

1

00:00:00,000 --> 00:00:04,740

It is the Earth's most mysterious monument,

2

00:00:04,840 --> 00:00:07,380

megalithic stone columns that have stood

3

00:00:07,480 --> 00:00:09,920

for an estimated 5,000 years.

4

00:00:10,020 --> 00:00:13,180

Stonehenge is completely different to anything else

5

00:00:13,280 --> 00:00:14,580

in the Neolithic world.

6

00:00:14,680 --> 00:00:17,160

But could Stonehenge have been something more

7

00:00:17,260 --> 00:00:20,400

than conventional historians have assumed?

8

00:00:20,500 --> 00:00:23,660

The fact that we now know that Stonehenge was part

9

00:00:23,760 --> 00:00:26,560

of a much larger superstructure indicates

10

00:00:26,820 --> 00:00:29,660

we're facing a sensational mystery.

11

00:00:29,760 --> 00:00:32,360

And could modern scientific findings

12

00:00:32,460 --> 00:00:34,260

reveal a startling truth?

13

00:00:34,360 --> 00:00:36,500

We don't really know who these people were.

14

00:00:36,600 --> 00:00:38,740

We don't really know where they come from.

15

00:00:38,840 --> 00:00:43,540

The people who built Stonehenge just vanished from the Earth.

16

00:00:43,640 --> 00:00:47,280

Might the mystery of Stonehenge be the key to unlocking

17

00:00:47,380 --> 00:00:51,880

the secrets of the universe and provide tangible evidence

18

00:00:51,980 --> 00:00:55,180

of mankind's extraterrestrial past?

19

00:00:55,240 --> 00:00:57,780

Is it possible that Stonehenge was actually

20

00:00:57,880 --> 00:01:01,680

built by these sophisticated extraterrestrials?

21

00:01:01,780 --> 00:01:04,620

It's a fantastic thought, but it's possible.

22

00:01:07,620 --> 00:01:12,160

There is a doorway in the universe.

23

00:01:12,260 --> 00:01:16,400

Beyond it is the promise of truth.

24

00:01:16,500 --> 00:01:21,740

It demands we question everything we have ever been taught.

25

00:01:21,800 --> 00:01:25,040

The evidence is all around us.

26

00:01:25,140 --> 00:01:29,140

The future is right before our eyes.

27

00:01:29,240 --> 00:01:31,940

We are not alone.

28

00:01:32,040 --> 00:01:34,840

We have never been alone.

29

00:01:43,940 --> 00:01:45,860

London, England, 2013.

30

00:01:46,480 --> 00:01:49,320

For six years, the UK Ministry of Defense

31

00:01:49,420 --> 00:01:52,300

has been in the slow process of releasing the entirety

32

00:01:52,400 --> 00:01:56,700

of their UFO files to the National Archives of England.

33

00:01:56,800 --> 00:02:00,240

Now, the final batch of declassified reports

34

00:02:00,340 --> 00:02:02,940

are released to the public.

35

00:02:03,040 --> 00:02:06,040

Despite ministry claims that no credible evidence

36

00:02:06,140 --> 00:02:10,440

or alien craft was discovered in over 50 years of study,

37

00:02:10,540 --> 00:02:13,480

one report from the UK Ministry of Defense

38

00:02:13,540 --> 00:02:17,980

of England, 2009, includes a fascinating photo

39

00:02:18,080 --> 00:02:21,580

of a disc-shaped craft hovering above the world's most famous

40

00:02:21,680 --> 00:02:24,580

megalithic site.

41

00:02:24,680 --> 00:02:26,660

Stonehenge.

42

00:02:26,760 --> 00:02:31,760

Stonehenge has been the site of a number of UFO encounters

43

00:02:31,860 --> 00:02:34,060

over the years.

44

00:02:34,160 --> 00:02:40,240

The county of Wiltshire itself is something of a UFO hot spot.

45

00:02:40,300 --> 00:02:44,640

Dating back over the lifetime of the Ministry of Defense's

46

00:02:44,740 --> 00:02:48,940

UFO project, there have probably been several hundred,

47

00:02:49,040 --> 00:02:51,340

if not low thousands, of sightings

48

00:02:51,440 --> 00:02:55,080

recorded in the county of Wiltshire.

49

00:02:55,180 --> 00:02:59,960

But Stonehenge is not only a major hotspot for UFO reports,

50

00:03:00,060 --> 00:03:03,820

it is also the center of the crop circle phenomenon,

51

00:03:03,920 --> 00:03:06,860

with dozens of unexplained crop formations

52

00:03:06,960 --> 00:03:09,960

appearing in the center of the world.

53

00:03:10,020 --> 00:03:12,280

The area is also the center of the field

54

00:03:12,380 --> 00:03:16,020

that is appearing in the area every year.

55

00:03:16,120 --> 00:03:20,360

Many of the most spectacular formations

56

00:03:20,460 --> 00:03:23,260

have appeared in that geographical area.

57

00:03:23,360 --> 00:03:28,340

This is a location where there has been more than,

58

00:03:28,440 --> 00:03:32,280

I suppose, a fair share of weirdness over the years.

59

00:03:32,380 --> 00:03:34,240

People are kind of obsessed by it

60

00:03:34,340 --> 00:03:36,840

because it's the only way they can get back

61

00:03:36,940 --> 00:03:39,680

to have some contact with their ancestors.

62

00:03:40,680 --> 00:03:43,280

Why does the area of Stonehenge experience

63

00:03:43,380 --> 00:03:48,840

more unexplained phenomena than any other place on Earth?

64

00:03:48,940 --> 00:03:52,220

Could a new examination of these massive stone blocks

65

00:03:52,320 --> 00:03:54,620

reveal profound truths that have remained

66

00:03:54,720 --> 00:03:57,060

hit for more than 5,000 years?

67

00:04:02,760 --> 00:04:07,600

The British Isles, 55 BC.

68

00:04:07,660 --> 00:04:10,700

Julius Caesar begins a military campaign

69

00:04:10,800 --> 00:04:14,500

to extend the Roman Empire into Britain.

70

00:04:14,600 --> 00:04:17,440

His forces are met by ferocious resistance

71

00:04:17,540 --> 00:04:22,580

from the native Celtic tribes, led by their druid priests.

72

00:04:22,680 --> 00:04:25,780

The tribes of Britain were all united

73

00:04:25,880 --> 00:04:31,960

against the warring Romans by the druids

74

00:04:32,060 --> 00:04:34,720

to repel the greatest general those ever lived.

75

00:04:38,220 --> 00:04:42,400

It would take the Romans nearly a century to conquer Britain.

76

00:04:42,500 --> 00:04:45,200

Once they succeeded, they turned Stonehenge

77

00:04:45,300 --> 00:04:48,840

into a temple of their sun god, Apollo.

78

00:04:48,940 --> 00:04:51,700

But the Romans were not the first to adopt this monument

79

00:04:51,800 --> 00:04:53,940

as their own.

80

00:04:54,040 --> 00:04:56,880

The Celts themselves had migrated into Britain

81

00:04:56,980 --> 00:05:00,380

some 2,500 years before.

82

00:05:00,480 --> 00:05:03,680

When they arrived, Stonehenge was already there,

83

00:05:03,780 --> 00:05:06,020

but the country was eerily deserted.

84

00:05:08,600 --> 00:05:10,920

The people who are responsible for Stonehenge

85

00:05:11,020 --> 00:05:13,260

for erecting it are nowhere to be seen.

86

00:05:13,360 --> 00:05:16,000

And this is a puzzling piece of information

87

00:05:16,100 --> 00:05:17,600

that we know now.

88

00:05:17,700 --> 00:05:21,000

Instead of ignoring Stonehenge and building new temples,

89

00:05:21,100 --> 00:05:26,240

as historians would expect, the Celts adopted it as their own.

90

00:05:26,340 --> 00:05:29,680

You have to ask yourself, why did the Celts and Druids

91

00:05:29,780 --> 00:05:32,280

adopt Stonehenge as a place of worship

92

00:05:32,380 --> 00:05:34,380

if they didn't build it?

93

00:05:34,480 --> 00:05:36,980

Did they somehow know the power of the place?

94

00:05:37,980 --> 00:05:41,740

Archaeologists today believe that this great Neolithic Stone

95

00:05:41,840 --> 00:05:44,780

circle has stood on the plains of Wiltshire, England

96

00:05:44,880 --> 00:05:48,780

for no less than 5,000 years.

97

00:05:48,880 --> 00:05:54,060

An outer ring of 34-tonne stones surrounds five huge arches,

98

00:05:54,160 --> 00:05:59,200

whose massive blocks weigh 22 tons each,

99

00:05:59,300 --> 00:06:05,400

and which were somehow transported from 120 miles away.

100

00:06:06,160 --> 00:06:09,600

It's an astonishing feat of ancient engineering,

101

00:06:09,700 --> 00:06:15,200

and the mysteries about its construction still remain.

102

00:06:15,300 --> 00:06:19,900

Some of the stones at Stonehenge weigh between 50 and 70 tons.

103

00:06:20,000 --> 00:06:21,900

Some of the stones are even heavier.

104

00:06:22,000 --> 00:06:23,740

So how could you have moved these into place?

105

00:06:23,840 --> 00:06:25,480

How could you have moved them from Wales,

106

00:06:25,580 --> 00:06:27,440

where the Bluestones, the spotted dollarite,

107

00:06:27,540 --> 00:06:30,920

came from within Stonehenge?

108

00:06:31,020 --> 00:06:34,080

The Bluestones, from which the original Stonehenge was

109

00:06:34,140 --> 00:06:41,180

constructed, were transported from 120 miles to the west

110

00:06:41,280 --> 00:06:44,180

from a place called the Priscelli Mountains, which

111

00:06:44,280 --> 00:06:45,980

is the only place in the British Isles

112

00:06:46,080 --> 00:06:48,520

where you can get that kind of stone.

113

00:06:48,620 --> 00:06:53,960

Now, how they were moved is a mystery.

114

00:06:54,060 --> 00:06:57,060

The predominant theory as to how the megalithic blocks were

115

00:06:57,160 --> 00:07:01,140

moved is that the builders fashioned sledges and rollers

116

00:07:01,200 --> 00:07:04,860

out of tree trunks to lug the Bluestones from the Priscelli

117

00:07:04,960 --> 00:07:07,840

hills, then transferred them onto rafts

118

00:07:07,940 --> 00:07:10,600

and floated them first along the Welsh coast

119

00:07:10,700 --> 00:07:15,980

and then up the river Avon towards Southbury Plain.

120

00:07:16,080 --> 00:07:18,540

You know, this idea that all these ancient blocks were

121

00:07:18,640 --> 00:07:22,880

moved with wooden rollers is very interesting.

122

00:07:22,980 --> 00:07:25,520

However, do you know what happens to wood?

123

00:07:25,620 --> 00:07:28,420

When you put 20 tons on a wooden roller,

124

00:07:28,520 --> 00:07:30,420

it'll just get crushed to smithereens.

125

00:07:31,420 --> 00:07:34,880

However they did it, it must have been very important for them

126

00:07:34,980 --> 00:07:37,720

to move these particular stones to Stonehenge.

127

00:07:37,820 --> 00:07:39,020

And that's a mystery.

128

00:07:39,120 --> 00:07:40,620

That doesn't happen anywhere else

129

00:07:40,720 --> 00:07:42,520

at stone circles in the country.

130

00:07:42,620 --> 00:07:47,360

They only come from stone that's quarried locally.

131

00:07:47,460 --> 00:07:49,660

However Stonehenge was constructed,

132

00:07:49,760 --> 00:07:53,140

it involved moving much more than just the stone blocks that

133

00:07:53,240 --> 00:07:55,140

stand today.

134

00:07:55,240 --> 00:07:58,780

According to researchers, this is just 25%

135

00:07:58,840 --> 00:08:01,600

of the original monument, the center

136

00:08:01,700 --> 00:08:04,080

of a much larger structure that was surrounded

137

00:08:04,180 --> 00:08:08,680

by multiple concentric circles, constructed over a period

138

00:08:08,780 --> 00:08:11,380

of more than 1,000 years.

139

00:08:11,480 --> 00:08:14,120

So Stonehenge is very interesting in that it

140

00:08:14,220 --> 00:08:16,720

evolves over a very long period of time.

141

00:08:16,820 --> 00:08:19,820

And the first thing that goes up at Stonehenge

142

00:08:19,920 --> 00:08:22,260

is not there anymore.

143

00:08:22,360 --> 00:08:26,560

It's the 56 holes that today are known as the Albury Circle.

144

00:08:26,620 --> 00:08:30,420

They used to be filled with the blue stones from Prisali.

145

00:08:30,520 --> 00:08:33,060

Around the outside of the stone circle

146

00:08:33,160 --> 00:08:35,760

is constructed a ditch and embankment.

147

00:08:35,860 --> 00:08:39,360

This is the so-called Henge structure

148

00:08:39,460 --> 00:08:43,640

that stands around Stonehenge from where it gets its name.

149

00:08:43,740 --> 00:08:47,480

Many mainstream scholars suggest that Stonehenge was

150

00:08:47,580 --> 00:08:51,580

simply a place of worship and a burial ground.

151

00:08:51,680 --> 00:08:53,620

But why would the ancient people of Britain

152

00:08:53,680 --> 00:08:58,380

have spent more than 1,000 years to build what amounts to a church

153

00:08:58,480 --> 00:09:00,120

and a cemetery?

154

00:09:00,220 --> 00:09:01,620

And the big problem is we don't really

155

00:09:01,720 --> 00:09:03,220

know who these people were.

156

00:09:03,320 --> 00:09:05,520

We don't really know where they come from.

157

00:09:05,620 --> 00:09:08,020

So we find similar structures around the world

158

00:09:08,120 --> 00:09:10,820

that show incredible levels of sophistication,

159

00:09:10,920 --> 00:09:15,360

like the pyramids of Giza in Egypt, like Machu Picchu in Peru.

160

00:09:15,460 --> 00:09:19,400

So why not in ancient Britain, why not have a very advanced

161

00:09:19,500 --> 00:09:22,500

civilization here?

162

00:09:22,560 --> 00:09:25,720

The fact that we now know that Stonehenge was part

163

00:09:25,820 --> 00:09:30,160

of a much larger superstructure indicates to me

164

00:09:30,260 --> 00:09:34,200

that we've only barely scratched the surface.

165

00:09:34,300 --> 00:09:37,400

What did it all mean?

166

00:09:37,500 --> 00:09:40,940

If the monolithic stones that comprise Stonehenge today

167

00:09:41,040 --> 00:09:45,140

are only merely a partial skeleton of the original complex,

168

00:09:45,240 --> 00:09:48,320

is it possible that it was among the most sophisticated

169

00:09:48,420 --> 00:09:51,680

structures of the ancient world?

170

00:09:51,940 --> 00:09:55,400

Perhaps the answers to who built it and why

171

00:09:55,500 --> 00:09:59,040

can be found by examining similar structures found

172

00:09:59,140 --> 00:10:00,140

all over the world.

173

00:10:06,280 --> 00:10:10,680

Wiltshire, England, 1720.

174

00:10:10,780 --> 00:10:15,280

Dr. William Stuckley, a pioneer in the field of archaeology,

175

00:10:15,380 --> 00:10:19,320

begins the first scientific survey of Stonehenge.

176

00:10:19,360 --> 00:10:22,900

He quickly notices that its axis aligns with sunrise

177

00:10:23,000 --> 00:10:24,000

on the summer solstice.

178

00:10:26,700 --> 00:10:29,400

Over the centuries, scientists discover

179

00:10:29,500 --> 00:10:34,100

that Stonehenge also points to sunset on the winter solstice

180

00:10:34,200 --> 00:10:37,440

and contains dozens of other astronomical alignments.

181

00:10:40,480 --> 00:10:44,680

Stonehenge is unlike any stone circle anywhere on the planet.

182

00:10:44,780 --> 00:10:46,280

It's perfectly circular.

183

00:10:46,380 --> 00:10:48,280

It has lintels above it.

184

00:10:48,340 --> 00:10:51,880

It's designed with precision-engineered carving

185

00:10:51,980 --> 00:10:53,780

and astronomical alignments.

186

00:10:56,420 --> 00:11:00,920

In my opinion, it is Stonehenge itself that is the message.

187

00:11:01,020 --> 00:11:05,360

And one part of that message is that Stonehenge is a replica

188

00:11:05,460 --> 00:11:08,360

of our solar system on Earth.

189

00:11:08,460 --> 00:11:12,660

Each circle corresponds with one of our planets

190

00:11:12,760 --> 00:11:16,300

inside our solar system, including Pluto.

191

00:11:16,420 --> 00:11:20,700

So now we have a structure that's at least 4,000 years old.

192

00:11:20,800 --> 00:11:25,900

And our ancestors knew about Pluto without telescopes.

193

00:11:26,000 --> 00:11:31,080

Someone told them about Pluto and all of our planets

194

00:11:31,180 --> 00:11:32,400

in our solar system.

195

00:11:32,500 --> 00:11:36,880

And that is the message, because in neolithic time,

196

00:11:36,980 --> 00:11:39,780

there is no way that they knew about this.

197

00:11:39,840 --> 00:11:43,680

Is it possible that the massive blocks still standing at Stonehenge

198

00:11:43,780 --> 00:11:46,220

were purposely arranged to reflect the positions

199

00:11:46,320 --> 00:11:49,580

of the planets in our solar system?

200

00:11:49,680 --> 00:11:53,260

And if so, could this astronomical knowledge

201

00:11:53,360 --> 00:11:58,860

have been imparted to our ancestors by extraterrestrials?

202

00:11:58,960 --> 00:12:01,760

While Stonehenge is the most extraordinary stone

203

00:12:01,860 --> 00:12:05,740

circle in England, in the 1970s,

204

00:12:05,800 --> 00:12:08,700

Scottish cartographer Alexander Tom

205

00:12:08,800 --> 00:12:12,240

found that all the famed stone circles across the UK

206

00:12:12,340 --> 00:12:15,940

have sophisticated designs that track the movements of planets

207

00:12:16,040 --> 00:12:19,080

and constellations.

208

00:12:19,180 --> 00:12:23,580

Alexander Tom surveyed over 300 stone circles in Britain,

209

00:12:23,680 --> 00:12:25,920

and he came up with this principle

210

00:12:26,020 --> 00:12:30,960

that they used advanced geometry in the construction, which

211

00:12:31,060 --> 00:12:35,460

was considered a very complex and complex structure.

212

00:12:35,520 --> 00:12:40,320

And it was connected with very advanced astronomy.

213

00:12:40,420 --> 00:12:43,520

Over time, archaeologists began to find

214

00:12:43,620 --> 00:12:46,360

that ancient megalithic sites all over the planet

215

00:12:46,460 --> 00:12:50,340

were built to align with the sun.

216

00:12:50,440 --> 00:12:53,380

In Macedonia, the Kokino Observatory

217

00:12:53,480 --> 00:12:56,480

features four stone thrones at the top of a mountain,

218

00:12:56,580 --> 00:13:01,720

positioned to track the solstices and equinoxes.

219

00:13:01,820 --> 00:13:04,420

In Machu Picchu, there is a stone temple

220

00:13:04,480 --> 00:13:07,280

with three trapezoidal windows also positioned

221

00:13:07,380 --> 00:13:13,260

to align with the sun during the solstices and equinoxes.

222

00:13:13,360 --> 00:13:16,360

On the northwest coast of France, a collection

223

00:13:16,460 --> 00:13:20,520

of over 3,000 massive rocks called the Carnax stones,

224

00:13:20,620 --> 00:13:25,240

aligned with both the summer and winter solstices.

225

00:13:25,340 --> 00:13:28,460

And some of the sites where these solar alignments are found

226

00:13:28,560 --> 00:13:31,340

include stone circles similar to Stonehenge.

227

00:13:34,480 --> 00:13:36,340

The entrance to the Temple of Nidura

228

00:13:36,440 --> 00:13:38,680

on the Mediterranean island of Malta

229

00:13:38,780 --> 00:13:44,320

is aligned to mark both the solstices and equinoxes.

230

00:13:44,420 --> 00:13:48,820

In ancient Malta, going back potentially to 3,000 to 4,000

231

00:13:48,920 --> 00:13:51,620

BC, or even much older, they also

232

00:13:51,720 --> 00:13:54,460

were observing multiple different constellations,

233

00:13:54,560 --> 00:13:58,460

including Taurus and others.

234

00:13:58,560 --> 00:14:02,100

As far as ancient astronaut theorists are concerned,

235

00:14:02,160 --> 00:14:04,420

the most significant of all the ancient sites

236

00:14:04,520 --> 00:14:06,920

that contain astronomical alignments

237

00:14:07,020 --> 00:14:09,000

is also the oldest.

238

00:14:12,560 --> 00:14:18,600

Southeastern Turkey, 1994.

239

00:14:18,700 --> 00:14:21,100

German archaeologist Klaus Schmidt

240

00:14:21,200 --> 00:14:24,800

begins a major excavation at Göbeckli Tepe.

241

00:14:24,900 --> 00:14:27,300

This prehistoric site was believed

242

00:14:27,400 --> 00:14:30,600

to contain a standard Roman era cemetery.

243

00:14:30,600 --> 00:14:32,600

But what Schmidt actually discovered

244

00:14:32,700 --> 00:14:36,600

would revolutionize our view of the ancient world.

245

00:14:36,700 --> 00:14:39,400

Göbekli Tepe is one of the most fascinating stories

246

00:14:39,500 --> 00:14:43,600

that we have in archaeology in recent times.

247

00:14:43,700 --> 00:14:48,800

It is the first documented and confirmed archaeological site

248

00:14:48,900 --> 00:14:55,800

in the world that proves its age dating as far back as 10,000

249

00:14:55,900 --> 00:14:58,200

BC.

250

00:14:58,300 --> 00:15:02,400

Göbeckli Tepe is the oldest known stone circle complex.

251

00:15:02,500 --> 00:15:05,900

It dates nearly 12,000 years old.

252

00:15:06,000 --> 00:15:08,900

And it stands out as one of the most unique sites

253

00:15:09,000 --> 00:15:10,900

on the planet.

254

00:15:11,000 --> 00:15:14,000

It really shouldn't be there at this date.

255

00:15:14,100 --> 00:15:16,800

It wasn't for many thousands of years

256

00:15:16,900 --> 00:15:19,200

that Stonehenge was built.

257

00:15:19,300 --> 00:15:25,800

Stonehenge in Britain was constructed around 3,000 BC.

258

00:15:25,900 --> 00:15:32,900

But as much as 6,000 years earlier in Southeast Turkey,

259

00:15:33,000 --> 00:15:38,800

Göbeckli Tepe was built by a very early form

260

00:15:38,900 --> 00:15:41,000

of Neolithic people.

261

00:15:41,100 --> 00:15:47,100

And here you have a series of circular monuments,

262

00:15:47,200 --> 00:15:52,300

each made of T-shaped pillars, like spokes of a wheel

263

00:15:52,400 --> 00:15:55,400

radiating out from a central spot.

264

00:15:56,100 --> 00:16:00,400

Where there are two huge monoliths as much as 18

265

00:16:00,500 --> 00:16:02,300

and 1 half feet tall.

266

00:16:05,100 --> 00:16:07,800

According to mainstream archaeologists,

267

00:16:07,900 --> 00:16:10,700

one of the reasons that Göbeckli Tepe has survived

268

00:16:10,800 --> 00:16:15,400

in such remarkable condition for more than 10,000 years

269

00:16:15,500 --> 00:16:18,600

is because it was deliberately buried.

270

00:16:18,700 --> 00:16:20,500

But why?

271

00:16:20,600 --> 00:16:24,500

Was it to protect it from some catastrophic event?

272

00:16:24,700 --> 00:16:27,500

Or was it to hide what ancient astronaut theorists

273

00:16:27,600 --> 00:16:31,600

consider the structure's other worldly origins?

274

00:16:31,700 --> 00:16:35,600

Perhaps the answer can be found by a further examination

275

00:16:35,700 --> 00:16:40,100

of not only who may have built Göbeckli Tepe, but why?

276

00:16:46,300 --> 00:16:52,100

With stones weighing up to 10 tons, sophisticated carvings,

277

00:16:52,100 --> 00:16:56,000

and even signs of hieroglyphic writing,

278

00:16:56,100 --> 00:16:58,600

experts say Göbeckli Tepe could only

279

00:16:58,700 --> 00:17:02,200

have been built by an advanced civilization.

280

00:17:02,300 --> 00:17:06,400

But according to mainstream historians,

281

00:17:06,500 --> 00:17:10,200

the world's first true civilization, the Sumerians,

282

00:17:10,300 --> 00:17:12,800

did not arise until thousands of years

283

00:17:12,900 --> 00:17:16,000

after Göbeckli Tepe was built.

284

00:17:16,100 --> 00:17:20,500

What we know about Göbeckli Tepe is that the Sumerians said,

285

00:17:20,500 --> 00:17:22,600

oh, they were built by the ancients.

286

00:17:22,700 --> 00:17:27,000

Who were the ancients that were here before the Sumerians?

287

00:17:27,100 --> 00:17:31,400

So we actually have geological artifacts

288

00:17:31,500 --> 00:17:38,400

that point us to a civilization before civilization.

289

00:17:38,500 --> 00:17:42,400

Ancient astronaut theorists suggest Göbeckli Tepe provides

290

00:17:42,500 --> 00:17:46,000

evidence that a highly advanced civilization flourished

291

00:17:46,100 --> 00:17:49,300

long before the Sumerians.

292

00:17:49,300 --> 00:17:52,800

And they suggest that a written record of this civilization

293

00:17:52,900 --> 00:17:55,200

can be found in the Book of Enoch

294

00:17:55,300 --> 00:18:00,000

and its mysterious tale of the Watchers.

295

00:18:00,100 --> 00:18:01,700

According to the Book of Enoch, there

296

00:18:01,800 --> 00:18:04,900

was an ancient race of giants who descended to the Earth.

297

00:18:05,000 --> 00:18:09,300

They brought technology with them and shared it with humans.

298

00:18:09,400 --> 00:18:14,800

They were called the Anunnaki, also known as the Watchers,

299

00:18:14,900 --> 00:18:19,200

extraterrestrial beings who lived near Göbeckli Tepe.

300

00:18:19,300 --> 00:18:22,800

In the Old Testament, there are quite a few passages

301

00:18:22,900 --> 00:18:26,900

that speak of when the sons of God encountered the women

302

00:18:27,000 --> 00:18:30,700

of Earth, they thought of them quite beautiful.

303

00:18:30,800 --> 00:18:33,700

And so they mated with them, and the offspring

304

00:18:33,800 --> 00:18:36,600

were the so-called giants.

305

00:18:36,700 --> 00:18:40,200

According to the Book of Enoch, these hybrid offspring

306

00:18:40,300 --> 00:18:42,700

were giants called the Nephilim.

307

00:18:42,800 --> 00:18:46,300

They built a glittering, high-tech civilization.

308

00:18:46,800 --> 00:18:51,300

But God considered them an abomination

309

00:18:51,400 --> 00:18:54,800

and sent a great flood to wipe them out.

310

00:18:54,900 --> 00:18:58,600

Going back 5,000 years, we have sacred texts

311

00:18:58,700 --> 00:19:02,600

that tell us there was an anti-Diluvian civilization.

312

00:19:05,700 --> 00:19:08,500

There was a great flood and that there were survivors.

313

00:19:08,600 --> 00:19:11,500

The Mesopotamians speak of this in the Epic of Gilgamesh.

314

00:19:11,600 --> 00:19:14,800

The Egyptians speak of this in the Edfu creation text.

315

00:19:15,300 --> 00:19:17,800

We look around at temples and other constructions

316

00:19:17,900 --> 00:19:20,300

that suddenly blossomed as if out of thin air.

317

00:19:20,400 --> 00:19:22,600

We're asked to believe that suddenly,

318

00:19:22,700 --> 00:19:25,200

humanity learned the skills for building

319

00:19:25,300 --> 00:19:29,100

these magnificent monuments that we can't even duplicate today.

320

00:19:29,200 --> 00:19:32,500

It doesn't make sense unless there was some pre-flood teacher,

321

00:19:32,600 --> 00:19:35,200

indeed, that taught us how to do this.

322

00:19:36,800 --> 00:19:40,000

According to some traditions, some of the Nephilim survived

323

00:19:40,100 --> 00:19:41,400

the flood.

324

00:19:41,900 --> 00:19:43,800

These hybrid children of the Anunnaki

325

00:19:43,900 --> 00:19:46,700

still knew how to build megalithic monuments aligned

326

00:19:46,800 --> 00:19:49,100

with the stars, and that's what they did.

327

00:19:50,200 --> 00:19:53,200

Tradition has it that after surviving the flood

328

00:19:53,300 --> 00:19:55,700

and building Gobekli Tepe in Turkey,

329

00:19:55,800 --> 00:19:58,000

the Nephilim began to migrate.

330

00:19:58,800 --> 00:20:03,000

And each place they went, they left stone circles in their wake.

331

00:20:04,000 --> 00:20:08,000

After Gobekli Tepe, there are other stone circles

332

00:20:08,100 --> 00:20:10,200

before we get stone hedge.

333

00:20:10,700 --> 00:20:14,700

For instance, at Kairahunj in Armenia,

334

00:20:14,800 --> 00:20:19,000

there is a massive series of megalithic constructions

335

00:20:19,100 --> 00:20:26,200

and circles which have been dated to approximately 5,500 BC,

336

00:20:26,300 --> 00:20:28,800

according to the astronomical alignments.

337

00:20:29,800 --> 00:20:31,900

Other sites that are of extreme age

338

00:20:32,000 --> 00:20:34,800

include Kromle, El-Mendres in Portugal.

339

00:20:34,900 --> 00:20:38,800

This takes back to around 6,000 years.

340

00:20:39,400 --> 00:20:43,200

If the Nephilim were responsible for all these stone circles,

341

00:20:43,300 --> 00:20:47,000

is it possible that these giants ultimately found refuge

342

00:20:47,100 --> 00:20:50,300

in the British Isles and built stonehenge?

343

00:20:51,900 --> 00:20:54,700

Many believe that supporting evidence is found

344

00:20:54,800 --> 00:20:58,700

in a 12th century book by Welsh cleric Geoffrey of Monmouth,

345

00:20:58,800 --> 00:21:01,200

the history of the kings of Britain.

346

00:21:02,100 --> 00:21:05,300

It states that stonehenge was erected by two kings

347

00:21:05,800 --> 00:21:09,700

It states that stonehenge was erected by giants in Ireland,

348

00:21:09,800 --> 00:21:13,500

then transported to its current site by the famed magician,

349

00:21:13,600 --> 00:21:14,700

Merlin.

350

00:21:14,800 --> 00:21:18,100

The story has it that king wanted to honor the dead

351

00:21:18,200 --> 00:21:21,200

from a great battle and he wanted a particular monument

352

00:21:21,300 --> 00:21:23,400

that the giants had built in Ireland.

353

00:21:23,500 --> 00:21:24,900

It was Stonehenge.

354

00:21:25,000 --> 00:21:28,100

And he sent Merlin to get this thing.

355

00:21:28,200 --> 00:21:31,100

Merlin used magic to move it to Somerset

356

00:21:31,200 --> 00:21:34,100

and this is how it got to where it presently is.

357

00:21:34,600 --> 00:21:36,800

And somehow he did this, whether it was magic,

358

00:21:36,900 --> 00:21:38,200

we really don't know.

359

00:21:38,300 --> 00:21:42,500

But we do know that there are traditions of giants moving stones.

360

00:21:42,600 --> 00:21:46,400

We have to ask ourselves, is it possible that the Nephilim,

361

00:21:46,500 --> 00:21:48,500

as descendants of the Anunnaki,

362

00:21:48,600 --> 00:21:51,300

were the actual builders of Stonehenge

363

00:21:51,400 --> 00:21:53,700

and other megaliths in Great Britain?

364

00:21:53,800 --> 00:21:56,500

And in fact, that may well have been the case.

365

00:21:57,600 --> 00:22:00,900

To further support the notion that the Anunnaki

366

00:22:01,400 --> 00:22:05,500

not only built Stonehenge, but also other megalithic stone

367

00:22:05,600 --> 00:22:11,400

circles like Gobekli Tempe, ancient astronaut Theorists

368

00:22:11,500 --> 00:22:15,400

point to a curious legend concerning a tribe known

369

00:22:15,500 --> 00:22:18,400

as the Tuatha de Danan.

370

00:22:19,500 --> 00:22:24,100

The Tuatha de Danan are probably the most important tribe

371

00:22:24,200 --> 00:22:26,700

or figures or group of people, if they are people,

372

00:22:26,800 --> 00:22:29,700

that show up in Irish mythology.

373

00:22:30,200 --> 00:22:32,500

The Tuatha de Danan were special.

374

00:22:35,100 --> 00:22:38,100

The Tuatha de Danan were tall, they had red hair

375

00:22:38,200 --> 00:22:40,400

and blue or green eyes.

376

00:22:40,500 --> 00:22:42,800

They had magical powers.

377

00:22:44,800 --> 00:22:47,900

They had very advanced weaponry and different types

378

00:22:48,000 --> 00:22:50,100

of what sounds like machinery.

379

00:22:50,200 --> 00:22:53,300

But also, they taught the high arts of civilization

380

00:22:53,400 --> 00:22:56,900

and they were said to be almost like the shining ones

381

00:22:57,000 --> 00:22:58,900

of the biblical tradition.

382

00:22:59,900 --> 00:23:02,400

Could it be that the Tuatha de Danan

383

00:23:02,500 --> 00:23:05,500

were the descendants of the other worldly beings

384

00:23:05,600 --> 00:23:09,400

described in the Sumerian tradition as the Anunnaki?

385

00:23:09,500 --> 00:23:12,400

Ancient astronaut theorists say yes.

386

00:23:12,500 --> 00:23:16,500

And as evidence, they point to a curious historic fact.

387

00:23:16,600 --> 00:23:19,800

The Tuatha de Danan, or tribe of Danan,

388

00:23:19,900 --> 00:23:24,400

originally had a different name, the Tuatha de Anu.

389

00:23:24,500 --> 00:23:28,600

The name means the tribe of the Anunnaki.

390

00:23:28,600 --> 00:23:30,700

The tribe of Anu.

391

00:23:30,800 --> 00:23:34,300

And Anu here is the Anunnaki.

392

00:23:34,400 --> 00:23:40,200

It's this mysterious people who are talked about in Sumerian texts.

393

00:23:40,300 --> 00:23:43,900

So here we now have a connection with the Tuatha de Danan

394

00:23:44,000 --> 00:23:47,600

with the Anunnaki of ancient Sumeria.

395

00:23:48,700 --> 00:23:52,800

Did these Anunnaki descendants really migrate to the British Isles

396

00:23:52,900 --> 00:23:55,800

and ultimately build Stonehenge?

397

00:23:55,800 --> 00:23:56,800

No.

398

00:23:56,900 --> 00:23:59,700

Could this shed light on the mystery of not only who

399

00:23:59,800 --> 00:24:02,500

built Stonehenge, but why?

400

00:24:02,600 --> 00:24:05,100

Perhaps further clues can be found

401

00:24:05,200 --> 00:24:09,300

by examining a startling new genetic study that indicates

402

00:24:09,400 --> 00:24:12,500

that almost immediately after Stonehenge was built,

403

00:24:12,600 --> 00:24:16,700

its builders mysteriously vanished from the earth.

404

00:24:21,400 --> 00:24:23,300

Harvard University.

405

00:24:23,300 --> 00:24:27,100

February 2018.

406

00:24:27,200 --> 00:24:30,400

In a groundbreaking genetic study published in the journal

407

00:24:30,500 --> 00:24:34,500

Nature, Harvard researchers announced a stunning discovery

408

00:24:34,600 --> 00:24:37,900

about ancient human DNA.

409

00:24:38,000 --> 00:24:41,900

It reveals that immediately after Stonehenge was built,

410

00:24:42,000 --> 00:24:45,300

the people who built it, the ancient inhabitants of Britain,

411

00:24:45,400 --> 00:24:49,800

suddenly and almost totally vanished from the British Isles.

412

00:24:49,800 --> 00:24:56,500

They left behind virtually no DNA in the modern British population.

413

00:24:56,600 --> 00:25:00,000

What the 2018 study suggests is that the genetic signature

414

00:25:00,100 --> 00:25:03,800

of the Neolithic inhabitants of the British Isles,

415

00:25:03,900 --> 00:25:08,400

it vanishes shortly after the period in which they built Stonehenge

416

00:25:08,500 --> 00:25:11,800

and is largely replaced by an entirely new human culture

417

00:25:11,900 --> 00:25:14,200

in a very short amount of time.

418

00:25:14,300 --> 00:25:17,200

The Harvard study is an absolute bombshell.

419

00:25:17,200 --> 00:25:21,800

An entire civilization just disappears without a trace,

420

00:25:21,900 --> 00:25:23,800

vanishes into thin air.

421

00:25:23,900 --> 00:25:27,800

It's easily the most surprising and most shocking conclusion

422

00:25:27,900 --> 00:25:29,900

you can imagine.

423

00:25:30,000 --> 00:25:34,600

The study used a revolutionary new technique that samples DNA

424

00:25:34,700 --> 00:25:38,900

from ancient human bones and then compares it to the DNA

425

00:25:39,000 --> 00:25:42,000

of modern people in the same place.

426

00:25:42,100 --> 00:25:46,600

Scientists then determine what percentage of the modern population

427

00:25:46,600 --> 00:25:49,900

is descended from the ancient group.

428

00:25:50,000 --> 00:25:53,300

So the new genetic data are really providing an example

429

00:25:53,400 --> 00:25:58,100

of population replacement in which the genetic markers

430

00:25:58,200 --> 00:26:02,100

that characterize one population is almost entirely replaced

431

00:26:02,200 --> 00:26:05,400

in a relatively short amount of time by the genetic signature

432

00:26:05,500 --> 00:26:07,300

that characterizes another population

433

00:26:07,400 --> 00:26:10,200

from a different part of the world.

434

00:26:10,300 --> 00:26:13,100

The strange disappearance of the Stonehenge builders

435

00:26:13,200 --> 00:26:16,200

remains a profound historical mystery.

436

00:26:16,700 --> 00:26:21,000

But historians had long known that around 2500 BC,

437

00:26:21,100 --> 00:26:23,400

just after Stonehenge was built,

438

00:26:23,500 --> 00:26:26,200

a new group entered the British Isles.

439

00:26:26,300 --> 00:26:29,600

The so-called beaker people are named for their distinctive

440

00:26:29,700 --> 00:26:35,200

clay pottery and are believed to be the ancestors of the Counts.

441

00:26:35,300 --> 00:26:39,600

You might think that when the original population of Britain

442

00:26:39,700 --> 00:26:43,400

suddenly left these stone monuments,

443

00:26:43,900 --> 00:26:48,200

newcomers would maybe just let them go back to nature

444

00:26:48,300 --> 00:26:54,200

and ultimately just fall down and be destroyed over time.

445

00:26:54,300 --> 00:26:55,600

But that's not what happened.

446

00:26:55,700 --> 00:26:59,600

And so it would seem that these newcomers realized

447

00:26:59,700 --> 00:27:02,000

that these places had power.

448

00:27:02,100 --> 00:27:04,800

There was an energy associated with them.

449

00:27:04,900 --> 00:27:06,300

Something important.

450

00:27:13,500 --> 00:27:19,300

The Orkney Islands, Scotland, 2019.

451

00:27:19,400 --> 00:27:22,800

Ancient astronaut theorist Andrew Collins and author

452

00:27:22,900 --> 00:27:25,700

Graham Phillips have come to these islands

453

00:27:25,800 --> 00:27:29,000

to investigate the mysterious disappearance of the people

454

00:27:29,100 --> 00:27:31,400

who built Stonehenge.

455

00:27:31,500 --> 00:27:35,100

Dating back to 3,200 BC, Scarabray

456

00:27:35,200 --> 00:27:38,300

was buried in Sant for thousands of years

457

00:27:38,400 --> 00:27:42,700

until a great storm uncovered it in 1850.

458

00:27:43,200 --> 00:27:46,000

Now known as the Scottish Pompeii,

459

00:27:46,100 --> 00:27:49,300

it was home to the people who began Britain's Stone Circle

460

00:27:49,400 --> 00:27:52,600

building boom, ultimately built Stonehenge,

461

00:27:52,700 --> 00:27:57,000

and then mysteriously vanished from the genetic record.

462

00:27:57,100 --> 00:28:00,700

Right, the site's over here.

463

00:28:00,800 --> 00:28:04,400

It's quite amazing that this place was completely covered

464

00:28:04,500 --> 00:28:08,500

with sand until they re-found it in the 19th century.

465

00:28:08,600 --> 00:28:11,000

The people who built the first Stone Circle

466

00:28:11,000 --> 00:28:13,700

a couple of miles from here lived here.

467

00:28:13,800 --> 00:28:14,800

Yeah.

468

00:28:14,900 --> 00:28:16,300

Just look at this place.

469

00:28:16,400 --> 00:28:19,400

I mean, it's just extraordinary.

470

00:28:19,500 --> 00:28:20,700

But it's pretty sophisticated.

471

00:28:20,800 --> 00:28:24,200

I mean, these walls here are really quite advanced

472

00:28:24,300 --> 00:28:27,400

for 5,000 years ago when everybody else in the country

473

00:28:27,500 --> 00:28:30,000

was living in, well, mud huts, basically.

474

00:28:30,100 --> 00:28:30,900

I know.

475

00:28:31,000 --> 00:28:32,500

And the incredible thing about this

476

00:28:32,600 --> 00:28:34,500

is the descendants of these people

477

00:28:34,600 --> 00:28:38,700

end up creating all of the Stone Circles around Britain.

478

00:28:38,800 --> 00:28:40,900

How do you think this started?

479

00:28:41,000 --> 00:28:43,900

I think something was changing in the minds of these people.

480

00:28:44,000 --> 00:28:48,200

But the bigger question is, what were they doing here?

481

00:28:48,300 --> 00:28:51,300

Experts believe that the descendants of Scarabray

482

00:28:51,400 --> 00:28:54,200

began building the Great Stone Circles that ultimately

483

00:28:54,300 --> 00:28:57,000

led to Stonehenge.

484

00:28:57,100 --> 00:28:59,500

To see the first of these mighty circles,

485

00:28:59,600 --> 00:29:03,200

Andrew and Graham travel six miles south.

486

00:29:03,300 --> 00:29:06,200

So we're going now to the Stones of Stenets,

487

00:29:06,200 --> 00:29:11,500

which is the first Stone Circle that we know of built anywhere

488

00:29:11,600 --> 00:29:12,400

in the British Isles.

489

00:29:15,200 --> 00:29:19,700

It originally consisted of 12 stones in a circle

490

00:29:19,800 --> 00:29:23,600

around 100 feet in diameter.

491

00:29:23,700 --> 00:29:28,900

And the stones are up to 16 feet high.

492

00:29:29,000 --> 00:29:34,300

What's so incredible is that this first Stone Circle in Britain

493

00:29:34,400 --> 00:29:40,200

has a relationship with Gobekli Tepe in southeast Turkey,

494

00:29:40,300 --> 00:29:43,000

which because the Stones of Stenets

495

00:29:43,100 --> 00:29:45,800

is aligned to the stars.

496

00:29:45,900 --> 00:29:50,800

To the south, it's the rising of the stars of Orion.

497

00:29:50,900 --> 00:29:56,300

And to the north, it is the setting of the stars of Cygnus.

498

00:29:56,400 --> 00:29:59,100

And these very same constellations

499

00:29:59,200 --> 00:30:03,200

feature within astronomical alignments of Gobekli Tepe.

500

00:30:03,200 --> 00:30:04,600

Thousands of miles away.

501

00:30:09,600 --> 00:30:14,400

If the Stones of Stenets, like Gobekli Tepe, Stonehenge,

502

00:30:14,500 --> 00:30:18,600

and other megalithic structures, was constructed in such a way

503

00:30:18,700 --> 00:30:24,100

as to be in alignment with astronomical events, why?

504

00:30:24,200 --> 00:30:27,300

Was it to merely function as a type of calendar,

505

00:30:27,400 --> 00:30:32,200

indicating when to plant crops or perform rituals?

506

00:30:32,200 --> 00:30:34,900

Or were these structures oriented to the stars

507

00:30:35,000 --> 00:30:41,600

for a far more profound, or perhaps extraterrestrial purpose?

508

00:30:41,700 --> 00:30:47,200

It is true that Stonehenge can be used or was used as a calendar.

509

00:30:47,300 --> 00:30:49,400

There is no doubt about it.

510

00:30:49,500 --> 00:30:53,100

However, in order to create a calendar,

511

00:30:53,200 --> 00:30:58,600

there was absolutely zero need to build a megalithic structure

512

00:30:58,700 --> 00:31:01,400

as gigantic as Stonehenge.

513

00:31:01,400 --> 00:31:04,500

Because you could have recreated the entire same thing

514

00:31:04,600 --> 00:31:10,200

by essentially placing ordinary sticks in the ground.

515

00:31:10,300 --> 00:31:13,100

And that was not the case.

516

00:31:13,200 --> 00:31:15,300

So what was it?

517

00:31:15,400 --> 00:31:21,300

There is a knowledge and purpose here, and it's sophisticated.

518

00:31:21,400 --> 00:31:25,000

Were ceremonies and rituals conducted there

519

00:31:25,100 --> 00:31:27,300

that actually achieved something?

520

00:31:27,300 --> 00:31:34,200

In other words, is in one sense Stonehenge a device, a machine?

521

00:31:34,300 --> 00:31:38,200

This geometry is there right from the beginning of the Stone Circle building,

522

00:31:38,300 --> 00:31:41,200

and the reason they were choosing these shapes

523

00:31:41,300 --> 00:31:44,700

was something to do with astronomy.

524

00:31:44,800 --> 00:31:48,700

And I think it's some kind of interesting technology,

525

00:31:48,800 --> 00:31:54,700

ancient technology whose origins are lost in the midst of time.

526

00:31:54,700 --> 00:31:58,100

Is it possible that the builders of ancient Stone Circles

527

00:31:58,200 --> 00:32:01,600

weren't constructing giant celestial calendars,

528

00:32:01,700 --> 00:32:05,600

but instead were using the sun and stars as guides

529

00:32:05,700 --> 00:32:11,100

so that the giant stones they were using could be precisely placed?

530

00:32:11,200 --> 00:32:14,600

As far as ancient astronaut theorists are concerned,

531

00:32:14,700 --> 00:32:18,100

the answer is a profound yes.

532

00:32:18,200 --> 00:32:22,100

And they believe the precise astrological placements of these

533

00:32:22,100 --> 00:32:27,000

weren't intended for ritual purposes, but for technological ones,

534

00:32:27,100 --> 00:32:30,500

possibly as a means of conducting and generating

535

00:32:30,600 --> 00:32:34,000

a type of geoelectrical energy.

536

00:32:34,100 --> 00:32:37,500

So the people who built this, you think,

537

00:32:37,600 --> 00:32:41,500

were inspired by the descendants of those who built Gobekli Tepe?

538

00:32:41,600 --> 00:32:43,500

I'm certain of it.

539

00:32:43,600 --> 00:32:50,000

But as we know, this is the beginning of something brand new

540

00:32:50,500 --> 00:32:54,400

that starts here on the opening mainland

541

00:32:54,500 --> 00:32:57,900

and continues to Stonehenge.

542

00:32:58,000 --> 00:32:59,900

So what comes next?

543

00:33:02,000 --> 00:33:04,900

Just down the road from the stones of Stinesse

544

00:33:05,000 --> 00:33:07,900

lies the ring of Brodgar.

545

00:33:08,000 --> 00:33:10,900

The third largest stone circle in the British Isles,

546

00:33:11,000 --> 00:33:15,400

it is a hotbed of UFO sightings and activity.

547

00:33:15,500 --> 00:33:17,900

According to ancient astronaut theorists,

548

00:33:17,900 --> 00:33:21,300

it could also hold the key to solving the mystery

549

00:33:21,400 --> 00:33:27,800

of why the Stonehenge builders suddenly and inexplicably disappeared.

550

00:33:35,400 --> 00:33:38,300

On Scotland's Orkney Islands,

551

00:33:38,400 --> 00:33:41,300

ancient astronaut theorist Andrew Collins

552

00:33:41,400 --> 00:33:43,300

and author Graham Phillips

553

00:33:43,400 --> 00:33:46,300

are investigating stone circles that are believed to be

554

00:33:46,300 --> 00:33:49,200

even older than Stonehenge.

555

00:33:49,300 --> 00:33:52,200

They have just arrived at the Ring of Brodgar,

556

00:33:52,300 --> 00:33:55,200

which is not only an important historical site,

557

00:33:55,300 --> 00:33:59,200

but also a hotspot for UFO sightings.

558

00:33:59,300 --> 00:34:02,200

We're here at the Ring of Brodgar.

559

00:34:02,300 --> 00:34:06,200

It is a Hengge circle, so all around the outside of it

560

00:34:06,300 --> 00:34:08,200

is a ditch and embankment.

561

00:34:08,300 --> 00:34:12,200

And one of the things that's been repeatedly found

562

00:34:12,300 --> 00:34:14,200

in connection with Stone Circle

563

00:34:14,200 --> 00:34:17,100

is that there's a very special geology associated

564

00:34:17,200 --> 00:34:20,100

with the landscape around them.

565

00:34:20,200 --> 00:34:26,100

And all of these seem to be able to manifest mysterious lights

566

00:34:26,200 --> 00:34:31,100

and they almost appear to act like windows onto another realm

567

00:34:31,200 --> 00:34:34,100

because as you get higher,

568

00:34:34,200 --> 00:34:38,100

you can see that the whole place is like a perfect circle,

569

00:34:38,200 --> 00:34:41,100

a perfect hole out of this reality

570

00:34:41,100 --> 00:34:43,000

into another realm altogether.

571

00:34:43,100 --> 00:34:46,000

So this place here could actually be

572

00:34:46,100 --> 00:34:52,000

some kind of portal between this world and another precisely.

573

00:34:52,100 --> 00:34:57,000

But what's so incredible is that at virtually every location

574

00:34:57,100 --> 00:35:01,000

that this megalithic culture moved out

575

00:35:01,100 --> 00:35:04,000

is also somewhere associated with the appearance

576

00:35:04,100 --> 00:35:06,000

of mysterious lights,

577

00:35:06,100 --> 00:35:08,000

what we'd call UFOs.

578

00:35:08,000 --> 00:35:10,900

We're talking about Stone Hengge,

579

00:35:11,000 --> 00:35:14,900

Avery, the Isle of Anglesey in Wales

580

00:35:15,000 --> 00:35:17,900

and the area around the Rudstone.

581

00:35:18,000 --> 00:35:21,900

All of these locations are what we would call portals,

582

00:35:22,000 --> 00:35:28,900

places where mysterious lights appear and then disappear.

583

00:35:29,000 --> 00:35:31,900

Is it possible that ancient Stone Circles

584

00:35:32,000 --> 00:35:33,900

found throughout the world

585

00:35:34,000 --> 00:35:35,900

were once used as planets?

586

00:35:35,900 --> 00:35:39,800

And could this explain why the builders of Stone Hengge

587

00:35:39,900 --> 00:35:42,800

suddenly disappeared from the DNA record

588

00:35:42,900 --> 00:35:46,800

right after the structure is believed to have been completed?

589

00:35:46,900 --> 00:35:50,800

While such a notion may sound preposterous to some,

590

00:35:50,900 --> 00:35:52,800

ancient astronaut theorists suggest

591

00:35:52,900 --> 00:35:55,800

that it is far from impossible.

592

00:35:55,900 --> 00:35:58,800

And they realized that these Stone Circles

593

00:35:58,900 --> 00:36:01,800

actually do manipulate Earth energy

594

00:36:01,900 --> 00:36:03,800

and they're not just the same.

595

00:36:03,800 --> 00:36:06,700

They actually do manipulate Earth energies.

596

00:36:06,800 --> 00:36:09,700

These currents, they're part of the magnetic field.

597

00:36:09,800 --> 00:36:13,700

Archeologists now are speculating

598

00:36:13,800 --> 00:36:19,700

that the bluestones that are part of the Stone Hengge complex,

599

00:36:19,800 --> 00:36:24,700

they are a type of black, blue, dollarite

600

00:36:24,800 --> 00:36:31,700

that has very bright nodes of quartz in them.

601

00:36:31,700 --> 00:36:34,600

And quartz is able to convert the Earth's

602

00:36:34,700 --> 00:36:38,600

natural electrical vibrations into a form of energy.

603

00:36:38,700 --> 00:36:42,600

The amount of energy increases when the quartz is under pressure

604

00:36:42,700 --> 00:36:46,600

as it would be as part of a massive monolithic structure

605

00:36:46,700 --> 00:36:48,600

like Stone Hengge.

606

00:36:48,700 --> 00:36:50,600

So you have electrical qualities

607

00:36:50,700 --> 00:36:52,600

when the quartz is kind of crushed

608

00:36:52,700 --> 00:36:54,600

and then you have magnetic qualities as well

609

00:36:54,700 --> 00:36:56,600

within the same stone.

610

00:36:56,700 --> 00:37:01,600

So this could have been used to manipulate Earth energy currents.

611

00:37:01,700 --> 00:37:03,600

Many of the Stone Circles have something to do

612

00:37:03,700 --> 00:37:06,600

with astronomical alignments.

613

00:37:06,700 --> 00:37:09,600

And you have to wonder if it's a way of calculating

614

00:37:09,700 --> 00:37:12,600

and having a calibration that you can use

615

00:37:12,700 --> 00:37:15,600

to create a special portal area.

616

00:37:15,700 --> 00:37:17,600

It's got a special energy,

617

00:37:17,700 --> 00:37:21,600

perhaps that's being manipulated and created

618

00:37:21,700 --> 00:37:24,600

by these megalithic structures.

619

00:37:24,700 --> 00:37:27,600

Did the builders of ancient megalithic structures

620

00:37:27,700 --> 00:37:30,600

like Stone Hengge and Gopekli Tappe

621

00:37:30,600 --> 00:37:33,500

use their advanced knowledge of the interconnectivity

622

00:37:33,600 --> 00:37:36,500

between the Earth and the ability of precisely placed

623

00:37:36,600 --> 00:37:41,500

megalithic stones to generate energy to create portals?

624

00:37:41,600 --> 00:37:45,500

And could this be why they decided to quarry the rock

625

00:37:45,600 --> 00:37:49,500

for Stone Henge from 120 miles away

626

00:37:49,600 --> 00:37:52,500

because they needed a particular type of rock

627

00:37:52,600 --> 00:37:55,500

with a particular quartz concentration?

628

00:37:55,600 --> 00:37:59,500

If so, could their incredible ability to create energy

629

00:37:59,500 --> 00:38:04,400

be an indication that their origins might be extraterrestrial?

630

00:38:04,500 --> 00:38:09,400

If the Nephilim were actually some sort of extraterrestrial race

631

00:38:09,500 --> 00:38:12,400

with super high technology,

632

00:38:12,500 --> 00:38:16,400

then maybe now all the high tech stuff is gone

633

00:38:16,500 --> 00:38:20,400

and all that's left is this skeletal structure

634

00:38:20,500 --> 00:38:23,400

that we call Stone Hengge.

635

00:38:23,500 --> 00:38:25,400

If the builders of Stone Hengge

636

00:38:25,500 --> 00:38:28,400

really did create a portal through which they returned

637

00:38:28,400 --> 00:38:32,300

to the home planet of their extraterrestrial ancestors,

638

00:38:32,400 --> 00:38:36,300

did that portal close after they left?

639

00:38:36,400 --> 00:38:38,300

Or was the site stripped of its power

640

00:38:38,400 --> 00:38:43,300

when the original structure was deconstructed?

641

00:38:43,400 --> 00:38:46,300

Perhaps the answer can be found by examining

642

00:38:46,400 --> 00:38:49,300

one of the strangest events to occur at Stone Hengge

643

00:38:49,400 --> 00:38:51,300

in modern times,

644

00:38:51,400 --> 00:38:54,300

an event that some believe may contain a message

645

00:38:54,400 --> 00:38:56,300

from another world.

646

00:38:59,300 --> 00:39:07,300

Wiltshire, England, July, 1996.

647

00:39:07,400 --> 00:39:11,300

One of the most complex and spectacular crop circle designs

648

00:39:11,400 --> 00:39:15,300

ever seen appears in a field opposite Stone Hengge.

649

00:39:15,400 --> 00:39:20,300

The so-called Julia set appeared right next to Stone Hengge.

650

00:39:20,400 --> 00:39:26,300

Now, the Julia set takes its name from a fractal,

651

00:39:26,300 --> 00:39:29,200

which is a mathematical shape.

652

00:39:29,300 --> 00:39:35,200

This was intricate, complex.

653

00:39:35,300 --> 00:39:39,200

There's an interesting story that apparently a taxi driver

654

00:39:39,300 --> 00:39:45,200

saw this formation just appearing suddenly, magically,

655

00:39:45,300 --> 00:39:50,200

as if some unseen hidden force was making the path.

656

00:39:50,300 --> 00:39:53,200

Some people have said that they were symbols

657

00:39:53,200 --> 00:39:56,100

meant to convey information.

658

00:39:56,200 --> 00:39:58,100

And it's the conveying of information

659

00:39:58,200 --> 00:40:01,100

that I think is the important thing here.

660

00:40:01,200 --> 00:40:06,100

That really might be the key to unlocking the mystery here.

661

00:40:06,200 --> 00:40:09,100

Could it be that the incredible crop formation

662

00:40:09,200 --> 00:40:11,100

that appeared next to Stone Henge

663

00:40:11,200 --> 00:40:15,100

was a message from extraterrestrial visitors?

664

00:40:15,200 --> 00:40:18,100

If Stone Hengge was built as a portal to the stars,

665

00:40:18,200 --> 00:40:22,100

can this technology be reactivated?

666

00:40:22,100 --> 00:40:25,000

And might the mathematical information contained

667

00:40:25,100 --> 00:40:31,000

within the Julia set provide the key to reopening the portal?

668

00:40:31,100 --> 00:40:33,000

When we look at Stone Hengge,

669

00:40:33,100 --> 00:40:35,000

we have to wonder about the energy there.

670

00:40:35,100 --> 00:40:40,000

So early on, it becomes a site where things are happening.

671

00:40:40,100 --> 00:40:43,000

Extraterrestrials are landing here, perhaps.

672

00:40:43,100 --> 00:40:46,000

But it all starts with some activity early on

673

00:40:46,100 --> 00:40:50,000

in this special place.

674

00:40:50,000 --> 00:40:54,900

People speculated that the ancients were able to perceive

675

00:40:55,000 --> 00:40:59,900

power, earth energies, mysterious forces,

676

00:41:00,000 --> 00:41:04,900

that perhaps modern humans have lost the ability to perceive.

677

00:41:05,000 --> 00:41:08,900

Maybe the theory is that we've got smarter in other ways,

678

00:41:09,000 --> 00:41:10,900

but we've lost a certain something,

679

00:41:11,000 --> 00:41:15,900

the ability to perhaps tap into these ancient power sites.

680

00:41:16,800 --> 00:41:21,800

Does a megalithic stone circle,

681

00:41:21,900 --> 00:41:24,800

standing alone in the English countryside,

682

00:41:24,900 --> 00:41:28,800

represent the remains of the most sophisticated technology

683

00:41:28,900 --> 00:41:30,800

to ever exist on Earth?

684

00:41:30,900 --> 00:41:34,800

A technology which was part of a vast global network

685

00:41:34,900 --> 00:41:37,800

of similar structures that were not only capable

686

00:41:37,900 --> 00:41:39,800

of generating vast amounts of energy,

687

00:41:39,900 --> 00:41:42,800

but also the means by which alien visitors

688

00:41:42,800 --> 00:41:45,700

could both arrive and depart.

689

00:41:45,800 --> 00:41:48,700

Perhaps the stones that still remain

690

00:41:48,800 --> 00:41:50,700

were deliberately left standing

691

00:41:50,800 --> 00:41:54,700

so that humankind would one day restore this lost technology,

692

00:41:54,800 --> 00:41:58,700

reactivate it, and ultimately reunite

693

00:41:58,800 --> 00:42:03,700

with the ancient builders who still exist.

694

00:42:03,800 --> 00:42:05,700

Light Years Away.
