

1

00:00:00,000 --> 00:00:02,000

There is where Area 51 is.

2

00:00:02,000 --> 00:00:03,000

Oh, wow.

3

00:00:03,000 --> 00:00:08,000

It is America's most infamous military installation.

4

00:00:08,000 --> 00:00:15,000

For decades, witnesses in that area are seeing unusual craft hovering over the base.

5

00:00:15,000 --> 00:00:23,000

The place where top-secret experiments involving alien technology are rumored to be taking place.

6

00:00:23,000 --> 00:00:27,000

There is extraterrestrial technology at Area 51.

7

00:00:27,000 --> 00:00:32,000

But is Area 51 still viable now that the top-secret is out?

8

00:00:32,000 --> 00:00:37,000

This underground expansion has stretched all the way through Nevada into Utah.

9

00:00:37,000 --> 00:00:46,000

Or do other, even more covert places exist where mankind's extraterrestrial future is being prepared?

10

00:00:46,000 --> 00:00:50,000

Where are Areas 52, 53 and 54?

11

00:00:57,000 --> 00:01:00,000

DEdos

12

00:01:01,000 --> 00:01:06,000

7

13

00:01:13,000 --> 00:01:17,000

CREDITS

14

00:01:17,000 --> 00:01:23,000

Langley, Virginia, August 15, 2013.

15

00:01:23,000 --> 00:01:28,000

After decades of secrecy, denials, and cover-ups,

16

00:01:28,000 --> 00:01:32,000

the CIA declassifies documents which acknowledge the existence

17

00:01:32,000 --> 00:01:38,000

of a top-secret military research facility known as Area 51.

18

00:01:38,000 --> 00:01:41,000

This was an historic announcement.

19

00:01:41,000 --> 00:01:45,000

Finally, these years of rumors of the war

20

00:01:45,000 --> 00:01:50,000

and the conspiracy theory community had been claiming to be true,

21

00:01:50,000 --> 00:01:52,000

had been validated.

22

00:01:52,000 --> 00:01:55,000

The federal government was forced to acknowledge the existence

23

00:01:55,000 --> 00:02:00,000

of the Area 51 base because of a Freedom of Information Act request.

24

00:02:00,000 --> 00:02:02,000

It took them over a decade to actually respond,

25

00:02:02,000 --> 00:02:05,000

but in the end, they eventually had to admit what everybody already knew,

26

00:02:05,000 --> 00:02:08,000

which was that Area 51 did exist.

27

00:02:08,000 --> 00:02:13,000

Since 1955, this top-secret base has been a secret base

28

00:02:13,000 --> 00:02:18,000

located in the remote desert of southern Nevada,

29

00:02:18,000 --> 00:02:23,000

has been considered the epicenter of the military's most classified projects,

30

00:02:23,000 --> 00:02:29,000

from the U-2 spy plane to the F-117 stealth fighter.

31

00:02:29,000 --> 00:02:33,000

But many believe that in the darkest corners of Area 51,

32

00:02:33,000 --> 00:02:36,000

lurks an even bigger secret,

33

00:02:36,000 --> 00:02:42,000

one that hides the ultimate evidence of extraterrestrial contact.

34

00:02:43,000 --> 00:02:48,000

While the admission that Area 51 existed was important,

35

00:02:48,000 --> 00:02:51,000

it didn't go far enough for many people who were hoping

36

00:02:51,000 --> 00:02:54,000

that the government was going to confirm all the rumors about

37

00:02:54,000 --> 00:02:58,000

crashed UFOs and recovered alien technology were true.

38

00:02:58,000 --> 00:03:02,000

But the government said nothing about that.

39

00:03:02,000 --> 00:03:07,000

They only gave us the exact minimal amount of information that was requested.

40

00:03:07,000 --> 00:03:09,000

They did not give us any more information,

41

00:03:09,000 --> 00:03:12,000

and they certainly appear to still be covering up

42

00:03:12,000 --> 00:03:16,000

what exactly goes on at Area 51.

43

00:03:16,000 --> 00:03:19,000

Over the years, there have been a number of claims by people

44

00:03:19,000 --> 00:03:21,000

who have been associated with Area 51,

45

00:03:21,000 --> 00:03:23,000

who have spoken to journalists or whistleblowers,

46

00:03:23,000 --> 00:03:26,000

in which they have stated quite explicitly

47

00:03:26,000 --> 00:03:30,000

that there is extraterrestrial technology at Area 51.

48

00:03:30,000 --> 00:03:35,000

The theory was that they had hired propulsion experts,

49

00:03:35,000 --> 00:03:42,000

engineers, physicists, to reverse engineer alien propulsion technology,

50

00:03:42,000 --> 00:03:45,000

which was so far in advance of ours,

51

00:03:45,000 --> 00:03:48,000

and they were doing that at Area 51.

52

00:03:48,000 --> 00:03:52,000

We also have rumors that there are alien spacecraft on the base

53

00:03:52,000 --> 00:03:57,000

that have actually been tested and flown out of Area 51.

54

00:03:57,000 --> 00:04:00,000

Is it possible that scientists at Area 51

55

00:04:00,000 --> 00:04:03,000

have been able to not merely study,

56

00:04:03,000 --> 00:04:09,000

but successfully reverse engineer an extraterrestrial craft?

57

00:04:09,000 --> 00:04:16,000

For 30 years, people have gone to the perimeter with binoculars, telescopes,

58

00:04:16,000 --> 00:04:22,000

and they've seen bright objects moving in angular motions, or zigzag motions,

59

00:04:22,000 --> 00:04:26,000

and in ways that seem to be well beyond anything that we have ever seen,

60

00:04:26,000 --> 00:04:31,000

and propulsion technology that's not readily identifiable.

61

00:04:32,000 --> 00:04:36,000

But if Area 51 is the place where the U.S. government

62

00:04:36,000 --> 00:04:39,000

is conducting its most top-secret military research,

63

00:04:39,000 --> 00:04:44,000

and possibly hiding decades of evidence concerning alien contact,

64

00:04:44,000 --> 00:04:47,000

just how secret is it now?

65

00:04:47,000 --> 00:04:50,000

If everyone knows that it exists,

66

00:04:50,000 --> 00:04:52,000

and what kind of work is done there,

67

00:04:52,000 --> 00:04:59,000

could Area 51 have outlived its purpose as a strategic military asset?

68

00:05:01,000 --> 00:05:06,000

In search of the answers, ancient astronaut theorist Giorgio Suclos

69

00:05:06,000 --> 00:05:09,000

has traveled to Henderson, Nevada.

70

00:05:09,000 --> 00:05:12,000

He is arranged to meet with T.D. Barnes,

71

00:05:12,000 --> 00:05:17,000

a former electrical engineer who worked on classified military projects

72

00:05:17,000 --> 00:05:21,000

at Area 51 for more than four decades.

73

00:05:21,000 --> 00:05:24,000

I'll take my wife back in 2009.

74

00:05:24,000 --> 00:05:27,000

That's when she first learned where I worked and what it is.

75

00:05:27,000 --> 00:05:31,000

Only in 2009, and when did you start your work there?

76

00:05:31,000 --> 00:05:33,000

I actually started in 1960.

77

00:05:33,000 --> 00:05:35,000

So almost 50 years.

78

00:05:35,000 --> 00:05:37,000

You kept it a secret from your life.

79

00:05:37,000 --> 00:05:38,000

She had no idea.

80

00:05:38,000 --> 00:05:40,000

And what did you work on?

81

00:05:40,000 --> 00:05:43,000

I was a radar electronics, mostly Soviet.

82

00:05:43,000 --> 00:05:47,000

Okay. Let's hypothetically say that a UFO crashes,

83

00:05:47,000 --> 00:05:49,000

and you get a hold of it.

84

00:05:49,000 --> 00:05:53,000

Would we be able to reverse engineer that technology?

85

00:05:53,000 --> 00:05:55,000

Well, I think we could.

86

00:05:55,000 --> 00:06:00,000

Even back in the 1980s, we had what you call the rods from God

87

00:06:00,000 --> 00:06:02,000

that we had put into space in orbit,

88

00:06:02,000 --> 00:06:05,000

and that there were nothing but rods that you could release

89

00:06:05,000 --> 00:06:09,000

and just the speed in which they would re-enter the earth's atmosphere

90

00:06:09,000 --> 00:06:12,000

that were designed to penetrate bunkers and things like this.

91

00:06:12,000 --> 00:06:14,000

Wow.

92

00:06:14,000 --> 00:06:18,000

I mean, for all intents and purposes, that was a secret space program.

93

00:06:18,000 --> 00:06:23,000

Do you think that this secret space program still exists today?

94

00:06:23,000 --> 00:06:26,000

Oh, much more, I'm sure. Much more.

95

00:06:26,000 --> 00:06:31,000

You imagine now what we've developed back then, they were able to apply later on.

96

00:06:31,000 --> 00:06:33,000

They just leaked probe into technology.

97

00:06:33,000 --> 00:06:34,000

Okay.

98

00:06:34,000 --> 00:06:40,000

Now, while you were working there, did you ever see anything weird up in the sky?

99

00:06:40,000 --> 00:06:43,000

Oh, absolutely. Plains that no one else has ever seen.

100

00:06:43,000 --> 00:06:45,000

They had no wings. They just flying back to them.

101

00:06:45,000 --> 00:06:48,000

You see something like that? It looks like flying saucer.

102

00:06:48,000 --> 00:06:49,000

Wow.

103

00:06:49,000 --> 00:06:55,000

In your estimation, when you read these stories about some companies trying to develop a warp drive

104

00:06:55,000 --> 00:07:02,000

or even an anti-matter propulsion system, is this something actually achievable?

105

00:07:02,000 --> 00:07:10,000

Believe me, we are trying to know all types of new propulsion materials and our gravity.

106

00:07:10,000 --> 00:07:14,000

We are advancing big time in fields that we can only imagine.

107

00:07:14,000 --> 00:07:16,000

That's tremendous.

108

00:07:16,000 --> 00:07:24,000

But if, as TD Barnes suggests, the military has successfully reverse engineered anti-gravity

109

00:07:24,000 --> 00:07:31,000

and flying saucer technologies at Area 51, what are they working on now?

110

00:07:31,000 --> 00:07:38,000

And if its purpose is still to operate as the government's most highly classified top secret laboratory,

111

00:07:38,000 --> 00:07:47,000

why would they admit to the existence of Area 51, especially after decades of silence?

112

00:07:47,000 --> 00:07:57,000

One possibility about the public announcement that Area 51 exists is that the real action has moved elsewhere.

113

00:07:57,000 --> 00:08:03,000

In other words, the CIA, the government only felt able to come clean about this

114

00:08:03,000 --> 00:08:06,000

because the real secrets had been moved somewhere else.

115

00:08:06,000 --> 00:08:12,000

So in a real sense, perhaps, the question isn't so much what's going on at Area 51,

116

00:08:12,000 --> 00:08:17,000

but what's going on at Area 52, 53 and 54?

117

00:08:17,000 --> 00:08:22,000

Area 52, 53 and 54?

118

00:08:22,000 --> 00:08:29,000

Might there really be other, even more secret locations where the government is continuing to study

119

00:08:29,000 --> 00:08:34,000

and replicate extraterrestrial technology?

120

00:08:34,000 --> 00:08:40,000

Having one big place where everybody is doing the research is not a good idea

121

00:08:40,000 --> 00:08:43,000

because it would be hard to hide from the general public.

122

00:08:43,000 --> 00:08:51,000

So the idea that there might be any single individual Area 51 where they're reverse engineering alien spacecraft,

123

00:08:51,000 --> 00:08:54,000

now that seems a little bit an outdated concept.

124

00:08:54,000 --> 00:08:59,000

If I were going to do it, I would spread the technology pieces out across the country.

125

00:09:00,000 --> 00:09:09,000

Is it possible that the reason government officials revealed the existence of Area 51 is because they want to use it as a decoy?

126

00:09:09,000 --> 00:09:18,000

One that takes the focus away from their other, perhaps even bigger operations at numerous sites all across the United States?

127

00:09:18,000 --> 00:09:24,000

So the fact that they would finally admit that Area 51 exists is actually, to my mind, a smoke screen.

128

00:09:24,000 --> 00:09:28,000

What's really going on is that you've got all these massive underground facilities.

129

00:09:28,000 --> 00:09:35,000

You can take all the really good stuff you don't want anybody to see and simply move it somewhere else in the blink of an eye.

130

00:09:37,000 --> 00:09:43,000

While the public remains focused on what is or isn't happening at Area 51,

131

00:09:43,000 --> 00:09:52,000

could the government be hiding its research into extraterrestrial technology at other strategic sites all across the country?

132

00:09:52,000 --> 00:10:02,000

Perhaps the answer can be found by investigating reports of an extensive tunneling operation currently underway in the Nevada desert.

133

00:10:06,000 --> 00:10:12,000

Rachel Nevada, March 17, 2018

134

00:10:13,000 --> 00:10:17,000

Just outside the perimeter of Area 51,

135

00:10:17,000 --> 00:10:24,000

Giorgio Succolos meets with researcher Wolf McCarron and mining expert Christian Greno.

136

00:10:24,000 --> 00:10:30,000

They are here to investigate rumors of an alleged tunnel network that lies beneath Area 51.

137

00:10:30,000 --> 00:10:33,000

This is amazing, isn't it?

138

00:10:33,000 --> 00:10:46,000

Wolf and Christian believe this location, the Tempute Mine, is one of several old Nevada mines that have been used to expand operations at Area 51, deep underground.

139

00:10:47,000 --> 00:10:54,000

I'm a miner about 100 miles north of Area 51 here, and I've been mining there since 1992.

140

00:10:54,000 --> 00:11:00,000

I also own a mine in Goldfield, so I'm just an avid miner, you know, I search these out.

141

00:11:00,000 --> 00:11:03,000

So what can you tell us about Area 51?

142

00:11:03,000 --> 00:11:11,000

Area 51, what you see, like on Google imagery, that was the 50s, 60s, and 70s.

143

00:11:11,000 --> 00:11:16,000

Since then they've gone down. Everything they do is underground.

144

00:11:16,000 --> 00:11:22,000

And what evidence have you come across as a miner that would corroborate your idea?

145

00:11:22,000 --> 00:11:26,000

People are questioning, well, if they're going down, where is all the dirt going?

146

00:11:26,000 --> 00:11:31,000

Well, it's going to be nearby mines, and they're putting it in huge mountains and they're heap leaching it.

147

00:11:31,000 --> 00:11:36,000

By the time they're done heap leaching a huge mountain, it goes down to nothing.

148

00:11:36,000 --> 00:11:38,000

Now to the uninitiated, what does heap leaching mean?

149

00:11:38,000 --> 00:11:43,000

It is they pile the ore up into a large mountain, hundreds of feet high,

150

00:11:43,000 --> 00:11:51,000

and they run hoses all the way through it, like every two feet, and they leach in mercury and cyanide.

151

00:11:51,000 --> 00:11:58,000

And what that does, it'll take boulders this large and actually just bring them down to nothing.

152

00:11:58,000 --> 00:12:00,000

Really? Yeah.

153

00:12:01,000 --> 00:12:06,000

Is the government using heap leaching inside the Tempute Mine

154

00:12:06,000 --> 00:12:09,000

in order to hide the massive...

155

00:12:10,000 --> 00:12:15,000

Is the government using heap leaching inside the Tempute Mine

156

00:12:15,000 --> 00:12:22,000

in order to hide the massive amounts of dirt being removed in the course of their digging operations?

157

00:12:22,000 --> 00:12:28,000

But if so, how is the government able to conduct such an enormous operation

158

00:12:28,000 --> 00:12:32,000

without arousing the suspicion of the local miners?

159

00:12:32,000 --> 00:12:36,000

These mines around here have the gold, silver, lead,

160

00:12:36,000 --> 00:12:40,000

so any mine would be more than happy to accept the ore.

161

00:12:40,000 --> 00:12:42,000

And it's kind of like hush-up money.

162

00:12:42,000 --> 00:12:45,000

I've witnessed this hush-up and dealt with this a lot.

163

00:12:45,000 --> 00:12:47,000

Hush-up of what?

164

00:12:47,000 --> 00:12:51,000

Hush-up of the base. The tunnels of Area 51.

165

00:12:51,000 --> 00:12:53,000

Okay.

166

00:12:53,000 --> 00:12:58,000

It's sort of self-explanatory that the reason why people would go underground

167

00:12:58,000 --> 00:13:03,000

is if there are experiments going on that there's no interference or less interference.

168

00:13:03,000 --> 00:13:05,000

Exactly, yeah.

169

00:13:06,000 --> 00:13:14,000

Has the U.S. military been expanding its operations at Area 51, not outward, but downward,

170

00:13:14,000 --> 00:13:19,000

in order to keep its top-secret work even more secret than before?

171

00:13:21,000 --> 00:13:25,000

It is my own belief, based on a lot of good research,

172

00:13:25,000 --> 00:13:33,000

that there is most likely a large, I would even say vast, web of interconnected underground bases and tunnels that exist.

173

00:13:33,000 --> 00:13:40,000

They originally started doing it, by the way, just to protect against an atomic strike

174

00:13:40,000 --> 00:13:44,000

that could have happened from the Soviet Union and unique secure underground facilities.

175

00:13:44,000 --> 00:13:46,000

Well, they took that and just ran with it.

176

00:13:47,000 --> 00:13:54,000

There are those that believe that the underground operations being conducted at Area 51

177

00:13:54,000 --> 00:13:58,000

are only the tip of an enormous iceberg.

178

00:13:58,000 --> 00:14:02,000

Is it just one of many secret government facilities,

179

00:14:02,000 --> 00:14:08,000

each connected to each other by a vast network of underground high-speed trains?

180

00:14:09,000 --> 00:14:16,000

An underground train system is said to be centered around Cheyenne Mountain in Colorado Springs.

181

00:14:16,000 --> 00:14:20,000

This is a mountain that has been hollowed out by the U.S. military.

182

00:14:20,000 --> 00:14:27,000

It's the NORAD Central Command, and they go from Cheyenne Mountain in Colorado Springs

183

00:14:27,000 --> 00:14:33,000

to Dulce, New Mexico, which is said to have an extraterrestrial underground base.

184

00:14:33,000 --> 00:14:39,000

Then it goes to Los Alamos in New Mexico, then to Albuquerque and to Roswell,

185

00:14:39,000 --> 00:14:42,000

and to Area 51 in Nevada.

186

00:14:42,000 --> 00:14:51,000

All of these military bases are essentially connected by a secret underground subway system.

187

00:14:54,000 --> 00:15:00,000

The folks are looking at Area 51, they're not looking at Dulce.

188

00:15:01,000 --> 00:15:05,000

Dulce, New Mexico is on the Hickory Apache Reservation.

189

00:15:05,000 --> 00:15:10,000

It's actually a separate entity, it's part of the Apache nation.

190

00:15:10,000 --> 00:15:13,000

In other words, you can't just go there.

191

00:15:14,000 --> 00:15:20,000

There is a peak just north of the town of Dulce called Archuleta Peak,

192

00:15:21,000 --> 00:15:30,000

and residents of Dulce claim to have seen UFOs coming in and out of that mountain.

193

00:15:30,000 --> 00:15:32,000

The U.S. government is saying that there's nothing there.

194

00:15:32,000 --> 00:15:36,000

They have no military base there, there's not some underground train network,

195

00:15:36,000 --> 00:15:41,000

and yet people who live there say there is something going on here.

196

00:15:41,000 --> 00:15:45,000

So, just like Area 51, where the government was saying,

197

00:15:45,000 --> 00:15:48,000

hey, there's nothing going on here, but researchers for decades

198

00:15:48,000 --> 00:15:53,000

knew and investigated things that were going on there, and so perhaps at Dulce,

199

00:15:53,000 --> 00:15:58,000

one day they'll admit, yes, something was going on there.

200

00:15:59,000 --> 00:16:03,000

Is there really a vast network of top secret government laboratories

201

00:16:03,000 --> 00:16:08,000

each conducting experiments using extraterrestrial technology?

202

00:16:08,000 --> 00:16:13,000

For ancient astronaut theorists, the answer is a profound yes,

203

00:16:13,000 --> 00:16:16,000

and they offer as additional proof.

204

00:16:16,000 --> 00:16:20,000

Not one located at a facility in the American Southwest,

205

00:16:20,000 --> 00:16:23,000

but one much farther to the east.

206

00:16:23,000 --> 00:16:28,000

A military base, they claim, has been working directly with extraterrestrials

207

00:16:28,000 --> 00:16:33,000

for decades and operating very close to the location,

208

00:16:33,000 --> 00:16:39,000

where mankind made its first successful effort to reach the sky.

209

00:16:44,000 --> 00:16:47,000

Dayton, Ohio.

210

00:16:47,000 --> 00:16:53,000

Here, on the very same plains where Wilbur and Orville Wright lifted mankind

211

00:16:53,000 --> 00:16:57,000

into the era of flight, sits Wright-Patterson Air Force Base,

212

00:16:57,000 --> 00:17:02,000

one of the largest and highest funded bases in the nation's military.

213

00:17:03,000 --> 00:17:10,000

It is up there as one of the single most important military technology back-engineering

214

00:17:10,000 --> 00:17:15,000

studying biological entities of any place we have.

215

00:17:17,000 --> 00:17:21,000

For ancient astronaut theorists, Wright-Patterson, or Wright-Pat,

216

00:17:21,000 --> 00:17:23,000

as it is more commonly called,

217

00:17:23,000 --> 00:17:29,000

has been a hub of extraterrestrial investigation and experimentation for decades.

218

00:17:30,000 --> 00:17:35,000

Some even consider it of greater strategic importance than Area 51.

219

00:17:36,000 --> 00:17:39,000

So the rumors and stories of aliens at Wright-Pat

220

00:17:39,000 --> 00:17:43,000

have been very widespread for a very long period of time,

221

00:17:43,000 --> 00:17:47,000

and there have also been claims that unknown aerial vehicles or UFOs

222

00:17:47,000 --> 00:17:50,000

are being stored deep underground.

223

00:17:53,000 --> 00:18:00,000

On June 14, 1947, an unidentified object reportedly crashed on a farm

224

00:18:00,000 --> 00:18:03,000

outside the town of Roswell, New Mexico.

225

00:18:04,000 --> 00:18:09,000

According to eyewitnesses, the object resembled some sort of flying disk,

226

00:18:09,000 --> 00:18:14,000

and the bodies recovered from the wreckage looked like nothing from this planet.

227

00:18:16,000 --> 00:18:19,000

Within days, the so-called Roswell incident

228

00:18:19,000 --> 00:18:23,000

captured the imaginations of millions of people around the world.

229

00:18:25,000 --> 00:18:29,000

But just as the event jump-started America's interest in UFOs,

230

00:18:29,000 --> 00:18:33,000

it also ushered in the era of the government cover-up.

231

00:18:35,000 --> 00:18:39,000

The Roswell base issued a press release, and then several hours later,

232

00:18:39,000 --> 00:18:42,000

it's all denied, sorry people, just to weather balloon.

233

00:18:42,000 --> 00:18:46,000

Our top intelligence officers didn't know what they were looking at.

234

00:18:46,000 --> 00:18:50,000

And we actually have evidence of an FBI memo that made such a statement

235

00:18:50,000 --> 00:18:54,000

that what was recovered was being brought to Wright Field for analysis.

236

00:18:54,000 --> 00:18:59,000

Well, you're not going to bring balloon parts to Wright Field for analysis.

237

00:18:59,000 --> 00:19:00,000

That's not going to happen.

238

00:19:00,000 --> 00:19:04,000

You've got to remember that in 1947, when the Roswell crash happened,

239

00:19:04,000 --> 00:19:07,000

there was no Area 51 in Nevada.

240

00:19:07,000 --> 00:19:13,000

And in fact, the important Air Force headquarters to study these crashed artifacts

241

00:19:13,000 --> 00:19:18,000

and possibly alien bodies was Wright-Patterson Air Force Base in Dayton, Ohio.

242

00:19:19,000 --> 00:19:24,000

Now, the reason that this wreckage would have been sent to Wright-Patterson Air Force Base

243

00:19:24,000 --> 00:19:29,000

is because at that time it was the center of the Air Force's Foreign Technology Division,

244

00:19:29,000 --> 00:19:35,000

meaning the division that actually studied foreign aircraft, foreign technologies of all kinds,

245

00:19:35,000 --> 00:19:39,000

and certainly alien tech, wrecked alien spacecrafts,

246

00:19:39,000 --> 00:19:43,000

and report of alien spacecraft sightings would be sent there

247

00:19:43,000 --> 00:19:46,000

to be studied by the Foreign Technology Division.

248

00:19:46,000 --> 00:19:52,000

Is it possible that Wright-Patterson Air Force Base is still housing the remains of the object

249

00:19:52,000 --> 00:19:57,000

recovered from the New Mexico Desert more than 70 years ago?

250

00:19:57,000 --> 00:20:03,000

And if so, could there be evidence that their efforts to recreate the so-called flying disc

251

00:20:03,000 --> 00:20:05,000

have been successful?

252

00:20:08,000 --> 00:20:14,000

Even now, in the last few years, there have been important UFO sightings around 8,

253

00:20:14,000 --> 00:20:19,000

and witnesses in that area are looking out over Wright-Patterson Air Force Base

254

00:20:19,000 --> 00:20:25,000

and even in broad daylight seeing unusual craft hovering over the base.

255

00:20:25,000 --> 00:20:31,000

This is a very distinct possibility that's supported by the fact that no jets are released

256

00:20:31,000 --> 00:20:35,000

when these UFOs appear. It's almost as if they know what they are.

257

00:20:35,000 --> 00:20:39,000

Maybe it's because it's one of our own reverse engineered craft.

258

00:20:40,000 --> 00:20:47,000

But even if the UFOs recently sighted in the skies above Wright-Patterson are man-made,

259

00:20:47,000 --> 00:20:55,000

couldn't that be considered proof that the UFO that crash landed near Roswell was, in fact, reverse engineered?

260

00:20:55,000 --> 00:21:00,000

Ancient astronaut theorists say yes, and to support their claim,

261

00:21:00,000 --> 00:21:06,000

they point to two other top-secret UFO investigations that took place at Wright-Patterson.

262

00:21:06,000 --> 00:21:10,000

Project Sine and Project Blue Book.

263

00:21:10,000 --> 00:21:16,000

Wright-Patterson Air Force Base was the center of the hub for Project Sine and Project Blue Book.

264

00:21:16,000 --> 00:21:20,000

Now, both of these projects were involved with one essential task,

265

00:21:20,000 --> 00:21:26,000

which was the study and categorization of reports of unidentified flying objects.

266

00:21:26,000 --> 00:21:32,000

Project Sine was set up after the flying saucer wave of sightings

267

00:21:32,000 --> 00:21:38,000

across the United States in 1947 and shortly after the Roswell crash.

268

00:21:38,000 --> 00:21:44,000

Sine researched and investigated the phenomenon, taking reports not just from the public,

269

00:21:44,000 --> 00:21:48,000

but from the military, from pilots who were seeing things,

270

00:21:48,000 --> 00:21:51,000

from radar operators who were tracking these objects.

271

00:21:51,000 --> 00:21:55,000

This was the US government's formal UFO program.

272

00:21:55,000 --> 00:21:58,000

The Air Force had 22 years of UFO investigation

273

00:21:58,000 --> 00:22:01,000

that was housed in the Foreign Technology Division.

274

00:22:01,000 --> 00:22:05,000

Blue Book is the most famous and ran for the longest period of time.

275

00:22:05,000 --> 00:22:10,000

They go out and they look for foreign technology, including crash wreckage,

276

00:22:10,000 --> 00:22:16,000

and then they had access to all of the technical expertise on the base.

277

00:22:16,000 --> 00:22:22,000

In 1969, after compiling and studying more than 12,000 UFO sightings,

278

00:22:22,000 --> 00:22:25,000

Project Blue Book was terminated.

279

00:22:25,000 --> 00:22:30,000

Most of the sightings were categorized as high-altitude spy planes

280

00:22:30,000 --> 00:22:38,000

or natural aerial phenomena, although approximately 700 unidentified cases still remain.

281

00:22:38,000 --> 00:22:45,000

But while the US Air Force insists to this day

282

00:22:45,000 --> 00:22:49,000

that credible evidence of extraterrestrial visitation never existed,

283

00:22:49,000 --> 00:22:53,000

many former employees of Wright-Patterson Air Force

284

00:22:53,000 --> 00:23:00,000

base, such as Ray Shimansky, have come forward with a very different story.

285

00:23:00,000 --> 00:23:04,000

I started working at Wright-Patterson in January of 1973,

286

00:23:04,000 --> 00:23:07,000

and I had 38 years and 9 months of service when I retired.

287

00:23:07,000 --> 00:23:11,000

I spent nearly my entire career at Air Force Research Labs,

288

00:23:11,000 --> 00:23:14,000

and I did advanced research and development.

289

00:23:14,000 --> 00:23:18,000

On the first day working there, I had a mentor. His name was Corvette L.

290

00:23:18,000 --> 00:23:22,000

He was the equivalent of a flag officer, a general or an admiral.

291

00:23:22,000 --> 00:23:24,000

And he said, let's go through the hangar.

292

00:23:24,000 --> 00:23:27,000

And as we stepped into that hangar, he turned to me and said,

293

00:23:27,000 --> 00:23:29,000

have you heard about our aliens?

294

00:23:29,000 --> 00:23:33,000

I said, what? He said, yeah, we have aliens here on the base.

295

00:23:33,000 --> 00:23:34,000

I said, really?

296

00:23:34,000 --> 00:23:37,000

And then he said, well, yeah, there was a crash out west,

297

00:23:37,000 --> 00:23:39,000

and they brought the aliens and their machine.

298

00:23:39,000 --> 00:23:40,000

He used the word machine.

299

00:23:40,000 --> 00:23:44,000

They brought here to Wright-Patterson for evaluation and possible exploitation.

300

00:23:44,000 --> 00:23:47,000

Hangar 18 was this mysterious hangar at Wright Field

301

00:23:47,000 --> 00:23:53,000

where we actually have an eyewitness who was taken to hangar 18,

302

00:23:53,000 --> 00:23:56,000

Lieutenant Colonel Marion Magruder.

303

00:23:56,000 --> 00:23:59,000

He was fighter pilot in the United States Marine Corps,

304

00:23:59,000 --> 00:24:06,000

who saw the alien technology, but worse, he saw the live alien.

305

00:24:06,000 --> 00:24:08,000

It looked human.

306

00:24:08,000 --> 00:24:10,000

Its head was larger than the other.

307

00:24:10,000 --> 00:24:12,000

It looked human.

308

00:24:12,000 --> 00:24:14,000

Its head was larger than humans.

309

00:24:14,000 --> 00:24:19,000

Its arms were much longer, and it moved like this in a wave motion.

310

00:24:19,000 --> 00:24:23,000

The humanoid communicated with Magruder telepathically.

311

00:24:23,000 --> 00:24:29,000

And the army and the air force, as well as the higher branches of the Pentagon,

312

00:24:29,000 --> 00:24:34,000

were absolutely fascinated by the fact that here were creatures

313

00:24:34,000 --> 00:24:37,000

who could communicate without using words.

314

00:24:37,000 --> 00:24:44,000

Thus began a series of experiments into psychokinesis, psychic projection,

315

00:24:44,000 --> 00:24:46,000

threat projection.

316

00:24:46,000 --> 00:24:53,000

If the Magruder account is true, and the U.S. military was once using live aliens

317

00:24:53,000 --> 00:24:57,000

for scientific study, where did those experiments take place?

318

00:24:57,000 --> 00:25:04,000

Was it at Wright-Patterson, Area 51, or were they conducted in yet another facility?

319

00:25:04,000 --> 00:25:06,000

And if so, where?

320

00:25:06,000 --> 00:25:10,000

And are they still taking place today?

321

00:25:18,000 --> 00:25:20,000

Long Island, New York.

322

00:25:20,000 --> 00:25:27,000

Here, at the eastern tip of the island, is all that remains of the Montauk Air Force Station.

323

00:25:28,000 --> 00:25:35,000

Originally established as a naval base in 1917 due to its strategic defensive location,

324

00:25:35,000 --> 00:25:42,000

the Montauk installation protected the east coast from submarines and bombers for several decades,

325

00:25:42,000 --> 00:25:46,000

before it was decommissioned in 1981.

326

00:25:46,000 --> 00:25:50,000

But according to statements from multiple whistleblowers,

327

00:25:50,000 --> 00:25:56,000

a secret laboratory hidden deep beneath the base may still be operating.

328

00:25:58,000 --> 00:26:00,000

I think it's the perfect cover.

329

00:26:00,000 --> 00:26:05,000

You have kind of a lax topside operation, an Air Force station that really nothing's going on at.

330

00:26:05,000 --> 00:26:11,000

But underneath the ground, you have this extremely elaborate experiment going on,

331

00:26:11,000 --> 00:26:15,000

many levels of an underground base.

332

00:26:15,000 --> 00:26:23,000

Each of these men that told the tale, they don't say they entered the base through, you know, a topside location.

333

00:26:23,000 --> 00:26:30,000

They would all enter Brookhaven National Laboratories and travel in a train underneath the ground to Montauk.

334

00:26:30,000 --> 00:26:34,000

So people that are working above ground don't even know what's going on underneath the ground.

335

00:26:34,000 --> 00:26:40,000

For ancient astronaut theorists, Montauk, like Area 51 and Wright Patterson,

336

00:26:40,000 --> 00:26:47,000

remains notorious as one of the places the U.S. military would carry out numerous experiments,

337

00:26:47,000 --> 00:26:52,000

often with the aid of otherworldly technology.

338

00:26:52,000 --> 00:26:56,000

There are some who believe these experiments even involved human subjects

339

00:26:56,000 --> 00:27:03,000

as part of a highly controversial research program known as the Montauk Project.

340

00:27:03,000 --> 00:27:08,000

Some of the stories about what was going on in the Montauk Project

341

00:27:08,000 --> 00:27:13,000

actually tie in with something that we absolutely know to be real,

342

00:27:13,000 --> 00:27:18,000

because we have declassified documents on it, and that's MKUltra.

343

00:27:18,000 --> 00:27:24,000

Now, MKUltra was a program run by the CIA and the U.S. Army,

344

00:27:24,000 --> 00:27:29,000

and it literally tried to harness the technique of mind control.

345

00:27:29,000 --> 00:27:36,000

But there are rumors that there were other more exotic techniques that people were using at Montauk.

346

00:27:36,000 --> 00:27:43,000

Remote influencing, for example, which is the idea that you can effectively use the power of your mind

347

00:27:43,000 --> 00:27:47,000

to influence somebody else's behavior.

348

00:27:47,000 --> 00:27:52,000

Really, there would be huge military value in such techniques,

349

00:27:52,000 --> 00:27:55,000

and that, of course, is exactly why they were doing that.

350

00:27:55,000 --> 00:28:00,000

This was stuff that was so beyond the normal thought processes of the military mind,

351

00:28:00,000 --> 00:28:04,000

it wasn't making better guns, better ammo, more efficient airplanes.

352

00:28:04,000 --> 00:28:08,000

This was way beyond that. This was the program that used all sorts of different techniques

353

00:28:08,000 --> 00:28:11,000

to try to control human thought.

354

00:28:12,000 --> 00:28:17,000

Mind control? Remote thought manipulation?

355

00:28:17,000 --> 00:28:24,000

If the U.S. military really did believe that such incredible power was achievable,

356

00:28:24,000 --> 00:28:30,000

did it get the idea from extra terrestrials, perhaps even from the technology

357

00:28:30,000 --> 00:28:33,000

reportedly recovered after the crash at Roswell?

358

00:28:33,000 --> 00:28:37,000

The big question about Montauk has always been,

359

00:28:37,000 --> 00:28:44,000

were they operating with the technologies that they had because they were given to our government

360

00:28:44,000 --> 00:28:53,000

by non-humans legitimately as some kind of collaboration or trade for us to experiment with?

361

00:28:56,000 --> 00:29:00,000

One thing that's at Montauk is a so-called Montauk chair.

362

00:29:00,000 --> 00:29:05,000

It had some kind of wires or there's some kind of extra terrestrial technology associated with this chair.

363

00:29:05,000 --> 00:29:10,000

And that combined with the individual's innate psychic capabilities

364

00:29:10,000 --> 00:29:15,000

would allow you to engage in transforming reality in one way or another.

365

00:29:15,000 --> 00:29:25,000

The subject would sit in the chair and this chair was meant to manifest thought into physical reality

366

00:29:25,000 --> 00:29:30,000

and included in that are telekinesis, remote viewing.

367

00:29:30,000 --> 00:29:36,000

One of the experiments that they used at first was to manifest, let's say, a glass or a ball,

368

00:29:36,000 --> 00:29:39,000

something simple, an inanimate object.

369

00:29:39,000 --> 00:29:44,000

Whatever the subject was thinking would manifest into physical reality.

370

00:29:44,000 --> 00:29:48,000

Eventually this evolved into heightened psychic abilities.

371

00:29:48,000 --> 00:29:52,000

They claimed they could teleport from one place to another.

372

00:29:53,000 --> 00:29:59,000

According to many researchers and ancient astronaut theorists,

373

00:29:59,000 --> 00:30:05,000

accounts of the so-called Montauk chair and its connection to mind control

374

00:30:05,000 --> 00:30:11,000

are strangely similar to accounts of a chair that dates back to the days of the Pharaohs,

375

00:30:11,000 --> 00:30:14,000

the throne of Ptah.

376

00:30:16,000 --> 00:30:20,000

Ptah was one of the most intriguing gods of ancient Egypt.

377

00:30:20,000 --> 00:30:24,000

He was the god before all the other gods.

378

00:30:24,000 --> 00:30:28,000

He created Earth. He created humanity.

379

00:30:28,000 --> 00:30:35,000

Unlike the other gods, Ptah would create the world with his thought.

380

00:30:35,000 --> 00:30:41,000

He would think it, feel it, and hence it was created.

381

00:30:41,000 --> 00:30:45,000

Ptah is portrayed sitting on a throne,

382

00:30:45,000 --> 00:30:51,000

and this throne is thought to be the center point from which his thought is able to manifest creation.

383

00:30:51,000 --> 00:30:55,000

What's fascinating about these scenes is that this throne is feathered.

384

00:30:55,000 --> 00:31:01,000

It's feathered because it flies. It's known as his ascension throne.

385

00:31:01,000 --> 00:31:07,000

When we compare the descriptions of the Montauk chair with the ascension throne of Ptah,

386

00:31:07,000 --> 00:31:12,000

it raises the question, was the U.S. military involved in reverse engineering

387

00:31:12,000 --> 00:31:18,000

and extraterrestrial technology that was used thousands of years ago in ancient Egypt?

388

00:31:18,000 --> 00:31:23,000

Could the legends about an Egyptian god and his flying throne

389

00:31:23,000 --> 00:31:30,000

and the reports of a thought-controlled chair at the Montauk military base really be connected?

390

00:31:30,000 --> 00:31:36,000

Ancient astronaut theorists say yes and suggest that not only has the U.S. government

391

00:31:36,000 --> 00:31:41,000

been working to acquire and perfect alien technology for decades,

392

00:31:41,000 --> 00:31:46,000

but that the operations at Montauk are still going on.

393

00:31:46,000 --> 00:31:52,000

Several people have claimed that they were part of these Montauk experiments.

394

00:31:52,000 --> 00:31:56,000

They do recall sitting in a special chair,

395

00:31:56,000 --> 00:32:03,000

and people say that today there is still activity in the underground sections of the Montauk base.

396

00:32:04,000 --> 00:32:11,000

Is the seemingly abandoned military base on eastern Long Island still secretly in operation?

397

00:32:11,000 --> 00:32:18,000

And if so, is Montauk part of a vast network of government laboratories and factories

398

00:32:18,000 --> 00:32:22,000

where extraterrestrial technology is being harvested?

399

00:32:22,000 --> 00:32:28,000

Ancient astronaut theorists insist such an incredible notion is true,

400

00:32:28,000 --> 00:32:36,000

and they point to yet another highly guarded installation as proof that alien technology is not only being tested,

401

00:32:36,000 --> 00:32:40,000

but that it's already being used.

402

00:32:44,000 --> 00:32:50,000

Washington, D.C. December 16, 2017

403

00:32:50,000 --> 00:32:55,000

After a decade of speculation within the UFO community,

404

00:32:55,000 --> 00:33:01,000

officials at the Pentagon confirmed the existence of a highly secretive UFO research project

405

00:33:01,000 --> 00:33:07,000

known as the Advanced Aerospace Threat Identification Program, or ATIM.

406

00:33:07,000 --> 00:33:15,000

The project was funded by Congress in 2007 with the help of Senator Harry Reid of Nevada.

407

00:33:15,000 --> 00:33:22,000

What's different about the AATIP program is the fact that it involved a private company, Bigelow Aerospace.

408

00:33:22,000 --> 00:33:29,000

This has never been done before. The government previously has always kept all of its UFO extraterrestrial information,

409

00:33:29,000 --> 00:33:36,000

all of its reports, completely separately. So that makes it very, very unique and very different from projects signed in Blue Book.

410

00:33:36,000 --> 00:33:42,000

The Pentagon ran this program officially from 2007 to 2012,

411

00:33:42,000 --> 00:33:47,000

although there's a lot of reason to believe that the program not only has continued,

412

00:33:47,000 --> 00:33:51,000

but that multiple programs of this sort have continued.

413

00:33:53,000 --> 00:34:02,000

But why would the U.S. government allow such sensitive research to take place outside of its secure military facilities?

414

00:34:02,000 --> 00:34:09,000

According to ancient astronaut theorists, the answer is all too obvious.

415

00:34:09,000 --> 00:34:18,000

Over the years, the government realized if you can take projects that we're developing

416

00:34:18,000 --> 00:34:24,000

and move them from inside the Pentagon itself and move them into industry,

417

00:34:24,000 --> 00:34:30,000

guess what you get to avoid? Freedom of information.

418

00:34:30,000 --> 00:34:38,000

Inside the government, the military, Department of Defense, the scientists and engineers there are possibly susceptible to the Freedom of Information Act.

419

00:34:38,000 --> 00:34:43,000

People can fill out a Freedom of Information Act form and request information on any government program.

420

00:34:43,000 --> 00:34:50,000

Well, private companies are not susceptible. They don't have to adhere to the Freedom of Information Act.

421

00:34:50,000 --> 00:34:58,000

So the big aerospace defense companies, for example, can do their own research in their own private facilities,

422

00:34:58,000 --> 00:35:03,000

and they never have to tell you anything about that if they don't want to.

423

00:35:03,000 --> 00:35:08,000

And when you look at the exemptions to the Freedom of Information Act,

424

00:35:08,000 --> 00:35:17,000

Exemption Number 4 covers trade secrets, information which belongs to the private sector.

425

00:35:17,000 --> 00:35:23,000

So when the government put out some of their UFO programs to big ol' aerospace,

426

00:35:23,000 --> 00:35:28,000

what they were doing cleverly was making scrutiny much more difficult.

427

00:35:28,000 --> 00:35:34,000

And we know from Luisa Elizondo, the program manager of the ATIP program,

428

00:35:34,000 --> 00:35:42,000

that they received a number of shocking UFO cases that came their way in connection with the U.S. military.

429

00:35:42,000 --> 00:35:46,000

The word he used was beyond next generation technology.

430

00:35:46,000 --> 00:35:53,000

Oh, I think, dude, when it comes to the military, it's rotating.

431

00:35:53,000 --> 00:35:59,000

According to sources within the ATIP program, the government secretly collects materials,

432

00:35:59,000 --> 00:36:04,000

often referred to as metamaterials, from extraterrestrial crash sites,

433

00:36:04,000 --> 00:36:12,000

and then turns them over to be reverse engineered by approved contractors, like those at Bigelow Aerospace.

434

00:36:12,000 --> 00:36:23,000

Metamaterials are materials that have been combined in such a way that the isotopic ratios of the materials are not found on planet Earth.

435

00:36:23,000 --> 00:36:28,000

I worked with some of these artifacts. I put them through various tests.

436

00:36:28,000 --> 00:36:38,000

There was nothing unusual about the materials they were made of, but they were layered in such a way that it took some doing to make them in their configuration.

437

00:36:38,000 --> 00:36:47,000

And also, the interesting piece of it was when you put them under extremely high electric fields, they tend to show properties of propulsion.

438

00:36:47,000 --> 00:36:52,000

Meaning they would move in directions, sometimes toward the field, sometimes away from the field.

439

00:36:52,000 --> 00:36:57,000

That wasn't typical of standard electrostatic things that I had seen before.

440

00:36:58,000 --> 00:37:05,000

What metamaterials will do is they will alter electromagnetic frequencies or the visual spectrum.

441

00:37:05,000 --> 00:37:12,000

They can bend light if they're engineered in such a way that they can change acoustic properties.

442

00:37:12,000 --> 00:37:18,000

And the imagination is the limit, so they can really do almost anything.

443

00:37:18,000 --> 00:37:28,000

Is the government's increasing use of outside agencies and contractors designed to throw UFO investigators and ancient astronaut theorists on?

444

00:37:28,000 --> 00:37:43,000

And if so, does that mean that infamous top-secret sites like Area 51 and its alleged underground network of covert laboratories and military installations will soon be obsolete?

445

00:37:43,000 --> 00:37:55,000

Ancient astronaut theorists say no, and they insist that if anything, there are now more government sites engaged in extraterrestrial research than ever.

446

00:37:55,000 --> 00:38:04,000

And that this research is no longer being confined to areas within the United States or even on planet Earth.

447

00:38:05,000 --> 00:38:11,000

May 26, 2015.

448

00:38:11,000 --> 00:38:25,000

The U.S. Air Force announces that SpaceX, an aerospace company run by billionaire CEO Elon Musk, is

now eligible to participate in the launch of military satellites.

449

00:38:26,000 --> 00:38:37,000

The announcement leads many to speculate whether SpaceX may be contracted in the future for additional, and perhaps even more covert military space projects.

450

00:38:37,000 --> 00:38:47,000

In 2015, SpaceX, which is a private corporation, of course, was actually certified by the U.S. government for national security launches into space.

451

00:38:48,000 --> 00:38:55,000

And what that means is you've now got another private corporation which is authorized to actually put secret payloads into orbit.

452

00:38:55,000 --> 00:39:03,000

What that means is that their entire operation now kind of flows under the dark umbrella of national security.

453

00:39:04,000 --> 00:39:16,000

It's possible that the private ventures like SpaceX, like Bigelow Aerospace and the various others will come up with a way to make it economically viable to colonize Mars.

454

00:39:16,000 --> 00:39:30,000

For decades, ever since the first Earth satellites and rovers began sending back data about the so-called Red Planet, Mars has been the focus of intense scrutiny by ancient astronaut theorists.

455

00:39:31,000 --> 00:39:43,000

They cite images of structures, carvings and other strange anomalies as evidence that Mars was and might still be a hub of extraterrestrial activity.

456

00:39:46,000 --> 00:39:54,000

Is it possible that the U.S. government, along with other nations, has proof that such an audacious notion is true?

457

00:39:54,000 --> 00:40:09,000

And could this be the reason why the human-based Mars missions are being conducted not by publicly funded governments, but by a number of privately funded corporations with their own seemingly disparate agendas?

458

00:40:10,000 --> 00:40:18,000

I am extremely familiar with this technique and it's one of the ways that you protect classified information and big secrets.

459

00:40:19,000 --> 00:40:25,000

You can have a highly classified project, but effectively it's broken into small parts.

460

00:40:25,000 --> 00:40:35,000

Everyone's working on a piece of it. No one necessarily knows what the person next door to them is doing and very few people have the big picture.

461

00:40:35,000 --> 00:40:40,000

It's a world that I've operated in myself in my 21 years at the Ministry of Defense.

462

00:40:41,000 --> 00:40:48,000

It's even possible that somebody could be working on extraterrestrial technology and not know it.

463

00:40:50,000 --> 00:40:59,000

We are on the cusp of a brand new reality, a super advanced technology that will see us colonizing the moon, Mars, traveling into deep space.

464

00:41:01,000 --> 00:41:07,000

This is a chapter that's opening in human affairs that began as long ago as 1947 with the Roswell crash.

465

00:41:08,000 --> 00:41:17,000

After which the US military began preparing us for a life in which we will be living with extraterrestrials both on Earth and in space.

466

00:41:19,000 --> 00:41:28,000

Are the US government's efforts to examine and utilize extraterrestrials and their technology really on the threshold of a bold new era?

467

00:41:29,000 --> 00:41:40,000

One where places like Area 51, Wright-Patterson, Montauk and even Mars will all become part of a larger and more powerful network.

468

00:41:41,000 --> 00:41:45,000

One that will facilitate mankind's anticipated journey to the stars.

469

00:41:46,000 --> 00:41:54,000

Ancient astronaut theorists believe there are forces in the government that insist we are not yet ready to have the answers.

470

00:41:55,000 --> 00:42:05,000

And that the truth must remain hidden away behind electric fences and security cameras at places both known and unknown.

471

00:42:05,000 --> 00:42:14,000

And equally protected by the notion that what we can see with our own eyes could not possibly be true.
