

1

00:00:00,000 --> 00:00:09,800

The Aboriginal peoples of Australia are one of the world's very, very oldest cultures.

2

00:00:09,800 --> 00:00:13,720

Our stories are older than the Stonehenge in England.

3

00:00:13,720 --> 00:00:19,080

They're 20 or 30,000 years older than the pyramids of Egypt.

4

00:00:19,080 --> 00:00:22,520

You look at these wongena figures in the cave art.

5

00:00:22,520 --> 00:00:27,160

These figures look exactly like grey aliens.

6

00:00:27,160 --> 00:00:29,360

Wow.

7

00:00:29,360 --> 00:00:34,160

We carved them, we sung them, we danced them in stories, we painted them.

8

00:00:34,160 --> 00:00:38,720

So when the visitors left, we didn't forget about them.

9

00:00:38,720 --> 00:00:46,440

Since the dawn of civilization, mankind has credited its origins to gods and other visitors

10

00:00:46,440 --> 00:00:47,440

from the stars.

11

00:00:47,440 --> 00:00:51,200

What if it were true?

12

00:00:51,200 --> 00:00:56,800

Did extraterrestrial beings really help to shape our history?

13

00:00:56,800 --> 00:01:03,800

And if so, might the secrets of our past have been entrusted to Australia's wisdom keepers?

14

00:01:26,800 --> 00:01:47,160

In 2015, documentary filmmaker Damien Nutt released an archive of over 2,000 UFO images

15

00:01:47,160 --> 00:01:51,200

taken over the skies of Australia in the previous three years.

16

00:01:51,200 --> 00:01:52,200

Oh my god.

17

00:01:52,200 --> 00:01:55,360

It seems to be like illuminating.

18

00:01:55,360 --> 00:01:58,520

It's actually morphing shape and rotating as well.

19

00:01:58,520 --> 00:02:02,080

This is phenomenal.

20

00:02:02,080 --> 00:02:05,520

Australia is certainly a hotspot for UFO sightings.

21

00:02:05,520 --> 00:02:11,200

We've had a phenomenal growth in the reporting of UFO sightings by the general public, especially

22

00:02:11,200 --> 00:02:15,560

since the advent of the internet.

23

00:02:15,560 --> 00:02:20,560

But all evidence shows that UFOs have definitely been visiting Australia for tens of thousands

24

00:02:20,560 --> 00:02:21,560

of years.

25

00:02:21,960 --> 00:02:27,040

We've had records engraved on cave artwork by the Australian Aborigines, which goes back

26

00:02:27,040 --> 00:02:31,560

thousands of years.

27

00:02:31,560 --> 00:02:36,400

Australia is one of the most mysterious continents.

28

00:02:36,400 --> 00:02:44,560

And the Aboriginals have all kinds of ancient stories of sky gods coming down.

29

00:02:44,560 --> 00:02:50,040

These are probably some of the oldest stories of extraterrestrial intervention that we

30

00:02:50,040 --> 00:02:54,240

have on planet Earth.

31

00:02:54,240 --> 00:02:58,920

Australia was something of a last frontier long after America was settled.

32

00:02:58,920 --> 00:03:07,520

Well, it was 1770 that the British explorer, Captain Cook, actually came across Australia.

33

00:03:07,520 --> 00:03:13,400

And it wasn't until 1788 that it was really settled that was the east coast of Australia,

34

00:03:13,400 --> 00:03:15,000

settled by convicts.

35

00:03:15,000 --> 00:03:20,880

That's what the British brought from their prisons.

36

00:03:20,880 --> 00:03:29,680

Today, the area of Sydney that the British first settled is a bustling metropolis.

37

00:03:29,680 --> 00:03:37,400

And Australia has become one of the most popular tourist destinations on Earth.

38

00:03:37,400 --> 00:03:43,760

What's hidden behind this modern facade is nearly two and a half million square miles

39

00:03:43,760 --> 00:03:51,440

of undeveloped and sparsely populated land known as the Outback.

40

00:03:51,440 --> 00:03:58,120

And while Australia is a relatively new land to the Western world, for the nearly 700,000

41

00:03:58,120 --> 00:04:04,960

people that call the continent their ancestral home, it has a history that dates back tens

42

00:04:04,960 --> 00:04:08,120

of thousands of years.

43

00:04:08,120 --> 00:04:13,080

There's something very, very special about Australia.

44

00:04:13,080 --> 00:04:17,080

Here we have a situation where this huge land mass has been pretty much cut off from the

45

00:04:17,080 --> 00:04:20,160

rest of the world for 40,000 years.

46

00:04:20,160 --> 00:04:24,880

We don't really find that in many other places in the world.

47

00:04:24,880 --> 00:04:30,040

But what was happening on this island continent for the tens of thousands of years that had

48

00:04:30,040 --> 00:04:33,920

existed in isolation?

49

00:04:33,920 --> 00:04:39,680

When the first Europeans arrived here, they didn't have much knowledge in regards to the

50

00:04:39,680 --> 00:04:47,040

sky world, where our people had much ancient knowledge of the star system and the constellation

51

00:04:47,040 --> 00:04:48,640

of the stars.

52

00:04:48,640 --> 00:04:56,440

Our knowledge and wisdom is so old.

53

00:04:56,440 --> 00:05:02,440

Anthropologists have dated the existence of the Australian Aboriginal people back 60,000

54

00:05:02,440 --> 00:05:08,520

years, making it the most ancient continuous culture in the world.

55

00:05:08,520 --> 00:05:14,120

The Aboriginal peoples of Australia are one of the world's very, very oldest cultures.

56

00:05:14,120 --> 00:05:18,200

No other cultures in the world can compare with the Australian cultures.

57

00:05:18,200 --> 00:05:21,840

The half knowledge has been around for a lot longer than really any of our knowledge has

58

00:05:21,840 --> 00:05:27,440

been around.

59

00:05:27,440 --> 00:05:31,320

The Aboriginal people have no official written language.

60

00:05:31,320 --> 00:05:37,520

Art, music and oral storytelling are how they pass their histories and sacred knowledge

61

00:05:37,520 --> 00:05:40,320

to future generations.

62

00:05:40,320 --> 00:05:48,640

Their past is encoded on various rock walls scattered across the continent.

63

00:05:48,640 --> 00:05:55,360

Our oral traditions or stories that are passed down from generation to generation, the wisdom

64

00:05:55,360 --> 00:05:59,400

and knowledge that have been given to us by our God.

65

00:05:59,400 --> 00:06:05,760

They're 10,000 or more years older than the Stonehenge in England.

66

00:06:05,760 --> 00:06:14,040

They're 20 or 30,000 years older than the Pyramids of Egypt.

67

00:06:14,040 --> 00:06:19,960

These ancient traditions are all strongly tied to Australia's connection with the stars

68

00:06:20,080 --> 00:06:25,840

and with the beings that are said to have come down from them.

69

00:06:25,840 --> 00:06:32,560

As evidence, ancient astronaut theorists point to the caves of the northwest Kimberley region

70

00:06:32,560 --> 00:06:39,160

that contain depictions of visitors called the Wanjina, the sky heroes of one of Australia's

71

00:06:39,160 --> 00:06:43,160

indigenous clans.

72

00:06:43,160 --> 00:06:52,600

The Aboriginals have all kinds of ancient stories of Wanjina figures, of great heroes

73

00:06:52,600 --> 00:07:00,480

and sky gods who manipulated the continent, created the rivers and mountains and fought

74

00:07:00,480 --> 00:07:04,160

amongst each other and then they left.

75

00:07:04,160 --> 00:07:08,360

You look at these Wanjina figures in the cave art.

76

00:07:08,360 --> 00:07:12,320

They have big white faces.

77

00:07:12,320 --> 00:07:16,880

They have really no mouth to speak of.

78

00:07:16,880 --> 00:07:25,320

They have very large black eyes and there's a field around their heads that's like a space

79

00:07:25,320 --> 00:07:27,480

helmet perhaps.

80

00:07:27,480 --> 00:07:35,800

So in many ways these Wanjina figures look exactly like gray aliens.

81

00:07:35,800 --> 00:07:39,680

And you have to wonder then, if the cave art is depicting extraterrestrials.

82

00:07:43,320 --> 00:07:53,760

Could these images really be depicting extraterrestrials that visited Australia in the ancient past?

83

00:07:53,760 --> 00:08:00,360

And if so, do the indigenous people living in Australia today still have insight into

84

00:08:00,360 --> 00:08:06,200

the meaning behind this ancient rock art?

85

00:08:06,200 --> 00:08:12,480

We all have stories of people in crafts coming from the stars, going to the stars and so

86

00:08:12,480 --> 00:08:13,480

on.

87

00:08:13,480 --> 00:08:18,960

In order to keep them passed them down to the next generation, we carved them, we painted

88

00:08:18,960 --> 00:08:23,720

them, we sang them, we danced them in stories to guarantee that they passed down.

89

00:08:23,720 --> 00:08:28,200

So when the visits is left, we didn't forget about them and we never forget about the things

90

00:08:28,200 --> 00:08:33,440

that they passed down to us and the knowledge they passed down.

91

00:08:33,440 --> 00:08:39,560

Australia is one of the few places where we still have living mythologies, where we can

92

00:08:39,560 --> 00:08:47,360

talk to the people whose story has been passed down over thousands of generations.

93

00:08:47,360 --> 00:08:54,960

And they talk of teachers having descended from the sky and bestowed any and all of knowledge

94

00:08:54,960 --> 00:08:56,840

to mankind.

95

00:08:56,840 --> 00:09:03,200

So this to me is an incredible treasure trove for the ancient astronaut theory.

96

00:09:03,200 --> 00:09:08,960

Like the indigenous people of Australia who carry an oral tradition that dates back tens

97

00:09:08,960 --> 00:09:15,720

of thousands of years, really holds secrets of humanity's past that the outside world

98

00:09:15,720 --> 00:09:19,440

has yet to discover.

99

00:09:19,440 --> 00:09:25,840

Perhaps more evidence can be found by examining the depiction of one of their most important

100

00:09:25,840 --> 00:09:29,680

sky gods.

101

00:09:29,680 --> 00:09:37,240

They said the fire burnt the top of the mountain and all around it every time he landed.

102

00:09:37,240 --> 00:09:49,080

So the landings were always associated with another noise, smoke and fire.

103

00:09:49,080 --> 00:09:55,680

Brisbane Water National Park, New South Wales, Australia.

104

00:09:55,680 --> 00:10:01,760

The Bulgondry Preservation Site is one of numerous sacred indigenous locations where

105

00:10:01,760 --> 00:10:05,480

ancient rock art and engravings can be found.

106

00:10:05,480 --> 00:10:11,640

Many are believed to date back thousands of years.

107

00:10:11,640 --> 00:10:19,120

In February 2016, researcher and publisher, George Osucalos, traveled to Australia to

108

00:10:19,120 --> 00:10:24,600

meet with Aboriginal elder, Kevin Gavi Duncan to learn about one of the oldest carvings

109

00:10:24,640 --> 00:10:26,800

that can be found here.

110

00:10:26,800 --> 00:10:32,240

So what are we looking at here?

111

00:10:32,240 --> 00:10:40,800

So this image is an actual image of what we say is our godfather, creator being Bayamie.

112

00:10:40,800 --> 00:10:42,400

That's what our people believe.

113

00:10:42,400 --> 00:10:43,400

Okay.

114

00:10:43,400 --> 00:10:49,120

Bayamie came from a place that we call the morning star within the mirror bukkah.

115

00:10:49,120 --> 00:10:52,600

Mirror means stars and bukkah means river.

116

00:10:52,600 --> 00:10:56,600

And the mirror is the milky way that flows across the right sky.

117

00:10:56,600 --> 00:10:59,600

You're kidding, okay.

118

00:10:59,600 --> 00:11:04,600

And so he is one of those sky heroes that has descended from the milky way?

119

00:11:04,600 --> 00:11:05,600

Yes.

120

00:11:05,600 --> 00:11:09,600

He's a sky hero.

121

00:11:09,600 --> 00:11:16,600

And Bayamie is carved in the manner that you see them and he has his arms out and he holds

122

00:11:16,600 --> 00:11:22,600

them in one hand and the morning star in the other.

123

00:11:22,600 --> 00:11:26,600

Which is a bit like what we call planet Earth.

124

00:11:26,600 --> 00:11:33,600

And these are the two moons which exist around the morning star in the mirror bukkah that

125

00:11:33,600 --> 00:11:37,600

Bayamie came from.

126

00:11:37,600 --> 00:11:40,600

And this is the canoe.

127

00:11:40,600 --> 00:11:46,600

He sailed through the river of life in the mirror bukkah across the sky.

128

00:11:46,600 --> 00:11:48,600

He sailed through the milky way.

129

00:11:48,600 --> 00:11:50,600

Yes, he sailed through the milky way.

130

00:11:50,600 --> 00:11:57,600

And this was his vessel that he sailed and landed to the earth.

131

00:11:57,600 --> 00:12:02,600

And he crushed the top of the mountain which is the sacred mountain of Mount Yango not

132

00:12:02,600 --> 00:12:04,600

far from here.

133

00:12:05,600 --> 00:12:10,600

And when he landed they said the fire came from his feet and it burnt the top of the

134

00:12:10,600 --> 00:12:13,600

mountain and all around it every time he landed.

135

00:12:13,600 --> 00:12:17,600

So the landings were always associated with a lot of noise, smoke and fire.

136

00:12:17,600 --> 00:12:19,600

Yes.

137

00:12:19,600 --> 00:12:24,600

The fire trail that was left when Bayamie was leaving the top of the mountain into the

138

00:12:24,600 --> 00:12:25,600

sky world.

139

00:12:25,600 --> 00:12:28,600

When Bayamie had left it was so bright.

140

00:12:28,600 --> 00:12:31,600

People interpret that as a spaceship of some kind.

141

00:12:31,600 --> 00:12:33,600

It's common and gone.

142

00:12:33,600 --> 00:12:38,600

But this is the way we simply interpret Bayamie's spaceship.

143

00:12:38,600 --> 00:12:42,600

Right, but it's because the vocabulary didn't exist at the time.

144

00:12:42,600 --> 00:12:49,600

So to me those are all wonderfully poetic ways to describe eye witness accounts of

145

00:12:49,600 --> 00:12:52,600

things that were incredible.

146

00:12:52,600 --> 00:12:53,600

Yes.

147

00:12:53,600 --> 00:12:57,600

This site is considered around 8 to 10 thousand years old.

148

00:12:57,600 --> 00:12:59,600

Wow.

149

00:12:59,600 --> 00:13:04,600

These carvings, these rock paintings, these are our books.

150

00:13:04,600 --> 00:13:08,600

They are considered to be basically truth.

151

00:13:13,600 --> 00:13:19,600

While many in the western world regard indigenous tales as folklore, it has recently been

152

00:13:19,600 --> 00:13:24,600

found that at least some of their stories are historically accurate.

153

00:13:25,600 --> 00:13:33,600

In September 2015, scientists studying Aboriginal lore of past sea level rise found

154

00:13:33,600 --> 00:13:36,600

corroboration in the geological record.

155

00:13:36,600 --> 00:13:42,600

Incredibly, the information was faithfully preserved even though these events occurred

156

00:13:42,600 --> 00:13:48,600

somewhere between 7000 to 18000 years ago.

157

00:13:49,600 --> 00:13:56,600

Similar findings noting the accuracy of indigenous myths have been published since the 1980s,

158

00:13:56,600 --> 00:14:02,600

including knowledge of tsunamis, earthquakes, volcanic eruptions, meteorite impacts and

159

00:14:02,600 --> 00:14:06,600

solar eclipses in the remote past.

160

00:14:09,600 --> 00:14:16,600

Their stories of events that happened 12,000 years ago, maybe older, have now been verified

161

00:14:16,600 --> 00:14:18,600

by the geological record.

162

00:14:18,600 --> 00:14:24,600

This is extremely important because if they're telling the truth about geological events,

163

00:14:24,600 --> 00:14:32,600

can we then take at face value their stories or their recollections of extraterrestrial

164

00:14:32,600 --> 00:14:38,600

beings, spirit beings, sky beings coming to Earth and intervening in human affairs.

165

00:14:38,600 --> 00:14:40,600

I believe that we can.

166

00:14:41,600 --> 00:14:49,600

Might the Aboriginal stories of sky beings not be myth but actual historical fact?

167

00:14:49,600 --> 00:14:54,600

Could their creator gods have been extraterrestrial visitors?

168

00:14:56,600 --> 00:15:03,600

Perhaps further clues can be found by examining evidence of an ancient pilgrimage to Australia

169

00:15:03,600 --> 00:15:06,600

made by the Egyptians.

170

00:15:07,600 --> 00:15:11,600

Coming up, wow, how old do you reckon these are?

171

00:15:11,600 --> 00:15:15,600

We're thinking that it's about 4600 years old.

172

00:15:15,600 --> 00:15:21,600

We have stories about their visits long before Europeans had arrived here.

173

00:15:26,600 --> 00:15:31,600

Central Coast, New South Wales, Australia.

174

00:15:32,600 --> 00:15:40,600

Deep in the Brisbane Water National Park is a mysterious site known as the Gosford Glyphs.

175

00:15:40,600 --> 00:15:49,600

The site consists of two massive 8-foot-high walls engraved with over 300 ancient carvings.

176

00:15:49,600 --> 00:15:56,600

Carvings that experts say do not resemble indigenous artwork but Egyptian hieroglyphs.

177

00:16:02,600 --> 00:16:10,600

After deciphering the texts, 21st century Egyptologist Raymond Johnson believed them to reveal the burial site

178

00:16:10,600 --> 00:16:17,600

of Lord Nefertiru, a member of the Egyptian royal family, who died while visiting the area with his brother

179

00:16:17,600 --> 00:16:23,600

sometime between 2637 to 2614 BC.

180

00:16:23,600 --> 00:16:28,600

Absolutely beautiful out here.

181

00:16:28,600 --> 00:16:31,600

And I?

182

00:16:31,600 --> 00:16:39,600

While visiting the area in 2016, George Yosucalos met with local ancient astronaut theorist Evan Strong

183

00:16:39,600 --> 00:16:44,600

to get a first-hand look at these enigmatic carvings.

184

00:16:44,600 --> 00:16:46,600

Wow!

185

00:16:46,600 --> 00:16:49,600

That's incredible.

186

00:16:49,600 --> 00:16:56,600

I had no idea. I mean, this looks totally different than on pictures.

187

00:16:56,600 --> 00:16:59,600

So what do these hieroglyphs say?

188

00:16:59,600 --> 00:17:05,600

Well, at least one panel talks about two brothers, two princes, coming here from Egypt.

189

00:17:05,600 --> 00:17:09,600

They were shipwrecked. One of them ended up getting bitten by a snake.

190

00:17:09,600 --> 00:17:16,600

He then died. The fear is then he was interred here, and that's why you've got hieroglyphs here, because I'd have.

191

00:17:17,600 --> 00:17:25,600

But there's these other walls with a mixture of symbols. This one over here, it's more of a philosophical,

192

00:17:25,600 --> 00:17:31,600

astrophysics-style thing with symbols meaning all sorts of esoteric stuff.

193

00:17:31,600 --> 00:17:36,600

Now, have these symbols all been interpreted by Egyptologists?

194

00:17:36,600 --> 00:17:41,600

There have been a few, actually. A few different people have done that.

195

00:17:41,600 --> 00:17:43,600

That was their reaction.

196

00:17:43,600 --> 00:17:48,600

Well, Raymond Johnson was one of the first people to come here and translate.

197

00:17:48,600 --> 00:17:53,600

He actually sent some of these translations off to the Cairo Library,

198

00:17:53,600 --> 00:17:58,600

and Dr Abudio Ghazi ended up saying, yep, you're on the right track.

199

00:17:58,600 --> 00:18:00,600

Something called proto-Egyptian.

200

00:18:00,600 --> 00:18:03,600

And how old do you reckon these are?

201

00:18:03,600 --> 00:18:08,600

We're thinking, because of the prevalence at least in one panel of proto-Egyptian,

202

00:18:08,600 --> 00:18:11,600

that it's about 4,600 years old.

203

00:18:11,600 --> 00:18:14,600

Wow. Are there any hieroglyphs that stand out to you?

204

00:18:14,600 --> 00:18:18,600

Yeah, definitely. Follow me down here, and I'll show you this other one.

205

00:18:21,600 --> 00:18:26,600

So this one here, we call the UFO glyph, and people have called that since it's been coming here,

206

00:18:26,600 --> 00:18:28,600

because it kind of looks like a UFO.

207

00:18:28,600 --> 00:18:34,600

It definitely has the classic UFO shape. It's got the rays or whatever you call it.

208

00:18:35,600 --> 00:18:38,600

What would you suggest if anyone says, well, this is not a UFO.

209

00:18:38,600 --> 00:18:41,600

It's some other symbol, but certainly not that.

210

00:18:41,600 --> 00:18:46,600

I think someone's suggestion is jewelry, but it's a completely different symbol that's upside down,

211

00:18:46,600 --> 00:18:48,600

and it really doesn't quite fit in.

212

00:18:48,600 --> 00:18:52,600

It's one of those symbols here that doesn't fit into the cannon.

213

00:18:52,600 --> 00:18:57,600

In your opinion, why do you think the Egyptians made it all the way to Australia?

214

00:18:57,600 --> 00:19:00,600

I think they're looking for esoteric wisdom, definitely.

215

00:19:00,600 --> 00:19:02,600

From the Aboriginals?

216

00:19:02,600 --> 00:19:03,600

Yes.

217

00:19:08,600 --> 00:19:14,600

The ancient Egyptians, we have stories and Aboriginal stories about their arrival

218

00:19:14,600 --> 00:19:18,600

and about their visits, long before Europeans had arrived here.

219

00:19:20,600 --> 00:19:23,600

Naturally, we would have shared ceremony with these people,

220

00:19:23,600 --> 00:19:28,600

because they have the same similar beliefs as our people.

221

00:19:28,600 --> 00:19:33,600

Egyptians have that same spiritual connection to the sky world.

222

00:19:35,600 --> 00:19:41,600

Many stories from all over this continent, not just from here, but all over this continent.

223

00:19:41,600 --> 00:19:46,600

Talk about those who came by the sea and came to these continents,

224

00:19:46,600 --> 00:19:50,600

and some of our knowledge and wisdom and technology went back with them.

225

00:19:50,600 --> 00:19:54,600

And if you do some of the research in the last pyramids that they found,

226

00:19:54,600 --> 00:19:59,600

they found boomerangs made from iron bark from here.

227

00:19:59,600 --> 00:20:06,600

And they have hieroglyphs of black fillets from the boomerangs to take out the darts and the geese.

228

00:20:06,600 --> 00:20:13,600

Now, the question would be, why would they paint us and carve us on their walls if they didn't come here?

229

00:20:13,600 --> 00:20:19,600

And if that meeting and relationship was not significant, they wouldn't have carved it.

230

00:20:19,600 --> 00:20:23,600

It must have been significant in order to carve.

231

00:20:24,600 --> 00:20:27,600

Aboriginal artifacts found in Egypt?

232

00:20:28,600 --> 00:20:31,600

Hieroglyphs found in Australia?

233

00:20:32,600 --> 00:20:36,600

Might the continent have actually served as a pilgrimage site

234

00:20:36,600 --> 00:20:41,600

for visitors seeking a direct connection to the so-called gods?

235

00:20:41,600 --> 00:20:44,600

Ancient astronaut theorists say yes,

236

00:20:44,600 --> 00:20:48,600

and suggest further evidence of this otherworldly leg

237

00:20:48,600 --> 00:20:53,600

can be found in a megalithic structure lost to time.

238

00:20:55,600 --> 00:20:58,600

Coming up...

239

00:20:58,600 --> 00:21:02,600

This really puts the Aboriginal culture in a totally different light.

240

00:21:03,600 --> 00:21:07,600

He asked Aboriginal people, where do you people come from?

241

00:21:07,600 --> 00:21:11,600

And our people would always just point to the sky.

242

00:21:14,600 --> 00:21:19,600

Malam Dimbi, New South Wales, 1939.

243

00:21:20,600 --> 00:21:26,600

Frederick Slater, the president of the Australian Archaeology Society,

244

00:21:26,600 --> 00:21:32,600

was dispatched to investigate the discovery of a complex Aboriginal arrangement

245

00:21:32,600 --> 00:21:36,600

consisting of 188 standing stones.

246

00:21:37,600 --> 00:21:41,600

Slater dubbed the formation the Stonehenge of Australia

247

00:21:41,600 --> 00:21:46,600

and became convinced that it was one of the oldest temple complexes in the world,

248

00:21:46,600 --> 00:21:50,600

predating those found in Europe and the Middle East.

249

00:21:52,600 --> 00:21:56,600

Frederick Slater found that the site he was investigating

250

00:21:56,600 --> 00:22:00,600

was part of a much larger site

251

00:22:00,600 --> 00:22:06,600

and fitted in very closely with Aboriginal sacred lore, myths and legends.

252

00:22:06,600 --> 00:22:11,600

After a time, Frederick Slater began to posit and suggest

253

00:22:11,600 --> 00:22:15,600

that instead of out of Africa,

254

00:22:15,600 --> 00:22:20,600

that maybe we should re-examine the evolution of man as out of Australia.

255

00:22:20,600 --> 00:22:26,600

He took a massive leap and started declaring that in ancient times in Australia,

256

00:22:26,600 --> 00:22:32,600

the Aborigines were more advanced than any culture that he could recount on the planet.

257

00:22:32,600 --> 00:22:37,600

He was declared almost insane by the rest of the academic community.

258

00:22:37,600 --> 00:22:42,600

The landowners were so terrified of the controversy that it implied

259

00:22:42,600 --> 00:22:45,600

that it was pretty much destroyed by bulldozers.

260

00:22:50,600 --> 00:22:55,600

There are many stone circles throughout the British Isles and Europe.

261

00:22:55,600 --> 00:22:58,600

Stonehenge is one of the most well-known.

262

00:22:58,600 --> 00:23:04,600

They all have some relationship to astronomical observatories.

263

00:23:05,600 --> 00:23:12,600

This Aboriginal stonehenge would really alter the way we think of the Aboriginals

264

00:23:12,600 --> 00:23:16,600

and the sophistication of their society,

265

00:23:16,600 --> 00:23:21,600

where they had astronomical and archeo-astronomical structures

266

00:23:21,600 --> 00:23:24,600

that helped them monitor the heavens,

267

00:23:24,600 --> 00:23:28,600

much as standing stones in Europe would have done.

268

00:23:29,600 --> 00:23:33,600

Could the so-called Aboriginal stonehenge provide insight

269

00:23:33,600 --> 00:23:38,600

into the other stone arrangements found scattered throughout the world?

270

00:23:38,600 --> 00:23:42,600

If so, might they serve to provide a permanent record

271

00:23:42,600 --> 00:23:46,600

of a significant connection to another world?

272

00:23:51,600 --> 00:23:55,600

Uluru Rock, also known as Ayers Rock,

273

00:23:55,600 --> 00:23:58,600

is located nearly in the centre of the continent,

274

00:23:58,600 --> 00:24:03,600

over 1,200 miles from the nearest major Australian city.

275

00:24:03,600 --> 00:24:09,600

This geological anomaly is one of the largest isolated rocks in the world.

276

00:24:11,600 --> 00:24:16,600

It is over two miles long and rises over 1,100 feet.

277

00:24:17,600 --> 00:24:23,600

It is, in fact, the exposed tip of a huge vertical slab of rock

278

00:24:23,600 --> 00:24:27,600

that continues below the surface for three miles.

279

00:24:29,600 --> 00:24:35,600

It is a huge sedimentary boulder that's gigantic,

280

00:24:35,600 --> 00:24:38,600

sitting there in the middle of the desert.

281

00:24:38,600 --> 00:24:44,600

And geologists cannot really explain how Ayers Rock came to be.

282

00:24:46,600 --> 00:24:51,600

It's almost as if it was lifted up from somewhere else

283

00:24:51,600 --> 00:24:57,600

and brought to the centre of the continent and then just dumped there.

284

00:24:59,600 --> 00:25:02,600

For the indigenous population,

285

00:25:02,600 --> 00:25:07,600

Uluru is one of their most sacred sites and a place of pilgrimage.

286

00:25:07,600 --> 00:25:10,600

They consider it the navel of the earth.

287

00:25:11,600 --> 00:25:15,600

For the Aboriginal cosmologies, a lot of times the landscape itself

288

00:25:15,600 --> 00:25:19,600

is sort of like the Bible and heaven rolled into one.

289

00:25:19,600 --> 00:25:22,600

So in places like Uluru, Ayers Rock,

290

00:25:22,600 --> 00:25:27,600

this rock had great significance because it built this into their cultural memories

291

00:25:27,600 --> 00:25:33,600

of when the world was formed by sky spirits coming to earth.

292

00:25:37,600 --> 00:25:43,600

The creation stories at Uluru Rock are primarily associated with the rainbow serpent.

293

00:25:43,600 --> 00:25:48,600

This divine being is said to have come out of the sky at the beginning of time

294

00:25:48,600 --> 00:25:54,600

and held in its belly all of creation, including the first human beings.

295

00:25:55,600 --> 00:25:58,600

The rainbow serpent we call Guria,

296

00:25:58,600 --> 00:26:04,600

and the rainbow serpent is related to all Aboriginal nations right across Australia.

297

00:26:05,600 --> 00:26:08,600

And it connects us all as Aboriginal people

298

00:26:08,600 --> 00:26:13,600

because it was regarded as a very sacred symbol of creation.

299

00:26:14,600 --> 00:26:18,600

In Eldur, we're in good contact with, told us a story about Uluru,

300

00:26:18,600 --> 00:26:22,600

which is quite fascinating that we were actually seeded from the spear,

301

00:26:22,600 --> 00:26:25,600

from the Pleiades through space.

302

00:26:28,600 --> 00:26:30,600

And it actually hit the ground.

303

00:26:32,600 --> 00:26:34,600

And where that place was is Uluru.

304

00:26:34,600 --> 00:26:39,600

So Uluru in its creation story with the rainbow serpent

305

00:26:39,600 --> 00:26:42,600

could perhaps even be indicative of an ancient,

306

00:26:42,600 --> 00:26:47,600

astronaut kind of seeding moment in our history.

307

00:26:48,600 --> 00:26:51,600

Ancient astronaut theorists have long proposed

308

00:26:51,600 --> 00:26:56,600

that earth was seeded by alien visitors in the remote past.

309

00:26:56,600 --> 00:26:58,600

Might this be true?

310

00:26:58,600 --> 00:27:03,600

And if so, do the Aboriginal stories reflect this truth?

311

00:27:04,600 --> 00:27:06,600

When the first Europeans arrived here,

312

00:27:06,600 --> 00:27:09,600

Captain Phillip, who was an English sailor,

313

00:27:10,600 --> 00:27:13,600

planted the Union Jack in Sydney.

314

00:27:14,600 --> 00:27:18,600

And he asked Aboriginal people around that time,

315

00:27:18,600 --> 00:27:21,600

he said, where do you people come from?

316

00:27:21,600 --> 00:27:25,600

And our people would always just point to the sky.

317

00:27:25,600 --> 00:27:30,600

He couldn't believe that such people who were grounded by Mother Earth

318

00:27:30,600 --> 00:27:33,600

say that they come from the sky world.

319

00:27:36,600 --> 00:27:40,600

Might humans actually have been seeded on earth from another planet?

320

00:27:40,600 --> 00:27:43,600

As the Aboriginal elders claim.

321

00:27:44,600 --> 00:27:48,600

And could this truth be encoded in the Australian landscape

322

00:27:48,600 --> 00:27:51,600

preserved for future generations?

323

00:27:52,600 --> 00:27:55,600

Researchers suggest some sacred Aboriginal sites

324

00:27:55,600 --> 00:28:00,600

continue to serve as extraterrestrial outposts.

325

00:28:04,600 --> 00:28:05,600

Coming up...

326

00:28:05,600 --> 00:28:09,600

They've got tiles of mystery, disappearing people.

327

00:28:10,600 --> 00:28:14,600

Strange noises and strange creature sightings.

328

00:28:14,600 --> 00:28:18,600

Some people had actually travelled back to the morning star.

329

00:28:22,600 --> 00:28:25,600

The Blue Mountains, Australia.

330

00:28:27,600 --> 00:28:30,600

Throughout the walls of Red Hand's Cave

331

00:28:30,600 --> 00:28:33,600

are the stenciled handprints of ancient Aboriginal men,

332

00:28:33,600 --> 00:28:35,600

women and children.

333

00:28:36,600 --> 00:28:41,600

The art stands as a testament to their physical time here on Earth,

334

00:28:41,600 --> 00:28:45,600

hundreds and possibly even thousands of years ago.

335

00:28:47,600 --> 00:28:49,600

According to local elders,

336

00:28:49,600 --> 00:28:53,600

the location served as an initiation site for young warriors.

337

00:28:54,600 --> 00:28:59,600

And it was here that the collective wisdom of the land and the sky

338

00:28:59,600 --> 00:29:03,600

was passed on to future generations by the sky gods.

339

00:29:06,600 --> 00:29:10,600

We'd leave our images on the cave walls, such as our hand prints,

340

00:29:10,600 --> 00:29:13,600

from the time we were children.

341

00:29:14,600 --> 00:29:18,600

And this would be done generation after generation.

342

00:29:19,600 --> 00:29:23,600

The Blue Mountains is a very sacred area, a sacred place,

343

00:29:23,600 --> 00:29:26,600

especially the highest places,

344

00:29:26,600 --> 00:29:31,600

because we were being closer to Bayami, closer to God.

345

00:29:35,600 --> 00:29:38,600

Mount Yango, the original point of descent

346

00:29:38,600 --> 00:29:41,600

of the Aboriginal creator god Bayami,

347

00:29:41,600 --> 00:29:45,600

is located here within the Blue Mountain Range.

348

00:29:46,600 --> 00:29:50,600

And curiously, the area is also well known today

349

00:29:50,600 --> 00:29:54,600

for the mysterious disappearances of numerous hikers,

350

00:29:55,600 --> 00:29:59,600

campers and soldiers,

351

00:30:01,600 --> 00:30:04,600

in addition to countless UFO sightings.

352

00:30:06,600 --> 00:30:10,600

Australia's Blue Mountains have become internationally known

353

00:30:10,600 --> 00:30:14,600

as a hotspot for UFO sightings and other mysteries.

354

00:30:15,600 --> 00:30:19,600

There is certainly a lot of mystery in the Blue Mountains.

355

00:30:19,600 --> 00:30:24,600

Campers, bushwalkers, explorers, all have got tales of mystery,

356

00:30:25,600 --> 00:30:29,600

disappearing people, strange tunnels,

357

00:30:29,600 --> 00:30:34,600

strange noises, and strange creature sightings.

358

00:30:36,600 --> 00:30:40,600

The UFO sightings of the Blue Mountains

359

00:30:40,600 --> 00:30:44,600

have triggered many magazine articles, radio shows and books.

360

00:30:44,600 --> 00:30:47,600

A lot of people have come forward over the last few decades

361

00:30:47,600 --> 00:30:51,600

to document and put onto the record their own experiences.

362

00:30:52,600 --> 00:30:56,600

We have a great tradition of some hundreds of sightings.

363

00:30:56,600 --> 00:31:01,600

I myself have gathered about 600, 800 sightings of UFOs,

364

00:31:01,600 --> 00:31:05,600

and it's growing all the time in my own lifetime.

365

00:31:07,600 --> 00:31:10,600

We have stories of UFOs amongst early pioneers

366

00:31:10,600 --> 00:31:14,600

that was dating back to 1850, they're about.

367

00:31:15,600 --> 00:31:18,600

There's a story from about the 1890s of a farmer

368

00:31:18,600 --> 00:31:22,600

who was plowing his field and a craft.

369

00:31:23,600 --> 00:31:26,600

A silver craft came over the cliffs.

370

00:31:27,600 --> 00:31:31,600

He stood there and watched it while it disappeared.

371

00:31:35,600 --> 00:31:39,600

It came back after dark and landed there.

372

00:31:40,600 --> 00:31:45,600

Amazing, but he grabbed his rifle and went out to see what was going on,

373

00:31:45,600 --> 00:31:47,600

and the craft took off again.

374

00:31:49,600 --> 00:31:53,600

I would suggest that the Blue Mountains had served as a contact point

375

00:31:53,600 --> 00:31:57,600

for the T's from an advanced civilisation in space.

376

00:32:00,600 --> 00:32:07,600

What is interesting to note is that there are several umbilical cords on the planet.

377

00:32:07,600 --> 00:32:14,600

This particular location is located exactly at negative 33 latitude,

378

00:32:14,600 --> 00:32:20,600

which means it is aligned specifically with the centre of the galaxy.

379

00:32:21,600 --> 00:32:24,600

Now having said that, there's an interesting parallel

380

00:32:24,600 --> 00:32:28,600

with the 33 latitude on planet Earth,

381

00:32:29,600 --> 00:32:34,600

and that particular point is considered to be continuously being visited

382

00:32:34,600 --> 00:32:37,600

from different parts of the planetary system,

383

00:32:37,600 --> 00:32:40,600

from different parts of the galaxy,

384

00:32:40,600 --> 00:32:44,600

and even from beyond this galaxy, from way out in the universe.

385

00:32:50,600 --> 00:32:51,600

Wow.

386

00:32:51,600 --> 00:32:53,600

Did you see that, Bayer?

387

00:32:57,600 --> 00:33:00,600

There is a lot of UFO activity.

388

00:33:00,600 --> 00:33:04,600

So here we have something that would be like a stargate,

389

00:33:04,600 --> 00:33:07,600

some portal to another dimension,

390

00:33:07,600 --> 00:33:10,600

and jumping to hyperspace perhaps.

391

00:33:10,600 --> 00:33:15,600

And for some reason, Australia was the place where they put

392

00:33:15,600 --> 00:33:19,600

this hyperspace portal that used by extraterrestrials.

393

00:33:21,600 --> 00:33:27,600

Could the blue mountains of Australia function as an extraterrestrial gateway?

394

00:33:28,600 --> 00:33:33,600

Might this explain the strange phenomena reported in and around the area?

395

00:33:35,600 --> 00:33:41,600

But if so, is there some connection to the local Aboriginal tribe?

396

00:33:45,600 --> 00:33:49,600

There is stories that elders would say that some people had actually travelled

397

00:33:49,600 --> 00:33:54,600

back to the morning star and have come back again.

398

00:33:55,600 --> 00:33:58,600

That's not so much of an abduction,

399

00:33:58,600 --> 00:34:03,600

but they have basically went, have gone back there and come back.

400

00:34:06,600 --> 00:34:09,600

The Australian average needs have a connection and a relationship

401

00:34:09,600 --> 00:34:12,600

with what we call extraterrestrials and UFOs,

402

00:34:12,600 --> 00:34:15,600

which goes back tens of thousands of years.

403

00:34:16,600 --> 00:34:19,600

They're rather non-plussed by their existence.

404

00:34:19,600 --> 00:34:25,600

They have developed an awareness of individual types of visitors

405

00:34:25,600 --> 00:34:28,600

from what we would call outer space.

406

00:34:29,600 --> 00:34:33,600

This is not new. This has happened thousands of times before.

407

00:34:33,600 --> 00:34:35,600

How do we know that?

408

00:34:35,600 --> 00:34:39,600

From all of the remnants that are left behind by the ancients.

409

00:34:39,600 --> 00:34:43,600

Only a fool could say, oh no, we're the only ones here.

410

00:34:43,600 --> 00:34:46,600

And this vast amount of space...

411

00:34:52,600 --> 00:34:56,600

Might the Indigenous Australians really have an ongoing relationship

412

00:34:56,600 --> 00:34:59,600

with other worldly beings?

413

00:35:00,600 --> 00:35:04,600

Beings who have been visiting the continent for thousands of years.

414

00:35:05,600 --> 00:35:10,600

Ancient astronaut theorists suggest further evidence of extraterrestrial contact

415

00:35:10,600 --> 00:35:16,600

can be found by examining the Aboriginal rituals known as dreaming.

416

00:35:22,600 --> 00:35:29,600

As the bustling streets of Sydney fill with workers and tourists over 500 miles away,

417

00:35:29,600 --> 00:35:35,600

Aboriginal elders known as men of learning prepare for a dreaming ceremony.

418

00:35:36,600 --> 00:35:39,600

Dreaming is sacred to the culture

419

00:35:39,600 --> 00:35:46,600

and represents a complex spiritual concept that transcends linear time.

420

00:35:50,600 --> 00:35:54,600

In the beginning, there was great spirit.

421

00:35:56,600 --> 00:36:01,600

From the stars they came and they came down to this place.

422

00:36:05,600 --> 00:36:09,600

The elders, the spiritual leaders of the Aboriginal peoples

423

00:36:09,600 --> 00:36:14,600

will not only chant but use hypnotic techniques like the didgeridoo

424

00:36:14,600 --> 00:36:17,600

which makes this humming sound.

425

00:36:25,600 --> 00:36:28,600

It will take you into an altered state.

426

00:36:29,600 --> 00:36:34,600

It takes them into connection with the dream time,

427

00:36:34,600 --> 00:36:40,600

the unseen worlds to commune with the ancestors, the sky gods.

428

00:36:43,600 --> 00:36:49,600

The dream time is this vast storehouse of accumulated wisdom and images and stories.

429

00:36:51,600 --> 00:36:54,600

And it's like other traditions that believe there is a place

430

00:36:54,600 --> 00:36:58,600

that everything that has happened is recorded and can be reached

431

00:36:58,600 --> 00:37:00,600

by the elders through their altered states.

432

00:37:04,600 --> 00:37:09,600

There's probably no more fundamental concept in Aboriginal cosmology

433

00:37:09,600 --> 00:37:11,600

than the concept of the dreaming.

434

00:37:11,600 --> 00:37:14,600

Sometimes this is referred to as the dream time.

435

00:37:14,600 --> 00:37:18,600

And this is the idea of the asthmatic beginnings of the world.

436

00:37:18,600 --> 00:37:22,600

But it's important in that it's a sort of transcendent time.

437

00:37:22,600 --> 00:37:25,600

What I mean by that is in their view it's never gone away.

438

00:37:29,600 --> 00:37:32,600

Ancient astronaut theorists suggest that in many ways

439

00:37:32,600 --> 00:37:38,600

the concept of dream time mirrors the ancient Hindu idea of the Akashic record.

440

00:37:40,600 --> 00:37:44,600

A collection of past, present and future knowledge

441

00:37:44,600 --> 00:37:50,600

believed to be encoded in a non-physical existence known as the astral plane.

442

00:37:53,600 --> 00:37:56,600

The Akashic records are sort of like a giant hologram,

443

00:37:56,600 --> 00:38:01,600

a holographic world that we can step into to gain wisdom, access knowledge,

444

00:38:01,600 --> 00:38:05,600

perhaps even to connect with extraterrestrial beings.

445

00:38:06,600 --> 00:38:10,600

It's pretty remarkable that the Aborigines would have a concept,

446

00:38:10,600 --> 00:38:14,600

the dream time that matches not only the Akashic records

447

00:38:14,600 --> 00:38:17,600

but also the idea of the holographic paradigm.

448

00:38:18,600 --> 00:38:24,600

In 1997, theoretical physicists proposed a revolutionary idea

449

00:38:24,600 --> 00:38:27,600

called the holographic paradigm.

450

00:38:27,600 --> 00:38:31,600

Curiously, this theory mirrors the ancient concept

451

00:38:31,600 --> 00:38:36,600

shared by the indigenous Australians and also the Hindu tradition.

452

00:38:37,600 --> 00:38:42,600

The holographic universe theory suggests that the world that we see

453

00:38:42,600 --> 00:38:45,600

is a mere projection from a 2D space.

454

00:38:47,600 --> 00:38:53,600

What we perceive as physical objects are actually projected fragments of data.

455

00:38:55,600 --> 00:39:01,600

There is a fascinating idea that perhaps the universe is not 3-dimensional,

456

00:39:01,600 --> 00:39:06,600

that it's a projection from a 2-dimensional slide of some kind,

457

00:39:06,600 --> 00:39:12,600

that it's a hologram, something like the matrix in the movie

458

00:39:12,600 --> 00:39:16,600

and that we're walking around inside of what seems like 3D,

459

00:39:16,600 --> 00:39:19,600

but in fact is an illusion.

460

00:39:20,600 --> 00:39:24,600

While this incredible theory may seem far-fetched,

461

00:39:24,600 --> 00:39:29,600

in 2013, researchers at Ibaraki University in Japan

462

00:39:29,600 --> 00:39:34,600

found that the theoretical model is mathematically feasible

463

00:39:34,600 --> 00:39:36,600

and might actually be correct.

464

00:39:39,600 --> 00:39:43,600

We have this parallel between the Aboriginal dream time,

465

00:39:43,600 --> 00:39:48,600

the Hindu Akashic record and the holographic universe theory,

466

00:39:48,600 --> 00:39:54,600

but would appear to be some kind of extraterrestrial technology

467

00:39:54,600 --> 00:39:59,600

that's putting all the information of the universe into one spot.

468

00:40:02,600 --> 00:40:06,600

Is it possible that the Aboriginal elders are tapping into

469

00:40:06,600 --> 00:40:10,600

another worldly plane when they perform their ceremonies,

470

00:40:10,600 --> 00:40:16,600

a plane that our greatest scientific minds don't yet fully understand?

471

00:40:17,600 --> 00:40:22,600

If so, does this provide evidence of a maintained connection

472

00:40:22,600 --> 00:40:27,600

between this indigenous culture and advanced extraterrestrial beings?

473

00:40:31,600 --> 00:40:35,600

We have to remind ourselves that the Aboriginals

474

00:40:35,600 --> 00:40:40,600

are our last direct connection to our extraterrestrial past.

475

00:40:43,600 --> 00:40:48,600

It would behoove us to listen because one thing is clear to me today.

476

00:40:48,600 --> 00:40:52,600

Those stories are very clear in their message

477

00:40:52,600 --> 00:40:55,600

that we are not alone in the universe.

478

00:40:55,600 --> 00:40:57,600

We are the extraterrestrials.

479

00:40:57,600 --> 00:41:00,600

Our body is made up of this Earth,

480

00:41:00,600 --> 00:41:04,600

but our spirit comes from the morning star.

481

00:41:04,600 --> 00:41:07,600

We come from another place, from another world.

482

00:41:07,600 --> 00:41:11,600

We were brought here a long time ago to populate this place

483

00:41:11,600 --> 00:41:13,600

everyone now calls Earth.

484

00:41:17,600 --> 00:41:21,600

Might the Aboriginal wisdom keepers serve as a direct link

485

00:41:21,600 --> 00:41:24,600

to our extraterrestrial creators?

486

00:41:26,600 --> 00:41:30,600

And could there be messages left behind for mankind

487

00:41:30,600 --> 00:41:33,600

encoded in their sacred traditions?

488

00:41:34,600 --> 00:41:39,600

As we stand at the threshold of a new level of science and understanding,

489

00:41:39,600 --> 00:41:45,600

perhaps we will discover that the stories of the world's oldest living culture

490

00:41:45,600 --> 00:41:48,600

not only reveal our true origins,

491

00:41:49,600 --> 00:41:52,600

but also our destiny.
