:24,000

But it certainly stands to reason that if they need to operate clandestinely, if they're trying to keep what they're doing hidden away,

401

00:35:24,000 --> 00:35:27,000

that it might not be possible in our culture today.

402

00:35:28,000 --> 00:35:35,000

It's possible that what we're seeing here is the same phenomenon, but the means have changed over time.

403

00:35:35,000 --> 00:35:43,000

That long ago, entire cultures would vanish and now, for whatever reason, it's happening on a much, much smaller scale.

404

00:35:48,000 --> 00:35:57,000

Our modern day disappearances, a continuation of a much older phenomenon.

405

00:35:58,000 --> 00:36:06,000

But if entire groups of people are being taken off the planet, could it be part of a larger agenda?

406

00:36:07,000 --> 00:36:15,000

Ancient astronaut theorists believe answers may be found by exploring clues seen on board.

407

00:36:16,000 --> 00:36:18,000

An alien spaceship.

408

00:36:36,000 --> 00:36:41,000

Being abducted in one of the strangest mass abduction cases in history.

409

00:36:43,000 --> 00:36:49,000

Daryl Sims, a former US intelligence operative, conducts the preliminary investigation.

410

00:36:51,000 --> 00:36:58,000

All these people independent of each other and to my shock and amazement, they all came back with the exact same story.

411

00:36:59,000 --> 00:37:04,000

The same craft, the same entities, they identified each other in great detail.

412

00:37:04,000 --> 00:37:07,000

Some of them didn't even know each other very well.

413

00:37:08,000 --> 00:37:16,000

All of these people described being taken by a small craft and a small entity, and the entity took them to a much larger craft.

414

00:37:21,000 --> 00:37:26,000

After researching numerous UFO sightings that were reported the night of the incident,

415

00:37:26,000 --> 00:37:29,000

Sims makes a shocking discovery.

416

00:37:30,000 --> 00:37:38,000

Someone in Japan had filmed the moon during this time and filmed a massive craft that left a shadow across the moon as it crossed the moon's surface.

417

00:37:39,000 --> 00:37:43,000

During the same time of the mass abduction, so there was a cooperation that we needed.

418

00:37:43,000 --> 00:38:01,000

UFO researchers following the case believe collective details gathered from the event may shed new light on the abduction phenomena and perhaps clues to understanding the extraterrestrial agenda.

419

00:38:03,000 --> 00:38:08,000

One of the people taken saw a map like thing on the wall.

420

00:38:09,000 --> 00:38:16,000

The map that this individual saw that was on the wall indicated approximately 6,000 years of the aliens involvement with mankind.

421

00:38:17,000 --> 00:38:21,000

We were down to the last small section of that map which was about 100 years left.

422

00:38:22,000 --> 00:38:29,000

What we deduced from the information from the abductee was simply that this experiment, whatever it is, is almost over.

423

00:38:30,000 --> 00:38:39,000

After viewing the map, one of the abductees was led through a massive hallway to another part of the craft.

424

00:38:40,000 --> 00:38:44,000

It was a huge room of enormous size. I said, what did you see?

425

00:38:45,000 --> 00:38:49,000

He said it looked like a collection, like almost like a museum of things that have been collected.

426

00:38:50,000 --> 00:38:54,000

They seem to have collected species, animals, people, all kinds of things.

427

00:38:54,000 --> 00:38:59,000

And I said, and what was significant about that?

428

00:39:00,000 --> 00:39:05,000

And he said, I don't think they were dead. I think they were all suspended animation.

429

00:39:06,000 --> 00:39:11,000

This may explain the reason why some people disappear and don't come back from an abduction event.

430

00:39:11,000 --> 00:39:24,000

Do the accounts from the Houston Mass Abduction Event shed new light on the extraterrestrial agenda?

431

00:39:25,000 --> 00:39:36,000

If so, might the stories of mass disappearances throughout history be not fantasy, but part of a program to collect human beings and other earth species?

432

00:39:36,000 --> 00:39:40,000

But for what purpose?

433

00:39:44,000 --> 00:39:48,000

Perhaps these abductions are not happening for some random reason.

434

00:39:49,000 --> 00:40:03,000

These samples are being taken so that the human seed itself can be preserved in the unlikely event of some mass ecological catastrophe that wipes out human life on Earth as we now know it.

435

00:40:06,000 --> 00:40:20,000

The evolution of humans on this planet has been completely and totally an experiment on the part of extraterrestrials.

436

00:40:21,000 --> 00:40:25,000

We'll call it experimental lab process on this planet.

437

00:40:26,000 --> 00:40:33,000

Intelligences are cloning and hybridizing and mixing and matching.

438

00:40:36,000 --> 00:40:39,000

Earth could very well be a farm, as simple as that.

439

00:40:40,000 --> 00:40:47,000

It's like the island of Dr. Monroe, where we're genetically altered, we're mixed, we're abducted, we're taken, we're brought back.

440

00:40:48,000 --> 00:40:53,000

This could be the greatest melting pot of experimental work in the universe.

441

00:40:54,000 --> 00:40:59,000

But as NASA has said, they're going to discover alien life forms in 20 years.

442

00:41:00,000 --> 00:41:07,000

I think we will find that creatures on other worlds resemble us very closely.

443

00:41:13,000 --> 00:41:22,000

Could it be that extraterrestrials really have been coming to Earth and abducting large groups of people throughout our history?

444

00:41:23,000 --> 00:41:31,000

And if so, are otherworldly beings conducting experiments to upgrade the human race?

445

00:41:32,000 --> 00:41:36,000

Preparing us to become part of an intergalactic community?

446

00:41:37,000 --> 00:41:44,000

Ancient astronaut theorists propose that one day we will be reunited with our alien ancestors.

447

00:41:45,000 --> 00:41:51,000

But perhaps, for some of us, this reunion has already occurred.
