

1

00:00:00,000 --> 00:00:05,000

Five, four, three, two, one.

2

00:00:05,000 --> 00:00:10,000

The most powerful force ever unleashed by humankind

3

00:00:10,000 --> 00:00:14,000

ignites a firestorm of UFO encounters.

4

00:00:14,000 --> 00:00:19,000

We have reports of these green fireballs being seen nightly.

5

00:00:19,000 --> 00:00:23,000

Mass sightings are reported at nuclear installations.

6

00:00:23,000 --> 00:00:26,000

Multiple military personnel witnessed these craft

7

00:00:26,000 --> 00:00:29,000

interfacing with our nuclear warheads.

8

00:00:29,000 --> 00:00:33,000

Bombs are taken offline.

9

00:00:33,000 --> 00:00:37,000

If it wasn't the Russians, well, what or who is left?

10

00:00:37,000 --> 00:00:40,000

These were extraterrestrial objects.

11

00:00:40,000 --> 00:00:43,000

The aliens have always been interested in planet Earth

12

00:00:43,000 --> 00:00:45,000

and its military affair.

13

00:00:45,000 --> 00:00:48,000

Is it possible that extraterrestrials

14

00:00:48,000 --> 00:00:51,000

are monitoring our nuclear capabilities?

15

00:00:51,000 --> 00:00:56,000

And if so, what are their ultimate intentions?

16

00:00:56,000 --> 00:01:00,000

This was the birth of the modern UFO mystery.

17

00:01:03,000 --> 00:01:08,000

There is a doorway in the universe.

18

00:01:08,000 --> 00:01:12,000

Beyond it is the promise of truth.

19

00:01:12,000 --> 00:01:17,000

It demands we question everything we have ever been taught.

20

00:01:17,000 --> 00:01:21,000

The evidence is all around us.

21

00:01:21,000 --> 00:01:25,000

The future is right before our eyes.

22

00:01:25,000 --> 00:01:28,000

We are not alone.

23

00:01:28,000 --> 00:01:31,000

We have never been alone.

24

00:01:40,000 --> 00:01:42,000

The Pentagon.

25

00:01:42,000 --> 00:01:46,000

April 23, 2019.

26

00:01:46,000 --> 00:01:50,000

The United States Navy announces that it is creating

27

00:01:50,000 --> 00:01:53,000

new formal guidelines to encourage pilots and other

28

00:01:53,000 --> 00:01:56,000

servicemen to report UFO sightings.

29

00:01:56,000 --> 00:02:00,000

Officials promise that all such accounts will be taken

30

00:02:00,000 --> 00:02:03,000

seriously and fully investigated.

31

00:02:03,000 --> 00:02:06,000

The move marks a significant change in protocol

32

00:02:06,000 --> 00:02:10,000

by the U.S. military, which previously has tried to deny

33

00:02:10,000 --> 00:02:12,000

or cover up these sightings.

34

00:02:12,000 --> 00:02:14,000

The Navy is saying we're willing to listen,

35

00:02:14,000 --> 00:02:16,000

we're going to collect this data.

36

00:02:16,000 --> 00:02:20,000

We've seen too many examples of unidentified aerial phenomena

37

00:02:20,000 --> 00:02:24,000

around strike groups and other very important installations.

38

00:02:24,000 --> 00:02:27,000

It's time that we start getting some more eyes on this.

39

00:02:27,000 --> 00:02:31,000

Officials are quick to dismiss the suggestion that these

40

00:02:31,000 --> 00:02:35,000

craft have any connection to extraterrestrials.

41

00:02:35,000 --> 00:02:39,000

But there is a long history of military personnel reporting

42

00:02:39,000 --> 00:02:43,000

encounters with craft that defy explanation,

43

00:02:43,000 --> 00:02:48,000

both around military bases and particularly nuclear weapons.

44

00:02:48,000 --> 00:02:53,000

Something about these nuclear facilities seems to be

45

00:02:53,000 --> 00:02:56,000

attracting these UFOs.

46

00:02:56,000 --> 00:02:59,000

Something that we are doing there is of interest,

47

00:02:59,000 --> 00:03:02,000

and of course the logical deduction is that it's the

48

00:03:02,000 --> 00:03:06,000

presence of the nuclear weapons themselves.

49

00:03:08,000 --> 00:03:11,000

Alamogordo, New Mexico.

50

00:03:11,000 --> 00:03:15,000

July 16, 1945.

51

00:03:15,000 --> 00:03:20,000

At a remote site in the Hornada del Muerto desert of New Mexico,

52

00:03:20,000 --> 00:03:24,000

the Army successfully detonates the world's first atomic bomb.

53

00:03:27,000 --> 00:03:31,000

The top secret test is given the code name Trinity.

54

00:03:31,000 --> 00:03:35,000

It is an ominous preview of the destructive potential

55

00:03:35,000 --> 00:03:37,000

of nuclear weapons.

56

00:03:37,000 --> 00:03:40,000

The Trinity test was a turning point in history.

57

00:03:40,000 --> 00:03:44,000

It rates up there along with the harnessing fire.

58

00:03:44,000 --> 00:03:48,000

It's truly and in every sense a milestone in human history.

59

00:03:50,000 --> 00:03:54,000

Just a few weeks after the test, the United States dropped

60

00:03:54,000 --> 00:03:59,000

atomic bombs on the Japanese cities of Hiroshima and Nagasaki.

61

00:04:05,000 --> 00:04:11,000

The result was 200,000 men, women and children dead.

62

00:04:11,000 --> 00:04:15,000

Thousands more were poisoned or disfigured by radiation.

63

00:04:17,000 --> 00:04:21,000

In a world war that had claimed an estimated 85 million lives

64

00:04:21,000 --> 00:04:24,000

and threatened to claim millions more,

65

00:04:24,000 --> 00:04:28,000

the bomb succeeded in shocking Japan into surrender.

66

00:04:29,000 --> 00:04:33,000

But back in New Mexico, the Trinity blast also unleashed

67

00:04:33,000 --> 00:04:35,000

something unexpected.

68

00:04:35,000 --> 00:04:39,000

A series of bizarre UFO sightings described by witnesses

69

00:04:39,000 --> 00:04:41,000

as green fireballs.

70

00:04:42,000 --> 00:04:46,000

So right after the Trinity test site, we have various reports

71

00:04:46,000 --> 00:04:49,000

of these green fireballs being seen nightly,

72

00:04:49,000 --> 00:04:51,000

flying around at incredible speeds,

73

00:04:51,000 --> 00:04:54,000

and no one could identify what these objects were.

74

00:04:54,000 --> 00:04:57,000

The best explanation is that they are, in fact,

75

00:04:57,000 --> 00:05:01,000

drone reconnaissance vehicles from a scout ship.

76

00:05:01,000 --> 00:05:05,000

They send out these drones and collect the information.

77

00:05:06,000 --> 00:05:09,000

Despite being investigated by Air Force officers

78

00:05:09,000 --> 00:05:11,000

and world-renowned physicists,

79

00:05:11,000 --> 00:05:15,000

no scientific explanation for the fireballs was ever found.

80

00:05:15,000 --> 00:05:18,000

But this was by no means the beginning.

81

00:05:20,000 --> 00:05:22,000

According to ancient astronaut theorists,

82

00:05:22,000 --> 00:05:26,000

evidence that people had been witnessing alien craft in the sky

83

00:05:26,000 --> 00:05:28,000

had been documented for centuries.

84

00:05:31,000 --> 00:05:34,000

And in the weeks and years that followed the detonation,

85

00:05:34,000 --> 00:05:39,000

the atomic bomb, the number of UFO sightings began to

86

00:05:39,000 --> 00:05:41,000

escalate dramatically.

87

00:05:42,000 --> 00:05:48,000

After Hiroshima, there was a quantum leap change in all of this

88

00:05:48,000 --> 00:05:53,000

and a sudden rapid acceleration of the pace of events.

89

00:05:53,000 --> 00:05:58,000

The modern UFO phenomenon really took hold in a very short order,

90

00:05:58,000 --> 00:06:04,000

and the pace of all this just increased exponentially.

91

00:06:06,000 --> 00:06:09,000

Less than two years after the end of World War II

92

00:06:09,000 --> 00:06:13,000

came one of the most famous UFO sightings in American history,

93

00:06:13,000 --> 00:06:18,000

and it happened just miles from America's most important nuclear facility.

94

00:06:20,000 --> 00:06:25,000

On June 24, 1947, near Mount Rainier in Washington,

95

00:06:25,000 --> 00:06:28,000

a private pilot named Kenneth Arnold,

96

00:06:28,000 --> 00:06:31,000

witness nine shining disc-shaped aircraft

97

00:06:31,000 --> 00:06:37,000

move at an impossible speed across the horizon before disappearing from view.

98

00:06:37,000 --> 00:06:44,000

These nine objects flew in formation at speeds that he estimated

99

00:06:44,000 --> 00:06:50,000

at what, at the time, was a staggering 1,200 miles per hour.

100

00:06:51,000 --> 00:06:54,000

But what a lot of people don't realize about that

101

00:06:54,000 --> 00:07:01,000

is how close this sighting was to the Hanford Nuclear Processing Facility.

102

00:07:02,000 --> 00:07:06,000

The Hanford Nuclear Site is where the United States established

103

00:07:06,000 --> 00:07:09,000

its first plutonium production facility,

104

00:07:09,000 --> 00:07:12,000

and this facility was producing the fissile material

105

00:07:12,000 --> 00:07:14,000

that would later be used in atomic bombs.

106

00:07:14,000 --> 00:07:17,000

The atomic bomb in the Second World War

107

00:07:17,000 --> 00:07:20,000

could not have been developed without Hanford.

108

00:07:21,000 --> 00:07:26,000

Then, just weeks after Arnold sighted came the famous Roswell Incident.

109

00:07:30,000 --> 00:07:35,000

After a mysterious craft crashed in the New Mexico desert outside Roswell,

110

00:07:35,000 --> 00:07:40,000

military officials announced they had retrieved a flying saucer.

111

00:07:40,000 --> 00:07:43,000

The next day, they suddenly changed the story

112

00:07:43,000 --> 00:07:46,000

and claimed it was just a weather balloon.

113

00:07:47,000 --> 00:07:53,000

Ever since, the Roswell Incident has been the subject of endless speculation and debate.

114

00:07:53,000 --> 00:07:59,000

But no one debates that it happened literally on the doorstep of Roswell Air Force Base,

115

00:07:59,000 --> 00:08:03,000

home to the 509th Bomb Wing,

116

00:08:03,000 --> 00:08:08,000

the unit that dropped the atomic bombs on Hiroshima and Nagasaki.

117

00:08:08,000 --> 00:08:14,000

The 509th Bomb Wing was the most knowledgeable group of humans on the planet

118

00:08:14,000 --> 00:08:18,000

at that time about nuclear bombs and nuclear warfare.

119

00:08:20,000 --> 00:08:25,000

In June of 1948, exactly one year after the Roswell Incident,

120

00:08:25,000 --> 00:08:29,000

a similar UFO event occurred in the Soviet Union.

121

00:08:30,000 --> 00:08:35,000

At the time, the Soviets won the brink of developing their own atomic weapon,

122

00:08:35,000 --> 00:08:41,000

and the UFO encounter occurred at their primary ballistic missile test site,

123

00:08:41,000 --> 00:08:43,000

Kapustin Yar.

124

00:08:45,000 --> 00:08:52,000

It's a highly classified case, but allegedly the silver cigar-shaped object appeared over the testing grounds.

125

00:08:55,000 --> 00:08:59,000

And the Soviets were able to actually shoot this object down.

126

00:09:00,000 --> 00:09:05,000

They found remnants of bodies in it and also technology,

127

00:09:05,000 --> 00:09:10,000

which was recovered and taken to the local bunker,

128

00:09:10,000 --> 00:09:13,000

where they kept it allegedly for years.

129

00:09:14,000 --> 00:09:20,000

Kenneth Arnold Siding, the Roswell Crash, the Kapustin Yar Incident.

130

00:09:21,000 --> 00:09:26,000

Many believe it was these events that ignited the modern UFO era.

131

00:09:26,000 --> 00:09:33,000

But is it a coincidence that they all happened next to important nuclear weapon and ballistic missile facilities?

132

00:09:34,000 --> 00:09:39,000

While little has been documented about UFO encounters in the Soviet Union during this time,

133

00:09:39,000 --> 00:09:47,000

similar sightings were soon reported in the vicinity of virtually every other nuclear installation in the United States.

134

00:09:48,000 --> 00:09:54,000

The sites where we're developing these weapons, Sandia, Savannah River, Los Alamos, Oak Ridge,

135

00:09:54,000 --> 00:09:57,000

there were UFO sightings at these labs as well.

136

00:09:58,000 --> 00:10:03,000

To me, the word that we all should be concentrating on around the world is,

137

00:10:03,000 --> 00:10:08,000

governments, power brokers, confirm for us,

138

00:10:08,000 --> 00:10:12,000

everything that has been being reported since World War II.

139

00:10:12,000 --> 00:10:16,000

We are dealing with other intelligences.

140

00:10:16,000 --> 00:10:19,000

They are here. They are around us.

141

00:10:19,000 --> 00:10:23,000

And they are right under our noses.

142

00:10:24,000 --> 00:10:28,000

The post-World War II sightings shocked the military establishment.

143

00:10:29,000 --> 00:10:34,000

But America's monopoly on nuclear weapons was about to come to an explosive end.

144

00:10:35,000 --> 00:10:40,000

And as a nuclear arms race erupted with the USSR,

145

00:10:41,000 --> 00:10:48,000

the rash of UFO sightings would expand beyond America and engulf the planet.

146

00:10:49,000 --> 00:10:52,000

The Soviet Union

147

00:10:56,000 --> 00:11:03,000

Cossack Republic, Soviet Union, August 29, 1949

148

00:11:04,000 --> 00:11:09,000

At a secret testing site four years after the end of World War II,

149

00:11:09,000 --> 00:11:15,000

the Soviets become only the second country in the world to successfully detonate an atomic bomb.

150

00:11:18,000 --> 00:11:22,000

Codenamed First Lightning, the bomb signals to the west

151

00:11:22,000 --> 00:11:27,000

that the Soviets are capable of matching the nuclear might of the United States.

152

00:11:29,000 --> 00:11:35,000

After the first Soviet nuclear test, the United States begins to react.

153

00:11:36,000 --> 00:11:42,000

And begins reacting by developing newer and more powerful weapons,

154

00:11:42,000 --> 00:11:45,000

developing more effective delivery systems.

155

00:11:45,000 --> 00:11:49,000

In other words, once the Soviets set off their first nuclear test,

156

00:11:49,000 --> 00:11:52,000

a nuclear arms race begins.

157

00:11:54,000 --> 00:11:56,000

Desperate to stay ahead of the Soviets,

158

00:11:56,000 --> 00:12:02,000

the U.S. races to develop a vastly more powerful device, a hydrogen bomb.

159

00:12:03,000 --> 00:12:10,000

This devastating new weapon is first tested underwater near the Marshall Islands in 1952.

160

00:12:11,000 --> 00:12:19,000

The colossal yield is terrifying, over 700 times the power of the Hiroshima bomb.

161

00:12:22,000 --> 00:12:26,000

But the size of the new weapons hardly deters UFO sightings,

162

00:12:26,000 --> 00:12:31,000

which occur before, during and after these explosions,

163

00:12:31,000 --> 00:12:34,000

although the public is never informed.

164

00:12:35,000 --> 00:12:41,000

Time and time again, when bomb tests are conducted, there are UFOs.

165

00:12:42,000 --> 00:12:49,000

Something that we are doing seemingly is grabbing the attention of the UFOs

166

00:12:49,000 --> 00:12:52,000

or the intelligence behind the UFOs.

167

00:12:54,000 --> 00:12:58,000

The U.S. Air Force is so concerned that in 1952,

168

00:12:58,000 --> 00:13:00,000

Look Magazine runs a story entitled,

169

00:13:00,000 --> 00:13:03,000

Hunt for the Flying Saucer,

170

00:13:03,000 --> 00:13:10,000

detailing a secret Air Force investigation into a rash of over 800 UFO sightings.

171

00:13:10,000 --> 00:13:14,000

The article points out that an Air Force map of the UFO sightings

172

00:13:14,000 --> 00:13:19,000

duplicates exactly the area of atomic energy installations.

173

00:13:19,000 --> 00:13:26,000

It also reports that the government is distributing 200 special cameras to atomic plant guards,

174

00:13:26,000 --> 00:13:29,000

hoping to photograph the mysterious intruders.

175

00:13:31,000 --> 00:13:37,000

We have eyewitness testimony from all sorts of different branches of military.

176

00:13:38,000 --> 00:13:40,000

From people who are sworn under oath,

177

00:13:40,000 --> 00:13:47,000

and there are trained observers that witness these massive disc-shaped objects come in,

178

00:13:47,000 --> 00:13:49,000

hover over top of these nuclear facilities,

179

00:13:49,000 --> 00:13:52,000

and this of course would have been a breach of national security.

180

00:13:52,000 --> 00:13:55,000

This would have gone all the way up the food chain to the very, very top

181

00:13:55,000 --> 00:13:59,000

about how these craft are actually interfacing with our nuclear warheads.

182

00:14:00,000 --> 00:14:06,000

Does the sheer volume of sightings suggest that as the threat of nuclear war grew,

183

00:14:06,000 --> 00:14:11,000

extraterrestrials became increasingly concerned about the fate of the Earth?

184

00:14:12,000 --> 00:14:16,000

Could they have been looking for ways to save mankind?

185

00:14:16,000 --> 00:14:20,000

Perhaps by disabling its nuclear weapons?

186

00:14:21,000 --> 00:14:26,000

Ancient astronaut theorists believe that such an audacious notion is possible,

187

00:14:26,000 --> 00:14:33,000

and point to evidence that as the arms race escalated, these aliens became more than just observers.

188

00:14:36,000 --> 00:14:39,000

Vandenberg Air Force Base

189

00:14:40,000 --> 00:14:44,000

September 1964

190

00:14:46,000 --> 00:14:52,000

The Air Force prepares to conduct a series of test launches of intercontinental ballistic missiles,

191

00:14:52,000 --> 00:14:58,000

known as ICBMs, from this base along the central coast of California.

192

00:14:59,000 --> 00:15:09,000

These powerful missiles reduce the time it takes to strike the Soviet Union from 12 hours in a B-52 bomber to a mere 30 minutes.

193

00:15:10,000 --> 00:15:13,000

Suddenly, all it takes is a go order in the weapons launch.

194

00:15:14,000 --> 00:15:20,000

Within a split second, a thermonuclear attack goes downrange toward the opposition.

195

00:15:23,000 --> 00:15:32,000

In order to film the Vandenberg missile tests, Air Force cameraman Lieutenant Robert Jacobs set up an ultralight sensitive telescopic camera,

196

00:15:32,000 --> 00:15:38,000

124 miles northwest of the base, in the forest above Big Sur.

197

00:15:43,000 --> 00:15:49,000

After filming the launch, Lieutenant Jacobs brought the raw footage back to Vandenberg for analysis.

198

00:15:50,000 --> 00:15:57,000

The next day, Jacobs' commanding officer, Major Florence Mansman, showed him the newly developed film.

199

00:15:58,000 --> 00:16:07,000

To Jacobs' shock, a UFO zoomed into the frame and traveled alongside the ICBM at over 11,000 miles per hour.

200

00:16:08,000 --> 00:16:14,000

The rocket launches perfectly, first stage falls off, second stage falls off, third stage falls off, and now you've got the dummy warhead.

201

00:16:14,000 --> 00:16:24,000

Suddenly, a craft, very dislike, moves into the screen and starts maneuvering around it, and then it seems to fire a beam at this dummy warhead.

202

00:16:26,000 --> 00:16:27,000

It burned up the atmosphere.

203

00:16:29,000 --> 00:16:35,000

The test failed. The rocket was destroyed or knocked off course.

204

00:16:35,000 --> 00:16:48,000

Now if true, this would be direct intervention on the part of a UFO to disrupt, perhaps destroy, one of our weapons tests.

205

00:16:49,000 --> 00:16:58,000

They invited the CIA to come in and see it. The CIA said, they're very interesting, we're going to take that film and this never happened.

206

00:16:59,000 --> 00:17:12,000

Jacobs had records, he had actual records of what he did that day, and Major Mansman denied his story at first, he later on supported it. So it's a supported story.

207

00:17:13,000 --> 00:17:24,000

To this day, the government denies that any such film footage exists, but if so, why would two highly trained military professionals make up such a story?

208

00:17:25,000 --> 00:17:36,000

It's notable that after this, Dr. Jacobs started getting lots of harassing phone calls and other harassments, including his mailbox blown up. So somebody was not happy.

209

00:17:38,000 --> 00:17:41,000

I believe that film still exists, and I think one day we will see it.

210

00:17:42,000 --> 00:17:59,000

After Vandenberg, the rash of interference with nuclear missile facilities only increased. Four years later, at Minot Air Force Base in 1968, a UFO reportedly removed the massive cover from a missile silo.

211

00:18:00,000 --> 00:18:15,000

This object had literally removed the cover from the launch facility. It was a 20 ton concrete steel cover that could only be removed through explosive boats or taken off on rails.

212

00:18:16,000 --> 00:18:29,000

What do incidents like those at Vandenberg, Minot and other nuclear facilities mean? Are they a warning or a threat?

213

00:18:30,000 --> 00:18:46,000

Ancient astronaut theorists believe that a vital clue was provided during one of the most shocking incidents in UFO history, when extraterrestrials didn't simply monitor nuclear facilities, but started taking control of them.

214

00:18:53,000 --> 00:18:54,000

Washington DC

215

00:18:55,000 --> 00:19:00,000

September 27, 2010

216

00:19:00,000 --> 00:19:13,000

Determined to inform the public about UFO sightings at nuclear sites, former Air Force Commander Robert Salas and UFO researcher Robert Hastings organize a public hearing at the National Press Club.

217

00:19:13,000 --> 00:19:17,000

Isn't it time for the truth to be revealed?

218

00:19:17,000 --> 00:19:29,000

They introduced the national media to former Air Force officers who give chilling accounts of UFO encounters at nuclear weapon sites. In counters, they witnessed themselves.

219

00:19:29,000 --> 00:19:45,000

He was white as a sheep. He said it's back. He said what's back? He said the UFO. Probably about 1130, an unidentified flying object came from the north and stopped right over us.

220

00:19:45,000 --> 00:19:51,000

The UFO was sighted over Echoflight and about the same time all missiles and Echoflight went down.

221

00:19:51,000 --> 00:19:57,000

I am convinced that somebody out there is trying to send us a message.

222

00:19:57,000 --> 00:20:03,000

The stories attempt to reverse a decades old pattern of military cover-ups and denial.

223

00:20:04,000 --> 00:20:25,000

A number of former military witnesses went on the record that UFOs had been seen directly over or in very close proximity to these nuclear facilities and that these UFOs, whatever they were, were clearly under intelligent control.

224

00:20:25,000 --> 00:20:33,000

Press conference co-organizer Robert Salas had a very personal stake in challenging the official cover-up.

225

00:20:33,000 --> 00:20:37,000

That is clearly misleading. It is false.

226

00:20:37,000 --> 00:20:51,000

In 1967, Salas was stationed at the Mountstrom nuclear missile facility in Montana. When UFOs not only appeared overhead, they shut down the 10 nuclear missiles under his control.

227

00:20:51,000 --> 00:20:58,000

Mountstrom remains one of the most infamous and badly UFO encounters in American history.

228

00:20:58,000 --> 00:21:12,000

To lose so many nuclear missiles to have them inoperative, this was an unprecedented incident. Yes, there had been UFO sightings at nuclear facilities before, but nothing like this.

229

00:21:13,000 --> 00:21:20,000

Wall, South Dakota. June 28th, 2019.

230

00:21:23,000 --> 00:21:31,000

Ancient astronaut theorist Giorgio Suclos has asked Robert Salas to join him at the Minuteman Missile National Historic Site.

231

00:21:31,000 --> 00:21:36,000

So how does it feel to be back after so many years?

232

00:21:36,000 --> 00:21:40,000

This will be kind of a strange deja vu.

233

00:21:40,000 --> 00:21:48,000

Giorgio wants to learn first-hand what happened to Salas at Mountstrom in 1967.

234

00:21:48,000 --> 00:21:58,000

While many Minuteman missile sites were deactivated at the end of the Cold War, this facility has been carefully preserved in its original form.

235

00:21:58,000 --> 00:22:05,000

It remains almost identical to the Mountstrom site where Salas witnessed the UFO incursion.

236

00:22:06,000 --> 00:22:10,000

A similar facility where your story happened that fateful night.

237

00:22:10,000 --> 00:22:14,000

It's very similar. A lot of the sites looked exactly the same.

238

00:22:14,000 --> 00:22:16,000

Where were you on that night?

239

00:22:16,000 --> 00:22:21,000

Yeah, on that night I was 60 feet underground in a reinforced concrete capsule.

240

00:22:21,000 --> 00:22:24,000

And now where are the actual silos?

241

00:22:24,000 --> 00:22:30,000

The silos are about a mile or so away from this central position.

242

00:22:30,000 --> 00:22:32,000

Can we check that out as well?

243

00:22:32,000 --> 00:22:33,000

Let's do it.

244

00:22:33,000 --> 00:22:34,000

That would be amazing.

245

00:22:36,000 --> 00:22:43,000

Giorgio and Robert make their way to an adjoining silo where a deactivated Minuteman missile is preserved.

246

00:22:43,000 --> 00:22:53,000

They harness up and descend 30 feet to get a better look at a weapon that once held the power to obliterate millions in a split second.

247

00:22:53,000 --> 00:22:55,000

Welcome to the Enterprise.

248

00:22:58,000 --> 00:23:03,000

So this is one of these Minuteman missiles.

249

00:23:03,000 --> 00:23:11,000

Exactly. Minuteman 1, the first missile went into the hole in 62 just at the time of the Cuban missile crisis just before.

250

00:23:11,000 --> 00:23:15,000

These have a range of about 6,000 miles.

251

00:23:15,000 --> 00:23:20,000

The warhead we had was 1.2 megatons.

252

00:23:21,000 --> 00:23:27,000

Just to put it in perspective, the bomb that hit Hiroshima was 15 kilotons.

253

00:23:27,000 --> 00:23:35,000

So 15,000 tons versus 1.2 million tons of TNT equivalent.

254

00:23:35,000 --> 00:23:39,000

We had 150 of these just announced them alone.

255

00:23:39,000 --> 00:23:43,000

We should all be so lucky that these things were never fired.

256

00:23:43,000 --> 00:23:44,000

Absolutely.

257

00:23:44,000 --> 00:23:46,000

Because that would have been complete devastation.

258

00:23:46,000 --> 00:23:47,000

Absolutely.

259

00:23:48,000 --> 00:23:55,000

When your incident happened, do you remember whether there was any damage to the missile itself or...

260

00:23:55,000 --> 00:23:58,000

Let me tell you what happened and there was no damage.

261

00:23:58,000 --> 00:24:11,000

What happened was signals were sent to each of the 10 missiles, allegedly, from the UFO penetrating 60 feet of earthen concrete that upset this guidance and control system.

262

00:24:11,000 --> 00:24:13,000

That's what shut the missiles down.

263

00:24:13,000 --> 00:24:17,000

I venture to say that it was not a short circuit.

264

00:24:17,000 --> 00:24:21,000

They could not isolate it to any short circuit.

265

00:24:21,000 --> 00:24:25,000

And believe me, they did extensive investigation on this thing.

266

00:24:25,000 --> 00:24:30,000

Well, this was incredible, but I also would like to see your command center. So can we go check that out?

267

00:24:30,000 --> 00:24:33,000

You bet. Let's go and watch control center.

268

00:24:33,000 --> 00:24:45,000

Let's go in here. Thank you very much.

269

00:24:45,000 --> 00:24:48,000

Then we go down the elevator.

270

00:24:56,000 --> 00:24:59,000

And there's the blast door. George.

271

00:24:59,000 --> 00:25:00,000

Wow.

272

00:25:00,000 --> 00:25:02,000

Look at this thing.

273

00:25:02,000 --> 00:25:04,000

This is huge.

274

00:25:04,000 --> 00:25:07,000

It was, of course, designed to withstand nuclear blast.

275

00:25:07,000 --> 00:25:09,000

So let's go on in.

276

00:25:12,000 --> 00:25:14,000

Wow.

277

00:25:14,000 --> 00:25:15,000

So this is it.

278

00:25:15,000 --> 00:25:16,000

This is the capsule.

279

00:25:16,000 --> 00:25:19,000

We're down here for 24 hours.

280

00:25:19,000 --> 00:25:21,000

You know, it even smells the same.

281

00:25:21,000 --> 00:25:24,000

I remember the smells. Yeah.

282

00:25:27,000 --> 00:25:29,000

Tell me what happened that night.

283

00:25:29,000 --> 00:25:33,000

I was in charge. My commander was out. He was taking a nap.

284

00:25:33,000 --> 00:25:36,000

First thing that happened is I got a phone call from the top side guard.

285

00:25:36,000 --> 00:25:40,000

Uh, sir, the guards and I are out here. We're looking up the sky.

286

00:25:40,000 --> 00:25:45,000

We see these strange lights flying around above us.

287

00:25:45,000 --> 00:25:49,000

They're flying very fast, stopping on a dime, reversing course.

288

00:25:49,000 --> 00:25:52,000

No engine noise.

289

00:25:52,000 --> 00:25:56,000

I said, OK, let me know if something more interesting happens, basically.

290

00:25:56,000 --> 00:25:58,000

And I went back to my book.

291

00:25:58,000 --> 00:26:00,000

So about five minutes later, he calls back.

292

00:26:00,000 --> 00:26:02,000

And this time, he's screaming into the phone.

293

00:26:02,000 --> 00:26:05,000

I mean, he's really frightened.

294

00:26:07,000 --> 00:26:10,000

He said, I've got all the guards out here, weapons drawn.

295

00:26:10,000 --> 00:26:17,000

I only see this gigantic red-orange object oval-shaped hovering above the front gate.

296

00:26:20,000 --> 00:26:24,000

I was sure we were under some sort of an attack.

297

00:26:24,000 --> 00:26:30,000

And I said, use whatever force necessary to make sure nothing comes in the fenced area.

298

00:26:30,000 --> 00:26:34,000

So the next thing I did is I come over here, wake up my commander,

299

00:26:34,000 --> 00:26:38,000

and start telling him about the phone calls.

300

00:26:38,000 --> 00:26:43,000

And all of a sudden, we get klaxons, horns.

301

00:26:43,000 --> 00:26:47,000

Both look over at the control panel here.

302

00:26:47,000 --> 00:26:50,000

And boom, boom, boom, one right after the other.

303

00:26:51,000 --> 00:26:53,000

All no go.

304

00:26:55,000 --> 00:26:59,000

And each of these missiles is on an independent system?

305

00:26:59,000 --> 00:27:04,000

Exactly. They're not like Christmas tree lights where one goes out, the rest of them go out.

306

00:27:04,000 --> 00:27:05,000

No, it's not like that.

307

00:27:05,000 --> 00:27:08,000

Meanwhile, my commander was calling command post.

308

00:27:08,000 --> 00:27:11,000

So when he was finished with that call, he turns to me and says,

309

00:27:11,000 --> 00:27:15,000

the same thing happened at another launch facility a week earlier.

310

00:27:15,000 --> 00:27:19,000

I mean, it has to be incredibly startling and disconcerting

311

00:27:19,000 --> 00:27:24,000

that someone else with higher technology is able to disable our missiles.

312

00:27:24,000 --> 00:27:29,000

If it wasn't us, the US, and it wasn't the Russians or the Chinese or whoever,

313

00:27:29,000 --> 00:27:32,000

well, what or who is left?

314

00:27:32,000 --> 00:27:38,000

Exactly. And that's how I come to the conclusion that these were extraterrestrial objects

315

00:27:38,000 --> 00:27:41,000

or they were constructed off Earth.

316

00:27:41,000 --> 00:27:48,000

Because we had nothing that could do anything like this either then or now.

317

00:27:49,000 --> 00:27:55,000

Military officials have never provided an explanation for the missile shutdown.

318

00:27:55,000 --> 00:27:58,000

Was it caused by extraterrestrials?

319

00:27:58,000 --> 00:28:06,000

Ancient astronaut theorists say yes and suggest that proof lies in the fact that for 50 years,

320

00:28:06,000 --> 00:28:10,000

the United States military covered it up.

321

00:28:11,000 --> 00:28:25,000

The Minuteman Missile National Historic Site, South Dakota, June 28th, 2019.

322

00:28:26,000 --> 00:28:30,000

Giorgio Suclos is with former Air Force Commander Robert Salas

323

00:28:30,000 --> 00:28:35,000

at a decommissioned nuclear launch site that is identical to one at Malmstrom Air Force Base,

324

00:28:35,000 --> 00:28:40,000

where Salas had a UFO encounter in 1967.

325

00:28:40,000 --> 00:28:45,000

So after the object flew away, what happened next?

326

00:28:45,000 --> 00:28:47,000

The missiles come back online?

327

00:28:47,000 --> 00:28:52,000

We had to bring maintenance crews out to go through a very intricate procedure

328

00:28:52,000 --> 00:28:55,000

to bring them back up online.

329

00:28:55,000 --> 00:28:58,000

Within 24 hours, we had our missiles back up.

330

00:28:58,000 --> 00:29:02,000

And then was there a debriefing or was there a discussion?

331

00:29:02,000 --> 00:29:08,000

We were ordered to our Squadron Commander's office right away, and I said,

332

00:29:08,000 --> 00:29:10,000

what the hell happened out there?

333

00:29:10,000 --> 00:29:14,000

And he said, I don't know.

334

00:29:14,000 --> 00:29:21,000

I asked him specifically, could it have been some kind of an Air Force exercise?

335

00:29:21,000 --> 00:29:24,000

And he said, absolutely not.

336

00:29:24,000 --> 00:29:28,000

And then the guy next to him, he shoved this paper in our faces,

337

00:29:28,000 --> 00:29:31,000

signed here.

338

00:29:31,000 --> 00:29:33,000

I said, what is this?

339

00:29:33,000 --> 00:29:38,000

He said, this is a non-disclosure statement about the incident.

340

00:29:38,000 --> 00:29:41,000

You are never to speak about it to anybody.

341

00:29:41,000 --> 00:29:42,000

So you were given an order?

342

00:29:42,000 --> 00:29:45,000

We were ordered to sign it, yeah.

343

00:29:45,000 --> 00:29:46,000

And that was it.

344

00:29:46,000 --> 00:29:50,000

I could not speak about this, and I didn't speak about this to anyone.

345

00:29:50,000 --> 00:29:54,000

For about 27 years.

346

00:29:54,000 --> 00:29:58,000

Some believe that the ability of UFOs to shut down nuclear missiles

347

00:29:58,000 --> 00:30:01,000

poses a grave threat to national security.

348

00:30:01,000 --> 00:30:07,000

And that the Maumstrom incident suggests the aliens had a hostile intent.

349

00:30:07,000 --> 00:30:10,000

But Robert Salas believes it shows the opposite.

350

00:30:10,000 --> 00:30:15,000

The intruders were demonstrating their concern for mankind.

351

00:30:15,000 --> 00:30:18,000

They did not damage the missiles.

352

00:30:18,000 --> 00:30:20,000

They did not hurt anybody.

353

00:30:20,000 --> 00:30:22,000

They said some kind of a weapon.

354

00:30:22,000 --> 00:30:27,000

They did not use it against any of the guards.

355

00:30:27,000 --> 00:30:29,000

So all it was to me was a message.

356

00:30:29,000 --> 00:30:33,000

And the message was, get rid of your nukes.

357

00:30:33,000 --> 00:30:37,000

They will not help you in any way advance your civil life.

358

00:30:37,000 --> 00:30:38,000

Right.

359

00:30:38,000 --> 00:30:40,000

Over the years, you thought about this,

360

00:30:40,000 --> 00:30:44,000

and essentially it was a warning that this is not the way to go.

361

00:30:44,000 --> 00:30:47,000

Exactly, exactly.

362

00:30:47,000 --> 00:30:55,000

Robert Salas and his commanders saw that all 10 missiles, one by one, went offline.

363

00:30:55,000 --> 00:31:00,000

Now this is something that the air force later deemed could not be possible

364

00:31:00,000 --> 00:31:03,000

because all of these missiles are all independent.

365

00:31:03,000 --> 00:31:10,000

So the likelihood of someone being able to manipulate this is almost zero.

366

00:31:10,000 --> 00:31:15,000

And I say almost zero because clearly somebody did it.

367

00:31:15,000 --> 00:31:21,000

I could feel the emotion by Robert, and for over 20 years he has investigated this,

368

00:31:21,000 --> 00:31:26,000

and there are dozens of similar examples.

369

00:31:26,000 --> 00:31:34,000

Were incidents like Malmström attempts to force mankind to abolish nuclear weapons?

370

00:31:34,000 --> 00:31:37,000

If so, they did not succeed.

371

00:31:37,000 --> 00:31:42,000

The arms race continued unabated through the 1970s and 80s,

372

00:31:42,000 --> 00:31:47,000

and so did reports of UFOs at nuclear sites.

373

00:31:47,000 --> 00:31:51,000

During the famous Rundalshum Force incident in 1980,

374

00:31:51,000 --> 00:31:58,000

dozens of military witnesses reported a strange triangular UFO above the nuclear weapons storage depot

375

00:31:58,000 --> 00:32:04,000

at Woodbridge Air Force Base in the UK.

376

00:32:04,000 --> 00:32:10,000

An even more frightening incident happened in the Soviet Union in 1982.

377

00:32:10,000 --> 00:32:15,000

In the air, UFOs didn't turn off the missiles like at Malmström.

378

00:32:15,000 --> 00:32:18,000

They turned them on.

379

00:32:18,000 --> 00:32:23,000

A number of the missiles actually went into their pre-launch sequence,

380

00:32:23,000 --> 00:32:31,000

and panicked scientists and military personnel were rushing around desperately trying to shut things down,

381

00:32:31,000 --> 00:32:40,000

fearing that whatever was going on here was going to lead perhaps to nuclear war and arm again.

382

00:32:40,000 --> 00:32:47,000

With the fall of the Soviet Union in 1991, the Cold War came to an end.

383

00:32:47,000 --> 00:32:53,000

Unfortunately, the world's deadly nuclear arsenal did not diminish as many at hoped.

384

00:32:53,000 --> 00:32:57,000

Instead, nuclear proliferation continued,

385

00:32:57,000 --> 00:33:03,000

and with it, the continued sightings and reports of alien interference.

386

00:33:03,000 --> 00:33:13,000

It is my belief that over the years, they have catalogued every nuclear installation in the whole world

387

00:33:13,000 --> 00:33:20,000

to record what they should expect in the case of an emergency.

388

00:33:20,000 --> 00:33:26,000

But if extraterrestrials really are monitoring Earth's nuclear armed nations,

389

00:33:26,000 --> 00:33:29,000

what is their agenda?

390

00:33:29,000 --> 00:33:35,000

Ancient astronaut theorists suggest that the best way to understand the events of today

391

00:33:35,000 --> 00:33:47,000

is by examining those in the distant past and an ancient site that appears to also have been destroyed by a nuclear blast.

392

00:33:48,000 --> 00:33:51,000

Sin Promise

393

00:33:51,000 --> 00:33:55,000

Southern Pakistan

394

00:33:55,000 --> 00:34:05,000

These ruins spanning 250 acres of the Indus River Valley represent one of the earliest civilizations in the world.

395

00:34:05,000 --> 00:34:14,000

Known as Mohenjo-Daro, this 4,000-year-old lost city was first uncovered by archaeologists in 1922.

396

00:34:14,000 --> 00:34:19,000

Mohenjo-Daro came to a height around 2000 BCE.

397

00:34:19,000 --> 00:34:23,000

For some reason, unknown reasons, it was totally wiped out.

398

00:34:23,000 --> 00:34:29,000

The whole civilization vanished, and we do not know why and how.

399

00:34:29,000 --> 00:34:35,000

When British archaeologists first excavated Mohenjo-Daro, what they found astonished them,

400

00:34:35,000 --> 00:34:42,000

and that was that people were just lying dead in the streets, sometimes holding hands.

401

00:34:42,000 --> 00:34:51,000

It was like some terrible doom had just totally wiped out this entire city, and everyone was just instantly dead.

402

00:34:51,000 --> 00:35:01,000

In 1979, British researcher David Davenport published startling findings about the demise of Mohenjo-Daro.

403

00:35:01,000 --> 00:35:07,000

He revealed that there was a kind of epicenter in the ruins, approximately 50 yards wide,

404

00:35:07,000 --> 00:35:13,000

where pottery, stones and other objects were melted on one side.

405

00:35:13,000 --> 00:35:20,000

Many appeared crystallized and fused together, as though subjected to instantaneous extreme heat.

406

00:35:20,000 --> 00:35:30,000

Davenport concluded that this ancient civilization must have been destroyed by a nuclear explosion.

407

00:35:30,000 --> 00:35:39,000

By finding fused bricks, vitrified walls, pottery vessels that had completely melted,

408

00:35:39,000 --> 00:35:47,000

and also skeletons that were calcified, and apparently some of them even still radioactive,

409

00:35:47,000 --> 00:35:51,000

he decided that Mohenjo-Daro had been nuked.

410

00:35:51,000 --> 00:35:56,000

In Mohenjo-Daro, you find some of the ruins which are simply melted stones,

411

00:35:56,000 --> 00:36:01,000

which means extreme heat must be developed to melt the stones.

412

00:36:01,000 --> 00:36:09,000

At that time, some thousands of years ago, we humans had no extreme heat, so it must have come from a weapon.

413

00:36:09,000 --> 00:36:17,000

How could a 4,000-year-old city have been wiped out by a weapon that wasn't even developed until the 20th century?

414

00:36:17,000 --> 00:36:28,000

Some believe the answer may lie in the ancient Hindu holy book, the Ramayana of Balmiki,

415

00:36:28,000 --> 00:36:34,000

which tells of epic battles with a monstrous weapon called the Brahmastra.

416

00:36:34,000 --> 00:36:40,000

Brahmastra is a weapon named after Brahma himself, God Brahma.

417

00:36:40,000 --> 00:36:46,000

It has a heat-seeking device put into it and also motion detecting.

418

00:36:46,000 --> 00:36:54,000

The fallout from these weapons are reported in the Ramayana as lasting for months and years after the blast.

419

00:36:54,000 --> 00:37:02,000

People's fingernails were coming off, people's hair were falling off, so it's got all the signatures of an atomic explosion.

420

00:37:03,000 --> 00:37:13,000

The descriptions of the aftermath of the use of the Brahmastras sound just like descriptions of Hiroshima and Nagasaki.

421

00:37:13,000 --> 00:37:21,000

But could such powerful weapons of mass destruction have existed on Earth thousands of years ago?

422

00:37:21,000 --> 00:37:28,000

And is it possible that the city of Lanka, where the ancient texts say the Brahmastra weapon was unleashed,

423

00:37:28,000 --> 00:37:34,000

was not a fictional location, but the site known today as Mohanjo-Daro.

424

00:37:34,000 --> 00:37:47,000

Those texts are chock-full with extraterrestrials or the so-called gods having waged a war up in the sky that our ancestors actually witnessed.

425

00:37:48,000 --> 00:37:55,000

When you combine the physical evidence and you combine that with ancient written documents,

426

00:37:55,000 --> 00:38:02,000

perhaps what we have here are descriptions of weapons of mass destruction.

427

00:38:02,000 --> 00:38:14,000

In 2016, researchers in India announced that carbon dating of pottery and animal remains revealed Mohanjo-Daro could be as many as 8,000 years old,

428

00:38:14,000 --> 00:38:18,000

2,500 years older than previously thought.

429

00:38:18,000 --> 00:38:30,000

Some ancient astronaut theorists believe it could be even older, perhaps dating to a time before the so-called Great Flood, as described in numerous religious texts.

430

00:38:30,000 --> 00:38:36,000

But even if such a startling notion is true, how is Mohanjo-Daro destroyed?

431

00:38:36,000 --> 00:38:46,000

Was it a natural event? Or was it the result of some kind of nuclear accident? Or active war?

432

00:38:46,000 --> 00:38:52,000

I think atomic weapons have been used on Earth many times over the thousands of years.

433

00:38:52,000 --> 00:38:57,000

The Aden's were concerned every time that happens.

434

00:38:57,000 --> 00:39:08,000

If an ancient civilization was destroyed by some kind of nuclear incident, did it happen as the result of human warfare or an extraterrestrial attack?

435

00:39:08,000 --> 00:39:18,000

As far as ancient astronaut theorists are concerned, the answer to this question must be found before it's too late.

436

00:39:18,000 --> 00:39:26,000

Washington, DC.

437

00:39:26,000 --> 00:39:31,000

Lay, 2013.

438

00:39:31,000 --> 00:39:34,000

Thank you for giving me this opportunity to speak.

439

00:39:34,000 --> 00:39:45,000

Former Canadian Defense Minister Paul Hellyer addresses the citizen hearing on disclosure, a week-long conference centered on UFO sightings and government transparency.

440

00:39:45,000 --> 00:39:52,000

We live in a cosmos teeming with life. The fact that some other civilizations are more advanced than we are may be humbling.

441

00:39:52,000 --> 00:40:04,000

Based on the information that he has been presented with over the years, Hellyer believes that extraterrestrials are concerned about Earth because of previous devastations.

442

00:40:04,000 --> 00:40:22,000

I think several species throughout history, both on this planet and other planets, have used a nuclear weapons and have really destroyed their planets as a habitable place.

443

00:40:22,000 --> 00:40:28,000

And some of the people who have been visiting here have gone through that and understand it.

444

00:40:28,000 --> 00:40:50,000

I don't want it to happen again on Earth because the cosmos is a unity. It's all one creation and anything that happens anywhere affects other planets, other species, all throughout the cosmos.

445

00:40:50,000 --> 00:41:01,000

I think we're being observed to see we can get through this period of dealing with these weapons and actually eliminating them. And that's a big test for us.

446

00:41:01,000 --> 00:41:16,000

They want to see humans advance. They want us to get past war. That's what they say. You have to stop even considering nuclear warfare because you do not understand humans.

447

00:41:16,000 --> 00:41:26,000

That when you split an atom, you are tearing into other dimensions where there are other intelligences and we cannot allow that.

448

00:41:26,000 --> 00:41:39,000

Are extraterrestrials monitoring our nuclear weapons not just out of concern for humanity, but because they fear we may one day pose a threat to life on other planets?

449

00:41:39,000 --> 00:41:52,000

And if so, might they be withholding the key to interstellar travel until we demonstrate that we can live in peace with all our neighbors, both here on Earth and in space?

450

00:41:52,000 --> 00:42:07,000

Perhaps it will only be when humankind abandons its most fearsome weapons that our evolution on Earth will be complete and we will join our alien ancestors in the stars.
