

1

00:00:00,000 --> 00:00:03,600

But for Boating Mountain, bears witness

2

00:00:03,700 --> 00:00:05,740

to astonishing events.

3

00:00:05,840 --> 00:00:10,100

Over the years, there has been all sorts of weirdness

4

00:00:10,200 --> 00:00:11,680

on this mountain.

5

00:00:11,780 --> 00:00:16,240

Mysterious lights, fire in the sky.

6

00:00:16,340 --> 00:00:20,480

Ancient stories link it to otherworldly contact.

7

00:00:20,580 --> 00:00:21,780

Oh, look at that.

8

00:00:21,880 --> 00:00:22,720

The spaceman.

9

00:00:22,820 --> 00:00:23,620

The spaceman.

10

00:00:23,720 --> 00:00:24,420

Exactly.

11

00:00:24,520 --> 00:00:25,420

Look at the helmet.

12

00:00:25,520 --> 00:00:29,720

And it has become a hotspot for modern-day UFO reports.

13

00:00:29,780 --> 00:00:34,880

We have extraterrestrials giving a light show for people.

14

00:00:34,980 --> 00:00:37,780

Could this mysterious mountain be attracting

15

00:00:37,880 --> 00:00:41,360

extraterrestrial visitors to Earth?

16

00:00:41,460 --> 00:00:44,220

The gods came to this very specific place

17

00:00:44,320 --> 00:00:46,920

because of something either in the mountain or something

18

00:00:47,020 --> 00:00:48,960

that was placed there by them.

19

00:00:52,060 --> 00:00:56,500

There is a doorway in the universe.

20

00:00:56,760 --> 00:01:00,800

Beyond it is the promise of truth.

21

00:01:00,900 --> 00:01:03,640

It demands we question everything

22

00:01:03,740 --> 00:01:06,100

we have ever been taught.

23

00:01:06,200 --> 00:01:09,600

The evidence is all around us.

24

00:01:09,700 --> 00:01:13,620

The future is right before our eyes.

25

00:01:13,720 --> 00:01:16,420

We are not alone.

26

00:01:16,520 --> 00:01:18,920

We have never been alone.

27

00:01:18,920 --> 00:01:19,820

Alone.

28

00:01:28,320 --> 00:01:29,200

Turin, Italy.

29

00:01:32,360 --> 00:01:35,960

Situated on the western bank of the Po River,

30

00:01:36,060 --> 00:01:38,400

this city of nearly 2 million people

31

00:01:38,500 --> 00:01:41,540

is an important international business hub.

32

00:01:41,640 --> 00:01:45,680

It is also the heart of the Italian automotive industry

33

00:01:45,740 --> 00:01:49,080

with the headquarters of Fiat, Lancia, and Alvaro

34

00:01:49,180 --> 00:01:51,280

Mayo, all located here.

35

00:01:51,380 --> 00:01:53,840

But overlooking this modern metropolis

36

00:01:53,940 --> 00:01:59,320

is Italy's most mysterious and infamous ancient site.

37

00:01:59,420 --> 00:02:00,980

Mount Musenae.

38

00:02:01,080 --> 00:02:04,520

Rising to an elevation of nearly 4,000 feet,

39

00:02:04,620 --> 00:02:08,600

Mount Musenae has stood at a unique crossroads of history,

40

00:02:08,700 --> 00:02:12,860

geology, and the unexplained.

41

00:02:12,920 --> 00:02:18,020

This is a mountain where, over the years,

42

00:02:18,120 --> 00:02:20,720

almost to the beginning of recorded human history,

43

00:02:20,820 --> 00:02:23,560

strange things have been seen.

44

00:02:23,660 --> 00:02:24,960

Lights were seen.

45

00:02:25,060 --> 00:02:27,060

Sometimes these lights have been associated

46

00:02:27,160 --> 00:02:31,400

with the forces of good, others with the forces of darkness.

47

00:02:31,500 --> 00:02:32,900

But make no mistake about it.

48

00:02:33,000 --> 00:02:37,680

Over the years, there has been all sorts of weirdness

49

00:02:37,780 --> 00:02:40,720

on this mountain.

50

00:02:40,780 --> 00:02:44,380

Mount Musenae stands at the easternmost edge of Italy's

51

00:02:44,480 --> 00:02:47,780

Sousa Valley, which stretches 31 miles west

52

00:02:47,880 --> 00:02:49,880

to the border of France.

53

00:02:49,980 --> 00:02:54,020

During the Bronze Age, more than 3,000 years ago,

54

00:02:54,120 --> 00:02:57,220

this valley represented a major crossroads

55

00:02:57,320 --> 00:03:00,160

where the local Celtic people, called the Torini,

56

00:03:00,260 --> 00:03:03,420

came into contact with the most prominent civilizations

57

00:03:03,520 --> 00:03:06,300

of the time.

58

00:03:06,400 --> 00:03:09,500

The Bronze Age Celts of Northwestern Italy

59

00:03:09,580 --> 00:03:13,200

were very lucky because their particular location

60

00:03:13,300 --> 00:03:16,680

was a kind of geographical hub that

61

00:03:16,780 --> 00:03:19,340

had access to northern Europe through the Alps

62

00:03:19,440 --> 00:03:21,680

and access to the Mediterranean going south,

63

00:03:21,780 --> 00:03:25,620

and indeed across the Mediterranean to Egypt.

64

00:03:25,720 --> 00:03:28,880

And people think that the ancient pretty much

65

00:03:28,980 --> 00:03:30,520

stayed where they were born.

66

00:03:30,620 --> 00:03:33,960

But many of them traveled vast distances

67

00:03:34,060 --> 00:03:36,620

and encountered many other civilizations

68

00:03:36,680 --> 00:03:42,120

and absorbed some of their ideas very willingly.

69

00:03:42,220 --> 00:03:44,920

The Celts in northern Italy came into contact

70

00:03:45,020 --> 00:03:48,920

with the Etruscans, the Egyptians, and the Greeks.

71

00:03:49,020 --> 00:03:52,100

Each of these cultures had separate, but very similar,

72

00:03:52,200 --> 00:03:54,940

polytheistic traditions in which they

73

00:03:55,040 --> 00:03:58,140

worshiped a pantheon of gods that came down to Earth

74

00:03:58,240 --> 00:04:00,340

from the heavens.

75

00:04:00,440 --> 00:04:04,940

And they all revered Mount Musenae as a place of power.

76

00:04:04,960 --> 00:04:07,440

According to ancient astronaut theorists,

77

00:04:07,540 --> 00:04:12,200

Mount Musenae may, in fact, be a special location on Earth

78

00:04:12,300 --> 00:04:15,440

because of where it is positioned.

79

00:04:15,540 --> 00:04:18,480

Mount Musenae has an amazing ancient history

80

00:04:18,580 --> 00:04:21,580

of magic and mystery.

81

00:04:21,680 --> 00:04:23,680

The significance of its position is

82

00:04:23,780 --> 00:04:27,520

that it's located on a lay line, which is gathering place

83

00:04:27,620 --> 00:04:29,860

of Earth energies.

84

00:04:29,960 --> 00:04:33,820

The concept of lay lines originated in the 1920s

85

00:04:33,840 --> 00:04:37,440

with English landscape photographer Alfred Watkins.

86

00:04:37,540 --> 00:04:40,980

While researching his book, *The Old Straight Track*,

87

00:04:41,080 --> 00:04:43,280

Watkins made the curious discovery

88

00:04:43,380 --> 00:04:45,920

that many of the prehistoric standing stones

89

00:04:46,020 --> 00:04:49,560

and significant ancient sites of England and France

90

00:04:49,660 --> 00:04:52,660

line up in perfectly straight lines.

91

00:04:52,760 --> 00:04:55,660

And many of these sites that these lines pass through

92

00:04:55,760 --> 00:05:00,440

have names that contain the letters L-E-Y, like Laylent,

93

00:05:00,560 --> 00:05:04,060

Keithley, and Art Lee.

94

00:05:04,160 --> 00:05:07,940

Lay lines are an alignment of ancient sites,

95

00:05:08,040 --> 00:05:10,640

four or more of them, over any distance.

96

00:05:10,740 --> 00:05:13,440

And these stretch around the world in some cases.

97

00:05:13,540 --> 00:05:16,140

And these are often associated with the same sites

98

00:05:16,240 --> 00:05:18,440

on these straight line alignments.

99

00:05:18,540 --> 00:05:20,640

So there's a whole network around the planet

100

00:05:20,740 --> 00:05:24,180

of lots of different types, some linked with the magnetic field,

101

00:05:24,280 --> 00:05:26,360

others linked with underground water,

102

00:05:26,460 --> 00:05:29,820

and natural energies that move through the land.

103

00:05:30,280 --> 00:05:31,980

One of the most significant lay lines

104

00:05:32,080 --> 00:05:35,780

that has been identified is the St. Michael line.

105

00:05:35,880 --> 00:05:38,680

Starting from Scowling Michael in Ireland,

106

00:05:38,780 --> 00:05:41,820

the seven major sites that lie along this line

107

00:05:41,920 --> 00:05:45,620

each have a church dedicated to the Archangel Michael,

108

00:05:45,720 --> 00:05:50,320

all the way down to the Stella Marist Monastery in Israel.

109

00:05:50,420 --> 00:05:52,560

And incredibly, there is no record

110

00:05:52,660 --> 00:05:55,060

of the people who lived in these separate locations

111

00:05:55,160 --> 00:05:58,200

having coordinated this.

112

00:05:58,280 --> 00:06:01,580

One of the sites the St. Michael line passes through

113

00:06:01,680 --> 00:06:04,280

is Mount Buciney.

114

00:06:04,380 --> 00:06:08,540

You've got this straight line of all these sites.

115

00:06:08,640 --> 00:06:12,720

And not just any old sites, power sites.

116

00:06:12,820 --> 00:06:17,720

The ancients believed that certain parts of the world

117

00:06:17,820 --> 00:06:22,800

were blessed with power, energy,

118

00:06:22,900 --> 00:06:27,800

that Mussini is slap bang on that line.

119

00:06:28,500 --> 00:06:30,000

Is it possible that ancient people

120

00:06:30,100 --> 00:06:33,000

were aware of energy emanating from the Earth

121

00:06:33,100 --> 00:06:35,980

and were drawn to the area of Mount Buciney and the Sousa

122

00:06:36,080 --> 00:06:39,280

Valley more than 2,000 years ago?

123

00:06:39,380 --> 00:06:41,580

And could these Earth energies also

124

00:06:41,680 --> 00:06:44,420

be responsible for the many strange events that

125

00:06:44,520 --> 00:06:48,020

have been documented in this area?

126

00:06:48,120 --> 00:06:51,160

Local legends passed down from ancient times.

127

00:06:51,260 --> 00:06:55,800

Tell about this mountain being home to werewolves and wizards.

128

00:06:55,820 --> 00:06:59,460

It was rumored that a dragon guarded an enchanted cave,

129

00:06:59,560 --> 00:07:02,540

protecting a giant emerald.

130

00:07:02,640 --> 00:07:06,840

And in the fourth century AD, the Roman emperor Constantine

131

00:07:06,940 --> 00:07:10,240

claimed to have had a vision of a cross floating in the sky

132

00:07:10,340 --> 00:07:15,120

over Mount Buciney the night before a decisive battle, one

133

00:07:15,220 --> 00:07:17,480

that would lead to him seizing control of Rome

134

00:07:17,580 --> 00:07:21,560

from his rival, Maxentius, and converting the empire

135

00:07:21,660 --> 00:07:24,360

to Christianity.

136

00:07:24,380 --> 00:07:26,260

This was a pivotal moment.

137

00:07:26,360 --> 00:07:30,860

The adoption of Christianity as the official religion

138

00:07:30,960 --> 00:07:32,520

really changed the world.

139

00:07:32,620 --> 00:07:37,640

And that's now a large part of the world we live in.

140

00:07:37,740 --> 00:07:42,600

So did Mount Buciney have a part in all of this?

141

00:07:42,700 --> 00:07:46,840

And if so, what the heck was this encounter?

142

00:07:46,940 --> 00:07:49,720

Now, it was not just Constantine's vision,

143

00:07:49,820 --> 00:07:53,480

because it is described that the army of Constantine

144

00:07:53,540 --> 00:07:57,380

also sows something up in the sky.

145

00:07:57,480 --> 00:08:01,340

So the question is, is this one of the earliest UFO

146

00:08:01,440 --> 00:08:03,280

encounters that we have on record?

147

00:08:03,380 --> 00:08:06,460

And in my opinion, yes, it is.

148

00:08:06,560 --> 00:08:08,860

Could the many extraordinary encounters

149

00:08:08,960 --> 00:08:11,920

recorded at Mount Buciney throughout the ages

150

00:08:12,020 --> 00:08:15,900

be the product of extraterrestrial visitation?

151

00:08:16,000 --> 00:08:18,800

Ancient astronaut theorists say yes,

152

00:08:18,900 --> 00:08:21,000

and suggest that further evidence

153

00:08:21,060 --> 00:08:25,500

can be found by examining an incredible flurry of UFO sightings

154

00:08:25,600 --> 00:08:27,960

reported in much more recent times.

155

00:08:32,060 --> 00:08:32,800

Northern Italy.

156

00:08:35,600 --> 00:08:39,880

December 2, 1973.

157

00:08:39,980 --> 00:08:44,040

An Alitalia flight is 17 miles outside of Turin

158

00:08:44,140 --> 00:08:47,780

when its pilot sees something unusual in the night sky

159

00:08:47,880 --> 00:08:49,880

over the nearby Mount Buciney.

160

00:08:51,020 --> 00:08:55,020

Something no one can identify.

161

00:08:55,120 --> 00:09:01,060

In 1973, an Alitalia pilot sees a strange glow

162

00:09:01,160 --> 00:09:02,860

over the mountain.

163

00:09:02,960 --> 00:09:07,660

And this is apparently later confirmed by the control tower.

164

00:09:07,760 --> 00:09:10,940

According to witnesses, the glow appeared to be coming

165

00:09:11,040 --> 00:09:13,900

from a mysterious round object.

166

00:09:14,000 --> 00:09:16,840

Two Italian Air Force planes that were in the vicinity

167

00:09:16,940 --> 00:09:19,440

corroborated the sighting.

168

00:09:19,480 --> 00:09:22,980

The UFO report is significant not only because it was witnessed

169

00:09:23,080 --> 00:09:25,580

by multiple pilots and passengers,

170

00:09:25,680 --> 00:09:28,280

but because within just a two-week period,

171

00:09:28,380 --> 00:09:30,820

no less than six separate UFO incidents

172

00:09:30,920 --> 00:09:34,780

were reported in the vicinity of Mount Buciney.

173

00:09:34,880 --> 00:09:39,720

If this was in isolation, then perhaps you could disregard it.

174

00:09:39,820 --> 00:09:43,960

But when I look at Italy, and particularly

175

00:09:44,060 --> 00:09:47,600

this specific part of Italy, it does

176

00:09:47,660 --> 00:09:50,060

seem as if something is going on.

177

00:09:50,160 --> 00:09:54,660

And it seems as if the Italian government and maybe others

178

00:09:54,760 --> 00:09:58,100

know that there's something going on.

179

00:09:58,200 --> 00:10:00,500

What can explain the strange incidents

180

00:10:00,600 --> 00:10:03,440

that have been continuously reported at Mount Buciney

181

00:10:03,540 --> 00:10:06,140

for hundreds of years?

182

00:10:06,240 --> 00:10:09,780

Is it possible, as ancient astronaut theorists suggest,

183

00:10:09,880 --> 00:10:13,280

that extraterrestrials are drawn to this particular place

184

00:10:13,380 --> 00:10:14,720

on Earth?

185

00:10:14,780 --> 00:10:18,420

This light phenomenon and unusual activity on Mount Buciney

186

00:10:18,520 --> 00:10:20,380

has been going on for thousands of years

187

00:10:20,480 --> 00:10:21,620

and continues to this day.

188

00:10:24,920 --> 00:10:28,660

The challenge, really, is to find the connection,

189

00:10:28,760 --> 00:10:32,660

to draw together the disparate threads of this story,

190

00:10:32,760 --> 00:10:36,900

and say, what is it about this area that's so special?

191

00:10:37,000 --> 00:10:39,400

Perhaps further clues can be found

192

00:10:39,500 --> 00:10:42,900

by investigating the strange rock carvings found in the area.

193

00:10:44,780 --> 00:10:48,380

Carvings that appear to be depictions of astronauts.

194

00:10:54,380 --> 00:10:58,220

Valcomonica, Italy.

195

00:10:58,320 --> 00:11:02,360

June 13, 2019.

196

00:11:02,460 --> 00:11:05,000

Ancient astronaut theorist William Henry

197

00:11:05,100 --> 00:11:08,200

has traveled to this UNESCO World Heritage Site,

198

00:11:08,300 --> 00:11:13,300

165 miles from Mount Buciney, to investigate what he believes

199

00:11:13,360 --> 00:11:16,520

could be forensic evidence that the early civilizations

200

00:11:16,620 --> 00:11:22,300

of this region came into contact with extraterrestrials.

201

00:11:22,400 --> 00:11:23,360

Hi, I'm William.

202

00:11:23,460 --> 00:11:24,260

Hi, I'm Luca.

203

00:11:24,360 --> 00:11:25,200

Nice to meet you.

204

00:11:25,300 --> 00:11:27,900

Joining him is Luca Giarelli, the head

205

00:11:28,000 --> 00:11:33,440

of the Valcomonica Historical and Ethereological Society.

206

00:11:33,540 --> 00:11:36,300

Luca has spent years studying this mysterious region

207

00:11:36,400 --> 00:11:40,180

of northern Italy and wants to show William the rock carvings for

208

00:11:40,200 --> 00:11:42,160

which this alpine valley is famous.

209

00:11:45,100 --> 00:11:47,060

This place is massive.

210

00:11:47,160 --> 00:11:50,160

Yeah, it's very big, and the rock art

211

00:11:50,260 --> 00:11:52,660

covers all that area.

212

00:11:52,760 --> 00:11:53,760

Are you ready for a hike?

213

00:11:53,860 --> 00:11:54,660

I'm ready. Let's go.

214

00:11:54,760 --> 00:11:55,400

Let's go.

215

00:11:57,900 --> 00:11:59,900

I'm here at Valcomonica because it

216

00:12:00,000 --> 00:12:03,400

is a treasure trove of images from the ancient world that

217

00:12:03,500 --> 00:12:06,340

have been well documented and studied by scholars.

218

00:12:06,440 --> 00:12:08,700

They don't agree on the meaning of the images,

219

00:12:08,720 --> 00:12:11,800

but some of them are very open-minded to the ancient

220

00:12:11,900 --> 00:12:14,400

astronaut theory.

221

00:12:14,500 --> 00:12:19,360

This is one of the rock art sites here in Valcomonica.

222

00:12:19,460 --> 00:12:20,340

Footprints.

223

00:12:20,440 --> 00:12:21,400

Footprints are there.

224

00:12:21,500 --> 00:12:22,100

Wow.

225

00:12:24,880 --> 00:12:26,380

You can see here.

226

00:12:26,480 --> 00:12:28,980

Look like deer.

227

00:12:29,080 --> 00:12:30,440

We have warriors.

228

00:12:33,180 --> 00:12:34,180

Look at this.

229

00:12:34,280 --> 00:12:35,680

Incredible.

230

00:12:35,740 --> 00:12:38,400

1,000 and 1,000 figures on the rocks.

231

00:12:41,640 --> 00:12:42,240

Here we are.

232

00:12:42,340 --> 00:12:43,040

Wow.

233

00:12:43,140 --> 00:12:44,080

What do we have here?

234

00:12:44,180 --> 00:12:47,380

We have this one, this figure.

235

00:12:47,480 --> 00:12:48,880

Oh, look at that.

236

00:12:48,980 --> 00:12:49,880

This is a spaceman.

237

00:12:49,980 --> 00:12:50,580

Space man.

238

00:12:50,680 --> 00:12:51,180

Exactly.

239

00:12:51,280 --> 00:12:52,380

Look at the helmet.

240

00:12:52,480 --> 00:12:53,280

Look at the helmet.

241

00:12:53,380 --> 00:12:53,980

Right.

242

00:12:54,080 --> 00:12:55,120

It's like he's glowing.

243

00:12:55,220 --> 00:12:55,820

Yeah.

244

00:12:59,360 --> 00:13:01,260

And the communion rose.

245

00:13:01,360 --> 00:13:03,360

The communion rose.

246

00:13:03,420 --> 00:13:08,820

It's a strange mystery symbol with nine dots

247

00:13:08,920 --> 00:13:12,220

was made probably of the first millennium before Christ.

248

00:13:12,320 --> 00:13:13,360

Wow.

249

00:13:13,460 --> 00:13:16,460

We have 19 communion rows in Valcomonica.

250

00:13:16,560 --> 00:13:17,760

19 communion rows.

251

00:13:17,860 --> 00:13:19,660

Yeah.

252

00:13:19,760 --> 00:13:22,960

Archeologists call this mysterious object the communion

253

00:13:23,060 --> 00:13:27,200

rose because of its flower-like shape.

254

00:13:27,300 --> 00:13:30,040

While its exact meaning is lost to history,

255

00:13:30,120 --> 00:13:33,620

some believe it to be a religious symbol or a representation

256

00:13:33,720 --> 00:13:36,420

of the movement of the stars.

257

00:13:36,520 --> 00:13:38,860

But ancient astronaut theorists suggest

258

00:13:38,960 --> 00:13:42,620

it might also depict something else, the vessel that

259

00:13:42,720 --> 00:13:46,960

brought these helmeted figures to Valcomonica.

260

00:13:47,060 --> 00:13:47,760

Look at that.

261

00:13:47,860 --> 00:13:48,660

That looks like a spaceship.

262

00:13:48,760 --> 00:13:50,000

It's like you look up in the sky

263

00:13:50,100 --> 00:13:53,500

and you would see this kind of twirling spinning ship

264

00:13:53,600 --> 00:13:54,240

in the sky.

265

00:14:00,980 --> 00:14:02,980

It seems to me just looking at it,

266

00:14:03,080 --> 00:14:07,120

they're trying to talk about beings coming from other worlds,

267

00:14:07,220 --> 00:14:08,620

maybe to this place.

268

00:14:08,720 --> 00:14:10,380

It could be an interpretation.

269

00:14:10,480 --> 00:14:13,960

Tell me about that five-pointed star.

270

00:14:14,060 --> 00:14:17,660

We have a lot of five-pointed stars here on this rock.

271

00:14:17,760 --> 00:14:18,560

Mm-hmm.

272

00:14:18,660 --> 00:14:21,200

But we don't know what they meaning

273

00:14:21,300 --> 00:14:24,700

when they did this particular geometric shape.

274

00:14:24,800 --> 00:14:28,840

Sometimes the stars mean energy, like energy from the stars

275

00:14:28,900 --> 00:14:31,540

would come to this place, where star beings would come

276

00:14:31,640 --> 00:14:32,540

to this place.

277

00:14:32,640 --> 00:14:33,440

Yeah.

278

00:14:33,540 --> 00:14:34,740

It could be an interpretation.

279

00:14:34,840 --> 00:14:37,240

We have a lot of mystery about the meaning

280

00:14:37,340 --> 00:14:40,220

of the engraving here in Valcomonica.

281

00:14:40,320 --> 00:14:45,020

We have a different motivation, religious, mythological,

282

00:14:45,120 --> 00:14:47,120

and also describing events.

283

00:14:47,220 --> 00:14:48,120

OK.

284

00:14:48,220 --> 00:14:49,520

So this is like a newspaper then.

285

00:14:49,620 --> 00:14:53,200

It says this was in the sky above us at some point,

286

00:14:53,300 --> 00:14:58,140

and this spaceman came down and maybe met the communion people.

287

00:14:58,540 --> 00:15:01,040

It could be.

288

00:15:01,140 --> 00:15:04,200

According to the ancient stories of the Sousa Valley,

289

00:15:04,300 --> 00:15:06,640

the city of Turin was founded by a character

290

00:15:06,740 --> 00:15:09,640

from Greek mythology called Phytón,

291

00:15:09,740 --> 00:15:12,420

who came to Earth from the stars.

292

00:15:12,520 --> 00:15:16,860

Legend states that Turin was founded by the god Phytón,

293

00:15:16,960 --> 00:15:19,620

who is a son of the sun god Helios.

294

00:15:19,720 --> 00:15:22,120

And in the myth of Phytos, we learn the story

295

00:15:22,220 --> 00:15:27,200

of how he descended to Earth in a fiery chariot.

296

00:15:27,260 --> 00:15:29,400

Perhaps crashing into Mount Mousini.

297

00:15:32,300 --> 00:15:34,160

This also led to something fortuitous,

298

00:15:34,260 --> 00:15:36,960

because he brought gifts to this place.

299

00:15:37,060 --> 00:15:41,040

He had great skills, was a metallurgist,

300

00:15:41,140 --> 00:15:43,080

and taught this to the local people.

301

00:15:45,580 --> 00:15:48,940

When we look at myths such as the myth of Phytón,

302

00:15:49,040 --> 00:15:55,680

here is really the story of a UFO landing on a mountain

303

00:15:55,740 --> 00:15:59,300

and interacting with the locals.

304

00:15:59,400 --> 00:16:01,840

When we look behind this myth of Phytón,

305

00:16:01,940 --> 00:16:04,780

perhaps this is what we're also seeing at Valcomanica.

306

00:16:04,880 --> 00:16:08,980

I think given the connection with the spacemen that

307

00:16:09,080 --> 00:16:10,980

are etched into the rock, that we have

308

00:16:11,080 --> 00:16:13,820

to be open to the possibility that what the ancient artist is

309

00:16:13,920 --> 00:16:16,220

trying to portray is something that he actually

310

00:16:16,320 --> 00:16:19,960

saw in the sky, something coming out of the heavens.

311

00:16:20,060 --> 00:16:23,160

Is there a connection between the stone carvings founded

312

00:16:23,220 --> 00:16:27,980

at Valcomanica and the story of Phytos's descent from the sky?

313

00:16:28,080 --> 00:16:31,460

And do other clues exist here that point to ancient alien

314

00:16:31,560 --> 00:16:31,920

contact?

315

00:16:34,520 --> 00:16:35,800

Were there any other cultures that

316

00:16:35,900 --> 00:16:37,260

were connected with the valley?

317

00:16:37,360 --> 00:16:41,460

We found some engravings that represent

318

00:16:41,560 --> 00:16:44,600

god of Celtic religion.

319

00:16:44,700 --> 00:16:46,840

What sort of engravings?

320

00:16:46,940 --> 00:16:48,440

You know, cernunus.

321

00:16:48,540 --> 00:16:49,240

It's a.

322

00:16:49,340 --> 00:16:50,340

Oh, the horned god.

323

00:16:50,440 --> 00:16:50,940

Yeah.

324

00:16:51,040 --> 00:16:52,240

Yeah, the horned god.

325

00:16:52,300 --> 00:16:57,260

And we find the same figure here in Valcomanica.

326

00:16:57,360 --> 00:16:59,100

That means the Celts were here.

327

00:16:59,200 --> 00:17:00,700

Yeah, they were the connection.

328

00:17:00,800 --> 00:17:03,440

So is this the only location where we see the spacemen?

329

00:17:03,540 --> 00:17:04,840

No, we have two locations.

330

00:17:04,940 --> 00:17:09,540

This is one, but we can find another astronaut out of the path.

331

00:17:09,640 --> 00:17:10,740

Even deeper into the woods?

332

00:17:10,840 --> 00:17:11,540

Yeah.

333

00:17:11,640 --> 00:17:12,640

We can go there if you want.

334

00:17:12,740 --> 00:17:13,480

I'd love to go.

335

00:17:13,580 --> 00:17:14,280

Let's go.

336

00:17:15,220 --> 00:17:18,320

Luca guides William up a steep portion of the valley

337

00:17:18,420 --> 00:17:22,160

for a rare look at another carving hidden from public view.

338

00:17:26,660 --> 00:17:27,360

Careful.

339

00:17:27,460 --> 00:17:28,060

All right.

340

00:17:28,160 --> 00:17:29,160

Thanks.

341

00:17:29,260 --> 00:17:30,560

Whoa, here we are.

342

00:17:30,660 --> 00:17:31,900

Take a look where we are.

343

00:17:32,000 --> 00:17:32,800

Wow.

344

00:17:32,900 --> 00:17:33,700

Look at work.

345

00:17:33,800 --> 00:17:35,900

We're like on the edge of a cliff here.

346

00:17:36,000 --> 00:17:40,400

We have less than 100 people in the last 10 years.

347

00:17:40,420 --> 00:17:41,200

Did you see them?

348

00:17:41,300 --> 00:17:42,100

Wait a minute.

349

00:17:42,200 --> 00:17:43,200

There's one of them, isn't it?

350

00:17:43,300 --> 00:17:44,000

Right there?

351

00:17:44,100 --> 00:17:44,700

Yeah.

352

00:17:44,800 --> 00:17:45,500

How cool.

353

00:17:45,600 --> 00:17:46,700

A couple of spacemen.

354

00:17:46,800 --> 00:17:48,100

Wow.

355

00:17:48,200 --> 00:17:52,300

You can see here the helmet with rays like the other one.

356

00:17:52,400 --> 00:17:53,800

These are just like the other guys.

357

00:17:53,900 --> 00:17:57,380

Yeah, it's very similar, but they are bigger.

358

00:17:57,480 --> 00:17:59,840

The detail is amazing.

359

00:17:59,940 --> 00:18:01,240

Yeah.

360

00:18:01,340 --> 00:18:02,380

It's like a mirror.

361

00:18:02,480 --> 00:18:03,280

Mm-hmm.

362

00:18:03,380 --> 00:18:04,380

One of them is a mirror.

363

00:18:04,480 --> 00:18:05,880

And the other one is a mirror.

364

00:18:05,980 --> 00:18:07,380

And the other one is a mirror.

365

00:18:07,480 --> 00:18:08,180

Yeah.

366

00:18:08,240 --> 00:18:09,400

It's like a mirror.

367

00:18:09,500 --> 00:18:10,180

Mm-hmm.

368

00:18:10,280 --> 00:18:11,280

One in front of the other.

369

00:18:11,380 --> 00:18:14,580

Same position, same helmet.

370

00:18:14,680 --> 00:18:16,880

There's clearly some kind of an exchange

371

00:18:16,980 --> 00:18:18,880

that's happening here.

372

00:18:18,980 --> 00:18:21,920

It's like they're making a photograph of what

373

00:18:22,020 --> 00:18:23,320

happened at this place.

374

00:18:23,420 --> 00:18:25,220

They're trying to say, at this spot,

375

00:18:25,320 --> 00:18:27,420

this is what we saw here.

376

00:18:27,520 --> 00:18:29,260

We don't know, but it's very strange

377

00:18:29,360 --> 00:18:31,460

because it's hidden location.

378

00:18:31,560 --> 00:18:37,300

These engravings are not meant to be seen by other people.

379

00:18:37,360 --> 00:18:39,720

Of all places to find a rock like this,

380

00:18:39,820 --> 00:18:43,360

this is a very secretive, almost initiatory place

381

00:18:43,460 --> 00:18:45,300

where select people would be brought here

382

00:18:45,400 --> 00:18:49,000

to be told this story about these extraterrestrials.

383

00:18:49,100 --> 00:18:54,240

Yeah, maybe that's the message for us.

384

00:18:54,340 --> 00:18:57,640

Were the ancient people of what is now Northwest Italy,

385

00:18:57,740 --> 00:19:00,640

visited by beings from other worlds?

386

00:19:00,740 --> 00:19:04,180

And could these depictions of spacemen and strange craft

387

00:19:04,280 --> 00:19:07,280

descending from the heavens have a link to the world?

388

00:19:07,380 --> 00:19:10,500

Not only to the origin story of Turin,

389

00:19:10,600 --> 00:19:12,940

but also to the UFO sightings that

390

00:19:13,040 --> 00:19:17,040

have been reported over Mount Musenae in more recent times.

391

00:19:17,140 --> 00:19:21,000

Valcomonica is in this incredible vortex, if you will,

392

00:19:21,100 --> 00:19:23,180

that includes Mount Musenae.

393

00:19:23,280 --> 00:19:25,280

We're looking at an entire territory

394

00:19:25,380 --> 00:19:30,620

here where these extraordinary experiences are being recorded.

395

00:19:30,720 --> 00:19:33,180

According to ancient astronaut theorists,

396

00:19:33,280 --> 00:19:36,660

the carvings at Valcomonica till just one part

397

00:19:37,120 --> 00:19:38,680

of a larger story.

398

00:19:38,780 --> 00:19:41,220

And they suggest that nearby ruins

399

00:19:41,320 --> 00:19:44,260

may reveal not only that extraterrestrials visited

400

00:19:44,360 --> 00:19:46,160

this region, but why?

401

00:19:52,160 --> 00:19:57,940

The Sousa Valley, 966 AD.

402

00:19:58,040 --> 00:20:02,540

While ascending Mount Piercariano, 25 miles west of Turin,

403

00:20:02,640 --> 00:20:05,440

and directly across from Mount Musenae,

404

00:20:05,500 --> 00:20:08,560

a Catholic bishop is startled by an incredible sight

405

00:20:08,660 --> 00:20:12,100

that suddenly appears in the sky.

406

00:20:12,200 --> 00:20:16,340

He sees strange lights in the sky.

407

00:20:16,440 --> 00:20:21,540

And these things are described as planks and globes

408

00:20:21,640 --> 00:20:27,520

made of fire, firstly appearing to be on the mountain itself,

409

00:20:27,620 --> 00:20:31,320

then rising up, flying around across the sky.

410

00:20:31,420 --> 00:20:33,320

But they weren't just sightings.

411

00:20:33,380 --> 00:20:37,820

They were sightings that had a profound consequence.

412

00:20:37,920 --> 00:20:42,020

These strange sightings prompted the bishop to say,

413

00:20:42,120 --> 00:20:46,520

this will be the sight on which we will build the new abbey that

414

00:20:46,620 --> 00:20:51,300

came to be known as Sacra di San Michele.

415

00:20:51,400 --> 00:20:56,000

So once again, we have what seems to be extraterrestrials

416

00:20:56,100 --> 00:20:59,500

giving a light show for people, wanting

417

00:20:59,600 --> 00:21:03,040

to attract their attention, and perhaps inspiring them

418

00:21:03,100 --> 00:21:05,460

to do certain things.

419

00:21:05,560 --> 00:21:09,100

The Sacra di San Michele, or St. Michael's Abbey,

420

00:21:09,200 --> 00:21:12,840

still stands atop Mount Piercariano today.

421

00:21:12,940 --> 00:21:16,340

It is to this sacred abbey that ancient astronaut theorist

422

00:21:16,440 --> 00:21:21,080

William Henry is headed with author and historian No Ma Orzo,

423

00:21:21,180 --> 00:21:23,580

who plans to reveal a historic secret.

424

00:21:30,220 --> 00:21:30,920

Wow.

425

00:21:31,020 --> 00:21:31,720

Oh, my gosh.

426

00:21:31,820 --> 00:21:32,620

Look at this.

427

00:21:32,680 --> 00:21:33,120

Yes.

428

00:21:33,220 --> 00:21:33,540

Wow.

429

00:21:33,640 --> 00:21:34,540

Suze Valley.

430

00:21:34,640 --> 00:21:35,240

Wow.

431

00:21:35,340 --> 00:21:35,720

Wow.

432

00:21:35,820 --> 00:21:37,120

Wow.

433

00:21:37,220 --> 00:21:37,780

Look.

434

00:21:37,880 --> 00:21:39,020

That's incredible.

435

00:21:39,120 --> 00:21:41,420

In that direction, straight in front of us,

436

00:21:41,520 --> 00:21:42,880

we have the Mount Musenay.

437

00:21:42,980 --> 00:21:43,580

Musenay?

438

00:21:43,680 --> 00:21:44,780

Yeah.

439

00:21:44,880 --> 00:21:49,220

It's like Musenay and Sacra are twin peaks.

440

00:21:49,320 --> 00:21:50,020

Yes.

441

00:21:50,120 --> 00:21:53,820

Imagine that the two mountains are like a gate

442

00:21:53,920 --> 00:21:57,060

to enter into the Suze Valley.

443

00:21:57,160 --> 00:22:00,600

The valley was in the past the place

444

00:22:00,680 --> 00:22:05,080

where a very ancient city exists.

445

00:22:05,180 --> 00:22:08,340

And in this place where the Sacra was built,

446

00:22:08,440 --> 00:22:10,840

we have some other interesting phenomenon connected

447

00:22:10,940 --> 00:22:14,480

to energy and the story of this valley.

448

00:22:14,580 --> 00:22:17,080

And this place is very interesting

449

00:22:17,180 --> 00:22:20,720

because it's part of a line, a straight line that

450

00:22:20,820 --> 00:22:24,920

from Ireland to the other side of the world

451

00:22:25,020 --> 00:22:28,900

create a seven different spot with seven church.

452

00:22:28,960 --> 00:22:32,060

They're all dedicated to the Archangel Michael.

453

00:22:35,300 --> 00:22:38,240

According to ancient stories, in this area,

454

00:22:38,340 --> 00:22:42,100

the St. Michael line, the energy line, or lay line,

455

00:22:42,200 --> 00:22:44,840

that many believe runs straight through Italy,

456

00:22:44,940 --> 00:22:50,380

a highly advanced civilization existed thousands of years ago.

457

00:22:50,480 --> 00:22:54,120

A civilization that began when the god Phytan came down

458

00:22:54,220 --> 00:22:58,120

from the sky in his fiery chariot.

459

00:22:58,580 --> 00:23:01,440

The local accounts of Phytan not only connect this figure

460

00:23:01,540 --> 00:23:06,080

with the ancient Greeks, but also the ancient Egyptians.

461

00:23:06,180 --> 00:23:07,820

And some ancient astronaut theorists

462

00:23:07,920 --> 00:23:10,820

suggest that as a bringer of technology,

463

00:23:10,920 --> 00:23:14,000

Phytan could be the same extraterrestrial being

464

00:23:14,100 --> 00:23:18,600

that was known in Egypt as Ptah.

465

00:23:18,700 --> 00:23:22,300

Their names are very similar, Ptah and Phytan.

466

00:23:22,400 --> 00:23:26,300

The legend says that Phytan founded Turin in honor

467

00:23:26,360 --> 00:23:28,020

of the Appi's bull.

468

00:23:28,120 --> 00:23:31,960

Turin, or Turino, is called the city of the bull.

469

00:23:32,060 --> 00:23:34,760

Now, this is very interesting because in ancient Egypt

470

00:23:34,860 --> 00:23:39,100

where the reverence for the Appi bull originated,

471

00:23:39,200 --> 00:23:42,200

we're told that the Appi bull, or Appis bull,

472

00:23:42,300 --> 00:23:48,280

was actually the Egyptian god of technology, Ptah, incarnate.

473

00:23:48,380 --> 00:23:54,480

Ptah was the Egyptian god of smithcraft and alchemy.

474

00:23:54,600 --> 00:23:58,440

So we have to ask the question, is Mussini,

475

00:23:58,540 --> 00:24:00,780

a place that was known in the ancient world

476

00:24:00,880 --> 00:24:03,440

where the secrets of alchemy were ultimately

477

00:24:03,540 --> 00:24:06,980

going to be stored or could be accessed?

478

00:24:07,080 --> 00:24:08,920

There seems to be a very important connection

479

00:24:09,020 --> 00:24:11,480

between the cosmic knowledge of metallurgy, which

480

00:24:11,580 --> 00:24:14,960

was brought to Earth by the gods,

481

00:24:15,060 --> 00:24:20,400

and some kind of energy present at Mount Mussini.

482

00:24:20,500 --> 00:24:23,960

If extraterrestrial's knowledge of metallurgy and alchemy

483

00:24:24,020 --> 00:24:26,460

was used to create a technologically advanced

484

00:24:26,560 --> 00:24:31,320

ancient city around Mount Mussini, where did it go?

485

00:24:31,420 --> 00:24:34,860

In the first century BC, Rome conquered the area's

486

00:24:34,960 --> 00:24:39,560

original inhabitants and established Augusta Turinorum,

487

00:24:39,660 --> 00:24:43,000

the colony that eventually became Turin.

488

00:24:43,100 --> 00:24:46,240

All traces of the people and city that came before it

489

00:24:46,340 --> 00:24:47,440

seemed to have vanished.

490

00:24:51,380 --> 00:24:52,840

So the Roman Empire came here and said,

491

00:24:52,860 --> 00:24:54,460

we're going to take your knowledge and secrets.

492

00:24:54,560 --> 00:24:55,800

We're going to weaponize.

493

00:24:55,900 --> 00:24:57,060

Yeah, of course.

494

00:24:57,160 --> 00:25:01,940

And the story says that these people, they fight for 50 years

495

00:25:02,040 --> 00:25:06,940

to have the time to hide all the secret of metals and metallurgy.

496

00:25:07,040 --> 00:25:09,440

So the energy is still here in this town?

497

00:25:09,540 --> 00:25:12,140

The energy is still here.

498

00:25:12,240 --> 00:25:15,080

According to the myth, all this energy

499

00:25:15,180 --> 00:25:19,420

was kept into the Mount Mussini inside it.

500

00:25:19,500 --> 00:25:24,020

And in this Susavale, in this Susavale, we have more proof.

501

00:25:24,120 --> 00:25:26,060

And that's what I show you next.

502

00:25:26,160 --> 00:25:26,520

Let's go.

503

00:25:29,020 --> 00:25:31,900

Nomo and William head next to a hill near the village

504

00:25:32,000 --> 00:25:34,260

of Montpantaro.

505

00:25:34,360 --> 00:25:37,700

If extraterrestrials handed knowledge of advanced technology

506

00:25:37,800 --> 00:25:40,240

to the ancient people of this region,

507

00:25:40,340 --> 00:25:43,100

Nomo believes it happened here.

508

00:25:43,200 --> 00:25:45,740

And he has located evidence to prove it.

509

00:25:45,840 --> 00:25:46,640

Look at that.

510

00:25:46,900 --> 00:25:49,800

We have two big spiral.

511

00:25:49,900 --> 00:25:54,700

And the third one that is smaller is not in the same line.

512

00:25:54,800 --> 00:25:57,600

So this is a clothoid.

513

00:25:57,700 --> 00:26:01,080

It's a very well-known shape in physics

514

00:26:01,180 --> 00:26:04,580

that describe the behavior of light.

515

00:26:04,680 --> 00:26:05,620

Right.

516

00:26:05,720 --> 00:26:08,120

So this is knowledge way beyond what we normally

517

00:26:08,220 --> 00:26:10,820

think of the Neolithic mind being able to grasp.

518

00:26:10,920 --> 00:26:11,720

Yeah.

519

00:26:11,780 --> 00:26:16,880

So what if instead of a piece of art of the Neolithic age,

520

00:26:16,980 --> 00:26:19,020

we are in front of something that

521

00:26:19,120 --> 00:26:22,620

arrived from an extraterrestrial knowledge,

522

00:26:22,720 --> 00:26:26,660

something that arrived from the sky?

523

00:26:26,760 --> 00:26:29,060

Finding this triple spiral at Mussini

524

00:26:29,160 --> 00:26:30,900

is absolutely fascinating.

525

00:26:31,000 --> 00:26:34,100

I suspect that among its many meanings,

526

00:26:34,200 --> 00:26:36,900

which most of which are to do with movement and energetic flow,

527

00:26:37,000 --> 00:26:38,940

I suspect that amongst these, we are also

528

00:26:39,000 --> 00:26:42,100

being told something about Earth energies.

529

00:26:42,200 --> 00:26:45,200

They had a knowledge of these magnetic forces

530

00:26:45,300 --> 00:26:48,080

and these energies, something that they perhaps should not

531

00:26:48,180 --> 00:26:51,040

have known, but clearly did.

532

00:26:51,140 --> 00:26:54,380

Is it possible that the ancient people of the Sousa Valley

533

00:26:54,480 --> 00:26:57,120

received knowledge of Earth's magnetic forces

534

00:26:57,220 --> 00:26:59,920

from extraterrestrials that were present in the region

535

00:27:00,020 --> 00:27:02,020

of Mount Mussini?

536

00:27:02,120 --> 00:27:05,300

But if a technologically advanced city really did once

537

00:27:05,400 --> 00:27:08,200

exist in the Sousa Valley, how is it

538

00:27:08,260 --> 00:27:12,100

that all evidence of it disappeared?

539

00:27:12,200 --> 00:27:15,100

Some researchers say remnants of this lost city

540

00:27:15,200 --> 00:27:19,240

can still be found in the shadow of Mount Mussini.

541

00:27:26,340 --> 00:27:30,020

Deeper in the Sousa Valley of northern Italy,

542

00:27:30,120 --> 00:27:33,720

Nomo Orso takes William Henry to a Roman archaeological site

543

00:27:33,820 --> 00:27:37,160

called Ilmau Meadow.

544

00:27:37,220 --> 00:27:40,160

But what he wants to show him is something hidden in the woods

545

00:27:40,260 --> 00:27:44,420

nearby that predates even the earliest identified Roman

546

00:27:44,520 --> 00:27:45,960

ruins.

547

00:27:46,060 --> 00:27:47,860

Wow, Nomo.

548

00:27:47,960 --> 00:27:49,400

Look at this.

549

00:27:53,140 --> 00:27:57,800

Look at this incredible, incredible platform.

550

00:27:57,900 --> 00:28:04,940

Yeah, huge wheels, surrounded by a lot of very ancient walls.

551

00:28:05,000 --> 00:28:07,660

You know, I've seen something like this before in Egypt,

552

00:28:07,760 --> 00:28:08,900

at Abu Ghurab.

553

00:28:09,000 --> 00:28:11,900

Wheels just like this on this massive platform, quartz

554

00:28:12,000 --> 00:28:13,640

crystal embedded.

555

00:28:13,740 --> 00:28:16,200

It's like a landing platform.

556

00:28:16,300 --> 00:28:17,740

Yeah.

557

00:28:17,840 --> 00:28:20,980

Approximately 10 miles south of Cairo,

558

00:28:21,080 --> 00:28:25,020

the ancient site of Abu Ghurab contains massive circular

559

00:28:25,120 --> 00:28:27,280

alabaster platforms.

560

00:28:27,380 --> 00:28:30,920

Local tradition holds that this site is one of the oldest

561

00:28:31,020 --> 00:28:33,260

ceremonial centers on the planet,

562

00:28:33,320 --> 00:28:37,160

and that the alabaster platforms created a harmonic resonance

563

00:28:37,260 --> 00:28:39,820

through sound vibrations to open the senses

564

00:28:39,920 --> 00:28:44,360

to communicate with divine energies.

565

00:28:44,460 --> 00:28:48,100

When I came upon this platform in the middle of this forest

566

00:28:48,200 --> 00:28:50,960

that took me back to Egypt, where you see massive stone

567

00:28:51,060 --> 00:28:54,340

altars like this, for example, at Abu Ghurab, that

568

00:28:54,440 --> 00:28:58,080

have exactly the same stone wheels in the center.

569

00:28:58,180 --> 00:29:01,540

And I'm thinking, this proves the Egyptian connection, too.

570

00:29:01,600 --> 00:29:05,000

This is a common symbolic element that almost always

571

00:29:05,100 --> 00:29:07,800

connects with extraterrestrials.

572

00:29:07,900 --> 00:29:10,000

For William Henry, the wheels also

573

00:29:10,100 --> 00:29:13,840

present another intriguing possibility.

574

00:29:13,940 --> 00:29:15,440

He believes that they may have been made

575

00:29:15,540 --> 00:29:19,540

to commemorate the foundational story of the city of Turin,

576

00:29:19,640 --> 00:29:22,480

in which he dissent that an otherworldly being called

577

00:29:22,580 --> 00:29:27,460

phyton descended from the sky in a fiery chariot.

578

00:29:27,560 --> 00:29:30,620

In the story, the craft in which he descends to Earth

579

00:29:30,680 --> 00:29:33,280

is described as having wheels.

580

00:29:33,380 --> 00:29:35,840

But it is also said that he brought with him

581

00:29:35,940 --> 00:29:39,280

so-called wheels of knowledge.

582

00:29:39,380 --> 00:29:42,620

The myth tells us that there was some kind of a craft that

583

00:29:42,720 --> 00:29:46,920

came into this area, and they describe wheels that phyton

584

00:29:47,020 --> 00:29:47,720

left.

585

00:29:47,820 --> 00:29:49,760

Wheels of knowledge?

586

00:29:49,860 --> 00:29:51,060

Is that what we have here?

587

00:29:51,160 --> 00:29:56,100

Wheels that match what we saw with the spirals on the rock

588

00:29:56,200 --> 00:29:57,800

of this extraordinary knowledge,

589

00:29:57,860 --> 00:30:00,360

encoding the secrets of light itself.

590

00:30:00,460 --> 00:30:01,660

It's an incredible mystery.

591

00:30:01,760 --> 00:30:03,260

Incredible mystery.

592

00:30:03,360 --> 00:30:06,160

Right away, I think of the golden wheels

593

00:30:06,260 --> 00:30:09,440

of the solar disks in the Aztec and Inca cultures.

594

00:30:12,200 --> 00:30:14,140

We know that they were great circles,

595

00:30:14,240 --> 00:30:16,080

and that on them would be engraved.

596

00:30:16,180 --> 00:30:18,480

All sorts of knowledge, all sorts of information,

597

00:30:18,580 --> 00:30:21,580

astronomy, and another mythology would be encoded

598

00:30:21,680 --> 00:30:23,680

into the surface of the disk.

599

00:30:23,780 --> 00:30:25,180

Now, could it be that, in Musiné,

600

00:30:25,240 --> 00:30:27,500

we have exactly the same thing happening,

601

00:30:27,600 --> 00:30:30,680

that we have this great golden wheel upon which

602

00:30:30,780 --> 00:30:32,940

is all of this information?

603

00:30:33,040 --> 00:30:35,680

Might the ancient wheels carved into the rock at Il

604

00:30:35,780 --> 00:30:40,180

Malmetto be just the tip of an historical iceberg,

605

00:30:40,280 --> 00:30:45,320

a sign of the lost ancient city buried beneath the ground?

606

00:30:45,420 --> 00:30:47,520

We enter into this valley where, what

607

00:30:47,620 --> 00:30:52,000

do we find, these ancient myths of a civilization that

608

00:30:52,100 --> 00:30:54,000

might have had some extraordinary knowledge

609

00:30:54,060 --> 00:30:56,720

that they're trying to protect, and come into here

610

00:30:56,820 --> 00:31:00,400

and look at these walls, more ancient than ancient Rome.

611

00:31:00,500 --> 00:31:03,760

Yeah, something that is clear only for people

612

00:31:03,860 --> 00:31:07,900

that they can really understand that very ancient story

613

00:31:08,000 --> 00:31:09,700

and really cold.

614

00:31:09,800 --> 00:31:11,240

Yeah.

615

00:31:11,340 --> 00:31:15,040

We've seen Valcomanica with these incredible depictions

616

00:31:15,140 --> 00:31:19,040

of spacemen on the rocks, thousands of years old,

617

00:31:19,140 --> 00:31:21,580

absolutely amazing.

618

00:31:21,660 --> 00:31:24,920

Then we come through the gates of Musiné,

619

00:31:25,020 --> 00:31:29,260

where Constantine saw this flash of light, the heavens open.

620

00:31:29,360 --> 00:31:33,260

And across the valley, we have Sacrissan McKelley,

621

00:31:33,360 --> 00:31:35,600

where the monks saw the light as well,

622

00:31:35,700 --> 00:31:38,400

an extraordinary complex there.

623

00:31:38,500 --> 00:31:40,700

It's telling us that there was contact

624

00:31:40,800 --> 00:31:43,000

in the ancient world at this place.

625

00:31:43,100 --> 00:31:46,100

For some reason, people have been coming into this valley.

626

00:31:46,200 --> 00:31:50,240

They're attracted by something here for a very long time.

627

00:31:50,300 --> 00:31:53,140

And talking about these amazing mysteries and knowledge.

628

00:31:53,240 --> 00:31:57,140

Yeah, like, you know, maybe the synchronic lines

629

00:31:57,240 --> 00:32:01,080

that they send and receive energy from all of the planet

630

00:32:01,180 --> 00:32:04,920

and universe here, they're very tangible.

631

00:32:05,020 --> 00:32:06,520

And that's amazing.

632

00:32:06,620 --> 00:32:08,720

There is so much more here to investigate

633

00:32:08,820 --> 00:32:11,060

than I ever imagined.

634

00:32:11,160 --> 00:32:15,560

Ancient visitors sharing the secrets of metallurgy,

635

00:32:15,660 --> 00:32:19,740

tales of a lost civilization that once held advanced knowledge,

636

00:32:20,740 --> 00:32:25,740

and ruins still waiting to be identified in the Seuss of Valley?

637

00:32:25,840 --> 00:32:29,340

As far as ancient astronaut theorists are concerned,

638

00:32:29,440 --> 00:32:33,140

the area of Mount Musiné provides overwhelming evidence

639

00:32:33,240 --> 00:32:37,080

that extraterrestrials were once present here.

640

00:32:37,180 --> 00:32:39,320

But if these other worldly visitors

641

00:32:39,420 --> 00:32:41,920

helped to establish a technologically advanced

642

00:32:42,020 --> 00:32:46,620

civilization in the Seuss of Valley, what happened to it?

643

00:32:47,120 --> 00:32:50,120

Ancient astronaut theorists suggest further clues

644

00:32:50,220 --> 00:32:53,320

might be found by examining strange encounters that

645

00:32:53,420 --> 00:32:58,020

have occurred on Mount Musiné in more recent times.

646

00:32:58,120 --> 00:33:02,060

And that point to the possibility that the lost city still

647

00:33:02,160 --> 00:33:02,700

exists.

648

00:33:09,040 --> 00:33:14,780

Northern Italy, 1933.

649

00:33:14,840 --> 00:33:19,080

With a threat of war, casting an ominous shadow across Europe,

650

00:33:19,180 --> 00:33:22,240

an incredible series of events unfolds,

651

00:33:22,340 --> 00:33:25,820

all under the supervision of one of history's most powerful

652

00:33:25,920 --> 00:33:31,220

and feared leaders, Benito Mussolini.

653

00:33:31,320 --> 00:33:37,220

In 1933, it's claimed that a UFO crashed in the Lombardy

654

00:33:37,320 --> 00:33:39,260

region of Italy.

655

00:33:39,360 --> 00:33:43,900

This was apparently an object around 50 feet in diameter,

656

00:33:43,960 --> 00:33:47,360

like two sources joined together.

657

00:33:47,460 --> 00:33:52,060

It was described as being grayish in color and metallic.

658

00:33:52,160 --> 00:33:56,100

And apparently, it was then taken by the military

659

00:33:56,200 --> 00:34:00,940

and studied on the personal orders of the then dictator

660

00:34:01,040 --> 00:34:01,980

Benito Mussolini.

661

00:34:04,780 --> 00:34:08,520

According to some accounts, the UFO crashed near the city

662

00:34:08,620 --> 00:34:12,380

of Magenta, just 80 miles northeast of Mount Musiné.

663

00:34:13,960 --> 00:34:16,660

The craft was found to be unoccupied,

664

00:34:16,760 --> 00:34:22,200

and unlocking its secrets became a top priority.

665

00:34:22,300 --> 00:34:25,760

Miss Flying Sorsa was something that the Mussolini

666

00:34:25,860 --> 00:34:29,160

government took a lot of interest in.

667

00:34:29,260 --> 00:34:33,440

And so there was an establishment of a group of experts

668

00:34:33,540 --> 00:34:37,640

to study this phenomenon, to study exactly what it involved,

669

00:34:37,740 --> 00:34:38,640

who made it.

670

00:34:38,740 --> 00:34:42,480

And this committee was called RS33.

671

00:34:43,980 --> 00:34:45,780

To lead the committee, it is said

672

00:34:45,880 --> 00:34:49,540

that Mussolini enlisted the noted engineer and famed inventor

673

00:34:49,640 --> 00:34:53,220

of the radio, Guglielmo Marconi.

674

00:34:53,320 --> 00:34:55,380

Mussolini said, find out what it is.

675

00:34:55,480 --> 00:34:58,560

And because it seems to be so advanced, build one.

676

00:34:58,660 --> 00:35:01,120

Marconi apparently said, well, we can't.

677

00:35:01,220 --> 00:35:03,220

We can't figure it out.

678

00:35:03,320 --> 00:35:06,720

There is a technology here over and above anything

679

00:35:06,820 --> 00:35:08,460

we possess.

680

00:35:08,560 --> 00:35:11,600

And that only left the conclusion

681

00:35:11,640 --> 00:35:14,000

that this, for want of a better term,

682

00:35:14,100 --> 00:35:19,380

was an extraterrestrial spacecraft.

683

00:35:19,480 --> 00:35:22,240

Was a crashed extraterrestrial craft really

684

00:35:22,340 --> 00:35:27,520

recovered by the Italian government in 1933?

685

00:35:27,620 --> 00:35:30,220

And if so, is it merely coincidence

686

00:35:30,320 --> 00:35:34,260

that it happened so close to Mount Musiné?

687

00:35:34,360 --> 00:35:37,100

Let's just suppose that the common thread here

688

00:35:37,200 --> 00:35:41,000

is actually Earth energies.

689

00:35:41,000 --> 00:35:46,200

Which the UFOs know about and use, perhaps,

690

00:35:46,300 --> 00:35:49,780

to draw the energy that they need.

691

00:35:49,880 --> 00:35:54,040

So might we be dealing with not just visitation,

692

00:35:54,140 --> 00:35:56,880

but a more permanent facility?

693

00:35:56,980 --> 00:35:59,280

So when we look at Mount Musiné and this energy,

694

00:35:59,380 --> 00:36:00,820

we wonder if there isn't something happening

695

00:36:00,920 --> 00:36:02,420

below ground as well.

696

00:36:02,520 --> 00:36:06,660

Could this be a location of some type of secret base?

697

00:36:06,760 --> 00:36:09,360

A secret alien base?

698

00:36:09,420 --> 00:36:12,320

Could this be the reason why so many strange events have

699

00:36:12,420 --> 00:36:15,620

been reported in this area for centuries?

700

00:36:15,720 --> 00:36:20,160

And might it also explain what happened to the lost city?

701

00:36:20,260 --> 00:36:24,340

Does it still exist inside the mountain?

702

00:36:24,440 --> 00:36:27,740

As far as ancient astronaut theorists are concerned,

703

00:36:27,840 --> 00:36:29,880

the most compelling evidence of all

704

00:36:29,980 --> 00:36:33,280

may be found by examining an incident that happened not

705

00:36:33,380 --> 00:36:35,920

above Mount Musiné, but on its slopes.

706

00:36:35,980 --> 00:36:40,380

December 8, 1978.

707

00:36:40,480 --> 00:36:43,160

Two hikers are on Mount Musiné when they

708

00:36:43,260 --> 00:36:46,220

witness a strong and blinding light that seems to envelop

709

00:36:46,320 --> 00:36:48,260

the mountain summit.

710

00:36:48,360 --> 00:36:51,800

Curious, one of the men approaches the light

711

00:36:51,900 --> 00:36:55,360

and vanishes into thin air.

712

00:36:55,460 --> 00:37:00,740

When he turns up again, he is dazed, confused.

713

00:37:00,840 --> 00:37:02,840

He's apparently in shock.

714

00:37:02,900 --> 00:37:04,860

He has a scolded leg.

715

00:37:04,960 --> 00:37:07,940

And when he comes around, he relays

716

00:37:08,040 --> 00:37:12,140

this account of how he was taken on board this craft.

717

00:37:15,140 --> 00:37:18,220

Immediately following this terrifying ordeal,

718

00:37:18,320 --> 00:37:22,080

both hikers come down with a severe case of conjunctivitis,

719

00:37:22,180 --> 00:37:25,020

an inflammation or infection of the membrane that

720

00:37:25,120 --> 00:37:28,920

lines the eyelid and covers the whites of the eyes.

721

00:37:29,020 --> 00:37:30,500

So it would seem that the light was

722

00:37:30,560 --> 00:37:34,500

in contact with some kind of radiation that ultimately

723

00:37:34,600 --> 00:37:36,560

affected their health, in a sense.

724

00:37:36,660 --> 00:37:40,600

And this is a story that occurs over and over again

725

00:37:40,700 --> 00:37:42,300

in UFO lore.

726

00:37:42,400 --> 00:37:46,240

When we look at this incident and some of the previous ones,

727

00:37:46,340 --> 00:37:47,700

what are the themes?

728

00:37:47,800 --> 00:37:53,840

Fire in the sky, energy, scalding, burning.

729

00:37:53,940 --> 00:37:56,180

It's all about power.

730

00:37:56,940 --> 00:37:59,780

Are these sightings being caused because there

731

00:37:59,880 --> 00:38:02,640

are perhaps underground facilities, bases?

732

00:38:02,740 --> 00:38:06,880

And if that's true, maybe it's not just one base,

733

00:38:06,980 --> 00:38:11,920

but a network of bases in that area.

734

00:38:12,020 --> 00:38:15,620

If extraterrestrials have remained on Earth for thousands

735

00:38:15,720 --> 00:38:19,660

of years, secretly operating from bases hidden throughout

736

00:38:19,760 --> 00:38:23,160

Italy's Susa Valley, the world's largest

737

00:38:23,220 --> 00:38:28,520

base in the world, why haven't they left?

738

00:38:28,620 --> 00:38:30,720

Ancient astronaut theorists believe

739

00:38:30,820 --> 00:38:33,400

that the most recent activity to be reported on Mount

740

00:38:33,500 --> 00:38:38,000

Musenae may suggest that the answer will soon be revealed.

741

00:38:45,200 --> 00:38:50,440

Corio, Italy, 20 miles north of Mount Musenae.

742

00:38:50,700 --> 00:38:55,100

June 6, 2018.

743

00:38:55,200 --> 00:38:58,340

At 11 PM, the residents of this small town

744

00:38:58,440 --> 00:39:03,140

are startled by the sight of two F-16 fighter jets.

745

00:39:03,240 --> 00:39:06,840

They appear to be in pursuit of a giant orb of light passing

746

00:39:06,940 --> 00:39:09,880

rapidly overhead in the night sky.

747

00:39:09,980 --> 00:39:13,120

Government officials later claim that the object was nothing

748

00:39:13,220 --> 00:39:15,260

more than a drone.

749

00:39:15,360 --> 00:39:18,020

But the local townspeople who witnessed the craft

750

00:39:18,080 --> 00:39:22,680

claimed that it appeared to be nearly 200 feet in diameter

751

00:39:22,780 --> 00:39:25,420

and that the low-flying jets were chasing the object

752

00:39:25,520 --> 00:39:28,380

at such extreme velocity, it shook their windows.

753

00:39:31,720 --> 00:39:35,620

So again, this sighting has to be fit in with all these other

754

00:39:35,720 --> 00:39:37,020

pieces of the puzzle.

755

00:39:37,120 --> 00:39:40,060

All these other sightings over the years

756

00:39:40,160 --> 00:39:45,500

in this exact same area, right back from the day of Constantine

757

00:39:45,580 --> 00:39:50,280

through to the Italian Air Force chasing UFOs.

758

00:39:50,380 --> 00:39:52,880

Of all the hundreds of UFO conferences

759

00:39:52,980 --> 00:39:58,120

I've attended over the years, I've only ever once been to one

760

00:39:58,220 --> 00:40:01,460

where a delegation of military officers

761

00:40:01,560 --> 00:40:07,020

have arrived in uniform and actually given a presentation.

762

00:40:07,120 --> 00:40:10,460

That conference took place in San Marino

763

00:40:10,560 --> 00:40:14,660

and the officers were from the Italian Air Force.

764

00:40:14,920 --> 00:40:18,960

There's something about this area that's important,

765

00:40:19,060 --> 00:40:20,760

but we don't know what it is yet.

766

00:40:24,460 --> 00:40:27,300

When we try to come to a conclusion or a summation

767

00:40:27,400 --> 00:40:31,040

about what is going on in Italy, going back

768

00:40:31,140 --> 00:40:34,080

from prehistoric times to modern times,

769

00:40:34,180 --> 00:40:38,620

the common element is the gods came to this very specific place

770

00:40:38,720 --> 00:40:42,680

because of something at Mount Mussini, something either

771

00:40:42,740 --> 00:40:47,180

in the mountain or something that was placed there by them.

772

00:40:47,280 --> 00:40:49,580

Some ancient astronaut theorists believe

773

00:40:49,680 --> 00:40:53,080

that it is not just Mount Mussini, but also Mount

774

00:40:53,180 --> 00:40:57,680

Piercariano, where the Sacra di San Michele was erected

775

00:40:57,780 --> 00:41:00,380

and other peaks throughout the Italian Alps that

776

00:41:00,480 --> 00:41:03,800

are hiding secret alien bases.

777

00:41:03,900 --> 00:41:08,500

Perhaps these mountains are like outposts or embassies

778

00:41:08,600 --> 00:41:10,900

where the extraterrestrials are active.

779

00:41:11,020 --> 00:41:12,520

They have their technology.

780

00:41:12,620 --> 00:41:17,700

Craft are coming and going from these secret mountain bases.

781

00:41:17,800 --> 00:41:20,760

And part of their agenda is to contact people,

782

00:41:20,860 --> 00:41:22,400

to influence them.

783

00:41:22,500 --> 00:41:26,100

So this is perhaps what these mountains are about.

784

00:41:26,200 --> 00:41:29,980

This is why these incredible legends and myths

785

00:41:30,080 --> 00:41:32,380

are associated with them.

786

00:41:32,480 --> 00:41:35,280

Have extraterrestrials been hiding out in the mountains

787

00:41:35,380 --> 00:41:39,060

of northern Italy for hundreds and perhaps even

788

00:41:39,120 --> 00:41:41,460

thousands of years?

789

00:41:41,560 --> 00:41:45,120

Is this the location of an alien embassy on Earth

790

00:41:45,220 --> 00:41:47,360

known to high-ranking government officials

791

00:41:47,460 --> 00:41:49,560

throughout the world?

792

00:41:49,660 --> 00:41:53,260

Perhaps the mysterious carvings found in Valcomonica

793

00:41:53,360 --> 00:41:56,900

represent not only visitors who came to Earth in the distant

794

00:41:57,000 --> 00:42:01,740

past, but who are still here, preparing to reconnect

795

00:42:01,840 --> 00:42:03,880

with humanity once again.
