

1

00:00:00,000 --> 00:00:03,300

When I was a kid, I would just out of nowhere

2

00:00:03,400 --> 00:00:06,840

start saying things, things like, mom, in my last life,

3

00:00:06,940 --> 00:00:08,400

I was shot down and killed.

4

00:00:11,480 --> 00:00:15,980

Suzanne Gannum identified 25 different relatives

5

00:00:16,080 --> 00:00:21,220

of her prior life in their relationship.

6

00:00:21,320 --> 00:00:25,160

There was literally no explanation of how

7

00:00:25,260 --> 00:00:28,560

Omiciti knew the things she knew.

8

00:00:29,260 --> 00:00:32,860

Of how she understood the ancient language,

9

00:00:32,960 --> 00:00:39,400

how she predicted the placement of ruins under the ground.

10

00:00:39,500 --> 00:00:43,040

You have thousands of reports of reincarnation,

11

00:00:43,140 --> 00:00:47,080

so one has to wonder whether there is something behind that.

12

00:00:47,180 --> 00:00:49,680

Did extraterrestrials come to Earth

13

00:00:49,780 --> 00:00:53,220

and tweak the human body to serve as a vehicle for the soul?

14

00:00:53,320 --> 00:00:55,780

And if so, what is the purpose?

15

00:00:58,660 --> 00:01:02,260

Being able to enjoy negative energy

Lafayette, Louisiana, 2001.

21

00:01:33,980 --> 00:01:39,980

Aside from having an unusual obsession with airplanes and World War II,

22

00:01:39,980 --> 00:01:44,980

James Linenger was by all accounts a normal three-year-old.

23

00:01:44,980 --> 00:01:49,980

That is, before he began having a strange, recurring nightmare.

24

00:01:49,980 --> 00:01:55,980

I would have these nightmares and it would be just me kicking and screaming,

25

00:01:55,980 --> 00:02:00,980

me with my legs physically in the air, kicking up at the ceiling, screaming.

26

00:02:00,980 --> 00:02:02,980

Plane crash on fire, little man can't get out.

27

00:02:02,980 --> 00:02:06,980

And that was every night for almost a year.

28

00:02:06,980 --> 00:02:09,980

I was so scared, I couldn't even breathe.

29

00:02:09,980 --> 00:02:12,980

I was so scared, I couldn't even breathe.

30

00:02:12,980 --> 00:02:15,980

I was so scared, I couldn't even breathe.

31

00:02:15,980 --> 00:02:20,980

And that was every night for almost a year.

32

00:02:20,980 --> 00:02:24,980

And then I would just out of nowhere start saying things.

33

00:02:24,980 --> 00:02:33,980

Things like, Mom, in my last life, I was shot down and killed.

34

00:02:33,980 --> 00:02:37,980

James would draw elaborate airplane dogfight scenes.

35

00:02:37,980 --> 00:02:43,980

He also seemed to have an eerie and inexplicable knowledge of World War II aircraft,

36

00:02:43,980 --> 00:02:46,980

and would take down to their components.

37

00:02:46,980 --> 00:02:51,980

This is a drawing I did when I was much younger.

38

00:02:51,980 --> 00:02:55,980

And this is one of the ones I signed James III.

39

00:02:55,980 --> 00:03:00,980

My dad asked me one day, why do you sign it James III?

40

00:03:00,980 --> 00:03:04,980

And I just turned to him and simply said, because I'm the third James.

41

00:03:04,980 --> 00:03:07,980

I was the junior, junior.

42

00:03:07,980 --> 00:03:10,980

And then one day my father asked me the name of the ship that I was on.

43

00:03:10,980 --> 00:03:12,980

I said, Natoma.

44

00:03:15,980 --> 00:03:20,980

After doing some research, James' father found that there was, in fact,

45

00:03:20,980 --> 00:03:27,980

an aircraft carrier named the USS Natoma Bay, CVE-62.

46

00:03:27,980 --> 00:03:35,980

The boy could also indicate on a map the exact location of where the plane he claimed to be flying went down.

47

00:03:35,980 --> 00:03:38,980

In Chichi Jima, Japan.

48

00:03:38,980 --> 00:03:46,980

Eventually, my father found a ship roster and they went down the line and saw names that they had recognized that I had said.

49

00:03:46,980 --> 00:03:50,980

And they came to James, James McCready Houston.

50

00:03:50,980 --> 00:03:55,980

This man was killed when he was shot down over the island Chichi Jima.

51

00:03:56,980 --> 00:04:03,980

While James Lininger's memories of his so-called past life remained vivid in his youth,

52

00:04:03,980 --> 00:04:08,980

they began to fade as he became an adult.

53

00:04:08,980 --> 00:04:16,980

But what he is able to remember still brings back powerful emotions.

54

00:04:16,980 --> 00:04:29,980

My memories of James Houston and the things that he underwent have mostly all but gotten.

55

00:04:29,980 --> 00:04:32,980

I can remember this one snapshot.

56

00:04:32,980 --> 00:04:36,980

You shh, I'm sorry.

57

00:04:36,980 --> 00:04:41,980

You shh, you shh, this crackling.

58

00:04:42,980 --> 00:04:50,980

And it's just this loud banging and this distant just shh, shh.

59

00:04:50,980 --> 00:04:56,980

And you can see these black dots in the sky, you look up.

60

00:04:56,980 --> 00:05:03,980

And eventually you see this plane start to come down.

61

00:05:03,980 --> 00:05:06,980

And it hits the water.

62

00:05:06,980 --> 00:05:11,980

And it's black after that.

63

00:05:11,980 --> 00:05:17,980

You don't hear anything, you don't see anything, it's just, it's a ton.

64

00:05:19,980 --> 00:05:24,980

Although mainstream science widely dismisses the concept of reincarnation,

65

00:05:24,980 --> 00:05:31,980

leading academic institutions such as the University of Virginia, Duke University,

66

00:05:31,980 --> 00:05:38,980

and the University of British Columbia have entire departments devoted to its study.

67

00:05:38,980 --> 00:05:47,980

And according to their research, a mounting body of evidence suggests that the ability of some to vividly recall past lives

68

00:05:47,980 --> 00:05:50,980

may in fact be a real occurrence.

69

00:05:50,980 --> 00:06:00,980

You have thousands of reports, so one has to wonder whether there is something behind that.

70

00:06:00,980 --> 00:06:04,980

There are studies that have been made on these things,

71

00:06:04,980 --> 00:06:16,980

and I wonder how long it'll be until mainstream science agrees with the idea that something happens to us after death.

72

00:06:19,980 --> 00:06:27,980

The basic idea of reincarnation is that upon your death, your soul departs your body.

73

00:06:27,980 --> 00:06:34,980

You go to your version of heaven, and then you come down into a new body.

74

00:06:34,980 --> 00:06:41,980

An easy way to understand this is that you can upload files from your computer to the cloud,

75

00:06:41,980 --> 00:06:45,980

and then download files to a new computer.

76

00:06:47,980 --> 00:06:54,980

But while scientists are just beginning to entertain the notion that reincarnation may be a real occurrence,

77

00:06:54,980 --> 00:07:06,980

the idea of a soul leaving one human body and entering another can be traced back thousands of years to the very beginning of Egyptian civilization.

78

00:07:10,980 --> 00:07:12,980

Turin, Italy.

79

00:07:13,980 --> 00:07:25,980

On display at the Egyptian Museum is the Turin King List, or Royal Canon, which dates back to the 13th century BC.

80

00:07:28,980 --> 00:07:37,980

The Papyrus includes a list detailing the ancient Egyptian rulers extending back to the very start of Egyptian civilization.

81

00:07:38,980 --> 00:07:54,980

We see all the timelines and all the kings were there, but the first two groups of names on that list were gods, the gods of Egypt, who they believed ruled before the kings.

82

00:07:55,980 --> 00:08:03,980

All those scholars fully accept the chronology from the rule of King Minis onward.

83

00:08:03,980 --> 00:08:13,980

They discount the time before his reign around 3000 BC, a time when these alleged gods ruled over Egypt.

84

00:08:13,980 --> 00:08:19,980

One of the first names to be found on the list is the god Osiris.

85

00:08:20,980 --> 00:08:25,980

Osiris was depicted as a human like god. He had human features.

86

00:08:25,980 --> 00:08:31,980

But one of the most curious things about Osiris is that he was shown with green skin.

87

00:08:34,980 --> 00:08:43,980

Osiris is thought to have come from the star system Orion originally and was part of a group of extraterrestrials that came to Earth.

88

00:08:44,980 --> 00:08:51,980

What's interesting about the ancient Egyptian gods is they could also die. They weren't necessarily immortal.

89

00:08:51,980 --> 00:09:02,980

And when the god Osiris died centuries ago, according to Egyptian mythology, he was reborn as his own son Horus.

90

00:09:02,980 --> 00:09:08,980

And Horus became a physical incarnation on Earth.

91

00:09:08,980 --> 00:09:15,980

And it is believed by the ancient Egyptians that all the pharaohs became gods incarnate.

92

00:09:15,980 --> 00:09:22,980

And once one particular pharaoh died, the spirit would then go into the next pharaoh.

93

00:09:22,980 --> 00:09:29,980

And so on and so on. So this cycle reincarnation continued.

94

00:09:29,980 --> 00:09:38,980

In the ancient Egyptian creation mythology, the god Petah came from Osiris and fashioned the human body.

95

00:09:38,980 --> 00:09:43,980

We have to ask the question, did extraterrestrials come from the gods?

96

00:09:43,980 --> 00:09:48,980

The god Petah came from Osiris and fashioned the human body.

97

00:09:48,980 --> 00:09:56,980

We have to ask the question, did extraterrestrials come to Earth and tweak the human body to serve as a vehicle for the soul?

98

00:10:01,980 --> 00:10:06,980

If the stories of the Egyptian gods incarnating into human bodies are true,

99

00:10:07,980 --> 00:10:16,980

do all humans possess souls that have been passed down from the beginning of mankind and may have originated beyond Earth?

100

00:10:17,980 --> 00:10:28,980

Perhaps further clues can be found by examining recent case studies into past lives that scientists find too remarkable to dismiss.

101

00:10:37,980 --> 00:10:41,980

Charlottesville, Virginia, 1967

102

00:10:41,980 --> 00:10:50,980

Renowned psychiatrist Dr. Ian Stevenson launches the division of personality studies at the University of Virginia,

103

00:10:50,980 --> 00:10:58,980

making it one of the first educational institutions to devote serious research into the study of reincarnation.

104

00:10:59,980 --> 00:11:09,980

Over his 40-year career, Dr. Stevenson extensively studied more than 3,000 cases of individuals who reported past life memories,

105

00:11:09,980 --> 00:11:17,980

and he was able to objectively validate the claims being made in an astounding 1,200 instances.

106

00:11:17,980 --> 00:11:21,980

The body of work by Ian Stevenson is exceptionally credible.

107

00:11:22,980 --> 00:11:29,980

It's painstakingly documenting instances of things that are suggestive of reincarnation.

108

00:11:29,980 --> 00:11:36,980

Now, what makes the case credible is that the person has specific knowledge that they couldn't possibly have.

109

00:11:37,980 --> 00:11:44,980

Dr. Stevenson traveled throughout the world to meet with people claiming to have knowledge of their past lives.

110

00:11:45,980 --> 00:11:52,980

He used various methodologies, including hypnosis, to obtain pertinent details from his subjects,

111

00:11:52,980 --> 00:11:57,980

and then would set out to authenticate and document the evidence.

112

00:11:57,980 --> 00:12:05,980

One of his most striking case studies was Suzanne Ghanem, who was born in Richmond, Virginia, in 1963.

113

00:12:06,980 --> 00:12:12,980

She insisted from a young age that in her previous life she had been Hanan Mansour,

114

00:12:12,980 --> 00:12:17,980

a Lebanese woman who had passed away just 10 days before Suzanne was born.

115

00:12:21,980 --> 00:12:27,980

At the age of two, she shared with her parents the name of Hanan's husband and her three children,

116

00:12:27,980 --> 00:12:31,980

and later scribbled a phone number on a scrap of paper.

117

00:12:31,980 --> 00:12:37,980

Dr. Stevenson would discover that the number matched the Mansour's home phone number,

118

00:12:37,980 --> 00:12:40,980

except that the last two digits were reversed.

119

00:12:42,980 --> 00:12:49,980

Suzanne Ghanem holds the record for being able to identify relatives of her prior life.

120

00:12:49,980 --> 00:12:56,980

She walked into a room and identified 25 different relatives by name in their relationship.

121

00:12:57,980 --> 00:13:03,980

In another case study, Dr. Stevenson traveled to India to research the claims

122

00:13:03,980 --> 00:13:07,980

of one of the most notorious reincarnations in the region.

123

00:13:09,980 --> 00:13:13,980

There's the interesting case of Shanti Devi in India.

124

00:13:13,980 --> 00:13:18,980

She was born in 1926, and at the age of four,

125

00:13:18,980 --> 00:13:25,980

she began telling her parents that she was the reincarnation of this other woman from another town called Mathura.

126

00:13:27,980 --> 00:13:34,980

Mathura is a small village over 100 miles away from Shanti's hometown of Delhi.

127

00:13:34,980 --> 00:13:37,980

By the time Shanti Devi was nine years old,

128

00:13:37,980 --> 00:13:44,980

she had convinced her parents of her prior existence and was put in contact with her former family.

129

00:13:44,980 --> 00:13:51,980

The young girl spoke directly with the man she claimed she was married to in her previous life.

130

00:13:51,980 --> 00:13:55,980

Shanti Devi gives very accurate information,

131

00:13:55,980 --> 00:13:58,980

knows exactly where she lived in this past life,

132

00:13:58,980 --> 00:14:02,980

the names of people in her family, her husband specifically.

133

00:14:02,980 --> 00:14:06,980

She eventually met this family and her husband from a previous life,

134

00:14:06,980 --> 00:14:14,980

and lo and behold, these people embraced her and agreed that she is this lost relative from another life.

135

00:14:14,980 --> 00:14:20,980

Eventually, Mahatma Gandhi himself got involved in this whole story.

136

00:14:20,980 --> 00:14:28,980

He had an investigation made, and in 1936, Gandhi himself said that he was satisfied

137

00:14:28,980 --> 00:14:32,980

that she was the reincarnation of this other woman.

138

00:14:36,980 --> 00:14:41,980

In some reincarnation cases, like that of an English woman named Dorothy Eddy,

139

00:14:41,980 --> 00:14:45,980

the past life recall went much further back in history.

140

00:14:46,980 --> 00:14:50,980

As a young girl, after a near-death experience,

141

00:14:50,980 --> 00:14:58,980

she began recalling her life as a temple virgin in Egypt during the reign of Sadi I in the 14th century BC.

142

00:15:00,980 --> 00:15:06,980

Eddy eventually moved to Abidus, Egypt, took on the name Om Sadi,

143

00:15:06,980 --> 00:15:11,980

and became a respected Egyptologist and the keeper of the Temple of Sadi.

144

00:15:12,980 --> 00:15:20,980

It was really interesting because she was one of very few that perfected the ancient Egyptian language.

145

00:15:20,980 --> 00:15:29,980

She could speak it. I can translate, I can try to read, but she could speak it.

146

00:15:29,980 --> 00:15:33,980

And she would go to the other Egyptologists and tell them,

147

00:15:33,980 --> 00:15:38,980

the gardens of whatever is down here, dig here, you'll find it.

148

00:15:39,980 --> 00:15:46,980

And most thought she was just crazy, but they did, and they find it.

149

00:15:46,980 --> 00:15:51,980

She had the information. She knew things no one else would know.

150

00:15:51,980 --> 00:15:59,980

There was literally no explanation of how she knew the things she knew,

151

00:16:00,980 --> 00:16:11,980

of how she understood the language, how she predicted the placement of ruins under the ground.

152

00:16:11,980 --> 00:16:19,980

I don't think anyone up till today has an explanation of knowing how she knew that,

153

00:16:19,980 --> 00:16:25,980

because she wasn't right once and wrong three times. She was always right.

154

00:16:26,980 --> 00:16:33,980

Om Sadi came back with a very clear memory of her past life,

155

00:16:33,980 --> 00:16:41,980

specifically to find her way back to Egypt, but also to educate us.

156

00:16:41,980 --> 00:16:48,980

When you see someone speaking about their past life with such credibility, such accuracy,

157

00:16:48,980 --> 00:16:53,980

this tells us that there is more to it than this life.

158

00:16:53,980 --> 00:16:59,980

So they are actually teaching us about other worlds, other realities,

159

00:16:59,980 --> 00:17:02,980

and what we are perhaps here to do.

160

00:17:04,980 --> 00:17:11,980

Although Om Sadi made significant contributions to the study of ancient Egypt and its people,

161

00:17:11,980 --> 00:17:17,980

it is her claim to have been reincarnated that may be her most important legacy.

162

00:17:18,980 --> 00:17:23,980

But if reincarnation is proven to exist, why?

163

00:17:23,980 --> 00:17:32,980

And what does it reveal, not only about our past lives, but also our future ones?

164

00:17:33,980 --> 00:17:45,980

The Valley of the Kings, Luxor Egypt

165

00:17:45,980 --> 00:17:54,980

Opposite from the famous burial chamber of King Tut, is a small crypt, KV 55.

166

00:17:54,980 --> 00:18:00,980

It is known only by a number, because even though it was discovered over a century ago,

167

00:18:00,980 --> 00:18:03,980

no one is certain who was buried there.

168

00:18:03,980 --> 00:18:09,980

Initially, it was thought to belong to King Tut's father, Akhenaten.

169

00:18:09,980 --> 00:18:16,980

But radiological examination suggested the body belonged to a much younger man.

170

00:18:20,980 --> 00:18:26,980

This is a KV 55 in the Valley of the Kings, away from the public eye.

171

00:18:26,980 --> 00:18:33,980

Most Egyptologists and archaeologists are baffled and have a lot of questions.

172

00:18:33,980 --> 00:18:38,980

Very little is known about this term. Let's get in.

173

00:18:41,980 --> 00:18:46,980

One of the most common features of all the tombs in the Valley of the Kings

174

00:18:46,980 --> 00:18:51,980

is the amount of wall paintings on the tombs, explaining everything,

175

00:18:51,980 --> 00:18:58,980

and telling the world that this is the tomb of that king, and this is how great that king is.

176

00:18:58,980 --> 00:19:03,980

But look at this tomb, completely empty.

177

00:19:03,980 --> 00:19:10,980

In 1907, archaeologists allegedly found an ominous curse on the wall,

178

00:19:10,980 --> 00:19:17,980

assuring that whoever occupied this tomb would not return in a subsequent life.

179

00:19:17,980 --> 00:19:24,980

When they first opened this tomb, they found little remains of hieroglyphics on this wall

180

00:19:24,980 --> 00:19:29,980

that says that evil one should not live again.

181

00:19:32,980 --> 00:19:40,980

Inside, archaeologists found a coffin with the remains of a mummified body within a long-gated head.

182

00:19:40,980 --> 00:19:44,980

The right side of its skull was smashed in.

183

00:19:45,980 --> 00:19:51,980

But perhaps the most striking feature of the tomb is that unlike all other tombs in the Valley,

184

00:19:51,980 --> 00:19:54,980

it was not built to keep grave robbers out.

185

00:19:54,980 --> 00:20:01,980

It was built specifically to keep someone, or something, trapped inside.

186

00:20:01,980 --> 00:20:05,980

This is the burial chamber of the tomb.

187

00:20:05,980 --> 00:20:10,980

Right here is exactly where the sarcophagus would have gone.

188

00:20:14,980 --> 00:20:20,980

And to north, south, east, and west of the sarcophagus

189

00:20:20,980 --> 00:20:28,980

were the four magical cardinal blocks that protects the tomb from any intruders.

190

00:20:31,980 --> 00:20:40,980

This is a part of some of the magical blocks that surrounded the sarcophagus.

191

00:20:40,980 --> 00:20:47,980

These rocks in every other tomb had inscriptions on the outside, on the side facing the world,

192

00:20:47,980 --> 00:20:51,980

so it protects the tomb from the world except for this tomb.

193

00:20:51,980 --> 00:20:58,980

This tomb, the rocks had hieroglyphics with the inscriptions on the inside,

194

00:20:58,980 --> 00:21:05,980

as if they intentionally wanted to protect the outside world from the contents of this tomb.

195

00:21:06,980 --> 00:21:11,980

The ancient Egyptians were strong believers in reincarnation

196

00:21:11,980 --> 00:21:18,980

and even had a specific name for the part of the individual that detaches itself from the body after death.

197

00:21:18,980 --> 00:21:22,980

They referred to it as ba.

198

00:21:22,980 --> 00:21:27,980

The ba is the personality, the ba is the character.

199

00:21:28,980 --> 00:21:37,980

Every human had a ba, and the ba is the part they believed moves out

200

00:21:37,980 --> 00:21:43,980

and is reincarnated in another life, another living human.

201

00:21:45,980 --> 00:21:52,980

Ancient astronaut theorists suggest that the concept of what the Egyptians referred to as the ba

202

00:21:52,980 --> 00:21:59,980

or the detachment of the spirit from the body has been depicted in artwork throughout history.

203

00:22:00,980 --> 00:22:07,980

Across the globe, over 1.5 billion people believe in reincarnation,

204

00:22:07,980 --> 00:22:14,980

including nearly all Eastern philosophies as well as the Kabbalistic sect of Judaism.

205

00:22:15,980 --> 00:22:22,980

Tibetans believe rebirth. All the sentient beings are rebirth.

206

00:22:24,980 --> 00:22:29,980

Rebirth is unlimited, it's not beginning, it already exists.

207

00:22:30,980 --> 00:22:39,980

Our body is the vessel of the consciousness, and when consciousness travels to the next form, that's the vessel.

208

00:22:40,980 --> 00:22:47,980

You don't necessarily get rebirth. The human being is rebirth, animals, any sentient beings.

209

00:22:48,980 --> 00:22:57,980

In the Kabbalistic tradition of Judaism, reincarnation is considered a fundamental belief.

210

00:22:58,980 --> 00:23:04,980

And unlike other religions which believe you have only one lifetime in which to get it right,

211

00:23:05,980 --> 00:23:14,980

in the Kabbalistic tradition, it is believed that souls are given multiple chances to get it right.

212

00:23:15,980 --> 00:23:20,980

So souls are believed to reincarnate time after time.

213

00:23:24,980 --> 00:23:30,980

The idea of the pre-existence of the soul was once a significant doctrine of the Christian canon.

214

00:23:30,980 --> 00:23:38,980

Before it had been excised from the teachings by Roman Emperor Justinian the Great in 553 AD.

215

00:23:39,980 --> 00:23:45,980

The early Christian belief in reincarnation was eventually declared a heresy.

216

00:23:46,980 --> 00:23:51,980

Instead of recycling to earth over and over again, you now only have one destination after this life.

217

00:23:51,980 --> 00:23:57,980

That destination is either heaven or it's hell, depending on how you behaved in life.

218

00:23:57,980 --> 00:24:00,980

It was used as a control mechanism.

219

00:24:01,980 --> 00:24:09,980

In ancient Greece, Socrates, Pythagoras, and Plato all commented on the possibility of reincarnation.

220

00:24:11,980 --> 00:24:17,980

In the dialogues, Plato says, I am confident that there truly is such a thing as living again,

221

00:24:18,980 --> 00:24:23,980

and that the living spring from the dead. So here's a strong sense of reincarnation.

222

00:24:24,980 --> 00:24:30,980

There are many beliefs around the world that reincarnation exists.

223

00:24:31,980 --> 00:24:38,980

Some people believe that certain types of souls are able to come back, not just in one body,

224

00:24:39,980 --> 00:24:43,980

but in several bodies that wants to perform specific tasks.

225

00:24:44,980 --> 00:24:49,980

And that's one of the reasons why there are so many more people on the earth today than there used to be.

226

00:24:49,980 --> 00:24:54,980

And also it is possible for you to reincarnate from other planets.

227

00:24:55,980 --> 00:25:03,980

Ofentimes when reincarnation is discussed, we only talk about it that people are reincarnated here on earth.

228

00:25:04,980 --> 00:25:10,980

And I personally always thought that that was a limiting idea of reincarnation.

229

00:25:11,980 --> 00:25:18,980

I think even extraterrestrial organisms, biological ones, would be reincarnated throughout the universe.

230

00:25:20,980 --> 00:25:31,980

If souls are indeed recycling through various bodies, as so many cultures, both ancient and modern have proposed,

231

00:25:32,980 --> 00:25:36,980

is this simply the natural continuation of life?

232

00:25:37,980 --> 00:25:45,980

Or might this process be directed towards some greater end, one that reaches far beyond earth?

233

00:25:46,980 --> 00:25:56,980

Perhaps further clues can be found by examining the stories of those who claim to have been reincarnated with a specific purpose for humanity.

234

00:26:03,980 --> 00:26:09,980

Daramshala India, May 17th, 2015

235

00:26:10,980 --> 00:26:17,980

We want the freedom! We want freedom! We want freedom! We want China!

236

00:26:18,980 --> 00:26:30,980

Tibetan exiles in India, including the current Dalai Lama, renew their call for communist China to release the high-ranking Buddhist monk they have held captive for the past 20 years.

237

00:26:31,980 --> 00:26:36,980

Garan Chokinima is considered one of the world's longest-held political prisoners.

238

00:26:37,980 --> 00:26:47,980

He has been held captive since 1995, when at the age of six, he was recognized as the 11th reincarnation of the Panchen Lama,

239

00:26:48,980 --> 00:26:53,980

the second most important spiritual leader of Tibet after the Dalai Lama himself.

240

00:26:54,980 --> 00:26:59,980

The Dalai Lama unilaterally announced that they'd found the Panchen Lama.

241

00:27:00,980 --> 00:27:06,980

Now, the Chinese placed him under house arrest in China, and he's not been heard from since.

242

00:27:07,980 --> 00:27:11,980

The Chinese government installed effectively their own candidate.

243

00:27:12,980 --> 00:27:18,980

The reason for this seems to be that the previous Panchen Lama had spoken out against Chinese communism,

244

00:27:19,980 --> 00:27:22,980

and the Chinese government was probably worried about that.

245

00:27:23,980 --> 00:27:31,980

Like most other Eastern religions, the belief in reincarnation is central to the Tibetan Buddhist philosophy.

246

00:27:32,980 --> 00:27:42,980

The current Dalai Lama is the 14th in his reincarnation lineage, but he claims to be the 74th incarnation of his spirit,

247

00:27:43,980 --> 00:27:49,980

which is said to trace back to the deity Chenrezig, the founding god of the Tibetan people.

248

00:27:49,980 --> 00:27:58,980

The Buddha Chenrezig is a very special, dedicated compassion Buddha manifested for Tibet.

249

00:27:59,980 --> 00:28:08,980

Chenrezig is manifesting in the form of the human being to help the people and of course the earth.

250

00:28:09,980 --> 00:28:16,980

This being continues to come back through reincarnations to simply help the Tibetan people,

251

00:28:16,980 --> 00:28:23,980

and the humans on the earth to also find their way to enlightenment.

252

00:28:24,980 --> 00:28:35,980

It is said that Chenrezig made a vow that he would not rest until he had liberated all the beings in all the realms of suffering.

253

00:28:36,980 --> 00:28:44,980

Tibetan Buddhists believe that in the form of the Dalai Lama, he returns to earth in a quest to fulfill this mission.

254

00:28:46,980 --> 00:28:52,980

But according to ancient astronaut theorists, Chenrezig was not merely an enlightened being.

255

00:28:53,980 --> 00:28:57,980

He was an extraterrestrial visitor to earth in the remote past.

256

00:28:58,980 --> 00:29:10,980

In many of the renderings similar to his, you have these Buddhas that are in this lotus position that seem to be sitting inside some sort of vehicles.

257

00:29:10,980 --> 00:29:16,980

They look like lotus flowers and you have them surrounded by flames and smoke.

258

00:29:18,980 --> 00:29:27,980

Chenrezig is often seen floating in a kind of UFO shaped disk with different objects around him.

259

00:29:28,980 --> 00:29:38,980

So it would seem that really for Tibetan Buddhists, the Dalai Lama is a reincarnation of some kind of extraterrestrial god

260

00:29:38,980 --> 00:29:51,980

who has chosen the Tibetan people as his people and he continually reincarnates over and over again to lead these people.

261

00:29:55,980 --> 00:30:04,980

According to researchers, the vast majority of reincarnated individuals are completely unaware of their previous lives.

262

00:30:05,980 --> 00:30:15,980

But if the Dalai Lama is returning to fulfill a recognized mission, could there be others who knowingly come back with a task to complete?

263

00:30:20,980 --> 00:30:24,980

Hila, Iraq, just over 50 miles south of Baghdad,

264

00:30:25,980 --> 00:30:36,980

scattered over 2,000 acres in the center of the war-torn nation, lie the ruins of one of the ancient world's greatest cities, Babylon.

265

00:30:38,980 --> 00:30:45,980

During the 1980s, Iraqi dictator Saddam Hussein attempted to reconstruct the city.

266

00:30:46,980 --> 00:30:56,980

He built himself a replica structure on the ancient foundation of the palace of the 6th century Babylonian king Nebuchadnezzar II

267

00:30:57,980 --> 00:31:02,980

and even made plans to restore his famous Hanging Gardens.

268

00:31:04,980 --> 00:31:12,980

In 1991, during the first Gulf War, the world was introduced to Saddam Hussein, both as a military dictator,

269

00:31:12,980 --> 00:31:19,980

but also, we learned during the 1980s, Saddam had spent over \$500 million rebuilding Babylon.

270

00:31:20,980 --> 00:31:27,980

One of the interesting things that came out in the news around the time of the first Gulf War with Iraq

271

00:31:27,980 --> 00:31:33,980

was that Saddam Hussein believed that he was the reincarnation of Nebuchadnezzar II.

272

00:31:35,980 --> 00:31:41,980

Saddam Hussein said that he was the reincarnation of Nebuchadnezzar.

273

00:31:41,980 --> 00:31:46,980

He had coins made with his image on one side and Nebuchadnezzar on the other.

274

00:31:47,980 --> 00:31:53,980

The original bricks of Babylon had the name Nebuchadnezzar engraved on them.

275

00:31:54,980 --> 00:32:00,980

When Saddam rebuilt the ancient city of Babylon, he had bricks inscribed with his own name

276

00:32:00,980 --> 00:32:04,980

and the name Nebuchadnezzar engraved on them as well.

277

00:32:05,980 --> 00:32:12,980

Nebuchadnezzar II was a powerful and ambitious ruler.

278

00:32:13,980 --> 00:32:17,980

And during his reign, he made Babylon the most powerful kingdom in the region.

279

00:32:19,980 --> 00:32:27,980

Much like Saddam Hussein, Nebuchadnezzar II also set out to reconstruct the already ancient city,

280

00:32:27,980 --> 00:32:31,980

specifically focusing on restoring the great Sigurot of Babylon.

281

00:32:31,980 --> 00:32:34,980

The Entomunaki Temple.

282

00:32:37,980 --> 00:32:44,980

Scholars have proposed that the site may actually be the former location of the Biblical Tower of Babylon,

283

00:32:44,980 --> 00:32:51,980

which was constructed after the Great Flood by orders of the ancient king Nimrod.

284

00:32:52,980 --> 00:32:56,980

Ancient legend tells us that King Nebuchadnezzar was indeed himself,

285

00:32:57,980 --> 00:33:01,980

a reincarnation of the earlier Babylonian king Nimrod.

286

00:33:02,980 --> 00:33:09,980

Nimrod was the first world dictator who created what was a world empire.

287

00:33:10,980 --> 00:33:13,980

Nimrod was of the descendants of Noah.

288

00:33:13,980 --> 00:33:16,980

Now, Noah was very unique, very interesting.

289

00:33:16,980 --> 00:33:22,980

He was born with certain attributes, which indicated that he was not of this world.

290

00:33:23,980 --> 00:33:30,980

If this is true, could it be that Saddam Hussein was not only a reincarnation of Nebuchadnezzar II,

291

00:33:30,980 --> 00:33:35,980

but also the Biblical character known as Nimrod?

292

00:33:36,980 --> 00:33:44,980

And might this being have returned to fulfill a mission he was unable to complete in his earlier incarnation?

293

00:33:46,980 --> 00:33:50,980

What we're seeing here is actually a progression of a soul or a spirit,

294

00:33:50,980 --> 00:33:56,980

beginning with Nimrod, going through Nebuchadnezzar, and then reincarnating as Saddam Hussein,

295

00:33:56,980 --> 00:34:01,980

who was trying to do exactly the same thing in each lifetime.

296

00:34:03,980 --> 00:34:11,980

If the existence of the human soul can be proven, could it really carry remnants from previous lives?

297

00:34:12,980 --> 00:34:19,980

Ancient astronaut theorists say yes, and point to a number of recent scientific discoveries for their proof,

298

00:34:19,980 --> 00:34:26,980

not only of reincarnation, but of mankind's ancient alien origins.

299

00:34:26,980 --> 00:34:31,980

The End

300

00:34:37,980 --> 00:34:41,980

Stanton, Kentucky, July 2016

301

00:34:43,980 --> 00:34:50,980

A witness to the aftermath of a fatal traffic collision takes a photograph of the scene as he drives past.

302

00:34:51,980 --> 00:34:58,980

Upon examination of the picture, he notices the vestige of a figure floating above the scene.

303

00:35:00,980 --> 00:35:06,980

Many have suggested that this chilling photograph actually shows the soul leaving the body.

304

00:35:07,980 --> 00:35:17,980

And today, an increasing number of scientists support the notion that there may really be a spirit that continues on after the body dies.

305

00:35:20,980 --> 00:35:30,980

The vast body of information supporting the concept or the idea of reincarnation is getting stronger and stronger.

306

00:35:30,980 --> 00:35:37,980

There's nothing in the science that precludes that, and there's some information that actually supports it.

307

00:35:39,980 --> 00:35:48,980

In 1996, renowned physicist Sir Roger Penrose and anesthesiologist Dr. Stuart Hammeron

308

00:35:48,980 --> 00:35:55,980

developed a quantum theory of consciousness that supports the notion of a separate state of an individual

309

00:35:55,980 --> 00:35:59,980

that can exist beyond the confines of a physical body.

310

00:36:01,980 --> 00:36:08,980

Their work highlights structures called microtubules, which they suggest is the seat of the soul.

311

00:36:09,980 --> 00:36:17,980

Microtubules are light pipes that allow electrons to flow unimpeded so the body can talk to itself.

312

00:36:19,980 --> 00:36:25,980

It allows consciousness to flow throughout the body, at least so the theory goes.

313

00:36:29,980 --> 00:36:34,980

According to their theory, the soul itself exists in an energetic state.

314

00:36:36,980 --> 00:36:41,980

When the body dies, it returns to the universe as it cannot be destroyed.

315

00:36:42,980 --> 00:36:49,980

And in the case of near-death experiences, it may later return to the body after resuscitation.

316

00:36:50,980 --> 00:37:00,980

Their theory suggests that what is happening is that some energetic quantum essence of consciousness itself that can exist as pure energy

317

00:37:00,980 --> 00:37:10,980

is exiting the body and then when the body becomes viable again, it is able to re-inhabit the body through using these microtubules much like the idea of an antenna.

318

00:37:11,980 --> 00:37:17,980

We have the possibility that this is an intelligent design, that there could be intelligent beings before us

319

00:37:17,980 --> 00:37:24,980

who specifically designed these biological bodies to be vessels for the soul.

320

00:37:28,980 --> 00:37:39,980

According to ancient astronaut theorists, our latest scientific discoveries reflect the stories written by our ancestors over 3,500 years ago,

321

00:37:39,980 --> 00:37:45,980

detailing how the gods fashioned the human body to possess a soul or spirit.

322

00:37:47,980 --> 00:37:55,980

When you look at one of the earliest creation myths from Mesopotamia, they talked about how in order for a human body to be animated,

323

00:37:55,980 --> 00:38:01,980

the gods needed to connect the soul to it or a spiritual or consciousness to it.

324

00:38:01,980 --> 00:38:04,980

Otherwise, it just doesn't function.

325

00:38:05,980 --> 00:38:10,980

The gods in ancient stories have all the hallmarks of what we call extraterrestrials.

326

00:38:10,980 --> 00:38:17,980

They're deeply interested in the idea of the soul, how to move the soul from one body to another.

327

00:38:17,980 --> 00:38:20,980

We call that reincarnation.

328

00:38:20,980 --> 00:38:30,980

So the historical record of extraterrestrials tweaking human bodies suggests that the ultimate purpose of this genetic alteration

329

00:38:30,980 --> 00:38:34,980

is to make the human body a better vehicle for the soul.

330

00:38:37,980 --> 00:38:45,980

Are scientists on the verge of uncovering a profound truth that man really does possess a soul?

331

00:38:45,980 --> 00:38:51,980

And human bodies are physiologically designed to support it, as our ancestors claimed.

332

00:38:52,980 --> 00:39:00,980

Ancient astronaut theorists say yes and believe the more important question is why.

333

00:39:08,980 --> 00:39:13,980

New York City College of Technology, August 2016.

334

00:39:14,980 --> 00:39:26,980

Physicist Gregory Madloff publishes a paper arguing that consciousness may extend beyond humans and that the universe itself might be self-aware.

335

00:39:26,980 --> 00:39:34,980

Prominent scientists like Kristof Koch and Sir Roger Penrose also support this notion.

336

00:39:35,980 --> 00:39:42,980

And researchers studying reincarnation believe it might help explain why souls are continuously recycled.

337

00:39:42,980 --> 00:39:51,980

There seems to be a process where you reincarnate repeatedly because there is a larger consciousness that you're a part of.

338

00:39:51,980 --> 00:39:59,980

In short, we upload and download consciousness and we're creating a common body of information.

339

00:40:00,980 --> 00:40:16,980

Cosmic consciousness is expansive. It allows us to imagine the possibilities beyond our 3D reality, beyond our limited way of seeing this reality right here on the Earth.

340

00:40:17,980 --> 00:40:27,980

But if human bodies were created as vessels for the soul by extraterrestrial beings, as some ancient astronaut theorists propose,

341

00:40:27,980 --> 00:40:33,980

was it to feed the human experience into a shared cosmic consciousness?

342

00:40:33,980 --> 00:40:41,980

And if so, could the key to uncovering the truth about our alien origins be walking amongst us today?

343

00:40:41,980 --> 00:40:55,980

Some of the souls that are currently walking around planet Earth have been around for a very long time and may be traced back to extraterrestrials visiting in their remote past.

344

00:40:55,980 --> 00:41:00,980

The truth of our past could definitely be part of our future.

345

00:41:02,980 --> 00:41:10,980

Extraterrestrial reincarnated souls have been with us for thousands and thousands of years, guiding us.

346

00:41:10,980 --> 00:41:18,980

Leading us over and over again as best they can to help us achieve our various goals.

347

00:41:18,980 --> 00:41:29,980

We have to realize that extraterrestrial knowledge is present in our world, that these souls carry direct evidence and knowledge from our past

348

00:41:29,980 --> 00:41:34,980

and are perhaps being used to fulfill the mission of these extraterrestrial beings.

349

00:41:35,980 --> 00:41:44,980

Is it possible that humans are designed to carry the souls of other worldly beings that came to Earth thousands of years ago?

350

00:41:44,980 --> 00:41:54,980

Perhaps as we learn more about reincarnation, we will be able to access ancient knowledge seated deep within each of us.

351

00:41:54,980 --> 00:42:03,980

We may also discover that the truths about our extraterrestrial past are much closer than we ever realized.
