

1

00:00:00,136 --> 00:00:06,138

So right underneath our feet are tunnels and facilities.

2

00:00:06,138 --> 00:00:09,138

Miles, absolutely miles of tunnels.

3

00:00:09,138 --> 00:00:12,139

It really is like something out of a James Bond movie.

4

00:00:12,139 --> 00:00:18,141

Could a secret base in England hold evidence of extraterrestrial visitation?

5

00:00:18,141 --> 00:00:28,143

If there was anywhere in the United Kingdom, any secret facility where crashed UFO debris would have been brought, it would have been right here.

6

00:00:30,144 --> 00:00:35,145

Is the British government in possession of an alien spacecraft?

7

00:00:35,145 --> 00:00:41,147

The more I looked into these claims, the more I realized, wait a minute, there's something going on here.

8

00:00:41,147 --> 00:00:44,148

And did they even develop one of their own?

9

00:00:44,148 --> 00:00:47,148

I had about five minutes and then a police car showed up.

10

00:00:47,148 --> 00:00:50,149

I said, well, I think it's time for you to leave.

11

00:01:00,152 --> 00:01:04,153

The British Ministry of Defense

12

00:01:04,153 --> 00:01:08,154

The British Ministry of Defense

13

00:01:08,154 --> 00:01:12,155

The British Ministry of Defense

14

00:01:12,155 --> 00:01:16,156

London, England

15

00:01:16,156 --> 00:01:20,157

2007

16

00:01:20,157 --> 00:01:23,158

The British Ministry of Defense

17

00:01:23,158 --> 00:01:30,160

The British Ministry of Defense, or MOT, makes a startling announcement.

18

00:01:30,160 --> 00:01:37,161

They are releasing the entirety of their UFO files to the National Archives of England.

19

00:01:37,161 --> 00:01:45,164

My belief is that the MOT's motive was to have people stop asking them questions.

20

00:01:45,164 --> 00:01:52,165

They could get away from all these difficult freedom of information agronomies.

21

00:01:52,165 --> 00:01:57,167

They could get away from all the difficult freedom of information agronomies.

22

00:01:57,167 --> 00:02:05,169

And they framed it in a way that it was all about cost cutting, but in reality it was almost as if they just didn't want anything to do with the subject anymore.

23

00:02:05,169 --> 00:02:13,171

I still believe they take a very active interest in the subject, but they don't want to be seen publicly to take that interest.

24

00:02:13,171 --> 00:02:20,173

After a rollout that took more than a decade, it came to light that the Ministry of Defense

25

00:02:20,173 --> 00:02:27,175

had accumulated over 60,000 documents pertaining to UFO encounters.

26

00:02:27,175 --> 00:02:36,177

But researchers sorting through the archives were able to determine that 18 key files were missing.

27

00:02:36,177 --> 00:02:49,180

There were a number of very famous cases where people are taking some really good photos, some really good film imagery that the MOT can't now find.

28

00:02:49,180 --> 00:03:00,183

Large parts of their files were seemingly destroyed, and it seems they have a very good history on losing really important bits of information.

29

00:03:00,183 --> 00:03:06,185

After a request was submitted, Ministry of Defense officials located the missing files.

30

00:03:06,185 --> 00:03:15,187

Each file, by the way, contains upwards of maybe 100, 200 documents, so we're talking thousands of documents.

31

00:03:15,187 --> 00:03:23,189

They sent those files to the National Archives and everyone was expecting an imminent release.

32

00:03:23,189 --> 00:03:29,191

But in an unprecedented move, the Ministry of Defense then recalled the files.

33

00:03:29,191 --> 00:03:34,192

Now I've never heard of this happening before.

34

00:03:34,192 --> 00:03:43,194

To date, these 18 files remain under lock and key, so something very mysterious is going on.

35

00:03:43,194 --> 00:03:54,197

Why would the British Ministry of Defense send UFO files to the National Archives and then suddenly recall them without explanation?

36

00:03:54,197 --> 00:04:06,200

Some government insiders have suggested that the files were moved for safekeeping while another, even more secure facility, was being prepared.

37

00:04:06,200 --> 00:04:15,203

When the National Archives returned the files to the British government, they were spirited away to an undisclosed location.

38

00:04:15,203 --> 00:04:27,206

There are those who believe that location is a former Royal Air Force Base in the southwest county of Wiltshire called Rudlow Manor.

39

00:04:27,206 --> 00:04:37,209

A site that the Ministry of Defense used to perform UFO investigations dating back to the 1940s.

40

00:04:37,209 --> 00:04:45,211

On the surface, it appears to be nothing more than a quaint English manor house.

41

00:04:45,211 --> 00:04:58,214

But deep beneath this structure lie an astounding 2.2 million square feet of vast caverns divided into many smaller chambers.

42

00:04:58,214 --> 00:05:14,218

These underground quarries were excavated in the 19th century to mine bathstone, a type of limestone used to build the nearby city of Bath and several other English cities.

43

00:05:14,218 --> 00:05:30,223

One century later, in 1939, England was drawn into World War II and the British Royal Air Force took over the depleted quarries, transforming them into an underground aircraft factory.

44

00:05:30,223 --> 00:05:35,224

At the end of the war, many such facilities were returned to civilian control.

45

00:05:35,224 --> 00:05:43,226

But Rudlow Manor and its over 2 million square feet of secret tunnels and chambers were never surrendered.

46

00:05:43,226 --> 00:05:52,228

For years, it was home to a group called the Provost and Security Services. They're kind of like the James Bunns of the British Royal Air Force.

47

00:05:52,228 --> 00:06:01,231

They do espionage investigations, counterintelligence programs, things like that, even terrorism investigations.

48

00:06:01,231 --> 00:06:12,234

But back in the 1990s and certainly going back to the 1950s, the Provost and Security Services were heavily involved in UFO investigations.

49

00:06:12,234 --> 00:06:21,236

Now for years, the Air Force and the Ministry of Defence denied that any UFO investigations were going on at Rudlow Manor.

50

00:06:21,236 --> 00:06:38,240

Then a document got released and it showed that actually yes, UFO investigations had been done from Rudlow Manor and the staff there had been working hand in glove with those of us in the headquarters building in London.

51

00:06:38,240 --> 00:06:50,243

Shortly before the Ministry of Defence released their UFO files in 2007, they announced that Rudlow Manor was no longer in use by the military.

52

00:06:50,243 --> 00:07:03,247

But if that's true, why are the grounds surrounded by chain link fences, monitored by security cameras and even protected by guard dogs?

53

00:07:03,247 --> 00:07:14,250

To find the answers, in January of 2017, ancient astronaut theorist Georgiosuchalos travelled to the protected boundaries of Rudlow Manor.

54

00:07:15,250 --> 00:07:25,253

Joining him in his search for the truth was Nick Pope, who in the early 1990s worked for the Ministry of Defence investigating UFOs.

55

00:07:25,253 --> 00:07:26,253

We're here.

56

00:07:28,253 --> 00:07:36,256

During your time at the MOD, what did you learn about this place or any type of UFO cases that may have happened around this area?

57

00:07:36,256 --> 00:07:47,258

Well, this whole area is rich in UFO sightings. Rudlow Manor was the headquarters of a unit known as Provoast and Security Services.

58

00:07:47,258 --> 00:08:01,262

Now, this is all tied up with Air Force security and intelligence. UFO sightings were investigated by staff based here at Rudlow Manor, but for years we denied it.

59

00:08:02,262 --> 00:08:14,265

We told Parliament, the media and the public that these things were of no interest, that Rudlow Manor had no involvement in this, and yet when the files were declassified, it turned out that people were right.

60

00:08:14,265 --> 00:08:15,266

Right here.

61

00:08:15,266 --> 00:08:16,266

Right here.

62

00:08:16,266 --> 00:08:26,269

And so this building really was at the heart of Britain's secret UFO research, and particularly the underground facilities below us.

63

00:08:26,269 --> 00:08:36,271

All sorts of secrets and research and investigation and projects went on from this particular facility.

64

00:08:37,272 --> 00:08:54,276

While the Manor House was the face of Rudlow Manor and the headquarters for Britain's UFO investigations, access to the underground facilities is found two miles away at the equally secretive installation known as the CCC.

65

00:08:54,276 --> 00:09:06,279

It's close to where we are. It's all part of the underground facility, so there are tunnels which start right underneath the Manor House here and go to the CCC.

66

00:09:06,279 --> 00:09:17,282

No one knows exactly how many people work down there, but it's thousands. Nobody knows exactly what they do, and I worked for the government, for the Ministry of Defense for 21 years, and I don't know.

67

00:09:17,282 --> 00:09:20,283

So, and even if I did, I wouldn't be able to tell you.

68

00:09:20,283 --> 00:09:21,283

Of course.

69

00:09:22,283 --> 00:09:31,286

Are the UFO files withheld by the Ministry of Defense being kept at Rudlow Manor as ancient astronaut theorists believe?

70

00:09:31,286 --> 00:09:39,288

And could even greater secrets be hidden at the mysterious site known as the CCC?

71

00:09:39,288 --> 00:09:47,290

Officially, it's called the Corsham Computer Center, and you can't get in there. It's absolutely off limits.

72

00:09:47,290 --> 00:09:50,291

Why is this going on down there? It's big.

73

00:09:54,292 --> 00:10:01,294

Coming up, it says before opening this gate to allow someone to enter, you must ensure that they're authorized.

74

00:10:01,294 --> 00:10:03,294

Does anybody know what the secret code is?

75

00:10:18,298 --> 00:10:23,299

Ask Nick Holt to take him to the CCC for a first-hand look at the installation.

76

00:10:23,299 --> 00:10:26,300

Alright. Good luck. Thank you very much.

77

00:10:26,300 --> 00:10:35,302

As a former employee of the Ministry of Defense, Nick did not feel it was appropriate for him to approach the facility himself without clearance.

78

00:10:35,302 --> 00:10:36,303

I'll see you later, Nick.

79

00:10:36,303 --> 00:10:37,303

Yes.

80

00:10:37,303 --> 00:10:38,303

Take care.

81

00:10:44,305 --> 00:10:45,305

Here we are.

82

00:10:45,305 --> 00:10:46,305

The CCC.

83

00:10:48,306 --> 00:10:52,307

The lights are on.

84

00:10:52,307 --> 00:11:01,309

And just like Nick explained, it's got barbed wire. It is fenced down, impenetrable.

85

00:11:01,309 --> 00:11:10,312

According to the British Ministry of Defense, the CCC is simply a data processing center for the Royal Navy.

86

00:11:10,312 --> 00:11:13,312

But if true, why is it so heavily guarded?

87

00:11:14,313 --> 00:11:19,314

Clearly, it's an access to what seems to be an underground system.

88

00:11:19,314 --> 00:11:26,316

And if the stories that Nick told me are true, then underneath our feet is a vast system of tunnels and underground facilities.

89

00:11:28,316 --> 00:11:35,318

Within minutes of Giorgio's arrival at the security gate, the crew is met by a military police unit.

90

00:11:35,318 --> 00:11:37,319

I'm asking the military the only question.

91

00:11:37,319 --> 00:11:38,319

What are we doing down here?

92

00:11:38,319 --> 00:11:41,320

Can you tell me anything about this place?

93

00:11:41,320 --> 00:11:43,320

This is private property.

94

00:11:43,320 --> 00:11:45,321

It is well signed, but it has to come down the road.

95

00:11:45,321 --> 00:11:46,321

It's private property.

96

00:11:46,321 --> 00:11:51,322

Unfortunately, the situation ends with filming being halted.

97

00:11:51,322 --> 00:11:53,323

Well, we're only trying to find out the truth.

98

00:11:53,323 --> 00:11:55,323

But why?

99

00:11:55,323 --> 00:12:04,326

What is it that's so top secret that Giorgio and his camera crew are not even allowed to film the entrance from public property?

100

00:12:05,326 --> 00:12:10,327

So it was exactly how you set fortification, barbed wire fence.

101

00:12:10,327 --> 00:12:14,328

I had about five minutes and then a police car showed up and said,

102

00:12:14,328 --> 00:12:16,329

well, I think it's time for you to leave.

103

00:12:16,329 --> 00:12:20,330

So I think you did exactly the right thing to get out there while you could.

104

00:12:20,330 --> 00:12:24,331

But you know that, A, it is operational and B, it's obviously important.

105

00:12:24,331 --> 00:12:26,332

They send the security people out.

106

00:12:26,332 --> 00:12:30,333

I guarantee you they had eyes on you from the moment you started.

107

00:12:30,333 --> 00:12:36,334

Could this seemingly innocuous building and the underground facilities it leads to

108

00:12:36,334 --> 00:12:44,336

be continuing the extraterrestrial investigations that were previously carried out at Rudlow Manor?

109

00:12:44,336 --> 00:12:51,338

Ancient astronaut theorists say yes and suggest that they are not only looking into UFO reports,

110

00:12:51,338 --> 00:12:59,340

but mysterious phenomena that has been happening in the county of Wiltshire for thousands of years.

111

00:13:00,340 --> 00:13:02,341

I don't think this is it right here.

112

00:13:02,341 --> 00:13:03,341

Yes, here we are.

113

00:13:03,341 --> 00:13:04,342

Great.

114

00:13:04,342 --> 00:13:10,343

Author and historian Andrew Collins has lived in or near Wiltshire for most of his life

115

00:13:10,343 --> 00:13:15,344

and has investigated the many strange happenings associated with the area.

116

00:13:15,344 --> 00:13:16,345

Good?

117

00:13:16,345 --> 00:13:17,345

Yeah.

118

00:13:17,345 --> 00:13:24,347

Giorgio and Nick arranged to meet with him to discuss why the Ministry of Defense might have chosen this location

119

00:13:24,347 --> 00:13:27,348

to be the headquarters of their UFO investigations.

120

00:13:27,348 --> 00:13:34,349

You're looking at the dead center of weird activity in the whole of Great Britain.

121

00:13:34,349 --> 00:13:37,350

We've got UFOs.

122

00:13:37,350 --> 00:13:40,351

We've got crop circles.

123

00:13:40,351 --> 00:13:46,353

We've got the most intensive amount of prehistoric sites.

124

00:13:46,353 --> 00:13:48,353

Ancient mounds.

125

00:13:48,353 --> 00:13:50,354

Barrows.

126

00:13:51,354 --> 00:13:59,356

Plus, we have obviously the strange activity that surrounds places like Rudlow Manor and Caution as a whole,

127

00:13:59,356 --> 00:14:01,356

where we are here today.

128

00:14:01,356 --> 00:14:02,357

Absolutely.

129

00:14:02,357 --> 00:14:07,358

And some of these sites, I don't think people realize, but they're older than the Egyptian pyramids.

130

00:14:07,358 --> 00:14:09,359

Absolutely.

131

00:14:09,359 --> 00:14:15,360

We've got here Stonehenge and Avery itself.

132

00:14:15,360 --> 00:14:20,361

Most people think that these sites go back 4,500 to 5,000 years,

133

00:14:20,361 --> 00:14:25,363

but they in fact go back at least 10,000 years.

134

00:14:25,363 --> 00:14:33,365

I lived in the center of Avery, which is the largest stone circle complex in the whole of the world.

135

00:14:33,365 --> 00:14:38,366

UFOs have been seen in the vicinity of the stones there.

136

00:14:38,366 --> 00:14:43,367

Sometimes they've been seen to actually come into the circle and land.

137

00:14:43,367 --> 00:14:50,369

Other times they have manifested into strange shapes, figures, things like that.

138

00:14:50,369 --> 00:14:56,371

All around the country, there are certain areas where UFOs manifest more than anywhere else.

139

00:14:56,371 --> 00:15:04,373

They're called window areas, and I believe that the area around Stonehenge and Avery is exactly one of those window areas,

140

00:15:04,373 --> 00:15:11,375

because there are reports of UFOs and strange lights being seen here for several hundred years.

141

00:15:11,375 --> 00:15:19,377

And it's long been speculated that there's a connection between UFOs and what are known as laylights.

142

00:15:19,377 --> 00:15:26,379

In 1925, amateur archaeologist Alfred Watkins published the Old Straight Track,

143

00:15:26,379 --> 00:15:36,381

a book in which he proposed that man's earliest monuments and megaliths were linked by a network of what he called laylines.

144

00:15:36,381 --> 00:15:43,383

Some researchers claim scientific testing shows evidence that the laylines are magnetic in nature

145

00:15:43,383 --> 00:15:49,385

and delineate the lines of Earth's unseen energy fields.

146

00:15:49,385 --> 00:15:59,387

I'm aware of at least one layline that goes all the way from England to the bottom of the boot in Italy, in one straight line.

147

00:15:59,387 --> 00:16:04,389

And what's fascinating, that especially as it goes through Italy,

148

00:16:04,389 --> 00:16:11,391

all these cities, they contain the root word for star.

149

00:16:11,391 --> 00:16:14,391

We have what we call the Earth grids.

150

00:16:14,391 --> 00:16:23,394

These are sites, power sites all the way around the world, which all seem to be linked by these lines of energy that seem to converge.

151

00:16:23,394 --> 00:16:28,395

And at all of these sites, you'll find the same type of phenomena.

152

00:16:28,395 --> 00:16:38,398

Strange lights, UFOs, mysterious happenings, prehistoric activity, sacred sites.

153

00:16:38,398 --> 00:16:45,399

And this is exactly what we have here in Wiltshire.

154

00:16:45,399 --> 00:16:52,401

Could the so-called laylines be part of an invisible energy grid?

155

00:16:52,401 --> 00:16:58,403

And might this explain both the high number of mysterious occurrences in this area,

156

00:16:58,403 --> 00:17:06,405

as well as the decision by the British Ministry of Defense to base the headquarters for their UFO investigations here?

157

00:17:06,405 --> 00:17:10,406

Why is the government there? What are they seeing?

158

00:17:10,406 --> 00:17:18,408

There are many compelling UFO sightings in Wiltshire that are jaw-dropping in their level of significance.

159

00:17:18,408 --> 00:17:25,410

As one example, in 1948, a couple was walking through the fields of Wiltshire,

160

00:17:25,410 --> 00:17:32,412

and there at a low altitude comes a flying saucer.

161

00:17:32,412 --> 00:17:41,414

They see two people inside the ship, closely enough that they could tell the people were looking right at them.

162

00:17:41,414 --> 00:17:46,415

And this was in the immediate aftermath of World War II.

163

00:17:46,415 --> 00:17:53,417

And remember now, after World War II, the British never gave back the underground city below Rudlow Manor.

164

00:17:53,417 --> 00:18:04,420

And it could be that there are unusual energies there at that exact spot where the Ministry of Defense had the center of their UFO investigating headquarters.

165

00:18:04,420 --> 00:18:11,422

Is it possible that the Ministry of Defense retained control of Rudlow Manor after World War II?

166

00:18:11,422 --> 00:18:17,424

No, because they were aware that extraterrestrials have been visiting the area of Wiltshire,

167

00:18:17,424 --> 00:18:22,425

not just in modern times, but for thousands of years.

168

00:18:22,425 --> 00:18:32,428

Ancient astronaut theorists say yes, and suggest that further clues as to what is really going on in the vast underground facilities

169

00:18:32,428 --> 00:18:40,430

can be found by investigating an incident that has become known as Britain's Roswell.

170

00:18:40,430 --> 00:18:42,430

Coming up.

171

00:18:44,431 --> 00:18:48,432

The ground is in shock. Have you ever experienced anything like that before?

172

00:18:48,432 --> 00:18:50,432

Have you had any earthquakes around here?

173

00:18:50,432 --> 00:18:52,433

Nothing like that.

174

00:18:55,434 --> 00:19:01,435

London, England. May 22, 1955.

175

00:19:01,435 --> 00:19:09,437

In reports syndicated by the INS, famed American newspaper columnist Dorothy Kilgallon makes an audacious claim.

176

00:19:09,437 --> 00:19:14,439

British scientists and airmen, after examining the wreckage of a mysterious flying ship,

177

00:19:14,439 --> 00:19:21,440

are convinced that these strange aerial objects are not optical illusions or Soviet inventions,

178

00:19:21,440 --> 00:19:27,442

but actually are flying saucers which originate on another planet.

179

00:19:27,442 --> 00:19:36,444

Dorothy Kilgallon was someone who had extremely good ties and links with people in the government, the intelligence community and the military.

180

00:19:37,445 --> 00:19:45,447

Kilgallon heard a story that she said came directly to her from a high ranking representative of the British government.

181

00:19:45,447 --> 00:19:52,448

And the story was, back in 1955, the British government had got its hands on a crashed UFO.

182

00:19:52,448 --> 00:19:58,450

And judging from the size of the craft and the interior of the vehicle,

183

00:19:58,450 --> 00:20:03,451

it appeared to be piloted by very small, humanoid-like entities.

184

00:20:03,451 --> 00:20:07,452

The event had actually occurred during the Second World War.

185

00:20:07,452 --> 00:20:10,453

And this crashed UFO was put on ice, so to speak.

186

00:20:10,453 --> 00:20:15,455

And then when the war was over and the peace was reigning again,

187

00:20:15,455 --> 00:20:22,456

the military then decided to pull this wrecked UFO out of the hangar and then start investigating it.

188

00:20:23,457 --> 00:20:31,459

Now, a lot of the rumours coming out about, quote, the real investigations are coming from Rudlow Manor.

189

00:20:33,459 --> 00:20:41,461

One of the more thought-provoking aspects of Rudlow Manor is this claim that it's sort of the British equivalence of Area 51.

190

00:20:42,462 --> 00:20:51,464

Interestingly, this would not be the last time allegations surfaced that a crashed UFO had been retrieved and taken to Rudlow Manor.

191

00:20:52,464 --> 00:21:00,466

Another, much more notorious incident occurred in the 1970s and was witnessed by an entire village.

192

00:21:03,467 --> 00:21:09,469

Sandrieslow, Wales, January 23, 1974.

193

00:21:10,469 --> 00:21:17,471

Late in the evening, this quiet rural village in the Burwin Mountains is rocked by an enormous explosion.

194

00:21:19,471 --> 00:21:25,473

14-year-old Hugh Lloyd is in his home watching television when he feels the impact

195

00:21:26,473 --> 00:21:37,476

and then receives call after call from his neighbours, most claiming to have seen an incredibly bright light falling from the sky and then glowing on the mountain side.

196

00:21:40,477 --> 00:21:45,478

Today, Hugh Lloyd still works on his father's ranch in Sandrieslow.

197

00:21:45,478 --> 00:21:46,478

Are you Hugh?

198

00:21:46,478 --> 00:21:47,479

Yes.

199

00:21:47,479 --> 00:22:00,482

Ancient astronaut theorist, Georgiosukulos, and Nick Pope, a former UFO investigator for the British Ministry of Defence, met up with Hugh to get his take on what really happened that night.

200

00:22:00,482 --> 00:22:02,483

Can you tell us your experience?

201

00:22:02,483 --> 00:22:08,484

Well, I was home with my two sisters and my neighbour. We basically watched television and it was just like a thud.

202

00:22:08,484 --> 00:22:13,485

The next thing, the whole place started shaking quite violently. You know this like a tremor.

203

00:22:13,485 --> 00:22:17,486

And then we were all a bit stunned. We never experienced anything like that before.

204

00:22:17,486 --> 00:22:21,488

And next thing, we went outside to check the cattle and animals were okay.

205

00:22:21,488 --> 00:22:24,488

Got back in house and the phone started ringing.

206

00:22:24,488 --> 00:22:28,489

So, neighbours and things, you know, saying what the hell was that? Are you okay?

207

00:22:28,489 --> 00:22:30,490

You put the phone down then and the neighbour was phone.

208

00:22:30,490 --> 00:22:36,491

Your neighbours called you to ask you if you're okay. So, they pretty much had similar experiences?

209

00:22:36,491 --> 00:22:37,492

Oh yes, yeah.

210

00:22:37,492 --> 00:22:39,492

So, you're not the only one?

211

00:22:39,492 --> 00:22:40,493

No.

212

00:22:40,493 --> 00:22:42,493

And you were 14 years old?

213

00:22:42,493 --> 00:22:43,493

14 years old.

214

00:22:43,493 --> 00:22:44,494

How did your parents react?

215

00:22:44,494 --> 00:22:48,495

Well, they went home, they were in the next village and they felt it there as well.

216

00:22:48,495 --> 00:22:52,496

And what time of evening was this? It was roughly 20 to 9?

217

00:22:52,496 --> 00:23:02,498

So, you know, some people have suggested that it was nothing else but an earthquake, which I don't

subscribe to this idea, but have you had any earthquakes around here?

218

00:23:02,498 --> 00:23:13,501

Nothing like that, no. But at the time they were trying to say that the lights people had seen were people with what they call them, lamping, you know, after foxes and rabbits.

219

00:23:13,501 --> 00:23:22,504

But you saw that light and it was much, much brighter than people lamping. I mean, it was something almost blinding?

220

00:23:22,504 --> 00:23:25,504

Well, I've never seen a light like it before and I've never seen anything like it since.

221

00:23:25,504 --> 00:23:26,505

Wow.

222

00:23:27,505 --> 00:23:41,509

According to ancient astronaut theorists, what really happened in the Burwin Mountains that night was the crash of an extra terrestrial spacecraft that was retrieved and taken to Rudlow Manor.

223

00:23:41,509 --> 00:23:53,512

And they suggest that the most compelling clues can be found by examining not the event itself, but what happened immediately after.

224

00:23:56,512 --> 00:24:04,515

Coming up, the policeman basically said, there's nothing to see here. Let's go back down and then you saw the lights.

225

00:24:04,515 --> 00:24:06,515

Yeah, this lights a people.

226

00:24:11,516 --> 00:24:16,518

At 9.10 p.m. on the night of the mysterious incident at Sandry's Lone,

227

00:24:17,518 --> 00:24:29,521

approximately 30 minutes after the strange lights and violent tremors were reported, a police officer arrived at the home of eyewitness Hugh Lloyd.

228

00:24:29,521 --> 00:24:37,523

There's a knock on the door and there was a police officer there. And he said, this has been a reporter with plane crash.

229

00:24:37,523 --> 00:24:42,524

And I remember our neighbour saying, oh, he's quite important. He's got pips on his shoulder.

230

00:24:43,525 --> 00:24:46,526

Right, so a senior officer, not one of the locals.

231

00:24:46,526 --> 00:24:50,527

No. Because the police turned up, I just assumed there was a plane crash here, you know.

232

00:24:50,527 --> 00:25:01,529

A plane crash? For Nick Pope, who worked at the Ministry of Defence and has seen the file on this incident, this is a surprising new detail.

233

00:25:01,529 --> 00:25:07,531

The official report only mentions a meteor and nothing about a plane.

234

00:25:08,531 --> 00:25:14,533

I remember he said he was in the spectrum. I remember our neighbour asking him where you were based and he said Barmouth,

235

00:25:14,533 --> 00:25:21,535

which he'd been struggling to do it in an hour and a half today. But to that time, you know, you're

talking 12 was plus, maybe.

236

00:25:21,535 --> 00:25:27,536

Right, and roughly what time did he turn up at the house? 25 minutes to 30 minutes after the incident?

237

00:25:27,536 --> 00:25:30,537

Right, so there is no way that he could have got from Barmouth?

238

00:25:30,537 --> 00:25:33,538

No way. Not in the vehicle, anyway.

239

00:25:33,538 --> 00:25:35,538

Interesting. Okay.

240

00:25:35,538 --> 00:25:41,540

We've heard lots of stories about military involvement as well as police.

241

00:25:41,540 --> 00:25:49,542

Another day it went down there. I said they'd had soldiers in the farm, I'm knocking at the door asking could they use their telephone

242

00:25:49,542 --> 00:25:56,544

because their radiators were out or wouldn't work. So there were definitely soldiers around that evening.

243

00:25:56,544 --> 00:26:05,546

The theory initially that this was a plane crash and that this police and military operation was a search and rescue or search and recovery,

244

00:26:05,546 --> 00:26:14,549

that's fine, but I mean, you know, we know where our planes are. There is 24-7 radar coverage, civilian aircraft.

245

00:26:14,549 --> 00:26:15,549

Even back then?

246

00:26:15,549 --> 00:26:25,551

Yeah, absolutely. Planes don't just drop out of the sky and if they do, immediately everyone knows which aircraft it is. So it seems odd.

247

00:26:25,551 --> 00:26:33,554

Yes, and I remember the spectra saying, I don't know the exact word, I'd like to commandeer your

land rover if you can, to take us up there.

248

00:26:40,555 --> 00:26:46,557

The officer commandeered the family's truck and drove with Hugh to the crash site.

249

00:26:46,557 --> 00:26:52,559

Nick and Giorgio were taken on the exact same journey that was made that night.

250

00:26:52,559 --> 00:26:54,559

How high is the mountain?

251

00:26:54,559 --> 00:26:57,560

At the very top, about 2800 feet.

252

00:26:57,560 --> 00:27:07,563

You know, one thing that struck me is this is a pretty difficult drive, so you've got to be pretty determined to get a whole bunch of people up here.

253

00:27:07,563 --> 00:27:12,564

Yes, and for what purpose? Unless it's really something of importance.

254

00:27:12,564 --> 00:27:16,565

Yeah, this is not to be undertaken lightly, is it?

255

00:27:16,565 --> 00:27:17,565

No.

256

00:27:18,565 --> 00:27:24,567

An interesting thing is the fact that it was an inspector who came out.

257

00:27:24,567 --> 00:27:26,567

Yes, it was an inspector.

258

00:27:26,567 --> 00:27:35,570

I mean, that's the thing, you see, in the UK, most cops are constables and then next up from that is Sergeant.

259

00:27:35,570 --> 00:27:37,570

And then inspector is above that.

260

00:27:37,570 --> 00:27:40,571

So it's actually quite a senior rank.

261

00:27:40,571 --> 00:27:52,574

This, to me, says that somebody somewhere was treating this as an important high-profile incident that needed someone with the seniority and the clout to deal with it.

262

00:27:53,575 --> 00:28:04,577

According to Hugh, the police inspector directed them to stop at this spot, although he was allegedly not familiar with the area and seemed to have no reason for doing so.

263

00:28:04,577 --> 00:28:10,579

It was at this location that he witnessed an incredibly bright light in the distance.

264

00:28:10,579 --> 00:28:11,579

So down there?

265

00:28:11,579 --> 00:28:13,580

You go to the left there.

266

00:28:13,580 --> 00:28:14,580

OK.

267

00:28:14,580 --> 00:28:15,580

Just over there.

268

00:28:15,580 --> 00:28:20,582

There's a little clump of trees to the left of the valley. That's how the light was.

269

00:28:20,582 --> 00:28:24,583

So not in the trees, but beyond it, in the valley.

270

00:28:24,583 --> 00:28:25,583

In the valley.

271

00:28:31,585 --> 00:28:36,586

When this light appeared, did it seem to you as if it was an explosion?

272

00:28:36,586 --> 00:28:37,586

No.

273

00:28:38,586 --> 00:28:41,587

This was definitely a very strong white light from the ground.

274

00:28:41,587 --> 00:28:43,588

And how long was it shining for?

275

00:28:43,588 --> 00:28:45,588

No more than 15 seconds.

276

00:28:46,588 --> 00:28:58,592

According to Hugh, the inspector wanted to get a closer look at the mysterious light, but then received a curious command from his superiors.

277

00:28:58,592 --> 00:29:03,593

He asked me, can you take the vehicle with us, so the light is?

278

00:29:03,593 --> 00:29:12,595

So we went back down that way, a quarter of a mile and a tonne left on the track, and then this radio message came and said, come back in the first light.

279

00:29:12,595 --> 00:29:14,596

So it sounds like it was a stand-down call?

280

00:29:14,596 --> 00:29:15,596

Yes.

281

00:29:15,596 --> 00:29:18,597

Well, that spoke to me since they were looking for the crash site.

282

00:29:18,597 --> 00:29:19,597

Why?

283

00:29:19,597 --> 00:29:23,598

You know, when you were half a mile away from where we wanted to go, they were called down?

284

00:29:23,598 --> 00:29:24,598

Yes.

285

00:29:24,598 --> 00:29:25,599

This makes sense.

286

00:29:28,599 --> 00:29:41,603

Curiously, the official explanation for these events provided by the Ministry of Defense did not include either Fox hunters or a plane crash, as was told to Hugh that night.

287

00:29:41,603 --> 00:29:47,604

And the story they did provide involves an incredible coincidence.

288

00:29:49,605 --> 00:29:54,606

The story is apparently that there was an earthquake that hit the village.

289

00:29:54,606 --> 00:30:03,609

But at the same time, there was a bright, fireball meteor breaking up in the earth's atmosphere.

290

00:30:03,609 --> 00:30:09,610

So not one extraordinary event, but two at exactly the same time.

291

00:30:10,610 --> 00:30:13,611

Some people said, has there been a UFO incident?

292

00:30:13,611 --> 00:30:17,612

Has there maybe been a UFO crash?

293

00:30:18,613 --> 00:30:25,614

Over the years, the UFO community has become convinced that this was indeed a UFO crash.

294

00:30:26,615 --> 00:30:37,618

That the military launched a secret operation to secure the crash site, to recover the wreckage and maybe bodies, and to take it to a secure facility.

295

00:30:37,618 --> 00:30:42,619

And many believe that that secure facility is Rudlow Manor.

296

00:30:43,619 --> 00:30:57,623

If what Hugh Lloyd and hundreds of others witnessed on that night in 1974 really was an alien craft falling from the sky, might the wreckage have been taken to Rudlow Manor for investigation?

297

00:30:58,623 --> 00:31:13,627

Ancient astronaut theorists say yes, and suggest that perhaps the most compelling evidence of all can be found by reexamining England's best documented UFO encounter, the Rendlesham Forest Incidents.

298

00:31:16,628 --> 00:31:17,628

Coming up.

299

00:31:18,628 --> 00:31:23,630

They were moving erratically as if conducting some sort of grid search.

300

00:31:23,630 --> 00:31:29,631

What I've seen this evening is not logical. Whatever we saw was definitely under intelligent control.

301

00:31:35,633 --> 00:31:39,634

Rendlesham Forest, Suffolk County, England.

302

00:31:40,634 --> 00:31:51,637

200 miles east of Rudlow Manor, lies six square miles of woodlands that has become notorious as the site of Great Britain's most incredible UFO encounter.

303

00:31:52,637 --> 00:32:00,639

On December 26th, 1980, near an air base leased to the United States Air Force by the RAF.

304

00:32:01,640 --> 00:32:07,641

Strange lights are reported on the horizon in what appears to be a possible downed aircraft.

305

00:32:08,641 --> 00:32:11,642

Two U.S. servicemen are dispatched to the site.

306

00:32:12,642 --> 00:32:21,645

According to accounts, radios failed as they approached the targeted area, and the air itself felt electrically charged as they closed in.

307

00:32:25,646 --> 00:32:32,648

Strange lights were seen about three to four hundred meters away from an area what was called the East Gate.

308

00:32:33,648 --> 00:32:42,650

And the patrolling officers of the East Gate saw the lights above the forest, and they thought potentially it was a downed aircraft or an aircraft in distress.

309

00:32:43,651 --> 00:32:47,652

So two of them, Sergeant Penison and Airman John Borrows, went further into the forest.

310

00:32:48,652 --> 00:32:58,655

Once at the so-called crash site, the men observed the strange triangular craft on the ground, approximately three meters wide at its base.

311

00:32:59,655 --> 00:33:11,658

It appeared to be either hovering or on legs, and it had clearly come down into this small clearing and smashed some of the branches off the trees.

312

00:33:12,658 --> 00:33:15,659

So there was physical evidence which was looked at afterwards.

313

00:33:17,659 --> 00:33:19,660

And so the men looked at this strange object.

314

00:33:21,661 --> 00:33:23,661

I noticed that there was an inscription on the side of the aircraft.

315

00:33:24,661 --> 00:33:29,663

I was expecting to find, I don't know, USAF, something like that.

316

00:33:30,663 --> 00:33:34,664

And what I find is glyphs, pictorial glyphs, making no sense at all.

317

00:33:35,664 --> 00:33:39,665

And then I was running my hand over the side of the craft. It was very warm to touch.

318

00:33:40,666 --> 00:33:46,667

At this time, we were getting the feeling of electricity that was just bouncing. It was much, much stronger.

319

00:33:46,667 --> 00:33:50,668

There was this feeling of being drawn into it, or being pulled into it.

320

00:33:51,668 --> 00:33:55,669

Like someone was holding a picture of zeros and ones in my mind's eye.

321

00:33:58,670 --> 00:34:06,672

The strange vision Sergeant Penison had upon touching the craft has made this one of Britain's most famous UFO encounters.

322

00:34:07,673 --> 00:34:13,674

But ancient astronaut theorists suggest that even more compelling is what happened after.

323

00:34:17,675 --> 00:34:20,676

The following evening, further strange sightings occurred.

324

00:34:21,676 --> 00:34:23,677

And also the night after.

325

00:34:24,677 --> 00:34:26,678

Reported by US Air Force Colonel Charles Hall.

326

00:34:29,678 --> 00:34:32,679

Colonel Hall let his own search party to put an end to the confusion.

327

00:34:34,680 --> 00:34:44,682

But instead of finding a logical explanation, they discovered high levels of radioactivity where Burroughs and Peniston had previously seen the strange craft.

328

00:34:44,682 --> 00:34:46,683

And three impact holes in the ground.

329

00:34:50,684 --> 00:34:56,685

They then spotted a light in a nearby field that suddenly came towards them through the trees at high speed.

330

00:34:57,686 --> 00:35:00,686

One of the people with me said, look there to the north.

331

00:35:01,687 --> 00:35:06,688

There were four or five objects in the sky. They were elliptical and round. They changed shape.

332

00:35:07,688 --> 00:35:13,690

They moved at very high speed, made sharp angular turns, so they were doing some type of a grid search.

333

00:35:14,690 --> 00:35:23,693

One came at high speed, stopped directly overhead, three, four, maybe five thousand feet, and sent down a concentrated beam about eight or ten feet from us.

334

00:35:24,693 --> 00:35:28,694

It was about a foot in diameter. I would describe it today as probably like a laser beam.

335

00:35:29,694 --> 00:35:33,695

We noticed the other object in the south send down similar beams on Woodbridge Base.

336

00:35:34,695 --> 00:35:40,697

Apparently these beams were falling down into or near the weapons storage area. I was really concerned then.

337

00:35:45,698 --> 00:35:51,700

I suspect it was some kind of scan to see what was inside the ordinance inside.

338

00:35:52,700 --> 00:36:02,703

What we do know is Lieutenant Colonel Holt saw Colonel Williams just a few hours later and told him that beams have been shone down into the storage bunkers.

339

00:36:03,703 --> 00:36:05,704

And he said, I think the ordinance needs to be checked out.

340

00:36:06,704 --> 00:36:14,706

If Colonel Holt's report is true, why were these craft emitting beams of light down into the Woodbridge Base?

341

00:36:15,706 --> 00:36:25,709

According to some ancient astronaut theorists, they may have been conducting a search, not for nuclear weapons, but for one of their own craft.

342

00:36:26,709 --> 00:36:34,711

They were moving around erratically, he said, as if conducting some sort of grid search.

343

00:36:35,711 --> 00:36:46,714

The reason he said that was that beams of light were firing down from this UFO into one of the most sensitive parts of the base, the weapons storage area.

344

00:36:47,715 --> 00:36:58,717

Maybe the aliens would be looking for a crashed UFOs, maybe their own alien technology to prevent us from trying to back engineer it and build our own spacecraft.

345

00:37:02,718 --> 00:37:10,721

Could it be that the UFOs witnessed over the highly secure Woodbridge Base were aliens searching for one of their own down craft?

346

00:37:11,721 --> 00:37:17,722

Might they have considered this base the most likely place the British government would hide such

wreckage?

347

00:37:18,723 --> 00:37:23,724

Unaware of its true location in the underground facilities of Rudlow Manor?

348

00:37:24,724 --> 00:37:41,729

Ancient astronaut theorists believe the truth lies within the 18 UFO files the British government has withheld from the public and that it might also exist in documents recently declassified by the CIA.

349

00:37:42,729 --> 00:37:52,732

Washington, DC, October 2016

350

00:37:54,732 --> 00:38:07,736

In the weeks leading up to the United States presidential election, WikiLeaks publishes over 20,000 pages of private emails belonging to John Podesta, the chairman of Hillary Clinton's campaign.

351

00:38:08,736 --> 00:38:19,739

Within these emails, it is revealed that Podesta has a strong interest in releasing the CIA's classified UFO files should Clinton become president.

352

00:38:21,739 --> 00:38:27,741

While his candidate lost the election, Podesta ultimately got his wish.

353

00:38:28,741 --> 00:38:42,745

On January 18, 2017, in Barack Obama's last days as president, the CIA uploaded nearly a million classified UFO files to its website.

354

00:38:42,745 --> 00:38:54,748

The move prompted new calls for the British government to release the 18 files that they held back from their own disclosure of UFO reports that began in 2007.

355

00:38:55,748 --> 00:39:00,749

But still, the Ministry of Defense will not release their documents.

356

00:39:01,750 --> 00:39:07,751

Could these files hold information about extraterrestrial activity not even known to the CIA?

357

00:39:09,752 --> 00:39:12,753

And do they remain hidden at Rudlow Manor?

358

00:39:15,753 --> 00:39:22,755

I think the MOD is not willing to have that honest debate with the public that is not willing to

sort of open up its files.

359

00:39:23,755 --> 00:39:28,757

I don't think they trust people with information. They don't want an informed populace.

360

00:39:29,757 --> 00:39:39,760

If you would get access to all the information the MOD holds, I think it would point to the fact that the MOD has a lot of information that would be envisaged by extraterrestrial craft.

361

00:39:40,760 --> 00:39:50,763

We now know that there are at least two confirmed cases of crashed extraterrestrial spacecraft being relocated to Rudlow Manor.

362

00:39:52,763 --> 00:40:04,766

This includes Dorothy Kilgallon's claim that craft were crashing in World War II and were brought to Rudlow Manor, and it also includes the Burwin Mountains incident that occurred in 1974.

363

00:40:05,766 --> 00:40:21,771

The Ministry of Defense vehemently denied that they were involved in UFO investigations and yet now, thanks to declassified documents, we know that they were in fact actively investigating this subject and that Rudlow Manor was at the center of it.

364

00:40:21,771 --> 00:40:38,775

So now that we find out that even after they told us they released all the documents, that there's 18 documents being held back, something tells me that when we go into those documents, we will find that all roads lead back to Rudlow Manor.

365

00:40:38,775 --> 00:40:45,777

I think it's highly likely that they know that intelligent extraterrestrial life exists.

366

00:40:46,777 --> 00:41:01,781

The only reason why this information has not yet been made public is because of this bizarre thought that we as a human species can't handle the truth that we're not alone in the universe.

367

00:41:01,781 --> 00:41:17,785

And I think that all government agencies around the world should give the people living on this planet a little bit more credit because it just shows the greater picture and that we are part of this larger picture.

368

00:41:18,786 --> 00:41:27,788

Could the remains of an extraterrestrial craft really lie hidden deep beneath the surface of Rudlow Manor?

369

00:41:29,788 --> 00:41:38,791

And if so, might the recent disclosure by the American CIA push the British government closer to revealing an incredible truth?

370

00:41:38,791 --> 00:41:51,794

Proof that first contact with extraterrestrials is no longer the stuff of science fiction, but of scientific and historical fact.
