**Announcer:** [Opening Sequence] Beyond Belief: Fact or Fiction, hosted by Jonathan Frakes. We live in a world where the real and the unreal live side by side, where substance is disguised as illusion, and the only explanations are unexplainable. Can you separate truth from fantasy? To do so, you must break through the web of your experience and open your mind to things beyond belief.

**FEATURED REVIEW**

**Please bring Beyond Belief, Fact or fiction back!!**

Hi!> I just wanted to let everyone know that beyond belief was the greatest show ever! I loved that show. Actually, my whole family liked it. Sometimes I watch re-runs they show on television. Is anyone trying to bring this great television show back to the air so all the fans can watch what they really want to see? I would love to see beyond belief fact or fiction back on the air. It just seems there are not any good shows on television anymore. And this was truly one of them! It is also a good family show. And there is no other show like this one! That is even more reason to bring it back! Thanks everyone for hearing what I had to say
