

1

00:00:00,000 --> 00:00:05,000

Mysterious encounters reported in the same locations

2

00:00:05,000 --> 00:00:07,000

for thousands of years.

3

00:00:07,000 --> 00:00:10,000

In Delphi, you see aerial phenomena

4

00:00:10,000 --> 00:00:15,000

that can be traced back all the way to ancient times,

5

00:00:15,000 --> 00:00:20,000

places where mass UFO sightings are a common occurrence.

6

00:00:20,000 --> 00:00:25,000

The Hudson Valley exploded with sightings of UFOs.

7

00:00:25,000 --> 00:00:27,000

Now, we're not talking about one or two people

8

00:00:27,000 --> 00:00:29,000

seeing something.

9

00:00:29,000 --> 00:00:32,000

The number of witnesses go into the thousands.

10

00:00:32,000 --> 00:00:37,000

Areas known for even stranger and often disturbing phenomena.

11

00:00:37,000 --> 00:00:42,000

Skinwalker Ranch is a place that produces anomalous lights.

12

00:00:42,000 --> 00:00:46,000

We have cow mutilations, portals opening up,

13

00:00:46,000 --> 00:00:49,000

giant wolves coming out of these portals.

14

00:00:49,000 --> 00:00:54,000

Could so-called UFO hotspots reveal important clues

15

00:00:54,000 --> 00:00:57,000

about an alien presence on Earth?

16

00:00:57,000 --> 00:01:02,000

I think these hotspots are hugely significant

17

00:01:02,000 --> 00:01:05,000

for our understanding of UFOs.

18

00:01:08,000 --> 00:01:12,000

There is a doorway in the universe.

19

00:01:12,000 --> 00:01:16,000

Beyond it is the promise of truth.

20

00:01:16,000 --> 00:01:22,000

It demands we question everything we have ever been taught.

21

00:01:22,000 --> 00:01:25,000

The evidence is all around us.

22

00:01:25,000 --> 00:01:29,000

The future is right before our eyes.

23

00:01:29,000 --> 00:01:32,000

We are not alone.

24

00:01:32,000 --> 00:01:35,000

We have never been alone.

25

00:01:43,000 --> 00:01:48,000

San Diego, July 15th, 2019.

26

00:01:48,000 --> 00:01:51,000

In the middle of an otherwise peaceful night,

27

00:01:51,000 --> 00:01:55,000

the USS Omaha Combat Information Center records

28

00:01:55,000 --> 00:01:59,000

an astonishing event off the coast of Southern California.

29

00:01:59,000 --> 00:02:03,000

An unidentified oval-shaped craft is witnessed

30

00:02:03,000 --> 00:02:06,000

performing mysterious maneuvers in restricted airspace

31

00:02:06,000 --> 00:02:09,000

around a US Navy destroyer.

32

00:02:09,000 --> 00:02:15,000

It is an amazing piece of footage showing a UFO hovering over the sea.

33

00:02:15,000 --> 00:02:17,000

Whoa, it's getting close.

34

00:02:17,000 --> 00:02:20,000

And then apparently descending into the ocean.

35

00:02:20,000 --> 00:02:22,000

What was flashed?

36

00:02:22,000 --> 00:02:25,000

When the footage is leaked to the public

37

00:02:25,000 --> 00:02:28,000

by investigative filmmaker Jeremy Corbell

38

00:02:28,000 --> 00:02:34,000

two years later, its authenticity is quickly confirmed by the Pentagon.

39

00:02:34,000 --> 00:02:37,000

I knew that it would strike a chord.

40

00:02:37,000 --> 00:02:41,000

You can see the structure of the craft being oval or circular.

41

00:02:41,000 --> 00:02:45,000

You can see that it doesn't have these plumes of exhaust or heat trails

42

00:02:45,000 --> 00:02:47,000

or any traditional propulsion.

43

00:02:47,000 --> 00:02:51,000

What you're seeing is a technology that is so far advanced

44

00:02:51,000 --> 00:02:54,000

from anything that we have ever created

45

00:02:54,000 --> 00:02:56,000

or shown in the theater of war,

46

00:02:56,000 --> 00:02:59,000

which is where we show our greatest technologies.

47

00:02:59,000 --> 00:03:04,000

The strange incident was more than intriguing to UFO researchers,

48

00:03:04,000 --> 00:03:07,000

not only because of how the craft maneuvered,

49

00:03:07,000 --> 00:03:11,000

but also because of the area where it appeared.

50

00:03:11,000 --> 00:03:14,000

Off the coast of San Diego in California

51

00:03:14,000 --> 00:03:21,000

is somewhere that UFOs or UAPs have been appearing regularly for decades.

52

00:03:21,000 --> 00:03:29,000

Since 1995, more than 1,000 UFO sightings have been reported in the San Diego area.

53

00:03:29,000 --> 00:03:33,000

All these reports of sightings were not just made up.

54

00:03:33,000 --> 00:03:35,000

They can be photographed.

55

00:03:35,000 --> 00:03:38,000

There's something up there and sometimes down in the water

56

00:03:38,000 --> 00:03:40,000

that no one understands.

57

00:03:41,000 --> 00:03:45,000

More and more the military is acknowledging that it's interested,

58

00:03:45,000 --> 00:03:50,000

giving credibility to the fact that these things exist.

59

00:03:50,000 --> 00:03:54,000

When you realize that the San Diego naval base

60

00:03:54,000 --> 00:04:00,000

is one of the most restricted naval bases, restricted areas in the country,

61

00:04:00,000 --> 00:04:05,000

UFOs are flying back and forth over the ships, over the base.

62

00:04:06,000 --> 00:04:13,000

The number of UFO reports occurring in San Diego may appear quite significant.

63

00:04:13,000 --> 00:04:18,000

However, it is just one of several locations around the globe

64

00:04:18,000 --> 00:04:22,000

where similar incidents are often reported and documented.

65

00:04:22,000 --> 00:04:27,000

Locations that have come to be known as UFO hotspots.

66

00:04:27,000 --> 00:04:30,000

A UFO hotspot is a physical space

67

00:04:30,000 --> 00:04:35,000

where sightings of unusual aerial phenomena are common.

68

00:04:35,000 --> 00:04:41,000

There's usually a perceivable unusual energy at the site.

69

00:04:41,000 --> 00:04:45,000

There's been a long history of sightings at these places.

70

00:04:45,000 --> 00:04:53,000

UFO hotspots are places where UFOs occur not just across a few years,

71

00:04:53,000 --> 00:04:56,000

but across decades.

72

00:04:56,000 --> 00:05:01,000

And of course the question becomes, why are these places so important?

73

00:05:01,000 --> 00:05:07,000

Why is it that UFOs can appear at them more frequently than anywhere else?

74

00:05:09,000 --> 00:05:16,000

One well-known hotspot in the United States is the Hutton Valley in New York State.

75

00:05:16,000 --> 00:05:20,000

Here we not only have dozens of witnesses,

76

00:05:20,000 --> 00:05:25,000

but over a period of years we have thousands of witnesses.

77

00:05:26,000 --> 00:05:31,000

Marfa is this mountain range in Texas.

78

00:05:31,000 --> 00:05:38,000

And it's these strange anomalous lights that nobody has ever been able to figure out.

79

00:05:38,000 --> 00:05:47,000

It's such a hotspot that the actual state of Texas built a viewing station

80

00:05:47,000 --> 00:05:53,000

where people can stop and rest and watch the Marfa lights at night.

81

00:05:54,000 --> 00:06:00,000

The Bermuda Triangle is also a well-known hotspot as well.

82

00:06:00,000 --> 00:06:03,000

Wiltshire, England is another.

83

00:06:03,000 --> 00:06:06,000

Sedona has become a very popular hotspot.

84

00:06:06,000 --> 00:06:12,000

And Skinwalker Ranch in northern Utah is an outstanding example of a hotspot.

85

00:06:12,000 --> 00:06:19,000

Native Americans have said for centuries that this is a place where supernatural UFO activity occurs.

86

00:06:19,000 --> 00:06:29,000

Seems that a large proportion of sightings of UFOs or UAPs in the modern world do take place at hotspots.

87

00:06:29,000 --> 00:06:34,000

The perception of so-called UFO hotspots emerged in the aftermath

88

00:06:34,000 --> 00:06:39,000

of two of the most highly publicized UFO incidents in U.S. history,

89

00:06:39,000 --> 00:06:43,000

which both took place in 1947.

90

00:06:44,000 --> 00:06:49,000

On June 24th, near Mount Rainier in Washington State,

91

00:06:49,000 --> 00:06:55,000

pilot Kenneth Arnold reported seeing nine saucer-shaped craft flying in a coordinated pattern

92

00:06:55,000 --> 00:07:01,000

at a speed of approximately 1,200 miles per hour.

93

00:07:02,000 --> 00:07:10,000

Just one month later, the infamous report of a UFO crash took place in Roswell, New Mexico.

94

00:07:11,000 --> 00:07:20,000

The July 8th, 1947 headline went around the world.

95

00:07:21,000 --> 00:07:29,000

In the Roswell Daily Record, flying saucer crashes into a pasture near Roswell.

96

00:07:30,000 --> 00:07:38,000

You start looking at the timeline and what was happening through 1947 and beyond.

97

00:07:38,000 --> 00:07:47,000

Our government and other governments were developing gigantic, huge storage and files and folders in departments

98

00:07:47,000 --> 00:07:54,000

that were dedicated to the secret study of UFOs and ETs on our planet.

99

00:07:57,000 --> 00:08:04,000

Over the next two decades, thousands of additional UFO sightings were reported around the world,

100

00:08:04,000 --> 00:08:09,000

prompting the U.S. government to launch an investigation into the phenomenon.

101

00:08:09,000 --> 00:08:13,000

The study was given the code name Project Blue Book.

102

00:08:13,000 --> 00:08:20,000

And while the program's official findings were not definitive, a startling trend appeared in the data.

103

00:08:20,000 --> 00:08:25,000

The renowned J. Allen Heineck of Project Blue Book fame wrote,

104

00:08:25,000 --> 00:08:31,000

there's a statistical analysis that showed when and where these occurrences happened

105

00:08:31,000 --> 00:08:38,000

and a pattern started to emerge, such as UFO sightings, lights in the sky, anomalous activity

106

00:08:38,000 --> 00:08:42,000

in the American Southwest, the Northeast, the Mississippi Valley.

107

00:08:42,000 --> 00:08:47,000

And UFO researchers took notice of this and began to flock to those areas to conduct their research.

108

00:08:48,000 --> 00:08:53,000

Researchers in the 50s and the 60s, they went back through the data

109

00:08:53,000 --> 00:09:01,000

and sometimes literally they would get out a map and X marks the spot and then they would notice.

110

00:09:01,000 --> 00:09:14,000

Wait a minute, there are these clusters, these strange hot spots, areas where these events seem to pile up for no apparent reason.

111

00:09:15,000 --> 00:09:25,000

What researchers realized was that 60 to 70% of the UFO sightings in America turn up in the same spots over and over again.

112

00:09:25,000 --> 00:09:32,000

And they realized that there was something about those spots that was drawing UFO.

113

00:09:32,000 --> 00:09:37,000

If we're trying to solve a mystery, you want to go to a location that has the most clues.

114

00:09:37,000 --> 00:09:43,000

And these are the locations that could have the clues to connect our ancient past to our modern reality

115

00:09:43,000 --> 00:09:46,000

and perhaps give us the answers we're seeking.

116

00:09:47,000 --> 00:09:55,000

Could there really be certain locations on Earth that attract extraterrestrial visitors, as ancient astronaut theorists suggest?

117

00:09:56,000 --> 00:10:04,000

Perhaps further clues can be found by examining what reportedly took place at one such location, not in modern times,

118

00:10:04,000 --> 00:10:08,000

but thousands of years ago in Israel.

119

00:10:13,000 --> 00:10:17,000

Tel Aviv, Israel. October 2000.

120

00:10:19,000 --> 00:10:27,000

While building a road just east of the city, a construction crew discovers the entrance to an ancient limestone cave dwelling.

121

00:10:28,000 --> 00:10:33,000

Archaeologists soon begin excavating the site, known as the Kessim Cave,

122

00:10:33,000 --> 00:10:39,000

and are shocked to determine that it was inhabited by human beings 400,000 years ago.

123

00:10:40,000 --> 00:10:51,000

What archaeologists found was a time capsule of human activity from around 400,000 years ago down to about 200,000 years ago.

124

00:10:51,000 --> 00:11:02,000

And when they started to investigate the cave, they realized that the so-called Kessim people were practicing shamanism at this early stage.

125

00:11:03,000 --> 00:11:10,000

Evidence from the cave shows that the Kessim people had skills considered impossible for that time,

126

00:11:10,000 --> 00:11:19,000

including the ability to make and use fire at will, craft stone tools, and even preserve food.

127

00:11:19,000 --> 00:11:30,000

But why did early humans with such advanced abilities choose to inhabit this particular cave and live there for more than 200,000 years?

128

00:11:31,000 --> 00:11:39,000

Ancient astronaut theorists believe the answer may lie in the fact that the Kessim Cave sits in the shadow of Mount Gerizim,

129

00:11:39,000 --> 00:11:44,000

where mysterious aerial phenomena have been reported for thousands of years.

130

00:11:46,000 --> 00:11:53,000

Mount Gerizim in Israel was considered the original dwelling place of God in the Old Hebrew Bible.

131

00:11:54,000 --> 00:12:02,000

And God's presence would take the form of a Shekinah or some kind of bright light that would emanate from this mountain.

132

00:12:02,000 --> 00:12:15,000

The earliest biblical patriarchs came to this mountain and had visions of the blinding light, what we'd call UFOs or URIPs to die.

133

00:12:16,000 --> 00:12:22,000

Mount Gerizim has been a hotspot where mysterious lights appear both in modern times and historically.

134

00:12:22,000 --> 00:12:29,000

For example, in the 1720s an English cleric by the name of Thomas Shore was exploring the vicinity of Mount Gerizim.

135

00:12:29,000 --> 00:12:34,000

And he and his team saw this incredible light phenomena around the mountain.

136

00:12:34,000 --> 00:12:39,000

He referred to it as Ignus Fatius, which means the foolish fire.

137

00:12:40,000 --> 00:12:47,000

And he observed this for hours, changing different forms, coming forward, going backwards.

138

00:12:47,000 --> 00:12:56,000

Thomas Shore's encounter at Mount Gerizim is just one of many that have been reported over the centuries, including sightings in modern times.

139

00:12:56,000 --> 00:13:04,000

An English journalist by the name of Wilkins wrote a book entitled Flying Sources Uncensored.

140

00:13:04,000 --> 00:13:19,000

And this talks about a group of Bedouin in the vicinity of Mount Gerizim in the 1950s, encountering

this strange object which was interpreted in terms of a flying saucer.

141

00:13:21,000 --> 00:13:29,000

Wanting to confirm that UFOs are still seen in the area of Mount Gerizim today, I climbed the mountain

142

00:13:29,000 --> 00:13:38,000

and I was able to speak with one of the highest ranking priests of the Samaritan community who lived there to this day.

143

00:13:38,000 --> 00:13:45,000

And he was able to confirm that indeed strange mysterious lights are seen there.

144

00:13:47,000 --> 00:13:58,000

Considering the long history of strange lights being reported over Mount Gerizim, is it possible that extraterrestrials have been visiting the same locations for thousands of years?

145

00:14:00,000 --> 00:14:10,000

Ancient astronaut theorists say yes and suggest that UFO hotspots can even help explain several mysteries of the ancient past,

146

00:14:10,000 --> 00:14:16,000

including why certain sites are designated as places of spiritual worship,

147

00:14:16,000 --> 00:14:22,000

and why some of the most enigmatic temples and monuments in the world were created.

148

00:14:22,000 --> 00:14:38,000

In ancient times, strange lights were seen repeatedly in the same locations and in a number of cases these areas were marked by some sort of monuments to memorialize these beings and these gods visiting the people.

149

00:14:39,000 --> 00:14:53,000

The reason why Delphi Greece became a place of worship is because local legends say that someone descended from the sky there and imparted knowledge.

150

00:14:53,000 --> 00:15:01,000

Now, in my opinion, you would not build something of that scale if it really didn't happen.

151

00:15:01,000 --> 00:15:08,000

And in the area of Delphi to this day, you see aerial phenomena that are very strange.

152

00:15:09,000 --> 00:15:17,000

Much like Delphi, the ancient site of Stonehenge is a place where UFOs are frequently reported today.

153

00:15:17,000 --> 00:15:29,000

A photo of a disc-shaped object hovering over the megalithic structure was even included in a British Ministry of Defense file that was declassified in 2009.

154

00:15:29,000 --> 00:15:34,000

Stonehenge is a great example of a UFO hotspot in England.

155

00:15:34,000 --> 00:15:49,000

Over the lifetime of the Ministry of Defense's UFO project, there have probably been several hundred, if not low thousands of sightings recorded around Stonehenge and in the county of Wiltshire.

156

00:15:50,000 --> 00:16:02,000

Ancient Native American sites where petroglyphs depict strange beings often identified as star ancestors have also become UFO hotspots in modern times.

157

00:16:02,000 --> 00:16:17,000

Rock art at these ancient sites depicts a multitude of strange beings, large eyes, elongated heads, often looking like some kind of extraterrestrial creation.

158

00:16:19,000 --> 00:16:28,000

And it would have seemed that these ancient sites have been having UFO activity for thousands of years.

159

00:16:28,000 --> 00:16:34,000

And this UFO activity is continuing even today.

160

00:16:38,000 --> 00:16:45,000

One very good example is Lake Titicaca on the borders between Perot and Bolivia.

161

00:16:46,000 --> 00:16:50,000

There's an island there by the name of the Island of the Sun.

162

00:16:50,000 --> 00:16:56,000

And this is well known for strange lights rising up out of it.

163

00:16:56,000 --> 00:17:00,000

They've been seen by locals, they've been seen by visitors.

164

00:17:00,000 --> 00:17:10,000

The Island of the Sun is also seen as the point of creation by the local Imera and Kecia peoples of the region.

165

00:17:11,000 --> 00:17:18,000

And what they say is that the Sun rose up out of that island into the air.

166

00:17:18,000 --> 00:17:27,000

There are ancient hotspots that are modern hotspots and when you draw a map of all the hotspots around the world,

167

00:17:27,000 --> 00:17:35,000

what you find is that the ancients and the moderns are the same. It never went away.

168

00:17:35,000 --> 00:17:42,000

Is there something about these sites that attracts UFOs?

169

00:17:42,000 --> 00:17:47,000

It's maybe why the ancients built them in those locations in the first place.

170

00:17:49,000 --> 00:17:59,000

Is it possible that mysterious ancient sites such as Mount Garazim, Stonehenge, Chaco Canyon and

many others

171

00:17:59,000 --> 00:18:07,000

offer evidence that extraterrestrials may have been visiting Earth for thousands of years at very specific locations?

172

00:18:07,000 --> 00:18:10,000

If so, why?

173

00:18:10,000 --> 00:18:20,000

Ancient astronaut theorists believe that the answer may be found by looking not toward the sky, but deep underground.

174

00:18:21,000 --> 00:18:25,000

New Year's Eve 1982

175

00:18:28,000 --> 00:18:33,000

Kent Cliffs, New York, New Year's Eve 1982

176

00:18:35,000 --> 00:18:40,000

Shortly before midnight in this small town just north of New York City,

177

00:18:40,000 --> 00:18:46,000

New Year's Eve revelers are struck by the sight of an unusual aircraft in the sky.

178

00:18:46,000 --> 00:18:55,000

The ship appears to be as large as a commercial jet, but has a V shape, moves slowly and makes no sound.

179

00:18:55,000 --> 00:19:04,000

The incident is the first in a wave of UFO sightings that would shape the surrounding area known as the Hudson Valley.

180

00:19:04,000 --> 00:19:09,000

The Hudson Valley is your classic hotspot.

181

00:19:09,000 --> 00:19:17,000

Here, UFOs appeared from 1983 to 1986 and was witnessed by thousands of people.

182

00:19:19,000 --> 00:19:27,000

A triangular boomerang shape object very well lit, flew very low over the community,

183

00:19:27,000 --> 00:19:37,000

and it was photographed, videotaped, and it was seen from people from all walks of life who were sure they saw something strange

184

00:19:37,000 --> 00:19:41,000

that was not from this planet.

185

00:19:41,000 --> 00:19:49,000

This caused people to pull off the side of the road and actually start calling home, thinking there was some type of an invasion.

186

00:19:49,000 --> 00:19:59,000

And there were executive doctors, scientists, and so on, meteorologists, and they all reported something that they have never seen before.

187

00:19:59,000 --> 00:20:09,000

Over the span of three years, officials received more than 9,000 reports from eyewitnesses describing the same V shaped craft.

188

00:20:09,000 --> 00:20:17,000

Not only was there a UFO sighting in Hudson Valley, but it came back night after night after night.

189

00:20:17,000 --> 00:20:24,000

These are people who would not normally come forward to say that they saw a UFO.

190

00:20:24,000 --> 00:20:29,000

Holy, good God. I don't know.

191

00:20:29,000 --> 00:20:34,000

I'm not going to tell you something, buddy. I don't know what the hell it is.

192

00:20:34,000 --> 00:20:43,000

Yeah, what they saw was so convincing and so frightening to them that they went on record to report what they saw.

193

00:20:43,000 --> 00:20:46,000

I mean, it's just amazing.

194

00:20:47,000 --> 00:20:57,000

During the two year wave of UFO sightings in the Hudson Valley, author Philip Imbronio investigated the area on behalf of the Center for UFO Studies,

195

00:20:57,000 --> 00:21:03,000

which was founded by J. Allen Heineck after his work with Project Blue Book.

196

00:21:03,000 --> 00:21:11,000

Imbronio conducted hundreds of interviews with residents of the area and even witnessed the V shaped craft himself.

197

00:21:11,000 --> 00:21:24,000

This object, whatever it was, the size of a football field, came over the highways and hovered and at times projected down a brilliant beam of white light.

198

00:21:24,000 --> 00:21:34,000

Usually UFO researchers don't see the UFO that they're investigating. I saw this object three times. So it was amazing.

199

00:21:35,000 --> 00:21:41,000

As Imbronio spent months crisscrossing the area, he noticed something curious.

200

00:21:41,000 --> 00:21:54,000

The volume of mysterious reports during this time were not only focused on a strange craft in the sky, but also on bizarre sounds coming from somewhere deep below ground.

201

00:21:55,000 --> 00:22:01,000

People start to wonder, why are these hotspots hotspots?

202

00:22:01,000 --> 00:22:13,000

And one explanation is that what is actually going on is underneath the ground, that these hotspots are in fact entrances to vast underground cabins or even secret bases.

203

00:22:13,000 --> 00:22:33,000

In the Hudson River there, especially in the 80s, I spoke to a few researchers and they said that the locals used to hear things coming up from underground and they weren't really quite sure what it was, but they figured there was a base below ground, a military slash alien base.

204

00:22:34,000 --> 00:22:50,000

Arguably the most famous sighting in the Hudson Valley hotspot concerned beings from underground, as was the case with best-selling horror novelist Whitley Streiber, who wrote about his own experience in his book *Communion*.

205

00:22:51,000 --> 00:23:16,000

My wife and I had bought a cabin in the western extreme edge of the Hudson Valley and in December of 1985 I woke up in a room, not my bedroom, in the middle of the night and the room was filled with two kinds of figures, these willowy figures with big black eyes and dark blue short figures.

206

00:23:17,000 --> 00:23:25,000

Then I began to hear a voice say, what can you do to help you stop screaming? And I thought, I'm screaming and I was screaming.

207

00:23:30,000 --> 00:23:37,000

And the next morning I woke up extremely confused and disturbed without any real understanding of what happened to me.

208

00:23:38,000 --> 00:23:52,000

While many presume that Streiber's alien abductors descended from the skies, in fact he described them as coming up from below and their presence was marked by sounds deep beneath his mountain cabin.

209

00:23:53,000 --> 00:24:15,000

In the cabin we used to hear drilling in underground. And we could hear this taking place under the cabin, in fact it was so loud one day I was sitting with one of my neighbors and the sound kept coming up and you could kind of feel it in your teeth. It was not pleasant.

210

00:24:16,000 --> 00:24:23,000

The idea that hotspots mark entrances to the underworld is a phenomenon seen across the planet.

211

00:24:23,000 --> 00:24:36,000

This can be what's happening in say Lake Titicaca and then you have other places like say, Mount Shasta or certain volcanoes in Mexico where UFOs are seen and there's a lot of activity.

212

00:24:36,000 --> 00:24:43,000

Where do people allege that there are underground bases? Well in New Mexico of course and what do you have in New Mexico? Roswell.

213

00:24:43,000 --> 00:24:49,000

And it's allege that there is a secret underground base off the coast of San Diego.

214

00:24:49,000 --> 00:24:56,000

And of course that's the focus of a lot of the modern UFO activity involving the U.S. neighbors.

215

00:24:56,000 --> 00:25:07,000

Could the strange sounds reportedly emanating from beneath the Hudson Valley and many other hotspots be evidence of hidden underground structures as some speculate?

216

00:25:07,000 --> 00:25:14,000

Or might there be another explanation for these areas of high UFO activity?

217

00:25:15,000 --> 00:25:24,000

Perhaps further clues can be found by examining the power of Earth's magnetic field.

218

00:25:24,000 --> 00:25:31,000

Vernon, France. August 24th, 1954. In this small town outside of Paris, numerous eyewitnesses

report several mysterious oval shaped craft above the same river.

219

00:25:31,000 --> 00:25:38,000

Traveling at great speeds, the U.S. has been a major source of information.

220

00:25:38,000 --> 00:25:45,000

It is the first of more than 300 UFO incidents that would take place in France during the year.

221

00:25:45,000 --> 00:25:53,000

Journalist Amy Michele, a journalist from the U.S. and a journalist from the U.S.

222

00:25:53,000 --> 00:25:59,000

is a journalist from the U.S. and a journalist from the U.S.

223

00:25:59,000 --> 00:26:06,000

It is the first of more than 300 UFO incidents that would take place in France during the year.

224

00:26:06,000 --> 00:26:16,000

Journalist Amy Michele begins studying the reported flight paths of many of these accounts and makes an astonishing observation.

225

00:26:16,000 --> 00:26:21,000

All these UFO sightings appear to move in dead straight lines, often criss-crossing.

226

00:26:21,000 --> 00:26:31,000

And as he kept getting reports coming in and he kept plotting them, he kept finding the same system happening, the same lines, the same movements of these UFOs.

227

00:26:31,000 --> 00:26:39,000

In 1958, Michele published his research in a book called Flying Saucers and the Straight Line Mystery.

228

00:26:39,000 --> 00:26:49,000

In the book, he introduced a principle he called orthotony, which held that clusters of UFO activity over a short period of time

229

00:26:49,000 --> 00:26:54,000

usually occur along straight lines that often intersect.

230

00:26:54,000 --> 00:27:06,000

What Amy Michele started to realize was that there seemed to be a pattern in where these objects were appearing and also their flight paths.

231

00:27:06,000 --> 00:27:17,000

He saw that they actually used specific lines, which he felt were connected with the magnetic forces of the Earth.

232

00:27:17,000 --> 00:27:30,000

He's noticing that these UFOs are traveling in straight lines using latitudes and that in fact this can be extrapolated into an entire grid that encapsulates the entire planet.

233

00:27:30,000 --> 00:27:43,000

Is it possible that Amy Michele successfully identified a grid pattern across the Earth of highly magnetized regions that have come to be known as UFO hotspots?

234

00:27:43,000 --> 00:27:55,000

Ancient astronaut theorists believe that further clues can be found by examining an area that has become notorious for mysterious phenomenon and strange disappearances.

235

00:27:55,000 --> 00:27:58,000

The Bermuda Triangle.

236

00:27:58,000 --> 00:28:11,000

With the Bermuda Triangle, it is an irrefutable fact that planes and ships of various sizes have

disappeared without a trace.

237

00:28:11,000 --> 00:28:15,000

You also have UFO and UAP stories.

238

00:28:15,000 --> 00:28:28,000

In the last century, roughly 50 ships and 20 airplanes have vanished without a trace within this infamous 500,000 square mile stretch of the Atlantic Ocean.

239

00:28:28,000 --> 00:28:34,000

According to Scottish biologist and paranormal researcher Ivan T. Sanderson,

240

00:28:34,000 --> 00:28:45,000

the Bermuda Triangle is just one of a strange and disturbing kind of UFO hotspot that he described as the world's 12 vile vortices.

241

00:28:45,000 --> 00:28:58,000

He was able to identify, he believed, certain spots like the Bermuda Triangle, the Dragon's Triangle, places like the Great Pyramid and other huge monument areas,

242

00:28:58,000 --> 00:29:11,000

and there was activity going on in these places. Disappearing ships and airplanes, UFO activity, lights and unusual phenomenon that were occurring constantly.

243

00:29:11,000 --> 00:29:24,000

In his 1972 article entitled The 12 Devil's Graveyards Around the World, Sanderson mapped these sites at equidistant points above and below the equator

244

00:29:24,000 --> 00:29:30,000

and discovered they formed a mysterious geometrical pattern on the Earth's surface.

245

00:29:30,000 --> 00:29:38,000

There are 12 of these across the globe. Now, five of them are within the Tropic of Cancer, five of them within the Tropic of Capricorn,

246

00:29:38,000 --> 00:29:46,000

the other two, the North Pole and the South Pole. What's interesting is if you connect all of these through the sphere of our globe,

247

00:29:46,000 --> 00:29:55,000

they make an icosagon or a 20-sided polygon, so this is showing us how all of these type of hotspots are connected to each other.

248

00:29:55,000 --> 00:30:08,000

The hotspot sites Sanderson identified share more than just a unique history and geometry. Many of these so-called vile vortices have strong magnetic anomalies

249

00:30:08,000 --> 00:30:14,000

caused by variations or disturbances in the Earth's magnetic field.

250

00:30:14,000 --> 00:30:23,000

If you take a look at the Earth, the Earth has a magnetic field like a bar magnet. The field of the magnetism comes out from the North Pole

251

00:30:23,000 --> 00:30:33,000

and goes into the South Pole. It comes from the fact that inside the Earth there is churning electricity, and we now know that there are anomalies there.

252

00:30:33,000 --> 00:30:45,000

It's as if our entire Earth is one gigantic battery, and if one were to argue that the entire planet is a battery, well, what's it used for?

253

00:30:45,000 --> 00:30:56,000

I think our planet could serve to power whatever exotic device extraterrestrials use to get here and leave.

254

00:30:57,000 --> 00:31:09,000

Incredibly, powerful magnetic anomalies are found at many UFO hotspots, including the San Diego Bay, the Bermuda Triangle, and the Hudson Valley.

255

00:31:09,000 --> 00:31:18,000

Perhaps a lot of this has to do with interstellar travel. Maybe these hotspots are where they get that energy.

256

00:31:18,000 --> 00:31:30,000

Maybe the UFOs can literally suck up the power, the power that the ancients, for example, could sense when they built these monuments in the first place.

257

00:31:30,000 --> 00:31:46,000

Are all UFO hotspots part of a natural, worldwide power grid? Could learning how to access the energy at these sites one day equip mankind with advanced extraterrestrial technology and capabilities?

258

00:31:47,000 --> 00:32:02,000

Ancient astronaut theorists say yes and believe that extraterrestrials are already using this electromagnetic energy, not to travel two UFO hotspots, but possibly through them.

259

00:32:03,000 --> 00:32:12,000

The Uintzabason, Utah

260

00:32:13,000 --> 00:32:29,000

Skinwalker Ranch is a 512-acre property where for more than two centuries, mysterious and terrifying phenomena have been reported, including UFOs, cattle mutilations, and other worldly creatures.

261

00:32:30,000 --> 00:32:49,000

Skinwalker Ranch in northern Utah is an outstanding example of a hotspot. It's one that is a crossover location because Native Americans have said for centuries that this is a place where supernatural activity occurs, and it's still occurring today and is now being very well documented and thoroughly studied.

262

00:32:50,000 --> 00:33:03,000

In 2019, astrophysicist Dr. Travis Taylor joined a team of scientists and researchers to investigate the bizarre phenomena on the property.

263

00:33:03,000 --> 00:33:05,000

To the south. There it is.

264

00:33:05,000 --> 00:33:07,000

It's moving real slow.

265

00:33:07,000 --> 00:33:12,000

That thing is big and spherical. Yes, it is. It's got a black dot in the center of it. That ain't an airplane.

266

00:33:13,000 --> 00:33:22,000

Since I've been out there at Skinwalker Ranch, I've seen so many different things that before I would have not really believed they existed.

267

00:33:22,000 --> 00:33:24,000

Travis, you got to see this. Okay.

268

00:33:24,000 --> 00:33:25,000

There's the lasers.

269

00:33:25,000 --> 00:33:27,000

Yeah, I'm doing an instant playback. You see this?

270

00:33:27,000 --> 00:33:28,000

Yeah.

271

00:33:29,000 --> 00:33:30,000

Wow.

272

00:33:30,000 --> 00:33:31,000

What the crap is that?

273

00:33:31,000 --> 00:33:38,000

And I can say that I'd never seen a UFO before I went to Skinwalker Ranch, and now I've seen so many, I can't count them.

274

00:33:39,000 --> 00:33:54,000

Skinwalker Ranch is without question the most scientifically studied hotspot on the planet to be able to take a more advanced scientific effort forward to better understand what is really happening there.

275

00:33:54,000 --> 00:33:58,000

I mean, it's the greatest science project of our time.

276

00:33:59,000 --> 00:34:16,000

Between 1996 and 2016, the federal government helped fund investigations on the ranch that were led by aerospace entrepreneur Robert Bigelow and his organization known as the National Institute for Discovery Science.

277

00:34:16,000 --> 00:34:27,000

People ask me, hey, what did Bigelow find? And the interesting thing is, is that we haven't received any, not a single bit of data from the previous team.

278

00:34:27,000 --> 00:34:31,000

So they must be classified. Bigelow never shared it with us.

279

00:34:32,000 --> 00:34:46,000

Although much of what the Bigelow team discovered has never been released to the public, it has been suggested that some of the hotspot phenomena witnessed on the ranch may be related to a portal through space time.

280

00:34:47,000 --> 00:34:55,000

Skinwalker Ranch appears to be the epicenter of some really strange energy measurements, strange electric and magnetic field.

281

00:34:56,000 --> 00:35:09,000

There's been a lot of speculation that Skinwalker Ranch is the site of a portal or a wormhole where alien civilizations or maybe even extra dimensional creatures are using as a transit station. They're moving in and out.

282

00:35:10,000 --> 00:35:17,000

Could wormholes really be an explanation for why hotspots like Skinwalker Ranch exist where they do?

283

00:35:18,000 --> 00:35:28,000

The idea of a wormhole, a shortcut through time and space, was proposed in 1935 by physicists Albert Einstein and Nathan Rosen.

284

00:35:29,000 --> 00:35:46,000

Using the theory of relativity, they showed that these pathways could exist as a tunnel structure connecting two very distant points through space and time, making travel to the most remote parts of the universe a theoretical possibility.

285

00:35:48,000 --> 00:36:05,000

Some believe that extraterrestrials would use wormholes and UFOs would then apparently arrive out of nowhere seemingly and disappear into nowhere, which is very often what you get.

286

00:36:06,000 --> 00:36:14,000

At locations that are UFO hotspots like Skinwalker Ranch, what do you find? The idea that there's a portal there.

287

00:36:14,000 --> 00:36:39,000

It's within the laws of physics to use the wormhole as a gateway to another distant part of the galaxy. Faster than the speed of light. We don't have that kind of technology, but perhaps an advanced civilization already mastered this technology and used it to crisscross the galaxy. That cannot be ruled out.

288

00:36:40,000 --> 00:36:57,000

Is it possible that advanced intelligent beings exist in other parts of the universe who have the technology to create portals through time and space? And if so, could UFO hotspots be gateways where they are able to reach Earth?

289

00:36:58,000 --> 00:37:23,000

It might explain why on our Earth, that places where UFOs of any shape, size, color are seen on a repeated basis, it's exactly the same thing. They're coming in and out of electromagnetically created portals, and that's why there seems to be a pattern of coming and going on this planet.

290

00:37:24,000 --> 00:37:26,000

They are with us on our planet.

291

00:37:29,000 --> 00:37:48,000

Could it be that extraterrestrials are actually traveling to Earth through wormholes or portals? If so, where are they coming from? There are those who believe that it may not be from distant points in the cosmos, but possibly from other dimensions.

00:37:54,000 --> 00:37:59,000

New York City, 1970.

293

00:37:59,000 --> 00:38:08,000

Famed author and ufologist John Keel publishes his second book, UFOs Operation Trojan Horse.

294

00:38:09,000 --> 00:38:24,000

In the book, Keel asserts that Earth is being visited by extraterrestrials not from distant planets, but from parallel universes. He believed this could be the real explanation for UFO hotspots.

295

00:38:25,000 --> 00:38:36,000

John Keel believed that these visitors were from other dimensions, but that in the past they had been misperceived.

296

00:38:37,000 --> 00:38:43,000

As gods, devils, angels, demons, other sorts of supernatural entities.

297

00:38:45,000 --> 00:38:53,000

But he said this is something that has always been with us. It's just that they don't come from where we think they come from.

298

00:38:53,000 --> 00:39:03,000

John Keel said those beings are not from other planets. They're from other dimensions. And this is called the interdimensional hypothesis.

299

00:39:04,000 --> 00:39:14,000

And when they do appear in our reality, they can violate our laws of physics. They can travel faster than light. It's because they're coming from higher dimensional realms.

300

00:39:15,000 --> 00:39:24,000

According to the interdimensional hypothesis, hotspots are simply locations on Earth where the dimension we inhabit crosses over into another.

301

00:39:25,000 --> 00:39:33,000

It may sound like science fiction, but it actually fits neatly into a branch of theoretical physics known as string theory.

302

00:39:34,000 --> 00:39:38,000

In string theory, we play with different kinds of universes in different dimensions.

303

00:39:39,000 --> 00:39:49,000

There are tunnels that connect one universe with another universe. And how many universes are there in string theory? Perhaps an infinite number.

304

00:39:50,000 --> 00:39:58,000

In the end, hotspots remain an enduring mystery. Are UFO hotspots gateways to other dimensions?

305

00:39:59,000 --> 00:40:10,000

Hotels to other places in the universe? The locations of underground alien bases? Or is it possible that all three are true?

306

00:40:11,000 --> 00:40:23,000

There's no theory of everything when it comes to this sort of phenomena. It seems like there are a lot of different reasons as to why a UFO may be attracted to something, why activity happens over here.

307

00:40:24,000 --> 00:40:26,000

There are a variety of different reasons and not just one.

308

00:40:28,000 --> 00:40:39,000

I think these hotspots are hugely significant for our understanding of UFOs. There might be a dimensional solution to this.

309

00:40:40,000 --> 00:40:54,000

There could be multiple explanations and these aren't mutually exclusive. So it's perfectly possible to have visiting extraterrestrials, interdimensional intrusion and time travelers from the future.

310

00:40:55,000 --> 00:41:07,000

We don't fully understand hotspots. However, there's never been a time in history that I'm aware of where so much science and technology has been directed now, trying to figure them out.

311

00:41:08,000 --> 00:41:17,000

And what will be the benefit of that? Well, we will come to a conclusion about who we are, where we

came from and ultimately where we go from here.

312

00:41:18,000 --> 00:41:33,000

If one day the mainstream accepts the idea that these UFO hotspots do have an extraterrestrial connection, then that would be a profound conclusion in the history of humanity.

313

00:41:34,000 --> 00:41:43,000

Could UFO hotspots hold the key to understanding strange phenomena that has been witnessed on our planet for thousands of years?

314

00:41:44,000 --> 00:41:52,000

Might these locations contain portals that lead not only to other worlds, but also to other dimensions?

315

00:41:52,000 --> 00:42:07,000

If so, perhaps one day we will be able to harness the power of these hotspots ourselves and discover a reality far beyond what we ever believed was possible.
