

1

00:00:00,000 --> 00:00:03,400

In the most remote place on Earth,

2

00:00:03,440 --> 00:00:08,140

recent discoveries have left scientists stunned.

3

00:00:08,180 --> 00:00:13,240

Something is going on there, and the question is, what?

4

00:00:13,280 --> 00:00:16,680

There were shock waves in 2018 when we realized

5

00:00:16,720 --> 00:00:20,360

that radiation was coming from the soft bowl.

6

00:00:20,380 --> 00:00:24,220

After thousands of years hidden by thick ice

7

00:00:24,260 --> 00:00:27,100

and protected by deadly temperatures,

8

00:00:27,120 --> 00:00:31,960

the truth about Antarctica may finally be revealed.

9

00:00:32,000 --> 00:00:34,700

This is a legitimate satellite image

10

00:00:34,740 --> 00:00:38,440

of a very large hole in the mountain range.

11

00:00:38,480 --> 00:00:42,780

What secret lies beneath the Earth's most unexplored continent?

12

00:00:42,820 --> 00:00:48,180

Here we have a huge underground world beneath Antarctica.

13

00:00:48,220 --> 00:00:53,620

And what will we find out about mankind's true origins?

14

00:00:53,660 --> 00:00:55,820

Buried underneath the ice in Antarctica,

15

00:00:55,840 --> 00:01:00,280

could well be the greatest reveal in all of human history.

16

00:01:03,220 --> 00:01:07,660

There is a doorway in the universe.

17

00:01:07,700 --> 00:01:11,760

Beyond it is the promise of truth.

18

00:01:11,800 --> 00:01:17,200

It demands we question everything we have ever been taught.

19

00:01:17,240 --> 00:01:20,580

The evidence is all around us.

20

00:01:20,600 --> 00:01:24,940

The future is right before our eyes.

21

00:01:24,940 --> 00:01:27,640

We are not alone.

22

00:01:27,680 --> 00:01:30,440

We have never been alone.

23

00:01:43,420 --> 00:01:47,460

Ross Island, Antarctica.

24

00:01:47,500 --> 00:01:50,560

This volcanic landmass at the bottom of the world

25

00:01:50,600 --> 00:01:53,300

is the site of one of the greatest mysteries

26

00:01:53,320 --> 00:01:55,400

of modern physics.

27

00:01:55,420 --> 00:01:59,860

It is here that in May of 2018, NASA scientists

28

00:01:59,900 --> 00:02:03,300

working on the Antarctic Impulsive Transient Antenna,

29

00:02:03,340 --> 00:02:06,700

otherwise known as Anita, detected an anomaly

30

00:02:06,740 --> 00:02:09,740

that defies the laws of physics.

31

00:02:09,780 --> 00:02:13,620

Cosmic rays, which normally rain down on Earth from space,

32

00:02:13,640 --> 00:02:18,480

were instead erupting out of the ground.

33

00:02:18,520 --> 00:02:22,060

Among physicists, there were shock waves in 2018.

34

00:02:22,180 --> 00:02:24,780

When we realized that a strange form of radiation

35

00:02:24,820 --> 00:02:27,220

was coming from the South Pole,

36

00:02:27,260 --> 00:02:28,920

we physicists said,

37

00:02:28,960 --> 00:02:30,960

what kind of particle could this be?

38

00:02:31,000 --> 00:02:32,760

This is new.

39

00:02:32,800 --> 00:02:35,160

You would expect high-energy neutrinos

40

00:02:35,200 --> 00:02:37,800

to be raining down from the sky,

41

00:02:37,840 --> 00:02:40,500

but not coming up from the Earth.

42

00:02:40,540 --> 00:02:43,800

But that's exactly what they found.

43

00:02:43,840 --> 00:02:48,980

So the fact that cosmic rays were measured coming out

44

00:02:49,100 --> 00:02:51,500

of the Earth begs the question,

45

00:02:51,540 --> 00:02:54,040

how is such a thing possible?

46

00:02:54,080 --> 00:02:57,480

Antarctica to this day remains one of the last

47

00:02:57,520 --> 00:03:01,780

unexplored geographical regions of our planet.

48

00:03:01,820 --> 00:03:04,080

It is still one of the greatest mysteries

49

00:03:04,120 --> 00:03:06,060

with which we are faced today.

50

00:03:09,460 --> 00:03:13,160

And Antarctica is a land of extremes.

51

00:03:13,200 --> 00:03:17,040

Nearly 98% of the ground is covered by an ice sheet

52

00:03:17,060 --> 00:03:19,760

up to three miles thick.

53

00:03:19,800 --> 00:03:24,900

A mountain, as towering as Japan's Mount Fuji at 12,400 feet,

54

00:03:24,940 --> 00:03:28,440

would not even break the surface.

55

00:03:28,480 --> 00:03:32,240

Temperatures regularly fall below minus 50 degrees

56

00:03:32,280 --> 00:03:36,820

Fahrenheit, with winds of up to 200 miles an hour.

57

00:03:36,860 --> 00:03:38,620

During its peak season,

58

00:03:38,660 --> 00:03:41,220

it is home to only 4,000 scientists

59

00:03:41,260 --> 00:03:44,660

and military personnel.

60

00:03:44,680 --> 00:03:47,320

Antarctica is the last frontier.

61

00:03:47,360 --> 00:03:50,260

It holds our imagination.

62

00:03:50,280 --> 00:03:54,520

Old maps that said, here be monsters.

63

00:03:54,560 --> 00:03:57,460

The last remaining territory on the planet

64

00:03:57,500 --> 00:04:00,400

that could have such a designation is Antarctica.

65

00:04:02,800 --> 00:04:06,740

Although it was discovered nearly 250 years ago,

66

00:04:06,780 --> 00:04:09,740

scientists have more questions than answers

67

00:04:09,780 --> 00:04:13,040

when it comes to this frozen continent.

68

00:04:13,160 --> 00:04:16,900

Due to the sheer depth of the ice covering its landmass,

69

00:04:16,940 --> 00:04:19,900

the surface of Antarctica is unable to be seen

70

00:04:19,940 --> 00:04:21,740

with the naked eye.

71

00:04:21,780 --> 00:04:24,280

And ancient astronaut theorists propose

72

00:04:24,300 --> 00:04:29,320

that it is not just the geology that is hidden from us.

73

00:04:29,340 --> 00:04:33,020

They suggest there is far more human and perhaps

74

00:04:33,060 --> 00:04:36,220

non-human activity happening in Antarctica

75

00:04:36,260 --> 00:04:37,560

than we've been told.

76

00:04:37,580 --> 00:04:40,660

Something seems to be going on on this mysterious continent

77

00:04:40,680 --> 00:04:42,020

at the South Pole.

78

00:04:42,060 --> 00:04:44,560

And it has been theorized by a number of people

79

00:04:44,600 --> 00:04:49,560

that Antarctica is some kind of alien base.

80

00:04:49,600 --> 00:04:53,000

Rumors of extraterrestrial activity in Antarctica

81

00:04:53,040 --> 00:04:55,740

have circulated for years.

82

00:04:55,780 --> 00:04:59,540

And now, at long last, military personnel

83

00:04:59,580 --> 00:05:01,840

who have been stationed on the frozen continent

84

00:05:01,880 --> 00:05:04,680

are willing to speak to the Earth.

85

00:05:04,800 --> 00:05:09,680

Scottsdale, Arizona, February 2019.

86

00:05:09,720 --> 00:05:12,680

Investigative journalist Linda Moulton-Howe

87

00:05:12,720 --> 00:05:15,920

arrives to conduct an interview with a former Navy flight

88

00:05:15,960 --> 00:05:18,720

engineer who has come forward with information

89

00:05:18,760 --> 00:05:21,520

about strange events he witnessed during his time

90

00:05:21,560 --> 00:05:23,400

in Antarctica.

91

00:05:23,420 --> 00:05:27,100

This is where one of the most important whistleblowers

92

00:05:27,140 --> 00:05:29,560

in my life is the American Navy.

93

00:05:29,600 --> 00:05:33,100

And it's a very important part of the mission.

94

00:05:33,220 --> 00:05:37,560

The most important whistleblowers in my career lives.

95

00:05:37,600 --> 00:05:41,500

And he has decided that he is willing to work with me

96

00:05:41,540 --> 00:05:44,600

to tell the truth about what happened with him

97

00:05:44,640 --> 00:05:46,840

in Antarctica.

98

00:05:46,880 --> 00:05:50,140

This is the kind of breakthrough I have been hoping

99

00:05:50,180 --> 00:05:53,980

that people with real solid military information

100

00:05:54,020 --> 00:05:56,820

would start coming forward, and we would start learning

101

00:05:56,860 --> 00:06:00,960

the facts and the truth in spite of government policies

102

00:06:00,980 --> 00:06:02,420

of denial.

103

00:06:02,540 --> 00:06:10,080

And it was that I felt needed to be put out in the mainstream.

104

00:06:10,120 --> 00:06:12,920

Brian, as he prefers to be called,

105

00:06:12,960 --> 00:06:15,620

requested that his face and voice be obscured

106

00:06:15,660 --> 00:06:18,300

to protect his identity.

107

00:06:18,320 --> 00:06:21,500

His unit was based on the southern tip of Ross Island

108

00:06:21,540 --> 00:06:25,200

at the US McMurdo Station, the main logistics hub

109

00:06:25,240 --> 00:06:28,000

that services nearly all of the scientific outposts

110

00:06:28,040 --> 00:06:30,340

on the continent.

111

00:06:30,460 --> 00:06:32,300

When did you get into the Navy,

112

00:06:32,340 --> 00:06:35,140

and how did you get to Antarctica?

113

00:06:35,180 --> 00:06:39,840

I enlisted in July of 1976.

114

00:06:39,880 --> 00:06:44,180

In order to go to Antarctica, you have to volunteer.

115

00:06:44,220 --> 00:06:48,580

It's not a duty station where you are ordered to go.

116

00:06:48,620 --> 00:06:52,620

I was able to get orders to Antarctic Development Squadron

117

00:06:52,660 --> 00:06:56,860

6, which is referred to as VXE-6.

118

00:06:56,880 --> 00:07:00,720

And its mission would be described as what generally?

119

00:07:00,760 --> 00:07:03,660

The mission that basically was supplying

120

00:07:03,700 --> 00:07:07,500

to out camps, science parties from McMurdo Station

121

00:07:07,520 --> 00:07:10,200

to South Pole back and forth.

122

00:07:10,240 --> 00:07:16,100

Talk about sort of the route and what you guys began to see

123

00:07:16,140 --> 00:07:18,840

on a repeated basis.

124

00:07:18,880 --> 00:07:24,640

During our 95-96 season, my crew was doing a lot

125

00:07:24,760 --> 00:07:26,600

of back and forth to pole.

126

00:07:26,640 --> 00:07:31,700

Mainly, it was cargo resupply, personnel exchanges.

127

00:07:31,740 --> 00:07:34,940

That season, prior to us doing missions,

128

00:07:34,980 --> 00:07:37,940

we were told by some of our officers

129

00:07:37,980 --> 00:07:41,580

that if we saw something flying,

130

00:07:41,620 --> 00:07:43,720

that we weren't supposed to say anything.

131

00:07:43,760 --> 00:07:48,380

Oh, so you knew that people were already warning about

132

00:07:48,420 --> 00:07:49,720

but you had not said?

133

00:07:49,760 --> 00:07:51,120

Right.

134

00:07:51,160 --> 00:07:53,760

So somewhere around December, we were flying a mission

135

00:07:53,880 --> 00:07:57,480

from McMurdo and my load master in the back,

136

00:07:57,520 --> 00:07:59,920

he gets on the intercom, the ICS, and he says,

137

00:07:59,960 --> 00:08:03,520

hey, there's something off to the left here kind of shimmering.

138

00:08:03,560 --> 00:08:06,060

So I went up to the flight deck and I'm looking out

139

00:08:06,100 --> 00:08:09,900

the big windows and I see these little disc shaped objects.

140

00:08:09,940 --> 00:08:12,540

There was probably four or five of them

141

00:08:12,560 --> 00:08:15,300

and they were at first, when I first saw them,

142

00:08:15,340 --> 00:08:19,680

they were just stationary over one mountain peak.

143

00:08:19,700 --> 00:08:21,840

And then all of a sudden, I'm looking at them

144

00:08:21,860 --> 00:08:24,000

and one of them takes off by itself

145

00:08:24,040 --> 00:08:28,900

and flies at incredible speed to the next mountaintop and stops.

146

00:08:28,940 --> 00:08:30,940

And then another one in the group takes off

147

00:08:30,980 --> 00:08:34,540

and heads toward where the first one went.

148

00:08:34,580 --> 00:08:37,280

What did the pilot say?

149

00:08:37,320 --> 00:08:38,620

That was kind of funny.

150

00:08:38,640 --> 00:08:41,720

My pilot gets on the intercom and he kind of joking and goes,

151

00:08:41,760 --> 00:08:44,620

well, all I can tell you is they're not ours.

152

00:08:44,660 --> 00:08:47,320

Not ours, what are you talking about?

153

00:08:47,360 --> 00:08:48,620

And it kept happening.

154

00:08:48,660 --> 00:08:50,920

Yeah, so it happened at least two other times.

155

00:08:51,720 --> 00:08:55,680

Brian feels that it is really important

156

00:08:55,720 --> 00:08:58,320

that the world know that there is something

157

00:08:58,360 --> 00:09:01,420

that is going on in Antarctica.

158

00:09:01,460 --> 00:09:03,720

Is it possible that Brian's sighting

159

00:09:03,760 --> 00:09:05,820

of unidentified flying objects

160

00:09:05,860 --> 00:09:08,460

may be somehow connected to the discovery

161

00:09:08,500 --> 00:09:13,340

that cosmic rays are emanating from the frozen continent?

162

00:09:13,360 --> 00:09:17,040

As far as ancient astronaut theorists are concerned,

163

00:09:17,160 --> 00:09:20,000

Antarctica is not only hiding secrets

164

00:09:20,040 --> 00:09:24,100

about current extraterrestrial activities.

165

00:09:24,140 --> 00:09:26,740

They believe there is much more to be learned

166

00:09:26,780 --> 00:09:30,240

by examining incredible new discoveries.

167

00:09:30,280 --> 00:09:31,920

Deep underground.

168

00:09:38,320 --> 00:09:41,420

In the 21st century, satellite photography

169

00:09:41,460 --> 00:09:44,060

has allowed anyone with an internet connection

170

00:09:44,080 --> 00:09:47,620

to access images of Antarctica.

171

00:09:47,660 --> 00:09:51,660

In 2016, a striking image was discovered

172

00:09:51,700 --> 00:09:54,760

of a seemingly man-made entrance carved into

173

00:09:54,800 --> 00:09:57,360

an Antarctic mountain range.

174

00:09:57,400 --> 00:10:00,000

This is a legitimate satellite image

175

00:10:00,040 --> 00:10:03,800

of a very large proportionate hole

176

00:10:03,840 --> 00:10:05,740

in the ground or the mountain range.

177

00:10:05,780 --> 00:10:08,380

This looks intelligently designed

178

00:10:08,420 --> 00:10:12,080

to suit a specific craft that flies

179

00:10:12,100 --> 00:10:14,440

through this particular opening.

180

00:10:14,480 --> 00:10:18,380

Similarly, in 2018, internet researchers

181

00:10:18,400 --> 00:10:21,040

released the coordinates for what they describe

182

00:10:21,080 --> 00:10:24,880

as a UFO crash-landed on the Antarctic island

183

00:10:24,920 --> 00:10:26,480

of South Georgia.

184

00:10:28,520 --> 00:10:31,320

The photographs are really compelling,

185

00:10:31,360 --> 00:10:33,660

because this is not somebody making believe

186

00:10:33,700 --> 00:10:34,960

something is there.

187

00:10:35,000 --> 00:10:37,560

You can actually see the skid marks.

188

00:10:37,600 --> 00:10:39,960

It actually looks as though an object

189

00:10:40,020 --> 00:10:42,320

is moving along that ice.

190

00:10:42,360 --> 00:10:46,020

But the thing that's so intrigued people

191

00:10:46,060 --> 00:10:49,020

looking at those images were that the skid marks

192

00:10:49,060 --> 00:10:51,020

were straight.

193

00:10:51,060 --> 00:10:54,360

Some ancient astronaut theorists have noted

194

00:10:54,400 --> 00:10:56,500

that the shape of the alleged craft

195

00:10:56,540 --> 00:10:59,940

is very similar to a mysterious celestial object

196

00:10:59,980 --> 00:11:02,440

that was detected entering our solar system

197

00:11:02,480 --> 00:11:06,040

in October 2017.

198

00:11:06,080 --> 00:11:09,280

Called Oumuamua, the object was initially

199

00:11:09,300 --> 00:11:11,500

identified as an asteroid.

200

00:11:11,540 --> 00:11:14,680

But its shape, trajectory, and acceleration

201

00:11:14,700 --> 00:11:17,820

were so unexpected that the chair of Harvard's

202

00:11:17,840 --> 00:11:20,880

Astronomy Department, Avi Lo, suggested

203

00:11:20,920 --> 00:11:23,960

that Oumuamua might be an alien probe.

204

00:11:26,360 --> 00:11:31,860

It's a very curious image of this large, oblong, tubular-shaped

205

00:11:31,900 --> 00:11:35,200

craft that seems to have crashed into the ice

206

00:11:35,240 --> 00:11:37,900

and then skidded along.

207

00:11:38,400 --> 00:11:41,960

And it really looks like this interstellar asteroid,

208

00:11:42,000 --> 00:11:46,900

Oumuamua, that could easily be a spacecraft.

209

00:11:46,940 --> 00:11:52,540

The actual craft itself is right around 50 yards in length.

210

00:11:52,580 --> 00:11:56,380

This is the wider view of this object

211

00:11:56,420 --> 00:12:00,020

that quite possibly came in at an angle,

212

00:12:00,040 --> 00:12:02,580

ricocheted off of the base of this mountain,

213

00:12:02,620 --> 00:12:04,620

and that's what gave it the momentum

214

00:12:04,680 --> 00:12:07,580

to skid several thousands of feet.

215

00:12:07,620 --> 00:12:08,720

You can definitely see the mountain.

216

00:12:08,740 --> 00:12:12,380

There's some disturbance here where this track leads back

217

00:12:12,420 --> 00:12:16,920

to from this unidentified object.

218

00:12:16,960 --> 00:12:19,260

This very well could be a crash landing based off

219

00:12:19,300 --> 00:12:21,600

of what we're seeing at the bottom of the mountain.

220

00:12:21,620 --> 00:12:25,060

Is it possible that online researchers using

221

00:12:25,100 --> 00:12:28,800

satellite technology actually located the crash remnants

222

00:12:28,840 --> 00:12:32,240

of an extraterrestrial vehicle and the opening

223

00:12:32,360 --> 00:12:34,900

to an underground alien base?

224

00:12:34,940 --> 00:12:38,300

Ancient astronaut theorists say yes and point

225

00:12:38,340 --> 00:12:41,000

to shocking disclosures from those on the ground

226

00:12:41,040 --> 00:12:42,740

that validate these claims.

227

00:12:46,280 --> 00:12:49,280

When investigative journalist Linda Moulton-Howe

228

00:12:49,320 --> 00:12:52,380

interviewed a former Navy flight engineer going by the name

229

00:12:52,420 --> 00:12:58,160

of Brian in 2019, he revealed a very curious no-fly zone

230

00:12:58,200 --> 00:13:01,360

he came upon during his service in Antarctica.

231

00:13:01,480 --> 00:13:06,120

According to Brian, sometime around October 1985,

232

00:13:06,160 --> 00:13:10,320

an emergency call had come into McMurdo dispatch.

233

00:13:10,360 --> 00:13:15,360

They got a Medevac call, and it was from the Davis camp,

234

00:13:15,400 --> 00:13:19,600

which was Australia on the far side of East Antarctica.

235

00:13:19,640 --> 00:13:23,640

It was a real emergency, and they had a long flight.

236

00:13:23,680 --> 00:13:27,080

A scientist at Davis camp was gravely injured

237

00:13:27,120 --> 00:13:31,120

by a boiler explosion and needed immediate medical treatment.

238

00:13:32,120 --> 00:13:34,680

Including a fuel pit stop at the South Pole,

239

00:13:34,720 --> 00:13:37,520

Brian's evacuation crew was six hours away

240

00:13:37,560 --> 00:13:39,720

from the critically injured patient,

241

00:13:39,760 --> 00:13:42,560

but they had standing orders to avoid flying

242

00:13:42,600 --> 00:13:44,860

over a so-called air sampling station

243

00:13:44,900 --> 00:13:47,360

that was on the most direct route.

244

00:13:47,400 --> 00:13:49,800

So we were given orders to deviate,

245

00:13:49,840 --> 00:13:51,700

I believe it was 30-mile deviation

246

00:13:51,740 --> 00:13:54,000

away from the air sampling station.

247

00:13:54,040 --> 00:13:57,480

The officers on board were suggesting

248

00:13:57,500 --> 00:14:01,040

that we'd fly straight over the air sampling station

249

00:14:01,060 --> 00:14:03,760

and not deviate, and that would save us 30 minutes.

250

00:14:03,800 --> 00:14:05,040

It was a no-fly zone.

251

00:14:05,060 --> 00:14:08,840

It was a no-fly zone for that specific region

252

00:14:08,880 --> 00:14:10,440

around the pole.

253

00:14:11,840 --> 00:14:15,120

But where the air sampling station was supposed to be,

254

00:14:15,140 --> 00:14:18,880

the crew faced something none of them had ever seen.

255

00:14:20,120 --> 00:14:22,460

There was this giant indentation

256

00:14:22,480 --> 00:14:24,960

that looked like a hole in the ice

257

00:14:24,980 --> 00:14:28,420

that looked like a snow ramp that went down into it.

258

00:14:28,540 --> 00:14:31,540

The polar plateau at South Pole is completely flat.

259

00:14:31,580 --> 00:14:33,180

There are no holes there.

260

00:14:33,220 --> 00:14:35,380

Now there's this big, large hole in the ice

261

00:14:35,420 --> 00:14:37,120

that stood out like a sore thumb

262

00:14:37,160 --> 00:14:38,880

that should not have been there.

263

00:14:38,920 --> 00:14:42,920

Brian estimated the hole to be at least 300 feet in diameter,

264

00:14:42,960 --> 00:14:45,500

the size of a football field.

265

00:14:45,520 --> 00:14:47,900

Confounded by what they had seen,

266

00:14:47,940 --> 00:14:50,760

the crew continued on their route to Davis.

267

00:14:50,800 --> 00:14:52,700

They picked up the injured scientist

268

00:14:52,740 --> 00:14:55,700

and headed back to the McMurdo Station.

269

00:14:56,660 --> 00:14:58,360

As we were getting back

270

00:14:58,400 --> 00:15:00,660

and basically taking the same route,

271

00:15:00,700 --> 00:15:02,200

we were called back and told,

272

00:15:02,240 --> 00:15:04,100

you must deviate from your course

273

00:15:04,140 --> 00:15:07,040

that you took from pole to Davis.

274

00:15:07,080 --> 00:15:09,880

You've got to deviate 30 degrees to do this.

275

00:15:09,900 --> 00:15:11,200

We weren't given an explanation,

276

00:15:11,240 --> 00:15:13,440

but we complied with the request,

277

00:15:13,480 --> 00:15:17,080

and on the way back, the patient died from his burns.

278

00:15:18,620 --> 00:15:21,420

When the aircraft landed at McMurdo Station,

279

00:15:21,460 --> 00:15:25,420

the entire crew was escorted to the senior commander's office.

280

00:15:26,340 --> 00:15:28,740

There, they were ordered to never speak

281

00:15:28,780 --> 00:15:31,980

of the restricted area they had flown over.

282

00:15:32,020 --> 00:15:34,580

Immediately after I thought to myself,

283

00:15:34,620 --> 00:15:36,520

well, what was it we weren't supposed to see?

284

00:15:36,560 --> 00:15:39,920

All we saw was a hole in the ice.

285

00:15:39,960 --> 00:15:43,860

If the hole was, in fact, a natural feature,

286

00:15:43,900 --> 00:15:47,100

why did the crew's flyover elicit such attention

287

00:15:47,140 --> 00:15:49,440

from high-rank officials?

288

00:15:49,460 --> 00:15:52,800

There's been a lot of talk about underground bases

289

00:15:52,820 --> 00:15:56,920

in Antarctica, and certain satellite photos show mountain areas

290

00:15:56,960 --> 00:15:59,660

that have unusual caverns in them,

291

00:15:59,700 --> 00:16:03,700

literal windows that are the shape of a flying saucer.

292

00:16:04,720 --> 00:16:08,460

Is it possible that secret, perhaps extraterrestrial,

293

00:16:08,500 --> 00:16:12,220

bases are hidden beneath the ice on Antarctica?

294

00:16:13,600 --> 00:16:17,400

Curiously, the idea of habitable space beneath the ice

295

00:16:17,440 --> 00:16:20,600

has been recently backed up by mainstream science.

296

00:16:23,800 --> 00:16:29,800

Mount Erebus, Ross Island, and Antarctica, 2017.

297

00:16:29,840 --> 00:16:33,200

Researchers from the Australian National University

298

00:16:33,240 --> 00:16:36,200

discovered the existence of vast ice caverns

299

00:16:36,240 --> 00:16:39,400

directly adjacent to this active volcano.

300

00:16:39,440 --> 00:16:43,640

Due to their location, these glacial caves under the ice

301

00:16:43,680 --> 00:16:45,880

offer something incredibly unique

302

00:16:45,920 --> 00:16:48,480

on the otherwise frigid continent.

303

00:16:48,520 --> 00:16:51,880

Large, heated spaces with temperatures warm enough

304

00:16:52,000 --> 00:16:53,840

to sustain life.

305

00:16:53,880 --> 00:16:58,840

Australian scientists were able to find enormous caverns

306

00:16:58,880 --> 00:17:02,920

that were hollowed out, that were places

307

00:17:02,960 --> 00:17:06,760

where you could actually have life flourish,

308

00:17:06,800 --> 00:17:08,360

that they were able to determine

309

00:17:08,400 --> 00:17:10,560

that some of these caverns were thermally heated

310

00:17:10,600 --> 00:17:13,360

to a barmy 70, 72 degrees.

311

00:17:13,400 --> 00:17:17,360

72 degrees in Antarctica?

312

00:17:17,400 --> 00:17:21,400

Mount Erebus is just one of more than 90 places

313

00:17:21,400 --> 00:17:25,120

with over 90 volcanoes on Antarctica.

314

00:17:25,160 --> 00:17:27,760

Modern technology has enabled scientists

315

00:17:27,800 --> 00:17:31,000

to discover additional caverns near these features,

316

00:17:31,040 --> 00:17:33,200

and some are reportedly as large

317

00:17:33,240 --> 00:17:36,000

as the entire island of Manhattan.

318

00:17:37,480 --> 00:17:41,640

Here we have a huge, apparently underground world

319

00:17:41,680 --> 00:17:44,040

beneath Antarctica.

320

00:17:44,080 --> 00:17:47,880

And this could be used by extraterrestrials

321

00:17:47,880 --> 00:17:51,440

on these ready-made bases that are underground

322

00:17:51,480 --> 00:17:53,480

and are hidden.

323

00:17:53,520 --> 00:17:56,480

Could these naturally heated caverns and tunnels

324

00:17:56,520 --> 00:18:00,720

really be inhabited by extraterrestrials?

325

00:18:00,760 --> 00:18:05,400

The ideas of both passageways deep under the Antarctic ice sheets

326

00:18:05,440 --> 00:18:08,800

and also an alien presence on the icy continents

327

00:18:08,840 --> 00:18:10,360

are not new.

328

00:18:10,400 --> 00:18:14,600

Some say they trace back to the beginning of World War II,

329

00:18:14,600 --> 00:18:17,600

and a secret Nazi expedition.

330

00:18:23,720 --> 00:18:28,600

Hamburg, Germany, December 1938.

331

00:18:28,640 --> 00:18:31,840

On the brink of World War II, Adolf Hitler

332

00:18:31,880 --> 00:18:34,200

is secretly searching for ancient relics

333

00:18:34,240 --> 00:18:37,440

that he believes could hold incredible powers.

334

00:18:39,240 --> 00:18:42,280

As part of this effort, on December 17th,

335

00:18:42,320 --> 00:18:45,160

he sends the German freighter, M.S. Schwabenland,

336

00:18:45,200 --> 00:18:48,520

on a top-secret mission to establish a permanent base

337

00:18:48,560 --> 00:18:51,160

on Antarctica.

338

00:18:51,200 --> 00:18:55,480

But why is Hitler sacrificing crucial resources and personnel

339

00:18:55,520 --> 00:18:57,280

for a mission to Antarctica

340

00:18:57,320 --> 00:19:00,680

when he is simultaneously preparing to go to war?

341

00:19:02,600 --> 00:19:06,320

The Tullis Society was very important in understanding

342

00:19:06,360 --> 00:19:08,920

what happened in Nazi Germany.

343

00:19:08,960 --> 00:19:11,960

They actually believed that there were mystics

344

00:19:11,960 --> 00:19:15,080

who could communicate with beings

345

00:19:15,120 --> 00:19:17,800

who claimed to be extraterrestrial in origin.

346

00:19:19,800 --> 00:19:24,200

Hitler's Nazi party got information through these psychic mediums

347

00:19:24,240 --> 00:19:26,280

who told them that in Antarctica

348

00:19:26,320 --> 00:19:29,360

there is this ancient civilization or bases

349

00:19:29,400 --> 00:19:33,000

where they could find advanced technologies.

350

00:19:33,040 --> 00:19:37,120

The Nazis found some of these caverns beneath the ice,

351

00:19:37,160 --> 00:19:41,080

and some of them can be reached by submarines, apparently.

352

00:19:42,960 --> 00:19:47,680

The story goes, the German navy were able to find passages

353

00:19:47,720 --> 00:19:52,640

under the Antarctic ice sheets to these enormous caverns,

354

00:19:52,680 --> 00:19:57,000

and so they were then able to establish these bases

355

00:19:57,040 --> 00:19:59,200

under the Antarctic ice sheet.

356

00:20:01,440 --> 00:20:04,280

Does the recent discovery of interconnected caverns

357

00:20:04,320 --> 00:20:08,840

beneath the ice of Antarctica validate rumors about the Nazis

358

00:20:09,240 --> 00:20:12,840

that many mainstream historians had deemed a complete fantasy?

359

00:20:13,960 --> 00:20:18,720

And if so, might the Nazis have discovered something truly incredible

360

00:20:18,760 --> 00:20:20,320

on the frozen continent?

361

00:20:23,280 --> 00:20:28,560

One theory is that the Germans discovered

362

00:20:28,600 --> 00:20:31,480

when they were exploring the South Pole

363

00:20:31,520 --> 00:20:35,920

that there was actually another presence at the South Pole

364

00:20:35,960 --> 00:20:37,360

that was not human.

365

00:20:39,480 --> 00:20:41,760

And together with that presence,

366

00:20:41,800 --> 00:20:44,800

the Germans established a base on Antarctica.

367

00:20:47,400 --> 00:20:51,080

After the Nazis were defeated in 1945,

368

00:20:51,120 --> 00:20:53,480

the United States and the Soviet Union

369

00:20:53,520 --> 00:20:56,680

recruited the top Nazi scientists,

370

00:20:56,720 --> 00:21:01,440

many who later embarked on their own secret missions to Antarctica.

371

00:21:01,480 --> 00:21:04,920

Is it possible that these two emerging world powers

372

00:21:04,920 --> 00:21:07,880

had knowledge that the Nazis did, in fact,

373

00:21:07,920 --> 00:21:11,720

come into contact with extraterrestrials at the South Pole?

374

00:21:15,120 --> 00:21:18,080

August 26, 1946.

375

00:21:19,200 --> 00:21:22,960

A U.S. scientific expedition called Operation Hijab

376

00:21:23,000 --> 00:21:25,560

departs for the South Pole.

377

00:21:25,600 --> 00:21:28,920

It is led by esteemed naval officer and explorer,

378

00:21:28,960 --> 00:21:30,480

Admiral Richard Byrd.

379

00:21:31,480 --> 00:21:35,080

Admiral Richard Byrd was a very important admiral

380

00:21:35,120 --> 00:21:36,920

in the United States Navy.

381

00:21:36,960 --> 00:21:40,280

He graduated the United States Naval Academy at Annapolis.

382

00:21:40,320 --> 00:21:42,520

He fought in World War I,

383

00:21:42,560 --> 00:21:45,960

and after the war, he became an explorer.

384

00:21:47,200 --> 00:21:51,520

In 1926, Byrd made worldwide headlines

385

00:21:51,560 --> 00:21:55,120

when he and Navy Chief Aviation Pilot Floyd Bennett

386

00:21:55,160 --> 00:21:58,880

became the first people to ever fly over the North Pole.

387

00:22:00,520 --> 00:22:04,880

For their efforts, both men received the Congressional Medal of Honor.

388

00:22:04,920 --> 00:22:08,160

Later, when Byrd, at the age of 41,

389

00:22:08,200 --> 00:22:11,120

made the first solo flight over the South Pole,

390

00:22:11,160 --> 00:22:14,880

he became the youngest person ever promoted to the rank of admiral

391

00:22:14,920 --> 00:22:17,720

in the history of the United States Navy.

392

00:22:19,160 --> 00:22:23,680

In 1946, Byrd oversaw Operation Hijab,

393

00:22:23,720 --> 00:22:26,920

the largest Antarctic expedition to date.

394

00:22:27,720 --> 00:22:31,720

The massive military convoy included 13 ships,

395

00:22:31,760 --> 00:22:35,560

33 aircraft, and 4,700 troops.

396

00:22:36,800 --> 00:22:40,840

The U.S. Navy sent down a flotilla of ships

397

00:22:40,880 --> 00:22:43,000

under command of Admiral Byrd,

398

00:22:43,040 --> 00:22:47,320

and they came back after about nine months in Antarctica.

399

00:22:47,360 --> 00:22:51,360

Apparently, they actually fought a battle in Antarctica,

400

00:22:51,400 --> 00:22:54,560

probably between remnants of the Third Reich

401

00:22:54,640 --> 00:22:57,400

and perhaps extraterrestrials as well.

402

00:22:58,240 --> 00:23:02,440

There were stories of craft coming up out of the water

403

00:23:02,480 --> 00:23:04,080

and attacking them.

404

00:23:05,520 --> 00:23:10,120

Flying sources dealt a very heavy defeat to Byrd's Operation Hijab.

405

00:23:10,920 --> 00:23:14,680

He gave a report in March of 1947

406

00:23:14,720 --> 00:23:17,080

that said a new enemy had been discovered

407

00:23:17,120 --> 00:23:19,920

that could fly from pole to pole in an instant.

408

00:23:20,920 --> 00:23:23,320

Is it possible that this incredible story

409

00:23:23,360 --> 00:23:25,880

of a naval battle with extraterrestrials

410

00:23:25,920 --> 00:23:29,960

and encounters with craft capable of flying from the South

411

00:23:30,000 --> 00:23:33,520

to the North Pole in an instant could actually be true?

412

00:23:38,840 --> 00:23:44,000

In 2018, more than 70 years after Byrd's astounding claim,

413

00:23:44,040 --> 00:23:46,640

a satellite image captured what appeared to be

414

00:23:46,640 --> 00:23:50,560

a condensed water trail from an aircraft or contrail

415

00:23:50,600 --> 00:23:52,600

that could only have been produced

416

00:23:52,640 --> 00:23:55,640

by something traveling at incredibly high speeds.

417

00:23:57,880 --> 00:24:01,120

It extended the entire length of the Earth,

418

00:24:01,160 --> 00:24:04,160

longitudinally from the North Pole to the South Pole,

419

00:24:04,200 --> 00:24:06,520

which is 12,000 miles.

420

00:24:08,560 --> 00:24:12,440

The maximum length of time that a contrail can maintain its shape

421

00:24:12,480 --> 00:24:15,120

is 30 minutes, but most dissipate

422

00:24:15,120 --> 00:24:17,040

in less than 15.

423

00:24:18,080 --> 00:24:23,160

Only a craft capable of traveling faster than 50,000 miles per hour

424

00:24:23,200 --> 00:24:27,840

or 10 times the speed of the fastest aircraft in existence today

425

00:24:27,880 --> 00:24:30,120

could leave a contrail that would stretch

426

00:24:30,160 --> 00:24:33,120

the entire length of the Earth without breaking up.

427

00:24:35,440 --> 00:24:37,320

It's a seeming impossibility

428

00:24:37,360 --> 00:24:41,760

because it meant that some object was able to traverse

429

00:24:41,800 --> 00:24:44,040

the entire planet from pole to pole

430

00:24:44,040 --> 00:24:47,640

in a matter of minutes before the contrail disappeared.

431

00:24:49,680 --> 00:24:53,960

Whatever created that was going beyond Mach 10.

432

00:24:54,000 --> 00:24:57,960

Mach 10 is over 70,000 miles per hour.

433

00:24:58,000 --> 00:25:01,640

This was probably going much, much faster than that.

434

00:25:01,680 --> 00:25:05,480

So whatever it was was something that, more than likely,

435

00:25:05,520 --> 00:25:07,400

we've never seen before.

436

00:25:08,400 --> 00:25:10,840

After sharing the image online,

437

00:25:10,880 --> 00:25:14,640

Michael Bradbury received replies of confirmed sightings

438

00:25:14,680 --> 00:25:17,840

and even photographic corroboration looking up

439

00:25:17,880 --> 00:25:22,040

at what appeared to be the same incredible contrail from below.

440

00:25:22,080 --> 00:25:28,040

People had seen from below on the ground looking up.

441

00:25:28,080 --> 00:25:29,800

The same thing.

442

00:25:29,840 --> 00:25:33,320

When I saw this, I thought about it.

443

00:25:33,320 --> 00:25:38,320

Admiral Bird did tell us that we had a very good chance

444

00:25:38,360 --> 00:25:42,560

of being invaded by a very fast-moving object

445

00:25:42,600 --> 00:25:45,360

that would be able to travel from pole to pole

446

00:25:45,400 --> 00:25:47,960

at a very incredible speed.

447

00:25:49,000 --> 00:25:52,800

Is it possible that Admiral Bird and the U.S. Navy

448

00:25:52,840 --> 00:25:57,000

really did encounter alien technology in Antarctica?

449

00:25:57,040 --> 00:25:58,520

No.

450

00:25:58,520 --> 00:26:02,480

The U.S. Navy really did encounter alien technology

451

00:26:02,520 --> 00:26:06,360

in Antarctica, technology that was first discovered

452

00:26:06,400 --> 00:26:10,360

by the Nazis at the start of World War II.

453

00:26:10,400 --> 00:26:12,400

And could they even be developing it

454

00:26:12,440 --> 00:26:16,360

with extraterrestrials still living there today?

455

00:26:16,400 --> 00:26:19,640

Hidden beneath the ice.

456

00:26:19,680 --> 00:26:22,560

Ancient astronaut theorists say yes

457

00:26:22,600 --> 00:26:26,480

and suggest further evidence of a long-standing alien presence

458

00:26:26,480 --> 00:26:29,640

in Antarctica can be found by investigating

459

00:26:29,680 --> 00:26:31,640

a controversial theory.

460

00:26:40,720 --> 00:26:43,080

Istanbul, Turkey.

461

00:26:43,120 --> 00:26:47,240

Locked away in the archives at the Topkapi Palace Museum

462

00:26:47,280 --> 00:26:49,960

is a piece of gazelle skin with a fragment

463

00:26:50,000 --> 00:26:53,640

of an intricately drawn world map on it.

464

00:26:53,640 --> 00:26:56,800

This highly accurate representation of the globe

465

00:26:56,840 --> 00:26:59,440

is the work of an Ottoman cartographer,

466

00:26:59,480 --> 00:27:05,880

Admiral Perry Reis, and dates back to 1513 A.D.

467

00:27:05,920 --> 00:27:09,240

Incredibly, the map depicts Antarctica,

468

00:27:09,280 --> 00:27:13,240

which was not officially discovered until 260 years later

469

00:27:13,280 --> 00:27:16,960

by British explorer Captain James Cook.

470

00:27:17,000 --> 00:27:19,800

And even more startling, it depicts the continent

471

00:27:19,840 --> 00:27:22,760

as it would look without any ice.

472

00:27:24,280 --> 00:27:28,000

Perry Reis claimed that the map that he had

473

00:27:28,040 --> 00:27:34,640

was a finished product of other maps that he collected.

474

00:27:34,680 --> 00:27:37,240

And all of this information from the other maps

475

00:27:37,280 --> 00:27:41,360

was transferred into this one Perry Reis map.

476

00:27:41,400 --> 00:27:43,320

What's so fascinating about this map

477

00:27:43,360 --> 00:27:48,320

is that it shows Antarctica without the ice.

478

00:27:51,240 --> 00:27:53,120

The question that naturally arises

479

00:27:53,120 --> 00:27:55,480

is, well, who made these maps

480

00:27:55,520 --> 00:28:01,400

if they show the Antarctic coastline prior to being under the ice?

481

00:28:01,440 --> 00:28:05,520

Perry Reis was able to get access to ancient records,

482

00:28:05,560 --> 00:28:08,560

and we're not clear exactly where they were,

483

00:28:08,600 --> 00:28:10,280

but possibly the Vatican.

484

00:28:10,320 --> 00:28:13,920

The Vatican Library has extensive ancient records,

485

00:28:13,960 --> 00:28:16,520

and I would imagine that Admiral Perry Reis

486

00:28:16,560 --> 00:28:18,680

had access to some of these maps.

487

00:28:19,680 --> 00:28:25,040

So this supports that Antarctica was known to the ancient world

488

00:28:25,080 --> 00:28:29,480

prior to it being in its present location under two miles of ice.

489

00:28:30,840 --> 00:28:34,960

It shows the actual landmass of Antarctica

490

00:28:35,000 --> 00:28:38,720

exactly as it is under ice.

491

00:28:38,760 --> 00:28:42,720

And so you have to ask the question, how was that done?

492

00:28:42,760 --> 00:28:44,400

You have two options.

493

00:28:44,440 --> 00:28:48,480

These maps were gleaned from people who had access.

494

00:28:48,480 --> 00:28:50,680

To radar technology.

495

00:28:50,720 --> 00:28:54,920

And if that is the case, then one has to argue it is extraterrestrials

496

00:28:54,960 --> 00:28:58,120

because who else would have satellite technology

497

00:28:58,160 --> 00:29:00,360

a thousand or 2,000 years ago?

498

00:29:02,480 --> 00:29:07,600

Another option is, what if this map was drawn during a time

499

00:29:07,640 --> 00:29:10,840

when the Antarctic was not under ice,

500

00:29:10,880 --> 00:29:15,720

implying that Antarctica was not at the South Pole at the time

501

00:29:15,760 --> 00:29:17,520

when that map was drawn?

502

00:29:19,480 --> 00:29:23,320

The main proponent of this theory was Charles Hapgood,

503

00:29:23,360 --> 00:29:27,160

a history professor at Springfield College in Massachusetts,

504

00:29:27,200 --> 00:29:31,200

when he first heard about the paradox of the Perry Reis map.

505

00:29:31,240 --> 00:29:35,720

In his 1958 book, *Earth's Shifting Crust*,

506

00:29:35,760 --> 00:29:38,760

Hapgood argued that Antarctica was ice-free

507

00:29:38,800 --> 00:29:41,560

prior to a catastrophic crustal displacement

508

00:29:41,600 --> 00:29:44,400

that occurred at the end of the last ice age,

509

00:29:44,440 --> 00:29:46,440

approximately 12 years ago.

510

00:29:47,440 --> 00:29:50,040

Hapgood's idea of crustal displacement

511

00:29:50,080 --> 00:29:52,800

was that in the relatively recent past,

512

00:29:52,840 --> 00:29:56,240

Antarctica was in a much more temperate zone,

513

00:29:56,280 --> 00:29:58,880

and that it just shifted and moved very suddenly

514

00:29:58,920 --> 00:30:00,680

into the frozen area.

515

00:30:05,120 --> 00:30:08,920

Mainscreen scientists agree that continents do drift

516

00:30:08,960 --> 00:30:12,360

and that Antarctica was once in a warmer latitude

517

00:30:12,400 --> 00:30:15,160

and that the Earth's crustal displacement

518

00:30:15,160 --> 00:30:17,120

was in a warmer latitude.

519

00:30:17,160 --> 00:30:19,760

But they insist it took millions of years

520

00:30:19,800 --> 00:30:22,320

to reach the South Pole.

521

00:30:22,360 --> 00:30:26,400

Hapgood said it took days, even hours.

522

00:30:26,440 --> 00:30:30,480

Hapgood was saying that the thin crust of the Earth

523

00:30:30,520 --> 00:30:33,680

is able to slip forward on the mantle,

524

00:30:33,720 --> 00:30:37,640

and this causes huge cataclysmic changes.

525

00:30:37,680 --> 00:30:40,520

There are tidal waves, earthquakes,

526

00:30:40,560 --> 00:30:43,760

and suddenly landmasses that aren't at, say,

527

00:30:43,760 --> 00:30:47,160

the North Pole or the South Pole, find themselves there.

528

00:30:50,400 --> 00:30:52,960

If Hapgood's theory is correct,

529

00:30:53,000 --> 00:30:55,200

could an ancient alien civilization

530

00:30:55,240 --> 00:30:57,880

that once flourished in a warm Antarctica

531

00:30:57,920 --> 00:31:01,440

have been destroyed by a catastrophe?

532

00:31:01,480 --> 00:31:05,080

And if so, is evidence finally coming to life

533

00:31:05,120 --> 00:31:07,920

in the form of mysterious structures

534

00:31:07,960 --> 00:31:10,120

emerging from the ice?

535

00:31:14,760 --> 00:31:19,320

During her conversation with former Navy Flight engineer Brian,

536

00:31:19,360 --> 00:31:22,240

investigative journalist Linda Moulton-Howe

537

00:31:22,280 --> 00:31:27,480

learned of a strange incident that occurred in November 1995

538

00:31:27,520 --> 00:31:29,840

after he had dropped off a team of scientists

539

00:31:29,880 --> 00:31:32,840

at a new research site in Marie Birdland.

540

00:31:35,240 --> 00:31:38,640

Three, maybe four weeks into them being out there,

541

00:31:38,680 --> 00:31:40,920

McMurdo lost communication.

542

00:31:41,040 --> 00:31:44,320

They had missed a couple of their communication windows

543

00:31:44,360 --> 00:31:46,920

that they were supposed to make a call every day.

544

00:31:46,960 --> 00:31:50,560

Our crew was told to go out and find out

545

00:31:50,600 --> 00:31:53,600

if everything was okay at the camp.

546

00:31:53,640 --> 00:31:57,040

So we went out and we orbited the camp,

547

00:31:57,080 --> 00:32:00,200

and it was no sign of anybody.

548

00:32:00,240 --> 00:32:01,200

Right.

549

00:32:01,240 --> 00:32:05,200

So we landed, and our navigator got out,

550

00:32:05,240 --> 00:32:09,320

and he went out to try and find the camp manager.

551

00:32:09,320 --> 00:32:12,680

He comes back and says there's nobody here.

552

00:32:12,720 --> 00:32:14,720

So we got orders to fly back to McMurdo,

553

00:32:14,760 --> 00:32:17,720

so we closed up the airplane, took off, came back to McMurdo.

554

00:32:19,760 --> 00:32:23,320

The scientists remained missing for more than a week,

555

00:32:23,360 --> 00:32:26,000

an impossible amount of time to survive

556

00:32:26,040 --> 00:32:28,040

out in the harsh Antarctic conditions

557

00:32:28,080 --> 00:32:29,800

without shelter or food.

558

00:32:31,640 --> 00:32:35,240

Yet one week later, McMurdo dispatch was stunned

559

00:32:35,280 --> 00:32:38,840

when they received radio communication from the team.

560

00:32:39,360 --> 00:32:42,840

Somehow, they had all returned to their camp unharmed.

561

00:32:44,360 --> 00:32:48,000

Brian Squadron was once again given orders to pick them up.

562

00:32:49,400 --> 00:32:52,680

We landed, opened the back end of the aircraft up,

563

00:32:52,720 --> 00:32:55,640

and the people, they didn't even grab their gear,

564

00:32:55,680 --> 00:32:58,640

they just ran up to the back of the airplane and jumped in.

565

00:32:58,680 --> 00:33:00,880

And basically we had to go out and get their gear

566

00:33:00,920 --> 00:33:02,640

and put it in the airplane for them

567

00:33:02,680 --> 00:33:04,960

because they weren't gonna get out of the aircraft.

568

00:33:05,960 --> 00:33:08,760

What were you seeing on their faces

569

00:33:08,800 --> 00:33:11,800

of these scientists running into the C-130?

570

00:33:11,840 --> 00:33:13,200

They looked scared.

571

00:33:13,240 --> 00:33:15,840

I mean, I can't say it any plainer than that.

572

00:33:15,880 --> 00:33:17,520

They looked scared.

573

00:33:17,560 --> 00:33:19,600

These people aren't talking about us.

574

00:33:19,640 --> 00:33:21,480

They're not saying anything.

575

00:33:21,520 --> 00:33:24,000

And I even asked one of the guys,

576

00:33:24,040 --> 00:33:26,680

hey, where were you guys for a whole week?

577

00:33:26,720 --> 00:33:28,120

And you just looked at me,

578

00:33:28,160 --> 00:33:30,360

and you had this blank stare on his face,

579

00:33:30,400 --> 00:33:34,000

and you looked right at my face and didn't say a word.

580

00:33:34,040 --> 00:33:35,240

Not anything.

581

00:33:36,800 --> 00:33:41,480

Would you say, based on your military life and work,

582

00:33:41,520 --> 00:33:44,040

were these people in shock?

583

00:33:44,080 --> 00:33:45,280

Yes.

584

00:33:45,320 --> 00:33:48,920

That's a very good explanation that they were in shock.

585

00:33:48,960 --> 00:33:51,600

Somebody that had just experienced something

586

00:33:51,640 --> 00:33:55,960

that terrified them from what I can visualize,

587

00:33:56,000 --> 00:33:58,640

the look they had, yes, they were in shock.

588

00:34:00,520 --> 00:34:03,120

Curiously, as the aircraft taxed

589

00:34:03,280 --> 00:34:05,520

into the runway at McMurdo Station,

590

00:34:05,560 --> 00:34:08,960

they were met with a special transport vehicle.

591

00:34:09,000 --> 00:34:12,400

The scientists were immediately flown on a private flight

592

00:34:12,440 --> 00:34:14,440

back to Christchurch, New Zealand.

593

00:34:16,640 --> 00:34:19,920

Brian and his team were never given any explanation

594

00:34:19,960 --> 00:34:22,320

for why the scientists had gone missing

595

00:34:22,360 --> 00:34:25,760

or why they were flown out of Antarctica in such a hurry.

596

00:34:27,040 --> 00:34:30,800

What was the scuttlebutt where you guys ate

597

00:34:30,840 --> 00:34:34,720

around this whole operation of the scientists,

598

00:34:34,760 --> 00:34:37,760

the whole, the silver discs?

599

00:34:37,800 --> 00:34:39,560

What was the scuttlebutt?

600

00:34:39,600 --> 00:34:41,600

In town, people were talking about,

601

00:34:41,640 --> 00:34:44,640

maybe they were abducted by aliens or something like that,

602

00:34:44,680 --> 00:34:46,880

kind of started off as a joke.

603

00:34:46,920 --> 00:34:48,720

There were scientists that were saying

604

00:34:48,760 --> 00:34:53,200

that they had run into some entities at Marie Birdland,

605

00:34:53,240 --> 00:34:55,000

and that's why they went missing.

606

00:34:55,040 --> 00:34:56,040

Right.

607

00:34:56,960 --> 00:34:59,120

If Brian's accounts are true,

608

00:34:59,400 --> 00:35:02,520

and there is, in fact, an extraterrestrial presence

609

00:35:02,560 --> 00:35:04,320

in Antarctica today,

610

00:35:04,360 --> 00:35:08,120

could it have been there for hundreds or even thousands of years?

611

00:35:10,440 --> 00:35:16,080

In July 2018, Linda Moldenhau interviewed another whistleblower

612

00:35:16,120 --> 00:35:19,000

who offered to provide her with classified information

613

00:35:19,040 --> 00:35:21,520

regarding Antarctica on the condition

614

00:35:21,560 --> 00:35:23,480

that she not reveal his identity.

615

00:35:24,320 --> 00:35:26,920

Her source, a retired Navy SEAL,

616

00:35:26,960 --> 00:35:29,560

who she identifies as Spartan I,

617

00:35:29,600 --> 00:35:32,400

provided her with details of an ancient structure

618

00:35:32,440 --> 00:35:36,200

he claims to have visited during his time at the South Pole.

619

00:35:37,720 --> 00:35:41,720

At that time, my rank was First Lieutenant Commander,

620

00:35:41,760 --> 00:35:43,760

Naval Special Operations.

621

00:35:44,840 --> 00:35:48,280

We were inbound the southeast coast of Antarctica.

622

00:35:48,320 --> 00:35:51,440

We were dispatched for, unofficially,

623

00:35:51,480 --> 00:35:54,680

was a research reconnaissance mission.

624

00:35:54,680 --> 00:35:58,920

Officially, it was to find a certain individual,

625

00:35:58,960 --> 00:36:02,600

obtain any information, and bring it back.

626

00:36:02,640 --> 00:36:04,200

What was the date?

627

00:36:04,240 --> 00:36:06,600

August 2003.

628

00:36:07,920 --> 00:36:09,840

According to Spartan I,

629

00:36:09,880 --> 00:36:12,640

when he and his team reached their destination,

630

00:36:12,680 --> 00:36:15,360

they encountered a large octagonal structure

631

00:36:15,400 --> 00:36:16,720

protruding from the ice.

632

00:36:17,880 --> 00:36:20,360

Cautiously, they proceeded to enter it.

633

00:36:21,360 --> 00:36:24,360

At the very top of the first structure we entered,

634

00:36:24,400 --> 00:36:28,200

there was almost 18 feet poking from the ice.

635

00:36:28,240 --> 00:36:30,640

Rest of it was hidden under the ice.

636

00:36:30,680 --> 00:36:33,080

Each door was the same.

637

00:36:33,120 --> 00:36:37,720

Any were from 18 feet thick to around 30 feet thick.

638

00:36:37,760 --> 00:36:41,720

And even though these doors were that thick and that heavy,

639

00:36:41,760 --> 00:36:45,120

you could take one finger and push them, and they would open.

640

00:36:45,160 --> 00:36:47,520

There was no resistance whatsoever.

641

00:36:47,520 --> 00:36:51,880

The outside temperature was at least 40 degrees below zero.

642

00:36:51,920 --> 00:36:54,320

Once you stepped inside these structures,

643

00:36:54,360 --> 00:36:58,920

the temperature was an ambient 68 to 72 degrees.

644

00:36:58,960 --> 00:37:02,960

What about the ceilings, hallways, floors?

645

00:37:04,000 --> 00:37:06,200

It was lighted from the inside,

646

00:37:06,240 --> 00:37:09,040

but we could not find the source of light.

647

00:37:09,080 --> 00:37:12,000

It was all lined green in color.

648

00:37:12,040 --> 00:37:15,240

The walls were lined with a lot of light.

649

00:37:15,240 --> 00:37:19,880

The walls were lined with what I call hieroglyphics,

650

00:37:19,920 --> 00:37:23,480

but nothing of hieroglyphics that I've ever seen in my life.

651

00:37:26,240 --> 00:37:28,480

Could there really be mysterious structures

652

00:37:28,520 --> 00:37:31,080

buried at the South Pole?

653

00:37:31,120 --> 00:37:34,960

Structures built by an advanced extraterrestrial civilization

654

00:37:35,000 --> 00:37:37,600

in our remote past.

655

00:37:37,640 --> 00:37:41,600

With all of the recently reported UFO activity on the continent,

656

00:37:41,640 --> 00:37:44,880

is it possible that whoever or whatever

657

00:37:45,680 --> 00:37:49,520

was behind the construction is still around today?

658

00:37:49,560 --> 00:37:52,360

Perhaps further clues can be found,

659

00:37:52,400 --> 00:37:55,720

hidden in plain sight in the Holy Bible.

660

00:38:06,400 --> 00:38:08,400

The Bible's Book of Genesis.

661

00:38:10,040 --> 00:38:12,440

In chapter 6, verse 9,

662

00:38:12,440 --> 00:38:16,080

begins the story of Noah and the Flood,

663

00:38:16,120 --> 00:38:18,080

in which God sends a great deluge

664

00:38:18,120 --> 00:38:21,120

to rid the earth of sinners and start anew.

665

00:38:26,040 --> 00:38:28,160

Different versions of this same story

666

00:38:28,200 --> 00:38:32,200

exist in nearly every ancient tradition around the world.

667

00:38:35,320 --> 00:38:37,080

Going back 5,000 years,

668

00:38:37,120 --> 00:38:39,800

we have sacred texts that tell us

669

00:38:39,800 --> 00:38:42,800

there was an anti-Diluvian civilization.

670

00:38:46,240 --> 00:38:48,840

There was a great flood and that there were survivors.

671

00:38:50,800 --> 00:38:53,520

The Mesopotamians speak of this in the Epic of Gilgamesh.

672

00:38:53,560 --> 00:38:56,680

The Egyptians speak of this in the Edbu creation text.

673

00:38:56,720 --> 00:38:58,320

Plato learned from the Egyptians

674

00:38:58,360 --> 00:39:01,280

that there was once a civilization called Atlantis

675

00:39:01,320 --> 00:39:04,120

that existed 9,000 years before his time.

676

00:39:05,720 --> 00:39:08,560

Plato wrote about the lost continent of Atlantis

677

00:39:08,560 --> 00:39:12,520

in two of his dialogues, Tamaeus and Cretius,

678

00:39:12,560 --> 00:39:14,560

around 360 BC.

679

00:39:15,920 --> 00:39:18,560

Historians and researchers have long debated

680

00:39:18,600 --> 00:39:20,720

whether this pre-flood civilization

681

00:39:20,760 --> 00:39:24,160

was purely mythological or actually existed.

682

00:39:25,400 --> 00:39:28,040

Arguments have been made suggesting remnants

683

00:39:28,080 --> 00:39:30,800

of Plato's destroyed civilization

684

00:39:30,840 --> 00:39:33,040

could be found at the South Pole.

685

00:39:34,400 --> 00:39:36,160

I think what happened in Antarctica

686

00:39:36,160 --> 00:39:38,760

was that approximately 13,000 years ago,

687

00:39:38,800 --> 00:39:40,800

that flourishing civilization

688

00:39:43,000 --> 00:39:45,400

that originally came from space

689

00:39:46,760 --> 00:39:50,600

and establishing its presence in Antarctica was flash frozen.

690

00:39:52,440 --> 00:39:54,560

We actually have ancient evidence of this

691

00:39:54,600 --> 00:39:56,480

in the form of Plato's dialogues.

692

00:39:56,520 --> 00:39:59,920

We talked about the last days of Atlantis.

693

00:39:59,960 --> 00:40:02,200

That basically is informing us

694

00:40:02,240 --> 00:40:05,440

that Atlantis was an extraterrestrial colony

695

00:40:05,440 --> 00:40:08,160

that had established itself on Earth

696

00:40:08,200 --> 00:40:09,880

and that after a pole shift,

697

00:40:09,920 --> 00:40:12,680

Atlantis was moved under the ice

698

00:40:12,720 --> 00:40:14,720

where the South Pole currently is.

699

00:40:16,280 --> 00:40:21,080

Scientific anomalies, radar and satellite images,

700

00:40:21,120 --> 00:40:23,160

eyewitness accounts,

701

00:40:23,200 --> 00:40:26,960

as more and more pieces of the puzzle start to come together,

702

00:40:27,000 --> 00:40:29,360

might we soon be able to solve the mystery

703

00:40:29,400 --> 00:40:31,600

of the Antarctic continent?

704

00:40:31,640 --> 00:40:35,040

And if so, just what might we discover?

705

00:40:36,440 --> 00:40:39,040

Modern whistleblowers still argue

706

00:40:39,080 --> 00:40:41,880

that there is more about Antarctica

707

00:40:41,920 --> 00:40:44,440

that is being covered up than we think.

708

00:40:45,480 --> 00:40:47,480

Their entire bases down there,

709

00:40:47,520 --> 00:40:49,520

entire civilizations,

710

00:40:49,560 --> 00:40:52,960

that the world's governments are working with aliens.

711

00:40:54,160 --> 00:40:55,960

They know about the buried artifacts,

712

00:40:56,000 --> 00:40:58,600

they know about the ancient civilizations down there,

713

00:40:58,640 --> 00:41:01,800

and they know about the extraterrestrial civilizations

714

00:41:01,840 --> 00:41:04,000

that continue to operate in Antarctica,

715

00:41:04,000 --> 00:41:05,640

at the very moment.

716

00:41:05,680 --> 00:41:08,680

It's totally possible that Antarctica contains

717

00:41:08,720 --> 00:41:11,680

an extraterrestrial home base on Earth.

718

00:41:11,720 --> 00:41:15,320

It's a totally isolated part of the planet.

719

00:41:15,360 --> 00:41:19,160

It's completely inhabited, or it wasn't until recently.

720

00:41:19,200 --> 00:41:20,720

It's ideal.

721

00:41:21,920 --> 00:41:24,320

Buried underneath advice in Antarctica

722

00:41:24,360 --> 00:41:26,960

could well be stone temple constructions.

723

00:41:27,000 --> 00:41:28,640

There could be biological material,

724

00:41:28,680 --> 00:41:30,800

remains of beings that lived there

725

00:41:30,840 --> 00:41:32,400

and could still be there.

726

00:41:32,440 --> 00:41:36,440

It could be the greatest reveal in all of human history.

727

00:41:36,480 --> 00:41:39,640

Are we getting glimpses of Earth's true history

728

00:41:39,680 --> 00:41:42,880

very deep under the ice sheets of Antarctica?

729

00:41:42,920 --> 00:41:46,480

And if so, will we soon be confronted with proof

730

00:41:46,520 --> 00:41:49,920

of an extraterrestrial presence at the South Pole?

731

00:41:51,160 --> 00:41:54,760

Perhaps when the icy curtain is finally lifted

732

00:41:54,800 --> 00:41:57,560

and we are ready to learn the truth,

733

00:41:57,600 --> 00:42:00,360

we will find ourselves face to face

734

00:42:00,360 --> 00:42:03,960

with our alien ancestors.
