

1

00:00:00,000 --> 00:00:05,000

All over the world, governments are now openly investigating

2

00:00:05,000 --> 00:00:08,000

unidentified flying objects.

3

00:00:08,000 --> 00:00:12,000

We've seen a dramatic increase in UFO reports

4

00:00:12,000 --> 00:00:15,000

in a number of countries around the world.

5

00:00:15,000 --> 00:00:18,000

From democracies to dictatorships,

6

00:00:18,000 --> 00:00:21,000

world leaders have begun releasing secret

7

00:00:21,000 --> 00:00:24,000

and still unexplained video evidence.

8

00:00:24,000 --> 00:00:28,000

Even in a closed country like China,

9

00:00:28,000 --> 00:00:32,000

what we're seeing is acknowledgement of the UFO phenomenon.

10

00:00:32,000 --> 00:00:36,000

But why are governments that once denied UFOs

11

00:00:36,000 --> 00:00:39,000

suddenly launching serious inquiries?

12

00:00:39,000 --> 00:00:41,000

And if the new spirit of openness spreads,

13

00:00:41,000 --> 00:00:44,000

where might that lead?

14

00:00:44,000 --> 00:00:48,000

After nearly 80 years of denying and debunking,

15

00:00:48,000 --> 00:00:51,000

you have international cooperation and liaison.

16

00:00:51,000 --> 00:00:55,000

This is governments acknowledging that there's a potential threat

17

00:00:55,000 --> 00:00:58,000

and that something needs to be done.

18

00:01:01,000 --> 00:01:05,000

There is a doorway in the universe.

19

00:01:05,000 --> 00:01:10,000

Beyond it is the promise of truth.

20

00:01:10,000 --> 00:01:15,000

It demands we question everything we have ever been taught.

21

00:01:15,000 --> 00:01:19,000

The evidence is all around us.

22

00:01:19,000 --> 00:01:23,000

The future is right before our eyes.

23

00:01:23,000 --> 00:01:26,000

We are not alone.

24

00:01:26,000 --> 00:01:29,000

We have never been alone.

25

00:01:39,000 --> 00:01:40,000

Washington, D.C.

26

00:01:40,000 --> 00:01:44,000

June 25, 2021.

27

00:01:44,000 --> 00:01:47,000

The United States government breaks a 70-year precedent

28

00:01:47,000 --> 00:01:52,000

of denying UFOs and releases a groundbreaking report

29

00:01:52,000 --> 00:01:56,000

on unidentified aerial phenomena.

30

00:01:56,000 --> 00:02:03,000

The nine-page unclassified document identifies 144 UAP incidents

31

00:02:03,000 --> 00:02:08,000

and concludes that only one of them can be explained.

32

00:02:08,000 --> 00:02:12,000

For the first time, you actually had the U.S. government

33

00:02:12,000 --> 00:02:17,000

putting out physical evidence that any person

34

00:02:17,000 --> 00:02:20,000

in the United States or around the globe could click on

35

00:02:20,000 --> 00:02:24,000

and see and say, OK, what's that about?

36

00:02:24,000 --> 00:02:26,000

And I think you're left with the impression

37

00:02:26,000 --> 00:02:30,000

that this is something extremely unusual,

38

00:02:30,000 --> 00:02:34,000

highly unlikely that it's sourced to a foreign government

39

00:02:34,000 --> 00:02:36,000

or to the U.S. government,

40

00:02:36,000 --> 00:02:40,000

and therefore you're left with what?

41

00:02:40,000 --> 00:02:46,000

I hope that because of the recent openness of the U.S. government,

42

00:02:46,000 --> 00:02:48,000

some of our allies will take a cue from that.

43

00:02:48,000 --> 00:02:50,000

These things are not an American phenomena.

44

00:02:50,000 --> 00:02:52,000

They are seen all over the world.

45

00:02:52,000 --> 00:02:55,000

They've been seen on every continent, in every culture,

46

00:02:55,000 --> 00:02:56,000

throughout human history.

47

00:02:56,000 --> 00:02:59,000

The fact is that Russia, like the U.S., like China,

48

00:02:59,000 --> 00:03:01,000

like most other world governments,

49

00:03:01,000 --> 00:03:05,000

has been interested in this topic forever.

50

00:03:05,000 --> 00:03:09,000

In the last few years, we've seen a dramatic increase

51

00:03:09,000 --> 00:03:13,000

in UFO reports in a number of countries around the world.

52

00:03:13,000 --> 00:03:18,000

In South America, also in Iran, in the Philippines,

53

00:03:18,000 --> 00:03:21,000

in Japan, and even China.

54

00:03:23,000 --> 00:03:27,000

When I look at the best cases of military pilots, commercial pilots,

55

00:03:27,000 --> 00:03:32,000

all over the world, caught on radar, ground radar,

56

00:03:32,000 --> 00:03:36,000

ground and airborne radar, multiple aircraft ground and airborne radar,

57

00:03:36,000 --> 00:03:38,000

it's clearly a worldwide phenomenon.

58

00:03:38,000 --> 00:03:42,000

While the United States officially denied investigating UAPs,

59

00:03:42,000 --> 00:03:47,000

until 2017, some nations had always been ahead

60

00:03:47,000 --> 00:03:50,000

in their approach to the subject.

61

00:03:51,000 --> 00:03:56,000

Leading the world and UAP research is the South American country of Chile.

62

00:03:58,000 --> 00:04:02,000

In 1997, the Chilean government officially instructed

63

00:04:02,000 --> 00:04:05,000

air traffic control and military personnel

64

00:04:05,000 --> 00:04:10,000

to create the Committee for the Study of Anomalous Aerial Phenomenon.

65

00:04:10,000 --> 00:04:14,000

The Committee studies all reports of UAP activity

66

00:04:14,000 --> 00:04:18,000

by commercial, military and civilian pilots.

67

00:04:18,000 --> 00:04:21,000

One of the most well-publicized was a shocking incident

68

00:04:21,000 --> 00:04:26,000

that occurred in 2014, when Chilean naval officers

69

00:04:26,000 --> 00:04:31,000

flying along the coast of Santiago captured video of a UAP.

70

00:04:32,000 --> 00:04:36,000

There was an incident in 2014 where a military helicopter

71

00:04:36,000 --> 00:04:38,000

got video of a strange object.

72

00:04:38,000 --> 00:04:41,000

It kind of looked like a rocket with some sort of plume behind it.

73

00:04:43,000 --> 00:04:46,000

And they said they were at about 4,500 feet.

74

00:04:46,000 --> 00:04:51,000

They have nine minutes of fairly clear video that exists on this.

75

00:04:51,000 --> 00:04:53,000

The Chilean military studied it for two years,

76

00:04:53,000 --> 00:04:56,000

and they were not able to identify this at all.

77

00:04:57,000 --> 00:05:01,000

Chile, like many other South American countries,

78

00:05:01,000 --> 00:05:05,000

seemed to be far more open to the idea that there are objects

79

00:05:05,000 --> 00:05:07,000

coming into our espos.

80

00:05:09,000 --> 00:05:13,000

I think one of the reasons why South American countries

81

00:05:13,000 --> 00:05:17,000

are more open-minded about the UFO and the extraterrestrial question

82

00:05:17,000 --> 00:05:21,000

is because it is part of their cultural heritage.

83

00:05:23,000 --> 00:05:27,000

In fact, Peru and Bolivia, they're treasure troves

84

00:05:27,000 --> 00:05:29,000

for the ancient astronaut theory.

85

00:05:29,000 --> 00:05:32,000

The whole pre-Inca culture and even the Inca culture

86

00:05:32,000 --> 00:05:37,000

spoke of these beings of light that descended from the sky.

87

00:05:39,000 --> 00:05:42,000

And so these countries essentially blew up

88

00:05:42,000 --> 00:05:48,000

with this intrinsic knowledge of someone up in the sky.

89

00:05:49,000 --> 00:05:53,000

Brazil has had a history of really dramatic UFO encounters.

90

00:05:54,000 --> 00:05:57,000

Chile, I think Uruguay, may be as well,

91

00:05:57,000 --> 00:06:00,000

but the whole world didn't pay much attention to it.

92

00:06:00,000 --> 00:06:04,000

In addition to South America, now other parts of the world

93

00:06:04,000 --> 00:06:08,000

are also starting to disclose information about UFOs.

94

00:06:09,000 --> 00:06:12,000

Governments are openly investigating encounters reported

95

00:06:12,000 --> 00:06:15,000

by both civilians and military personnel.

96

00:06:16,000 --> 00:06:19,000

But many researchers believe the most noteworthy country

97

00:06:19,000 --> 00:06:24,000

to join this international effort is also one of the most skeptical.

98

00:06:25,000 --> 00:06:26,000

Japan.

99

00:06:26,000 --> 00:06:31,000

In 2018, the Japanese government released an official statement

100

00:06:31,000 --> 00:06:34,000

denying the existence of UFOs.

101

00:06:35,000 --> 00:06:39,000

For the longest time in Japan, those in charge,

102

00:06:39,000 --> 00:06:42,000

those at the top of the defense departments,

103

00:06:42,000 --> 00:06:46,000

have denied UFOs, showed a disinterest in UFOs,

104

00:06:46,000 --> 00:06:51,000

basically a complete dismissal of the UFO topic completely.

105

00:06:51,000 --> 00:06:54,000

The Japanese government made a sudden press release

106

00:06:54,000 --> 00:06:58,000

that said they would not recognize any UFO encounters

107

00:06:58,000 --> 00:07:02,000

or extraterrestrial presence on Earth or in the airspace of Japan.

108

00:07:03,000 --> 00:07:06,000

I thought this was very strange as we had already interviewed

109

00:07:06,000 --> 00:07:11,000

two pilots who had several incidents and testimonies

110

00:07:11,000 --> 00:07:15,000

that they gave us regarding various pilots' encounters

111

00:07:15,000 --> 00:07:18,000

in the air and from the ground over the years

112

00:07:18,000 --> 00:07:20,000

when they were active in the military.

113

00:07:21,000 --> 00:07:26,000

Mimoru Sato, a former wing commander in the Japanese Self-Defense Force,

114

00:07:26,000 --> 00:07:29,000

said that he regularly heard stories from other pilots

115

00:07:29,000 --> 00:07:33,000

as well as civilians about UAP sightings.

116

00:07:37,000 --> 00:07:40,000

Some people said there's something strange out there.

117

00:07:40,000 --> 00:07:43,000

There were a lot of opportunities to see inexplicable things,

118

00:07:43,000 --> 00:07:47,000

such as UFOs, that were monitoring the sky and training in the sky.

119

00:07:47,000 --> 00:07:50,000

And it was my subjective view that we should make a report

120

00:07:50,000 --> 00:07:53,000

and organize these things as correct data.

121

00:07:53,000 --> 00:07:56,000

But even when this happened, it was only shared among colleagues

122

00:07:56,000 --> 00:07:58,000

and not reported publicly.

123

00:08:02,000 --> 00:08:06,000

According to Sato, numerous pilots have reported highly unusual encounters

124

00:08:06,000 --> 00:08:10,000

with what they described as cigar-shaped objects.

125

00:08:10,000 --> 00:08:14,000

During one such incident, a student in his fighter pilot course

126

00:08:14,000 --> 00:08:17,000

even lost control of his craft.

127

00:08:20,000 --> 00:08:23,000

He said, the aircraft started going crazy.

128

00:08:23,000 --> 00:08:26,000

The alarm rang to indicate that something was wrong with the machine.

129

00:08:26,000 --> 00:08:32,000

I saw cigar-shaped objects flying about 1,500 meters high from east to west.

130

00:08:32,000 --> 00:08:35,000

The anomaly continued until it disappeared.

131

00:08:36,000 --> 00:08:39,000

For years, pilots in the Japanese military

132

00:08:39,000 --> 00:08:43,000

were instructed to remain silent about such incidents.

133

00:08:44,000 --> 00:08:51,000

But in September 2020, Japan's decades-long policy of secrecy and denial came to an end

134

00:08:51,000 --> 00:08:56,000

when Defense Minister Taro Kono tasked the Japanese self-defense forces

135

00:08:56,000 --> 00:09:01,000

to make a visual recording of any encounter with an unexplained craft.

136

00:09:01,000 --> 00:09:07,000

Many believe this very public shift in policy was prompted by a meeting held one month earlier

137

00:09:07,000 --> 00:09:11,000

between Minister Kono and his U.S. counterpart.

138

00:09:12,000 --> 00:09:14,000

Defense Secretary Mark Esper.

139

00:09:15,000 --> 00:09:21,000

The Japanese, after this meeting, gave a press conference.

140

00:09:21,000 --> 00:09:27,000

And they said one of the topics that came up was unidentified aerial phenomena.

141

00:09:27,000 --> 00:09:31,000

And we talked about the need to cooperate on this.

142

00:09:32,000 --> 00:09:37,000

That's a major development, I think, when you have close allies like the U.S. and Japan

143

00:09:37,000 --> 00:09:40,000

openly speaking about the UFO issue and agreeing to cooperate.

144

00:09:40,000 --> 00:09:43,000

We've come so far in such a short amount of time.

145

00:09:43,000 --> 00:09:49,000

The fact that Japan denied that there was UFO activity happening in their country

146

00:09:49,000 --> 00:09:56,000

and now they're establishing the Japanese Space Operations Squadron

147

00:09:56,000 --> 00:10:01,000

says to me that there clearly is something going on over the skies of Japan.

148

00:10:02,000 --> 00:10:06,000

Ancient astronaut theorists suggest governments throughout the world

149

00:10:06,000 --> 00:10:10,000

are finally beginning to acknowledge that there may be objects in our skies

150

00:10:10,000 --> 00:10:13,000

that are not of this Earth.

151

00:10:13,000 --> 00:10:18,000

And they say that when it comes to promoting investigation and transparency,

152

00:10:18,000 --> 00:10:23,000

one of the biggest proponents is also one of the most unlikely,

153

00:10:23,000 --> 00:10:26,000

the Royal Family of Britain.

154

00:10:30,000 --> 00:10:34,000

London, England, June 30th, 2021.

155

00:10:35,000 --> 00:10:39,000

Adam Meeting of the House of Lords, the second chamber of parliament.

156

00:10:39,000 --> 00:10:45,000

Minister of Defense, Baroness Annabel Goldie, is questioned about the just-released report

157

00:10:45,000 --> 00:10:49,000

on unidentified aerial phenomena issued by the United States

158

00:10:49,000 --> 00:10:55,000

and is asked if the UK plans on issuing a report of its own.

159

00:10:56,000 --> 00:11:00,000

Baroness Goldie answered in a way that said that there is no threat.

160

00:11:00,000 --> 00:11:06,000

She was very careful how she phrased it. She said there has never been a proven threat.

161

00:11:07,000 --> 00:11:14,000

Reading between the lines, that said to me that unless these things are going to start shooting at our aeroplanes,

162

00:11:14,000 --> 00:11:16,000

they're not considered a threat.

163

00:11:16,000 --> 00:11:21,000

But while the British Parliament has no plans to release its own UAP report,

164

00:11:21,000 --> 00:11:25,000

it was recently discovered that for more than 70 years,

165

00:11:25,000 --> 00:11:32,000

UFO activity was closely monitored by some of the most prominent members of the Royal Family.

166

00:11:34,000 --> 00:11:43,000

April 9th, 2021. Prince Philip, Duke of Edinburgh, passes away at the age of 99.

167

00:11:43,000 --> 00:11:48,000

As publications across the world report on his incredible life,

168

00:11:48,000 --> 00:11:54,000

it comes to light that the Prince had a long-held fascination with the UFO phenomenon.

169

00:11:54,000 --> 00:12:03,000

When Prince Philip died in the spring of 2021, there was a bit of a surprise to the British public,

170

00:12:03,000 --> 00:12:12,000

and that was that Prince Philip had a huge collection of books on UFOs that went right back to the mid-1940s.

171

00:12:13,000 --> 00:12:17,000

He had an associate named Sir Peter Horsley, who was a former RAF pilot.

172

00:12:17,000 --> 00:12:27,000

He was a good friend of Prince Philip, and back in the mid-1950s, was charged by the Prince to do a lot of research into this whole flying saucer situation.

173

00:12:29,000 --> 00:12:34,000

The two of them over the years researched and investigated this quietly,

174

00:12:34,000 --> 00:12:43,000

kept an eye on all the developments, secretly subscribed to various UFO magazines and newsletters,

175

00:12:43,000 --> 00:12:50,000

and even had witnesses interviewed. But a lot of this, of course, was highly sensitive.

176

00:12:51,000 --> 00:12:58,000

And here you have the Queen's husband, Prince Philip, Duke of Edinburgh, researching and investigating UFOs.

177

00:12:59,000 --> 00:13:03,000

Had the news got out, it would have caused a sensation.

178

00:13:04,000 --> 00:13:11,000

While those within the UFO community had long been aware of Prince Philip's investigations into strange phenomena,

179

00:13:11,000 --> 00:13:15,000

most of the public only learned of it with his passing.

180

00:13:15,000 --> 00:13:24,000

And it also came to light that another member of the British royal family was responsible for one of Great Britain's earliest UFO reports.

181

00:13:26,000 --> 00:13:29,000

Hampshire, England, 1955.

182

00:13:30,000 --> 00:13:34,000

On the morning of February 23rd at 8.30 a.m.,

183

00:13:34,000 --> 00:13:39,000

Bricklayer Frederick Briggs is riding his bike when he encounters a startling sight.

184

00:13:40,000 --> 00:13:44,000

An enormous object in the sky above his employer's estate.

185

00:13:46,000 --> 00:13:52,000

He said this thing was huge. It was hovering short distance above the ground.

186

00:13:52,000 --> 00:13:59,000

Some sort of column descended and a figure emerged, a humanoid figure,

187

00:13:59,000 --> 00:14:05,000

wearing some sort of dark uniform and perhaps wearing a hat or a helmet.

188

00:14:06,000 --> 00:14:13,000

And at one point he talks about a force knocking him off his bicycle and holding him down.

189

00:14:13,000 --> 00:14:20,000

And he talks about the UFO as having windows around the side of it and seeing a strange light.

190

00:14:21,000 --> 00:14:24,000

It's a quite extraordinary account.

191

00:14:26,000 --> 00:14:34,000

This close encounter event was so remarkable to Fred Briggs that he thought it was necessary to tell the actual owner

192

00:14:34,000 --> 00:14:36,000

of this estate.

193

00:14:36,000 --> 00:14:44,000

And that just so happened to be Lord Mountbatten, who was the uncle of Prince Philip who was married to Queen Elizabeth.

194

00:14:45,000 --> 00:14:54,000

At the time of the sighting, Lord Louis Mountbatten, former Governor General of India, was the

first sea lord of the British Royal Navy.

195

00:14:55,000 --> 00:15:03,000

This is a UFO sighting at the home of one of the most senior figures in the British establishment.

196

00:15:04,000 --> 00:15:07,000

We know so much about this because they recorded the whole thing.

197

00:15:07,000 --> 00:15:13,000

They actually took a statement from the bricklayer. Lord Mountbatten wrote up a report. They all signed them all.

198

00:15:14,000 --> 00:15:18,000

This apparently was a very credible account according to Lord Mountbatten.

199

00:15:18,000 --> 00:15:21,000

And he talked extensively to Prince Philip about this.

200

00:15:21,000 --> 00:15:24,000

I mean you have to assume this whole thing went through the entire Royal household.

201

00:15:24,000 --> 00:15:27,000

You have to assume Queen Elizabeth knew all about this.

202

00:15:28,000 --> 00:15:41,000

Lord Mountbatten would have access as friends and colleagues to the people in the M.O.D. who were keeping the secret information about UFOs and E.T.s.

203

00:15:42,000 --> 00:15:52,000

And that is my guess, is the fuel that kept Prince Philip so interested because they were telling each other this is real. This is true.

204

00:15:53,000 --> 00:16:00,000

While the Royal Family was secretly investigating UFOs in the 1950s, so too was the British government.

205

00:16:01,000 --> 00:16:14,000

In 1988, researchers unearthed a five-page report from 1951 buried in the National Archive detailing the findings of a group called the Flying Saucer Working Party.

206

00:16:15,000 --> 00:16:23,000

One of the British government's first forays into the whole UFO mystery was the Flying Saucer

Working Party.

207

00:16:23,000 --> 00:16:29,000

It examined a range of UFO sightings, mainly reported by military witnesses.

208

00:16:30,000 --> 00:16:35,000

The Flying Saucer Working Party met briefly for about 12 months.

209

00:16:35,000 --> 00:16:47,000

It comprised of five scientists and it was originally met in October of 1950 and by June of 1951 it produced a report.

210

00:16:47,000 --> 00:16:51,000

And the report basically said we're going to debunk it following America's lead.

211

00:16:53,000 --> 00:16:57,000

I've always interpreted this report as orders from above.

212

00:16:57,000 --> 00:17:05,000

You know, someone said, look, we don't need the lower levels to start getting worked up over these UFO reports.

213

00:17:06,000 --> 00:17:18,000

The Flying Saucer Working Party was shut down following the 1951 report, but it inspired interest from prominent figures within the British government and led to further investigations.

214

00:17:19,000 --> 00:17:29,000

In 1952, Winston Churchill, back as Prime Minister in the UK, said to the Air Ministry and to his Chief Scientific Advisor,

215

00:17:29,000 --> 00:17:32,000

what does all this stuff about flying saucers mean?

216

00:17:32,000 --> 00:17:42,000

Just the year after Churchill wrote that memo, the Ministry of Defence actually set up the UFO program where I worked in later years.

217

00:17:43,000 --> 00:17:50,000

The government's official position was there's nothing here to suggest a reality to the phenomenon.

218

00:17:52,000 --> 00:18:07,000

I think the reality behind closed doors was very different and there have always been those of us who felt this was an extremely serious defence and national security issue.

219

00:18:08,000 --> 00:18:20,000

While the British government continues to be less than forthcoming regarding its UFO investigations, perhaps the world's best model of transparency has emerged just across the English Channel.

220

00:18:21,000 --> 00:18:35,000

In France, collaborative efforts by space, military and government agencies have recently uncovered more than 400 encounters that remain entirely unexplained.

221

00:18:38,000 --> 00:18:42,000

Paris, France, 1977.

222

00:18:42,000 --> 00:18:52,000

The National Centre for Space Studies establishes an organisation to record eyewitness accounts of abnormal phenomena observed in the sky.

223

00:18:53,000 --> 00:19:02,000

Known today as J-PON, which translated stands for the Group for Studies and Information on Unidentified Aerospace Phenomenon.

224

00:19:02,000 --> 00:19:13,000

The unit has amassed more than 100,000 pages worth of UAP reports and in 2007, the group did something unprecedented.

225

00:19:13,000 --> 00:19:17,000

It shared all of its files with the public.

226

00:19:17,000 --> 00:19:23,000

France is quite unorthodox when it comes to how governments are dealing with UFOs.

227

00:19:23,000 --> 00:19:32,000

They released all their UFO data and they said, here's where we're at. As we get new information, we're just going to release it to you, the public.

228

00:19:32,000 --> 00:19:37,000

They did something that no one had ever done before. It was the first time it had ever happened.

229

00:19:38,000 --> 00:19:45,000

France is one of these countries that both culturally and also governmentally have made a point to be in front of the UFO issue.

230

00:19:45,000 --> 00:20:04,000

This is a rarity because of the national security implications, but it shows us an opportunity where the public can be informed alongside the government with the fundamental reality that UFOs are real, that the presence on planet Earth has been durational.

231

00:20:04,000 --> 00:20:13,000

It has been here a long time and there is a mystery that we need to look at. It is our right to know and our duty to find out.

232

00:20:14,000 --> 00:20:24,000

G-PON posted information on their website on over 1600 cases and concluded that 28% of them cannot be explained by conventional events.

233

00:20:26,000 --> 00:20:31,000

And a number of these unexplained sightings were reported by multiple witnesses.

234

00:20:31,000 --> 00:20:42,000

One of the most sensational encounters took place more than 45 years ago on a clear, cloudless night at a combat flight school to the southwest of Paris.

235

00:20:43,000 --> 00:20:55,000

There was an incident on March 3, 1976, when French fighter pilots were engaged in a training mission. Every five minutes, T-33 planes were taking off from the air base near Tours.

236

00:20:56,000 --> 00:21:04,000

Flying solo at an altitude of 20,000 feet, each student pilot had to navigate a route of several hundred miles.

237

00:21:06,000 --> 00:21:18,000

One of these pilots was flying with several other flights just behind him. He suddenly saw this huge green fireball coming straight at him.

238

00:21:19,000 --> 00:21:26,000

And in fact, he thought that it was going to hit his plane and he covered his eyes and braced for impact.

239

00:21:26,000 --> 00:21:35,000

And just then, this green fireball went off to one side and clipped the wing of his jet fighter.

240

00:21:35,000 --> 00:21:44,000

He was amazed that he had actually survived this and had no idea what happened, but two pilots behind him had seen the same thing.

241

00:21:44,000 --> 00:21:55,000

Nothing was recorded on the radar on the ground, but the fact remains is that highly trained military pilots saw this object. They couldn't explain what they actually saw.

242

00:21:57,000 --> 00:22:09,000

Commercial airline pilots were also involved in an extraordinary incident that occurred over the French capital. This time, the reported UFO encounter took place in broad daylight.

243

00:22:10,000 --> 00:22:18,000

On January 28, 1994, Air France Flight 3532 was flying from Nice, France to London, England.

244

00:22:18,000 --> 00:22:30,000

They were just over Paris when all of a sudden the pilots reported seeing an orange-ish reddish disc about 30 miles away. It was changing its form.

245

00:22:31,000 --> 00:22:49,000

It transforms into a bell from a bell into a lens from a lens back into a bell. And they kept watching this transformation, which today we know this is one of the key signatures in the UFO phenomena.

246

00:22:50,000 --> 00:23:00,000

Later, when they made their report, they found out that radar had also tracked this disc and they had no explanation for it at all.

247

00:23:01,000 --> 00:23:07,000

These are just two examples of the 400 incidents that could not be explained.

248

00:23:08,000 --> 00:23:20,000

France's decision to share its data with the public is unprecedented. Then again, their entire approach to UAPs stands in stark contrast to the way the rest of the world operates.

249

00:23:21,000 --> 00:23:32,000

If you look at the history of government UFO programs, most nations that have had one embed those programs in either the Air Force or the Department of Defense.

250

00:23:32,000 --> 00:23:41,000

The French have a different model. Their UFO program is embedded in their national space agency.

251

00:23:42,000 --> 00:23:58,000

And they're provided with data from the military. And so it's this trilateral commission, almost, of space, public, military and government working together to release to the public current information on UFOs.

252

00:23:59,000 --> 00:24:08,000

What you get is a less secretive and threat-orientated approach and a more open scientific inquiry.

253

00:24:09,000 --> 00:24:14,000

If you embed a UFO program in the military, their first question is, is this a threat?

254

00:24:15,000 --> 00:24:26,000

If you embed it in the scientific community, their question is, what is the true nature of this phenomenon and can we do any scientific experiments to validate this?

255

00:24:26,000 --> 00:24:32,000

So if you look at the way things are done in France, that might be a model for the future here in the U.S.

256

00:24:33,000 --> 00:24:41,000

Ancient astronaut theorists hope that France's collaborative approach to UAP investigations becomes the norm around the world.

257

00:24:42,000 --> 00:24:53,000

But even as more nations seem willing to share information about UAPs, China, the western world's most secretive adversary, remains mostly silent.

258

00:24:53,000 --> 00:24:59,000

Recent developments, however, suggest they know more than they are letting on.

259

00:25:04,000 --> 00:25:22,000

Hongzhou, China. July 7, 2010. Air traffic at Jiangshan International Airport, one of the busiest

in the entire nation, grinds to a halt when pilots spot a UFO hovering over the runway.

260

00:25:24,000 --> 00:25:37,000

You have Chinese pilots coming into the airport there and they actually are reporting unusual shaped object, unusual object maneuvering, to the extent that it prompted the airport to essentially shut down for an hour.

261

00:25:38,000 --> 00:25:43,000

I think there were 18 flights that were diverted away from the airport during that hour.

262

00:25:44,000 --> 00:25:49,000

There was a lot of speculation as to what this thing was and we don't really have an answer to this day.

263

00:25:49,000 --> 00:25:53,000

The airport was in the air, and we found that there was a suspicion of the UFO hovering over the runway.

264

00:25:54,000 --> 00:26:01,000

So in order to ensure the safety of the aircraft, we had to go to other airport to avoid the aircraft.

265

00:26:02,000 --> 00:26:11,000

Neither civilian nor military authorities were able to identify the object, and the Chinese government made no official comment on the situation.

266

00:26:12,000 --> 00:26:21,000

But behind the scenes, the incident and its implications worried Chinese officials, and an investigation was launched.

267

00:26:22,000 --> 00:26:29,000

That incident really shocked the Chinese, and at that point they thought, OK, we've got to see what's going on here.

268

00:26:30,000 --> 00:26:39,000

For decades, investigators around the world suspected China had a deep interest in unidentified aerial phenomena.

269

00:26:40,000 --> 00:26:50,000

But the Chinese government is historically secretive, and members of the UFO community have had difficulty obtaining information on their methods of UAP research.

270

00:26:51,000 --> 00:26:59,000

It's very difficult to extract reliable information about what countries like China are doing in relation to UFOs.

271

00:27:00,000 --> 00:27:04,000

About the only thing we know for sure is that there are government programs looking at this.

272

00:27:05,000 --> 00:27:14,000

The Chinese government is notoriously closed and secretive on a range of issues, so it doesn't surprise me that it's the case on UFOs as well.

273

00:27:15,000 --> 00:27:19,000

But in the 21st century, secrets have become harder and harder to keep.

274

00:27:21,000 --> 00:27:29,000

The UFO sighting at Jiangshan Airport was only one of over 3,000 reported in China over the past two decades.

275

00:27:30,000 --> 00:27:38,000

And in the years that followed the sightings at Hongzhou, China has undergone a significant change in its approach to UAPs.

276

00:27:39,000 --> 00:27:55,000

June 2019, China's early warning academy, a division of the People's Liberation Army Air Force, issues a government report acknowledging an increase in what they refer to as unidentified air conditions.

277

00:27:56,000 --> 00:28:11,000

So in China, what we call unidentified aerial phenomena, they call unidentified air conditions, and they've set up new task force to look at this.

278

00:28:11,000 --> 00:28:34,000

China is getting a lot of UFO reports, and one interesting thing about what China does to collect UFO reports is that they work very closely with all of these independent Chinese UFO groups that are around the country.

279

00:28:35,000 --> 00:28:51,000

Their public has UFO clubs that have a million or more members. They have multiple clubs that are so much bigger than our little tiny UFO groups, Mu Fan and things like that, which are very valuable, but compared to these Chinese groups, oh my gosh, it's gigantic.

280

00:28:51,000 --> 00:29:06,000

There's no problem in China for you to start up your own UFO group, but you are absolutely going to be in communication with Chinese authorities, and they actively monitor every one of those groups.

281

00:29:07,000 --> 00:29:28,000

In 2019, in the same report that revealed China's UAP program, Air Force Early Warning Academy researcher Chen Li also stated that the country would become the first in the world to use AI or artificial intelligence to analyze all information related to UAPs.

282

00:29:28,000 --> 00:29:42,000

It seems that they are looking for patterns in the data to see historically whether examination of past reports can throw up any patterns that human analysts might have missed.

283

00:29:42,000 --> 00:29:54,000

And this is a very important aspect for the future as the technology improves. One of the things in the recent report to the US Congress was that the United States needs to start doing this.

284

00:29:54,000 --> 00:30:01,000

We don't want a situation where the Chinese government gets ahead of the game, so there's a gap to be closed there.

285

00:30:04,000 --> 00:30:15,000

I can easily see the benefit from having a very, very excellent program to analyze these patterns, because that's what you're looking for, is you're looking for anomalous patterns.

286

00:30:15,000 --> 00:30:20,000

And so the fact that China is announcing that they're doing it was quite significant.

287

00:30:20,000 --> 00:30:32,000

The Chinese have really stepped up their own official UFO investigations, and it's the People's Liberation Army itself that spearheading this.

288

00:30:34,000 --> 00:30:42,000

Could events in China indicate that there is a global mandate to share information about unidentified aerial phenomena?

289

00:30:42,000 --> 00:31:00,000

While it may appear that governments around the world are becoming more transparent, shocking statements recently made by a pioneer of space exploration may indicate that much bigger secrets with far greater implications continue to be closely guarded.

290

00:31:01,000 --> 00:31:04,000

The National Defense Ministry

291

00:31:07,000 --> 00:31:09,000

Tel Aviv, Israel

292

00:31:10,000 --> 00:31:13,000

December, 2020

293

00:31:14,000 --> 00:31:26,000

General Haim Echidt, the former head of Israel's Defense Ministry's space directorate, sits for an interview with the Yediot Aharonot newspaper. What he reveals is highly unexpected.

294

00:31:27,000 --> 00:31:36,000

General Haidt is quoted as saying, the UFOs have asked not to disclose that they are here. The human race is not ready for them.

295

00:31:38,000 --> 00:31:41,000

He then proceeds to divulge even more shocking revelations.

296

00:31:43,000 --> 00:31:53,000

Haim Echidt said that the Americans and the Israelis and other Western nations are part of a federation with extraterrestrials.

297

00:31:54,000 --> 00:31:58,000

And what he described was something similar to what's in Star Trek.

298

00:31:59,000 --> 00:32:09,000

A galactic federation of extraterrestrials, and they are wanting Earth to join this federation.

299

00:32:10,000 --> 00:32:17,000

Echidt was the head of Israel's Defense Ministry space programs for 30 years.

300

00:32:17,000 --> 00:32:22,000

And so this is an extremely credible person with this information.

301

00:32:23,000 --> 00:32:28,000

I can't imagine someone more credible in Israel than Haim Echidt to make those statements.

302

00:32:29,000 --> 00:32:39,000

He was the head of space security. He was a general. He was a professor, an engineer. He knows his stuff. He knows what's ours and what isn't flying around out there.

303

00:32:40,000 --> 00:32:45,000

Haim Echidt is one of the most fascinating humans on this planet.

304

00:32:45,000 --> 00:32:52,000

He was personally responsible for the overseeing and the launch of 20 critical satellites in Israel.

305

00:32:53,000 --> 00:32:59,000

He's saying it, we are not alone and then comes the other twist.

306

00:33:00,000 --> 00:33:03,000

It isn't humans that are holding it back.

307

00:33:03,000 --> 00:33:13,000

It's the extraterrestrial biological entities who said humans are not ready for the introduction yet.

308

00:33:14,000 --> 00:33:28,000

It is obvious now that we have to harness the advanced technologies to join forces and create this world a better world.

309

00:33:28,000 --> 00:33:34,000

When someone like that comes out with a story like this, everyone should sit up and take notice.

310

00:33:35,000 --> 00:33:41,000

And yet for a lot of people they're not either aware of this or just write this off because it just sounds too crazy.

311

00:33:42,000 --> 00:33:47,000

And yet it comes from someone who has operated at the heart of the establishment.

312

00:33:48,000 --> 00:33:53,000

Despite General Echidt's high status as the father of the Israeli space program,

313

00:33:53,000 --> 00:33:59,000

government officials around the world remained largely silent about his sensational claims.

314

00:34:00,000 --> 00:34:05,000

But did they refrain from commenting because they found his claims to be outlandish

315

00:34:06,000 --> 00:34:09,000

or because they were protecting the same secret?

316

00:34:10,000 --> 00:34:13,000

It cannot be dismissed offhand because there were others.

317

00:34:14,000 --> 00:34:18,000

One of them is Canada's defense minister, Paul Hellier,

318

00:34:18,000 --> 00:34:26,000

who has said that there is extraterrestrial contact going on between Earth and extraterrestrial factions.

319

00:34:27,000 --> 00:34:33,000

On December 30th, 2013, in an international television news broadcast,

320

00:34:34,000 --> 00:34:42,000

former Canadian minister of national defense Paul Helliier made the astonishing statement that he has knowledge of extraterrestrials visiting Earth.

321

00:34:43,000 --> 00:34:48,000

Why do you say that UFOs are as real as the airplanes flying over our heads?

322

00:34:49,000 --> 00:34:55,000

Well, because I know that they are. They've been visiting this planet for thousands of years.

323

00:34:56,000 --> 00:35:01,000

And there is what is called a federation of these people and they have rules.

324

00:35:02,000 --> 00:35:06,000

When I first went public, I said that UFOs are as real as the airplanes going over our head.

325

00:35:06,000 --> 00:35:12,000

I got the dubious distinction of being the first person of cabinet rank to say it categorically.

326

00:35:13,000 --> 00:35:19,000

The elected people have been kept in the dark. I would say both the president and the Congress.

327

00:35:20,000 --> 00:35:24,000

There have been presidents who wanted to know what was going on.

328

00:35:25,000 --> 00:35:31,000

So, yes, the situation I think is not well understood and this has been going on for decades.

329

00:35:31,000 --> 00:35:42,000

So that is a matter of concern and I think should continue to be a matter of concern, especially for Americans, but also for the people of the world.

330

00:35:43,000 --> 00:35:53,000

So here we have two senior military personnel, one from Israel, one from Canada, who are basically saying, yes, extraterrestrials are here.

331

00:35:54,000 --> 00:36:02,000

UFO activity is real and certain governments of planet earth are in contact with these extraterrestrials.

332

00:36:03,000 --> 00:36:10,000

What's going on? Are these people almost like trying to disclose themselves?

333

00:36:11,000 --> 00:36:18,000

Or are they part of a wider strategy involving many different nations all around the world?

334

00:36:18,000 --> 00:36:22,000

Working to try and find a way to get this out?

335

00:36:23,000 --> 00:36:26,000

It's a difficult one because you can't ignore the backstory.

336

00:36:27,000 --> 00:36:32,000

If it was just a question of saying UFOs are extraterrestrial, it's all true, then fair enough.

337

00:36:33,000 --> 00:36:39,000

But the backstory is that we've been lying to you about this for nearly 80 years.

338

00:36:39,000 --> 00:36:53,000

So you've got to find a way to get it out there in a way that exonerates governments all around the world from complicity in this decades-long cover-up and conspiracy.

339

00:36:54,000 --> 00:37:03,000

How to do that? Well, maybe use these people who have retired but are still obviously connected and they're players.

340

00:37:04,000 --> 00:37:06,000

At that level, you don't ever really leave.

341

00:37:07,000 --> 00:37:16,000

Is it possible that the extraordinary claims of former high-ranking government officials like Jaime Shed and Paul Hylier are true?

342

00:37:17,000 --> 00:37:23,000

Are there world leaders who are not only aware of extraterrestrials but in contact with them?

343

00:37:24,000 --> 00:37:34,000

Perhaps further clues can be found by examining a recent agreement that details how NATO nations will protect each other's interests beyond earth.

344

00:37:37,000 --> 00:37:41,000

Brussels, June 2021

345

00:37:42,000 --> 00:37:52,000

President of the United States Joe Biden attends the 31st NATO Summit along with 30 other world leaders and dignitaries.

346

00:37:53,000 --> 00:38:02,000

Among the items on the agenda is an agreement between members to expand the Collective Defense Clause, also known as Article 5.

347

00:38:02,000 --> 00:38:13,000

In addition to land, sea, air and cyberspace, NATO nations will now protect one another's safety and national interests in space.

348

00:38:14,000 --> 00:38:21,000

What's particularly significant about this is it was the first NATO summit that President Biden attended.

349

00:38:22,000 --> 00:38:29,000

So here we have an incoming president who makes this a key part of his initial business.

350

00:38:32,000 --> 00:38:39,000

There's no getting away from the fact that space will be a key battlefield in any future conflict.

351

00:38:40,000 --> 00:38:44,000

The only question arises, conflict with who or what?

352

00:38:45,000 --> 00:38:50,000

Some people say the real forces that they're concerned about are extraterrestrial.

353

00:38:51,000 --> 00:39:02,000

NATO leaders claim the expansion of Article 5 was made to address their concerns about increasingly aggressive behavior in space by China and Russia.

354

00:39:03,000 --> 00:39:11,000

But could this actually be the first collective agreement between nations, preparing for the possibility of a threat from an alien civilization?

355

00:39:12,000 --> 00:39:16,000

And is it one more step towards greater government transparency?

356

00:39:16,000 --> 00:39:26,000

We are at 2021 headed toward 2050 when Elon Musk says he will have a million humans on Mars.

357

00:39:27,000 --> 00:39:45,000

Are we now in the next decade going to be introduced to revelation after revelation, country by country, treaty by treaty, until the entire planet has finally stepped up to the plate on all political issues.

358

00:39:46,000 --> 00:39:50,000

Will military secrets, could it happen that way?

359

00:39:52,000 --> 00:40:02,000

After nearly 80 years of denying and debunking and downplaying, now is the time for governments to step forward and own this.

360

00:40:03,000 --> 00:40:08,000

Time and time again we see this concept that cooperation is key.

361

00:40:08,000 --> 00:40:17,000

It's only when nations collaborate that we will be able to fully understand and respond to the UFO phenomenon.

362

00:40:18,000 --> 00:40:21,000

Mr. Secretary General, honored guests and distinguished delegates.

363

00:40:22,000 --> 00:40:37,000

In one of his speeches in 1987, President Reagan made the suggestion that if Earth would receive a threat from outer space that this would unify world cultures from around the planet.

364

00:40:38,000 --> 00:40:40,000

Can we and all nations not live in peace?

365

00:40:41,000 --> 00:40:51,000

I occasionally think how quickly our differences worldwide would vanish if we were facing an alien threat from outside this world.

366

00:40:52,000 --> 00:41:03,000

I don't look at the extraterrestrial question as a threat, but rather an extension of who we are or how we even got here long ago.

367

00:41:03,000 --> 00:41:11,000

What if you have all the nations around the world pull together their resources and research the extraterrestrial question?

368

00:41:12,000 --> 00:41:25,000

And guess what? There is an incredible chest, a war chest of indications from the past all the way to the present that what we see today is not new.

369

00:41:26,000 --> 00:41:36,000

Are world leaders beginning to seriously consider the possibility that unidentified aerial phenomena are in fact of extraterrestrial origin?

370

00:41:37,000 --> 00:41:45,000

And could the profound implications of an alien presence on Earth lead to greater collaboration between nations,

371

00:41:46,000 --> 00:41:50,000

uniting to prepare for an incredible new reality?

372

00:41:51,000 --> 00:42:03,000

Perhaps the visitors in our skies have been watching us all along, and only when the world comes together will it finally be revealed that we are not alone.
