

1

00:00:00,000 --> 00:00:09,566

The Aboriginal peoples of Australia are one of the world's very, very oldest cultures.

2

00:00:09,566 --> 00:00:13,489

Our stories are older than the Stonehenge in England.

3

00:00:13,489 --> 00:00:18,852

They're 20 or 30,000 years older than the pyramids of Egypt.

4

00:00:18,852 --> 00:00:22,295

You look at these wongena figures in the cave art.

5

00:00:22,295 --> 00:00:26,938

These figures look exactly like grey aliens.

6

00:00:26,938 --> 00:00:29,139

Wow.

7

00:00:29,139 --> 00:00:33,943

We carved them, we sung them, we danced them in stories, we painted them.

8

00:00:33,943 --> 00:00:38,506

So when the visitors left, we didn't forget about them.

9

00:00:38,506 --> 00:00:46,231

Since the dawn of civilization, mankind has credited its origins to gods and other visitors

10

00:00:46,231 --> 00:00:47,232

from the stars.

11

00:00:47,232 --> 00:00:50,995

What if it were true?

12

00:00:50,995 --> 00:00:56,598

Did extraterrestrial beings really help to shape our history?

13

00:00:56,598 --> 00:01:03,603

And if so, might the secrets of our past have been entrusted to Australia's wisdom keepers?

14

00:01:26,619 --> 00:01:46,993

In 2015, documentary filmmaker Damien Nutt released an archive of over 2,000 UFO images

15

00:01:46,993 --> 00:01:51,036

taken over the skies of Australia in the previous three years.

16

00:01:51,036 --> 00:01:52,037

Oh my god.

17

00:01:52,037 --> 00:01:55,199

It seems to be like illuminating.

18

00:01:55,199 --> 00:01:58,361

It's actually morphing shape and rotating as well.

19

00:01:58,361 --> 00:02:01,924

This is phenomenal.

20

00:02:01,924 --> 00:02:05,366

Australia is certainly a hotspot for UFO sightings.

21

00:02:05,366 --> 00:02:11,050

We've had a phenomenal growth in the reporting of UFO sightings by the general public, especially

22

00:02:11,050 --> 00:02:15,413

since the advent of the internet.

23

00:02:15,413 --> 00:02:20,417

But all evidence shows that UFOs have definitely been visiting Australia for tens of thousands

24

00:02:20,417 --> 00:02:21,417

of years.

25

00:02:21,818 --> 00:02:26,901

We've had records engraved on cave artwork by the Australian Aborigines, which goes back

26

00:02:26,901 --> 00:02:31,424

thousands of years.

27

00:02:31,424 --> 00:02:36,268

Australia is one of the most mysterious continents.

28

00:02:36,268 --> 00:02:44,433

And the Aboriginals have all kinds of ancient stories of sky gods coming down.

29

00:02:44,433 --> 00:02:49,917

These are probably some of the oldest stories of extraterrestrial intervention that we

30

00:02:49,917 --> 00:02:54,120

have on planet Earth.

31

00:02:54,120 --> 00:02:58,803

Australia was something of a last frontier long after America was settled.

32

00:02:58,803 --> 00:03:07,409

Well, it was 1770 that the British explorer, Captain Cook, actually came across Australia.

33

00:03:07,409 --> 00:03:13,293

And it wasn't until 1788 that it was really settled that was the east coast of Australia,

34

00:03:13,293 --> 00:03:14,895

settled by convicts.

35

00:03:14,895 --> 00:03:20,779

That's what the British brought from their prisons.

36

00:03:20,779 --> 00:03:29,585

Today, the area of Sydney that the British first settled is a bustling metropolis.

37

00:03:29,585 --> 00:03:37,310

And Australia has become one of the most popular tourist destinations on Earth.

38

00:03:37,310 --> 00:03:43,675

What's hidden behind this modern facade is nearly two and a half million square miles

39

00:03:43,675 --> 00:03:51,360

of undeveloped and sparsely populated land known as the Outback.

40

00:03:51,360 --> 00:03:58,044

And while Australia is a relatively new land to the Western world, for the nearly 700,000

41

00:03:58,044 --> 00:04:04,889

people that call the continent their ancestral home, it has a history that dates back tens

42

00:04:04,889 --> 00:04:08,051

of thousands of years.

43

00:04:08,051 --> 00:04:13,015

There's something very, very special about Australia.

44

00:04:13,015 --> 00:04:17,018

Here we have a situation where this huge land mass has been pretty much cut off from the

45

00:04:17,018 --> 00:04:20,100

rest of the world for 40,000 years.

46

00:04:20,100 --> 00:04:24,823

We don't really find that in many other places in the world.

47

00:04:24,823 --> 00:04:29,987

But what was happening on this island continent for the tens of thousands of years that had

48

00:04:29,987 --> 00:04:33,869

existed in isolation?

49

00:04:33,869 --> 00:04:39,633

When the first Europeans arrived here, they didn't have much knowledge in regards to the

50

00:04:39,633 --> 00:04:46,998

sky world, where our people had much ancient knowledge of the star system and the constellation

51

00:04:46,998 --> 00:04:48,600

of the stars.

52

00:04:48,600 --> 00:04:56,405

Our knowledge and wisdom is so old.

53

00:04:56,405 --> 00:05:02,409

Anthropologists have dated the existence of the Australian Aboriginal people back 60,000

54

00:05:02,409 --> 00:05:08,493

years, making it the most ancient continuous culture in the world.

55

00:05:08,493 --> 00:05:14,097

The Aboriginal peoples of Australia are one of the world's very, very oldest cultures.

56

00:05:14,097 --> 00:05:18,180

No other cultures in the world can compare with the Australian cultures.

57

00:05:18,180 --> 00:05:21,823

The half knowledge has been around for a lot longer than really any of our knowledge has

58

00:05:21,823 --> 00:05:27,427

been around.

59

00:05:27,427 --> 00:05:31,309

The Aboriginal people have no official written language.

60

00:05:31,309 --> 00:05:37,514

Art, music and oral storytelling are how they pass their histories and sacred knowledge

61

00:05:37,514 --> 00:05:40,316

to future generations.

62

00:05:40,316 --> 00:05:48,641

Their past is encoded on various rock walls scattered across the continent.

63

00:05:48,641 --> 00:05:55,366

Our oral traditions or stories that are passed down from generation to generation, the wisdom

64

00:05:55,366 --> 00:05:59,409

and knowledge that have been given to us by our God.

65

00:05:59,409 --> 00:06:05,773

They're 10,000 or more years older than the Stonehenge in England.

66

00:06:05,773 --> 00:06:14,059

They're 20 or 30,000 years older than the Pyramids of Egypt.

67

00:06:14,059 --> 00:06:19,983

These ancient traditions are all strongly tied to Australia's connection with the stars

68

00:06:20,103 --> 00:06:25,867

and with the beings that are said to have come down from them.

69

00:06:25,867 --> 00:06:32,592

As evidence, ancient astronaut theorists point to the caves of the northwest Kimberley region

70

00:06:32,592 --> 00:06:39,196

that contain depictions of visitors called the Wanjina, the sky heroes of one of Australia's

71

00:06:39,196 --> 00:06:43,199

indigenous clans.

72

00:06:43,199 --> 00:06:52,646

The Aboriginals have all kinds of ancient stories of Wanjina figures, of great heroes

73

00:06:52,646 --> 00:07:00,531

and sky gods who manipulated the continent, created the rivers and mountains and fought

74

00:07:00,531 --> 00:07:04,214

amongst each other and then they left.

75

00:07:04,214 --> 00:07:08,417

You look at these Wanjina figures in the cave art.

76

00:07:08,417 --> 00:07:12,379

They have big white faces.

77

00:07:12,379 --> 00:07:16,943

They have really no mouth to speak of.

78

00:07:16,943 --> 00:07:25,388

They have very large black eyes and there's a field around their heads that's like a space

79

00:07:25,388 --> 00:07:27,550

helmet perhaps.

80

00:07:27,550 --> 00:07:35,876

So in many ways these Wanjina figures look exactly like gray aliens.

81

00:07:35,876 --> 00:07:39,758

And you have to wonder then, if the cave art is depicting extraterrestrials.

82

00:07:43,401 --> 00:07:53,848

Could these images really be depicting extraterrestrials that visited Australia in the ancient past?

83

00:07:53,848 --> 00:08:00,453

And if so, do the indigenous people living in Australia today still have insight into

84

00:08:00,453 --> 00:08:06,297

the meaning behind this ancient rock art?

85

00:08:06,297 --> 00:08:12,581

We all have stories of people in crafts coming from the stars, going to the stars and so

86

00:08:12,581 --> 00:08:13,582

on.

87

00:08:13,582 --> 00:08:19,066

In order to keep them passed them down to the next generation, we carved them, we painted

88

00:08:19,066 --> 00:08:23,829

them, we sang them, we danced them in stories to guarantee that they passed down.

89

00:08:23,829 --> 00:08:28,312

So when the visits is left, we didn't forget about them and we never forget about the things

90

00:08:28,312 --> 00:08:33,556

that they passed down to us and the knowledge they passed down.

91

00:08:33,556 --> 00:08:39,680

Australia is one of the few places where we still have living mythologies, where we can

92

00:08:39,680 --> 00:08:47,486

talk to the people whose story has been passed down over thousands of generations.

93

00:08:47,486 --> 00:08:55,091

And they talk of teachers having descended from the sky and bestowed any and all of knowledge

94

00:08:55,091 --> 00:08:56,972

to mankind.

95

00:08:56,972 --> 00:09:03,337

So this to me is an incredible treasure trove for the ancient astronaut theory.

96

00:09:03,337 --> 00:09:09,101

Like the indigenous people of Australia who carry an oral tradition that dates back tens

97

00:09:09,101 --> 00:09:15,865

of thousands of years, really holds secrets of humanity's past that the outside world

98

00:09:15,865 --> 00:09:19,588

has yet to discover.

99

00:09:19,588 --> 00:09:25,992

Perhaps more evidence can be found by examining the depiction of one of their most important

100

00:09:25,992 --> 00:09:29,835

sky gods.

101

00:09:29,835 --> 00:09:37,400

They said the fire burnt the top of the mountain and all around it every time he landed.

102

00:09:37,400 --> 00:09:49,248

So the landings were always associated with another noise, smoke and fire.

103

00:09:49,248 --> 00:09:55,853

Brisbane Water National Park, New South Wales, Australia.

104

00:09:55,853 --> 00:10:01,937

The Bulgondry Preservation Site is one of numerous sacred indigenous locations where

105

00:10:01,937 --> 00:10:05,660

ancient rock art and engravings can be found.

106

00:10:05,660 --> 00:10:11,824

Many are believed to date back thousands of years.

107

00:10:11,824 --> 00:10:19,309

In February 2016, researcher and publisher, George Osucalos, traveled to Australia to

108

00:10:19,309 --> 00:10:24,793

meet with Aboriginal elder, Kevin Gavi Duncan to learn about one of the oldest carvings

109

00:10:24,833 --> 00:10:26,995

that can be found here.

110

00:10:26,995 --> 00:10:32,438

So what are we looking at here?

111

00:10:32,438 --> 00:10:41,004

So this image is an actual image of what we say is our godfather, creator being Bayamie.

112

00:10:41,004 --> 00:10:42,605

That's what our people believe.

113

00:10:42,605 --> 00:10:43,606

Okay.

114

00:10:43,606 --> 00:10:49,330

Bayamie came from a place that we call the morning star within the mirror bukkah.

115

00:10:49,330 --> 00:10:52,813

Mirror means stars and bukkah means river.

116

00:10:52,813 --> 00:10:56,815

And the mirror is the milky way that flows across the right sky.

117

00:10:56,815 --> 00:10:59,817

You're kidding, okay.

118

00:10:59,817 --> 00:11:04,821

And so he is one of those sky heroes that has descended from the milky way?

119

00:11:04,821 --> 00:11:05,822

Yes.

120

00:11:05,822 --> 00:11:09,824

He's a sky hero.

121

00:11:09,824 --> 00:11:16,829

And Bayamie is carved in the manner that you see them and he has his arms out and he holds

122

00:11:16,829 --> 00:11:22,833

them in one hand and the morning star in the other.

123

00:11:22,833 --> 00:11:26,836

Which is a bit like what we call planet Earth.

124

00:11:26,836 --> 00:11:33,841

And these are the two moons which exist around the morning star in the mirror bukkah that

125

00:11:33,841 --> 00:11:37,844

Bayamie came from.

126

00:11:37,844 --> 00:11:40,846

And this is the canoe.

127

00:11:40,846 --> 00:11:46,850

He sailed through the river of life in the mirror bukkah across the sky.

128

00:11:46,850 --> 00:11:48,851

He sailed through the milky way.

129

00:11:48,851 --> 00:11:50,853

Yes, he sailed through the milky way.

130

00:11:50,853 --> 00:11:57,858

And this was his vessel that he sailed and landed to the earth.

131

00:11:57,858 --> 00:12:02,861

And he crushed the top of the mountain which is the sacred mountain of Mount Yango not

132

00:12:02,861 --> 00:12:04,863

far from here.

133

00:12:05,863 --> 00:12:10,867

And when he landed they said the fire came from his feet and it burnt the top of the

134

00:12:10,867 --> 00:12:13,869

mountain and all around it every time he landed.

135

00:12:13,869 --> 00:12:17,872

So the landings were always associated with a lot of noise, smoke and fire.

136

00:12:17,872 --> 00:12:19,873

Yes.

137

00:12:19,873 --> 00:12:24,876

The fire trail that was left when Bayamie was leaving the top of the mountain into the

138

00:12:24,876 --> 00:12:25,877

sky world.

139

00:12:25,877 --> 00:12:28,879

When Bayamie had left it was so bright.

140

00:12:28,879 --> 00:12:31,881

People interpret that as a spaceship of some kind.

141

00:12:31,881 --> 00:12:33,883

It's common and gone.

142

00:12:33,883 --> 00:12:38,886

But this is the way we simply interpret Bayamie's spaceship.

143

00:12:38,886 --> 00:12:42,889

Right, but it's because the vocabulary didn't exist at the time.

144

00:12:42,889 --> 00:12:49,894

So to me those are all wonderfully poetic ways to describe eye witness accounts of

145

00:12:49,894 --> 00:12:52,896

things that were incredible.

146

00:12:52,896 --> 00:12:53,897

Yes.

147

00:12:53,897 --> 00:12:57,899

This site is considered around 8 to 10 thousand years old.

148

00:12:57,899 --> 00:12:59,901

Wow.

149

00:12:59,901 --> 00:13:04,904

These carvings, these rock paintings, these are our books.

150

00:13:04,904 --> 00:13:08,907

They are considered to be basically truth.

151

00:13:13,911 --> 00:13:19,915

While many in the western world regard indigenous tales as folklore, it has recently been

152

00:13:19,915 --> 00:13:24,918

found that at least some of their stories are historically accurate.

153

00:13:25,919 --> 00:13:33,924

In September 2015, scientists studying Aboriginal lore of past sea level rise found

154

00:13:33,924 --> 00:13:36,927

corroboration in the geological record.

155

00:13:36,927 --> 00:13:42,931

Incredibly, the information was faithfully preserved even though these events occurred

156

00:13:42,931 --> 00:13:48,935

somewhere between 7000 to 18000 years ago.

157

00:13:49,936 --> 00:13:56,940

Similar findings noting the accuracy of indigenous myths have been published since the 1980s,

158

00:13:56,940 --> 00:14:02,945

including knowledge of tsunamis, earthquakes, volcanic eruptions, meteorite impacts and

159

00:14:02,945 --> 00:14:06,947

solar eclipses in the remote past.

160

00:14:09,949 --> 00:14:16,954

Their stories of events that happened 12,000 years ago, maybe older, have now been verified

161

00:14:16,954 --> 00:14:18,956

by the geological record.

162

00:14:18,956 --> 00:14:24,960

This is extremely important because if they're telling the truth about geological events,

163

00:14:24,960 --> 00:14:32,965

can we then take at face value their stories or their recollections of extraterrestrial

164

00:14:32,965 --> 00:14:38,970

beings, spirit beings, sky beings coming to Earth and intervening in human affairs.

165

00:14:38,970 --> 00:14:40,971

I believe that we can.

166

00:14:41,972 --> 00:14:49,977

Might the Aboriginal stories of sky beings not be myth but actual historical fact?

167

00:14:49,977 --> 00:14:54,981

Could their creator gods have been extraterrestrial visitors?

168

00:14:56,982 --> 00:15:03,987

Perhaps further clues can be found by examining evidence of an ancient pilgrimage to Australia

169

00:15:03,987 --> 00:15:06,989

made by the Egyptians.

170

00:15:07,990 --> 00:15:11,993

Coming up, wow, how old do you reckon these are?

171

00:15:11,993 --> 00:15:15,995

We're thinking that it's about 4600 years old.

172

00:15:15,995 --> 00:15:22,000

We have stories about their visits long before Europeans had arrived here.

173

00:15:27,003 --> 00:15:32,006

Central Coast, New South Wales, Australia.

174

00:15:33,007 --> 00:15:41,013

Deep in the Brisbane Water National Park is a mysterious site known as the Gosford Glyphs.

175

00:15:41,013 --> 00:15:50,019

The site consists of two massive 8-foot-high walls engraved with over 300 ancient carvings.

176

00:15:50,019 --> 00:15:57,024

Carvings that experts say do not resemble indigenous artwork but Egyptian hieroglyphs.

177

00:16:03,028 --> 00:16:11,034

After deciphering the texts, 21st century Egyptologist Raymond Johnson believed them to reveal the burial site

178

00:16:11,034 --> 00:16:18,038

of Lord Nefertiru, a member of the Egyptian royal family, who died while visiting the area with his brother

179

00:16:18,038 --> 00:16:24,043

sometime between 2637 to 2614 BC.

180

00:16:24,043 --> 00:16:29,046

Absolutely beautiful out here.

181

00:16:29,046 --> 00:16:32,048

And I?

182

00:16:32,048 --> 00:16:40,054

While visiting the area in 2016, George Yosucalos met with local ancient astronaut theorist Evan Strong

183

00:16:40,054 --> 00:16:45,057

to get a first-hand look at these enigmatic carvings.

184

00:16:45,057 --> 00:16:47,059

Wow!

185

00:16:47,059 --> 00:16:50,061

That's incredible.

186

00:16:50,061 --> 00:16:57,066

I had no idea. I mean, this looks totally different than on pictures.

187

00:16:57,066 --> 00:17:00,068

So what do these hieroglyphs say?

188

00:17:00,068 --> 00:17:06,072

Well, at least one panel talks about two brothers, two princes, coming here from Egypt.

189

00:17:06,072 --> 00:17:10,075

They were shipwrecked. One of them ended up getting bitten by a snake.

190

00:17:10,075 --> 00:17:17,079

He then died. The fear is then he was interred here, and that's why you've got hieroglyphs here, because I'd have.

191

00:17:18,080 --> 00:17:26,086

But there's these other walls with a mixture of symbols. This one over here, it's more of a philosophical,

192

00:17:26,086 --> 00:17:32,090

astrophysics-style thing with symbols meaning all sorts of esoteric stuff.

193

00:17:32,090 --> 00:17:37,093

Now, have these symbols all been interpreted by Egyptologists?

194

00:17:37,093 --> 00:17:42,097

There have been a few, actually. A few different people have done that.

195

00:17:42,097 --> 00:17:44,098

That was their reaction.

196

00:17:44,098 --> 00:17:49,102

Well, Raymond Johnson was one of the first people to come here and translate.

197

00:17:49,102 --> 00:17:54,105

He actually sent some of these translations off to the Cairo Library,

198

00:17:54,105 --> 00:17:59,109

and Dr Abudio Ghazi ended up saying, yep, you're on the right track.

199

00:17:59,109 --> 00:18:01,110

Something called proto-Egyptian.

200

00:18:01,110 --> 00:18:04,112

And how old do you reckon these are?

201

00:18:04,112 --> 00:18:09,116

We're thinking, because of the prevalence at least in one panel of proto-Egyptian,

202

00:18:09,116 --> 00:18:12,118

that it's about 4,600 years old.

203

00:18:12,118 --> 00:18:15,120

Wow. Are there any hieroglyphs that stand out to you?

204

00:18:15,120 --> 00:18:19,123

Yeah, definitely. Follow me down here, and I'll show you this other one.

205

00:18:22,125 --> 00:18:27,128

So this one here, we call the UFO glyph, and people have called that since it's been coming here,

206

00:18:27,128 --> 00:18:29,129

because it kind of looks like a UFO.

207

00:18:29,129 --> 00:18:35,134

It definitely has the classic UFO shape. It's got the rays or whatever you call it.

208

00:18:36,134 --> 00:18:39,136

What would you suggest if anyone says, well, this is not a UFO.

209

00:18:39,136 --> 00:18:42,139

It's some other symbol, but certainly not that.

210

00:18:42,139 --> 00:18:47,142

I think someone's suggestion is jewelry, but it's a completely different symbol that's upside down,

211

00:18:47,142 --> 00:18:49,143

and it really doesn't quite fit in.

212

00:18:49,143 --> 00:18:53,146

It's one of those symbols here that doesn't fit into the cannon.

213

00:18:53,146 --> 00:18:58,150

In your opinion, why do you think the Egyptians made it all the way to Australia?

214

00:18:58,150 --> 00:19:01,152

I think they're looking for esoteric wisdom, definitely.

215

00:19:01,152 --> 00:19:03,153

From the Aboriginals?

216

00:19:03,153 --> 00:19:04,154

Yes.

217

00:19:09,157 --> 00:19:15,161

The ancient Egyptians, we have stories and Aboriginal stories about their arrival

218

00:19:15,161 --> 00:19:19,164

and about their visits, long before Europeans had arrived here.

219

00:19:21,166 --> 00:19:24,168

Naturally, we would have shared ceremony with these people,

220

00:19:24,168 --> 00:19:29,171

because they have the same similar beliefs as our people.

221

00:19:29,171 --> 00:19:34,175

Egyptians have that same spiritual connection to the sky world.

222

00:19:36,176 --> 00:19:42,180

Many stories from all over this continent, not just from here, but all over this continent.

223

00:19:42,180 --> 00:19:47,184

Talk about those who came by the sea and came to these continents,

224

00:19:47,184 --> 00:19:51,186

and some of our knowledge and wisdom and technology went back with them.

225

00:19:51,186 --> 00:19:55,189

And if you do some of the research in the last pyramids that they found,

226

00:19:55,189 --> 00:20:00,193

they found boomerangs made from iron bark from here.

227

00:20:00,193 --> 00:20:07,198

And they have hieroglyphs of black fillets from the boomerangs to take out the darts and the geese.

228

00:20:07,198 --> 00:20:14,202

Now, the question would be, why would they paint us and carve us on their walls if they didn't come here?

229

00:20:14,202 --> 00:20:20,207

And if that meeting and relationship was not significant, they wouldn't have carved it.

230

00:20:20,207 --> 00:20:24,209

It must have been significant in order to carve.

231

00:20:25,210 --> 00:20:28,212

Aboriginal artifacts found in Egypt?

232

00:20:29,213 --> 00:20:32,215

Hieroglyphs found in Australia?

233

00:20:33,216 --> 00:20:37,218

Might the continent have actually served as a pilgrimage site

234

00:20:37,218 --> 00:20:42,222

for visitors seeking a direct connection to the so-called gods?

235

00:20:42,222 --> 00:20:45,224

Ancient astronaut theorists say yes,

236

00:20:45,224 --> 00:20:49,227

and suggest further evidence of this otherworldly leg

237

00:20:49,227 --> 00:20:54,230

can be found in a megalithic structure lost to time.

238

00:20:56,232 --> 00:20:59,234

Coming up...

239

00:20:59,234 --> 00:21:03,236

This really puts the Aboriginal culture in a totally different light.

240

00:21:04,237 --> 00:21:08,240

He asked Aboriginal people, where do you people come from?

241

00:21:08,240 --> 00:21:12,243

And our people would always just point to the sky.

242

00:21:15,245 --> 00:21:20,248

Malam Dimbi, New South Wales, 1939.

243

00:21:21,249 --> 00:21:27,253

Frederick Slater, the president of the Australian Archaeology Society,

244

00:21:27,253 --> 00:21:33,257

was dispatched to investigate the discovery of a complex Aboriginal arrangement

245

00:21:33,257 --> 00:21:37,260

consisting of 188 standing stones.

246

00:21:38,261 --> 00:21:42,264

Slater dubbed the formation the Stonehenge of Australia

247

00:21:42,264 --> 00:21:47,267

and became convinced that it was one of the oldest temple complexes in the world,

248

00:21:47,267 --> 00:21:51,270

predating those found in Europe and the Middle East.

249

00:21:53,271 --> 00:21:57,274

Frederick Slater found that the site he was investigating

250

00:21:57,274 --> 00:22:01,277

was part of a much larger site

251

00:22:01,277 --> 00:22:07,281

and fitted in very closely with Aboriginal sacred lore, myths and legends.

252

00:22:07,281 --> 00:22:12,284

After a time, Frederick Slater began to posit and suggest

253

00:22:12,284 --> 00:22:16,287

that instead of out of Africa,

254

00:22:16,287 --> 00:22:21,291

that maybe we should re-examine the evolution of man as out of Australia.

255

00:22:21,291 --> 00:22:27,295

He took a massive leap and started declaring that in ancient times in Australia,

256

00:22:27,295 --> 00:22:33,299

the Aborigines were more advanced than any culture that he could recount on the planet.

257

00:22:33,299 --> 00:22:38,303

He was declared almost insane by the rest of the academic community.

258

00:22:38,303 --> 00:22:43,306

The landowners were so terrified of the controversy that it implied

259

00:22:43,306 --> 00:22:46,308

that it was pretty much destroyed by bulldozers.

260

00:22:51,312 --> 00:22:56,315

There are many stone circles throughout the British Isles and Europe.

261

00:22:56,315 --> 00:22:59,317

Stonehenge is one of the most well-known.

262

00:22:59,317 --> 00:23:05,321

They all have some relationship to astronomical observatories.

263

00:23:06,322 --> 00:23:13,327

This Aboriginal stonehenge would really alter the way we think of the Aboriginals

264

00:23:13,327 --> 00:23:17,330

and the sophistication of their society,

265

00:23:17,330 --> 00:23:22,333

where they had astronomical and archeo-astronomical structures

266

00:23:22,333 --> 00:23:25,335

that helped them monitor the heavens,

267

00:23:25,335 --> 00:23:29,338

much as standing stones in Europe would have done.

268

00:23:30,339 --> 00:23:34,341

Could the so-called Aboriginal stonehenge provide insight

269

00:23:34,341 --> 00:23:39,345

into the other stone arrangements found scattered throughout the world?

270

00:23:39,345 --> 00:23:43,348

If so, might they serve to provide a permanent record

271

00:23:43,348 --> 00:23:47,350

of a significant connection to another world?

272

00:23:52,354 --> 00:23:56,357

Uluru Rock, also known as Ayers Rock,

273

00:23:56,357 --> 00:23:59,359

is located nearly in the centre of the continent,

274

00:23:59,359 --> 00:24:04,362

over 1,200 miles from the nearest major Australian city.

275

00:24:04,362 --> 00:24:10,366

This geological anomaly is one of the largest isolated rocks in the world.

276

00:24:12,368 --> 00:24:17,371

It is over two miles long and rises over 1,100 feet.

277

00:24:18,372 --> 00:24:24,376

It is, in fact, the exposed tip of a huge vertical slab of rock

278

00:24:24,376 --> 00:24:28,379

that continues below the surface for three miles.

279

00:24:30,380 --> 00:24:36,385

It is a huge sedimentary boulder that's gigantic,

280

00:24:36,385 --> 00:24:39,387

sitting there in the middle of the desert.

281

00:24:39,387 --> 00:24:45,391

And geologists cannot really explain how Ayers Rock came to be.

282

00:24:47,392 --> 00:24:52,396

It's almost as if it was lifted up from somewhere else

283

00:24:52,396 --> 00:24:58,400

and brought to the centre of the continent and then just dumped there.

284

00:25:00,401 --> 00:25:03,403

For the indigenous population,

285

00:25:03,403 --> 00:25:08,407

Uluru is one of their most sacred sites and a place of pilgrimage.

286

00:25:08,407 --> 00:25:11,409

They consider it the navel of the earth.

287

00:25:12,410 --> 00:25:16,412

For the Aboriginal cosmologies, a lot of times the landscape itself

288

00:25:16,412 --> 00:25:20,415

is sort of like the Bible and heaven rolled into one.

289

00:25:20,415 --> 00:25:23,417

So in places like Uluru, Ayers Rock,

290

00:25:23,417 --> 00:25:28,421

this rock had great significance because it built this into their cultural memories

291

00:25:28,421 --> 00:25:34,425

of when the world was formed by sky spirits coming to earth.

292

00:25:38,428 --> 00:25:44,432

The creation stories at Uluru Rock are primarily associated with the rainbow serpent.

293

00:25:44,432 --> 00:25:49,435

This divine being is said to have come out of the sky at the beginning of time

294

00:25:49,435 --> 00:25:55,439

and held in its belly all of creation, including the first human beings.

295

00:25:56,440 --> 00:25:59,442

The rainbow serpent we call Guria,

296

00:25:59,442 --> 00:26:05,446

and the rainbow serpent is related to all Aboriginal nations right across Australia.

297

00:26:06,447 --> 00:26:09,449

And it connects us all as Aboriginal people

298

00:26:09,449 --> 00:26:14,453

because it was regarded as a very sacred symbol of creation.

299

00:26:15,453 --> 00:26:19,456

In Eldur, we're in good contact with, told us a story about Uluru,

300

00:26:19,456 --> 00:26:23,459

which is quite fascinating that we were actually seeded from the spear,

301

00:26:23,459 --> 00:26:26,461

from the Pleiades through space.

302

00:26:29,463 --> 00:26:31,464

And it actually hit the ground.

303

00:26:33,466 --> 00:26:35,467

And where that place was is Uluru.

304

00:26:35,467 --> 00:26:40,471

So Uluru in its creation story with the rainbow serpent

305

00:26:40,471 --> 00:26:43,473

could perhaps even be indicative of an ancient,

306

00:26:43,473 --> 00:26:48,476

astronaut kind of seeding moment in our history.

307

00:26:49,477 --> 00:26:52,479

Ancient astronaut theorists have long proposed

308

00:26:52,479 --> 00:26:57,483

that earth was seeded by alien visitors in the remote past.

309

00:26:57,483 --> 00:26:59,484

Might this be true?

310

00:26:59,484 --> 00:27:04,487

And if so, do the Aboriginal stories reflect this truth?

311

00:27:05,488 --> 00:27:07,489

When the first Europeans arrived here,

312

00:27:07,489 --> 00:27:10,492

Captain Phillip, who was an English sailor,

313

00:27:11,492 --> 00:27:14,494

planted the Union Jack in Sydney.

314

00:27:15,495 --> 00:27:19,498

And he asked Aboriginal people around that time,

315

00:27:19,498 --> 00:27:22,500

he said, where do you people come from?

316

00:27:22,500 --> 00:27:26,503

And our people would always just point to the sky.

317

00:27:26,503 --> 00:27:31,506

He couldn't believe that such people who were grounded by Mother Earth

318

00:27:31,506 --> 00:27:34,508

say that they come from the sky world.

319

00:27:37,510 --> 00:27:41,513

Might humans actually have been seeded on earth from another planet?

320

00:27:41,513 --> 00:27:44,515

As the Aboriginal elders claim.

321

00:27:45,516 --> 00:27:49,519

And could this truth be encoded in the Australian landscape

322

00:27:49,519 --> 00:27:52,521

preserved for future generations?

323

00:27:53,521 --> 00:27:56,524

Researchers suggest some sacred Aboriginal sites

324

00:27:56,524 --> 00:28:01,527

continue to serve as extraterrestrial outposts.

325

00:28:05,530 --> 00:28:06,530

Coming up...

326

00:28:06,530 --> 00:28:10,533

They've got tiles of mystery, disappearing people.

327

00:28:11,534 --> 00:28:15,537

Strange noises and strange creature sightings.

328

00:28:15,537 --> 00:28:19,540

Some people had actually travelled back to the morning star.

329

00:28:23,542 --> 00:28:26,544

The Blue Mountains, Australia.

330

00:28:28,546 --> 00:28:31,548

Throughout the walls of Red Hand's Cave

331

00:28:31,548 --> 00:28:34,550

are the stenciled handprints of ancient Aboriginal men,

332

00:28:34,550 --> 00:28:36,551

women and children.

333

00:28:37,552 --> 00:28:42,555

The art stands as a testament to their physical time here on Earth,

334

00:28:42,555 --> 00:28:46,558

hundreds and possibly even thousands of years ago.

335

00:28:48,560 --> 00:28:50,561

According to local elders,

336

00:28:50,561 --> 00:28:54,564

the location served as an initiation site for young warriors.

337

00:28:55,565 --> 00:29:00,568

And it was here that the collective wisdom of the land and the sky

338

00:29:00,568 --> 00:29:04,571

was passed on to future generations by the sky gods.

339

00:29:07,573 --> 00:29:11,576

We'd leave our images on the cave walls, such as our hand prints,

340

00:29:11,576 --> 00:29:14,578

from the time we were children.

341

00:29:15,578 --> 00:29:19,581

And this would be done generation after generation.

342

00:29:20,582 --> 00:29:24,585

The Blue Mountains is a very sacred area, a sacred place,

343

00:29:24,585 --> 00:29:27,587

especially the highest places,

344

00:29:27,587 --> 00:29:32,590

because we were being closer to Bayami, closer to God.

345

00:29:36,593 --> 00:29:39,595

Mount Yango, the original point of descent

346

00:29:39,595 --> 00:29:42,597

of the Aboriginal creator god Bayami,

347

00:29:42,597 --> 00:29:46,600

is located here within the Blue Mountain Range.

348

00:29:47,601 --> 00:29:51,603

And curiously, the area is also well known today

349

00:29:51,603 --> 00:29:55,606

for the mysterious disappearances of numerous hikers,

350

00:29:56,607 --> 00:30:00,610

campers and soldiers,

351

00:30:02,611 --> 00:30:05,613

in addition to countless UFO sightings.

352

00:30:07,615 --> 00:30:11,617

Australia's Blue Mountains have become internationally known

353

00:30:11,617 --> 00:30:15,620

as a hotspot for UFO sightings and other mysteries.

354

00:30:16,621 --> 00:30:20,624

There is certainly a lot of mystery in the Blue Mountains.

355

00:30:20,624 --> 00:30:25,627

Campers, bushwalkers, explorers, all have got tales of mystery,

356

00:30:26,628 --> 00:30:30,631

disappearing people, strange tunnels,

357

00:30:30,631 --> 00:30:35,634

strange noises, and strange creature sightings.

358

00:30:37,635 --> 00:30:41,638

The UFO sightings of the Blue Mountains

359

00:30:41,638 --> 00:30:45,641

have triggered many magazine articles, radio shows and books.

360

00:30:45,641 --> 00:30:48,643

A lot of people have come forward over the last few decades

361

00:30:48,643 --> 00:30:52,646

to document and put onto the record their own experiences.

362

00:30:53,647 --> 00:30:57,649

We have a great tradition of some hundreds of sightings.

363

00:30:57,649 --> 00:31:02,653

I myself have gathered about 600, 800 sightings of UFOs,

364

00:31:02,653 --> 00:31:06,656

and it's growing all the time in my own lifetime.

365

00:31:08,657 --> 00:31:11,659

We have stories of UFOs amongst early pioneers

366

00:31:11,659 --> 00:31:15,662

that was dating back to 1850, they're about.

367

00:31:16,663 --> 00:31:19,665

There's a story from about the 1890s of a farmer

368

00:31:19,665 --> 00:31:23,667

who was plowing his field and a craft.

369

00:31:24,668 --> 00:31:27,670

A silver craft came over the cliffs.

370

00:31:28,671 --> 00:31:32,674

He stood there and watched it while it disappeared.

371

00:31:36,676 --> 00:31:40,679

It came back after dark and landed there.

372

00:31:41,680 --> 00:31:46,683

Amazing, but he grabbed his rifle and went out to see what was going on,

373

00:31:46,683 --> 00:31:48,685

and the craft took off again.

374

00:31:50,686 --> 00:31:54,689

I would suggest that the Blue Mountains had served as a contact point

375

00:31:54,689 --> 00:31:58,692

for the T's from an advanced civilisation in space.

376

00:32:01,694 --> 00:32:08,699

What is interesting to note is that there are several umbilical cords on the planet.

377

00:32:08,699 --> 00:32:15,704

This particular location is located exactly at negative 33 latitude,

378

00:32:15,704 --> 00:32:21,708

which means it is aligned specifically with the centre of the galaxy.

379

00:32:22,708 --> 00:32:25,710

Now having said that, there's an interesting parallel

380

00:32:25,710 --> 00:32:29,713

with the 33 latitude on planet Earth,

381

00:32:30,714 --> 00:32:35,717

and that particular point is considered to be continuously being visited

382

00:32:35,717 --> 00:32:38,720

from different parts of the planetary system,

383

00:32:38,720 --> 00:32:41,722

from different parts of the galaxy,

384

00:32:41,722 --> 00:32:45,724

and even from beyond this galaxy, from way out in the universe.

385

00:32:51,729 --> 00:32:52,729

Wow.

386

00:32:52,729 --> 00:32:54,731

Did you see that, Bayer?

387

00:32:58,733 --> 00:33:01,735

There is a lot of UFO activity.

388

00:33:01,735 --> 00:33:05,738

So here we have something that would be like a stargate,

389

00:33:05,738 --> 00:33:08,740

some portal to another dimension,

390

00:33:08,740 --> 00:33:11,742

and jumping to hyperspace perhaps.

391

00:33:11,742 --> 00:33:16,746

And for some reason, Australia was the place where they put

392

00:33:16,746 --> 00:33:20,749

this hyperspace portal that used by extraterrestrials.

393

00:33:22,750 --> 00:33:28,754

Could the blue mountains of Australia function as an extraterrestrial gateway?

394

00:33:29,755 --> 00:33:34,758

Might this explain the strange phenomena reported in and around the area?

395

00:33:36,760 --> 00:33:42,764

But if so, is there some connection to the local Aboriginal tribe?

396

00:33:46,767 --> 00:33:50,770

There is stories that elders would say that some people had actually travelled

397

00:33:50,770 --> 00:33:55,773

back to the morning star and have come back again.

398

00:33:56,774 --> 00:33:59,776

That's not so much of an abduction,

399

00:33:59,776 --> 00:34:04,779

but they have basically went, have gone back there and come back.

400

00:34:07,781 --> 00:34:10,783

The Australian average needs have a connection and a relationship

401

00:34:10,783 --> 00:34:13,786

with what we call extraterrestrials and UFOs,

402

00:34:13,786 --> 00:34:16,788

which goes back tens of thousands of years.

403

00:34:17,788 --> 00:34:20,790

They're rather non-plussed by their existence.

404

00:34:20,790 --> 00:34:26,795

They have developed an awareness of individual types of visitors

405

00:34:26,795 --> 00:34:29,797

from what we would call outer space.

406

00:34:30,797 --> 00:34:34,800

This is not new. This has happened thousands of times before.

407

00:34:34,800 --> 00:34:36,802

How do we know that?

408

00:34:36,802 --> 00:34:40,804

From all of the remnants that are left behind by the ancients.

409

00:34:40,804 --> 00:34:44,807

Only a fool could say, oh no, we're the only ones here.

410

00:34:44,807 --> 00:34:47,809

And this vast amount of space...

411

00:34:53,813 --> 00:34:57,816

Might the Indigenous Australians really have an ongoing relationship

412

00:34:57,816 --> 00:35:00,818

with other worldly beings?

413

00:35:01,819 --> 00:35:05,822

Beings who have been visiting the continent for thousands of years.

414

00:35:06,822 --> 00:35:11,826

Ancient astronaut theorists suggest further evidence of extraterrestrial contact

415

00:35:11,826 --> 00:35:17,830

can be found by examining the Aboriginal rituals known as dreaming.

416

00:35:23,834 --> 00:35:30,839

As the bustling streets of Sydney fill with workers and tourists over 500 miles away,

417

00:35:30,839 --> 00:35:36,843

Aboriginal elders known as men of learning prepare for a dreaming ceremony.

418

00:35:37,844 --> 00:35:40,846

Dreaming is sacred to the culture

419

00:35:40,846 --> 00:35:47,851

and represents a complex spiritual concept that transcends linear time.

420

00:35:51,854 --> 00:35:55,856

In the beginning, there was great spirit.

421

00:35:57,858 --> 00:36:02,861

From the stars they came and they came down to this place.

422

00:36:06,864 --> 00:36:10,867

The elders, the spiritual leaders of the Aboriginal peoples

423

00:36:10,867 --> 00:36:15,870

will not only chant but use hypnotic techniques like the didgeridoo

424

00:36:15,870 --> 00:36:18,872

which makes this humming sound.

425

00:36:26,878 --> 00:36:29,880

It will take you into an altered state.

426

00:36:30,881 --> 00:36:35,884

It takes them into connection with the dream time,

427

00:36:35,884 --> 00:36:41,888

the unseen worlds to commune with the ancestors, the sky gods.

428

00:36:44,890 --> 00:36:50,895

The dream time is this vast storehouse of accumulated wisdom and images and stories.

429

00:36:52,896 --> 00:36:55,898

And it's like other traditions that believe there is a place

430

00:36:55,898 --> 00:36:59,901

that everything that has happened is recorded and can be reached

431

00:36:59,901 --> 00:37:01,902

by the elders through their altered states.

432

00:37:05,905 --> 00:37:10,909

There's probably no more fundamental concept in Aboriginal cosmology

433

00:37:10,909 --> 00:37:12,910

than the concept of the dreaming.

434

00:37:12,910 --> 00:37:15,912

Sometimes this is referred to as the dream time.

435

00:37:15,912 --> 00:37:19,915

And this is the idea of the asthmatic beginnings of the world.

436

00:37:19,915 --> 00:37:23,918

But it's important in that it's a sort of transcendent time.

437

00:37:23,918 --> 00:37:26,920

What I mean by that is in their view it's never gone away.

438

00:37:30,922 --> 00:37:33,925

Ancient astronaut theorists suggest that in many ways

439

00:37:33,925 --> 00:37:39,929

the concept of dream time mirrors the ancient Hindu idea of the Akashic record.

440

00:37:41,930 --> 00:37:45,933

A collection of past, present and future knowledge

441

00:37:45,933 --> 00:37:51,937

believed to be encoded in a non-physical existence known as the astral plane.

442

00:37:54,939 --> 00:37:57,941

The Akashic records are sort of like a giant hologram,

443

00:37:57,941 --> 00:38:02,945

a holographic world that we can step into to gain wisdom, access knowledge,

444

00:38:02,945 --> 00:38:06,947

perhaps even to connect with extraterrestrial beings.

445

00:38:07,948 --> 00:38:11,951

It's pretty remarkable that the Aborigines would have a concept,

446

00:38:11,951 --> 00:38:15,954

the dream time that matches not only the Akashic records

447

00:38:15,954 --> 00:38:18,956

but also the idea of the holographic paradigm.

448

00:38:19,957 --> 00:38:25,961

In 1997, theoretical physicists proposed a revolutionary idea

449

00:38:25,961 --> 00:38:28,963

called the holographic paradigm.

450

00:38:28,963 --> 00:38:32,966

Curiously, this theory mirrors the ancient concept

451

00:38:32,966 --> 00:38:37,969

shared by the indigenous Australians and also the Hindu tradition.

452

00:38:38,970 --> 00:38:43,973

The holographic universe theory suggests that the world that we see

453

00:38:43,973 --> 00:38:46,975

is a mere projection from a 2D space.

454

00:38:48,977 --> 00:38:54,981

What we perceive as physical objects are actually projected fragments of data.

455

00:38:56,982 --> 00:39:02,986

There is a fascinating idea that perhaps the universe is not 3-dimensional,

456

00:39:02,986 --> 00:39:07,990

that it's a projection from a 2-dimensional slide of some kind,

457

00:39:07,990 --> 00:39:13,994

that it's a hologram, something like the matrix in the movie

458

00:39:13,994 --> 00:39:17,997

and that we're walking around inside of what seems like 3D,

459

00:39:17,997 --> 00:39:20,999

but in fact is an illusion.

460

00:39:22,000 --> 00:39:26,002

While this incredible theory may seem far-fetched,

461

00:39:26,002 --> 00:39:31,006

in 2013, researchers at Ibaraki University in Japan

462

00:39:31,006 --> 00:39:36,009

found that the theoretical model is mathematically feasible

463

00:39:36,009 --> 00:39:38,011

and might actually be correct.

464

00:39:41,013 --> 00:39:45,016

We have this parallel between the Aboriginal dream time,

465

00:39:45,016 --> 00:39:50,019

the Hindu Akashic record and the holographic universe theory,

466

00:39:50,019 --> 00:39:56,023

but would appear to be some kind of extraterrestrial technology

467

00:39:56,023 --> 00:40:01,027

that's putting all the information of the universe into one spot.

468

00:40:04,029 --> 00:40:08,032

Is it possible that the Aboriginal elders are tapping into

469

00:40:08,032 --> 00:40:12,034

another worldly plane when they perform their ceremonies,

470

00:40:12,034 --> 00:40:18,039

a plane that our greatest scientific minds don't yet fully understand?

471

00:40:19,039 --> 00:40:24,043

If so, does this provide evidence of a maintained connection

472

00:40:24,043 --> 00:40:29,046

between this indigenous culture and advanced extraterrestrial beings?

473

00:40:33,049 --> 00:40:37,052

We have to remind ourselves that the Aboriginals

474

00:40:37,052 --> 00:40:42,055

are our last direct connection to our extraterrestrial past.

475

00:40:45,057 --> 00:40:50,061

It would behoove us to listen because one thing is clear to me today.

476

00:40:50,061 --> 00:40:54,064

Those stories are very clear in their message

477

00:40:54,064 --> 00:40:57,066

that we are not alone in the universe.

478

00:40:57,066 --> 00:40:59,067

We are the extraterrestrials.

479

00:40:59,067 --> 00:41:02,069

Our body is made up of this Earth,

480

00:41:02,069 --> 00:41:06,072

but our spirit comes from the morning star.

481

00:41:06,072 --> 00:41:09,074

We come from another place, from another world.

482

00:41:09,074 --> 00:41:13,077

We were brought here a long time ago to populate this place

483

00:41:13,077 --> 00:41:15,078

everyone now calls Earth.

484

00:41:19,081 --> 00:41:23,084

Might the Aboriginal wisdom keepers serve as a direct link

485

00:41:23,084 --> 00:41:26,086

to our extraterrestrial creators?

486

00:41:28,087 --> 00:41:32,090

And could there be messages left behind for mankind

487

00:41:32,090 --> 00:41:35,092

encoded in their sacred traditions?

488

00:41:36,093 --> 00:41:41,096

As we stand at the threshold of a new level of science and understanding,

489

00:41:41,096 --> 00:41:47,100

perhaps we will discover that the stories of the world's oldest living culture

490

00:41:47,100 --> 00:41:50,102

not only reveal our true origins,

491

00:41:51,103 --> 00:41:54,105

but also our destiny.
