2023 02 17 Calling All Beings <https://youtu.be/NycOjROXPDs> %2365 Randall Nickerson Randall Nickerson is an accomplished photographer, director, pianist, and pilot (among many other interests). His 2022 film, Ariel Phenomenon, tells the incredible story of what happened in Ruwa, Zimbabwe in 1994 to dozens of school children, their teachers, and families when they experienced an encounter with an other-worldly event. Told through their own words, pictures, and art, Ariel Phenomenon is a captivating and emotionally compelling masterpiece which challenges our notions of what is real, our place in the universe, how we treat one another, and how we care for our planet. Matt was born and raised in Tulsa, Oklahoma. Growing up in the 80's, he spent his free time watching documentaries and shows about the unexplained. It was his own experiences of living in a haunted house that ignited his passion for the paranormal. That path took him on a journey which eventually led him to the subject of Bigfoot, where he later had his own life changing encounter with this unknown creature.	<a href="#">Transcript</a> <a href="#">Link</a>

Nathan brings a community-centered perspective towards the Phenomenon which is heavily influenced from his religious experiences both as the son of a minister and as someone who completed a seminary degree. Nathan is the co-host of two shows - Calling All Beings and Liminal Phrames which is hosted with ExoAcademian on the ExoAcademian YouTube channel.
