

1

00:00:00,000 --> 00:00:04,000

I remember raising my hand up and pulling back the curtains.

2

00:00:04,000 --> 00:00:09,000

And that's when I came face to face with what we now know as a gray.

3

00:00:09,000 --> 00:00:15,000

Millions of people claim in to be abducted by extraterrestrials.

4

00:00:15,000 --> 00:00:20,000

How many of you have had an experience for having been abducted?

5

00:00:20,000 --> 00:00:21,000

Wow.

6

00:00:21,000 --> 00:00:28,000

Ancient stories of humans brought off planet by otherworldly beings.

7

00:00:28,000 --> 00:00:32,000

Angels, demons, spirits.

8

00:00:32,000 --> 00:00:38,000

Are these the same extraterrestrial entities who are interacting with us today?

9

00:00:38,000 --> 00:00:46,000

My mother and I both had this dreamlike experience of being taken to a craft.

10

00:00:46,000 --> 00:00:50,000

And I saw these non-human entities.

11

00:00:50,000 --> 00:00:54,000

Could these incredible stories really be true?

12

00:00:54,000 --> 00:00:58,000

And if so, why are humans being taken?

13

00:00:58,000 --> 00:01:05,000

You have to ask yourself what is really going on here because these cases simply defy explanation.

The World of the Dead

19

00:01:40,000 --> 00:01:43,000

Pasadena, California

20

00:01:43,000 --> 00:01:47,000

June 16th, 2018

21

00:01:47,000 --> 00:01:53,000

Thousands of people from all over the world gather for AlienCon.

22

00:01:53,000 --> 00:02:01,000

A three-day event to discuss and explore the possibility that intelligent life exists beyond our planet

23

00:02:01,000 --> 00:02:05,000

and may have visited Earth in the distant past.

24

00:02:05,000 --> 00:02:14,000

It's one thing for people to say that not only have they seen a UFO, but they've had an experience, a contact.

25

00:02:14,000 --> 00:02:19,000

During one panel led by former Ministry of Defense investigator Nick Pope,

26

00:02:19,000 --> 00:02:27,000

a group of experts talk about a significant and controversial subject, Alien Abductions.

27

00:02:27,000 --> 00:02:39,000

Looking out at all of you, one of the things that we would like to know is how many of you have had an experience that you think might involve having been abducted?

28

00:02:39,000 --> 00:02:45,000

Can you all put your hands up who think that you have been?

29

00:02:45,000 --> 00:02:48,000

Wow, that's a lot of people.

30

00:02:48,000 --> 00:02:57,000

If anyone feels comfortable about coming up to the microphone, we would love to hear your stories.

31

00:02:57,000 --> 00:02:59,000

So, please, yeah.

32

00:02:59,000 --> 00:03:08,000

My name is Alice Green and 40 years ago, when I was 15, I had an abduction experience.

33

00:03:08,000 --> 00:03:16,000

There was a huge spaceship program in my house and one minute I'm in my bed and the next minute I'm up in the spaceship.

34

00:03:16,000 --> 00:03:21,000

I wanted to call it a dream because I didn't want to call it an abduction experience for a long time.

35

00:03:21,000 --> 00:03:34,000

I started having one of those experiences, outer body, but not just in the vicinity, kind of started entering the space realm and I just kept going.

36

00:03:34,000 --> 00:03:39,000

And it just got scarier and scarier for me. I didn't know what was going on.

37

00:03:39,000 --> 00:03:46,000

The alien that I spoke to was about to my shoulder, maybe four and a half feet tall, and he had three fingers.

38

00:03:46,000 --> 00:03:53,000

He was like your typical gray alien and I had several encounters over the course of the next couple of years.

39

00:03:53,000 --> 00:03:57,000

I never wanted to tell anybody because I thought my friends and family would think I was crazy.

40

00:03:57,000 --> 00:04:03,000

Millions of people taken by extraterrestrial beings?

41

00:04:03,000 --> 00:04:15,000

If alien abductions are happening, as experiencers at this panel and many other alleged abductees claim, what evidence is there to support their stories?

42

00:04:15,000 --> 00:04:27,000

As the number of recorded abduction cases has increased over the last several decades, experts in a variety of fields have worked to find this evidence.

43

00:04:27,000 --> 00:04:36,000

In 1991, my colleague Bud Hopkins and I got funding for a national poll about the abduction phenomenon through the Roper Organization.

44

00:04:36,000 --> 00:04:46,000

We found that at least two percent of the American public and at most perhaps even five percent of the American public were abductees.

45

00:04:46,000 --> 00:04:53,000

Even with two percent, we're dealing with an enormous number of people who've been abducted throughout the world.

46

00:04:53,000 --> 00:05:00,000

Of course, when people from the outside look at the abduction phenomenon, they think that this is just neurological.

47

00:05:00,000 --> 00:05:06,000

I wish that was the case. That would be wonderful if that were the case.

48

00:05:06,000 --> 00:05:16,000

I can say from having interviewed now about 1600 people in the abduction syndrome, there are common denominators.

49

00:05:16,000 --> 00:05:24,000

I would say the vast majority don't know details. They just remember pieces.

50

00:05:24,000 --> 00:05:31,000

They might remember, I saw these eyes and they were big and black and slanted.

51

00:05:31,000 --> 00:05:43,000

They will hear either a buzzing sound or there might be a clicking or in the room, there might be like a little orb of light or several orbs of light.

52

00:05:43,000 --> 00:05:46,000

They won't be able to move.

53

00:05:46,000 --> 00:05:57,000

And the paralysis is always described the same way. They can move their eyes. They can see. They can't move their head.

54

00:05:57,000 --> 00:06:02,000

They will say they see their bedroom wall just disappear.

55

00:06:02,000 --> 00:06:12,000

Or they are taken right through the wall. Or they're taken through a window. Or they are taken through the ceiling.

56

00:06:12,000 --> 00:06:26,000

And then 100% of people, their next consciousness is waking up often the sun is up and they know something's happened. But they don't know what.

57

00:06:26,000 --> 00:06:36,000

Well, when you start adding that up across 40,000, 50,000 cases, the number one piece of compelling evidence is the credibility of the individual.

58

00:06:36,000 --> 00:06:45,000

We have doctors, lawyers, politicians. So these are people who have a lot at stake if they were to say, hey, I've been abducted by an alien or something like this.

59

00:06:45,000 --> 00:06:49,000

So you have to take those people seriously.

60

00:06:49,000 --> 00:06:59,000

There are really only two possibilities here. Either we're dealing with a mass delusion on an unprecedented scale.

61

00:06:59,000 --> 00:07:13,000

Or what these people are saying is actually literally happening in a physical sense. And these alien abductions are real.

62

00:07:13,000 --> 00:07:25,000

But if millions of people have been abducted by extraterrestrials or even a fraction of that

number, what could be the reason behind it? And why now?

63

00:07:25,000 --> 00:07:30,000

Well, what we call alien abductions may only have been reported in modern times.

64

00:07:30,000 --> 00:07:39,000

Ancient astronaut theorists claim there is evidence that this phenomenon has been happening for thousands of years.

65

00:07:40,000 --> 00:07:57,000

In ancient biblical texts and also in other textual references, we have accounts of people ascending and descending from and to the sky with fiery chariots and flying type of craft.

66

00:07:57,000 --> 00:08:06,000

And that to me indicates that what these accounts refer to are similar to modern day abductions.

67

00:08:06,000 --> 00:08:21,000

Those accounts are eyewitness accounts. They're not told in the third person, but it's actually eye-ezekiel witnessed, eye-inoc witnessed, eye-Abraham did this, I walked through there.

68

00:08:21,000 --> 00:08:35,000

Also in ancient China and also in ancient Egypt are there stories of people having been visited or having gone up to the sky to visit with the so-called gods.

69

00:08:35,000 --> 00:08:40,000

What better way to describe an extraterrestrial encounter?

70

00:08:41,000 --> 00:08:50,000

So today we call it an alien abduction. In previous centuries, it was called by different names.

71

00:08:50,000 --> 00:09:04,000

But we recognize from the experience that they are identical and therefore it adds validity to this not being a modern myth, but a very ancient problem.

72

00:09:04,000 --> 00:09:13,000

Why today then is it such an important issue? It very well may be that we did not recognize in the past how widespread these experiences were.

73

00:09:13,000 --> 00:09:25,000

Or it could be that there is a stepping up of the agenda and that the experience is spreading greater, farther and wider than it was in the past.

74

00:09:25,000 --> 00:09:39,000

Could these extraordinary accounts both past and present be describing an ongoing program of human abduction in spite of the skepticism with which they are viewed by the public?

75

00:09:39,000 --> 00:09:49,000

And is there a smoking gun that will finally establish that this phenomenon is real and still underway?

76

00:09:49,000 --> 00:09:57,000

Perhaps further clues can be found by examining one of the most well-documented cases on record.

77

00:09:58,000 --> 00:10:08,000

Sheffield, Massachusetts, June 11th, 2018

78

00:10:08,000 --> 00:10:11,000

Well, we're pretty much here now.

79

00:10:12,000 --> 00:10:27,000

Author and researcher Mike Berra has joined abduction experiencer Tom Reed to visit the site where Tom says he and members of his family were abducted after encountering a strange UFO nearly 50 years ago.

80

00:10:27,000 --> 00:10:31,000

Does it evoke any memories or emotions, bring back anything?

81

00:10:31,000 --> 00:10:32,000

Look at anxiety.

82

00:10:32,000 --> 00:10:33,000

Really?

83

00:10:33,000 --> 00:10:35,000

Or nervousness, I guess.

84

00:10:35,000 --> 00:10:45,000

The UFO was reportedly seen not only by the Reed family, but also by multiple witnesses all across western Massachusetts.

85

00:10:45,000 --> 00:10:47,000

Okay, so I guess here we are.

86

00:10:47,000 --> 00:10:49,000

This is the spot, right?

87

00:10:49,000 --> 00:10:51,000

Can you kind of paint me a picture of what was going on that night?

88

00:10:51,000 --> 00:10:54,000

What happened the day you drove up this road?

89

00:10:54,000 --> 00:10:55,000

Well, first of all, it was like 90 degrees.

90

00:10:55,000 --> 00:10:56,000

It was a really hot night.

91

00:10:56,000 --> 00:10:59,000

And there were an awful lot of families outside because it was Labor Day.

92

00:10:59,000 --> 00:11:02,000

It was September 1st, 1969, which was a Labor Day holiday.

93

00:11:02,000 --> 00:11:04,000

Okay. Can you describe what people saw?

94

00:11:04,000 --> 00:11:06,000

I mean, did they see just a light in the sky?

95

00:11:06,000 --> 00:11:08,000

Maybe they saw something a little bit different.

96

00:11:08,000 --> 00:11:10,000

What do you remember about what happened to you and your family?

97

00:11:10,000 --> 00:11:14,000

There's a lot of time that went by, and I only remember little pieces of it.

98

00:11:14,000 --> 00:11:20,000

But we were coming right down this road here, and we were heading through the bridge.

99

00:11:20,000 --> 00:11:21,000

And let me show you.

100

00:11:21,000 --> 00:11:22,000

Okay.

101

00:11:22,000 --> 00:11:23,000

Right?

102

00:11:24,000 --> 00:11:27,000

At 9 p.m. on the night of the sighting,

103

00:11:27,000 --> 00:11:31,000

10-year-old Tom and his mother, grandmother, and brother

104

00:11:31,000 --> 00:11:36,000

were just minutes from getting home when they crossed the bridge.

105

00:11:36,000 --> 00:11:39,000

Well, I was in the back seat behind the driver and my mother,

106

00:11:39,000 --> 00:11:41,000

and my grandmother was sitting in the passenger seat.

107

00:11:41,000 --> 00:11:47,000

It was the first one to notice that there was an odd light that didn't seem to make sense.

108

00:11:47,000 --> 00:11:50,000

There was a bleed of light coming through the bridge.

109

00:11:51,000 --> 00:11:54,000

So light was coming through places it should not have benefited.

110

00:11:54,000 --> 00:11:58,000

It was coming through the walls a little bit, coming through the floorboards.

111

00:11:58,000 --> 00:12:00,000

Then we exited the bridge.

112

00:12:00,000 --> 00:12:02,000

This is the spot right there.

113

00:12:02,000 --> 00:12:04,000

This is where we first saw it, Mike.

114

00:12:04,000 --> 00:12:06,000

So can you describe what you saw?

115

00:12:06,000 --> 00:12:10,000

Yeah, it was like an orb, if you would, or a spear.

116

00:12:10,000 --> 00:12:14,000

And it was about, I'm going to say, maybe 30, 40 yards round.

117

00:12:14,000 --> 00:12:16,000

It was a perfectly round spear.

118

00:12:16,000 --> 00:12:20,000

And it had wads of light that seemed to fire from it.

119

00:12:20,000 --> 00:12:23,000

So it looked like a sugar cone or an ice cream cone.

120

00:12:23,000 --> 00:12:26,000

So none of you has ever seen anything like this before?

121

00:12:26,000 --> 00:12:28,000

No, not like that, no.

122

00:12:28,000 --> 00:12:32,000

As Tom's mother continued driving slowly down the road,

123

00:12:32,000 --> 00:12:40,000

the object flew on a route parallel to theirs until it took an abrupt turn, cutting them off.

124

00:12:40,000 --> 00:12:45,000

The car comes to a stop, and there's a feeling that came over the car,

125

00:12:45,000 --> 00:12:47,000

which was like some type of a field.

126

00:12:47,000 --> 00:12:49,000

And we were just gone.

127

00:12:49,000 --> 00:12:51,000

We weren't in the car anymore.

128

00:12:55,000 --> 00:12:58,000

And I remember seeing a light or a door of some kind,

129

00:12:58,000 --> 00:13:01,000

and I was grabbed like this on my left arm,

130

00:13:01,000 --> 00:13:04,000

and I was kind of pushed towards this door.

131

00:13:04,000 --> 00:13:10,000

I went into the door, and I was sitting on almost like an autopsy table.

132

00:13:10,000 --> 00:13:15,000

And I saw what looked like some type of a large insect, like an ant, if you will.

133

00:13:15,000 --> 00:13:18,000

Very stick-like legs, bamboo almost.

134

00:13:18,000 --> 00:13:21,000

And that's what frightened me.

135

00:13:21,000 --> 00:13:23,000

And then I was out.

136

00:13:23,000 --> 00:13:26,000

Then I remember waking them back in the car.

137

00:13:28,000 --> 00:13:35,000

If you could remember every single detail, every single thing that happened to you,

138

00:13:35,000 --> 00:13:36,000

what do you want to?

139

00:13:36,000 --> 00:13:43,000

I want to know, but at the same time, I'm not sure that's a good thing at this point.

140

00:13:43,000 --> 00:13:44,000

It's confusing.

141

00:13:44,000 --> 00:13:47,000

You know, I kind of need to know everything that happened,

142

00:13:47,000 --> 00:13:50,000

but at the same time, there's really no way for me to do that.

143

00:13:52,000 --> 00:13:55,000

For years following the reported event,

144

00:13:55,000 --> 00:13:58,000

a number of local authorities and UFO investigators

145

00:13:58,000 --> 00:14:03,000

tried to find evidence that would validate the Reeve family's incredible account.

146

00:14:04,000 --> 00:14:08,000

One of these was a local judge named Kevin Titus,

147

00:14:08,000 --> 00:14:13,000

who has spent decades interviewing eyewitnesses and verifying their testimony.

148

00:14:14,000 --> 00:14:20,000

It is his belief that enough evidence exists to conclude that something otherworldly did,

149

00:14:20,000 --> 00:14:25,000

in fact, happen on that summer night nearly 50 years ago.

150

00:14:26,000 --> 00:14:28,000

Everybody could explain what they were seeing,

151

00:14:28,000 --> 00:14:32,000

and people were calling the WSPS radio and telling them

152

00:14:32,000 --> 00:14:35,000

that there's something going on over in this area,

153

00:14:35,000 --> 00:14:41,000

and nobody was able to completely say what it was, but everybody saw it.

154

00:14:41,000 --> 00:14:46,000

There was well over 250 people they called, and they were scared, hysterical.

155

00:14:46,000 --> 00:14:48,000

Some people couldn't explain what they saw.

156

00:14:48,000 --> 00:14:52,000

They called the police, and they called the Army Reserve Air Base.

157

00:14:52,000 --> 00:14:54,000

It's a fact. It did happen.

158

00:14:54,000 --> 00:14:57,000

When you have over 250 people that saw something the same day,

159

00:14:57,000 --> 00:14:59,000

how can you say it wasn't true?

160

00:15:02,000 --> 00:15:05,000

Over 250 callers?

161

00:15:05,000 --> 00:15:10,000

And all reportedly seeing the same unidentified flying object?

162

00:15:11,000 --> 00:15:14,000

For abduction researchers and local authorities,

163

00:15:14,000 --> 00:15:18,000

the incredible number of witnesses gave the Reeve family's case

164

00:15:18,000 --> 00:15:21,000

an uncommonly high level of credibility.

165

00:15:22,000 --> 00:15:26,000

So much so, that on November 3rd, 2015,

166

00:15:26,000 --> 00:15:31,000

Massachusetts Governor Charles D. Baker issued a citation,

167

00:15:31,000 --> 00:15:36,000

which formally recognized that a verified UFO event had taken place,

168

00:15:36,000 --> 00:15:40,000

just as the Reeve family and many others had described.

169

00:15:42,000 --> 00:15:47,000

To date, no other alien encounter has received this kind of acknowledgement.

170

00:15:49,000 --> 00:15:52,000

What I think is important in all this,

171

00:15:52,000 --> 00:15:56,000

is that we were the first to be state inducted as a true event,

172

00:15:56,000 --> 00:16:00,000

and I think that opens doors and paves the way for a lot of other people

173

00:16:00,000 --> 00:16:02,000

who deserve to be taken more seriously.

174

00:16:04,000 --> 00:16:07,000

To the verified accounts of the Sheffield Incident,

175

00:16:07,000 --> 00:16:12,000

refute skeptics who claim that abduction stories are unreliable.

176

00:16:12,000 --> 00:16:15,000

Ancient astronaut theorists say yes,

177

00:16:15,000 --> 00:16:20,000

and they suggest that even more compelling evidence can be found

178

00:16:20,000 --> 00:16:25,000

by examining memories buried deep inside the human mind.

179

00:16:30,000 --> 00:16:35,000

At one of the AlienCon panels, examining alien abduction phenomena,

180

00:16:35,000 --> 00:16:41,000

a member of the audience shares what he believes to have been a real-life alien encounter,

181

00:16:41,000 --> 00:16:43,000

one involving missing time.

182

00:16:44,000 --> 00:16:49,000

In about 1996, I saw a UFO, and it scared me bad enough that I called 911.

183

00:16:49,000 --> 00:16:53,000

And it just flew around a water tower across the street from my house

184

00:16:53,000 --> 00:16:57,000

and went into Oak Raiperian Park, and I grabbed my flashlight,

185

00:16:57,000 --> 00:16:59,000

I wanted to see it, and I chased it.

186

00:17:00,000 --> 00:17:03,000

And the next thing I remember, I'm walking back,

187

00:17:03,000 --> 00:17:06,000

but I have this thing every time I go back to that same park,

188

00:17:06,000 --> 00:17:08,000

I feel like I'm missing something.

189

00:17:09,000 --> 00:17:13,000

It's a very common thing, missing time with the abduction experience.

190

00:17:13,000 --> 00:17:19,000

And so, yeah, so I've been helping a lot of people going, you know, go through the regression.

191

00:17:19,000 --> 00:17:21,000

There's different ways that you can do regression,

192

00:17:21,000 --> 00:17:23,000

but I definitely encourage you to do that.

193

00:17:23,000 --> 00:17:27,000

Caroline Corey is an expert in hypnotic regression,

194

00:17:27,000 --> 00:17:32,000

a meditative practice used to release missing time memories that have been suppressed,

195

00:17:32,000 --> 00:17:36,000

but are still present in a person's subconscious mind.

196

00:17:37,000 --> 00:17:43,000

For the past 16 years, she has specialized in helping people remember and understand

197

00:17:43,000 --> 00:17:48,000

what they believe to be an incident involving extraterrestrial abduction.

198

00:17:50,000 --> 00:17:52,000

When people have a trauma,

199

00:17:52,000 --> 00:17:57,000

they tend to push it back into the subconscious mind

200

00:17:57,000 --> 00:18:03,000

because on a conscious level, it is associated with fear, anxiety.

201

00:18:04,000 --> 00:18:10,000

Hypnotherapy allows you to bring the mind to a certain level

202

00:18:10,000 --> 00:18:15,000

so that the person is so relaxed, they're almost in a trance,

203

00:18:15,000 --> 00:18:19,000

then they can tap into their subconscious mind and relive the experience.

204

00:18:19,000 --> 00:18:24,000

When you relive the experience, you right away, you begin to heal it.

205

00:18:24,000 --> 00:18:27,000

That is what happens in hypnotherapy.

206

00:18:28,000 --> 00:18:30,000

Hey, Joe, how are you?

207

00:18:30,000 --> 00:18:38,000

On June 11th, 2018, Caroline met with Joe Sirdedi for a hypnotic regression session.

208

00:18:38,000 --> 00:18:45,000

Joe has had difficulty remembering the details of an incident that happened in the spring of 2008

209

00:18:45,000 --> 00:18:52,000

when he and two friends were driving on a dark highway just after midnight near Oakland, California.

210

00:18:53,000 --> 00:18:58,000

We were just driving down the road at an average speed of 65, maybe 70 miles an hour,

211

00:18:58,000 --> 00:19:04,000

and instantaneously, we weren't driving anymore and the car was shut off,

212

00:19:04,000 --> 00:19:11,000

and we were parked about 45 minutes away in a parking lot for an amusement park after hours,

213

00:19:11,000 --> 00:19:16,000

and we were locked inside the gate with no explanation how we got there at that time.

214

00:19:18,000 --> 00:19:24,000

Joe realized that he and his friends may have been abducted by extraterrestrials,

215

00:19:24,000 --> 00:19:29,000

extraterrestrials which he believes deliberately blocked his memory.

216

00:19:30,000 --> 00:19:37,000

Today, Caroline will use hypnotic regression to hopefully help Joe remember more about what happened on that night.

217

00:19:38,000 --> 00:19:39,000

You ready?

218

00:19:39,000 --> 00:19:40,000

I am.

219

00:19:40,000 --> 00:19:41,000

Okay, here we go.

220

00:19:41,000 --> 00:19:51,000

So, we're going to sit up straight with the feet flat on the floor and close your eyes.

221

00:19:53,000 --> 00:20:00,000

And take a deep breath in through the nose and exhale through the mouth.

222

00:20:01,000 --> 00:20:07,000

As you exhale, you let go of the stress, the tension.

223

00:20:08,000 --> 00:20:14,000

Focus on your hands, on your arms, on your heart.

224

00:20:15,000 --> 00:20:18,000

We are now in the year 2008.

225

00:20:19,000 --> 00:20:23,000

You are driving with two friends.

226

00:20:24,000 --> 00:20:26,000

And then what happens?

227

00:20:27,000 --> 00:20:31,000

A very bright flash of light just surrounds us, it absorbs us.

228

00:20:32,000 --> 00:20:33,000

Okay.

229

00:20:33,000 --> 00:20:38,000

I'm getting these thoughts in my head that I've never heard before, and I'm trying to...

230

00:20:38,000 --> 00:20:42,000

Don't try, don't assess or judge or analyze.

231

00:20:43,000 --> 00:20:46,000

You are in the experience, in the feeling.

232

00:20:47,000 --> 00:20:50,000

You feel safe, protected.

233

00:20:51,000 --> 00:20:55,000

And the light, where is the light coming from?

234

00:20:56,000 --> 00:20:58,000

Almost like a portal being opened.

235

00:20:59,000 --> 00:21:01,000

It's being opened by a ship.

236

00:21:03,000 --> 00:21:04,000

Okay.

237

00:21:05,000 --> 00:21:08,000

What is the next thing that you experience?

238

00:21:09,000 --> 00:21:14,000

I'm starting to actually get a visual of, I guess you could call them faces.

239

00:21:15,000 --> 00:21:16,000

Who's there?

240

00:21:16,000 --> 00:21:17,000

Just beings.

241

00:21:18,000 --> 00:21:24,000

Do you get a sense of why you ended up there, not someone else?

242

00:21:25,000 --> 00:21:30,000

They're showing me just like a line from my family.

243

00:21:31,000 --> 00:21:33,000

They're just going back in time.

244

00:21:34,000 --> 00:21:40,000

They're saying that there's always been a connection, a close connection, as far back as it goes.

245

00:21:41,000 --> 00:21:42,000

Okay.

246

00:21:43,000 --> 00:21:49,000

The biggest question that the abductees have is, why me?

247

00:21:49,000 --> 00:21:51,000

Why did this happen to me?

248

00:21:52,000 --> 00:21:58,000

If they can sense that this happened not just to them, but to their parents and their grandparents,

249

00:21:58,000 --> 00:22:00,000

it brings some sort of closure.

250

00:22:01,000 --> 00:22:07,000

It starts to make sense to them, and they start to feel that there's a real connection.

251

00:22:07,000 --> 00:22:08,000

It wasn't a random thing.

252

00:22:09,000 --> 00:22:10,000

Breathe in through the nose.

253

00:22:12,000 --> 00:22:17,000

As you exhale through the mouth, you're purging all of this energy.

254

00:22:17,000 --> 00:22:19,000

Let it go, let it go, yes.

255

00:22:21,000 --> 00:22:27,000

And slowly, slowly, whenever you ready, open your eyes.

256

00:22:31,000 --> 00:22:32,000

Wow.

257

00:22:33,000 --> 00:22:34,000

Excellent.

258

00:22:34,000 --> 00:22:35,000

Yeah.

259

00:22:35,000 --> 00:22:36,000

Wow.

260

00:22:36,000 --> 00:22:37,000

Well, you did amazing.

261

00:22:37,000 --> 00:22:38,000

That was awesome.

262

00:22:38,000 --> 00:22:39,000

Thank you so much.

263

00:22:39,000 --> 00:22:40,000

Absolutely.

264

00:22:41,000 --> 00:22:50,000

There was a time where I was scared to find the answers, because I think the whole unknown factor is a basic human fear,

265

00:22:50,000 --> 00:22:53,000

not knowing the unknown, the abyss, the dark.

266

00:22:54,000 --> 00:22:58,000

But I needed those answers, because I needed some sort of explanation for what happened that night.

267

00:22:59,000 --> 00:23:01,000

All right, I think we're done for today.

268

00:23:01,000 --> 00:23:02,000

Okay.

269

00:23:02,000 --> 00:23:08,000

For Jonserletti and others like him, hypnotic regression is an important tool in unlocking memories

270

00:23:08,000 --> 00:23:11,000

that may be buried due to trauma.

271

00:23:12,000 --> 00:23:20,000

But are there other, even more authoritative methods, that might help prove that alien abductions actually take place?

272

00:23:21,000 --> 00:23:31,000

Ancient astronaut theorists say yes, and point to recent experiments that collect convincing scientific data from the human brain.

273

00:23:39,000 --> 00:23:48,000

Of the featured guests at AlienCon 2018, three claim to have had firsthand experience with extraterrestrials,

274

00:23:48,000 --> 00:23:51,000

consciousness researcher Caroline Cori,

275

00:23:51,000 --> 00:23:58,000

Kathleen Martin, the director of Experienter Research for MUFON, the mutual UFO network,

276

00:23:58,000 --> 00:24:06,000

and Brett Oldham, a man who claims to have had more than a dozen abduction experiences since the age of five.

277

00:24:06,000 --> 00:24:11,000

So many, in fact, that he has authored three books on the subject.

278

00:24:12,000 --> 00:24:19,000

I was first taken when I was five years old, and the memories were suppressed all the way up until I was in my early twenties.

279

00:24:19,000 --> 00:24:24,000

And it was through that therapy that I discovered the truth of what had been happening to me.

280

00:24:24,000 --> 00:24:31,000

The psychological damage of being taken and having sexual experiences performed on you and being subjected to a lot of things like that.

281

00:24:31,000 --> 00:24:41,000

I decided not to become a victim to it, and it took me 20-some years to get enough nerve to come forward

282

00:24:41,000 --> 00:24:46,000

and face what was out there because I wanted to become a voice for others who have had these experiences.

283

00:24:47,000 --> 00:24:54,000

For more than a decade, Brett Oldham has been an advocate for those who claim to have had similar experiences.

284

00:24:55,000 --> 00:25:00,000

Like all abductees, he has faced both skepticism and scorn from the public.

285

00:25:02,000 --> 00:25:08,000

This is a world-wide phenomenon that's happening in a grand scale and it's happening to all walks of life.

286

00:25:08,000 --> 00:25:26,000

Earlier this year, in an effort to learn if his abduction memories could be clinically proven, Brett agreed to submit to his scientific test.

287

00:25:27,000 --> 00:25:28,000

Why don't you come on back?

288

00:25:28,000 --> 00:25:30,000

Sure. Great. Thanks.

289

00:25:30,000 --> 00:25:42,000

If successful, the test involving an EEG scan of Brett's brain could go a long way toward proving that extraterrestrial abductions are actually taking place.

290

00:25:44,000 --> 00:25:53,000

Conducting the test is neuroscientist Dr. Dario Nardi, under the supervision of former British Ministry of Defense investigator Nick Poe.

291

00:25:54,000 --> 00:25:59,000

Okay, we will be using this little piece of equipment today. Are you familiar with EEG?

292

00:25:59,000 --> 00:26:00,000

I'm familiar with it.

293

00:26:00,000 --> 00:26:06,000

There are no wires or whatnot. There's just these little sensors and I will be placing this on your head like this.

294

00:26:06,000 --> 00:26:07,000

Okay.

295

00:26:08,000 --> 00:26:18,000

An EEG, or electroencephalography, is a non-invasive method of measuring the electrochemical activity of the neurons in the brain.

296

00:26:19,000 --> 00:26:31,000

It works by placing a network of electrodes over areas of the scalp, which can in turn register not only the area of the brain that is being stimulated, but also the degree of stimulation.

297

00:26:32,000 --> 00:26:35,000

So we can make a couple of inferences when we see the brain activity.

298

00:26:35,000 --> 00:26:47,000

One is, if we see what are called alpha waves in particular in the temporal regions of the brain, then that's going to give us a good idea that the person is recalling something from memory.

299

00:26:47,000 --> 00:26:57,000

On the other hand, if we see activity more in the front of the brain, where there's maybe not those alpha waves or some other kind of activity,

300

00:26:57,000 --> 00:27:04,000

then that's going to suggest that the person is crafting something or coming up with an answer explanation in the moment.

301

00:27:04,000 --> 00:27:09,000

So we can differentiate storytelling versus accessing the memory.

302

00:27:11,000 --> 00:27:21,000

Nick will ask Brett a series of questions about his abduction experiences, and Dr. Nardi will observe the neural activity that occurs during Brett's responses.

303

00:27:22,000 --> 00:27:32,000

If, for example, Brett is inventing or making up his answers, it should show up as activity on the part of the brain most associated with imagination.

304

00:27:35,000 --> 00:27:37,000

Okay, we are ready to go.

305

00:27:37,000 --> 00:27:43,000

Well, perhaps, first of all, Brett, was there a single incident that started this?

306

00:27:43,000 --> 00:27:44,000

There was.

307

00:27:44,000 --> 00:27:57,000

We lived in Southern Illinois in an old farmhouse surrounded by just corn fields and soybeans and stuff like that, and I'd lived a pretty innocent life up until that point.

308

00:27:57,000 --> 00:28:00,000

One night, I heard a voice.

309

00:28:02,000 --> 00:28:05,000

I actually thought it was my stepdad because it's very, very quiet out in the country.

310

00:28:06,000 --> 00:28:08,000

Did the voice say something?

311

00:28:08,000 --> 00:28:11,000

The voice was coaxing me to come to the window.

312

00:28:12,000 --> 00:28:15,000

I got up and I walked across the floor.

313

00:28:15,000 --> 00:28:17,000

I could see a light coming through.

314

00:28:17,000 --> 00:28:23,000

It just kept coaxing me to come, and I was just a curious little boy.

315

00:28:23,000 --> 00:28:32,000

And I remember raising my hand up and pulling back the curtains, and that's when I came face to face with what we now know as a gray.

316

00:28:35,000 --> 00:28:37,000

So what did you think it was?

317

00:28:37,000 --> 00:28:38,000

I had no idea.

318

00:28:38,000 --> 00:28:50,000

I had never seen anything like that before, and before I could scream for help or anything, the next thing I remember was laying on a table surrounded by these things.

319

00:28:51,000 --> 00:28:56,000

And you said before you could scream, so I presume from what you're saying that you were very scared.

320

00:28:56,000 --> 00:28:57,000

Very scared.

321

00:28:58,000 --> 00:29:05,000

That first incident made such an indelible mark on my psyche that I had nightmares about it up until just several years ago.

322

00:29:06,000 --> 00:29:17,000

Even now after all the time, how does it make you feel looking back on that incident and what's your bottom line on this in terms of what you think's going on?

323

00:29:17,000 --> 00:29:20,000

I don't think anyone really knows what their true agenda is.

324

00:29:20,000 --> 00:29:24,000

You know, some people speculate that they're going to take over a planet.

325

00:29:24,000 --> 00:29:25,000

I don't.

326

00:29:25,000 --> 00:29:28,000

I think if they were going to do that, they would have already done it.

327

00:29:28,000 --> 00:29:29,000

Right.

328

00:29:30,000 --> 00:29:40,000

After Nick and Brett finished their session, Dr. Nardi shares the EEG results and what they revealed about Brett and his story.

329

00:29:41,000 --> 00:29:46,000

So we had about 45 minutes worth of data.

330

00:29:46,000 --> 00:29:52,000

You asked questions that truly were speculative questions versus ones that were asking for literal recall.

331

00:29:52,000 --> 00:29:56,000

And we saw that really they were activating into very different parts of the brain.

332

00:29:57,000 --> 00:30:01,000

Consistently, when you asked them to speculate, like, why do you think that they do this?

333

00:30:01,000 --> 00:30:08,000

Then clearly we see this region of the brain in the left hemisphere sort of by the left temple here that that would get active.

334

00:30:08,000 --> 00:30:11,000

So that was a really good baseline.

335

00:30:11,000 --> 00:30:22,000

In contrast, there were at least a half a dozen moments which really strongly activated over on this side instead, which is associated more with literal recall.

336

00:30:23,000 --> 00:30:29,000

In other words, we're just going to give the facts and the details or rather recall without embellishment.

337

00:30:29,000 --> 00:30:31,000

Indicative of an actual memory.

338

00:30:31,000 --> 00:30:33,000

Most of the time.

339

00:30:33,000 --> 00:30:36,000

Recall without embellishment.

340

00:30:36,000 --> 00:30:43,000

Could this result be evidence that Brett's story is true and that these abductions really took

place?

341

00:30:43,000 --> 00:30:51,000

Those moments that you described like sitting with the tall grey, that's what that looked like in the brain.

342

00:30:51,000 --> 00:31:01,000

By differentiating between memory and speculation, in one sense the EEG machine acted as a sort of polygraph.

343

00:31:01,000 --> 00:31:12,000

The fact that part of the brain involved in memory litter and was activated says to me that this is a genuine experience.

344

00:31:12,000 --> 00:31:14,000

This is not a hoax.

345

00:31:14,000 --> 00:31:18,000

This is not somebody who's making the whole thing up.

346

00:31:18,000 --> 00:31:24,000

Well, Dario, thank you very much. This has been very interesting and I think we've got lots of great data here. Thank you.

347

00:31:24,000 --> 00:31:26,000

Absolutely. It's my pleasure.

348

00:31:26,000 --> 00:31:39,000

The journey is always going to continue for me. I'm always going to want to delve deeper into these events, into what I remember, find out what I don't remember, and I still don't have all the answers.

349

00:31:39,000 --> 00:31:53,000

If, as the EEG data suggests, Brett Oldham's claims of extraterrestrial abduction are true, does it help prove that alien abductions are really happening?

350

00:31:53,000 --> 00:31:55,000

But why?

351

00:31:55,000 --> 00:31:57,000

And for what purpose?

352

00:31:57,000 --> 00:32:07,000

Perhaps further clues can be found by examining evidence that aliens have been altering human biology and not just for generations.

353

00:32:07,000 --> 00:32:11,000

But for thousands of years.

354

00:32:38,000 --> 00:32:51,000

Days later, the couple reports missing time and after participating in hypnotic regression, they claim to realize that they were abducted by extraterrestrials.

355

00:32:51,000 --> 00:33:01,000

In the decades that follow, the Betty and Barney Hill case becomes the most well-known and investigated abduction encounter in modern history.

356

00:33:01,000 --> 00:33:09,000

But according to Betty and Barney's descendants, the incident in Lancaster is only one part of a much larger story.

357

00:33:09,000 --> 00:33:17,000

A story that actually began three years prior with an incident involving Betty's sister.

358

00:33:18,000 --> 00:33:22,000

Betty Hill was my aunt, my mother's sister.

359

00:33:22,000 --> 00:33:30,000

Something that we have never revealed before is that my mother had a close encounter in 1958.

360

00:33:30,000 --> 00:33:37,000

She saw this huge cigar-shaped craft hovering over a field.

361

00:33:37,000 --> 00:33:42,000

She had no explanation for what had happened as far as she knew.

362

00:33:42,000 --> 00:33:46,000

She had gone shopping and she had driven home.

363

00:33:46,000 --> 00:33:57,000

My mother eventually underwent hypnosis and through hypnosis she recalled having been abducted as well.

364

00:33:57,000 --> 00:34:06,000

And I also had this uncanny sort of dream-like experience of being taken to a craft.

365

00:34:06,000 --> 00:34:10,000

It bothered me for many, many years.

366

00:34:10,000 --> 00:34:18,000

Eventually I did talk to my family about it and that's when I found out that my mother had the same memory.

367

00:34:18,000 --> 00:34:26,000

Could it be that extraterrestrial beings are abducting not only individuals but also families?

368

00:34:26,000 --> 00:34:29,000

And if so, why?

369

00:34:29,000 --> 00:34:32,000

The abduction phenomenon is intergenerational.

370

00:34:32,000 --> 00:34:40,000

When a man and a woman marry and either the man or the woman is an abductee, their children will be abductees.

371

00:34:40,000 --> 00:34:46,000

It seems that specific bloodlines are involved here.

372

00:34:46,000 --> 00:34:54,000

And if that's the case, it raises the intriguing possibility that the extraterrestrials are interested in human biology,

373

00:34:54,000 --> 00:34:59,000

that they are monitoring specific genetic lines for some purpose.

374

00:35:00,000 --> 00:35:12,000

For ancient astronaut theorists and UFO researchers, the notion that extraterrestrials are conducting experiments involving human biology is not a new one.

375

00:35:12,000 --> 00:35:18,000

Many believe the practice has been going on for thousands of years.

376

00:35:18,000 --> 00:35:23,000

Maybe there's some truth to these entities which we call Shadim.

377

00:35:23,000 --> 00:35:33,000

These are old legends of people who are abducted, sexually seduced and some taken away.

378

00:35:33,000 --> 00:35:42,000

And when we hear today about the numerous stories of alien abductions, without history they are identical.

379

00:35:42,000 --> 00:35:48,000

For proof that their theories about the biological nature of alien abductions are valid,

380

00:35:48,000 --> 00:35:58,000

researchers point to the fact that a relatively high number of abductees, more than 60%, have an extraordinarily rare blood type,

381

00:35:58,000 --> 00:36:00,000

R.H. Negative.

382

00:36:00,000 --> 00:36:04,000

The subject kept coming up from the abductees.

383

00:36:04,000 --> 00:36:06,000

I'm R.H. Negative.

384

00:36:06,000 --> 00:36:10,000

Could it have anything to do with why I'm being abducted?

385

00:36:10,000 --> 00:36:19,000

I got to collaborate with a doctor, Dr. John Altschuler, and he did pathology, he did blood work.

386

00:36:19,000 --> 00:36:35,000

And he gave the conclusion that R.H. Negative blood might actually be a genetic data point about why humans could be hybrids.

387

00:36:36,000 --> 00:36:42,000

That every R.H. Negative would be coming from a history of abductions.

388

00:36:42,000 --> 00:36:49,000

R.H. Negative is a very peculiar thing. First off, it didn't exist until 35,000 years ago.

389

00:36:49,000 --> 00:36:57,000

It may have been that 35,000 years ago, E.T. introduced this into our society, through whatever breeding programs we've been running.

390

00:36:58,000 --> 00:37:06,000

The ancient astronaut theory suggests that for thousands of years, extraterrestrials meddled with our DNA.

391

00:37:06,000 --> 00:37:17,000

There was a time when we were Homo sapiens, and then we became Homo sapiens sapiens, and that happened within only 50,000 years,

392

00:37:17,000 --> 00:37:24,000

which by Darwinian evolutionary standards is too short of a time span for that to happen.

393

00:37:25,000 --> 00:37:33,000

Our brain volume increased by up to 30% in 50,000 years, which is absolutely crazy.

394

00:37:33,000 --> 00:37:46,000

Now, the reason why I think that modern day abductions occur is because maybe we are still being manipulated with our DNA from extraterrestrials

395

00:37:46,000 --> 00:37:53,000

in order to turn us from Homo sapiens sapiens into Homo sapiens sapiens sapiens.

396

00:37:54,000 --> 00:38:01,000

Have extraterrestrials been abducting people in order to monitor the evolutionary progress of humans?

397

00:38:01,000 --> 00:38:09,000

Or have they been deliberately manipulating our biology in order to achieve some ultimate purpose?

398

00:38:09,000 --> 00:38:14,000

Ancient astronaut theorists claim that both possibilities are likely true,

399

00:38:14,000 --> 00:38:23,000

and for this reason it is more important than ever for us to hear the stories of those who say they have been taken.

400

00:38:23,000 --> 00:38:26,000

The World of Homo

401

00:38:27,000 --> 00:38:32,000

Pasadena, California

402

00:38:32,000 --> 00:38:36,000

June 16th, 2018

403

00:38:36,000 --> 00:38:42,000

Throughout a discussion about alien abductions during a panel at AlienCon,

404

00:38:42,000 --> 00:38:52,000

both the panelists and members of the audience remark on how difficult but also important it is to speak out about abductions.

405

00:38:52,000 --> 00:38:56,000

I hesitated coming up here for a couple of reasons.

406

00:38:56,000 --> 00:39:06,000

Every topic that you guys have mentioned has connected dots actively right now today.

407

00:39:06,000 --> 00:39:14,000

As far as lineage, as far as bloodline, as far as family, so generational, my mom, myself, my daughter.

408

00:39:14,000 --> 00:39:18,000

I had night terrors as a child, missing times as a child throughout my life.

409

00:39:18,000 --> 00:39:28,000

I literally have short-term memory deficits and specific things, real spontaneous phenomena that ultimately touches on everything as you guys talk about.

410

00:39:28,000 --> 00:39:32,000

Thank you very much. These hardly ever seem to be one-off experiences.

411

00:39:32,000 --> 00:39:34,000

Thank you for sharing your story.

412

00:39:37,000 --> 00:39:43,000

I'd like to say I applaud you guys for your courage to come forward in front of all these people and tell their story.

413

00:39:43,000 --> 00:39:47,000

I'm blown away by the amount of people that show up at this panel.

414

00:39:47,000 --> 00:39:54,000

When I see this kind of support, it's very encouraging and I think that's very important to bring in this phenomenon out into the light where it needs to be,

415

00:39:54,000 --> 00:39:57,000

because a lot of answers lie with the experiencers.

416

00:39:57,000 --> 00:39:59,000

So I just thank you for that.

417

00:40:04,000 --> 00:40:09,000

Coming forward to admit that you've had some type of a close encounter,

418

00:40:09,000 --> 00:40:17,000

whether it is seeing something or maybe you've been abducted, that is a very difficult thing to admit.

419

00:40:17,000 --> 00:40:24,000

And that is why I think we really should look at all the other pieces of evidence,

420

00:40:24,000 --> 00:40:30,000

abduction cases or close encounters, when say, OK, what if?

421

00:40:30,000 --> 00:40:37,000

I'm happy today that I'm finally able to say it's not only real, it's happening.

422

00:40:37,000 --> 00:40:44,000

Hearing those stories is of help to any of you out there who have had these strange experiences,

423

00:40:44,000 --> 00:40:47,000

and you are not alone with this, as you can see.

424

00:40:47,000 --> 00:40:50,000

So thank you to you and thank you to my fellow panelists.

425

00:40:52,000 --> 00:40:57,000

When you look at the vast body of data that we have on this phenomenon,

426

00:40:57,000 --> 00:41:01,000

it's difficult to avoid the conclusion that something's going on here.

427

00:41:01,000 --> 00:41:06,000

Why should we therefore cast away the stories of the abductees,

428

00:41:06,000 --> 00:41:11,000

just because we may feel a little uncomfortable with the place that takes us?

429

00:41:13,000 --> 00:41:21,000

Each year, thousands of people are bravely coming forward with personal accounts of alien abductions.

430

00:41:21,000 --> 00:41:26,000

But is the world's growing willingness to hear them and believe them

431

00:41:26,000 --> 00:41:32,000

a sign that humanity might be on the brink of an exciting new period in its evolution?

432

00:41:33,000 --> 00:41:38,000

One, where we will discover that centuries of alien contact has changed us

433

00:41:38,000 --> 00:41:43,000

in ways we could never have previously imagined or accepted.

434

00:41:44,000 --> 00:41:51,000

Perhaps a greater acceptance that alien contact is being made will prepare us for the future.

435

00:41:53,000 --> 00:41:58,000

A future where we will become the extraterrestrials on other worlds

436

00:41:58,000 --> 00:42:04,000

and encounter other life forms not so different from our own.
