

1

00:00:00,000 --> 00:00:04,000

Are alien visitors coming to Earth in spacecraft?

2

00:00:04,000 --> 00:00:08,000

These mysterious lights appear to be intelligently directed.

3

00:00:08,000 --> 00:00:12,000

Or could some be coming here by other means?

4

00:00:12,000 --> 00:00:15,000

When we think of encounters with extraterrestrials,

5

00:00:15,000 --> 00:00:21,000

it's quite possible that they are using some interdimensional way of traveling.

6

00:00:21,000 --> 00:00:27,000

There are those who believe that not all close encounters are of the physical kind.

7

00:00:27,000 --> 00:00:34,000

Would we perceive life in these parallel universes as like a ghost or a spirit in Angel?

8

00:00:34,000 --> 00:00:38,000

And that alien contact often happens without our knowledge.

9

00:00:38,000 --> 00:00:41,000

It exists beyond the visible spectrum.

10

00:00:41,000 --> 00:00:45,000

So the fact that we don't see it doesn't mean it's not there.

11

00:00:45,000 --> 00:00:48,000

And leaving no trace.

12

00:00:48,000 --> 00:00:53,000

Maybe we're not really dealing with extraterrestrials from outer space,

13

00:00:53,000 --> 00:00:59,000

but ultra-terrestrials coming from parallel space.

14

00:01:02,000 --> 00:01:06,000

There is a doorway in the universe.

15

00:01:06,000 --> 00:01:10,000

Beyond it is the promise of truth.

16

00:01:10,000 --> 00:01:16,000

It demands we question everything we have ever been taught.

17

00:01:16,000 --> 00:01:19,000

The evidence is all around us.

18

00:01:19,000 --> 00:01:23,000

The future is right before our eyes.

19

00:01:23,000 --> 00:01:26,000

We are not alone.

20

00:01:26,000 --> 00:01:29,000

We have never been alone.

21

00:01:36,000 --> 00:01:39,000

Pisco National Forest

22

00:01:40,000 --> 00:01:43,000

Burr County, North Carolina

23

00:01:43,000 --> 00:01:46,000

As darkness descends on the brown mountains,

24

00:01:46,000 --> 00:01:50,000

strange glowing orbs materialize on the horizon.

25

00:01:50,000 --> 00:01:54,000

They hover over the range for a few seconds at a time,

26

00:01:54,000 --> 00:01:58,000

and then mysteriously vanish.

27

00:01:58,000 --> 00:02:02,000

The brown mountain lights have been observed for centuries.

28

00:02:02,000 --> 00:02:06,000

There are Indian accounts as early as the 13th century.

29

00:02:06,000 --> 00:02:11,000

Back in the antebellum days, some plantation owner was hunting there disappeared.

30

00:02:11,000 --> 00:02:14,000

Some of the people from his plantation, slaves,

31

00:02:14,000 --> 00:02:19,000

we would presume what looking for him they disappeared, never explained.

32

00:02:19,000 --> 00:02:23,000

But that night, these lights were seen.

33

00:02:23,000 --> 00:02:26,000

For decades, these lights have been talked about, studied,

34

00:02:26,000 --> 00:02:29,000

and no one is sure exactly what causes these lights.

35

00:02:29,000 --> 00:02:33,000

There are many theories about them, but nobody really knows for sure.

36

00:02:33,000 --> 00:02:38,000

There's the very curious story of a person named Ralph Layel,

37

00:02:38,000 --> 00:02:42,000

who claimed that he was following the brown mountain light one night,

38

00:02:42,000 --> 00:02:48,000

and that it led him into a secret cave full of crystals.

39

00:02:48,000 --> 00:02:54,000

And a booming voice then told him about extraterrestrials,

40

00:02:54,000 --> 00:03:01,000

and that they have the technology to go from one dimension to another,

41

00:03:01,000 --> 00:03:04,000

to appear and disappear.

42

00:03:04,000 --> 00:03:09,000

Extraterrestrials appearing and disappearing,

43

00:03:09,000 --> 00:03:12,000

moving between dimensions.

44

00:03:12,000 --> 00:03:15,000

While it may sound like a fanciful story,

45

00:03:15,000 --> 00:03:21,000

the brown mountain lights have confounded attempts at conventional explanation for centuries.

46

00:03:21,000 --> 00:03:28,000

And this phenomenon, while baffling, is not entirely unique.

47

00:03:28,000 --> 00:03:34,000

All over the world, there are these anomalous lights.

48

00:03:34,000 --> 00:03:41,000

One of the most famous is the Marfa lights in West Texas.

49

00:03:41,000 --> 00:03:45,000

There's an area of the Mekong River between Thailand and Laos,

50

00:03:45,000 --> 00:03:48,000

where lights appear on the river every spring,

51

00:03:48,000 --> 00:03:52,000

and it's a well-known phenomenon in that area.

52

00:03:52,000 --> 00:03:56,000

We have these lights, too, that appear in the Bay of Bengal,

53

00:03:56,000 --> 00:03:59,000

and fishermen believe that they are the lights of dead fishermen

54

00:03:59,000 --> 00:04:04,000

who are sometimes guiding them to their deaths.

55

00:04:04,000 --> 00:04:10,000

Or, conversely, they're helping them get back to shore.

56

00:04:10,000 --> 00:04:14,000

These incredible occurrences of mysterious lights

57

00:04:14,000 --> 00:04:19,000

that appear to be intelligently directed as if they're alive,

58

00:04:19,000 --> 00:04:22,000

and people don't have the sense that they're coming from somewhere else,

59

00:04:22,000 --> 00:04:26,000

coming from other planets, perhaps even other dimensions.

60

00:04:26,000 --> 00:04:30,000

When these lights are seen, in my opinion,

61

00:04:30,000 --> 00:04:34,000

it's the result of a technological process.

62

00:04:34,000 --> 00:04:36,000

Some type of technology is involved,

63

00:04:36,000 --> 00:04:42,000

and that technology would have to be extraterrestrial.

64

00:04:42,000 --> 00:04:48,000

Could there really be an alien connection to these seemingly intangible orbs,

65

00:04:48,000 --> 00:04:52,000

often referred to as ghost lights?

66

00:04:52,000 --> 00:04:56,000

Might they offer a brief glimpse into other worlds,

67

00:04:56,000 --> 00:05:01,000

possibly within other dimensions beyond our reality?

68

00:05:01,000 --> 00:05:04,000

Were they extraterrestrial from another planet?

69

00:05:04,000 --> 00:05:08,000

Were they ultra-dimensional from a different dimension?

70

00:05:08,000 --> 00:05:10,000

It all depends who you ask.

71

00:05:10,000 --> 00:05:13,000

But the one thing that all held in common

72

00:05:13,000 --> 00:05:17,000

was there is a greater reality in which we exist.

73

00:05:17,000 --> 00:05:22,000

In the modern world, there is an invisible sea of wireless data,

74

00:05:22,000 --> 00:05:28,000

radio waves, microwaves, and various other frequencies exist everywhere

75

00:05:28,000 --> 00:05:30,000

that go unseen.

76

00:05:30,000 --> 00:05:34,000

And in fact, what humans are able to perceive with the naked eye

77

00:05:34,000 --> 00:05:38,000

is extremely limited.

78

00:05:38,000 --> 00:05:45,000

The human visible spectrum goes only from 380 to 770 nanometers.

79

00:05:45,000 --> 00:05:50,000

This means that humans are only capable of perceiving one octave of light

80

00:05:50,000 --> 00:05:53,000

of this entire spectrum.

81

00:05:53,000 --> 00:05:57,000

The fact that we cannot see the rest of the spectrum

82

00:05:57,000 --> 00:06:00,000

does not mean it's not there.

83

00:06:00,000 --> 00:06:04,000

Technology has enabled humankind to become aware of much

84

00:06:04,000 --> 00:06:07,000

that cannot be perceived with the five senses.

85

00:06:07,000 --> 00:06:10,000

But could there be far more that exists,

86

00:06:10,000 --> 00:06:16,000

even outside the range of humanity's most sophisticated technology?

87

00:06:16,000 --> 00:06:20,000

Perhaps even hidden dimensions and alternate universes

88

00:06:20,000 --> 00:06:23,000

that exist right next to our own.

89

00:06:23,000 --> 00:06:26,000

Ancient astronaut theorists say yes

90

00:06:26,000 --> 00:06:29,000

and point to cutting-edge scientific research

91

00:06:29,000 --> 00:06:34,000

that may have located proof of these alternate unseen worlds.

92

00:06:35,000 --> 00:06:39,000

Pasadena, California

93

00:06:39,000 --> 00:06:44,000

October 2015

94

00:06:44,000 --> 00:06:50,000

A team of scientists at the California Institute of Technology

95

00:06:50,000 --> 00:06:55,000

utilizes data collected by the powerful Planck satellite telescope

96

00:06:55,000 --> 00:06:58,000

to examine physical evidence of the Big Bang.

97

00:06:58,000 --> 00:07:03,000

To their astonishment, they also discover evidence

98

00:07:03,000 --> 00:07:07,000

of so-called hotspots, places where our universe

99

00:07:07,000 --> 00:07:12,000

could actually be coming into contact with others.

100

00:07:12,000 --> 00:07:16,000

Picture two balloons being blown up really close together

101

00:07:16,000 --> 00:07:19,000

and they happen to touch or bounce off each other

102

00:07:19,000 --> 00:07:22,000

or even just come very close enough to interact.

103

00:07:22,000 --> 00:07:24,000

That will leave an imprint in our universe

104

00:07:24,000 --> 00:07:29,000

that will show up in this cosmic microwave background signal.

105

00:07:30,000 --> 00:07:34,000

This raises the question, would we perceive other dimensions

106

00:07:34,000 --> 00:07:38,000

and other universes with other dimensionalities?

107

00:07:38,000 --> 00:07:43,000

This also raises the question of whether life and intelligence

108

00:07:43,000 --> 00:07:46,000

could exist in these parallel universes.

109

00:07:46,000 --> 00:07:51,000

And would we perceive this as like a ghost or a spirit, an angel?

110

00:07:51,000 --> 00:07:53,000

When we think of the Brown Mountain Lights,

111

00:07:53,000 --> 00:07:56,000

it's quite possible that they are interdimensional

112

00:07:56,000 --> 00:07:58,000

or even from another universe,

113

00:07:58,000 --> 00:08:01,000

and it makes you wonder what other unseen energies

114

00:08:01,000 --> 00:08:06,000

are everywhere that we're unaware of and can't detect.

115

00:08:08,000 --> 00:08:11,000

Could the Brown Mountain Lights actually be emanating

116

00:08:11,000 --> 00:08:14,000

from a parallel universe?

117

00:08:14,000 --> 00:08:17,000

Ancient astronaut theorists say yes,

118

00:08:17,000 --> 00:08:22,000

and they suggest that intimate knowledge of these inhabited worlds

119

00:08:22,000 --> 00:08:26,000

can be found in the world's most sacred texts.

120

00:08:32,000 --> 00:08:34,000

Seafood, New York.

121

00:08:34,000 --> 00:08:38,000

February, 1958.

122

00:08:38,000 --> 00:08:42,000

In a relatively unassuming suburban ranch home,

123

00:08:42,000 --> 00:08:47,000

an unseen force begins to terrorize the Herman family.

124

00:08:47,000 --> 00:08:51,000

Screwtops mysteriously pop off bottles.

125

00:08:51,000 --> 00:08:54,000

Objects fly across the room.

126

00:08:54,000 --> 00:08:57,000

Furniture topples over.

127

00:08:57,000 --> 00:09:00,000

After this phenomenon went on for several weeks,

128

00:09:00,000 --> 00:09:04,000

the Hermits became confused, perhaps even a little bit frightened.

129

00:09:04,000 --> 00:09:07,000

They reported the phenomena to the police department.

130

00:09:07,000 --> 00:09:10,000

A couple of police detectives came over.

131

00:09:10,000 --> 00:09:14,000

A psychological investigation would look into the family dynamics.

132

00:09:14,000 --> 00:09:17,000

Is there something happening at this particular point

133

00:09:17,000 --> 00:09:20,000

in their journey that causes distress they're not aware of?

134

00:09:20,000 --> 00:09:24,000

So that the physical vibrations would affect their surroundings?

135

00:09:27,000 --> 00:09:31,000

Eventually, the parapsychology lab at Duke University came in

136

00:09:31,000 --> 00:09:33,000

to investigate the case.

137

00:09:33,000 --> 00:09:38,000

The Duke lab talked about poltergeist phenomena as possibly the release of emotional energy,

138

00:09:38,000 --> 00:09:42,000

particularly from adolescents or young children or kids going through puberty.

139

00:09:42,000 --> 00:09:44,000

The idea being that they were confused,

140

00:09:44,000 --> 00:09:46,000

they didn't know what was happening to their bodies,

141

00:09:46,000 --> 00:09:48,000

they had emotional energy and trauma.

142

00:09:48,000 --> 00:09:52,000

They were operating under the assumption that the poltergeist phenomena

143

00:09:52,000 --> 00:09:56,000

was due to telekinetic energy being released by the young boy in the family.

144

00:09:56,000 --> 00:09:59,000

These things were seen by a whole group of people.

145

00:09:59,000 --> 00:10:02,000

Even some of the experts saw the phenomenon.

146

00:10:02,000 --> 00:10:05,000

Can this be something from another dimension?

147

00:10:05,000 --> 00:10:07,000

Is this a group hallucination?

148

00:10:07,000 --> 00:10:11,000

Are they somehow channeling the sighting to each other?

149

00:10:11,000 --> 00:10:14,000

The psychic experts said it's often an adolescent girl,

150

00:10:14,000 --> 00:10:18,000

so she watched the girl to see if somehow it was happening when she was there.

151

00:10:18,000 --> 00:10:22,000

But it didn't really pan out, so it didn't follow classic lines

152

00:10:22,000 --> 00:10:28,000

and yet there were lots of witnesses, experts, and no explanation was ever found.

153

00:10:28,000 --> 00:10:34,000

Years later, Steven Spielberg wove the tale into a fine movie that was a big hit.

154

00:10:35,000 --> 00:10:37,000

Poltergeist.

155

00:10:38,000 --> 00:10:44,000

If this poltergeist event was not simply the result of telekinetic energy,

156

00:10:44,000 --> 00:10:48,000

as some investigators suspected, then what can explain it?

157

00:10:48,000 --> 00:10:52,000

Was the Herman family really haunted by ghosts?

158

00:10:52,000 --> 00:10:56,000

Or could they have encountered an entity from another dimension?

159

00:10:56,000 --> 00:11:01,000

We know science has been able to measure all sorts of invisible things.

160

00:11:01,000 --> 00:11:07,000

The electromagnetic field, the heat, signature of objects and people.

161

00:11:07,000 --> 00:11:11,000

So the fact that we don't see it doesn't mean it's not there.

162

00:11:11,000 --> 00:11:15,000

Any contact that we have with an interdimensional being

163

00:11:15,000 --> 00:11:19,000

is actually happening beyond our normal visual spectrum.

164

00:11:20,000 --> 00:11:26,000

There is no question in my mind that there is more than one species

165

00:11:26,000 --> 00:11:33,000

right here on the Earth that is operating within different frequency ranges.

166

00:11:33,000 --> 00:11:35,000

That's why we don't really see them.

167

00:11:35,000 --> 00:11:40,000

Most of our extraterrestrial encounters are interdimensional.

168

00:11:41,000 --> 00:11:44,000

These beings are not coming from far away.

169

00:11:44,000 --> 00:11:50,000

They are actually within our human plane only existing in another dimension.

170

00:11:50,000 --> 00:11:55,000

And all we're doing is crossing from one dimension to another

171

00:11:55,000 --> 00:11:58,000

within this earthly reality.

172

00:11:58,000 --> 00:12:03,000

It doesn't mean that all extraterrestrial encounter is interdimensional.

173

00:12:03,000 --> 00:12:05,000

In fact, I believe it's both.

174

00:12:07,000 --> 00:12:10,000

Could the Herman poltergeist and others like it

175

00:12:10,000 --> 00:12:13,000

have been caused by beings from another dimension?

176

00:12:14,000 --> 00:12:19,000

Ancient astronaut theorists suggest that such an audacious concept is possible.

177

00:12:19,000 --> 00:12:23,000

And believe this could also help explain the existence of everything

178

00:12:23,000 --> 00:12:27,000

from so-called ghosts to angels and demons.

179

00:12:28,000 --> 00:12:31,000

For their proof, they point to a particular phrase

180

00:12:31,000 --> 00:12:34,000

found in multiple religious texts.

181

00:12:35,000 --> 00:12:39,000

A phrase in the Hebrew Talmud as well as the Koran

182

00:12:39,000 --> 00:12:43,000

which details the existence of seven levels of heaven and Earth.

183

00:12:45,000 --> 00:12:47,000

What are the seven levels of heaven?

184

00:12:47,000 --> 00:12:51,000

Some associate them with the different planets of our solar system.

185

00:12:51,000 --> 00:12:55,000

But others refer to them as being parallel dimensions.

186

00:12:56,000 --> 00:13:03,000

So when we speak of the other worlds which people have interacted with throughout the centuries,

187

00:13:03,000 --> 00:13:09,000

maybe we're not really dealing with extraterrestrials from outer space,

188

00:13:09,000 --> 00:13:14,000

but ultra-terrestrials coming from parallel space.

189

00:13:15,000 --> 00:13:18,000

Could it be that what are commonly understood to be ghosts

190

00:13:18,000 --> 00:13:23,000

are not spirits of the deceased, but entities from other dimensions

191

00:13:23,000 --> 00:13:26,000

that while able to manipulate things in our world

192

00:13:26,000 --> 00:13:29,000

cannot be fully perceived by humans?

193

00:13:33,000 --> 00:13:35,000

Jabal Anur

194

00:13:36,000 --> 00:13:39,000

Six miles north of Mecca, Saudi Arabia

195

00:13:40,000 --> 00:13:42,000

602 AD

196

00:13:43,000 --> 00:13:46,000

While in deep meditation within the Heirah Cave,

197

00:13:46,000 --> 00:13:50,000

the Prophet Muhammad is visited by another worldly messenger,

198

00:13:51,000 --> 00:13:53,000

the archangel Gabriel.

199

00:13:54,000 --> 00:13:56,000

Muhammad was meditating in a cave

200

00:13:56,000 --> 00:14:02,000

when suddenly, out of nowhere, the archangel Gabriel manifested.

201

00:14:02,000 --> 00:14:08,000

In the Koran, they describe Gabriel as standing on or between horizons.

202

00:14:08,000 --> 00:14:12,000

This is a tip-off that we're dealing with an interdimensional being

203

00:14:12,000 --> 00:14:18,000

because in ancient texts, it means that they had the ability to phase in between dimensions,

204

00:14:18,000 --> 00:14:24,000

to take on a physical form and then to revert back to their light body form.

205

00:14:25,000 --> 00:14:31,000

According to the Islamic tradition, Gabriel provided Muhammad revelations direct from Allah.

206

00:14:32,000 --> 00:14:37,000

These teachings would inform the Koran and become the basis for the Muslim faith,

207

00:14:37,000 --> 00:14:40,000

the second largest religion in the world.

208

00:14:41,000 --> 00:14:45,000

Might it really be that the messenger Gabriel was an interdimensional being

209

00:14:45,000 --> 00:14:49,000

from an unseen realm here to assist humankind?

210

00:14:50,000 --> 00:14:55,000

Here we have an angel who's basically acting like an extraterrestrial

211

00:14:55,000 --> 00:15:00,000

who even has some kind of aircraft that he's flying Muhammad around in.

212

00:15:00,000 --> 00:15:04,000

When we think of space travel and encounters with extraterrestrials,

213

00:15:04,000 --> 00:15:10,000

it's quite possible that they are using some interdimensional way of traveling,

214

00:15:10,000 --> 00:15:15,000

but it doesn't mean that they are necessarily interdimensional or even from another universe,

215

00:15:15,000 --> 00:15:20,000

but they have the technology to go from one dimension to another,

216

00:15:20,000 --> 00:15:25,000

to appear and disappear, and it all has to do with technology.

217

00:15:26,000 --> 00:15:30,000

Could it really be that religious prophets like Muhammad

218

00:15:30,000 --> 00:15:35,000

have gained access to parallel dimensions beyond our known reality?

219

00:15:35,000 --> 00:15:40,000

Dimensions from which they and other advanced beings might access our world

220

00:15:40,000 --> 00:15:46,000

via interdimensional highways that allow them to move without any space or time restrictions.

221

00:15:47,000 --> 00:15:52,000

Ancient astronaut theorists say yes and suggest further evidence

222

00:15:52,000 --> 00:15:59,000

can be found by examining a shamanistic practice in Australia that dates back thousands of years.

223

00:16:00,000 --> 00:16:02,000

Dream Time

224

00:16:08,000 --> 00:16:10,000

The Australian Outback

225

00:16:11,000 --> 00:16:17,000

Located hundreds of miles from the bustle of the major city centers of Sydney and Melbourne,

226

00:16:18,000 --> 00:16:23,000

this sparsely populated region of the continent is home to an indigenous population

227

00:16:23,000 --> 00:16:27,000

that can trace their roots back over 40,000 years.

228

00:16:28,000 --> 00:16:33,000

Through ceremonial trances, elders claim to be able to freely access a realm

229

00:16:33,000 --> 00:16:36,000

where they connect with ancestral beings.

230

00:16:37,000 --> 00:16:42,000

They refer to this alternate reality as the dreaming or dream time.

231

00:16:43,000 --> 00:16:47,000

The task of the traveler, the dreamer, is to connect the two worlds,

232

00:16:47,000 --> 00:16:53,000

is to bring the reality of the dream which they consider superior to the reality of what we call waking life.

233

00:16:54,000 --> 00:16:57,000

To bring that over because it is full of guidance and treasures.

234

00:16:59,000 --> 00:17:04,000

Dream Time allows the indigenous people of Australia to travel back in time

235

00:17:04,000 --> 00:17:08,000

or at least visit with ancestors very far back in time.

236

00:17:08,000 --> 00:17:11,000

They say back to their original ancestors.

237

00:17:12,000 --> 00:17:17,000

The aboriginal artwork depicts these ancestors with oblong heads and large eyes.

238

00:17:18,000 --> 00:17:25,000

An appearance that ancient astronaut theorists find eerily similar to modern day accounts of grey aliens.

239

00:17:26,000 --> 00:17:30,000

But Australia's dream time is not an isolated anomaly.

240

00:17:31,000 --> 00:17:38,000

In fact, shamans and holy men in numerous other world cultures speak of alternate realms.

241

00:17:40,000 --> 00:17:46,000

Throughout Asia, Hindus and Buddhists believe in the existence of infinite universes.

242

00:17:47,000 --> 00:17:52,000

The Yoruba of West Africa believe another realm exists above the physical realm.

243

00:17:53,000 --> 00:18:00,000

In the Kabbalah, it is taught that there are 125 levels between humans and the Creator.

244

00:18:01,000 --> 00:18:08,000

And even in North America, many native tribes perform ceremonies that connect them with unseen entities.

245

00:18:09,000 --> 00:18:14,000

But if spiritual leaders really are able to see into other dimensions,

246

00:18:14,000 --> 00:18:20,000

is it possible that there may be a way for all humans to obtain such vision?

247

00:18:22,000 --> 00:18:25,000

The upper Amazon region of South America.

248

00:18:27,000 --> 00:18:33,000

For hundreds of years, medicine men here have utilized a plant-based drug called ayahuasca

249

00:18:33,000 --> 00:18:36,000

for healing and to access other worldly realms.

250

00:18:37,000 --> 00:18:43,000

In the ceremonies and altered states that are conjured up in the Amazon and other places,

251

00:18:44,000 --> 00:18:47,000

there is information that seems to be of great value.

252

00:18:48,000 --> 00:18:52,000

Ayahuasca makes the curtains between realities vanish.

253

00:18:53,000 --> 00:18:57,000

Such journeys are central to shamanistic initiatory rituals.

254

00:18:58,000 --> 00:19:05,000

Whether they are breaking through to parallel realities or exploring the hidden dimensions of their own inner worlds,

255

00:19:05,000 --> 00:19:10,000

these experiences are dramatically significant in the lives of the travelers.

256

00:19:11,000 --> 00:19:20,000

One of the great revelations of the ayahuasca experience is that they experience ancient ancestors as well as extraterrestrial beings,

257

00:19:21,000 --> 00:19:25,000

suggesting that in fact the ancestors and the extraterrestrials are the same beings.

258

00:19:29,000 --> 00:19:34,000

The ayahuasca brew is made from two ingredients, a root from one specific plant.

259

00:19:35,000 --> 00:19:38,000

And a leaf from an entirely different species.

260

00:19:39,000 --> 00:19:44,000

The active ingredient in the prepared concoction is dimethyltryptamine or DMT.

261

00:19:45,000 --> 00:19:50,000

This powerful psychedelic chemical is found in small quantities within the human body.

262

00:19:51,000 --> 00:20:01,000

The substance is believed to be released into the human endocrine system and floods the pineal gland upon death and during near-death experiences.

263

00:20:01,000 --> 00:20:07,000

While mainstream scientists consider the action of the ayahuasca to be purely hallucinogenic,

264

00:20:08,000 --> 00:20:14,000

some modern researchers believe the substance can open doorways to new realities.

265

00:20:14,000 --> 00:20:33,000

DMT seems to be able to alter our brain wiring in a way that allows us to perceive in more than four dimensions.

266

00:20:34,000 --> 00:20:41,000

Dimethyltryptamine might be the mechanism to allow our perception of these other alternate realities.

267

00:20:41,000 --> 00:20:49,000

It's like the key to a receiver. You pop the key into the receiver and it activates, not just a part of the brain.

268

00:20:50,000 --> 00:20:55,000

It literally re-orientes all of the receivers in the brain to pick up more information.

269

00:20:56,000 --> 00:21:09,000

The question of just how ancient healers stumbled across this particular combination in a jungle containing tens of thousands of plant-enslaved species remains a mystery.

270

00:21:11,000 --> 00:21:26,000

What we're looking at here are incredible, remarkable plants that are using receptors in our brains to help us have these otherworldly experiences, contact otherworldly beings.

271

00:21:27,000 --> 00:21:34,000

So who has created this incredible biological catalyst for humans to use?

272

00:21:34,000 --> 00:21:40,000

I just wonder if extraterrestrials themselves didn't have a hand in this.

273

00:21:41,000 --> 00:21:49,000

Could it really be that our ancient ancestors were given the key to access hidden worlds by extraterrestrial beings?

274

00:21:50,000 --> 00:22:00,000

Ancient astronaut theorists say yes and suggest that modern-day research may be rediscovering the potential of these psychedelic substances.

275

00:22:01,000 --> 00:22:05,000

Boulder, Colorado

276

00:22:06,000 --> 00:22:16,000

Psychologists at the Center for Medicinal Mindfulness explore the therapeutic benefits of psychedelic agents in cases of trauma, depression and addiction.

277

00:22:17,000 --> 00:22:23,000

Along with psychedelic cannabis, researchers explore the effects of DMT on the human mind.

278

00:22:23,000 --> 00:22:36,000

Curiously, experiencers often claim to not only be able to see alternate realities, but also to have two-way communication with inhabitants of these hidden worlds.

279

00:22:37,000 --> 00:22:42,000

Some people have experiences of angelic beings.

280

00:22:43,000 --> 00:22:52,000

Some people have what would be considered classical alien abduction experiences where they feel like they're being pulled into a space either operated on or not.

281

00:22:53,000 --> 00:23:09,000

Some people feel like they're being healed in some way and that some are experiencing a hyper-technological civilization that somehow evolved beyond four-dimensional spaces and that they're helping us wake up to that capacity in ourselves.

282

00:23:10,000 --> 00:23:22,000

Many who use these drugs believe they connect them to an even greater reality, allowing them to channel communication from unseen realms that exist all around us.

283

00:23:23,000 --> 00:23:31,000

But is it possible that some people are able to access other dimensions without the aid of psychedelic agents or spiritual ceremonies?

284

00:23:32,000 --> 00:23:44,000

Ancient astronaut theorists say yes and as evidence point to modern-day seers who claim to be able to observe events that are happening in another place and time.

285

00:23:44,000 --> 00:23:55,000

Menlo Park, California, the 1970s.

286

00:23:56,000 --> 00:24:06,000

The United States Central Intelligence Agency enlists scientists at the Stanford Research Institute for a highly classified and controversial study.

287

00:24:06,000 --> 00:24:13,000

They want to test whether psychics can be effectively used for intelligence gathering.

288

00:24:14,000 --> 00:24:24,000

Remote viewing was developed in the early 1970s at the request of the CIA and what they found was that yes they could turn psychics into spies.

289

00:24:25,000 --> 00:24:35,000

This developed into a full protocol and a methodology in order to send people to remote locations that they could not send physical people.

290

00:24:36,000 --> 00:24:38,000

And get information and bring it back.

291

00:24:39,000 --> 00:24:49,000

Five decades later, many law enforcement agencies continue to consider remote viewing a valuable tool. But just how it works remains a mystery.

292

00:24:50,000 --> 00:24:55,000

The way that I perceive remote viewing to work is outside of space time.

293

00:24:56,000 --> 00:25:03,000

We move through another dimension in a sense outside of our 3D physical reality to gain information.

294

00:25:03,000 --> 00:25:15,000

Is it possible that remote viewers are able to witness events happening in distant locations because they are actually traveling not physically but mentally through other dimensions?

295

00:25:16,000 --> 00:25:20,000

Does the key to accessing alternate realms exist within the mind?

296

00:25:21,000 --> 00:25:36,000

In May 2019, former British intelligence officer Nick Pope visited the East City Ranch in the Pacific Northwest to witness this theory being put to the test.

297

00:25:37,000 --> 00:25:43,000

East City is home to the Enlightened Contact with Extraterrestrial Intelligence Organization.

298

00:25:44,000 --> 00:25:49,000

UFO hunters consider it a major hotspot for unexplained aerial phenomena.

299

00:25:50,000 --> 00:26:00,000

Over the past 33 years, scientists from Boeing, NASA and Lockheed Skunkworks have come to East City to research the activity in the sky.

300

00:26:01,000 --> 00:26:11,000

But what sets East City apart from other UFO watch organizations is that their most powerful observational tool is not a telescope, it's remote viewers.

301

00:26:13,000 --> 00:26:18,000

I was in charge of the British government's real life X-Files project.

302

00:26:19,000 --> 00:26:26,000

We looked at UFOs, crop circles, alien abductions, anything mysterious and unexplained, I did it.

303

00:26:27,000 --> 00:26:32,000

Remote viewing might be tapping into unknown dimensions.

304

00:26:33,000 --> 00:26:35,000

I know this sounds like science fiction but actually it isn't.

305

00:26:35,000 --> 00:26:44,000

Some of the work being done at places like the Large Hadron Collider are now quite seriously looking at the concept of other dimensions.

306

00:26:46,000 --> 00:26:55,000

At East City, ex-government remote viewing expert John Vivonco and UFO sky watcher Peter Slattery lead a team of remote viewers.

307

00:26:56,000 --> 00:27:02,000

Today, they are working on an experiment that will combine human observation and remote viewing.

308

00:27:02,000 --> 00:27:10,000

In an attempt to better understand what has become a recent increase in UFO sightings over Washington state's Mount Adams.

309

00:27:11,000 --> 00:27:15,000

So let me know please, what are your respective backgrounds with this?

310

00:27:16,000 --> 00:27:21,000

I am a remote viewer, I've been doing this professionally for over 20 years now.

311

00:27:22,000 --> 00:27:25,000

I run a team of remote viewers and we work operational type projects for clients.

312

00:27:26,000 --> 00:27:31,000

And we look at different types of phenomena that can't be explained through conventional means.

313

00:27:32,000 --> 00:27:36,000

We are known as an Experiences slash Contactee but also a whole Skywatch event.

314

00:27:37,000 --> 00:27:38,000

So we are going to do a Skywatch and just see what happens.

315

00:27:39,000 --> 00:27:40,000

Where are we going to do that?

316

00:27:41,000 --> 00:27:42,000

We are just going to go to the Skywatch field here so let's go and check it out.

317

00:27:43,000 --> 00:27:44,000

Okay great.

318

00:27:45,000 --> 00:27:54,000

As Nick joins Peter to conduct field surveillance, John has stationed two remote viewers in a windowless room armed with nothing more than a pencil and a drawing pad.

319

00:27:54,000 --> 00:28:03,000

The way it works is that a remote viewer is given a random eight digit number connected to what they are supposed to remote view.

320

00:28:04,000 --> 00:28:08,000

Now they don't get what they are supposed to remote view only the number, that's it.

321

00:28:09,000 --> 00:28:16,000

They are going to be at the location of whatever it is through the mind describing exactly what that is.

322

00:28:17,000 --> 00:28:20,000

So what are these remote viewers actually going to be doing in there?

323

00:28:20,000 --> 00:28:25,000

It's not so much viewing, we get visual snippets and a lot of body sensations.

324

00:28:26,000 --> 00:28:29,000

Basically they are going to be drawing and writing a lot on papers.

325

00:28:30,000 --> 00:28:35,000

Afterwards once we've got the data, how are we actually going to analyze it?

326

00:28:36,000 --> 00:28:45,000

So I will collect that information from them when they are done and then in the morning we can meet up and see if we can come up with some explanation for what went on.

327

00:28:45,000 --> 00:28:51,000

Well great, that sounds good. I hope that we are going to have some interesting and meaningful results.

328

00:28:52,000 --> 00:29:01,000

After discussing the details of the evening's plans, Peter and Nick part ways with John and join the rest of the Skywatch team in the field.

329

00:29:02,000 --> 00:29:04,000

Pete I see the team has grown somewhat.

330

00:29:05,000 --> 00:29:09,000

We've got Adam here with us, he's going to be helping out the satellite tracker and monitoring the gear.

331

00:29:09,000 --> 00:29:13,000

It's just very important to be very quick off the mark knowing what's what.

332

00:29:14,000 --> 00:29:18,000

Sometimes we could have two things in the sky at the same time and one of them could be a satellite the other night.

333

00:29:19,000 --> 00:29:23,000

People can mix it up so when we are focused on the sky it's great that somebody is focused on the satellite tracker.

334

00:29:24,000 --> 00:29:26,000

Great, so we are essentially making sure we don't miss anything.

335

00:29:27,000 --> 00:29:28,000

Oh definitely, we don't want to muddle things up.

336

00:29:29,000 --> 00:29:34,000

The team gets to work setting up the watch station before the sun goes down for the evening.

337

00:29:34,000 --> 00:29:42,000

They will be using various technology including infrared cameras in order to capture any anomalies in the sky.

338

00:29:43,000 --> 00:29:53,000

The location for their watch overlooks Mount Adams, the largest active volcano in Washington state and a hotspot for UFO sightings.

339

00:29:54,000 --> 00:30:00,000

In fact, Mount Adams is associated with the first UFO case to ever make nationwide headlines.

340

00:30:04,000 --> 00:30:16,000

In June of 1947, aviator and businessman Kenneth Arnold claimed to have witnessed nine UFOs flying in tandem from Mount Rainier at incredible speeds.

341

00:30:19,000 --> 00:30:25,000

He reported that they performed a number of unusual maneuvers and then disappeared into Mount Adams.

342

00:30:26,000 --> 00:30:36,000

As night sets in, the team as all eyes glued to the sky and on the lookout for any objects that might cross their path.

343

00:30:37,000 --> 00:30:45,000

Utilizing real-time satellite tracking data, they can anticipate the arrival of all man-made traffic passing over their airspace.

344

00:30:46,000 --> 00:30:47,000

Is that a satellite?

345

00:30:48,000 --> 00:30:49,000

Yep.

346

00:30:50,000 --> 00:30:52,000

Including the International Space Station or ISS.

347

00:30:52,000 --> 00:30:55,000

Adam, how are we on the timing with the ISS?

348

00:30:56,000 --> 00:30:57,000

One more minute.

349

00:30:57,000 --> 00:30:59,000

And which direction? West?

350

00:31:00,000 --> 00:31:02,000

It's going to be coming from the west, moving to the east.

351

00:31:03,000 --> 00:31:04,000

Look how bright this thing is.

352

00:31:04,000 --> 00:31:05,000

Whoa!

353

00:31:05,000 --> 00:31:07,000

Oh, there it is there. See?

354

00:31:08,000 --> 00:31:09,000

That's the spice that I should give you.

355

00:31:09,000 --> 00:31:10,000

That is the ISS, yep.

356

00:31:11,000 --> 00:31:12,000

Okay.

357

00:31:13,000 --> 00:31:22,000

While the field team watches the sky, the remote viewers are sketching visual representations of whatever comes to them.

358

00:31:23,000 --> 00:31:32,000

Incredibly, as the International Space Station passes overhead, both women begin to draw virtually identical rectangular objects.

359

00:31:34,000 --> 00:31:38,000

Well, it's not a UFO, but it's still a pretty spectacular thing.

360

00:31:38,000 --> 00:31:39,000

Yeah, it's pretty epic to see.

361

00:31:40,000 --> 00:31:51,000

After spotting a few other satellites in the sky, Nick and Peter notice a mysterious fast-moving object, one that does not appear to be a satellite.

362

00:31:52,000 --> 00:31:53,000

There's one right there, right now.

363

00:31:54,000 --> 00:31:56,000

Look how quick it is. Is that a satellite?

364

00:31:57,000 --> 00:31:58,000

I've got it on camera.

365

00:31:59,000 --> 00:32:00,000

Where are you at?

366

00:32:00,000 --> 00:32:02,000

East, southeast.

367

00:32:05,000 --> 00:32:07,000

I see nothing on the tracker.

368

00:32:07,000 --> 00:32:08,000

Can you see it up here, guys?

369

00:32:10,000 --> 00:32:14,000

Okay, I definitely saw it up in that section of the sky with my naked eye.

370

00:32:15,000 --> 00:32:18,000

It just caught my attention out of the corner of my eye.

371

00:32:18,000 --> 00:32:22,000

I turned around, saw it for a few seconds, and then it faded.

372

00:32:22,000 --> 00:32:23,000

That's exactly what I saw.

373

00:32:25,000 --> 00:32:27,000

And there was nothing on the monitor at all.

374

00:32:27,000 --> 00:32:29,000

Nope, nothing at all. That section of the sky was clear.

375

00:32:31,000 --> 00:32:35,000

And that's satellites. What about aircraft and flight parts?

376

00:32:36,000 --> 00:32:37,000

Nope, everything was clear.

377

00:32:37,000 --> 00:32:38,000

Okay.

378

00:32:39,000 --> 00:32:41,000

Well, it was something.

379

00:32:42,000 --> 00:32:45,000

No satellites or aircraft on the tracking monitor?

380

00:32:46,000 --> 00:32:51,000

Is it possible that the team just saw an extraterrestrial spacecraft?

381

00:32:53,000 --> 00:32:57,000

And if so, was it also recorded by the remote viewers?

382

00:33:06,000 --> 00:33:09,000

East, SETI Wrench.

383

00:33:10,000 --> 00:33:12,000

Trout Lake. Washington.

384

00:33:13,000 --> 00:33:18,000

The morning after successfully capturing an anomalous object during their evening skywatch session.

385

00:33:18,000 --> 00:33:19,000

John, good to see you again.

386

00:33:19,000 --> 00:33:20,000

Good to see you, Nick.

387

00:33:21,000 --> 00:33:26,000

Nick Pope meets up with John Babanko to see how the remote viewing portion of the experiment went.

388

00:33:27,000 --> 00:33:34,000

Nick is eager to discover if the remote viewers picked up the same objects in the sky that he witnessed with his own eyes.

389

00:33:35,000 --> 00:33:38,000

And perhaps even perceived additional details.

390

00:33:41,000 --> 00:33:46,000

So the remote viewers were tasked on two different things last night.

391

00:33:46,000 --> 00:33:53,000

And I wanted them to describe the first object on the skywatch that was determined to be a satellite.

392

00:33:54,000 --> 00:33:59,000

Right. So they have no idea that you are asking them to look at a satellite.

393

00:33:59,000 --> 00:34:00,000

None.

394

00:34:00,000 --> 00:34:01,000

The satellite is almost the target.

395

00:34:01,000 --> 00:34:03,000

Exactly. So you ready to go through the first one?

396

00:34:03,000 --> 00:34:04,000

Yes.

397

00:34:04,000 --> 00:34:05,000

OK.

398

00:34:07,000 --> 00:34:09,000

So this right here is energy.

399

00:34:09,000 --> 00:34:12,000

This is determined to be energy by this remote viewer.

400

00:34:12,000 --> 00:34:17,000

And talking about how it's crackling hits and bounces a burst. It's like static.

401

00:34:17,000 --> 00:34:22,000

So this is a mixture essentially of almost like a stream of consciousness.

402

00:34:22,000 --> 00:34:24,000

What they are describing here in words.

403

00:34:24,000 --> 00:34:25,000

Right.

404

00:34:25,000 --> 00:34:27,000

And then a visual representation of it.

405

00:34:27,000 --> 00:34:29,000

Right. Let me show you the next scan.

406

00:34:29,000 --> 00:34:36,000

This subject is talking about a dense material, thick gray cylindrical object.

407

00:34:36,000 --> 00:34:43,000

Now this difference viewer is getting the same type of box.

408

00:34:43,000 --> 00:34:44,000

It's got lights blinking.

409

00:34:44,000 --> 00:34:47,000

And these are completely independent from each other.

410

00:34:47,000 --> 00:34:48,000

Right.

411

00:34:48,000 --> 00:34:49,000

Wow.

412

00:34:49,000 --> 00:34:50,000

One, two, pretty much the same.

413

00:34:50,000 --> 00:34:51,000

Pretty much the same.

414

00:34:51,000 --> 00:34:53,000

Wow. Impressive.

415

00:34:53,000 --> 00:34:55,000

So but let me show you this here.

416

00:34:55,000 --> 00:34:57,000

There's a burst of communication.

417

00:34:57,000 --> 00:34:58,000

It's what I find interesting.

418

00:34:58,000 --> 00:35:02,000

And you have these almost looks like solar panels on it.

419

00:35:02,000 --> 00:35:06,000

Now we actually saw the International Space Station last night.

420

00:35:06,000 --> 00:35:09,000

And it actually has those two separate light panels.

421

00:35:09,000 --> 00:35:13,000

It's like what makes it different from most conventional satellites.

422

00:35:13,000 --> 00:35:15,000

Could this be what we're looking at here?

423

00:35:15,000 --> 00:35:16,000

Absolutely.

424

00:35:16,000 --> 00:35:20,000

If what you saw first identified as a satellite then yeah, absolutely.

425

00:35:20,000 --> 00:35:23,000

Two separate remote viewers.

426

00:35:23,000 --> 00:35:29,000

Both depicting objects that are consistent with the makeup of the International Space Station.

427

00:35:29,000 --> 00:35:32,000

It is an impressive coincidence.

428

00:35:32,000 --> 00:35:38,000

But not as impressive as what John Babanco is about to reveal to Nick Pope.

429

00:35:38,000 --> 00:35:43,000

As concerns the mysterious UFO they spotted in the night sky.

430

00:35:43,000 --> 00:35:44,000

So that's a bona fide UFO.

431

00:35:44,000 --> 00:35:46,000

We can't explain that.

432

00:35:46,000 --> 00:35:47,000

And it blinked out.

433

00:35:47,000 --> 00:35:50,000

It completely disappeared.

434

00:35:50,000 --> 00:35:52,000

What was the first thing you saw?

435

00:35:52,000 --> 00:35:57,000

Well the first anomalous thing we saw was a flash of light in the sky.

436

00:35:57,000 --> 00:35:58,000

I saw it myself.

437

00:35:58,000 --> 00:36:00,000

We had a satellite tracker up and running.

438

00:36:00,000 --> 00:36:02,000

We eliminated that possibility.

439

00:36:02,000 --> 00:36:03,000

There was no satellite.

440

00:36:03,000 --> 00:36:05,000

So this was anomalous.

441

00:36:05,000 --> 00:36:06,000

That's interesting.

442

00:36:06,000 --> 00:36:08,000

So we get to this page here.

443

00:36:08,000 --> 00:36:10,000

Now they're getting an energy and a structure.

444

00:36:10,000 --> 00:36:14,000

It's this reflective metallic feeling thing.

445

00:36:14,000 --> 00:36:16,000

Almost like a mirage.

446

00:36:16,000 --> 00:36:18,000

Glowing blue color.

447

00:36:18,000 --> 00:36:20,000

Very faint pinging sound.

448

00:36:20,000 --> 00:36:21,000

That's interesting.

449

00:36:21,000 --> 00:36:23,000

This is a visual representation.

450

00:36:23,000 --> 00:36:24,000

Visual representation.

451

00:36:24,000 --> 00:36:26,000

And it says energy.

452

00:36:26,000 --> 00:36:27,000

Energy, right.

453

00:36:27,000 --> 00:36:30,000

Energy seems to be moving outward in many directions.

454

00:36:30,000 --> 00:36:34,000

So I think what they're trying to do here is display the energy, the ball.

455

00:36:34,000 --> 00:36:35,000

Right.

456

00:36:35,000 --> 00:36:37,000

All right.

457

00:36:37,000 --> 00:36:40,000

You prepare to be weirded out here.

458

00:36:40,000 --> 00:36:41,000

Okay.

459

00:36:41,000 --> 00:36:46,000

And this subject is described as a crystal blue color.

460

00:36:46,000 --> 00:36:49,000

It's angelic and floaty.

461

00:36:49,000 --> 00:36:51,000

Wow.

462

00:36:51,000 --> 00:36:53,000

So is this a person?

463

00:36:53,000 --> 00:36:54,000

What is this?

464

00:36:54,000 --> 00:36:56,000

I'm not sure what this is.

465

00:36:56,000 --> 00:37:01,000

This subject here, I mean, this is clearly some sort of person.

466

00:37:01,000 --> 00:37:02,000

I mean, or is it?

467

00:37:02,000 --> 00:37:05,000

I mean, if we're talking about something anomalous,

468

00:37:05,000 --> 00:37:08,000

is the possibility here that if this was a UFO

469

00:37:08,000 --> 00:37:10,000

that this is some sort of occupant?

470

00:37:10,000 --> 00:37:12,000

There is that possibility.

471

00:37:12,000 --> 00:37:14,000

An occupant?

472

00:37:14,000 --> 00:37:18,000

Did this remote viewer actually see inside the object

473

00:37:18,000 --> 00:37:21,000

that the field team witnessed from the ground?

474

00:37:21,000 --> 00:37:25,000

And if so, could this confirm that what they saw

475

00:37:25,000 --> 00:37:29,000

was an extraterrestrial spacecraft?

476

00:37:29,000 --> 00:37:33,000

This remote viewer is also getting a subject here,

477

00:37:33,000 --> 00:37:37,000

and they are calling this flash of light a subject,

478

00:37:37,000 --> 00:37:39,000

which is curious.

479

00:37:39,000 --> 00:37:42,000

And when you see this, uppercase P and a lowercase P,

480

00:37:42,000 --> 00:37:45,000

they mean that subject is a para-physical,

481

00:37:45,000 --> 00:37:49,000

which means in remote viewing it is something outside of our 3D reality.

482

00:37:49,000 --> 00:37:52,000

So this subject, according to this remote viewer,

483

00:37:52,000 --> 00:37:54,000

is a flash of light on the mountain,

484

00:37:54,000 --> 00:37:58,000

and this subject exists outside of our 3D reality.

485

00:37:58,000 --> 00:37:59,000

That is spooky.

486

00:37:59,000 --> 00:38:02,000

I mean, we saw a flash of light on the mountain.

487

00:38:02,000 --> 00:38:06,000

Are we saying here that this flashing light on the mountain

488

00:38:06,000 --> 00:38:11,000

and the sessions suggest that this is like something to do with extraterrestrials?

489

00:38:11,000 --> 00:38:16,000

You know, all I can say is what the remote viewer's got.

490

00:38:16,000 --> 00:38:22,000

And from my perspective, I think you've got a true anomaly there.

491

00:38:22,000 --> 00:38:23,000

Well...

492

00:38:23,000 --> 00:38:28,000

If what both the field team and the remote viewers observed was, in fact,

493

00:38:28,000 --> 00:38:33,000

an extraterrestrial craft, did it suddenly appear and then disappear

494

00:38:33,000 --> 00:38:37,000

because it was entering our world from another dimension?

495

00:38:37,000 --> 00:38:41,000

And do the sketches made by the remote viewer suggest

496

00:38:41,000 --> 00:38:44,000

that they may have perceived not only this craft,

497

00:38:44,000 --> 00:38:47,000

but even its occupants?

498

00:38:47,000 --> 00:38:50,000

Ancient astronaut theorists say yes,

499

00:38:50,000 --> 00:38:57,000

and suggest we may be close to becoming interdimensional beings ourselves.

500

00:38:58,000 --> 00:39:09,000

The Salyut 7 Space Station, July 12, 1984

501

00:39:09,000 --> 00:39:15,000

Soviet cosmonauts Oleg Atkov, Leonid Kazim and Vladimir Soloviev

502

00:39:15,000 --> 00:39:19,000

send an odd and alarming transmission back to Earth.

503

00:39:19,000 --> 00:39:23,000

They claim that seven enormous winged humanoid beings,

504

00:39:23,000 --> 00:39:27,000

around 90 feet in height and emanating ethereal light,

505

00:39:27,000 --> 00:39:31,000

suddenly appeared outside the space station.

506

00:39:31,000 --> 00:39:38,000

They remained there for 10 minutes and then appeared to fade away.

507

00:39:38,000 --> 00:39:42,000

I think that somewhere out there, there's a highway.

508

00:39:42,000 --> 00:39:47,000

A highway containing the souls of millions of aliens

509

00:39:47,000 --> 00:39:52,000

that are traveling across the galaxy at the speed of light,

510

00:39:52,000 --> 00:39:56,000

looking at the wonders of the universe

511

00:39:56,000 --> 00:40:00,000

at the maximum velocity allowed by Albert Einstein.

512

00:40:00,000 --> 00:40:06,000

And if it's right next to us, could we humans detect this superhighway?

513

00:40:06,000 --> 00:40:09,000

No.

514

00:40:09,000 --> 00:40:14,000

But if alien entities are able to cross over from their universe into ours,

515

00:40:14,000 --> 00:40:20,000

how long will it be before we discover how to cross over into the airs?

516

00:40:20,000 --> 00:40:24,000

Right now, contact between dimensions is limited.

517

00:40:24,000 --> 00:40:28,000

Right now, we are in exile from one another.

518

00:40:28,000 --> 00:40:32,000

But the future is to bring the worlds together

519

00:40:32,000 --> 00:40:37,000

so that human consciousness will exist into all dimensions naturally.

520

00:40:37,000 --> 00:40:43,000

The only way we're going to get there is if we understand the laws of physics

521

00:40:43,000 --> 00:40:48,000

differently, or if we include new laws of physics

522

00:40:48,000 --> 00:40:55,000

that combine the visible and the non-visible, the physical and the non-physical.

523

00:40:55,000 --> 00:41:01,000

An approach, reality from a multidimensional, interdimensional perspective,

524

00:41:01,000 --> 00:41:05,000

not from a linear perspective.

525

00:41:05,000 --> 00:41:07,000

Everyone will know the truth.

526

00:41:07,000 --> 00:41:10,000

There will be enlightenment for all.

527

00:41:10,000 --> 00:41:14,000

The unseen will be seen.

528

00:41:16,000 --> 00:41:20,000

As scientists continue to unravel the secrets of the universe,

529

00:41:20,000 --> 00:41:25,000

will they discover irrefutable evidence of a multiverse?

530

00:41:25,000 --> 00:41:30,000

And if so, might this explain the numerous paranormal encounters

531

00:41:30,000 --> 00:41:39,000

that humans have reported having with ghosts, demons, and other ethereal beings?

532

00:41:39,000 --> 00:41:45,000

Perhaps the notion of aliens landing on Earth in spaceships is an old-fashioned one,

533

00:41:45,000 --> 00:41:49,000

and the ability of aliens to travel from one universe to another

534

00:41:49,000 --> 00:41:57,000

and communicate with humans is as limitless as the capabilities of our brains.

535

00:41:57,000 --> 00:42:07,000

If true, we will find that our extraterrestrial neighbors could be much closer than we think.

536

00:42:09,000 --> 00:42:14,000
