

1

00:00:00,000 --> 00:00:07,440

Russia may be one of the areas on this planet that has been laden with incredible amounts

2

00:00:07,440 --> 00:00:11,940

of UFO activity since the beginning of time.

3

00:00:11,940 --> 00:00:16,440

These flying machines were seen all over the Soviet Union.

4

00:00:16,440 --> 00:00:19,960

The Soviets knew something about UFOs.

5

00:00:19,960 --> 00:00:22,440

They had secrets.

6

00:00:22,440 --> 00:00:27,320

The Soviets, having their possession no less than the remains of five trashed and recovered

7

00:00:27,320 --> 00:00:28,320

UFOs.

8

00:00:29,280 --> 00:00:35,760

There is undeniable evidence that Russia is sitting on a virtual treasure trove of information

9

00:00:35,760 --> 00:00:41,040

that proves that extraterrestrials visited Earth in our distant past.

10

00:00:41,040 --> 00:00:48,960

Since the dawn of civilization, mankind has credited its origins to gods and other visitors

11

00:00:48,960 --> 00:00:50,680

from the stars.

12

00:00:50,680 --> 00:00:53,680

What if it were true?

13

00:00:53,680 --> 00:00:59,640

Great extraterrestrial beings really helped to shape our history.

14

00:00:59,640 --> 00:01:06,640

And if so, might the ultimate proof be found in Russia's secret files?

15

00:01:23,680 --> 00:01:43,160

Moscow, Russia, December 25, 1991.

16

00:01:43,160 --> 00:01:51,160

At 7 p.m., Soviet President Mikhail Gorbachev makes a nationally televised address to announce

17

00:01:51,160 --> 00:01:53,160

his resignation.

18

00:01:53,160 --> 00:02:00,600

I hereby discontinue my activities at the post of President of the USSR.

19

00:02:00,600 --> 00:02:07,160

Moments later, the Soviet flag is lowered from the Kremlin for the final time.

20

00:02:07,160 --> 00:02:15,840

One of the world's two superpowers has fallen.

21

00:02:15,840 --> 00:02:25,920

From 1922 to 1991, Russia was under the restrictive regime of the Union of Soviet Socialist Republics,

22

00:02:25,920 --> 00:02:30,960

which ruled over much of Northern Asia and Eastern Europe.

23

00:02:30,960 --> 00:02:44,920

The Soviet government was known for its brutality, oppression, and culture of absolute secrecy.

24

00:02:44,920 --> 00:02:51,200

It was very much a case of everything that happens within government, stays within government,

25

00:02:51,200 --> 00:02:57,880

and the consequences were lethal.

26

00:02:57,880 --> 00:03:05,680

This was a closed, highly secretive society that kept secrets not just, of course, from

27

00:03:05,680 --> 00:03:10,160

us in the West, but from its own people.

28

00:03:10,160 --> 00:03:15,440

One of the challenges of defending this vast land mass in Russia is that its borders are

29

00:03:15,440 --> 00:03:19,840

very insecure at all points.

30

00:03:19,840 --> 00:03:25,160

So in order to conquer space, it has an obsession with national security.

31

00:03:25,160 --> 00:03:29,620

Secrecy has become embedded within the political culture, and also many people in Russia agree

32

00:03:29,620 --> 00:03:35,120

with the idea that most things should be kept a secret.

33

00:03:35,120 --> 00:03:42,480

When the Soviet Union was dissolved, so too was its main security agency, the KGB.

34

00:03:42,480 --> 00:03:49,280

The top secret KGB files were suddenly vulnerable, with many in the hands of former agents ready

35

00:03:49,280 --> 00:03:52,920

to sell them to the highest bidders.

36

00:03:52,920 --> 00:03:58,600

Thousands more were smuggled out by Vasili Mitrokhin, who worked in the KGB's Foreign

37

00:03:58,600 --> 00:04:04,640

Intelligence Archive from 1972 to 1984.

38

00:04:04,640 --> 00:04:09,920

The documents that have been leaked include KGB information on secret Russian weapons

39

00:04:09,920 --> 00:04:15,720

caches, Russian spies, and even UFO reports.

40

00:04:15,720 --> 00:04:20,000

The Soviet Union had a large number of UFO encounters.

41

00:04:20,000 --> 00:04:25,960

Western researchers had really no knowledge of what was going on behind the iron curtain.

42

00:04:25,960 --> 00:04:32,320

We now know that there were thousands and thousands of Soviet UFO cases that were taking

43

00:04:32,320 --> 00:04:33,640

place during that time.

44

00:04:33,640 --> 00:04:38,720

A number of records did indeed come out, and we now have access to them.

45

00:04:38,720 --> 00:04:44,600

Could the definitive evidence of extraterrestrial contact lie hidden within the secret KGB

46

00:04:44,600 --> 00:04:49,200

files that are just now coming to light?

47

00:04:49,200 --> 00:04:56,240

Ancient astronaut theorists say yes, and suggest recent findings reveal the Soviets were not

48

00:04:56,240 --> 00:05:03,320

only covering up modern UFO reports, but also proof that aliens visited Earth in the distant

49

00:05:03,320 --> 00:05:04,800

past.

50

00:05:04,800 --> 00:05:13,920

Leningrad, Russia, December 1, 1934.

51

00:05:13,920 --> 00:05:20,520

Sergei Kiroff, a Communist Party leader and rival to fellow Party leader Joseph Stalin,

52

00:05:20,520 --> 00:05:24,240

is murdered.

53

00:05:24,240 --> 00:05:29,640

The assassination marks the beginning of the darkest period in the history of the Soviet

54

00:05:29,640 --> 00:05:35,480

Union, the Great Purges.

55

00:05:35,480 --> 00:05:42,480

With Kiroff gone, Stalin's power grew, and he unleashed a widespread campaign of ruthless

56

00:05:42,480 --> 00:05:55,560

political persecution meant to weed out dissenters and consolidate his absolute authority.

57

00:05:55,560 --> 00:06:01,720

Among the millions who were arrested and interrogated during this period was respected Russian scientist

58

00:06:01,720 --> 00:06:07,680

and philosopher Dr. Henrik Ludwig.

59

00:06:07,680 --> 00:06:09,280

An incredible human being.

60

00:06:09,280 --> 00:06:14,160

This was a person who could speak 20 ancient and modern languages.

61

00:06:14,160 --> 00:06:17,920

He had incredible encyclopedic knowledge.

62

00:06:18,880 --> 00:06:26,200

Dr. Ludwig was accused of being a spy for the Vatican and spent decades in one of Stalin's

63

00:06:26,200 --> 00:06:30,280

brutal gulag labor camps.

64

00:06:30,280 --> 00:06:37,560

But in 2011, 38 years after his death, an article in the Russian newspaper, Sovrshina

65

00:06:37,560 --> 00:06:44,520

Sokretna, or Top Secret, revealed the true purpose of Ludwig's work at the Vatican and

66

00:06:44,560 --> 00:06:49,320

possibly also for his arrest.

67

00:06:49,320 --> 00:06:55,040

The reason he was accused of being a spy for the Vatican is because in 1920s, as a young

68

00:06:55,040 --> 00:07:04,880

student of architecture, he visited the Vatican, where he was given access to the secret library.

69

00:07:04,880 --> 00:07:12,480

In that library he found manuscripts that describe extraterrestrial civilizations and more.

70

00:07:12,560 --> 00:07:19,080

Dr. Henrik Ludwig discovered a number of manuscripts suggesting that there had been historic

71

00:07:19,080 --> 00:07:31,080

extraterrestrial contact with ancient civilizations in Egypt, Israel, and Mesopotamia.

72

00:07:31,080 --> 00:07:37,600

These manuscripts that talked, for example, about the pyramids and described them as energy

73

00:07:37,600 --> 00:07:42,280

machines.

74

00:07:42,280 --> 00:07:48,080

When he went back to the Soviet Union, they treated him very poorly, when in fact he was

75

00:07:48,080 --> 00:07:57,120

perhaps the greatest of all the early researchers into the whole concept of ancient aliens coming

76

00:07:57,120 --> 00:08:02,240

to our planet.

77

00:08:02,240 --> 00:08:08,280

Might Dr. Ludwig have really discovered ancient manuscripts within the Vatican that describe

78

00:08:08,280 --> 00:08:11,680

extraterrestrials visiting Earth?

79

00:08:12,080 --> 00:08:20,080

Did the Russian government accuse him of espionage in an attempt to suppress his controversial findings?

80

00:08:20,080 --> 00:08:27,080

Ancient astronaut theorists say yes, and claim Ludwig was not the only one silenced by the

81

00:08:27,080 --> 00:08:32,680

Soviet government for his research.

82

00:08:32,680 --> 00:08:39,160

When Vladimir Lenin seized power in 1917, he established the first state to seek the

83

00:08:39,160 --> 00:08:42,240

elimination of religion.

84

00:08:42,240 --> 00:08:48,360

The Communist regime also actively suppressed a philosophy that had become widespread throughout

85

00:08:48,360 --> 00:08:52,840

Russia in the early 20th century.

86

00:08:52,840 --> 00:08:56,720

Cosmism.

87

00:08:56,720 --> 00:09:02,960

There is a Russian tradition beginning in the late 1800s called Cosmism.

88

00:09:02,960 --> 00:09:08,640

The Cosmists began with a philosopher, a guy named Nikolai Fyodorov, in the 1870s and

89

00:09:08,640 --> 00:09:14,200

1880s who inspired the father of Soviet rocketry, who actually designed the rockets that put

90

00:09:14,200 --> 00:09:16,280

the first man into space.

91

00:09:16,280 --> 00:09:23,160

And they believed that human civilization actually had origins in outer space.

92

00:09:23,160 --> 00:09:27,840

And that it was our destiny as human beings to move back into space and we would go back

93

00:09:27,840 --> 00:09:30,560

into the cradle of civilization.

94

00:09:31,480 --> 00:09:37,320

After Joseph Stalin died, many of those individuals that were exploring the idea of ancient paleo

95

00:09:37,320 --> 00:09:43,880

contacts with aliens were allowed to voice their opinions publicly.

96

00:09:43,880 --> 00:09:52,080

In 1961, Russian physicist and mathematician, Matast Agrest, published a controversial paper

97

00:09:52,080 --> 00:09:59,640

proposing that extraterrestrials had visited Earth's ancient civilizations.

98

00:09:59,640 --> 00:10:08,120

Their theories were also offered by author Alexander Kazantsev and astronomer Yosef Shlovsky.

99

00:10:08,120 --> 00:10:13,360

But while these researchers did not suffer the same persecution as those that came before

100

00:10:13,360 --> 00:10:20,200

them, they claimed that the Soviet government worked to suppress their theories.

101

00:10:20,200 --> 00:10:27,640

The idea that they were of Soviet astronomers who were seriously studying these topics and

102

00:10:27,640 --> 00:10:35,040

ideas leads me to think that we're the ones who are onto something and we are now able

103

00:10:35,040 --> 00:10:44,440

to access information that for so many years has remained censored.

104

00:10:44,440 --> 00:10:50,840

Is it possible that the truth about extraterrestrial contact was hidden behind the iron curtain

105

00:10:50,840 --> 00:10:55,400

of the former Soviet Union?

106

00:10:55,400 --> 00:11:01,880

Perhaps further clues can be found by examining a mysterious site that may hold proof of an

107

00:11:01,880 --> 00:11:05,080

ancient extraterrestrial visitation.

108

00:11:25,400 --> 00:11:27,400

Russia.

109

00:11:29,400 --> 00:11:37,400

Spanning a staggering 6.6 million square miles, it is the largest country on Earth.

110

00:11:37,400 --> 00:11:46,120

Its massive territory is also the most geographically diverse, consisting of some of the most

extreme

111

00:11:46,120 --> 00:11:58,840

terrain on the planet, including dense forests, frozen tundra, remote mountains, and barren

112

00:11:58,840 --> 00:12:01,720

deserts.

113

00:12:01,720 --> 00:12:10,120

Despite its physical size, as much as 50% of Russia remains uninhabited and largely unexplored

114

00:12:10,120 --> 00:12:14,680

by mankind.

115

00:12:15,240 --> 00:12:20,360

Russia is almost twice the size of the United States.

116

00:12:20,360 --> 00:12:26,160

Just to compare, the United States expands over four time zones, while Russia expands

117

00:12:26,160 --> 00:12:29,400

over 11 time zones.

118

00:12:29,400 --> 00:12:36,200

The size of Russia, its harsh climate, especially in the northern parts of Russia, makes it

119

00:12:36,200 --> 00:12:43,040

very difficult to explore.

120

00:12:43,040 --> 00:12:49,280

One of Russia's most mysterious areas is a valley just north of Kazakhstan, where in

121

00:12:49,280 --> 00:12:56,240

1987, archaeologists from the University of Chelyabinsk discovered the remains of an ancient

122

00:12:56,240 --> 00:13:04,640

settlement, which they were able to date back to between the 17th and 20th centuries BC.

123

00:13:04,640 --> 00:13:11,080

Much of the original structures of this megalithic site, known as Arkhaim, no longer exist, but

124

00:13:11,120 --> 00:13:17,840

scientists have mapped out its original design, which includes massive circular walls similar

125

00:13:17,840 --> 00:13:22,840

to Stonehenge.

126

00:13:22,840 --> 00:13:25,440

So Arkhaim has been described as Russia's Stonehenge.

127

00:13:25,440 --> 00:13:30,400

Now this is quite intriguing because it's a very similar latitude to Stonehenge.

128

00:13:30,400 --> 00:13:34,960

So it's been suggested that it could have been put there for astronomical and surveying

129

00:13:34,960 --> 00:13:38,480

purposes.

130

00:13:38,480 --> 00:13:44,000

It seems that Arkhaim at some point was some type of an observatory, which I think is incredibly

131

00:13:44,000 --> 00:13:50,600

fascinating because it means that worldwide our ancestors witnessed other things that

132

00:13:50,600 --> 00:13:57,720

would explain this long-held fascination with the stars.

133

00:13:57,720 --> 00:14:01,520

The way the city was built was a circular structure.

134

00:14:01,520 --> 00:14:05,640

It had a very interesting central square.

135

00:14:05,800 --> 00:14:11,720

Incredibly, it was an interior circle surrounded by a circle, which to many means the Mandala

136

00:14:11,720 --> 00:14:22,720

principle of the Buddhism, or depiction of the universe in a very miniaturized way.

137

00:14:22,720 --> 00:14:31,920

Incredibly, archaeologists have found that Arkhaim was built with features aligned to

138

00:14:31,920 --> 00:14:40,400

measure as many as 18 astronomical events, such as the Solstices and equinoxes, and discovered

139

00:14:40,400 --> 00:14:48,160

among the ruins was an ancient statue of a man looking up to the sky.

140

00:14:48,160 --> 00:14:53,960

Adding to the mystery are reports of strange anomalies in the region that continue to this

141

00:14:53,960 --> 00:15:10,960

day, which include magnetic inconsistencies, strange lights, and curious fog formations.

142

00:15:10,960 --> 00:15:17,320

When you consider the strange lights, the weird fog, the magnetic anomalies, the unusual

143

00:15:17,320 --> 00:15:21,840

hallucinations and things that have happened to people there, it appears that this is some

144

00:15:21,840 --> 00:15:30,000

sort of energy node or vortex point on the earth that was actually utilized by extraterrestrials

145

00:15:30,000 --> 00:15:32,920

when this was constructed.

146

00:15:32,920 --> 00:15:39,440

If you actually look at the shape of Arkhaim, it could have been the platform for a spacecraft

147

00:15:39,440 --> 00:15:47,360

like a rocket to launch off from.

148

00:15:47,360 --> 00:15:53,040

But Arkhaim really have been the site of an extraterrestrial visitation thousands of

149

00:15:53,040 --> 00:15:55,320

years ago.

150

00:15:55,320 --> 00:16:00,920

And might this be why the structures found here were built with such precise astronomical

151

00:16:00,920 --> 00:16:03,960

alignments?

152

00:16:03,960 --> 00:16:10,720

Ancient astronaut theorists say yes and suggest physical evidence of such a visitation might

153

00:16:10,720 --> 00:16:18,920

exist in the nearby Ural Mountains.

154

00:16:18,920 --> 00:16:30,400

Ural Mountains are very old mountains stretching from the Russian North to the Russian South.

155

00:16:30,400 --> 00:16:36,080

It kind of splitting Russian into two parts, Europe and Asia.

156

00:16:36,080 --> 00:16:42,400

But people living in the Ural Mountains witness some strange phenomena in the air and on the

157

00:16:42,400 --> 00:16:44,560

ground.

158

00:16:44,560 --> 00:16:49,840

Dozens of visitors to the Ural Mountains have reported strange sightings of fireballs and

159

00:16:49,840 --> 00:16:52,520

cigar shaped crafts.

160

00:16:52,520 --> 00:16:57,280

But even stranger is what has been found in the earth here.

161

00:16:57,280 --> 00:17:04,520

In 1991, geologists led an expedition into the mineral rich urals in hopes of locating

162

00:17:04,520 --> 00:17:06,800

gold deposits.

163

00:17:06,800 --> 00:17:14,160

While excavating sites near the Kozine-Norada and Balbanu rivers, just 600 miles north of

164

00:17:14,160 --> 00:17:18,600

Arkheim, the scientists discovered something unexpected.

165

00:17:18,600 --> 00:17:31,080

At depths of over 30 feet, they unearthed a scattering of tiny metal coils and springs.

166

00:17:31,080 --> 00:17:36,760

That soil was untouched for hundreds of thousands or more years.

167

00:17:36,760 --> 00:17:42,760

The area where it was found was probably tens of kilometers around.

168

00:17:42,760 --> 00:17:49,200

It's as if something exploded thousands of years ago and the fragments were lying all

169

00:17:49,200 --> 00:17:54,560

over the place.

170

00:17:54,560 --> 00:18:00,800

The metal fragments, some as small as one tenth of an inch, were sent to the Russian Academy

171

00:18:00,800 --> 00:18:05,400

of Sciences in St. Petersburg for analysis.

172

00:18:05,400 --> 00:18:12,560

Their shape resembled manufactured technology rather than naturally occurring minerals.

173

00:18:12,560 --> 00:18:19,280

The smallest pieces were found to be tungsten, a metal used in spacecrafts and missiles due

174

00:18:19,280 --> 00:18:25,560

to its ability to withstand high temperatures.

175

00:18:25,560 --> 00:18:33,520

They are these metal spirals that consist of copper but also tungsten and molybdenum,

176

00:18:33,520 --> 00:18:36,920

which are both very rare metals.

177

00:18:36,920 --> 00:18:39,800

We're looking at nanotechnology.

178

00:18:39,800 --> 00:18:44,400

When you look down at them in a microscope, they're extremely regular in their structure.

179

00:18:44,400 --> 00:18:46,400

They're very nice coils.

180

00:18:46,400 --> 00:18:52,520

The only way we could make them even now is with machine-guided technology.

181

00:18:52,640 --> 00:18:56,040

You could not do this by hand.

182

00:18:56,040 --> 00:19:03,200

What we're seeing here is proof that someone had advanced technology sufficient to build

183

00:19:03,200 --> 00:19:08,800

the type of circuitry that we normally only see in semiconductors.

184

00:19:08,800 --> 00:19:17,080

Computer chips, high technology equipment using metals that are not commonly known.

185

00:19:17,080 --> 00:19:23,720

So these spirals are clear evidence that someone had a very advanced civilization right here

186

00:19:23,720 --> 00:19:30,720

on Earth near Arkahim.

187

00:19:30,720 --> 00:19:35,920

Might extraterrestrials have visited the Ural Mountains in the distant past?

188

00:19:35,920 --> 00:19:42,080

And if so, did they leave behind evidence of advanced technology?

189

00:19:42,080 --> 00:19:47,840

Could they have helped to build the prehistoric observatory of Arkahim, as ancient astronaut

190

00:19:47,840 --> 00:19:50,840

theorists contend?

191

00:19:50,840 --> 00:19:57,040

Perhaps further clues can be found by examining much more recent accounts of otherworldly

192

00:19:57,040 --> 00:20:03,040

visitations.

193

00:20:03,040 --> 00:20:09,360

Coming up, he had collected hundreds of UFO cases.

194

00:20:09,360 --> 00:20:13,720

So the Union would not give it public credence, but we now have very good information that

195

00:20:13,720 --> 00:20:22,720

it was reality.

196

00:20:22,720 --> 00:20:29,120

Moscow, May 17, 1967.

197

00:20:29,120 --> 00:20:35,040

In a secure government building, a meeting is held of scientists dedicated to collecting

198

00:20:35,040 --> 00:20:42,280

comprehensive research on reports of unidentified flying craft.

199

00:20:42,280 --> 00:20:46,480

It is the first official Soviet UFO study group.

200

00:20:46,480 --> 00:20:51,960

And six months later, on November 10, the government gives its approval for the group's

201

00:20:51,960 --> 00:21:00,200

deputy, astronomer Felix Ziegel, to present its findings on Soviet central television.

202

00:21:00,200 --> 00:21:05,960

Felix Ziegel asked the public to contact them with sightings.

203

00:21:05,960 --> 00:21:09,360

Now this was an extraordinary development.

204

00:21:09,360 --> 00:21:16,120

Previously little, if anything, had been made public about official interest in this.

205

00:21:16,120 --> 00:21:21,560

And here you have somebody going on television, talking about it quite openly and inviting

206

00:21:21,560 --> 00:21:23,440

people to send in their sightings.

207

00:21:23,440 --> 00:21:29,200

Well, needless to say, there were a lot of sightings that were then reported, but the

208

00:21:29,200 --> 00:21:37,680

project itself soon was dogged by controversy and dissent.

209

00:21:37,680 --> 00:21:44,360

Shortly after the television broadcast, the government forced the group to be disbanded,

210

00:21:44,360 --> 00:21:51,840

fearful that it might lead to reports surfacing of top secret Soviet military tests.

211

00:21:51,840 --> 00:21:57,960

But Ziegel still managed to collect a huge amount of data, including reports from Russian

212

00:21:57,960 --> 00:22:00,240

pilots.

213

00:22:00,240 --> 00:22:08,400

He was able to publish some of his findings in a 1968 anthology titled *The Inhabited Cosmos*.

214

00:22:08,400 --> 00:22:10,880

I met Felix Ziegel in Moscow.

215

00:22:10,880 --> 00:22:15,520

He had collected hundreds of UFO cases.

216

00:22:15,520 --> 00:22:21,080

He said that these flying objects were seen all over the Soviet Union.

217

00:22:21,080 --> 00:22:25,440

Some of them were small, others large and spherical.

218

00:22:25,440 --> 00:22:32,320

The technology must be extraterrestrial because they reach an incredible speed that no human

219

00:22:32,320 --> 00:22:35,600

would survive.

220

00:22:35,600 --> 00:22:41,040

While publicly, the Soviet government denounced the research of Felix Ziegel.

221

00:22:41,040 --> 00:22:47,560

They did not stop him from continuing his work and even reviewed his findings.

222

00:22:47,560 --> 00:22:53,000

But why?

223

00:22:53,000 --> 00:22:57,960

Russian astronaut theorists suggest that the government may have been aware that there

224

00:22:57,960 --> 00:23:02,880

really was an alien presence in their skies.

225

00:23:02,880 --> 00:23:10,640

And they used Ziegel and other UFO researchers as a way to secretly monitor this activity.

226

00:23:10,640 --> 00:23:16,600

A number of records of surface from the Soviet Air Force and the KGB showing that particularly

227

00:23:16,600 --> 00:23:25,200

in the 50s, 60s and 70s, they took the UFO subject very, very seriously.

228

00:23:25,200 --> 00:23:31,000

Soviet scientists had to come up with incredible ways with which to share their knowledge with

229

00:23:31,000 --> 00:23:33,960

their colleagues in the Western world.

230

00:23:33,960 --> 00:23:42,960

So they essentially hid their messages in code, in letters, in different types of correspondence.

231

00:23:42,960 --> 00:23:49,200

Why would anyone risk going to jail by coding messages to people and scientists outside

232

00:23:49,200 --> 00:23:57,440

the iron curtain if you weren't compelled enough that what you're writing about is the truth?

233

00:23:57,440 --> 00:24:03,640

Throughout the 1960s and most of the 70s, the Soviet government's interest in UFOs

234

00:24:03,640 --> 00:24:05,920

remained unofficial.

235

00:24:06,080 --> 00:24:14,280

That changed after September 20, 1977, when numerous residents of Petrovsk reported seeing

236

00:24:14,280 --> 00:24:20,200

a glowing object floating in the sky above for over five minutes, showering the city

237

00:24:20,200 --> 00:24:22,200

with rays of light.

238

00:24:22,200 --> 00:24:27,840

A copy remains of a lost photograph that was taken of the object.

239

00:24:27,840 --> 00:24:35,160

And astonishingly, similar UFOs were reported all across Russia and Eastern Europe, within

240

00:24:35,200 --> 00:24:39,840

a four-hour window.

241

00:24:39,840 --> 00:24:45,960

On the heels of this mass sighting, the Soviet Union established the Russian Academy of Sciences

242

00:24:45,960 --> 00:24:49,120

UFO Commission.

243

00:24:49,120 --> 00:24:56,320

In 1984, they appointed Major General Pavel Popovich, the eighth man ever to reach space,

244

00:24:56,320 --> 00:24:58,400

to head up this research team.

245

00:24:58,400 --> 00:25:04,840

Pavel Popovich brought forth a lot of the UFO information himself, and he was able to

246

00:25:04,840 --> 00:25:10,600

obtain the KGB UFO files, 124 pages in 1992.

247

00:25:10,600 --> 00:25:15,920

He said that he knew of the existence of three underwater bases, where the extraterrestrials

248

00:25:15,920 --> 00:25:18,440

exist and operate.

249

00:25:18,440 --> 00:25:21,560

This is a man whom we should listen to.

250

00:25:21,560 --> 00:25:29,440

He had two UFO sightings himself, a very significant one in 1978, when he was flying back from

251

00:25:29,440 --> 00:25:32,440

the United States to Russia.

252

00:25:35,440 --> 00:25:43,440

On his window, he saw an absolutely enormous football field size or larger triangular craft

253

00:25:43,440 --> 00:25:45,440

that was moving at a really good clip.

254

00:25:45,440 --> 00:25:49,760

I mean, easily overtook the commercial airliner that he was in.

255

00:25:49,760 --> 00:25:52,640

He wasn't the only one on his plane to see this, by the way.

256

00:25:52,640 --> 00:25:56,280

He talked to a lot of the other people, many of whom were academicians coming back from

257

00:25:56,280 --> 00:26:02,200

a conference, many of whom saw this.

258

00:26:02,560 --> 00:26:10,520

Major General Pavel Popovich really witnessed first-hand an extraterrestrial spacecraft,

259

00:26:10,520 --> 00:26:19,000

and might he also have found evidence in secret KGB files of underwater alien bases?

260

00:26:19,000 --> 00:26:25,600

Ancient astronaut theorists say yes, and suggest even more profound evidence can be found in

261

00:26:25,600 --> 00:26:35,040

a small mountain town in eastern Russia, the remains of a crashed UFO.

262

00:26:35,040 --> 00:26:36,040

Coming up.

263

00:26:36,040 --> 00:26:40,760

What people there saw was this low-flying, very slow object.

264

00:26:40,760 --> 00:26:44,320

It dropped almost like a stone.

265

00:26:44,320 --> 00:26:53,200

It wasn't made on planet Earth.

266

00:26:53,200 --> 00:26:59,760

One of the most decorated test pilots in Russian history is a woman named Marina Popovich,

267

00:26:59,760 --> 00:27:04,800

the wife of astronaut Pavel Popovich.

268

00:27:04,800 --> 00:27:11,200

Marina set over 100 records during her career in the Soviet Air Force, which includes being

269

00:27:11,200 --> 00:27:18,520

the first woman to break the sound barrier.

270

00:27:18,640 --> 00:27:25,160

Like her husband, she too reported on extraterrestrial encounters.

271

00:27:25,160 --> 00:27:33,520

In 2003, Marina published a book disclosing her first-hand experiences with UFOs.

272

00:27:33,520 --> 00:27:39,960

In it, she also referenced thousands of similar UFO sightings by other Soviet military and

273

00:27:39,960 --> 00:27:44,240

civilian pilots.

274

00:27:44,240 --> 00:27:49,720

She told their stories at speaking engagements all over the world, like the story of a fighter

275

00:27:49,720 --> 00:28:12,440

pilot who was asked to fire upon an unidentified disc-shaped craft.

276

00:28:12,560 --> 00:28:16,200

Marina Popovich is one of the most famous aviators in history.

277

00:28:16,200 --> 00:28:18,320

She was in a good position to know what she knew.

278

00:28:18,320 --> 00:28:22,480

She was a very well-connected individual.

279

00:28:22,480 --> 00:28:27,000

She talked about something like 3,000 UFO cases that had occurred in the Soviet Union

280

00:28:27,000 --> 00:28:31,080

over the years, which considering the fact that we knew next to nothing about the history

281

00:28:31,080 --> 00:28:34,440

of Soviet UFOs before that was very significant.

282

00:28:34,440 --> 00:28:39,160

There is particular interest in sightings from pilots.

283

00:28:39,160 --> 00:28:45,240

pilots are able, for example, to judge distances, speeds, heights in a way that maybe the average

284

00:28:45,240 --> 00:28:47,000

person can't.

285

00:28:47,000 --> 00:28:55,800

And Marina Popovich has made a particular effort to collate all these pilot stories.

286

00:28:55,800 --> 00:29:02,160

What's particularly notable about Marina Popovich's comments on the UFO subject is that she stated

287

00:29:02,160 --> 00:29:07,880

that sources have informed her that the Soviets, having their possession no less than the remains

288

00:29:07,960 --> 00:29:13,240

of five crashed and recovered UFOs.

289

00:29:13,240 --> 00:29:21,240

Did both Marina and Popovich, along with scores of other respected Soviet pilots, really encounter

290

00:29:21,240 --> 00:29:23,680

alien crafts?

291

00:29:23,680 --> 00:29:29,440

And if so, might there be even more sightings recorded by the Russian authorities than have

292

00:29:29,440 --> 00:29:36,840

not yet been disclosed to the public?

293

00:29:37,000 --> 00:29:44,280

The Russian Air Force is now in the town of Alnogorsk, Russia, January 29th, 1986.

294

00:29:44,280 --> 00:29:50,840

Just before 8 p.m. in this small mining town in eastern Russia, hundreds of people see

295

00:29:50,840 --> 00:29:57,080

a red glowing sphere moving slowly through the sky above a nearby mountain.

296

00:29:57,080 --> 00:30:05,000

It appeared to slow down before crashing into the hillside.

297

00:30:05,160 --> 00:30:09,800

The sphere flies into the Isbyskovo mountains and burns up.

298

00:30:09,800 --> 00:30:15,800

There is an explosion and people want to find out what happened because I've read eyewitness

299

00:30:15,800 --> 00:30:19,080

accounts, incredible.

300

00:30:19,080 --> 00:30:27,160

Because of the huge number of eyewitnesses, the crash became known as the Russian Roswell.

301

00:30:27,160 --> 00:30:33,160

And like at Roswell, the Russian air force is now in the air.

302

00:30:33,800 --> 00:30:39,640

And like at Roswell, physical evidence was recovered from the site, proving that a crash

303

00:30:39,640 --> 00:30:44,280

of some kind did in fact occur.

304

00:30:44,280 --> 00:30:48,240

Some local people and researchers managed to get to the site.

305

00:30:48,240 --> 00:30:54,960

They find very interesting artifacts, remains.

306

00:30:54,960 --> 00:31:01,520

While officials dismissed the event as a possible meteor crash, microscopic analysis of the debris

307

00:31:01,520 --> 00:31:05,040

yielded unusual results.

308

00:31:05,040 --> 00:31:10,880

The samples contained a complex system of woven metallic fibers.

309

00:31:10,880 --> 00:31:20,160

And the atomic structure of the metal itself appeared to change when exposed to heat.

310

00:31:20,160 --> 00:31:25,760

When they melted the metal and put it to a spectrum analysis, the gold and silver and

311

00:31:25,760 --> 00:31:28,640

other metals were gone.

312

00:31:28,640 --> 00:31:34,080

And instead, there was titanium and molybdenum there.

313

00:31:34,080 --> 00:31:41,280

And so you have here some kind of metals, which apparently are mutating into other metals,

314

00:31:41,280 --> 00:31:45,080

which was very, very unusual.

315

00:31:45,080 --> 00:31:50,520

I think it's part of some kind of machinery, nanotechnology machinery.

316

00:31:50,520 --> 00:31:53,560

It wasn't made on planet Earth.

317

00:31:53,560 --> 00:31:57,520

It was later studied by a number of Soviet scientific institutions.

318

00:31:57,520 --> 00:32:04,800

And some of them said that technology like this does not exist on Earth today.

319

00:32:04,800 --> 00:32:09,560

Subsequent to the Dalnagorce crash, there have been a number of sightings in exactly the

320

00:32:09,560 --> 00:32:11,000

same area.

321

00:32:11,000 --> 00:32:18,400

Some people have even seen an object apparently land on the hillside where the first crash

322

00:32:18,400 --> 00:32:21,320

took place.

323

00:32:21,320 --> 00:32:27,360

Despite the object that crashed at Dalnagorce and was witnessed by hundreds of people, really

324

00:32:27,360 --> 00:32:31,360

have been an alien craft.

325

00:32:31,360 --> 00:32:37,640

Could the physical evidence left behind provide undeniable proof that otherworldly beings

326

00:32:37,640 --> 00:32:45,600

are visiting planet Earth and have been for thousands of years?

327

00:32:45,600 --> 00:32:52,520

Astronaut theorists say yes and believe that Russians have had contact with aliens not

328

00:32:52,520 --> 00:33:02,000

just here on Earth, but even in space.

329

00:33:02,000 --> 00:33:09,880

Coming up, they describe seeing seven angelic beings traveling alongside their spacecraft.

330

00:33:09,880 --> 00:33:12,960

Whatever it was they were witnessing, it was real.

331

00:33:12,960 --> 00:33:21,760

It was out there.

332

00:33:21,760 --> 00:33:50,800

To date, everything has gone according to plan.

333

00:33:50,800 --> 00:33:59,040

But on this day, all three crew members witness an extraordinary event.

334

00:33:59,040 --> 00:34:11,760

In 1984, Soviet cosmonauts onboard Salyut 7 saw a strange orange glow around the spacecraft.

335

00:34:11,760 --> 00:34:16,600

And they saw what they thought at first was maybe a gas leak.

336

00:34:16,600 --> 00:34:22,800

But it seemed that the whole station was surrounded by this orange cloud.

337

00:34:22,800 --> 00:34:32,800

And as they looked at it, the cloud coalesced into a shape.

338

00:34:32,800 --> 00:34:38,160

Suddenly they are all blinded by this orange light.

339

00:34:38,160 --> 00:34:43,720

When they regain their vision, they look out the portals of the spacecraft and they're

340

00:34:43,720 --> 00:34:46,800

astonished by what they see.

341

00:34:46,800 --> 00:34:53,160

They describe seeing seven angelic beings that are traveling alongside their spacecraft

342

00:34:53,160 --> 00:34:59,680

and did so for ten minutes.

343

00:34:59,680 --> 00:35:06,640

The men described huge winged creatures as much as 80 feet tall that appeared to have

344

00:35:06,640 --> 00:35:10,120

glowing halos.

345

00:35:10,120 --> 00:35:16,880

Cosmonauts dismissed the incident as a group hallucination, resulting from oxygen deprivation

346

00:35:16,880 --> 00:35:20,720

and pressure fluctuations.

347

00:35:20,720 --> 00:35:26,080

Later that summer, three more cosmonauts joined the Salyut 7 crew.

348

00:35:26,080 --> 00:35:30,840

All six of them, once again, saw these winged beings.

349

00:35:30,840 --> 00:35:39,800

But how could all of these cosmonauts share one hallucination?

350

00:35:39,800 --> 00:35:45,720

It seems to me that this was not hallucination, that whatever it was they were witnessing,

351

00:35:45,720 --> 00:35:46,720

it was real.

352

00:35:46,720 --> 00:35:48,680

It was out there.

353

00:35:48,680 --> 00:35:58,520

Now angels, aliens, I don't know, but when one looks at the recurrence of winged figures

354

00:35:58,520 --> 00:36:05,520

in human history in terms of religion, in terms of culture, mythology, are we looking

355

00:36:05,520 --> 00:36:07,960

at something real?

356

00:36:07,960 --> 00:36:17,120

Are these angels that we see actually extraterrestrial entities?

357

00:36:17,120 --> 00:36:25,040

Might the winged figure seen by the Salyut 7 crew really have been extraterrestrials?

358

00:36:25,040 --> 00:36:31,760

Ancient astronaut theorists say yes and suggest that similar sightings were secretly reported

359

00:36:31,760 --> 00:36:35,000

by many Russian cosmonauts.

360

00:36:35,000 --> 00:36:40,360

The cosmonauts had a really interesting and challenging dilemma when it came to truth

361

00:36:40,360 --> 00:36:42,040

telling.

362

00:36:42,040 --> 00:36:46,240

Because at the same time that they were the public face of the Soviet space program, there

363

00:36:46,240 --> 00:36:51,680

was the always hidden goal of the Soviet space program, which was to prove intercontinental

364

00:36:51,680 --> 00:36:53,720

ballistic missile capability.

365

00:36:53,720 --> 00:36:59,320

So the cosmonauts were publicly to disguise those parts of the mission that were secret

366

00:36:59,320 --> 00:37:03,120

and involved in national security, making it all that much more interesting when we

367

00:37:03,120 --> 00:37:07,880

tried to assess what they saw when they talked about anomalous things that they supposedly

368

00:37:07,880 --> 00:37:09,360

encountered in space.

369

00:37:09,360 --> 00:37:15,880

You have to understand that many cosmonauts, even if they witnessed something strange in

370

00:37:15,880 --> 00:37:26,920

space, were highly reluctant to openly talk about it because of the concern of being decommissioned

371

00:37:26,920 --> 00:37:29,440

for the reason of insanity.

372

00:37:29,440 --> 00:37:41,120

Indeed, some of the Soviet and Russian cosmonauts did have very strange experience in space.

373

00:37:41,120 --> 00:37:47,280

Could strange encounters reported by Russian cosmonauts, as well as military pilots, be

374

00:37:47,280 --> 00:37:55,760

connected to the artifacts discovered in the Gural Mountains and the Daunagorsk crash site?

375

00:37:55,760 --> 00:38:01,360

What astronaut theorists believe, the answer can be found by examining not just what the

376

00:38:01,360 --> 00:38:14,960

Russian cosmonauts have seen in space, but what they've heard.

377

00:38:14,960 --> 00:38:22,480

Ever since Yuri Gagarin became the first man to reach space in 1961, cosmonauts, along

378

00:38:22,560 --> 00:38:28,120

with other astronauts from around the world, have had visions and experiences in space that

379

00:38:28,120 --> 00:38:31,240

defy explanation.

380

00:38:31,240 --> 00:38:39,200

Perhaps the most curious among these incidents is what has become known as the space whisper.

381

00:38:39,200 --> 00:38:45,760

There's an anonymous cosmonaut, I think he's simply known as cosmonaut X, who allegedly

382

00:38:45,760 --> 00:38:51,800

talked about an experience that he and another cosmonaut had while they were in orbit.

383

00:38:51,800 --> 00:39:02,440

This anonymous cosmonaut said he heard something speaking to him inside his mind.

384

00:39:02,440 --> 00:39:12,160

Both apparently heard this same whispering inside their heads, a kind of telepathic message.

385

00:39:12,160 --> 00:39:20,280

This cosmic whisper said that they were his ancestors from the very distant past.

386

00:39:20,280 --> 00:39:27,760

They told him things about his own family in the Urales that no one would have known.

387

00:39:27,760 --> 00:39:35,160

And they also told him that they should go back to Earth, that Russia was not ready for

388

00:39:35,160 --> 00:39:43,320

what they were attempting to do and in a sense go back home and prepare yourself.

389

00:39:43,320 --> 00:39:46,560

There were more than one cosmonaut.

390

00:39:46,560 --> 00:39:50,520

Some of them knew not to report it because this would eliminate their presence in the

391

00:39:50,520 --> 00:39:51,520

space program.

392

00:39:51,520 --> 00:39:55,680

But they talked among each other when they could and they found out that it was more

393

00:39:55,680 --> 00:40:01,720

than one person and in different spaceships that had been subjected to this.

394

00:40:01,720 --> 00:40:07,360

How could so many Russian cosmonauts have heard the same mysterious whisper while traveling

395

00:40:07,360 --> 00:40:10,000

through space?

396

00:40:10,000 --> 00:40:16,040

And just what was this celestial voice trying to communicate?

397

00:40:16,040 --> 00:40:21,800

When astronaut theorists believe it is another example of extraterrestrial activity that

398

00:40:21,800 --> 00:40:26,240

is only now being disclosed.

399

00:40:26,240 --> 00:40:31,400

With all of the massive secrecy in Russia and all of the things we're just learning,

400

00:40:31,400 --> 00:40:38,240

would seem to be only the tip of the iceberg of the many visitations of extraterrestrials

401

00:40:38,240 --> 00:40:43,080

that have been occurring all over the world.

402

00:40:43,080 --> 00:40:47,600

There is a great wealth of information in the former Soviet Union and when people in

403

00:40:47,600 --> 00:40:55,000

the West find out more and more about events and observations over Russia, they become

404

00:40:55,000 --> 00:40:57,480

amazed.

405

00:40:57,480 --> 00:41:02,640

If we were to get access to some of the Russian files on extraterrestrials, it could answer

406

00:41:02,640 --> 00:41:06,400

some of the questions that we have.

407

00:41:06,400 --> 00:41:12,680

Because what if some of those stories corroborate the ones that we're familiar with?

408

00:41:12,800 --> 00:41:21,800

This then could only mean one thing, we've all been visited by the same visitors.

409

00:41:21,800 --> 00:41:29,080

Does the ultimate proof that extraterrestrials have visited Earth exist within Russia?

410

00:41:29,080 --> 00:41:33,480

Could such information have been purposely covered up?

411

00:41:33,480 --> 00:41:40,680

And if so, might the most compelling evidence still be under lock and key?

412

00:41:40,680 --> 00:41:46,760

Perhaps as more of Russia's secret files are revealed, we will discover that hidden

413

00:41:46,760 --> 00:41:53,080

within these vast archives lies the truth about our alien origins.
