

1

00:00:00,000 --> 00:00:03,700

Throughout the world, enormous stone monoliths

2

00:00:03,800 --> 00:00:06,840

have stood for thousands of years.

3

00:00:06,940 --> 00:00:09,900

Many were built to align with the stars.

4

00:00:10,000 --> 00:00:12,740

The monolith has religious implications

5

00:00:12,840 --> 00:00:14,880

as pointing to the heavens.

6

00:00:14,980 --> 00:00:17,920

Some are sent to have strange powers.

7

00:00:18,020 --> 00:00:19,580

People get electric shocks.

8

00:00:19,680 --> 00:00:22,480

They have altered states, experiences.

9

00:00:22,580 --> 00:00:24,460

And there are clues that they may have

10

00:00:24,560 --> 00:00:27,220

had a technological function.

11

00:00:27,280 --> 00:00:30,380

These stones are standing in just the right location

12

00:00:30,480 --> 00:00:33,580

where you could create a release of energy.

13

00:00:33,680 --> 00:00:37,060

Are the ancient standing stones simply the earliest

14

00:00:37,160 --> 00:00:39,820

monuments of prehistoric humans?

15

00:00:39,920 --> 00:00:44,200

Or might they have a far more profound purpose?

16

00:00:44,300 --> 00:00:47,360

The standing stones are a calling card.

17

00:00:47,460 --> 00:00:51,500

They are a message that somebody was here in the past.

18

00:00:51,600 --> 00:00:54,240

And they were our teachers.

19

00:00:57,280 --> 00:01:01,780

There is a doorway in the universe.

20

00:01:01,880 --> 00:01:05,920

Beyond it is the promise of truth.

21

00:01:06,020 --> 00:01:08,920

It demands we question everything

22

00:01:09,020 --> 00:01:11,300

we have ever been taught.

23

00:01:11,400 --> 00:01:14,700

The evidence is all around us.

24

00:01:14,800 --> 00:01:18,800

The future is right before our eyes.

25

00:01:18,900 --> 00:01:21,640

We are not alone.

26

00:01:21,740 --> 00:01:24,280

We have never been alone.

27

00:01:27,280 --> 00:01:33,980

■■

28

00:01:34,080 --> 00:01:41,360

Moab Utah, November 18, 2020.

29

00:01:41,460 --> 00:01:45,100

Biologists from the Utah Division of Wildlife Resources

30

00:01:45,200 --> 00:01:46,960

surveyed a nearby canyon.

31

00:01:47,060 --> 00:01:50,600

Spaw'ed a strange rectangular shaped object

32

00:01:50,700 --> 00:01:51,980

from their helicopter.

33

00:01:52,080 --> 00:01:56,800

They saw this metallic slab, down in the canyon

34

00:01:56,800 --> 00:02:01,040

It was a vertical slab about 10 to 12 feet tall,

35

00:02:01,140 --> 00:02:05,040

and they were astonished because this remote canyon

36

00:02:05,140 --> 00:02:09,580

is almost only accessible by a helicopter.

37

00:02:09,680 --> 00:02:13,780

Satellite imaging reveals that the triangular column dubbed

38

00:02:13,880 --> 00:02:19,460

the Utah monolith has stood undetected for over four years,

39

00:02:19,560 --> 00:02:24,800

and its discovery quickly becomes international news.

40

00:02:25,300 --> 00:02:29,040

It was terrific speculation when the Utah monolith was

41

00:02:29,140 --> 00:02:33,640

first discovered as to the provenance of the monolith.

42

00:02:33,740 --> 00:02:37,780

You know, was this communication from ETs?

43

00:02:37,880 --> 00:02:41,280

And I think people were really excited by this idea,

44

00:02:41,380 --> 00:02:46,280

because it's drawing on the monolith in 2001,

45

00:02:46,380 --> 00:02:49,320

A Space Odyssey, which was a science fiction book written

46

00:02:49,420 --> 00:02:53,400

in 1968 by Arthur C. Clarke, and in the same year,

47

00:02:53,460 --> 00:02:56,300

Stanley Kubrick directed the movie,

48

00:02:56,400 --> 00:03:00,860

and together they captured the imagination of the world.

49

00:03:00,960 --> 00:03:07,180

2001 begins with this monolith appearing on Earth.

50

00:03:07,280 --> 00:03:10,540

And through that monolith, as we all know from the movie,

51

00:03:10,640 --> 00:03:14,740

this is how our evolution begins.

52

00:03:14,840 --> 00:03:16,820

The appearance of a similar monolith

53

00:03:16,920 --> 00:03:19,780

in a remote location in Utah gives us

54

00:03:19,840 --> 00:03:24,480

the sense of a connection with alien intelligence,

55

00:03:24,580 --> 00:03:29,980

the idea of a point of contact.

56

00:03:30,080 --> 00:03:32,320

While it is still not known for certain,

57

00:03:32,420 --> 00:03:35,460

just who erected the Utah monolith?

58

00:03:35,560 --> 00:03:38,160

It is believed to have been nothing more than an art

59

00:03:38,260 --> 00:03:42,000

installation and was removed shortly after its discovery

60

00:03:42,100 --> 00:03:44,500

by a group of conservationists.

61

00:03:44,600 --> 00:03:47,500

During the following weeks, similar monoliths

62

00:03:47,560 --> 00:03:51,900

started popping up on nearly every continent.

63

00:03:52,000 --> 00:03:54,160

So between December and January,

64

00:03:54,260 --> 00:03:57,800

you had hundreds of monoliths appearing around the world.

65

00:03:57,900 --> 00:03:59,740

And there were nine monoliths in the UK

66

00:03:59,840 --> 00:04:02,240

alone within a month.

67

00:04:02,340 --> 00:04:04,480

But why did the Utah monolith spark

68

00:04:04,580 --> 00:04:07,880

this worldwide fascination?

69

00:04:07,980 --> 00:04:11,520

Was it all because of a science fiction movie?

70

00:04:11,620 --> 00:04:15,260

Or is it possible, as ancient astronaut theorists believe,

71

00:04:15,320 --> 00:04:19,960

that these monoliths resonate on a much more profound level

72

00:04:20,060 --> 00:04:23,260

and trigger deep-seated memories of standing stones

73

00:04:23,360 --> 00:04:26,960

erected thousands of years ago?

74

00:04:27,060 --> 00:04:30,040

People have always been fascinated with monoliths.

75

00:04:30,140 --> 00:04:33,600

And I think it goes even deeper into our past

76

00:04:33,700 --> 00:04:37,980

because we have standing stones around the world.

77

00:04:38,080 --> 00:04:41,540

Standing stones have been an integral part

78

00:04:41,600 --> 00:04:47,600

of our human development over thousands of years.

79

00:04:47,700 --> 00:04:53,240

Monoliths are part of our DNA, part of our psyche.

80

00:04:53,340 --> 00:04:58,620

Stone has a great resonance within the landscape.

81

00:04:58,720 --> 00:05:05,820

It has a presence of permanence that outlives the human frame.

82

00:05:05,920 --> 00:05:09,600

There are more than 50,000 ancient standing stones,

83

00:05:09,660 --> 00:05:14,700

also known as monoliths or menhirs scattered across Europe,

84

00:05:14,800 --> 00:05:21,000

Asia, Africa, and the Americas.

85

00:05:21,100 --> 00:05:24,100

Most date back more than 5,000 years,

86

00:05:24,200 --> 00:05:27,740

and the largest weigh over 300 tons,

87

00:05:27,840 --> 00:05:31,580

more than double the weight of the Statue of Liberty.

88

00:05:31,680 --> 00:05:33,780

When you look at these standing stones,

89

00:05:33,880 --> 00:05:35,680

we're looking back at the Stone Age.

90

00:05:35,780 --> 00:05:38,980

And we're thinking, are these Stone Age people?

91

00:05:39,480 --> 00:05:44,140

Moving all of these huge megaliths around?

92

00:05:44,240 --> 00:05:48,440

The largest standing stone in all of Europe

93

00:05:48,540 --> 00:05:55,080

is called Le Grand Menier Brisé, the great broken manhir.

94

00:05:55,180 --> 00:05:57,580

It's located in French Brittany,

95

00:05:57,680 --> 00:06:05,660

and when it was one solid piece, he was over 60 feet tall.

96

00:06:05,940 --> 00:06:07,660

They have estimated for that stone

97

00:06:07,760 --> 00:06:12,440

what it was one piece to be 330 tons.

98

00:06:12,540 --> 00:06:17,040

Now explain to me how you transport 330 tons.

99

00:06:17,140 --> 00:06:20,740

We have a hard time doing this today.

100

00:06:20,840 --> 00:06:26,080

It's a huge undertaking, and there could have been some knowledge

101

00:06:26,180 --> 00:06:29,680

that they had to move heavy things that for some reason

102

00:06:29,780 --> 00:06:33,220

we don't understand today in our modern technological society.

103

00:06:33,280 --> 00:06:38,120

Have we forgotten some ancient physics that they knew,

104

00:06:38,220 --> 00:06:41,320

or did they have help?

105

00:06:41,420 --> 00:06:45,120

While not all monoliths are of such enormous size,

106

00:06:45,220 --> 00:06:50,000

for ancient astronaut theorists, the question still remains.

107

00:06:50,100 --> 00:06:54,300

Why would prehistoric people struggling just to survive

108

00:06:54,400 --> 00:06:56,840

have expended so much time and energy

109

00:06:56,940 --> 00:06:59,680

erecting standing stones?

110

00:06:59,740 --> 00:07:03,300

When you try to speculate about the standing stones

111

00:07:03,400 --> 00:07:06,140

and what their purpose is, we have to wonder,

112

00:07:06,240 --> 00:07:08,280

does it have to do with extraterrestrials

113

00:07:08,380 --> 00:07:14,280

and something technological that we do not understand?

114

00:07:14,380 --> 00:07:17,720

On the northwest coast of France lies the most famous

115

00:07:17,820 --> 00:07:21,060

and mysterious collection of ancient standing stones

116

00:07:21,160 --> 00:07:25,260

found anywhere in the world, stretching across two miles

117

00:07:25,360 --> 00:07:27,060

of rolling countryside.

118

00:07:27,120 --> 00:07:33,720

The more than 3,000 giant menhirs are known as the Carnac Stones.

119

00:07:33,820 --> 00:07:37,160

French archaeologists have been able to give a date

120

00:07:37,260 --> 00:07:40,900

to these standing stones, and it's 5,000 BC.

121

00:07:41,000 --> 00:07:44,900

So they're saying that these stones were erected 7,000

122

00:07:45,000 --> 00:07:48,940

years ago, but they don't know who erected them.

123

00:07:49,040 --> 00:07:51,740

They don't know why they were erected.

124

00:07:51,840 --> 00:07:54,440

They don't know how they moved all these stones

125

00:07:54,540 --> 00:07:55,440

and erected them.

126

00:07:57,520 --> 00:08:01,720

Some of these stones are as much as 10 feet tall,

127

00:08:01,820 --> 00:08:05,420

and they are arranged in huge alignments.

128

00:08:05,520 --> 00:08:08,300

Some of them are in parallel lines.

129

00:08:08,400 --> 00:08:11,200

Some of them are fan-like.

130

00:08:11,300 --> 00:08:14,900

The Carnac alignments refer to rows of stones

131

00:08:15,000 --> 00:08:17,800

that run in precise lines for long distances

132

00:08:17,900 --> 00:08:19,380

through the landscape.

133

00:08:19,480 --> 00:08:24,140

This is long before Stonehenge and A3 and other such sites.

134

00:08:24,240 --> 00:08:26,140

So who were these people and how were they

135

00:08:26,200 --> 00:08:29,760

able to move up to 70-ton blocks over huge distances

136

00:08:29,860 --> 00:08:34,940

and lay them out into these geometric configurations?

137

00:08:35,040 --> 00:08:38,840

Some mainstream scholars suggest that the stones are simply

138

00:08:38,940 --> 00:08:42,740

grave markers, while others claim they track astronomical

139

00:08:42,840 --> 00:08:46,680

events like the solstice and equinox.

140

00:08:46,780 --> 00:08:49,620

But neither theory can explain the precise placement

141

00:08:49,720 --> 00:08:54,120

of the stones and geometric alignments.

142

00:08:54,180 --> 00:08:56,440

One of the most interesting of the Carnac alignments

143

00:08:56,540 --> 00:08:58,780

is the alignment of Manac.

144

00:08:58,880 --> 00:09:00,520

When viewed from above, we can see

145

00:09:00,620 --> 00:09:03,380

these 11 almost perfect parallel lines that

146

00:09:03,480 --> 00:09:06,320

stretch out for almost a mile.

147

00:09:06,420 --> 00:09:10,120

So the Manac alignment is so pristine and created

148

00:09:10,220 --> 00:09:12,060

with such perfection.

149

00:09:12,160 --> 00:09:14,760

We can't even imagine how it would have been done in ancient

150

00:09:14,860 --> 00:09:16,560

times.

151

00:09:16,660 --> 00:09:19,500

Now, we have to wonder what these lines were for.

152

00:09:19,600 --> 00:09:23,440

We have to wonder why they're so beautifully

153

00:09:23,500 --> 00:09:27,060

viewed from above.

154

00:09:27,160 --> 00:09:32,300

In 1970, Alexander Tom, a Scottish engineer who spent

155

00:09:32,400 --> 00:09:34,840

most of his life studying megaliths,

156

00:09:34,940 --> 00:09:37,440

performed a survey of Carnac and found

157

00:09:37,540 --> 00:09:40,080

that the stones appeared to be purposely arranged

158

00:09:40,180 --> 00:09:43,220

to form geometric designs.

159

00:09:43,320 --> 00:09:46,980

A particular interest was an egg-shaped stone formation

160

00:09:47,080 --> 00:09:49,720

at the west end of the Manac alignment,

161

00:09:49,820 --> 00:09:51,920

whose stones were precisely positioned

162

00:09:51,980 --> 00:09:54,280

to form perfect Pythagorean triangles.

163

00:09:56,980 --> 00:10:00,220

Tom's finding astonished archaeologists

164

00:10:00,320 --> 00:10:02,720

due to the fact that Pythagoras introduced

165

00:10:02,820 --> 00:10:06,820

this geometrical concept in the 6th century BC,

166

00:10:06,920 --> 00:10:12,200

more than 4,000 years after the Carnac stones were erected.

167

00:10:12,300 --> 00:10:16,040

One of the arrangements we have is a representation

168

00:10:16,140 --> 00:10:19,440

of the Pythagorean theorem, which is $A^2 + B^2$

169

00:10:19,540 --> 00:10:21,000

squared equals C^2 .

170

00:10:21,980 --> 00:10:25,380

How do we have that mathematical message

171

00:10:25,480 --> 00:10:31,780

in a archaeological site that's at least 7,000 years old?

172

00:10:31,880 --> 00:10:34,460

The constructions in Carnac is thousands of years

173

00:10:34,560 --> 00:10:37,120

older than Pythagoras, the Greek mathematician.

174

00:10:37,220 --> 00:10:40,860

So somebody must have teached our ancestors

175

00:10:40,960 --> 00:10:45,500

to put these stones in a certain line, in geometrical forms.

176

00:10:45,600 --> 00:10:47,500

Now, the question is simply why?

177

00:10:47,600 --> 00:10:48,800

I am absolutely sure.

178

00:10:48,900 --> 00:10:50,800

Some thousands of years in the past,

179

00:10:50,820 --> 00:10:53,500

the extra terrestrials who visited our planet

180

00:10:53,600 --> 00:10:56,460

left a proof behind.

181

00:10:56,560 --> 00:11:00,500

It's a message that somebody was here in the past

182

00:11:00,600 --> 00:11:03,100

who instructed our Stone Age people

183

00:11:03,200 --> 00:11:06,940

to put the stone here, put that stone there.

184

00:11:07,040 --> 00:11:10,540

Is it possible that the positioning of the Carnac stones

185

00:11:10,640 --> 00:11:13,720

was directed by extraterrestrial visitors,

186

00:11:13,820 --> 00:11:16,760

as ancient astronaut theorists suggest?

187

00:11:16,860 --> 00:11:20,320

But if so, was the intent simply to leave clues

188

00:11:20,340 --> 00:11:22,340

that they were here?

189

00:11:22,440 --> 00:11:25,780

Or might these standing stones and the thousands of others

190

00:11:25,880 --> 00:11:31,020

that exist across the world have served another purpose, one

191

00:11:31,120 --> 00:11:34,960

that can be found not by looking at the stones from above,

192

00:11:35,060 --> 00:11:38,100

but by understanding what lies beneath?

193

00:11:44,540 --> 00:11:48,480

Carnac, France, 1992.

194

00:11:48,740 --> 00:11:52,680

Pierre Moran, a French engineer in thermodynamics,

195

00:11:52,780 --> 00:11:55,780

performs a study of the Carnac stones, which

196

00:11:55,880 --> 00:11:59,380

produces some highly intriguing results.

197

00:11:59,480 --> 00:12:04,820

What he found was that the stones were aligned and placed

198

00:12:04,920 --> 00:12:09,520

over areas that had quartz fissures.

199

00:12:09,620 --> 00:12:14,060

The standing stones themselves are also made of quartz.

200

00:12:14,160 --> 00:12:15,560

Now, these stones, as I understand it,

201

00:12:15,660 --> 00:12:16,700

have a fair amount of quartz.

202

00:12:16,760 --> 00:12:19,520

And quartz is an interesting material,

203

00:12:19,620 --> 00:12:24,360

because we do connect it with piezoelectricity.

204

00:12:24,460 --> 00:12:28,300

Piezoelectricity is the process of generating electricity

205

00:12:28,400 --> 00:12:33,300

from crystals, like quartz, when they are placed under pressure.

206

00:12:33,400 --> 00:12:37,300

This technology is used today in watches, speakers,

207

00:12:37,400 --> 00:12:41,040

and computer storage systems.

208

00:12:41,140 --> 00:12:43,980

But in order for the stones found in the Carnac region

209

00:12:44,060 --> 00:12:47,220

to generate a charge, they would need to be stimulated

210

00:12:47,320 --> 00:12:48,960

by a tremendous amount of force.

211

00:12:51,760 --> 00:12:56,060

When studying the landscape of Carnac, Pierre Moran

212

00:12:56,160 --> 00:13:00,100

found fault zones, which these stone avenues appear

213

00:13:00,200 --> 00:13:02,300

to be aligned to.

214

00:13:02,400 --> 00:13:06,400

It's really interesting if there was tectonic movement,

215

00:13:06,500 --> 00:13:10,780

the quartz could be stimulated to create a release of energy

216

00:13:10,880 --> 00:13:12,540

using the piezoelectric effect.

217

00:13:14,040 --> 00:13:17,520

And these stones are standing in just the right locations

218

00:13:17,620 --> 00:13:20,020

where you can create a phenomena like this.

219

00:13:20,120 --> 00:13:23,520

You can store and create electromagnetic energy

220

00:13:23,620 --> 00:13:27,520

in these types of stones.

221

00:13:27,620 --> 00:13:30,400

In addition to being placed over a fault line,

222

00:13:30,500 --> 00:13:33,360

there is also the presence of a strong and measurable earth

223

00:13:33,460 --> 00:13:37,860

energy that lies beneath the stones.

224

00:13:37,960 --> 00:13:40,200

So one of the cool things about the earth

225

00:13:40,300 --> 00:13:42,140

is the currents that exist.

226

00:13:42,200 --> 00:13:43,800

And it's something we don't think about a lot,

227

00:13:43,900 --> 00:13:46,840

is that underneath the earth and the crust and the mantle

228

00:13:46,940 --> 00:13:48,740

and in the oceans and the water, there's

229

00:13:48,840 --> 00:13:51,140

constant electric current flowing.

230

00:13:51,240 --> 00:13:55,280

Some of it very reproducible and very steady.

231

00:13:55,380 --> 00:13:58,120

It seems as if the Carnac stones somehow

232

00:13:58,220 --> 00:14:02,760

were reflecting the presence of these electrical currents

233

00:14:02,860 --> 00:14:06,860

beneath the earth, almost as if the prehistoric peoples that

234

00:14:06,960 --> 00:14:10,760

created them were aware of the subtle energies of the earth.

235

00:14:12,200 --> 00:14:15,760

Somebody understood something about the quartz in the ground,

236

00:14:15,860 --> 00:14:18,440

the standing stones, and the fault line.

237

00:14:18,540 --> 00:14:20,600

It's too big of a coincidence for them

238

00:14:20,700 --> 00:14:23,440

not to have understood that.

239

00:14:23,540 --> 00:14:26,280

I think in Carnac, our ancestors did not

240

00:14:26,380 --> 00:14:27,920

know what they were creating.

241

00:14:28,020 --> 00:14:31,980

The entire region has over 4,000 stones.

242

00:14:32,080 --> 00:14:37,220

And of course, it was our human ancestors who moved that stone.

243

00:14:37,320 --> 00:14:39,820

It was not aliens who moved the stone,

244

00:14:39,880 --> 00:14:44,280

but somebody told our ancestors why to move it there

245

00:14:44,380 --> 00:14:47,280

and above all, how to move it there.

246

00:14:47,380 --> 00:14:55,220

Carnac, at some point, was an extraterrestrial hotspot.

247

00:14:55,320 --> 00:14:59,500

Were the stones at Carnac part of an electrical grid,

248

00:14:59,600 --> 00:15:02,500

one that was created by extraterrestrial visitors

249

00:15:02,600 --> 00:15:06,700

to tap into the natural energy produced by the earth?

250

00:15:06,760 --> 00:15:09,920

But if so, to what end?

251

00:15:10,020 --> 00:15:12,060

Perhaps further clues can be found

252

00:15:12,160 --> 00:15:14,800

by examining some of the strange events that

253

00:15:14,900 --> 00:15:17,560

have occurred near ancient standing stones.

254

00:15:21,100 --> 00:15:24,300

Rudston, England.

255

00:15:24,400 --> 00:15:26,540

This ancient village in Yorkshire

256

00:15:26,640 --> 00:15:30,340

has been inhabited for more than 5,000 years.

257

00:15:30,440 --> 00:15:32,580

And several of its neolithic structures

258

00:15:32,680 --> 00:15:36,180

are still standing, as well as a number

259

00:15:36,240 --> 00:15:41,540

of monoliths, but one towers above the rest.

260

00:15:41,640 --> 00:15:44,740

The Rudston monolith is the tallest standing

261

00:15:44,840 --> 00:15:46,340

stone in Britain.

262

00:15:46,440 --> 00:15:52,280

Currently, it is 25 feet in height, and it weighs 40 tons.

263

00:15:52,380 --> 00:15:57,620

Some researchers say that the monolith was found at Caiton Bay,

264

00:15:57,720 --> 00:16:01,480

which is about 10 miles from Rudston

265

00:16:01,580 --> 00:16:05,460

and was carried up onto the hill.

266

00:16:05,960 --> 00:16:09,440

So the effort involved to try to lift this stone

267

00:16:09,540 --> 00:16:12,940

in an upright position is beyond imagination.

268

00:16:16,380 --> 00:16:19,380

Archaeologists believe the Rudston monolith dates back

269

00:16:19,480 --> 00:16:24,880

to at least 2,500 BC, but some point to evidence

270

00:16:24,980 --> 00:16:27,380

that it could be far older.

271

00:16:27,480 --> 00:16:32,080

Well, we know that people have lived nearby Rudston

272

00:16:32,180 --> 00:16:35,160

for over 11,000 years.

273

00:16:35,960 --> 00:16:38,400

In the Mesolithic era, because there

274

00:16:38,500 --> 00:16:41,200

have been some fantastic excavations which

275

00:16:41,300 --> 00:16:46,940

have revealed the oldest house dwelling in the UK.

276

00:16:47,040 --> 00:16:49,940

So the Rudston monolith could be as old as that.

277

00:16:53,840 --> 00:16:58,280

If the Rudston monolith really is 11,000 years old,

278

00:16:58,380 --> 00:17:00,820

that would mean it was transported and erected

279

00:17:00,920 --> 00:17:04,720

some 6,000 years before the invention of the wheel.

280

00:17:04,780 --> 00:17:06,980

And according to local historians,

281

00:17:07,080 --> 00:17:10,260

just as mysterious as the origins of the giant standing

282

00:17:10,360 --> 00:17:13,220

stone is the strange phenomena that have been

283

00:17:13,320 --> 00:17:17,300

observed in the area for centuries.

284

00:17:17,400 --> 00:17:19,000

This particular area of the world

285

00:17:19,100 --> 00:17:22,640

is known as the Bermuda Triangle of East Yorkshire.

286

00:17:22,740 --> 00:17:25,240

And there's a multitude of strange phenomena

287

00:17:25,340 --> 00:17:28,580

that people report, strange lights,

288

00:17:28,680 --> 00:17:33,340

and older coerces in the sky and on the ground.

289

00:17:33,400 --> 00:17:36,740

We have reports of high strangeness in the region,

290

00:17:36,840 --> 00:17:40,400

dating back to the 10th century.

291

00:17:40,500 --> 00:17:44,240

We have accounts of lights in the sky,

292

00:17:44,340 --> 00:17:47,480

intelligent light forms that seem to have a purpose

293

00:17:47,580 --> 00:17:50,880

and a will of their own.

294

00:17:50,980 --> 00:17:54,320

People get electric shocks off the Rudston monolith.

295

00:17:54,420 --> 00:17:57,300

They have altered states, experiences.

296

00:17:57,400 --> 00:18:02,100

People claim to have seen green skinned, fairy-like folks

297

00:18:02,160 --> 00:18:05,200

scuttling around the Rudston.

298

00:18:05,300 --> 00:18:08,600

Aerial phenomena are reported in that region,

299

00:18:08,700 --> 00:18:12,200

lights in the sky, weird things that

300

00:18:12,300 --> 00:18:17,080

happen to electronic equipment, weird magnetic anomalies.

301

00:18:17,180 --> 00:18:21,440

So clearly, there is something going on there.

302

00:18:21,540 --> 00:18:24,740

So you have to wonder, is the Rudston monolith there

303

00:18:24,840 --> 00:18:27,320

because of all these strange effects?

304

00:18:27,420 --> 00:18:30,060

Or perhaps the Rudston monolith itself

305

00:18:30,120 --> 00:18:33,680

is helping create some of these effects.

306

00:18:33,780 --> 00:18:36,120

But how could an ancient standing stone

307

00:18:36,220 --> 00:18:39,760

be the source of such unusual phenomena?

308

00:18:39,860 --> 00:18:43,000

Are Earth energies being amplified by the monolith,

309

00:18:43,100 --> 00:18:46,140

just like at Karnak?

310

00:18:46,240 --> 00:18:49,240

Ancient astronaut theorists say yes,

311

00:18:49,340 --> 00:18:52,840

and suggest there is far more to the Rudston monolith

312

00:18:52,940 --> 00:18:54,040

than meets the eye.

313

00:19:01,060 --> 00:19:04,220

In the early 1700s, English scholar

314

00:19:04,320 --> 00:19:07,820

William Stuckey conducted an excavation at the site

315

00:19:07,920 --> 00:19:10,460

of the Rudston monolith and discovered

316

00:19:10,560 --> 00:19:13,960

that the rock was twice as large as previously thought,

317

00:19:14,060 --> 00:19:18,000

with half of it, lodged in the Earth.

318

00:19:18,100 --> 00:19:20,400

What's interesting about the Rudston monolith,

319

00:19:20,500 --> 00:19:23,740

they discovered this extension of the stone

320

00:19:23,840 --> 00:19:28,440

went 25 feet below the surface, as well as 25 feet

321

00:19:28,940 --> 00:19:30,660

above the surface.

322

00:19:30,760 --> 00:19:34,500

This is what makes this monolith the largest standing

323

00:19:34,600 --> 00:19:37,640

stone in Britain.

324

00:19:37,740 --> 00:19:39,000

What was the purpose?

325

00:19:39,100 --> 00:19:41,440

I mean, it's a lot of effort that they're

326

00:19:41,540 --> 00:19:45,080

doing for no real reason that we can gather.

327

00:19:45,180 --> 00:19:48,020

It seems that they're tapping into certain places

328

00:19:48,120 --> 00:19:51,680

where this energy from the Earth can be gathered

329

00:19:51,780 --> 00:19:54,160

and then somehow emitted.

330

00:19:54,260 --> 00:19:57,660

Could it be that the ancient people embedded this 50 foot

331

00:19:57,780 --> 00:20:01,280

tall stone, a full 25 feet deep in the ground,

332

00:20:01,380 --> 00:20:05,260

has an attempt to tap into Earth energies?

333

00:20:05,360 --> 00:20:09,060

Curiously, the Rudston monolith, like the Carnac stones

334

00:20:09,160 --> 00:20:13,600

in France, is composed primarily of highly conductive quartz

335

00:20:13,700 --> 00:20:15,300

crystal.

336

00:20:15,400 --> 00:20:18,040

The monolith is grit stone.

337

00:20:18,140 --> 00:20:21,940

And grit stone is a conglomerate of sandstone

338

00:20:22,040 --> 00:20:26,380

with large grains of quartz like sand.

339

00:20:26,440 --> 00:20:30,400

Grit stone has a high degree of conductivity

340

00:20:30,500 --> 00:20:33,640

because of the electromagnetic frequencies

341

00:20:33,740 --> 00:20:37,080

that quartz can contain in some stones.

342

00:20:37,180 --> 00:20:40,680

So it is a conductor of energy.

343

00:20:40,780 --> 00:20:44,420

And also like Carnac, Rudston is a location where there

344

00:20:44,520 --> 00:20:46,720

are strong Earth energies.

345

00:20:46,820 --> 00:20:50,420

Some suspect this is due in part to the presence of the Gypsy

346

00:20:50,520 --> 00:20:54,260

Race River that runs beneath the Earth here.

347

00:20:54,320 --> 00:20:56,920

The Gypsy Race is a type of river

348

00:20:57,020 --> 00:20:59,220

that flows above ground, then underground,

349

00:20:59,320 --> 00:21:02,360

and above ground again, weaving in and out of the Earth

350

00:21:02,460 --> 00:21:04,920

rather like a giant worm.

351

00:21:05,020 --> 00:21:08,900

The Gypsy Race River is known as the Waters of Woe

352

00:21:09,000 --> 00:21:12,160

because it's said to flood before calamity strikes,

353

00:21:12,260 --> 00:21:17,000

such as a war, famine, or a plague.

354

00:21:17,100 --> 00:21:20,540

One of the times in which the Rudston's Gypsy Race River

355

00:21:20,640 --> 00:21:23,640

flooded was just before a meteorite.

356

00:21:23,760 --> 00:21:29,360

It's hardly surprising that people think the Gypsy Race

357

00:21:29,460 --> 00:21:34,440

leaves rise to energy vortices in the Earth.

358

00:21:34,540 --> 00:21:38,540

Rudston is also believed to be at a conversions point of what

359

00:21:38,640 --> 00:21:40,840

are known as lay lines.

360

00:21:40,940 --> 00:21:44,120

In the 1920s, English landscape photographer

361

00:21:44,220 --> 00:21:47,120

Alfred Watkins made the curious discovery

362

00:21:47,220 --> 00:21:48,920

that many of the prehistoric standing

363

00:21:49,020 --> 00:21:52,720

stones and significant ancient sites of England and France

364

00:21:52,780 --> 00:21:56,680

line up in perfectly straight lines.

365

00:21:56,780 --> 00:21:59,080

Other researchers have since theorized

366

00:21:59,180 --> 00:22:02,780

that the ancient people placed standing stones and structures

367

00:22:02,880 --> 00:22:06,620

along these lines because they were somehow aware of underlying

368

00:22:06,720 --> 00:22:07,620

energy currents.

369

00:22:10,420 --> 00:22:15,460

I think the ancients followed a line of energy

370

00:22:15,560 --> 00:22:19,300

and placed certain monuments and monoliths, stones that

371

00:22:19,400 --> 00:22:21,600

could activate those lines of energy.

372

00:22:22,580 --> 00:22:25,100

The Rudston monolith apparently is

373

00:22:25,200 --> 00:22:28,740

at a junction of three lay lines.

374

00:22:28,840 --> 00:22:32,800

And there's an energy associated with these.

375

00:22:32,900 --> 00:22:35,000

It's a subtle energy, but it's there,

376

00:22:35,100 --> 00:22:38,580

and it can be amplified by these standing stones.

377

00:22:42,680 --> 00:22:46,180

Was the Rudston monolith erected by ancient people

378

00:22:46,280 --> 00:22:49,280

who were aware that this is a place of powerful Earth

379

00:22:49,380 --> 00:22:49,980

energy?

380

00:22:51,880 --> 00:22:55,560

Or is it possible, as ancient astronaut theorists believe,

381

00:22:55,660 --> 00:22:59,960

that they were directed by other worldly visitors?

382

00:23:00,060 --> 00:23:02,000

The ancients knew what they were doing.

383

00:23:02,100 --> 00:23:04,900

They would place them in stones, in specific spots,

384

00:23:05,000 --> 00:23:06,540

and it would affect the energy.

385

00:23:06,640 --> 00:23:09,840

But were they working with other beings to do this?

386

00:23:09,940 --> 00:23:11,500

We have to ask these kind of questions,

387

00:23:11,600 --> 00:23:13,940

because why would they do it?

388

00:23:14,040 --> 00:23:16,900

There's so much energy that is being recorded at these sites

389

00:23:17,000 --> 00:23:19,780

that we have to look at this seriously.

390

00:23:19,860 --> 00:23:23,860

It seems as if it was the result of some kind of contact

391

00:23:23,960 --> 00:23:29,260

with entities, perhaps even extraterrestrials.

392

00:23:29,360 --> 00:23:31,600

Ancient astronaut theorists point out

393

00:23:31,700 --> 00:23:33,960

that although no written records exist

394

00:23:34,060 --> 00:23:37,140

to document the origins of the prehistoric standing stones

395

00:23:37,240 --> 00:23:40,880

found around the world, many of the ancient cultures

396

00:23:40,980 --> 00:23:43,240

attributed them to other worldly beings.

397

00:23:46,780 --> 00:23:49,280

In Wiltshire, England, legend says

398

00:23:49,880 --> 00:23:51,280

that the monoliths of Stonehenge were

399

00:23:51,380 --> 00:23:56,360

erected by the magician Merlin, who was not of this Earth.

400

00:23:56,460 --> 00:23:59,160

The great 20th century French philosopher and historian

401

00:23:59,260 --> 00:24:04,120

Jean Marquel wrote over 40 books on the Celtic traditions

402

00:24:04,220 --> 00:24:07,960

and was adamant that Merlin was an incredibly powerful other

403

00:24:08,060 --> 00:24:09,500

worldly being.

404

00:24:09,600 --> 00:24:10,900

And in the number of the legends,

405

00:24:11,000 --> 00:24:13,200

Merlin brought the understanding of how

406

00:24:13,300 --> 00:24:17,100

to utilize these stones in some extraordinary way,

407

00:24:17,160 --> 00:24:22,140

in terms of technology, communications, energy.

408

00:24:22,240 --> 00:24:24,740

Now also in the Breton legends of Karnak,

409

00:24:24,840 --> 00:24:27,740

Michael the Archangel comes down to Earth incarnate

410

00:24:27,840 --> 00:24:30,580

and brings this extraordinary information

411

00:24:30,680 --> 00:24:35,220

to this very powerful place to build these alignments that

412

00:24:35,320 --> 00:24:37,720

occur at Karnak, to create the energy,

413

00:24:37,820 --> 00:24:43,300

to harness the energy, to utilize it in some way.

414

00:24:43,320 --> 00:24:46,560

For ancient astronaut theorists, the most compelling account

415

00:24:46,660 --> 00:24:49,100

of all comes from Ireland.

416

00:24:49,200 --> 00:24:53,700

According to Celtic legend, the Leofal, a sacred stone used

417

00:24:53,800 --> 00:24:57,480

in the coronation of kings, was placed on the hill of Tara

418

00:24:57,580 --> 00:25:02,720

by mysterious beings known as the Tuha de Danan.

419

00:25:02,820 --> 00:25:05,380

They were said to appear on mountaintops

420

00:25:05,480 --> 00:25:11,260

amidst dark clouds floating down in ships from the sky.

421

00:25:11,320 --> 00:25:14,560

And they brought great knowledge of the architecture,

422

00:25:14,660 --> 00:25:17,460

metalworking, medicine to Ireland.

423

00:25:17,560 --> 00:25:20,060

In Irish tradition, the Tuha de Danan possessed

424

00:25:20,160 --> 00:25:23,560

god-like powers, but they were mortals.

425

00:25:23,660 --> 00:25:27,040

And so wonder, what are they talking about here?

426

00:25:27,140 --> 00:25:29,700

Leofal arrived with the Tuatha de Danan.

427

00:25:29,800 --> 00:25:32,440

So it has this mystical kind of history

428

00:25:32,540 --> 00:25:37,080

that goes way, way back, potentially thousands of years.

429

00:25:37,180 --> 00:25:39,780

Is it possible that these stories of other worldly

430

00:25:39,840 --> 00:25:43,080

visitations are not merely mythology,

431

00:25:43,180 --> 00:25:46,440

but are based on actual events?

432

00:25:46,540 --> 00:25:49,180

And were standing stones carefully placed

433

00:25:49,280 --> 00:25:52,220

for some energetic purpose?

434

00:25:52,320 --> 00:25:56,760

Perhaps the answer can be found by examining our own modern day

435

00:25:56,860 --> 00:25:59,460

efforts to harness the power of the Earth.

436

00:25:59,460 --> 00:26:02,560

Long Island, New York.

437

00:26:02,660 --> 00:26:06,900

March 1901.

438

00:26:07,000 --> 00:26:10,300

After years of experimentation, famed engineer

439

00:26:10,400 --> 00:26:13,600

and inventor Nikola Tesla begins construction

440

00:26:13,700 --> 00:26:17,840

on the Wardenclyffe Tower outside the town of Shorham.

441

00:26:17,940 --> 00:26:21,540

The project is an attempt to wirelessly train

442

00:26:21,640 --> 00:26:25,920

the Tuatha de Dananian people to the city of Shorham.

443

00:26:25,980 --> 00:26:29,280

The project is an attempt to wirelessly transmit

444

00:26:29,380 --> 00:26:30,820

electricity through the ground.

445

00:26:33,580 --> 00:26:35,560

Tesla invented almost everything

446

00:26:35,660 --> 00:26:40,000

that brought forward our modern society with electrical power.

447

00:26:40,100 --> 00:26:43,960

And his idea was to power the world wirelessly

448

00:26:44,060 --> 00:26:46,160

without having to have this big infrastructure.

449

00:26:46,260 --> 00:26:48,940

All they would need was towers around the world.

450

00:26:49,040 --> 00:26:52,340

His biggest test was at Wardencllyffe in Long Island.

451

00:26:52,400 --> 00:26:57,340

And it was a large tower that has a strange array conductor

452

00:26:57,440 --> 00:26:58,400

on top of it.

453

00:26:58,500 --> 00:27:00,000

And then a large conducting pipe that

454

00:27:00,100 --> 00:27:02,980

went way deep into the granite basin underneath it.

455

00:27:03,080 --> 00:27:05,240

What he was really doing was grounding his system

456

00:27:05,340 --> 00:27:07,740

into the Earth, electrically connecting it to the Earth

457

00:27:07,840 --> 00:27:10,680

and transmitting power around the Earth.

458

00:27:10,780 --> 00:27:13,380

And there are minerals and salts and things in the ground

459

00:27:13,480 --> 00:27:14,820

that are conducted.

460

00:27:14,920 --> 00:27:17,260

And you can actually pass electromagnetic energy,

461

00:27:17,360 --> 00:27:19,560

electrical current, through the ground.

462

00:27:19,580 --> 00:27:23,120

His plan was to send wireless power through the Earth

463

00:27:23,220 --> 00:27:26,460

and over vast distances.

464

00:27:26,560 --> 00:27:29,420

Tesla's dream of harnessing the natural electricity

465

00:27:29,520 --> 00:27:32,000

of the Earth to broadcast wireless power

466

00:27:32,100 --> 00:27:35,700

was cut short when he lost funding in 1904

467

00:27:35,800 --> 00:27:38,540

and abandoned the project.

468

00:27:38,640 --> 00:27:40,240

But another experiment he secretly

469

00:27:40,340 --> 00:27:43,840

conducted in Colorado Springs five years earlier

470

00:27:43,940 --> 00:27:48,280

allegedly proved the technology could work.

471

00:27:48,340 --> 00:27:51,380

During the test, Tesla placed light bulbs attached

472

00:27:51,480 --> 00:27:55,340

to metal conductors into the ground as much as 26 miles

473

00:27:55,440 --> 00:27:58,080

from the power source in his laboratory.

474

00:27:58,180 --> 00:28:02,220

He then signaled his assistant to turn on the wireless system

475

00:28:02,320 --> 00:28:06,920

and watched as the light bulbs became illuminated.

476

00:28:07,020 --> 00:28:09,620

He actually lit light bulbs many miles away

477

00:28:09,720 --> 00:28:11,560

with his experiment in Colorado.

478

00:28:11,660 --> 00:28:16,300

And this was implementing the electrical conductivity

479

00:28:16,360 --> 00:28:19,760

of the Earth in a way that nobody else has really

480

00:28:19,860 --> 00:28:22,260

been able to do efficiently since then.

481

00:28:22,360 --> 00:28:25,100

More than a century later, scientists

482

00:28:25,200 --> 00:28:28,240

are still attempting to replicate what Tesla was able

483

00:28:28,340 --> 00:28:31,440

to achieve in Colorado.

484

00:28:31,540 --> 00:28:34,640

But is it possible that he was not the first to conceive

485

00:28:34,740 --> 00:28:38,940

of drawing electricity from the Earth?

486

00:28:39,040 --> 00:28:41,480

When we think about what Tesla was doing with this Warden

487

00:28:41,580 --> 00:28:45,420

clip tower, and we compare that with what we see at standing

488

00:28:45,480 --> 00:28:48,240

stones like Karnak, we have to wonder

489

00:28:48,340 --> 00:28:50,640

if the ancients were trying to create some sort of electrical

490

00:28:50,740 --> 00:28:54,920

system similar to what Tesla was proposing.

491

00:28:55,020 --> 00:28:59,160

When thermodynamics engineer Pierre Moreau studied the Karnak

492

00:28:59,260 --> 00:29:03,020

stones in France in 1992, he concluded

493

00:29:03,120 --> 00:29:05,560

that they do, in fact, store energy

494

00:29:05,660 --> 00:29:08,860

by connecting to an electric source just below the surface

495

00:29:08,960 --> 00:29:13,900

of the Earth, much like Tesla's Warden Clif Tower.

496

00:29:13,960 --> 00:29:17,400

But if the ancient people were placing standing stones

497

00:29:17,500 --> 00:29:20,700

in order to tap into Earth's energy currents,

498

00:29:20,800 --> 00:29:24,760

what exactly were they using this energy for?

499

00:29:24,860 --> 00:29:28,400

Energy can be amplified by these standing stones,

500

00:29:28,500 --> 00:29:32,440

and it can be emitted as well, much

501

00:29:32,540 --> 00:29:35,540

like we use antennas and towers, radio towers,

502

00:29:35,640 --> 00:29:37,340

and things like that.

503

00:29:37,440 --> 00:29:40,420

We have to wonder, does it have to do with extraterrestrials

504

00:29:40,520 --> 00:29:42,720

and spacecraft?

505

00:29:42,780 --> 00:29:46,180

Some have suggested that these standing stones may

506

00:29:46,280 --> 00:29:52,320

have been used as a fuel device for some type of craft,

507

00:29:52,420 --> 00:29:56,420

and while at first, this sounds absolutely insane.

508

00:29:56,520 --> 00:29:59,860

The more you think about it, the more it makes sense.

509

00:29:59,960 --> 00:30:03,000

A Soviet scientist by the name of Kardashev

510

00:30:03,100 --> 00:30:08,900

came up with a scale where the advancement of a society

511

00:30:09,000 --> 00:30:12,300

is determined by its energy use.

512

00:30:12,360 --> 00:30:17,260

So what if somebody came here who has been around longer

513

00:30:17,360 --> 00:30:22,100

than us and has figured out how to harness the energy

514

00:30:22,200 --> 00:30:27,700

of the planet through use of standing stones?

515

00:30:27,800 --> 00:30:32,040

Now, just imagine that you're on a long trip,

516

00:30:32,140 --> 00:30:34,880

and you have an electric vehicle,

517

00:30:34,980 --> 00:30:38,980

and when you leave your house, you plan your trip around places

518

00:30:39,040 --> 00:30:41,200

that you know you can recharge.

519

00:30:41,300 --> 00:30:45,680

Well, now imagine that you're in advanced civilization,

520

00:30:45,780 --> 00:30:48,680

and you're going to a new planet,

521

00:30:48,780 --> 00:30:50,880

but you understand planetary physics

522

00:30:50,980 --> 00:30:54,520

and that planets will generate certain locations that

523

00:30:54,620 --> 00:30:57,920

have more electromagnetic anomalies than others.

524

00:30:58,020 --> 00:31:00,420

That might be a fueling station.

525

00:31:00,520 --> 00:31:05,160

Would they leave a marker that says fuel here?

526

00:31:05,260 --> 00:31:07,060

Maybe they would.

527

00:31:07,560 --> 00:31:10,160

It's interesting that flying saucers

528

00:31:10,260 --> 00:31:15,360

are very commonly seen around power lines and power plants,

529

00:31:15,460 --> 00:31:17,860

but in ancient times, they didn't have those power lines

530

00:31:17,960 --> 00:31:19,860

running all over the world.

531

00:31:19,960 --> 00:31:22,060

But what they did have were these standing stones

532

00:31:22,160 --> 00:31:26,800

so extraterrestrials can take the stored energy that's

533

00:31:26,900 --> 00:31:32,140

in these standing stones, recharge their own craft,

534

00:31:32,240 --> 00:31:35,940

and then fly on to another one of these standing stones

535

00:31:35,960 --> 00:31:37,560

somewhere.

536

00:31:37,660 --> 00:31:42,000

Could this be the answer to the mystery of the standing stones?

537

00:31:42,100 --> 00:31:44,940

Did alien visitors instruct our ancestors

538

00:31:45,040 --> 00:31:47,800

on where to place them so that they could tap

539

00:31:47,900 --> 00:31:52,540

into the Earth's natural energy to charge their craft?

540

00:31:52,640 --> 00:31:55,880

As far as ancient astronaut theorists are concerned,

541

00:31:55,980 --> 00:31:59,080

the answer is a resounding yes.

542

00:31:59,180 --> 00:32:03,120

But they suggest this technology was used for far greater

543

00:32:03,200 --> 00:32:08,400

purposes and claim the proof can be found in ancient Egypt.

544

00:32:17,340 --> 00:32:18,340

Cairo, Egypt.

545

00:32:21,580 --> 00:32:26,220

20 miles northeast of the iconic Giza pyramid complex

546

00:32:26,320 --> 00:32:29,720

stands the world's oldest surviving obelisk,

547

00:32:29,760 --> 00:32:34,700

dating to roughly 1900 BC.

548

00:32:34,800 --> 00:32:38,900

Originating from the Greek obeleskos, meaning pointed pillar,

549

00:32:39,000 --> 00:32:42,200

an obelisk is a tall, four-sided, narrow tapering

550

00:32:42,300 --> 00:32:46,300

monument which ends in a pyramidion at the top.

551

00:32:46,400 --> 00:32:50,280

In Egypt, hieroglyphs were carved into all four sides,

552

00:32:50,380 --> 00:32:53,680

and they often recorded battles, special events,

553

00:32:53,780 --> 00:32:56,220

or the history of the region.

554

00:32:56,320 --> 00:32:58,960

The obelisks of Egypt were erected

555

00:32:59,100 --> 00:33:01,560

maybe centuries after standing stones like the ones

556

00:33:01,660 --> 00:33:03,300

in Karnak in Brittany.

557

00:33:03,400 --> 00:33:04,760

But they're monoliths, too.

558

00:33:04,860 --> 00:33:08,400

One solid piece of stone.

559

00:33:08,500 --> 00:33:12,800

The obelisks of Egypt, too, are made of red granite.

560

00:33:12,900 --> 00:33:15,880

And red granite is a very special kind of granite.

561

00:33:15,980 --> 00:33:20,440

It's infused with tiny quartz crystals.

562

00:33:20,540 --> 00:33:25,380

And this gives the obelisk a certain type of energy.

563

00:33:25,400 --> 00:33:29,280

And the ancient peoples were aware of this energy that

564

00:33:29,380 --> 00:33:32,380

was coming out of the obelisk.

565

00:33:32,480 --> 00:33:36,020

They actually thought the obelisk was alive.

566

00:33:36,120 --> 00:33:40,620

And this is very reminiscent of the ancient standing stones

567

00:33:40,720 --> 00:33:42,360

that are even older.

568

00:33:42,460 --> 00:33:45,800

Is it more than mere coincidence that the Egyptians

569

00:33:45,900 --> 00:33:50,000

erected monolithic stones that were rich in quartz crystal?

570

00:33:50,100 --> 00:33:53,040

Just like ancient cultures in other parts of the world

571

00:33:53,100 --> 00:33:56,840

did, thousands of years earlier, had they discovered

572

00:33:56,940 --> 00:34:01,040

the secret of the ancient standing stones and their power

573

00:34:01,140 --> 00:34:03,940

to harness the energy of the Earth,

574

00:34:04,040 --> 00:34:06,780

ancient astronaut theorists say yes,

575

00:34:06,880 --> 00:34:10,820

and point out that the Egyptians believed the obelisks provided

576

00:34:10,920 --> 00:34:14,660

a profound connection to the gods.

577

00:34:14,760 --> 00:34:16,720

The obelisk itself, like a cathedral,

578

00:34:16,820 --> 00:34:18,360

lifts up into the heavens.

579

00:34:18,460 --> 00:34:20,400

It is pointing to the heavens.

580

00:34:20,420 --> 00:34:23,220

It is a connection to the gods.

581

00:34:23,320 --> 00:34:25,700

And at the top of an obelisk in ancient Egypt,

582

00:34:25,800 --> 00:34:28,860

there was a special stone, the capstone, the pyramidium.

583

00:34:28,960 --> 00:34:30,600

It was the shape of a pyramid.

584

00:34:30,700 --> 00:34:33,200

It was made of specially fine granite,

585

00:34:33,300 --> 00:34:36,340

polished with some hieroglyphics.

586

00:34:36,440 --> 00:34:40,840

But the main detail was it was brightly gilded in pure gold

587

00:34:40,940 --> 00:34:44,180

so that the sun would bounce off that and beams

588

00:34:44,280 --> 00:34:46,280

would glow for miles around.

589

00:34:46,380 --> 00:34:48,780

It must have been dazzling.

590

00:34:49,280 --> 00:34:53,080

This was the point of contact between humans and the gods.

591

00:34:53,180 --> 00:34:56,280

This was how we communicated with the gods

592

00:34:56,380 --> 00:34:57,980

through that stone.

593

00:34:58,080 --> 00:35:01,720

You'll see the top of the obelisk reaching into the sky.

594

00:35:01,820 --> 00:35:04,960

They think of it as sort of an axis Monday.

595

00:35:05,060 --> 00:35:08,860

It's a way of connecting Earth with the heavens.

596

00:35:08,960 --> 00:35:12,100

Egypt was given, according to ancient texts,

597

00:35:12,200 --> 00:35:14,400

the powers of heaven.

598

00:35:14,500 --> 00:35:17,400

Egypt became a mirror of the heavens.

599

00:35:18,840 --> 00:35:21,500

And the powers that were found in the heavens

600

00:35:21,600 --> 00:35:26,380

are found on Earth in Egypt, as above so below.

601

00:35:26,480 --> 00:35:28,780

Mainstream scholars interpret this connection

602

00:35:28,880 --> 00:35:31,720

to the heavens as purely symbolic.

603

00:35:31,820 --> 00:35:34,160

But ancient astronaut theorists suggest

604

00:35:34,260 --> 00:35:36,320

that the obelisks were recreating

605

00:35:36,420 --> 00:35:38,600

the technology of another world.

606

00:35:38,700 --> 00:35:40,460

And that these giant stone pillars

607

00:35:40,560 --> 00:35:44,300

were part of a vast wireless energy grid, one that also

608

00:35:44,400 --> 00:35:47,000

incorporated the power of the pyramids.

609

00:35:48,840 --> 00:35:53,480

It's a fascinating idea that likely would charge a phone

610

00:35:53,580 --> 00:35:56,540

on a charging pad just by placing it there.

611

00:35:56,640 --> 00:36:01,220

These extraterrestrials can recharge their own craft

612

00:36:01,320 --> 00:36:05,120

off of these standing stones and obelisks.

613

00:36:05,220 --> 00:36:07,860

You have to wonder whether pyramids had exactly the same

614

00:36:07,960 --> 00:36:09,060

purpose.

615

00:36:09,160 --> 00:36:12,860

Could there be even more highly advanced technology

616

00:36:12,960 --> 00:36:15,500

way beyond any technology that we even know?

617

00:36:16,120 --> 00:36:17,600

A lot of people don't realize this,

618

00:36:17,700 --> 00:36:21,560

but Tesla's original design for the Warden Cliff Tower

619

00:36:21,660 --> 00:36:24,440

was actually to be the same height as is the pyramid

620

00:36:24,540 --> 00:36:28,040

from the base to the tip of where that conductor piece used

621

00:36:28,140 --> 00:36:29,580

to be on top of the pyramid.

622

00:36:29,680 --> 00:36:34,580

And at the time he was building it in the 1908-ish time frame,

623

00:36:34,680 --> 00:36:37,680

JP Morgan had an expedition in the pyramids,

624

00:36:37,780 --> 00:36:40,220

and were sending information to Tesla

625

00:36:40,320 --> 00:36:42,720

while he was working on the Warden Cliff Tower.

626

00:36:42,820 --> 00:36:43,920

Nobody knew that.

627

00:36:44,420 --> 00:36:46,740

Nobody knows why and what the results of that

628

00:36:46,840 --> 00:36:52,220

was and to what end, but it seems suspect that Tesla wanted

629

00:36:52,320 --> 00:36:55,660

to do something with wireless transmission of power

630

00:36:55,760 --> 00:36:59,000

from a system that's the same height as the pyramids.

631

00:36:59,100 --> 00:37:02,840

Do they believe that that's what the pyramids were for?

632

00:37:02,940 --> 00:37:06,040

The walls of the great pyramid, like the obelisks,

633

00:37:06,140 --> 00:37:09,740

contain a high concentration of quartz crystal.

634

00:37:09,840 --> 00:37:12,080

Could it be that this massive monument,

635

00:37:12,100 --> 00:37:14,000

in conjunction with the obelisks,

636

00:37:14,100 --> 00:37:17,940

made up a global wireless energy network?

637

00:37:18,040 --> 00:37:21,480

By placing some of these obelisks and standing stones

638

00:37:21,580 --> 00:37:24,380

around the Earth in combination with pyramids,

639

00:37:24,480 --> 00:37:25,980

if you have the correct technology,

640

00:37:26,080 --> 00:37:27,480

you can use that energy.

641

00:37:27,580 --> 00:37:31,820

And these standing stones become antennas and power beacons

642

00:37:31,920 --> 00:37:33,420

and all kinds of things.

643

00:37:33,520 --> 00:37:37,260

And it seems that this could have been a worldwide system

644

00:37:37,360 --> 00:37:41,700

of power and that spacecraft, sun,

645

00:37:42,400 --> 00:37:44,400

submarines, other electric devices

646

00:37:44,500 --> 00:37:47,100

could brawl their power from the atmosphere

647

00:37:47,200 --> 00:37:50,900

because it was being put out by these pyramids

648

00:37:51,000 --> 00:37:54,640

and by these obelisks.

649

00:37:54,740 --> 00:37:57,040

Might the world that Nikola Tesla envisioned

650

00:37:57,140 --> 00:37:59,640

at the beginning of the 20th century

651

00:37:59,740 --> 00:38:02,880

have actually existed right here on Earth thousands

652

00:38:02,980 --> 00:38:04,320

of years ago?

653

00:38:04,420 --> 00:38:08,480

Ancient astronaut theorists say yes and suggest

654

00:38:08,580 --> 00:38:10,160

there is even evidence that parts

655

00:38:10,220 --> 00:38:13,880

of this wireless energy system may still be in use today.

656

00:38:22,320 --> 00:38:23,460

Tara, Ireland.

657

00:38:26,400 --> 00:38:29,360

Continuing a 6,000-year-old tradition,

658

00:38:29,460 --> 00:38:32,560

thousands congregate on the Hill of Tara every June

659

00:38:32,660 --> 00:38:35,440

to celebrate the summer solstice and gather

660

00:38:35,540 --> 00:38:39,640

around the sacred stone called Leofal.

661

00:38:39,720 --> 00:38:43,020

In Aksum, Ethiopia, the ancient granite obelisks

662

00:38:43,120 --> 00:38:47,120

attract more than 20,000 tourists every year.

663

00:38:47,220 --> 00:38:50,820

And more than 800,000 tourists will visit Wilshire, England

664

00:38:50,920 --> 00:38:55,860

this year to gaze upon the iconic monoliths of Stonehenge.

665

00:38:55,960 --> 00:38:58,500

After thousands of years, humankind

666

00:38:58,600 --> 00:39:03,540

remains mesmerized by the ancient standing stones.

667

00:39:03,640 --> 00:39:06,640

There's just some energy and mystery

668

00:39:06,740 --> 00:39:12,080

that's associated with them that really grasps humans.

669

00:39:12,180 --> 00:39:14,520

To the point where all of these places today

670

00:39:14,620 --> 00:39:19,420

are now major sacred places and tourist spots,

671

00:39:19,520 --> 00:39:22,560

was it something that the extraterrestrials had set up

672

00:39:22,660 --> 00:39:25,560

and has now fallen into disuse?

673

00:39:25,660 --> 00:39:30,000

A giant matrix and grid around the Earth

674

00:39:30,100 --> 00:39:33,240

that was functioning in ancient times?

675

00:39:33,300 --> 00:39:36,400

And now all we have is just sort of remnants

676

00:39:36,500 --> 00:39:40,740

of this ancient power grid that was once completely

677

00:39:40,840 --> 00:39:42,080

around the Earth.

678

00:39:42,180 --> 00:39:45,320

It's a fantastic thought.

679

00:39:45,420 --> 00:39:49,020

But considering the geological makeup of these ancient stones

680

00:39:49,120 --> 00:39:51,860

and their potential for transmitting energy,

681

00:39:51,960 --> 00:39:55,420

is it possible that they are more than just majestic monuments

682

00:39:55,520 --> 00:39:57,260

to the past?

683

00:39:57,360 --> 00:40:01,100

Could other worldly visitors be drawing power from them

684

00:40:01,200 --> 00:40:02,860

even today?

685

00:40:02,920 --> 00:40:05,760

What is so interesting is that monoliths

686

00:40:05,860 --> 00:40:10,300

are very strongly associated with UFO sightings.

687

00:40:10,400 --> 00:40:15,440

Mysterious lights have been seen at the Rudstone Monolith.

688

00:40:15,540 --> 00:40:19,440

People witness these strange lights and UFOs

689

00:40:19,540 --> 00:40:24,140

above the Carnac Stones in France.

690

00:40:24,240 --> 00:40:29,180

Near Stonehenge in England, each year strange crop circles

691

00:40:29,200 --> 00:40:30,880

appear.

692

00:40:30,980 --> 00:40:34,080

And in the very same locality, you

693

00:40:34,180 --> 00:40:37,720

have mysterious lights, UFO abductions,

694

00:40:37,820 --> 00:40:43,420

disappearances, time slips, things like this taking place.

695

00:40:43,520 --> 00:40:47,700

Plasma UFOs have been seen and reported,

696

00:40:47,800 --> 00:40:51,860

and these continue to this day.

697

00:40:51,960 --> 00:40:56,700

Perhaps these standing stones are storing energy,

698

00:40:56,800 --> 00:40:58,540

they're emitting energy.

699

00:40:58,560 --> 00:41:01,340

And with the right technology and instruments,

700

00:41:01,440 --> 00:41:03,800

you can pick these stones up, these standing stones

701

00:41:03,900 --> 00:41:06,780

from hundreds of miles away.

702

00:41:06,880 --> 00:41:10,080

The point is that the standing stone formations

703

00:41:10,180 --> 00:41:12,880

that we find all around the world

704

00:41:12,980 --> 00:41:19,020

are pieces of the puzzle of the ancient astronaut theory

705

00:41:19,120 --> 00:41:24,300

that long ago, we received visits from outer space,

706

00:41:24,400 --> 00:41:28,460

and we were visited by none other than our first teachers.

707

00:41:28,560 --> 00:41:31,200

On Planet Earth.

708

00:41:31,300 --> 00:41:34,600

Do the standing stones found across the world

709

00:41:34,700 --> 00:41:38,180

represent the remains of a sophisticated global electrical

710

00:41:38,280 --> 00:41:42,320

grid, one that exceeds the most advanced technology we possess

711

00:41:42,420 --> 00:41:43,920

today?

712

00:41:44,020 --> 00:41:47,560

And if so, could Earth be part of a universal network

713

00:41:47,660 --> 00:41:51,520

of spaceports built for interplanetary travel?

714

00:41:51,620 --> 00:41:54,460

Perhaps with further examination of the ancient

715

00:41:54,560 --> 00:41:57,300

monoliths, we will learn to harness their power

716

00:41:57,320 --> 00:42:02,300

ourselves and continue the legacy of our alien ancestors.

717

00:42:02,400 --> 00:42:08,140
