

1

00:00:00,289 --> 00:00:05,292

Thousands of people in the Chinese city of Foshan

2

00:00:05,292 --> 00:00:10,294

saw what they could only describe as a floating city.

3

00:00:10,294 --> 00:00:14,296

Thousands of Chinese people flock to social media

4

00:00:14,296 --> 00:00:19,299

with photos of UFOs flying over China.

5

00:00:19,299 --> 00:00:22,300

We're getting more and more of these anomalous phenomena

6

00:00:22,300 --> 00:00:27,303

in the skies which the Chinese government are trying to dismiss.

7

00:00:27,303 --> 00:00:31,305

One has to wonder whether or not history is repeating itself

8

00:00:31,305 --> 00:00:36,307

because in China you have stories of flying dragons.

9

00:00:36,307 --> 00:00:40,309

Extraterrestrials may have been living amongst the Chinese

10

00:00:40,309 --> 00:00:43,311

for thousands of years.

11

00:00:43,311 --> 00:00:49,314

And finally the veil is being lifted on the true history of China.

12

00:00:49,314 --> 00:00:52,315

Since the dawn of civilization,

13

00:00:52,315 --> 00:00:58,318

mankind has credited its origins to gods and other visitors from the stars.

14

00:00:58,318 --> 00:01:01,320

What if it were true?

15

00:01:01,320 --> 00:01:07,323

Did extraterrestrial beings really help to shape our history?

16

00:01:07,323 --> 00:01:15,327

And if so, could there be a connection between aliens and China's hidden empire?

17

00:01:22,330 --> 00:01:27,333

The World of the Chinese

18

00:01:27,333 --> 00:01:31,335

The World of the Chinese

19

00:01:31,335 --> 00:01:35,337

The World of the Chinese

20

00:01:45,342 --> 00:01:49,344

January 26th, 2011

21

00:01:49,344 --> 00:01:53,346

Soon Shili, a former Chinese Foreign Ministry official

22

00:01:53,346 --> 00:01:56,347

who worked directly with Mao Zedong

23

00:01:56,347 --> 00:01:59,349

comes forward with a shocking revelation

24

00:01:59,349 --> 00:02:02,350

that is reported in the Canadian newspaper.

25

00:02:02,350 --> 00:02:08,354

The Chinese government is aware of extraterrestrials visiting Earth.

26

00:02:08,354 --> 00:02:14,357

The government held an objective and practical attitude

27

00:02:14,357 --> 00:02:19,359

and allowed us to do abundant research, reports and discussions on the topic.

28

00:02:19,359 --> 00:02:22,361

They pay great attention to this topic,

29

00:02:22,361 --> 00:02:26,363

especially the military, the Air Force and Civil Aviation Department

30

00:02:26,363 --> 00:02:30,365

which encounter UFO cases frequently.

31

00:02:30,365 --> 00:02:36,368

Soon Shili said that not only were the Chinese government aware

32

00:02:36,368 --> 00:02:40,370

that extraterrestrials were visiting the Earth,

33

00:02:40,370 --> 00:02:47,373

but also that some aliens were actually living among us, disguised in human form.

34

00:02:47,373 --> 00:02:51,375

His revelations are an absolute bombshell.

35

00:02:51,375 --> 00:02:58,379

Clearly this shines a new light on what may have been going on in relation to this subject

36

00:02:58,379 --> 00:03:04,382

in one of the most secret societies on the face of this planet.

37

00:03:04,382 --> 00:03:08,384

Shili claimed to have discovered sensitive information

38

00:03:08,384 --> 00:03:13,386

about government knowledge of extraterrestrials while serving Chairman Mao

39

00:03:13,386 --> 00:03:18,389

and he also had his own close encounter.

40

00:03:18,389 --> 00:03:22,391

In 1972, I was in the central government.

41

00:03:22,391 --> 00:03:25,392

I was working in the Foreign Affairs Department.

42

00:03:25,392 --> 00:03:32,396

We were on evening duty when we saw a shiny UFO in the sky, like a small moon.

43

00:03:32,396 --> 00:03:36,398

It was smaller than the moon, but was very bright.

44

00:03:36,398 --> 00:03:39,399

It moved up and down.

45

00:03:39,399 --> 00:03:43,401

It disappeared after about 10 minutes or so.

46

00:03:43,401 --> 00:03:50,405

Initially, Shili regarded the spectacle as a type of Cold War intelligence monitoring device.

47

00:03:50,405 --> 00:03:56,408

But years later, after working with an elevated levels of the Chinese government,

48

00:03:56,408 --> 00:04:02,411

he was certain he had witnessed an alien spacecraft.

49

00:04:02,411 --> 00:04:08,414

We met Dr. Sun Shili in 2013 in Washington, DC.

50

00:04:08,414 --> 00:04:13,417

We were both speakers at the Citizen Hearing on Disclosure.

51

00:04:13,417 --> 00:04:20,420

I had a chance to meet with Sun Shili and discuss some of this with him firsthand.

52

00:04:20,420 --> 00:04:24,422

He's entirely sincere about this.

53

00:04:24,422 --> 00:04:31,426

Could Sun Shili, a man who worked closely with one of the most powerful world leaders in history,

54

00:04:31,426 --> 00:04:38,429

really have inside knowledge about extraterrestrials visiting Earth?

55

00:04:38,429 --> 00:04:47,434

Ancient astronaut theorists say yes and suggest that China, a historically isolationist country,

56

00:04:47,434 --> 00:04:55,438

may have secretly been in contact with extraterrestrials for decades and possibly longer.

57

00:04:55,438 --> 00:05:01,441

China has always been in sealer. There's always been a sense that the rest of the world was unimportant.

58

00:05:01,441 --> 00:05:08,444

China was for China and for the Chinese. They were very careful about any secrets that came out.

59

00:05:08,444 --> 00:05:13,447

China is a notoriously closed and secret society.

60

00:05:13,447 --> 00:05:21,451

Is this in relation to UFOs because they know something? Could it be that they've found something?

61

00:05:22,451 --> 00:05:29,455

The Chinese government does not feel obligated to explain their views on UFOs or their research.

62

00:05:29,455 --> 00:05:39,460

I am sure they are concerned that those who study UFOs sometimes see military tests in the skies of China.

63

00:05:39,460 --> 00:05:50,465

They are a self-emerged civilization and they don't feel perhaps that they need to share all their historical knowledge with the others.

64

00:05:52,466 --> 00:05:59,470

China is the world's most populous country with a unique blend of ancient and modern civilization.

65

00:05:59,470 --> 00:06:08,474

Westerners have long held a fascination with this distant land, in part because it seems to hold so many secrets.

66

00:06:09,475 --> 00:06:17,479

From the construction of the 13,000-mile-long Great Wall of China, erected thousands of years ago,

67

00:06:17,479 --> 00:06:23,482

to the so-called digital Great Fire Wall, restricting the internet today,

68

00:06:23,482 --> 00:06:31,486

China has taken extraordinary measures that have prevented both people and information from entering or leaving its domain.

69

00:06:32,487 --> 00:06:33,487

But why?

70

00:06:36,489 --> 00:06:45,493

According to ancient astronaut theorists, the answer may be found by looking back 5,000 years to China's beginnings

71

00:06:45,493 --> 00:06:50,496

and the reign of their very first ruler, the Yellow Emperor.

72

00:06:52,497 --> 00:07:02,502

The Yellow Emperor is understood to be a human figure, but originally in his earlier incarnation, he was actually a divine celestial figure.

73

00:07:02,502 --> 00:07:12,507

He was a god associated with thunder and lightning more specifically, and he was thought to reside in the sky.

74

00:07:16,509 --> 00:07:25,513

The reign of the Yellow Emperor, which purportedly lasted a hundred years, was thought to be a high point of Chinese culture and of civilization.

75

00:07:25,513 --> 00:07:40,521

So he's associated with a number of technological developments spanning from the calendar, advances in mathematics, astronomy, agricultural techniques, writing as well.

76

00:07:41,521 --> 00:07:50,526

According to ancient accounts, the Yellow Emperor possessed knowledge of advanced technology and invented many mechanical devices,

77

00:07:50,526 --> 00:07:59,530

including a cauldron that was oriented towards the Xuan Yuan Star, the star from which he is said to have descended.

78

00:08:00,531 --> 00:08:04,533

It was written that the cauldron could make a dragon appear from the sky.

79

00:08:05,533 --> 00:08:14,538

When the time was right, he crafted the cauldron, and in it he threw in some alchemical ingredients, elixir ingredients.

80

00:08:15,538 --> 00:08:20,541

And immediately the heavens opened and a dragon emerged.

81

00:08:21,542 --> 00:08:26,544

So a flying dragon sometimes described with metallic skin.

82

00:08:27,545 --> 00:08:32,547

One has to wonder, do we have descriptions of nuts and bolts machines?

83

00:08:32,547 --> 00:08:38,550

Could these be nothing else but descriptions of misunderstood technology?

84

00:08:39,551 --> 00:08:46,554

Based on our research, the Yellow Emperor arrived in the wonderful land of China through an aircraft.

85

00:08:47,555 --> 00:08:52,557

We Chinese people consider ourselves the descendants of the dragon.

86

00:08:53,558 --> 00:09:00,561

In UFO research, a dragon is the symbol of aircraft, that is, the symbol of a UFO.

87

00:09:04,563 --> 00:09:13,568

Is it possible the Yellow Emperor was an extraterrestrial that was responsible for starting Chinese civilization over 5,000 years ago?

88

00:09:14,568 --> 00:09:23,573

And if so, might subsequent emperors who all claim to be descendants of Wang Di, have been at least part alien as well?

89

00:09:27,575 --> 00:09:33,578

In China's ancient history, it was often forbidden to look upon the emperor.

90

00:09:34,578 --> 00:09:45,584

And from 1420 to 1912, emperors were actually walled off from the public with a massive citadel in Beijing known as the Forbidden City.

91

00:09:48,585 --> 00:09:58,590

The design of the Forbidden City was meticulously planned to shield the emperor from the outside world, as well as symbolize Chinese philosophy and religion.

92

00:09:59,591 --> 00:10:05,594

The Forbidden City was considered to be an earthly counterpart to an extraterrestrial city.

93

00:10:06,594 --> 00:10:14,598

A monk received the plan for the city in a vision, and it was built of stones, some of them weighing over 300 tons.

94

00:10:15,599 --> 00:10:18,600

The full name of the Forbidden City is actually the Purple Forbidden City.

95

00:10:19,601 --> 00:10:25,604

And this refers to a constellation which is known as the Purple Enclosure in the skies.

96

00:10:25,604 --> 00:10:31,607

This constellation is said to house the celestial emperor and his immediate entourage.

97

00:10:32,608 --> 00:10:42,613

So the Forbidden City in Beijing is considered to be an earthly or terrestrial counterpart of this celestial palace up in the stars.

98

00:10:43,613 --> 00:10:54,619

So you have to wonder, might these Chinese emperors have been aliens living both among people of the earth and in the sky?

99

00:10:56,620 --> 00:11:04,624

Was the practice of hiding Chinese emperors implemented to conceal flesh and blood extraterrestrials?

100

00:11:05,624 --> 00:11:13,628

And if so, might there still be aliens living among and in fact ruling the Chinese people?

101

00:11:14,629 --> 00:11:19,631

Just as former Chinese official Sun Xulie claims there are today.

102

00:11:20,632 --> 00:11:31,637

Ancient astronaut theorists propose further evidence lies buried in an isolated desert in the form of mysterious mummies.

103

00:11:33,638 --> 00:11:34,639

Coming up.

104

00:11:35,639 --> 00:11:45,644

When they've actually tested the mitochondrial DNA of these mummies, there are anomalies that do not add up to genetic information that we have from anywhere else.

105

00:11:49,646 --> 00:11:54,649

Hélangiang Province, China, June 1994.

106

00:11:55,649 --> 00:11:57,650

Red flag logging camp.

107

00:11:58,651 --> 00:12:06,655

Tree farmer, Meng Xiaoguo, spots what he believes to be a helicopter crashing into the nearby

dragon mountains.

108

00:12:08,656 --> 00:12:10,657

He sets out to investigate.

109

00:12:12,658 --> 00:12:18,661

And when he reaches the lip of the valley, he is struck on the head and knocked unconscious.

110

00:12:20,662 --> 00:12:25,664

He wakes up several days later in his bedroom at home, doesn't know how he got there.

111

00:12:26,665 --> 00:12:34,669

But he also at that day has a visitation by what he describes as a 10 foot tall extraterrestrial female with six fingers.

112

00:12:35,670 --> 00:12:37,671

They're floating in the air above his bed.

113

00:12:38,671 --> 00:12:43,674

Suddenly she vanishes, she walks through the wall in his room and he flows back into his bed.

114

00:12:44,674 --> 00:13:03,684

While this account is certainly fantastical, Beijing based psychologists and police technicians subject to Xiaoguo to a rigorous examination, including hypnosis and a lie detector test and concluded his story to be truthful.

115

00:13:04,684 --> 00:13:14,689

Xiaoguo is one of literally thousands who have come forward in China in recent years to say that they have had extraterrestrial encounters.

116

00:13:15,690 --> 00:13:28,696

But his abduction by this otherworldly giant is particularly significant because of an extraordinary archaeological discovery in China that dates back nearly 4,000 years.

117

00:13:29,697 --> 00:13:42,703

The Taklamakan Desert, known as the Sea of Death, it is a vast, unforgiving land, shrouded in myths and lost to time.

118

00:13:44,704 --> 00:13:54,709

The Taklamakan Desert is located in the northwest of China and it's 338,000 square kilometers.

119

00:13:55,710 --> 00:14:14,719

While the Taklamakan Desert is one of the least habitable places on earth, astoundingly, over the last three decades, Chinese archaeologists working in the Tareem Basin Region have excavated hundreds of tombs that date back to as early as 1800 BC.

120

00:14:15,720 --> 00:14:29,727

The well-preserved nature of the mummified bodies allowed archaeologists to conduct modern DNA analyses that determined the ancient travelers were not Chinese.

121

00:14:30,727 --> 00:14:45,735

The results of this DNA test are of course thrilling and they say a lot about the history of these people because the males must have come from what one believes is maybe the homeland of the Indo-Europeans.

122

00:14:46,736 --> 00:15:03,744

In these tombs, in third, were mostly Caucasian-looking people. They were not Chinese, they were not Uyghurs, they were not Turkic. And there were a lot of very specific characteristics you don't find on any other place.

123

00:15:04,745 --> 00:15:28,757

Now these mummies were very curious in that some of them have what the biologists call, uropoid features. This means they have angular faces, they have recessed eyes, they have white skin, they have elongated bodies, and they have curly hair that can be red, blonde, or dark brown.

124

00:15:29,757 --> 00:15:46,766

When they've actually tested the mitochondrial DNA of these mummies, they find haplogroups M and K, which are actually genetic DNA markers suggesting Western European genetic lineage. However, there

is a problem.

125

00:15:46,766 --> 00:16:02,774

There are anomalies in the DNA, there are things that do not add up to any known surviving relics of genetic information that we have from anywhere else. This suggests that these people may in fact be extraterrestrials.

126

00:16:03,774 --> 00:16:26,786

Could the mysterious mummies discovered at the Turin basin really be of alien origin? And might it also be possible that the giant being, Mongioguo, encountered in his home in 1994, is a member of the same alien race?

127

00:16:27,786 --> 00:16:39,793

Ancient astronaut theorists say yes, and suggest further proof can be found by examining the evidence discovered at one of China's most secret pyramids.

128

00:16:41,794 --> 00:16:42,794

Coming up.

129

00:16:42,794 --> 00:16:47,797

Why would the pipes be specifically going up to a pyramid on the top of a mountain?

130

00:16:48,797 --> 00:16:54,800

Is it possible that Mount Baigong was some kind of extraterrestrial base?

131

00:16:57,802 --> 00:17:02,804

Shanxi Province, China, 1947.

132

00:17:04,805 --> 00:17:19,813

Colonel Maurice Xi'an, the Far East director for Transworld Airlines, is flying over central China when he spots a white jewel top structure that he estimates to be a 1,000 foot high pyramid.

133

00:17:20,813 --> 00:17:32,819

Colonel Maurice Xi'an looks down and he sees a giant pyramid that he says is larger than the Great Pyramid of Giza. He reports this to the New York Times and it causes a sensation.

134

00:17:33,820 --> 00:17:48,827

On March 27, 1947, Colonel Xi'an's eyewitness account is circulated worldwide when the New York Times reports his story and two days later a photograph of the mysterious structure is printed.

135

00:17:49,828 --> 00:18:02,834

Since then, 37 more pyramids have been sighted in this area of China, including the mausoleum of the first Qin emperor, where we find the incredible terracotta warriors.

136

00:18:03,835 --> 00:18:08,837

Suggest that ancient China was a place where pyramid building was rampant.

137

00:18:09,838 --> 00:18:28,847

It was always known that there were pyramids in China, but only in the last decades Chinese archaeologists start to publish books about these pyramids. They are all related to the original rulers.

138

00:18:29,848 --> 00:18:44,856

Ancient astronaut theorists contend not only that the formations found in Xi'an are pyramids, but also that another structure discovered here points to a connection to the heavens.

139

00:18:45,856 --> 00:19:00,864

In the summer of 1999, the oldest known altar used in Chinese state religious practice was unearthed in Xi'an by the Chinese Academy of Social Sciences.

140

00:19:01,864 --> 00:19:13,870

It is estimated that 17 Chinese emperors conducted religious rites at the so-called altar of heaven that dates back to at least 581 AD.

141

00:19:14,871 --> 00:19:23,875

All the Chinese kings communicated with the exatevastials, the gods from heaven, on a so-called altar of heaven.

142

00:19:24,876 --> 00:19:35,881

But the same stone structure with different ring about the main altar we find in Peru over the city of Saxa Jormans.

143

00:19:36,882 --> 00:19:43,885

And the rulers of the Inca were of course again the descendants from heaven, like in China.

144

00:19:44,886 --> 00:19:53,890

It's incredibly unique that you have Mayok, Marka and Peru and the altar of heaven in China coming from two very different cultures, two different time periods.

145

00:19:53,890 --> 00:20:01,894

That you have so many unique similarities between these two structures and they're both used for communication with the gods.

146

00:20:01,894 --> 00:20:10,899

Could that suggest that these ancient cultures were trying to worship and venerate the same extraterrestrial gods that may have visited this planet in ancient times?

147

00:20:11,899 --> 00:20:22,905

Is it possible that the mysterious structures found in and around the city of Xi'an, China were used by ancient rulers to connect with other worldly beings?

148

00:20:22,905 --> 00:20:40,914

Ancient astronaut theorists suggest that another, even more mysterious pyramid can be found roughly 500 miles west of Xi'an, in the province of Qinghai, atop Mount Baigong.

149

00:20:41,914 --> 00:20:56,922

In 2003, a team of Chinese scientists went to Tibet and investigated the infamous Mount Baigong, which has, as they discovered, a 200 foot tall pyramid at the top of the mountain.

150

00:20:57,923 --> 00:21:10,929

There was a system of caves inside that had triangular faces at the openings of the caves on three areas and they found a variety of rusty pieces that were around the pyramid.

151

00:21:11,930 --> 00:21:26,937

When you go to Mount Baigong, appears to be an artificial pyramid with three triangular entrances going inside this mountain pyramid and inside are all of these metallic pipes.

152

00:21:26,937 --> 00:21:36,942

The floor of these caves are littered with metallic parts. It's like this was some kind of base.

153

00:21:37,943 --> 00:21:56,952

According to ancient astronaut theory, the reason that pyramids are found all over the world, from

Egypt to Peru to Mexico, is because our ancestors were taught to build these structures by extraterrestrial visitors.

154

00:21:57,953 --> 00:22:11,960

If the mysterious pipe-shaped objects found at Mount Baigong were artificially manufactured with advanced technology, could this be definitive proof of alien intervention in the distant past?

155

00:22:12,960 --> 00:22:19,964

In Chinese mythology, the Kunlun Mountain was said to be the center of the Earth.

156

00:22:19,964 --> 00:22:30,969

And it was supposedly a huge pillar of jade and jasper and precious gems that reached up into the sky.

157

00:22:31,970 --> 00:22:41,975

Mount Kunlun is a mythical mountain that is an axis mundi, which is a central pillar around which the entire universe revolves.

158

00:22:41,975 --> 00:22:53,981

This is a connector between Earth and the rest of the universe. It's where celestial beings can communicate with earthly beings.

159

00:22:54,982 --> 00:23:09,989

You have to wonder if Mount Baigong is not this mythical Kunlun mountain that was some kind of extraterrestrial base that spanned Earth and the stars.

160

00:23:12,991 --> 00:23:22,996

Could it be that extraterrestrials visited China thousands of years ago and left behind remnants from an ancient base?

161

00:23:23,996 --> 00:23:35,002

Ancient astronaut theorists suggest China's biggest secrets may not be on top of its greatest peaks, but beneath its darkest depths.

162

00:23:37,003 --> 00:23:43,006

Coming up, he discovered an underwater city, dwellings at the bottom of a lake.

163

00:23:43,006 --> 00:23:49,009

Did some kind of advanced civilization exist beneath Fuxian Lake?

164

00:23:55,012 --> 00:24:01,015

Fuxian Lake, Yunnan Province, China, 1992.

165

00:24:02,015 --> 00:24:10,019

Expert diver, Geng Wei, descends into this remote lake and discovers a surprising phenomenon.

166

00:24:12,020 --> 00:24:17,023

The bottom is littered with hand-carved flagstones and other stone relics.

167

00:24:18,023 --> 00:24:33,031

The mysterious stones lie scattered on the bottom of China's second deepest freshwater lake, which covers an area of 100 square miles, with a depth of 509 feet.

168

00:24:34,031 --> 00:24:48,038

What he saw was quite extraordinary, hand-dressed flagstones, roads, buildings, and it's as if he discovered an underwater city.

169

00:24:49,039 --> 00:25:01,045

The clearest evidence of dwellings at the bottom of a lake, it was built when there wasn't a lake, and that would mean that we're talking about a time before the last Ice Age,

170

00:25:01,045 --> 00:25:08,049

which would bring the story of Fuxian Lake way more into the remote past than what we're being told.

171

00:25:10,050 --> 00:25:28,059

Geng Wei made over 35 dives in Fuxian Lake, and they even took a submarine down into this lake to find stairs and more of these flagstones and walls beneath this lake.

172

00:25:29,059 --> 00:25:37,063

So you have to wonder, did some kind of advanced civilization exist at one time beneath Fuxian Lake?

173

00:25:41,065 --> 00:25:53,071

In 2001, archeologists from the Yunnan Provincial Museum used advanced sonar scanners and cameras to conduct the monumental task of survey Fuxian Lake.

174

00:25:54,072 --> 00:26:07,078

The evidence collected convinced Chinese archeologists they had discovered structures of an advanced civilization, including an arena type building and pyramids.

175

00:26:09,079 --> 00:26:18,084

This mysterious sunken city covers more than one square mile, but the questions remain, who built it and why?

176

00:26:19,084 --> 00:26:33,091

The pyramid itself is very unusual, and it is said that the pyramid is as old as the Egyptian pyramids are, and maybe even higher than some of them. It's an incredible discovery.

177

00:26:34,092 --> 00:26:53,101

Ancient Chinese records speak of a city in the area of Fuxian Lake called Yu-Yuan. However, studies of the underwater structures at Fuxian Lake show that it's actually much older than this Yu-Yuan city.

178

00:26:54,102 --> 00:27:01,106

Could this be the remains of some ancient and advanced society that was destroyed in the Great Flood?

179

00:27:03,107 --> 00:27:09,110

Is it possible that an extraterrestrial base is located deep underwater?

180

00:27:12,111 --> 00:27:24,117

Ancient astronaut theorists say yes, and suggest USOs or unidentified submersible objects have been well chronicled in ancient Chinese texts.

181

00:27:25,118 --> 00:27:40,125

According to Cheng Yang Fuzi, a book written during the reign of Emperor Duowuang in the Qing Dynasty, a horse-like monster lived in the lake. The animal was described as being white with red spots on its back.

182

00:27:41,126 --> 00:27:56,133

More intriguingly, it was a creature that could actually take to the skies. This suggests it may

have been part USO, part UFO. That's to say, an underwater submersible object and also an unidentified flying object.

183

00:27:58,134 --> 00:28:02,136

October 24th, 1991.

184

00:28:03,137 --> 00:28:15,143

A local fisherman named Zhang Yu-Xiong was fishing on Fuxian Lake during a clear and tranquil day when a dense fog suddenly rolled across the vast body of water.

185

00:28:16,143 --> 00:28:34,152

In 1991, Zhang Yu-Xiong, a fisherman, was at Fuxian Lake when he encountered a UFO. Now this strange craft actually emerged from the waters of the lake. He described it as a shining disk.

186

00:28:35,153 --> 00:28:47,159

This UFO was so close and so powerful that it actually tossed the boat around. And then rapidly this craft just disappeared up into the sky.

187

00:28:48,159 --> 00:28:55,163

Lake Fuxian is clearly an area where there have been many strange events over the years.

188

00:28:56,163 --> 00:29:09,170

Could the flying dragon that carried the Yellow Emperor described in ancient Chinese tales and the USO, witnessed by Zhang Yu-Xiong, be the same alien craft?

189

00:29:10,171 --> 00:29:17,174

And if so, is it possible that an extraterrestrial base exists at the bottom of Fuxian Lake?

190

00:29:17,174 --> 00:29:33,182

Ancient astronaut theorists say yes and claim strange sightings in China have become so numerous that soon the government will no longer be able to hide the truth.

191

00:29:47,189 --> 00:30:10,201

Fuxian, China, October 7, 2015. Above this sprawling metropolis, thousands of shocked residents witness an astonishing spectacle. A city hovering in the clouds.

192

00:30:11,201 --> 00:30:29,210

The apparition of a cityscape is unmistakable and remains in the sky for several minutes, long enough to be captured on video, which is broadcast on Chinese television and subsequently disseminated on social media across the globe.

193

00:30:31,211 --> 00:30:39,215

Numerous people reported seeing what looked like skyscraper type buildings in the clouds, high in the sky.

194

00:30:40,216 --> 00:30:43,217

It was an amazing spectacle. There's just no other way to describe it.

195

00:30:46,219 --> 00:31:00,226

While Chinese officials denounced the phenomenon as an elaborate hoax, to date no one has been able to prove that the footage is not authentic and the video is backed up by the reports of numerous eyewitnesses.

196

00:31:01,226 --> 00:31:10,231

But some argue that even if the footage is genuine, it can be explained by an optical illusion known as Fata Morgana.

197

00:31:10,231 --> 00:31:18,235

There's one theory about what this could have been, is something known as a Fata Morgana. And that's an illusion type of effect.

198

00:31:18,235 --> 00:31:28,240

Think of a mirage in which you're seeing something close to the horizon and it'll give an effect of something that's not there. It's an atmospheric illusion.

199

00:31:29,241 --> 00:31:38,245

The reason that I don't think that this is a Fata Morgana effect is because this is way too high up to be one.

200

00:31:39,246 --> 00:31:48,250

Using the idea that this is some type of inversion layer to somehow broadcast or enhance the idea of a cityscape in the sky just doesn't hold up.

201

00:31:49,251 --> 00:31:56,254

So what there could in fact have been some type of a large mothership or some craft in the sky, this isn't new.

202

00:31:58,255 --> 00:32:09,261

Now just a few days later, over 800 miles away we had another sighting of this exact same phenomenon. So it stands to reason that there was some type of physical presence in the sky.

203

00:32:10,261 --> 00:32:19,266

If we assume that the vision of a floating city in the sky that was seen in Foshan by thousands of people was just some kind of optical illusion,

204

00:32:19,266 --> 00:32:23,268

I find it highly coincidental that the same vision is seen hundreds of miles away.

205

00:32:23,268 --> 00:32:29,271

A few days later another city called Zhang Jing also witnessed by thousands of people.

206

00:32:31,272 --> 00:32:39,276

Could thousands of people across China have really witnessed some type of alien base or mothership floating in the sky?

207

00:32:42,277 --> 00:32:47,280

And if so, might it be evidence of extraterrestrials making their presence known?

208

00:32:48,280 --> 00:32:57,285

Ancient astronaut theorists suggest there have been many more cases of alien entities appearing in the skies above China.

209

00:32:58,285 --> 00:33:01,287

Cases that the government could not ignore.

210

00:33:04,288 --> 00:33:10,291

Zhijian Province, China. July 7th, 2010.

211

00:33:11,292 --> 00:33:24,299

Just after 8.40pm, the Heng Xiaoxiao Shan International Airport, which serves over 70,000 passengers a day, is suddenly shut down.

212

00:33:25,299 --> 00:33:31,302

All outbound flights are grounded and inbound flights are diverted to nearby airports.

213

00:33:32,303 --> 00:33:41,307

The cause of the shutdown was an unidentified flying object seen streaking across the night sky by a flight crew preparing for descent.

214

00:33:43,308 --> 00:33:51,312

Xiaoxiao Shan Airport is one of the largest in China. And that's very important. It's a very busy airport.

215

00:33:52,313 --> 00:34:00,317

What happened on July 7th is that a pilot from an incoming passenger airplane noticed something very unusual coming towards him.

216

00:34:01,317 --> 00:34:05,319

He notified the ground crew and the airport was shut down.

217

00:34:07,320 --> 00:34:12,323

Because a comet-like object was basically speeding towards the airport.

218

00:34:14,324 --> 00:34:18,326

There was a trail behind it. It was a glowing oval-shaped object.

219

00:34:20,327 --> 00:34:26,330

The object was also witnessed and photographed by numerous Heng Xiaos residents.

220

00:34:27,330 --> 00:34:32,333

When the UFO was seen, all hell broke loose. Flights were diverted.

221

00:34:33,333 --> 00:34:38,336

The military was contacted to see if they were test-flying anything in the area which they weren't.

222

00:34:39,336 --> 00:34:52,343

This is the third such incident in five years in China where the presence of a UFO is either shut down an airport or cause havoc and amazement amongst the populace.

223

00:34:52,343 --> 00:34:56,345

And it's clearly something that the Chinese government want to shut down and play down.

224

00:34:57,345 --> 00:35:03,348

It could also be due to the fact that the Chinese have realized they're not in control of airspace, somebody else's.

225

00:35:06,350 --> 00:35:13,353

The Xiaoxiao Shan event is only one of the events of this kind. The same thing happened in Guizhou province.

226

00:35:13,353 --> 00:35:27,361

At that time, the pilots were instructed to avoid the UFO, ground their aircraft and return to the air after the event, which can provide evidence of the existence of the UFO phenomenon.

227

00:35:31,363 --> 00:35:36,365

While many in the United States view the UFO phenomenon as distinctly American,

228

00:35:37,366 --> 00:35:46,370

recent surveys have shown that roughly half of the 1.4 billion Chinese people believe in UFOs and extraterrestrial life.

229

00:35:48,371 --> 00:35:55,375

An ancient astronaut theorist suggests that despite the Chinese government's dismissal of recent UFO events,

230

00:35:56,375 --> 00:36:02,378

it now appears they too are taking an interest in otherworldly phenomena.

231

00:36:03,379 --> 00:36:10,382

It's incredibly popular in China to be a member of a UFO community that's trying to make contact with extraterrestrial beings.

232

00:36:11,383 --> 00:36:16,385

The Chinese government is closely monitoring this and in fact they're financing some of these research groups.

233

00:36:18,386 --> 00:36:26,390

So one wonders, is Chinese government starting to view our contact with extraterrestrial beings as something simply too strong to deny?

234

00:36:27,391 --> 00:36:36,395

Could recent events be forcing the Chinese government to take a greater interest in examining possible extraterrestrial encounters?

235

00:36:37,396 --> 00:36:41,398

Encounters that they have secretly known about for years.

236

00:36:42,398 --> 00:36:51,403

Ancient astronaut theorists say yes and suggest that China's effort to manufacture the world's largest radio telescope

237

00:36:51,403 --> 00:36:56,405

is an explicit mission towards the search for alien life.

238

00:37:04,409 --> 00:37:08,411

Guizhou Province, China, 2011.

239

00:37:11,413 --> 00:37:16,415

Construction commences on a massive engineering and scientific endeavor.

240

00:37:17,416 --> 00:37:22,419

A 500 meter telescope, also known as FAST.

241

00:37:23,419 --> 00:37:28,422

Non-rendaun, chief scientist of the FAST project states,

242

00:37:29,422 --> 00:37:36,426

a radio telescope is like a sensitive ear, separating radio messages from white noise in the universe.

243

00:37:38,427 --> 00:37:44,430

The Chinese government is currently constructing what will be the largest radio telescope anywhere in the world.

244

00:37:45,430 --> 00:37:53,434

The reflector dish will be 500 meters in diameter and this will dwarf any other comparable facility.

245

00:37:54,435 --> 00:38:01,438

It will be the best piece of equipment for 20 or 30 years when it comes to radio astronomy.

246

00:38:02,439 --> 00:38:15,445

Ancient astronaut theorists point to the construction of this behemoth telescope as proof that China is deeply interested in extraterrestrials.

247

00:38:17,446 --> 00:38:27,451

Do they know there are aliens out there? Are they trying to get absolute, verifiable proof positive and be the first nation to disclose?

248

00:38:28,452 --> 00:38:37,456

The Chinese government was very clear in stating that this dish was built specifically for the search for extraterrestrial intelligence.

249

00:38:38,457 --> 00:38:43,459

So then the question arises, are they merely following up on their history?

250

00:38:44,460 --> 00:38:52,464

Because China, as with every other ancient culture, was visited by extraterrestrials.

251

00:38:52,464 --> 00:38:57,466

What is their interest in exploring deep space?

252

00:39:00,468 --> 00:39:14,475

The telescope was completed in July of 2016 and is regarded as a giant leap forward with unprecedented precision that will allow the Chinese government to survey not only the Milky Way,

253

00:39:15,475 --> 00:39:19,477

but also distant galaxies for radio signals and signs of life.

254

00:39:20,478 --> 00:39:31,484

While many other nations are currently designing or constructing advanced radio telescopes, none will surpass the size and capability of the fast telescope.

255

00:39:32,484 --> 00:39:38,487

Wu Xiangping, director general of the Chinese Astronomical Society, declared,

256

00:39:39,488 --> 00:39:47,492

it will help us to search for intelligent life outside the galaxy and explore the origins of the universe.

257

00:39:48,492 --> 00:39:56,496

Out there somewhere might civilizations be posting scientific and technical information that they've discovered,

258

00:39:57,497 --> 00:40:04,500

and the first nation to download this information will have a huge advantage.

259

00:40:05,501 --> 00:40:08,502

They'll be the dominant force on this planet for the foreseeable future.

260

00:40:09,503 --> 00:40:12,504

Do the Chinese want to be first? Do they know it's out there?

261

00:40:12,504 --> 00:40:17,507

And is this radio telescope an attempt to go and get that information?

262

00:40:20,508 --> 00:40:26,511

I think it's good and encouraging that our country is constructing such a huge telescope.

263

00:40:27,512 --> 00:40:31,514

It will help to find aliens and alien civilization.

264

00:40:31,514 --> 00:40:41,519

For thousands of years, Chinese people have collected reports about UFO encounters and have recorded them.

265

00:40:42,519 --> 00:40:50,523

And those who studied are amazed at the accuracy and just the sheer wealth of the UFO information coming from China.

266

00:40:51,524 --> 00:40:52,524

And I hope this will continue.

267

00:40:53,525 --> 00:41:02,529

As China slowly opens its doors, is it possible that we'll encounter that the stories of the Yellow Emperor are in fact true?

268

00:41:03,530 --> 00:41:09,533

That they were visited by extraterrestrial beings in the remote past? Only time will tell.

269

00:41:11,534 --> 00:41:16,536

Could it be that China is building the world's largest radio telescope?

270

00:41:16,536 --> 00:41:28,542

Not in hopes of finding proof of alien life in the universe, but in order to welcome new messages from extraterrestrials that have been visiting China for thousands of years.

271

00:41:30,543 --> 00:41:42,550

And could stories of flying dragons, Yellow Embrers, and the existence of strange secret pyramids be the proof that ancient astronaut theorists have been looking for?

272

00:41:42,550 --> 00:41:55,556

One thing is certain. The evidence of extraterrestrial contact is mounting and the ultimate close encounter could soon happen right before our eyes.
