i'm gonna try

23

00:01:32,069 --> 00:01:29,280

we're gonna talk to rather

24

00:01:34,069 --> 00:01:32,079

we realize that he is imperiled his his

25

00:01:36,550 --> 00:01:34,079

very freedom is at stake

26

00:01:38,550 --> 00:01:36,560

to give away your hair care products

27

00:01:40,630 --> 00:01:38,560

secrets but but this is really what we

28

00:01:43,510 --> 00:01:40,640

want it's the purpose of this podcast

29

00:01:46,469 --> 00:01:43,520

we'll talk ufos anyway all right so the

30

00:01:47,320 --> 00:01:46,479

most fascinating topic on planet earth

31

00:01:48,789 --> 00:01:47,330

um so yeah

32

00:01:50,550 --> 00:01:48,799

[Applause]

33

00:01:52,389 --> 00:01:50,560

bring this man to the forefront man get

34

00:02:00,840 --> 00:01:52,399

me up give me i get the good looking guy

35

00:02:00,850 --> 00:02:07,350

[Laughter]

36

00:02:10,309 --> 00:02:08,790

yeah thanks for having me i'm uh looking

37

00:02:12,150 --> 00:02:10,319

forward to this discussion i think it'll

38

00:02:14,390 --> 00:02:12,160

be a good good time i've been chatting

39

00:02:15,750 --> 00:02:14,400

with dj for a while now and i'm glad we

40

00:02:19,110 --> 00:02:15,760

could finally connect

41

00:02:21,190 --> 00:02:19,120

dj knows everyone he is uh he i just go

42

00:02:23,110 --> 00:02:21,200

about my day and i get a text from dj or

43

00:02:24,949 --> 00:02:23,120

a voice message he's like i just talked

44

00:02:26,630 --> 00:02:24,959

to so and so i'm like how do you talk to

45

00:02:28,869 --> 00:02:26,640

all these people how do they know you

46

00:02:30,390 --> 00:02:28,879

and he's just he's everybody known as dj

47

00:02:32,309 --> 00:02:30,400

which is great

48

00:02:34,150 --> 00:02:32,319

yeah i mean the worst they can say is no

49

00:02:37,270 --> 00:02:34,160

i don't want to be on and i'll be like

50

00:02:38,150 --> 00:02:37,280

oh i'm so sad next lots of people to

51
00:02:40,309 --> 00:02:38,160
talk to

52
00:02:43,030 --> 00:02:40,319
yeah so super excited to have you with

53
00:02:45,190 --> 00:02:43,040
us today um for those who don't know you

54
00:02:47,110 --> 00:02:45,200
rather uh you've been creating content

55
00:02:49,350 --> 00:02:47,120
for a little over a year now i think

56
00:02:51,030 --> 00:02:49,360
about a year and uh as i've been

57
00:02:52,630 --> 00:02:51,040
brushing up on your content i've been

58
00:02:54,309 --> 00:02:52,640
going through your channel and just you

59
00:02:57,030 --> 00:02:54,319
know really digesting everything but you

60
00:02:58,790 --> 00:02:57,040
cover so much material uh

61
00:03:00,309 --> 00:02:58,800
you know yeah you cover i mean i looked

62
00:03:01,509 --> 00:03:00,319
at you know you're talking ball

63
00:03:03,430 --> 00:03:01,519

lightning

64

00:03:05,750 --> 00:03:03,440

time crystals fast walkers meta

65

00:03:08,390 --> 00:03:05,760

materials uh you explore the influence

66

00:03:10,550 --> 00:03:08,400

of technology that the phenomenon may

67

00:03:12,550 --> 00:03:10,560

have on us and and one thing that i

68

00:03:14,790 --> 00:03:12,560

really want to get into as we kind of

69

00:03:16,070 --> 00:03:14,800

get into the show is the laplace's demon

70

00:03:18,229 --> 00:03:16,080

so i hope we can touch on that a little

71

00:03:20,710 --> 00:03:18,239

bit i really enjoyed that episode a lot

72

00:03:22,949 --> 00:03:20,720

but really what i mean what got you into

73

00:03:24,789 --> 00:03:22,959

this topic like how did you get started

74

00:03:26,710 --> 00:03:24,799

why did you decide to create content

75

00:03:28,630 --> 00:03:26,720

tell us a little bit about that journey

76

00:03:31,030 --> 00:03:28,640

yeah yeah thanks nathan um so you know

77

00:03:32,949 --> 00:03:31,040

i've been interested in sci-fi and ufos

78

00:03:35,110 --> 00:03:32,959

kind of all my life right like many

79

00:03:37,190 --> 00:03:35,120

other people i imagine it really wasn't

80

00:03:38,869 --> 00:03:37,200

until you know 2017 with the new york

81

00:03:40,710 --> 00:03:38,879

times article that i really

82

00:03:43,350 --> 00:03:40,720

started taking it seriously and going

83

00:03:46,710 --> 00:03:43,360

beyond the you know isn't that a fun

84

00:03:48,149 --> 00:03:46,720

rabbit hole to go down with uh

85

00:03:50,710 --> 00:03:48,159

you know kind of keep in mind that's

86

00:03:51,910 --> 00:03:50,720

probably not true and after 2017 it kind

87

00:03:53,429 --> 00:03:51,920

of seems like wow there really is

88

00:03:55,429 --> 00:03:53,439

something there right there's some

89

00:03:58,229 --> 00:03:55,439

unknowns out there that are yet to be

90

00:04:00,470 --> 00:03:58,239

discovered and you know after that 2017

91

00:04:02,550 --> 00:04:00,480

article broke i was on pins and needles

92

00:04:04,229 --> 00:04:02,560

every day looking for the follow-up

93

00:04:05,750 --> 00:04:04,239

right you know the article says that

94

00:04:08,630 --> 00:04:05,760

there's recovered materials that they

95

00:04:11,190 --> 00:04:08,640

have stored in a locker somewhere and

96

00:04:12,550 --> 00:04:11,200

so you know i was waiting for you know

97

00:04:14,390 --> 00:04:12,560

days turned into weeks turned into

98

00:04:16,150 --> 00:04:14,400

months during into years and you know we

99

00:04:17,590 --> 00:04:16,160

don't really have any significant

100

00:04:19,030 --> 00:04:17,600

follow-up uh

101
00:04:20,789 --> 00:04:19,040
you know i started

102
00:04:22,469 --> 00:04:20,799
doing some research on my own you know i

103
00:04:24,310 --> 00:04:22,479
found some

104
00:04:26,469 --> 00:04:24,320
debunkers of the videos that were out

105
00:04:27,990 --> 00:04:26,479
there that kind of you know further

106
00:04:29,830 --> 00:04:28,000
challenged my thinking you know now

107
00:04:31,749 --> 00:04:29,840
there's

108
00:04:32,950 --> 00:04:31,759
some question about the validity of this

109
00:04:35,270 --> 00:04:32,960
evidence yet there's still the

110
00:04:37,350 --> 00:04:35,280
government doing a completely 180 on

111
00:04:39,590 --> 00:04:37,360
what they've historically said so it's

112
00:04:41,110 --> 00:04:39,600
just such an interesting story and you

113
00:04:43,590 --> 00:04:41,120

know no matter what your take on it if

114

00:04:45,670 --> 00:04:43,600

you're a believer or a skeptic it's just

115

00:04:47,590 --> 00:04:45,680

something weird is going on in this area

116

00:04:49,189 --> 00:04:47,600

right so i absolutely yeah i started

117

00:04:50,070 --> 00:04:49,199

beginning of the quarantine you know as

118

00:04:54,710 --> 00:04:50,080

uh

119

00:04:56,469 --> 00:04:54,720

nowhere to go and i think like a lot of

120

00:05:00,230 --> 00:04:56,479

other people started down the

121

00:05:01,830 --> 00:05:00,240

the quarantine content creation

122

00:05:03,510 --> 00:05:01,840

right right started putting some videos

123

00:05:05,670 --> 00:05:03,520

out in youtube and just found that a lot

124

00:05:08,550 --> 00:05:05,680

really really pretty fun you know it's a

125

00:05:10,469 --> 00:05:08,560

lot to learn just in regards of the topic

126
00:05:12,070 --> 00:05:10,479
at hand you know the ufo topic and then

127
00:05:14,070 --> 00:05:12,080
there's so much other things to learn

128
00:05:15,670 --> 00:05:14,080
like video production and recording and

129
00:05:16,870 --> 00:05:15,680
and all that you know there's a lot that

130
00:05:19,510 --> 00:05:16,880
goes with it and you know i've been

131
00:05:21,189 --> 00:05:19,520
having a a fun time you know i

132
00:05:23,350 --> 00:05:21,199
kind of kind of when i look for content

133
00:05:25,029 --> 00:05:23,360
i'm kind of looking at the

134
00:05:26,629 --> 00:05:25,039
scientific articles i spend a lot of

135
00:05:28,870 --> 00:05:26,639
time on the right to the you know

136
00:05:30,790 --> 00:05:28,880
science news channels there and i try to

137
00:05:33,350 --> 00:05:30,800
take scientific topics and go a little

138
00:05:35,430 --> 00:05:33,360

bit one step further than the uh

139

00:05:37,029 --> 00:05:35,440

legitimate scientists might want to take

140

00:05:39,029 --> 00:05:37,039

it and yeah i've been having a lot of

141

00:05:40,710 --> 00:05:39,039

fun with that yeah i know i love that

142

00:05:41,990 --> 00:05:40,720

and you know one thing that i think for

143

00:05:44,390 --> 00:05:42,000

at least for me personally that i've

144

00:05:46,629 --> 00:05:44,400

discovered with this is that uh because

145

00:05:47,990 --> 00:05:46,639

we don't maybe live in a world where you

146

00:05:49,990 --> 00:05:48,000

can just kind of walk down the street

147

00:05:53,189 --> 00:05:50,000

and have a chat at the local pub or bar

148

00:05:54,870 --> 00:05:53,199

whatever on on this topic this space is

149

00:05:58,230 --> 00:05:54,880

is sort of subbing in for that you know

150

00:06:00,710 --> 00:05:58,240

so i think youtube uh and and podcasting

151
00:06:03,189 --> 00:06:00,720
you know generally are filling sort of a

152
00:06:05,830 --> 00:06:03,199
space that has traditionally been filled

153
00:06:07,670 --> 00:06:05,840
by you know the public square and so

154
00:06:09,909 --> 00:06:07,680
where sometimes sometimes people look at

155
00:06:10,950 --> 00:06:09,919
podcasting or youtubing in a very kind

156
00:06:13,029 --> 00:06:10,960
of um

157
00:06:14,870 --> 00:06:13,039
like through the lens of marketing or

158
00:06:16,390 --> 00:06:14,880
through the lens of content consumption

159
00:06:18,830 --> 00:06:16,400
i look at more of this is just a

160
00:06:21,029 --> 00:06:18,840
different way to elevate and engage in

161
00:06:21,990 --> 00:06:21,039
conversation on important topics and

162
00:06:23,590 --> 00:06:22,000
subjects

163
00:06:25,189 --> 00:06:23,600

yeah no that's a great point because

164

00:06:27,110 --> 00:06:25,199

yeah that's the one thing that has been

165

00:06:28,469 --> 00:06:27,120

missing from my life is that you know i

166

00:06:30,870 --> 00:06:28,479

try to talk to this to my friends in

167

00:06:32,870 --> 00:06:30,880

real life and it's me educating them on

168

00:06:34,710 --> 00:06:32,880

the topic you know there's no real

169

00:06:35,590 --> 00:06:34,720

back and forth like we have here on

170

00:06:37,909 --> 00:06:35,600

youtube

171

00:06:40,309 --> 00:06:37,919

exactly exactly yeah and i you know i

172

00:06:42,390 --> 00:06:40,319

come at this too from the perspective of

173

00:06:43,590 --> 00:06:42,400

a video game player and i don't know if

174

00:06:44,629 --> 00:06:43,600

you know you're into video games at all

175

00:06:47,749 --> 00:06:44,639

but i've been playing video games for a

176
00:06:50,230 --> 00:06:47,759
long time and uh you know back i mean i

177
00:06:52,790 --> 00:06:50,240
guess at the early days of uh internet

178
00:06:55,189 --> 00:06:52,800
gaming for me to find players that i

179
00:06:57,510 --> 00:06:55,199
wanted to play with not just you know

180
00:06:58,870 --> 00:06:57,520
teenagers who just learned the

181
00:07:01,029 --> 00:06:58,880
the worst words they could say on the

182
00:07:03,270 --> 00:07:01,039
internet you know i basically had to go

183
00:07:05,589 --> 00:07:03,280
out find those players and develop a

184
00:07:07,990 --> 00:07:05,599
community to play with them and so

185
00:07:11,270 --> 00:07:08,000
that's really how i look at this space

186
00:07:13,670 --> 00:07:11,280
as well is that you know we as creators

187
00:07:15,189 --> 00:07:13,680
and as engagers you know so for the

188
00:07:17,430 --> 00:07:15,199

longest time i was just more of a

189

00:07:18,629 --> 00:07:17,440

consumer not a creator i'm just very a

190

00:07:20,309 --> 00:07:18,639

new creator

191

00:07:22,469 --> 00:07:20,319

but this was a way for me to kind of

192

00:07:24,230 --> 00:07:22,479

build the community that i wanted you

193

00:07:26,469 --> 00:07:24,240

know to build the space where i want

194

00:07:28,230 --> 00:07:26,479

that discussion to be had and to elevate

195

00:07:30,469 --> 00:07:28,240

this conversation and i don't know if

196

00:07:33,110 --> 00:07:30,479

you kind of think of it in the same way

197

00:07:34,629 --> 00:07:33,120

uh or or or if you think about it uh or

198

00:07:37,270 --> 00:07:34,639

how you think we're where we're going to

199

00:07:39,110 --> 00:07:37,280

take this from that place

200

00:07:40,469 --> 00:07:39,120

yeah yeah you know that's a

201
00:07:43,029 --> 00:07:40,479
yeah i agree about you know the

202
00:07:44,550 --> 00:07:43,039
community building uh i would like it to

203
00:07:46,790 --> 00:07:44,560
be more widespread where you know you

204
00:07:48,869 --> 00:07:46,800
could go down to the the coffee shop and

205
00:07:50,790 --> 00:07:48,879
discuss this topic without getting

206
00:07:51,749 --> 00:07:50,800
sideways glances but

207
00:07:55,189 --> 00:07:51,759
yeah

208
00:07:56,550 --> 00:07:55,199
doing my own thing and i'd rather be

209
00:07:59,430 --> 00:07:56,560
squiddy putting videos out there to

210
00:08:01,909 --> 00:07:59,440
youtube i was pretty shocked actually

211
00:08:04,070 --> 00:08:01,919
that anyone was watching or

212
00:08:05,909 --> 00:08:04,080
or anything but there it was a little

213
00:08:07,350 --> 00:08:05,919

community building which i thought was

214

00:08:08,950 --> 00:08:07,360

pretty pretty darn cool you know a lot

215

00:08:10,869 --> 00:08:08,960

of like-minded people having engaging

216

00:08:13,189 --> 00:08:10,879

conversations in the comments um i think

217

00:08:15,430 --> 00:08:13,199

it was you know when i started kind of

218

00:08:17,749 --> 00:08:15,440

joining board shifts with uh louise

219

00:08:20,150 --> 00:08:17,759

jimenez and the ucr's when i

220

00:08:21,830 --> 00:08:20,160

really felt even more connected to the

221

00:08:23,029 --> 00:08:21,840

community and i thought that's

222

00:08:24,790 --> 00:08:23,039

yeah just

223

00:08:26,390 --> 00:08:24,800

really cool to have you know so many

224

00:08:28,869 --> 00:08:26,400

people together you know thinking the

225

00:08:30,469 --> 00:08:28,879

same things and advancing the topic yeah

226

00:08:32,469 --> 00:08:30,479

i'm not sure where it will go that's

227

00:08:34,630 --> 00:08:32,479

actually where my question is is how you

228

00:08:36,310 --> 00:08:34,640

hooked up with those guys but before i

229

00:08:37,589 --> 00:08:36,320

ask that rather i want to tell you guys

230

00:08:39,029 --> 00:08:37,599

something

231

00:08:41,029 --> 00:08:39,039

uh and by the way i had to leave because

232

00:08:43,029 --> 00:08:41,039

my dogs are obviously are even more

233

00:08:43,829 --> 00:08:43,039

excited about rather deny him close the

234

00:08:45,750 --> 00:08:43,839

door

235

00:08:48,389 --> 00:08:45,760

they love rather be squiddy

236

00:08:49,350 --> 00:08:48,399

this is not my real hair

237

00:08:51,430 --> 00:08:49,360

okay

238

00:08:52,150 --> 00:08:51,440

spoiler alert

239

00:08:54,389 --> 00:08:52,160

yes

240

00:08:56,310 --> 00:08:54,399

this is not my real hair this was meant

241

00:08:57,990 --> 00:08:56,320

to make louise jealous but i'll tell you

242

00:09:00,710 --> 00:08:58,000

what i'm comfortable now i'm going to

243

00:09:07,670 --> 00:09:02,710

i'm going to be me okay be brave be

244

00:09:11,670 --> 00:09:09,430

there we go there we go good with or

245

00:09:13,750 --> 00:09:11,680

without dj beautiful yes

246

00:09:14,470 --> 00:09:13,760

thank you guys this is a big moment for

247

00:09:18,790 --> 00:09:14,480

me

248

00:09:23,430 --> 00:09:20,949

hi luis all right so

249

00:09:25,990 --> 00:09:23,440

um rather how did you meet these

250

00:09:27,430 --> 00:09:26,000

gentlemen was this uh uh something where

251
00:09:29,110 --> 00:09:27,440
you reach out to them they reach out to

252
00:09:31,110 --> 00:09:29,120
you how did this come about

253
00:09:33,590 --> 00:09:31,120
yeah um i i wasn't really aware of them

254
00:09:35,509 --> 00:09:33,600
until the first big phone home which uh

255
00:09:37,430 --> 00:09:35,519
yeah i saw a post on reddit and i

256
00:09:39,190 --> 00:09:37,440
watched the whole day of it and i saw a

257
00:09:41,110 --> 00:09:39,200
lot of awesome content creators you know

258
00:09:43,030 --> 00:09:41,120
that really helped me

259
00:09:44,710 --> 00:09:43,040
engage with the whole ufo twitter

260
00:09:47,190 --> 00:09:44,720
community and a lot of other content

261
00:09:48,550 --> 00:09:47,200
creators that i wasn't aware of and uh

262
00:09:51,350 --> 00:09:48,560
you know after that i started watching

263
00:09:53,030 --> 00:09:51,360

the show and uh pretty much whenever i

264

00:09:54,470 --> 00:09:53,040

think we'll be discussing this person

265

00:09:57,430 --> 00:09:54,480

later but whenever

266

00:09:59,030 --> 00:09:57,440

a certain name came up

267

00:10:00,550 --> 00:09:59,040

and people would get really mad at him i

268

00:10:02,630 --> 00:10:00,560

would you know chime there in the

269

00:10:04,470 --> 00:10:02,640

comments say no no i think that he's

270

00:10:06,150 --> 00:10:04,480

providing a valuable

271

00:10:08,310 --> 00:10:06,160

aspect you know he's providing value

272

00:10:10,389 --> 00:10:08,320

here and uh ended up calling into the

273

00:10:11,430 --> 00:10:10,399

show just defending him a couple times

274

00:10:13,190 --> 00:10:11,440

and uh

275

00:10:15,190 --> 00:10:13,200

yeah yeah we just kind of clicked and

276

00:10:17,829 --> 00:10:15,200

ended up coming on doing some more

277

00:10:19,269 --> 00:10:17,839

impromptu appearances like that and uh

278

00:10:21,030 --> 00:10:19,279

eventually i started doing the intros

279

00:10:23,829 --> 00:10:21,040

and uh yeah now i'm there pretty much

280

00:10:25,430 --> 00:10:23,839

all the time you are a fun place to be

281

00:10:27,829 --> 00:10:25,440

and by the way uh

282

00:10:29,350 --> 00:10:27,839

lou elizondo also uh

283

00:10:31,509 --> 00:10:29,360

said about the need for mick the other

284

00:10:33,590 --> 00:10:31,519

day so i mean he's got a lot of

285

00:10:35,670 --> 00:10:33,600

defenders so later on i'll i'll kind of

286

00:10:37,190 --> 00:10:35,680

give you my points but um more

287

00:10:39,829 --> 00:10:37,200

importantly you know you talked about

288

00:10:41,670 --> 00:10:39,839

that about being at the corner bar and

289

00:10:43,910 --> 00:10:41,680

being able to talk about this

290

00:10:46,069 --> 00:10:43,920

and i talked to about it to my yoga

291

00:10:48,790 --> 00:10:46,079

class tonight shout out to yoga teachers

292

00:10:50,470 --> 00:10:48,800

out there um and uh we spoke a little

293

00:10:51,590 --> 00:10:50,480

bit about it we spoke about anjali

294

00:10:53,910 --> 00:10:51,600

they're kind of tracking on them we

295

00:10:56,069 --> 00:10:53,920

spoke about house resolution but

296

00:10:57,829 --> 00:10:56,079

something happened this past weekend at

297

00:10:59,269 --> 00:10:57,839

the behest of nathan

298

00:11:01,269 --> 00:10:59,279

he said

299

00:11:05,030 --> 00:11:01,279

you know he was pretty amazed with chris

300

00:11:07,910 --> 00:11:05,040

lado's resume and what he explained that

301
00:11:11,430 --> 00:11:07,920
uh on andy's show that it took to do to

302
00:11:13,590 --> 00:11:11,440
get to the level of pilot that he is

303
00:11:15,430 --> 00:11:13,600
and i come from the special operations

304
00:11:18,630 --> 00:11:15,440
community it's totally different we go

305
00:11:21,350 --> 00:11:18,640
to school as a group of seven two pilots

306
00:11:23,269 --> 00:11:21,360
a navigator an ewo basically they're

307
00:11:25,750 --> 00:11:23,279
both navigators one is kind of like a

308
00:11:28,150 --> 00:11:25,760
subset and then two load masters and one

309
00:11:30,389 --> 00:11:28,160
flight engineer so you all go to classes

310
00:11:32,470 --> 00:11:30,399
together you'll split off for specialty

311
00:11:34,069 --> 00:11:32,480
stuff but you all learn a little about

312
00:11:37,269 --> 00:11:34,079
one another's job so when you're on the

313
00:11:39,590 --> 00:11:37,279

airplane you're you are cross-trained to

314

00:11:40,389 --> 00:11:39,600

some degree in the other person's job

315

00:11:41,910 --> 00:11:40,399

but

316

00:11:44,470 --> 00:11:41,920

you're not a single seater like chris

317

00:11:45,990 --> 00:11:44,480

lato was all he had to depend on was him

318

00:11:47,990 --> 00:11:46,000

so that's

319

00:11:50,230 --> 00:11:48,000

unique about the fighter pilot community

320

00:11:53,110 --> 00:11:50,240

but i called this retired colonel this

321

00:11:55,829 --> 00:11:53,120

guy retired this year he's very young

322

00:11:57,430 --> 00:11:55,839

looking he's very young sounding he's

323

00:11:59,509 --> 00:11:57,440

flying for fedex

324

00:12:01,990 --> 00:11:59,519

and i called him and said troy my

325

00:12:04,069 --> 00:12:02,000

partner nathan wants to have you

326

00:12:06,310 --> 00:12:04,079

on the show and i want

327

00:12:08,389 --> 00:12:06,320

along with an f-16 guy so we're going to

328

00:12:11,430 --> 00:12:08,399

talk about the differences about you as

329

00:12:13,590 --> 00:12:11,440

a special operations command pilot

330

00:12:15,350 --> 00:12:13,600

and a fighter pilot two totally

331

00:12:17,590 --> 00:12:15,360

different things

332

00:12:20,069 --> 00:12:17,600

and i said but i want to warn you we're

333

00:12:22,069 --> 00:12:20,079

gonna talk ufos okay

334

00:12:25,110 --> 00:12:22,079

and that was like a huge step for me to

335

00:12:28,310 --> 00:12:25,120

be able to do that and him not go dj

336

00:12:29,910 --> 00:12:28,320

yeah uh is good talking to you uh it's

337

00:12:32,069 --> 00:12:29,920

breaking down

338

00:12:34,150 --> 00:12:32,079

yeah like literally we talked for i

339

00:12:34,949 --> 00:12:34,160

would say i didn't track it but over an

340

00:12:37,509 --> 00:12:34,959

hour

341

00:12:39,030 --> 00:12:37,519

we spoke about the whole topic about lou

342

00:12:40,790 --> 00:12:39,040

about everything and that's because he

343

00:12:42,310 --> 00:12:40,800

wanted to go on the record

344

00:12:44,069 --> 00:12:42,320

yeah oh he's going to come on the show

345

00:12:47,030 --> 00:12:44,079

oh wow he's going to come on the show

346

00:12:48,230 --> 00:12:47,040

and he's new so when nathan asks him a

347

00:12:50,629 --> 00:12:48,240

question

348

00:12:52,949 --> 00:12:50,639

he's not been to all these different

349

00:12:54,550 --> 00:12:52,959

forums and he's only read about lou

350

00:12:56,629 --> 00:12:54,560

elizondo and some of them were hit

351
00:12:57,829 --> 00:12:56,639
pieces that he read he has never heard

352
00:12:59,910 --> 00:12:57,839
him speak

353
00:13:01,910 --> 00:12:59,920
i provided him with some interviews uh

354
00:13:04,949 --> 00:13:01,920
three uh two or three interviews so on

355
00:13:06,710 --> 00:13:04,959
so forth but the point is is that we we

356
00:13:08,150 --> 00:13:06,720
would not have had that conversation we

357
00:13:09,590 --> 00:13:08,160
talked about that

358
00:13:12,389 --> 00:13:09,600
not we would not have had that

359
00:13:14,550 --> 00:13:12,399
conversation active duty and even now it

360
00:13:16,069 --> 00:13:14,560
was like i was scared to bring it up

361
00:13:18,550 --> 00:13:16,079
because what if he said

362
00:13:20,470 --> 00:13:18,560
like nathan you're breaking up bro you

363
00:13:21,509 --> 00:13:20,480

know it's good you know good catching up

364

00:13:23,190 --> 00:13:21,519

dj

365

00:13:25,829 --> 00:13:23,200

uh in fact

366

00:13:27,590 --> 00:13:25,839

he was uh he was great so we will have

367

00:13:29,750 --> 00:13:27,600

him on and you guys will get to hear the

368

00:13:32,470 --> 00:13:29,760

difference between first of all what it

369

00:13:35,110 --> 00:13:32,480

takes to get to that level and so when

370

00:13:36,870 --> 00:13:35,120

we're talking about if we were talking

371

00:13:38,710 --> 00:13:36,880

quarterbacks you have a pop warner kid

372

00:13:41,590 --> 00:13:38,720

that's in like sixth grade

373

00:13:43,350 --> 00:13:41,600

and then you have tom brady so the pop

374

00:13:44,710 --> 00:13:43,360

warner kid is like me and mick as

375

00:13:47,750 --> 00:13:44,720

private pilots

376

00:13:50,550 --> 00:13:47,760

and then you have tom brady

377

00:13:53,430 --> 00:13:50,560

and so would those two have a a dialogue

378

00:13:55,509 --> 00:13:53,440

about flight tactics or systems so that

379

00:13:58,389 --> 00:13:55,519

kind of gives you in order because you

380

00:14:00,150 --> 00:13:58,399

don't just become one of these guys you

381

00:14:02,069 --> 00:14:00,160

you have to like it changes your entire

382

00:14:04,310 --> 00:14:02,079

life from the moment you enter flight

383

00:14:07,509 --> 00:14:04,320

school your entire life is now

384

00:14:08,470 --> 00:14:07,519

that so anyway yeah um so i've come out

385

00:14:10,069 --> 00:14:08,480

now

386

00:14:11,750 --> 00:14:10,079

yeah well i mean but that then that

387

00:14:14,150 --> 00:14:11,760

makes me want to ask it's just to say

388

00:14:17,110 --> 00:14:14,160

wait to offer that to to you rather and

389

00:14:19,670 --> 00:14:17,120

that's sort of how does this um

390

00:14:22,870 --> 00:14:19,680

how are you seeing the the discussion

391

00:14:24,710 --> 00:14:22,880

kind of bleed out from the the the

392

00:14:27,030 --> 00:14:24,720

confines of the fringe where it's

393

00:14:30,150 --> 00:14:27,040

traditionally been and and kind of bleed

394

00:14:31,430 --> 00:14:30,160

into the rest of of of the mainstream

395

00:14:33,030 --> 00:14:31,440

you know with the effort that you've

396

00:14:34,550 --> 00:14:33,040

been a part of with the big phone home

397

00:14:36,230 --> 00:14:34,560

and what kind of impact are we seeing

398

00:14:38,710 --> 00:14:36,240

and and how do you see this continue to

399

00:14:41,430 --> 00:14:38,720

grow as this becomes more of a topic

400

00:14:43,030 --> 00:14:41,440

that we can talk about out in the open

401
00:14:44,949 --> 00:14:43,040

yeah i mean it's a

402
00:14:46,629 --> 00:14:44,959

it's a good question you know it seems

403
00:14:48,710 --> 00:14:46,639

you know from inside the community that

404
00:14:51,269 --> 00:14:48,720

it is snowballing and getting bigger and

405
00:14:53,350 --> 00:14:51,279

bigger and it there is definitely some

406
00:14:55,829 --> 00:14:53,360

evidence of that when you see the you

407
00:14:57,590 --> 00:14:55,839

know congressional action that they are

408
00:14:59,350 --> 00:14:57,600

following up on the uap task force and

409
00:15:01,030 --> 00:14:59,360

they're continuing to take action when

410
00:15:03,829 --> 00:15:01,040

they could so easily have gone the other

411
00:15:05,670 --> 00:15:03,839

way right on the same side

412
00:15:07,829 --> 00:15:05,680

it doesn't seem like there's the

413
00:15:08,870 --> 00:15:07,839

massive explosion of public interest

414

00:15:11,509 --> 00:15:08,880

that i would

415

00:15:13,350 --> 00:15:11,519

think there is right like uh we have

416

00:15:14,949 --> 00:15:13,360

these amazing things being said we have

417

00:15:17,430 --> 00:15:14,959

you know the uap task force saying that

418

00:15:19,509 --> 00:15:17,440

there's unknown things in the air and

419

00:15:21,670 --> 00:15:19,519

most of the public is

420

00:15:24,310 --> 00:15:21,680

you know lackluster but yeah brushes it

421

00:15:26,230 --> 00:15:24,320

off get back to tick tock here yeah have

422

00:15:28,470 --> 00:15:26,240

you come out though like in other words

423

00:15:29,910 --> 00:15:28,480

are you able to engage in dialogue with

424

00:15:32,150 --> 00:15:29,920

everyday people when you're out and

425

00:15:33,430 --> 00:15:32,160

about with it do you feel comfortable to

426

00:15:35,670 --> 00:15:33,440

do that

427

00:15:37,509 --> 00:15:35,680

yeah yeah i mean i i do uh you know i

428

00:15:39,430 --> 00:15:37,519

was telling a toad story the other other

429

00:15:41,749 --> 00:15:39,440

day that i was i got a haircut recently

430

00:15:43,110 --> 00:15:41,759

and i told my you know haircut dresser

431

00:15:44,790 --> 00:15:43,120

this was before labor day when we were

432

00:15:47,350 --> 00:15:44,800

going to do the big phone home coming up

433

00:15:50,389 --> 00:15:47,360

what i was doing on labor day as he uh

434

00:15:51,910 --> 00:15:50,399

kind of stifled the conversation

435

00:15:53,110 --> 00:15:51,920

you know didn't have much to say to me

436

00:15:54,310 --> 00:15:53,120

after that it kind of looked at me a

437

00:15:58,069 --> 00:15:54,320

little weird so i think that there

438

00:15:59,509 --> 00:15:58,079

definitely is some stigma there but uh

439

00:16:01,110 --> 00:15:59,519

it's a bizarre thing i feel like most

440

00:16:02,790 --> 00:16:01,120

people haven't still

441

00:16:04,870 --> 00:16:02,800

been introduced to the latest

442

00:16:07,670 --> 00:16:04,880

developments right yeah like when i talk

443

00:16:09,350 --> 00:16:07,680

about it in my peer groups i

444

00:16:10,949 --> 00:16:09,360

you know mention it and everyone's

445

00:16:12,629 --> 00:16:10,959

really interested but i have to tell

446

00:16:14,949 --> 00:16:12,639

them about ella's like no one knows who

447

00:16:16,870 --> 00:16:14,959

elizondo is no one knows who what any of

448

00:16:18,389 --> 00:16:16,880

these developments are but they're very

449

00:16:21,030 --> 00:16:18,399

interested when i you know tell them

450

00:16:23,030 --> 00:16:21,040

that you know this right what has really

451
00:16:25,110 --> 00:16:23,040
been happening uh

452
00:16:27,110 --> 00:16:25,120
so yeah i i don't really

453
00:16:29,829 --> 00:16:27,120
i'm at a loss to explain the kind of

454
00:16:32,389 --> 00:16:29,839
disconnect there between the official

455
00:16:34,870 --> 00:16:32,399
progress that's being made and the

456
00:16:36,550 --> 00:16:34,880
still kind of

457
00:16:38,949 --> 00:16:36,560
the community that with the bubble that

458
00:16:40,150 --> 00:16:38,959
we're in um i i want to say i'm

459
00:16:43,189 --> 00:16:40,160
triggered by the fact that you said

460
00:16:44,069 --> 00:16:43,199
hairdresser and i suspect so is madeloni

461
00:16:47,990 --> 00:16:44,079
mike

462
00:16:50,710 --> 00:16:48,000
we're brothers man

463
00:16:52,949 --> 00:16:50,720

okay uh that aside

464

00:16:54,389 --> 00:16:52,959

i'm curious on your thoughts on this

465

00:16:56,550 --> 00:16:54,399

topic because

466

00:16:59,829 --> 00:16:56,560

i thought of it reading yesterday

467

00:17:01,269 --> 00:16:59,839

reading some uh ufo twitter tweets where

468

00:17:04,390 --> 00:17:01,279

individuals

469

00:17:07,350 --> 00:17:04,400

get extremely conspiratorial

470

00:17:09,750 --> 00:17:07,360

about uh i they were talking about they

471

00:17:12,870 --> 00:17:09,760

tweeted dietrich uh alex dietrich our

472

00:17:15,590 --> 00:17:12,880

friend from vfa41 so that's how the

473

00:17:17,750 --> 00:17:15,600

topic came up and and they were

474

00:17:20,710 --> 00:17:17,760

extremely uh it's a government it's a

475

00:17:22,630 --> 00:17:20,720

high level fake that's been engineered

476

00:17:25,110 --> 00:17:22,640

to make us think and they're all in on

477

00:17:27,829 --> 00:17:25,120

it meaning like kevin day and alex and

478

00:17:31,750 --> 00:17:27,839

gary never mind the the obvious ptsd

479

00:17:33,270 --> 00:17:31,760

that that that two individuals

480

00:17:35,430 --> 00:17:33,280

have experienced

481

00:17:36,870 --> 00:17:35,440

one just seeing it on a radar scope not

482

00:17:38,310 --> 00:17:36,880

even seeing it in real life and the

483

00:17:40,310 --> 00:17:38,320

other one's standing on the deck seeing

484

00:17:42,070 --> 00:17:40,320

it through big eyes and both of them

485

00:17:45,110 --> 00:17:42,080

have had a reaction

486

00:17:47,510 --> 00:17:45,120

so um but my question to you and that

487

00:17:50,470 --> 00:17:47,520

was a long-winded way to ask you

488

00:17:52,710 --> 00:17:50,480

is this come from a place where

489

00:17:55,750 --> 00:17:52,720

people we don't know what it is

490

00:17:57,430 --> 00:17:55,760

and we don't feel safe with a potential

491

00:18:00,630 --> 00:17:57,440

danger out there that we don't know what

492

00:18:02,789 --> 00:18:00,640

it is and if we can codify and say well

493

00:18:04,710 --> 00:18:02,799

obviously you know it must be like a

494

00:18:06,070 --> 00:18:04,720

government thing and that's what it is

495

00:18:07,830 --> 00:18:06,080

so there's really nothing to worry about

496

00:18:09,750 --> 00:18:07,840

is that where that comes from in your

497

00:18:11,510 --> 00:18:09,760

mind or is there a different explanation

498

00:18:13,669 --> 00:18:11,520

yeah i mean i think that it's partly

499

00:18:16,150 --> 00:18:13,679

because of where what the government has

500

00:18:18,470 --> 00:18:16,160

given us right they've given us these

501
00:18:20,710 --> 00:18:18,480
insane claims really and then they've

502
00:18:22,870 --> 00:18:20,720
given us what they tell us is evidence

503
00:18:24,950 --> 00:18:22,880
that backs up those claims but the

504
00:18:27,029 --> 00:18:24,960
evidence that they give us

505
00:18:28,230 --> 00:18:27,039
i don't think really backs up those

506
00:18:30,230 --> 00:18:28,240
claims so there's a little bit of a

507
00:18:33,990 --> 00:18:30,240
disconnect there and i think that that

508
00:18:35,270 --> 00:18:34,000
gives opens the the room that people say

509
00:18:36,950 --> 00:18:35,280
hey you know i can't i don't really

510
00:18:37,830 --> 00:18:36,960
believe that this is what you say it is

511
00:18:39,430 --> 00:18:37,840
there's

512
00:18:42,470 --> 00:18:39,440
this other

513
00:18:44,630 --> 00:18:42,480

although it is very convoluted i can see

514

00:18:46,789 --> 00:18:44,640

that that would actually be possible so

515

00:18:47,750 --> 00:18:46,799

i'm going to assume that that's what

516

00:18:49,350 --> 00:18:47,760

happened

517

00:18:51,430 --> 00:18:49,360

right right so i feel like yeah it's

518

00:18:53,350 --> 00:18:51,440

just kind of a we need that definitive

519

00:18:55,510 --> 00:18:53,360

evidence where everyone can say

520

00:18:57,350 --> 00:18:55,520

yeah there's no there's no possibility

521

00:18:59,350 --> 00:18:57,360

of this being an elaborate government

522

00:19:00,710 --> 00:18:59,360

floyd you know this is

523

00:19:02,549 --> 00:19:00,720

verifiable

524

00:19:04,070 --> 00:19:02,559

things that are happening and i believe

525

00:19:05,110 --> 00:19:04,080

that they are happening but i don't

526
00:19:07,510 --> 00:19:05,120
think that it's

527
00:19:10,070 --> 00:19:07,520
you know the evidence is 100 there to be

528
00:19:12,870 --> 00:19:10,080
definitively conclusive

529
00:19:14,590 --> 00:19:12,880
i'm not sure that exists because without

530
00:19:17,750 --> 00:19:14,600
without them saying okay here's our

531
00:19:19,909 --> 00:19:17,760
geospatial uh satellite imagery and

532
00:19:21,750 --> 00:19:19,919
video where you can see it close up and

533
00:19:23,510 --> 00:19:21,760
the russians are going oh okay i see

534
00:19:25,190 --> 00:19:23,520
yeah that's how that okay that's what

535
00:19:26,710 --> 00:19:25,200
they can see

536
00:19:30,310 --> 00:19:26,720
and i think that maybe this whole you

537
00:19:32,630 --> 00:19:30,320
know since 2017 it is kind of a uh a

538
00:19:33,750 --> 00:19:32,640

regression to the mean right like i

539

00:19:37,669 --> 00:19:33,760

think that the

540

00:19:39,990 --> 00:19:37,679

time between the conden report and 2017

541

00:19:41,909 --> 00:19:40,000

were kind of an aberration in our

542

00:19:43,029 --> 00:19:41,919

understanding of the ufo you know

543

00:19:45,590 --> 00:19:43,039

phenomena

544

00:19:46,710 --> 00:19:45,600

broken trust right yeah

545

00:19:47,669 --> 00:19:46,720

absolutely

546

00:19:49,270 --> 00:19:47,679

yeah

547

00:19:51,029 --> 00:19:49,280

we're like we're re-leveling essentially

548

00:19:52,549 --> 00:19:51,039

we're kind of we're bringing back up to

549

00:19:54,230 --> 00:19:52,559

where we were before

550

00:19:55,909 --> 00:19:54,240

we're picking that conversation back up

551
00:19:57,350 --> 00:19:55,919
from where it kind of got dropped

552
00:19:59,350 --> 00:19:57,360
decades ago

553
00:20:01,350 --> 00:19:59,360
and now we're kind of trying to roll it

554
00:20:02,950 --> 00:20:01,360
forward and you know what surprises me

555
00:20:05,190 --> 00:20:02,960
is the degree to which i think you're

556
00:20:07,430 --> 00:20:05,200
alluding to this the degree to which

557
00:20:08,710 --> 00:20:07,440
the government seems comfortable

558
00:20:10,870 --> 00:20:08,720
allowing

559
00:20:13,350 --> 00:20:10,880
this uh sort of

560
00:20:15,990 --> 00:20:13,360
space of speculation to fill the vacuum

561
00:20:17,510 --> 00:20:16,000
of information that they have that that

562
00:20:19,270 --> 00:20:17,520
is present you know it would be much

563
00:20:21,590 --> 00:20:19,280

easier for them to just say hey we've

564

00:20:23,510 --> 00:20:21,600

looked at this we've looked at 144

565

00:20:25,270 --> 00:20:23,520

sightings and yeah there it's not

566

00:20:26,630 --> 00:20:25,280

there's nothing to see here instead

567

00:20:28,470 --> 00:20:26,640

they've just and said they're like well

568

00:20:32,230 --> 00:20:28,480

we don't really know what all of them

569

00:20:33,510 --> 00:20:32,240

are except for one uh and and the reason

570

00:20:34,710 --> 00:20:33,520

we know that we don't know what they are

571

00:20:35,909 --> 00:20:34,720

but we can't tell you why we don't know

572

00:20:37,990 --> 00:20:35,919

what they are but just take us at our

573

00:20:39,909 --> 00:20:38,000

word and so fill in the blank with

574

00:20:41,909 --> 00:20:39,919

whatever pet theory you have as to like

575

00:20:43,909 --> 00:20:41,919

why we don't understand this

576

00:20:46,630 --> 00:20:43,919

and we'll get back to you in maybe i

577

00:20:48,149 --> 00:20:46,640

don't know a quarter maybe in a year

578

00:20:49,669 --> 00:20:48,159

you know some somebody's going to drag

579

00:20:51,510 --> 00:20:49,679

us kicking and screaming to tell you

580

00:20:54,390 --> 00:20:51,520

some more but but you know whatever it's

581

00:20:56,070 --> 00:20:54,400

not rather's grandkids might know rather

582

00:20:57,430 --> 00:20:56,080

than kids might see that imagery it's

583

00:20:58,710 --> 00:20:57,440

very yeah

584

00:20:59,990 --> 00:20:58,720

not just saying that we don't have the

585

00:21:01,510 --> 00:21:00,000

information they're saying we have the

586

00:21:04,230 --> 00:21:01,520

information but we can't show you it so

587

00:21:07,029 --> 00:21:04,240

we can't treat anything imaginable yeah

588

00:21:09,430 --> 00:21:07,039

i i don't know what that i don't know

589

00:21:12,149 --> 00:21:09,440

what that imagery is that they have i've

590

00:21:13,909 --> 00:21:12,159

lou has pointed to that there's several

591

00:21:16,149 --> 00:21:13,919

they don't do single source reporting

592

00:21:19,990 --> 00:21:16,159

that there's several different um

593

00:21:20,950 --> 00:21:20,000

sources that they've used in addition to

594

00:21:22,870 --> 00:21:20,960

you know

595

00:21:25,270 --> 00:21:22,880

we've spent an enormous amount of money

596

00:21:27,909 --> 00:21:25,280

to train these people to get security

597

00:21:30,230 --> 00:21:27,919

clearances on him in the case of uh of

598

00:21:31,750 --> 00:21:30,240

probably gary and kevin probably have a

599

00:21:34,310 --> 00:21:31,760

tssci

600

00:21:36,230 --> 00:21:34,320

uh background to work the spy one radar

601
00:21:40,710 --> 00:21:36,240
in addition to some of those uh

602
00:21:42,549 --> 00:21:40,720
technicians the e2 guys as well um so

603
00:21:44,950 --> 00:21:42,559
in the absence of app and we've talked

604
00:21:47,190 --> 00:21:44,960
about this on twitter i think just in us

605
00:21:49,350 --> 00:21:47,200
tweeting being in the same chain in the

606
00:21:51,190 --> 00:21:49,360
absence of absolute proof

607
00:21:53,029 --> 00:21:51,200
um you have the

608
00:21:55,430 --> 00:21:53,039
some of the best people in the world at

609
00:21:57,669 --> 00:21:55,440
these specific jobs that have said okay

610
00:22:00,230 --> 00:21:57,679
this is what i saw and that also

611
00:22:01,750 --> 00:22:00,240
corroborates with my face my spy one

612
00:22:02,870 --> 00:22:01,760
phase ray radar

613
00:22:05,590 --> 00:22:02,880

and then

614

00:22:08,230 --> 00:22:05,600

uh what the e2 hawkeye saw on there kind

615

00:22:09,350 --> 00:22:08,240

of more like air traffic control radar

616

00:22:14,870 --> 00:22:09,360

what

617

00:22:16,789 --> 00:22:14,880

and dave saw with mark one eyeballs as

618

00:22:17,990 --> 00:22:16,799

we call them that's what we call visual

619

00:22:20,630 --> 00:22:18,000

this is obviously called mark one

620

00:22:23,029 --> 00:22:20,640

eyeballs because uh nvgs would be like a

621

00:22:24,789 --> 00:22:23,039

mark iii or something and then uh and

622

00:22:26,870 --> 00:22:24,799

then chad underwood so when you put all

623

00:22:28,310 --> 00:22:26,880

those pieces together you say you know

624

00:22:30,149 --> 00:22:28,320

i've got something that i'm i'm

625

00:22:32,630 --> 00:22:30,159

convinced because i don't think all

626

00:22:34,789 --> 00:22:32,640

these people would would lie to me

627

00:22:37,510 --> 00:22:34,799

and they do have a little bit of video

628

00:22:39,029 --> 00:22:37,520

to back it up that uh that they crunched

629

00:22:40,549 --> 00:22:39,039

the math on there and i think lou

630

00:22:42,710 --> 00:22:40,559

actually went into that when he was on

631

00:22:44,470 --> 00:22:42,720

mcquest podcast so

632

00:22:46,630 --> 00:22:44,480

i mean to me it's it's it's very

633

00:22:49,270 --> 00:22:46,640

convincing in the absence of them

634

00:22:51,430 --> 00:22:49,280

showing us classified information yeah

635

00:22:53,270 --> 00:22:51,440

well i mean doesn't this uh speak to the

636

00:22:54,789 --> 00:22:53,280

fact that um

637

00:22:57,669 --> 00:22:54,799

i think of this in the way that i think

638

00:22:58,870 --> 00:22:57,679

about technology so more broadly right

639

00:23:01,029 --> 00:22:58,880

so let's say that you have new

640

00:23:03,110 --> 00:23:01,039

technology that's incredibly expensive

641

00:23:05,750 --> 00:23:03,120

incredibly advanced and the you have the

642

00:23:07,270 --> 00:23:05,760

early adopters or the people who can who

643

00:23:09,270 --> 00:23:07,280

who you're going to distribute this

644

00:23:10,789 --> 00:23:09,280

technology to it's not everyone and

645

00:23:11,990 --> 00:23:10,799

everyone can can access that and

646

00:23:13,590 --> 00:23:12,000

everyone should be accessing it

647

00:23:16,070 --> 00:23:13,600

particularly if you're testing those

648

00:23:18,950 --> 00:23:16,080

kinds of platforms so this is a concept

649

00:23:21,669 --> 00:23:18,960

that you can take to to the military as

650

00:23:24,310 --> 00:23:21,679

well that that sensor technology

651
00:23:26,870 --> 00:23:24,320
observational technology as it as it has

652
00:23:29,190 --> 00:23:26,880
become more advanced it has become the

653
00:23:31,110 --> 00:23:29,200
the footprint of that use of technology

654
00:23:32,950 --> 00:23:31,120
has become much broader than it used to

655
00:23:35,590 --> 00:23:32,960
be so instead of someone just a very

656
00:23:37,430 --> 00:23:35,600
small select few people being able to

657
00:23:39,270 --> 00:23:37,440
access censored platforms with that have

658
00:23:41,510 --> 00:23:39,280
such a high degree of fidelity now you

659
00:23:43,350 --> 00:23:41,520
have a lot of people who have access to

660
00:23:45,430 --> 00:23:43,360
these platforms that that are giving

661
00:23:47,430 --> 00:23:45,440
them you know great fidelity in our

662
00:23:49,110 --> 00:23:47,440
operating spaces and so this is not

663
00:23:50,710 --> 00:23:49,120

something that you can just kind of

664

00:23:53,590 --> 00:23:50,720

brush to the side anymore because you

665

00:23:56,070 --> 00:23:53,600

have a lot more eyeballs quote unquote

666

00:23:57,350 --> 00:23:56,080

looking at the issue right and so i

667

00:23:58,950 --> 00:23:57,360

think that that

668

00:24:00,710 --> 00:23:58,960

you know you combine that with the fact

669

00:24:03,190 --> 00:24:00,720

that it benefits the government in some

670

00:24:04,789 --> 00:24:03,200

way this is maybe just a pet theory

671

00:24:08,870 --> 00:24:04,799

to

672

00:24:10,230 --> 00:24:08,880

public right oh we're gonna go along

673

00:24:11,990 --> 00:24:10,240

this we're gonna go on this journey

674

00:24:14,149 --> 00:24:12,000

together congress is coming along and

675

00:24:16,149 --> 00:24:14,159

we're showing them stuff and you're sure

676
00:24:17,830 --> 00:24:16,159
we're all getting stuff and you know we

677
00:24:19,190 --> 00:24:17,840
don't know much but we're going to learn

678
00:24:20,710 --> 00:24:19,200
we're going to learn together on this

679
00:24:22,149 --> 00:24:20,720
journey and we'll see where it takes us

680
00:24:24,549 --> 00:24:22,159
i don't know rather what do you think

681
00:24:27,350 --> 00:24:24,559
about that take yeah yeah i mean uh the

682
00:24:29,029 --> 00:24:27,360
jwst the james webb space telescope is

683
00:24:30,630 --> 00:24:29,039
set to launch at the end of this year

684
00:24:32,070 --> 00:24:30,640
and a lot of people think that that

685
00:24:33,190 --> 00:24:32,080
might be the thing that is going to

686
00:24:35,830 --> 00:24:33,200
detect

687
00:24:38,070 --> 00:24:35,840
alien life alien planets out there so

688
00:24:40,470 --> 00:24:38,080

wow yeah i've you had those thoughts too

689

00:24:44,149 --> 00:24:40,480

that maybe this disclosure is

690

00:24:46,710 --> 00:24:44,159

trying to get ahead of the public

691

00:24:48,710 --> 00:24:46,720

discovery right right one once it's

692

00:24:50,630 --> 00:24:48,720

broadcast of the world's eyeballs you

693

00:24:52,870 --> 00:24:50,640

can't really hide it anymore you know

694

00:24:56,470 --> 00:24:52,880

but but rather when you look at in the

695

00:24:59,830 --> 00:24:56,480

context of of a more profound disclosure

696

00:25:01,350 --> 00:24:59,840

and i want you to juxtapose that against

697

00:25:03,190 --> 00:25:01,360

oh um

698

00:25:04,789 --> 00:25:03,200

everybody stay home from work there's a

699

00:25:07,590 --> 00:25:04,799

virus and all of a sudden you can't go

700

00:25:10,789 --> 00:25:07,600

to the dollar store and buy toilet paper

701
00:25:13,110 --> 00:25:10,799
so now let's juxtapose that against

702
00:25:16,310 --> 00:25:13,120
okay they've said that no kidding

703
00:25:18,310 --> 00:25:16,320
they've had all these alien contacts

704
00:25:21,110 --> 00:25:18,320
people are like going i can't even get

705
00:25:21,909 --> 00:25:21,120
dental floss next thing you know sure uh

706
00:25:23,830 --> 00:25:21,919
you know

707
00:25:26,390 --> 00:25:23,840
underwear yeah i mean

708
00:25:27,430 --> 00:25:26,400
go ahead i have so many questions

709
00:25:29,669 --> 00:25:27,440
yeah it's

710
00:25:31,430 --> 00:25:29,679
there's such a range of possibilities

711
00:25:34,310 --> 00:25:31,440
here when you talk about what disclosure

712
00:25:36,070 --> 00:25:34,320
could be right and i'm more of the

713
00:25:37,110 --> 00:25:36,080

status that i i think that it's probably

714

00:25:38,310 --> 00:25:37,120

going to be

715

00:25:40,310 --> 00:25:38,320

the government might have more

716

00:25:42,390 --> 00:25:40,320

information about what's going on in the

717

00:25:43,990 --> 00:25:42,400

skies but i don't think that they've

718

00:25:45,990 --> 00:25:44,000

recovered stuff and reverse engineered

719

00:25:48,789 --> 00:25:46,000

stuff and like have a handle on it or i

720

00:25:50,630 --> 00:25:48,799

don't think that they're in contact with

721

00:25:51,830 --> 00:25:50,640

government you know alien societies or

722

00:25:55,029 --> 00:25:51,840

anything like that

723

00:25:56,870 --> 00:25:55,039

and in lieu of any of that stuff

724

00:25:59,110 --> 00:25:56,880

i think that disclosure isn't going to

725

00:26:01,669 --> 00:25:59,120

be that impactful for society because

726
00:26:02,950 --> 00:26:01,679
presumably this has been going on right

727
00:26:05,430 --> 00:26:02,960
around us for

728
00:26:06,950 --> 00:26:05,440
forever right so it's sure wait rather

729
00:26:08,549 --> 00:26:06,960
did you see that guy at the at the

730
00:26:10,470 --> 00:26:08,559
convenience store paying with toilet

731
00:26:12,630 --> 00:26:10,480
paper he goes up with toilet paper and

732
00:26:15,110 --> 00:26:12,640
he's ripping pieces off and paying for

733
00:26:17,430 --> 00:26:15,120
his like his energy drink and stuff come

734
00:26:19,590 --> 00:26:17,440
on well if there's any hint that you

735
00:26:21,990 --> 00:26:19,600
know yeah the aliens have a uh a

736
00:26:24,310 --> 00:26:22,000
timeline on our city you know they're

737
00:26:25,990 --> 00:26:24,320
we have 40 years left before the aliens

738
00:26:27,669 --> 00:26:26,000

come and invade and i think that yeah

739

00:26:29,510 --> 00:26:27,679

yeah

740

00:26:31,029 --> 00:26:29,520

will be very valuable but

741

00:26:33,430 --> 00:26:31,039

no but i mean so you don't think there'd

742

00:26:36,230 --> 00:26:33,440

be any more of a reaction than than

743

00:26:37,269 --> 00:26:36,240

kovit had in your opinion

744

00:27:32,830 --> 00:26:37,279

i

745

00:27:35,430 --> 00:27:32,840

whatever or youtube

746

00:27:37,430 --> 00:27:35,440

so yeah but

747

00:27:39,029 --> 00:27:37,440

i mean if this is the aliens landing on

748

00:27:41,110 --> 00:27:39,039

the white house lounge or the aliens

749

00:27:43,750 --> 00:27:41,120

actually having

750

00:27:45,510 --> 00:27:43,760

new you know interactions with us then i

751

00:27:47,990 --> 00:27:45,520

i agree that it would be society

752

00:27:49,750 --> 00:27:48,000

changing and crazy but if it's just you

753

00:27:51,909 --> 00:27:49,760

know here are the actual photos of these

754

00:27:53,350 --> 00:27:51,919

things that we still haven't discovered

755

00:27:54,710 --> 00:27:53,360

yeah i think it'll

756

00:27:56,630 --> 00:27:54,720

be awesome but

757

00:27:58,470 --> 00:27:56,640

i'll tell you where i'm at like because

758

00:27:59,830 --> 00:27:58,480

it's not too far off of where you're at

759

00:28:03,990 --> 00:27:59,840

i think

760

00:28:06,310 --> 00:28:04,000

they have recovered things i don't think

761

00:28:08,230 --> 00:28:06,320

they've reversed engineered anything i

762

00:28:11,269 --> 00:28:08,240

don't think there's anything that you

763

00:28:12,470 --> 00:28:11,279

would see flying a you know past jazz

764

00:28:14,630 --> 00:28:12,480

shaw's house

765

00:28:16,710 --> 00:28:14,640

uh with him standing with his iphone

766

00:28:17,990 --> 00:28:16,720

that we've reverse engineered and that's

767

00:28:19,269 --> 00:28:18,000

based on

768

00:28:21,190 --> 00:28:19,279

a study

769

00:28:23,110 --> 00:28:21,200

of powered flight and you guys have

770

00:28:23,909 --> 00:28:23,120

heard me say it a million times about

771

00:28:26,149 --> 00:28:23,919

how

772

00:28:29,310 --> 00:28:26,159

powered flight happens and then what

773

00:28:31,430 --> 00:28:29,320

these are doing that is so

774

00:28:33,510 --> 00:28:31,440

extraordinarily different

775

00:28:35,590 --> 00:28:33,520

than what we've been taught

776

00:28:38,070 --> 00:28:35,600

that the um

777

00:28:39,750 --> 00:28:38,080

process of powered flight through

778

00:28:40,789 --> 00:28:39,760

bernoulli's theorem

779

00:28:43,669 --> 00:28:40,799

through

780

00:28:46,230 --> 00:28:43,679

newton's laws of motion etc and those i

781

00:28:48,070 --> 00:28:46,240

could apply those to several principles

782

00:28:50,149 --> 00:28:48,080

of how an airplane flies and these

783

00:28:51,750 --> 00:28:50,159

things are just like oh piss on all that

784

00:28:54,070 --> 00:28:51,760

we don't need any of that it's not even

785

00:28:55,990 --> 00:28:54,080

the same paradigm yeah yeah so i think

786

00:28:57,909 --> 00:28:56,000

dave and nathan i'm going to

787

00:28:59,269 --> 00:28:57,919

have you go next on that i think they

788

00:29:00,310 --> 00:28:59,279

have recovered

789

00:29:02,310 --> 00:29:00,320

stuff

790

00:29:04,870 --> 00:29:02,320

um i think

791

00:29:08,149 --> 00:29:04,880

lockheed martin or these contractors

792

00:29:10,149 --> 00:29:08,159

have material but not an actual full

793

00:29:12,310 --> 00:29:10,159

craft or anything that approaches a full

794

00:29:14,389 --> 00:29:12,320

craft if you've seen bigelow aerospace

795

00:29:16,470 --> 00:29:14,399

you see that literally you can drive

796

00:29:19,029 --> 00:29:16,480

right up to the perimeter fence but when

797

00:29:21,110 --> 00:29:19,039

you see area 51 you have a place that in

798

00:29:22,549 --> 00:29:21,120

first of all you can't even fly over fly

799

00:29:24,870 --> 00:29:22,559

nathan's heard this

800

00:29:27,269 --> 00:29:24,880

you you can't without the proper squawk

801
00:29:29,029 --> 00:29:27,279
and call sign you can't even approach it

802
00:29:31,909 --> 00:29:29,039
without being intercepted by fighter

803
00:29:35,190 --> 00:29:31,919
squadrons out of nellis so

804
00:29:36,789 --> 00:29:35,200
if i wanted to hide something anything

805
00:29:38,789 --> 00:29:36,799
i would hide it there and people would

806
00:29:40,789 --> 00:29:38,799
say well nobody government can't keep

807
00:29:43,110 --> 00:29:40,799
secrets so that's not a thing and so

808
00:29:44,549 --> 00:29:43,120
then i respond to them okay what was the

809
00:29:47,029 --> 00:29:44,559
flight test programs where they were

810
00:29:48,950 --> 00:29:47,039
running at area 51 last year

811
00:29:51,029 --> 00:29:48,960
and they'll and you could bring anybody

812
00:29:53,029 --> 00:29:51,039
you want that you've ever had on ucr

813
00:29:55,190 --> 00:29:53,039

singularity lab ask them this question

814

00:29:57,190 --> 00:29:55,200

they're going to say i don't know okay

815

00:29:58,710 --> 00:29:57,200

what was the 2018

816

00:30:00,310 --> 00:29:58,720

flight programs that were running at

817

00:30:01,830 --> 00:30:00,320

area 51

818

00:30:03,669 --> 00:30:01,840

they're going to go i don't know and

819

00:30:05,510 --> 00:30:03,679

then i'm going to say see you don't know

820

00:30:09,990 --> 00:30:05,520

what's going on there it's the perfect

821

00:30:13,669 --> 00:30:11,590

out west there that's where it's going

822

00:30:16,230 --> 00:30:13,679

to be hiding sure because nobody can get

823

00:30:17,990 --> 00:30:16,240

to it can't drive to it can't fly to it

824

00:30:19,669 --> 00:30:18,000

can't fly over it

825

00:30:20,950 --> 00:30:19,679

can't even take a good satellite photo

826

00:30:24,470 --> 00:30:20,960

because they're blinding you when you

827

00:30:25,590 --> 00:30:24,480

fly over over top of the place

828

00:30:27,269 --> 00:30:25,600

interesting

829

00:30:29,750 --> 00:30:27,279

go ahead and love to be a fly on the

830

00:30:31,029 --> 00:30:29,760

wall there yeah

831

00:30:32,230 --> 00:30:31,039

that's the place

832

00:30:34,230 --> 00:30:32,240

well i mean

833

00:30:36,149 --> 00:30:34,240

to me i mean what

834

00:30:38,070 --> 00:30:36,159

does our cosmology or our way of

835

00:30:40,549 --> 00:30:38,080

thinking about the universe here have to

836

00:30:42,149 --> 00:30:40,559

kind of catch up to

837

00:30:45,190 --> 00:30:42,159

what what

838

00:30:48,549 --> 00:30:45,200

know it's kind of interesting right

839

00:30:51,190 --> 00:30:48,559

because in in in human history uh we've

840

00:30:53,470 --> 00:30:51,200

actually had a very um a much more open

841

00:30:56,310 --> 00:30:53,480

cosmology to uh

842

00:30:58,630 --> 00:30:56,320

non-earth based you know intelligence as

843

00:31:00,470 --> 00:30:58,640

the gods and goddesses and the mythology

844

00:31:02,950 --> 00:31:00,480

that you see there but we've drifted

845

00:31:04,950 --> 00:31:02,960

away from that to to a scientism and you

846

00:31:06,549 --> 00:31:04,960

know materialism and we've kind of

847

00:31:08,710 --> 00:31:06,559

eschewed those things

848

00:31:11,269 --> 00:31:08,720

and in some respects maybe we're coming

849

00:31:13,029 --> 00:31:11,279

back around to this notion that you know

850

00:31:15,029 --> 00:31:13,039

we're not we're not the center of the

851
00:31:17,110 --> 00:31:15,039
universe we're not we're not unique we

852
00:31:19,190 --> 00:31:17,120
are probably kind of small and there

853
00:31:21,190 --> 00:31:19,200
might be very intelligent very more

854
00:31:22,950 --> 00:31:21,200
powerful things that are out there we

855
00:31:25,350 --> 00:31:22,960
just haven't yet you know stumbled

856
00:31:27,029 --> 00:31:25,360
across them yet so maybe it's kind of

857
00:31:29,269 --> 00:31:27,039
we're going through a reawakening of

858
00:31:31,909 --> 00:31:29,279
this awareness that that is necessary

859
00:31:35,190 --> 00:31:31,919
and to some degree for us to be able to

860
00:31:36,549 --> 00:31:35,200
collectively focus on this topic again

861
00:31:38,070 --> 00:31:36,559
yeah i mean it happens happens

862
00:31:39,830 --> 00:31:38,080
throughout human history right where we

863
00:31:41,590 --> 00:31:39,840

uh think that we're the center of things

864

00:31:43,029 --> 00:31:41,600

and we turn out we're not i think that

865

00:31:44,870 --> 00:31:43,039

probably the next

866

00:31:47,509 --> 00:31:44,880

cosmological understanding we're gonna

867

00:31:48,470 --> 00:31:47,519

have is that the universe here

868

00:31:51,029 --> 00:31:48,480

isn't

869

00:31:52,870 --> 00:31:51,039

a single universe and yeah you know we

870

00:31:55,430 --> 00:31:52,880

might not be our universe might not be

871

00:31:57,830 --> 00:31:55,440

special yeah there's scientists who are

872

00:31:59,909 --> 00:31:57,840

saying that in 50 100 years we're

873

00:32:02,950 --> 00:31:59,919

literally going to be going to be able

874

00:32:04,389 --> 00:32:02,960

to create new universes create big bangs

875

00:32:06,870 --> 00:32:04,399

in our super

876

00:32:09,509 --> 00:32:06,880

particle accelerators wow and if if that

877

00:32:11,669 --> 00:32:09,519

is possible then that kind of implies

878

00:32:14,470 --> 00:32:11,679

that it's it's might be living in one of

879

00:32:15,990 --> 00:32:14,480

those universes right

880

00:32:18,470 --> 00:32:16,000

that already happened on angels and

881

00:32:20,310 --> 00:32:18,480

demons i saw it man

882

00:32:22,230 --> 00:32:20,320

yeah or simulation hypothesis here a

883

00:32:23,509 --> 00:32:22,240

little bit in some respects right it's

884

00:32:24,950 --> 00:32:23,519

already happened

885

00:32:28,070 --> 00:32:24,960

yeah

886

00:32:29,750 --> 00:32:28,080

an interesting thing you know they have

887

00:32:31,190 --> 00:32:29,760

some people think that it's like a

888

00:32:33,190 --> 00:32:31,200

running in a computer like an

889

00:32:36,710 --> 00:32:33,200

abstraction of reality but yeah it could

890

00:32:38,710 --> 00:32:36,720

literally be creating a new reality in a

891

00:32:40,710 --> 00:32:38,720

test tube so to speak

892

00:32:42,710 --> 00:32:40,720

that is scary man we can recreate so

893

00:32:44,470 --> 00:32:42,720

you're saying we could recreate earth

894

00:32:47,029 --> 00:32:44,480

with another big bang but we don't know

895

00:32:48,549 --> 00:32:47,039

what state it would be in a different

896

00:32:50,470 --> 00:32:48,559

dimension or different a different

897

00:32:52,710 --> 00:32:50,480

universe it would be enacted it would be

898

00:32:54,230 --> 00:32:52,720

created from our universe but exist in

899

00:32:56,310 --> 00:32:54,240

another place is that what i'm hearing

900

00:32:58,230 --> 00:32:56,320

you say yeah exactly you create it and

901
00:33:00,230 --> 00:32:58,240
there's a little mini black hole and

902
00:33:03,029 --> 00:33:00,240
beyond that event horizon there's a

903
00:33:04,389 --> 00:33:03,039
literally a new big bang uh they

904
00:33:06,870 --> 00:33:04,399
theorize that that

905
00:33:08,789 --> 00:33:06,880
black hole would vaporize instantly so

906
00:33:11,350 --> 00:33:08,799
then the universe would be disconnected

907
00:33:13,590 --> 00:33:11,360
from ours but maybe you could turn that

908
00:33:16,230 --> 00:33:13,600
black hole into a wormhole and

909
00:33:18,070 --> 00:33:16,240
and visit it somehow or or examine it or

910
00:33:20,230 --> 00:33:18,080
take a you know just like just like we

911
00:33:22,470 --> 00:33:20,240
take a microscope and we peer down and

912
00:33:24,789 --> 00:33:22,480
into you know tiny objects maybe that's

913
00:33:27,029 --> 00:33:24,799

what we're seeing with ufos maybe

914

00:33:30,549 --> 00:33:27,039

they're really like literal lenses that

915

00:33:32,310 --> 00:33:30,559

are being injected into our 3d space

916

00:33:33,909 --> 00:33:32,320

from a higher dimensional plane and they

917

00:33:35,509 --> 00:33:33,919

just look like you know

918

00:33:38,070 --> 00:33:35,519

saucers but they're really like

919

00:33:39,590 --> 00:33:38,080

examination lenses from

920

00:33:41,269 --> 00:33:39,600

another device

921

00:33:42,389 --> 00:33:41,279

oh yeah that's a that's an interesting

922

00:33:44,710 --> 00:33:42,399

thought

923

00:33:47,269 --> 00:33:44,720

is is this the most fascinating aspect

924

00:33:50,230 --> 00:33:47,279

of the phenomenon for you and if not

925

00:33:51,669 --> 00:33:50,240

what is the one that really just like

926
00:33:53,590 --> 00:33:51,679
fascinated because i think you guys can

927
00:33:55,590 --> 00:33:53,600
figure out what it is for me but for you

928
00:33:58,070 --> 00:33:55,600
what's the most fascinating one

929
00:33:59,350 --> 00:33:58,080
aspect of it

930
00:34:01,990 --> 00:33:59,360
yeah i feel like just you know the

931
00:34:04,149 --> 00:34:02,000
question of what is life the origins of

932
00:34:06,630 --> 00:34:04,159
life and what life means are kind of the

933
00:34:09,270 --> 00:34:06,640
you know the big questions and if are we

934
00:34:10,629 --> 00:34:09,280
are we alone or you know if

935
00:34:11,909 --> 00:34:10,639
are there others it seems like there

936
00:34:13,750 --> 00:34:11,919
should be others where are they right

937
00:34:15,909 --> 00:34:13,760
kind of the fermi paradox i

938
00:34:18,149 --> 00:34:15,919

find those questions fascinating

939

00:34:20,950 --> 00:34:18,159

are they here or they're not from here

940

00:34:22,629 --> 00:34:20,960

or both

941

00:34:24,710 --> 00:34:22,639

are they from here like

942

00:34:27,349 --> 00:34:24,720

are they earthlings but of a different

943

00:34:29,990 --> 00:34:27,359

race or different i i'm kind of partial

944

00:34:31,589 --> 00:34:30,000

to the uh von neumann uh probe theory

945

00:34:34,629 --> 00:34:31,599

where they're you know they're probably

946

00:34:36,550 --> 00:34:34,639

ai probe that are going to star systems

947

00:34:38,790 --> 00:34:36,560

and replicating and going often other

948

00:34:40,869 --> 00:34:38,800

star systems and exponentially exploring

949

00:34:44,790 --> 00:34:40,879

the galaxy

950

00:34:46,470 --> 00:34:44,800

so so you're are you um okay with the

951
00:34:48,550 --> 00:34:46,480
theory about

952
00:34:51,589 --> 00:34:48,560
that uh when experiencers say they've

953
00:34:54,470 --> 00:34:51,599
taken my eggs they've taken my

954
00:34:57,270 --> 00:34:54,480
semen or sperm or something like do you

955
00:34:58,870 --> 00:34:57,280
think that there is any race that is

956
00:35:01,510 --> 00:34:58,880
trying to cr

957
00:35:02,390 --> 00:35:01,520
create some sort of a hybrid being

958
00:35:03,510 --> 00:35:02,400
yeah

959
00:35:05,589 --> 00:35:03,520
when we go to

960
00:35:08,069 --> 00:35:05,599
abduction tales and stuff like that is

961
00:35:09,510 --> 00:35:08,079
where i start to

962
00:35:12,150 --> 00:35:09,520
really not

963
00:35:13,990 --> 00:35:12,160

i don't know what to think right like uh

964

00:35:15,589 --> 00:35:14,000

it's

965

00:35:18,310 --> 00:35:15,599

part of you know my i'll be honest you

966

00:35:19,829 --> 00:35:18,320

know my inclination is that i

967

00:35:21,510 --> 00:35:19,839

tend not to

968

00:35:23,270 --> 00:35:21,520

totally believe stuff like that that

969

00:35:24,790 --> 00:35:23,280

they happen as they happen i don't

970

00:35:26,470 --> 00:35:24,800

believe that most of these people are

971

00:35:28,630 --> 00:35:26,480

telling lies but

972

00:35:30,390 --> 00:35:28,640

i think that it's possible that there's

973

00:35:34,390 --> 00:35:30,400

conscious effects that are going on and

974

00:35:36,230 --> 00:35:34,400

if it is a consciousness alteration

975

00:35:38,069 --> 00:35:36,240

maybe that's you know there's definitely

976
00:35:40,310 --> 00:35:38,079
more to consciousness than we that we

977
00:35:41,270 --> 00:35:40,320
know right that's a huge unknown as well

978
00:35:43,750 --> 00:35:41,280
and it's

979
00:35:47,430 --> 00:35:43,760
not clear if that's related at all to

980
00:35:48,390 --> 00:35:47,440
the ets and the ufos or or not

981
00:35:50,470 --> 00:35:48,400
um

982
00:35:52,230 --> 00:35:50,480
and so yeah i think there's just so many

983
00:35:54,790 --> 00:35:52,240
and that's the abduction tales and stuff

984
00:35:56,950 --> 00:35:54,800
that are things that are just purely

985
00:35:58,950 --> 00:35:56,960
consciousness-based there's

986
00:36:01,270 --> 00:35:58,960
so hard to nail that down and actually

987
00:36:03,829 --> 00:36:01,280
get evidence that you can

988
00:36:05,030 --> 00:36:03,839

you know confidently say this is what

989

00:36:06,950 --> 00:36:05,040
happened

990

00:36:08,310 --> 00:36:06,960
i just got a text from anjali she's

991

00:36:10,390 --> 00:36:08,320
wanting to know if you want to join the

992

00:36:12,069 --> 00:36:10,400
expedition she's like

993

00:36:13,750 --> 00:36:12,079
he's got to tell me his real name but i

994

00:36:15,270 --> 00:36:13,760
wanted

995

00:36:16,790 --> 00:36:15,280
to this guy yeah i don't know i think

996

00:36:18,790 --> 00:36:16,800
i'd be a little scared to go into that

997

00:36:21,910 --> 00:36:18,800
cave with uh with that group

998

00:36:23,430 --> 00:36:21,920
yeah i would be scared too but i'd go

999

00:36:29,990 --> 00:36:23,440
won't you go

1000

00:36:32,870 --> 00:36:31,430
do you think that

1001
00:36:34,550 --> 00:36:32,880

let's say it

1002
00:36:36,870 --> 00:36:34,560

i'll ask you two questions i've asked

1003
00:36:39,510 --> 00:36:36,880

nathan this question

1004
00:36:41,190 --> 00:36:39,520

if you went and you actually encountered

1005
00:36:43,750 --> 00:36:41,200

them you know and let's say you didn't

1006
00:36:45,670 --> 00:36:43,760

have the long six-hour version that that

1007
00:36:48,069 --> 00:36:45,680

anjali had but let's say you you had a

1008
00:36:50,790 --> 00:36:48,079

meet and greet basically and a a

1009
00:36:52,470 --> 00:36:50,800

telepathic convo do you think you would

1010
00:36:55,030 --> 00:36:52,480

be the same person when you got back to

1011
00:36:56,390 --> 00:36:55,040

your house or apartment

1012
00:36:58,310 --> 00:36:56,400

you know honestly i think that if that

1013
00:37:00,550 --> 00:36:58,320

happened to me it'd be i don't even know

1014

00:37:02,790 --> 00:37:00,560

if seeing would be believing for me i i

1015

00:37:03,990 --> 00:37:02,800

you know i saw the stephen cambrian

1016

00:37:07,430 --> 00:37:04,000

truth seekers talk where they were

1017

00:37:10,470 --> 00:37:07,440

talking about potential dmt

1018

00:37:12,870 --> 00:37:10,480

doping you know like that i i would

1019

00:37:14,150 --> 00:37:12,880

be you know i yeah i do a lot of go i

1020

00:37:15,750 --> 00:37:14,160

wouldn't be the same person i think to

1021

00:37:17,430 --> 00:37:15,760

answer your question i would go home and

1022

00:37:18,790 --> 00:37:17,440

do a lot of soul searching to try to

1023

00:37:21,430 --> 00:37:18,800

determine

1024

00:37:23,589 --> 00:37:21,440

if that is all actually real you know

1025

00:37:24,710 --> 00:37:23,599

even if i saw it because that'd be a lot

1026
00:37:26,390 --> 00:37:24,720
to take in

1027
00:37:27,430 --> 00:37:26,400
but we're finally interested that we

1028
00:37:29,030 --> 00:37:27,440
find them

1029
00:37:31,109 --> 00:37:29,040
so good well we find a lot of

1030
00:37:32,950 --> 00:37:31,119
experiencers i think go through that

1031
00:37:34,310 --> 00:37:32,960
very same thought process you know that

1032
00:37:37,030 --> 00:37:34,320
they're looking for

1033
00:37:40,310 --> 00:37:37,040
anything they can find to discredit what

1034
00:37:43,190 --> 00:37:40,320
they experienced to to place it firmly

1035
00:37:45,430 --> 00:37:43,200
in the realm of of psychological

1036
00:37:47,910 --> 00:37:45,440
uh you know some sort of conscious you

1037
00:37:49,990 --> 00:37:47,920
know aberration um as opposed to it

1038
00:37:53,190 --> 00:37:50,000

being real and i think what probably

1039

00:37:54,710 --> 00:37:53,200

gets pretty uh disturbing i mean i can i

1040

00:37:56,710 --> 00:37:54,720

can't i'm not an experience for myself i

1041

00:37:58,630 --> 00:37:56,720

can only assume but you know once they

1042

00:37:59,990 --> 00:37:58,640

are starting to hear those stories from

1043

00:38:02,150 --> 00:38:00,000

other people

1044

00:38:04,150 --> 00:38:02,160

and there are some similarities to their

1045

00:38:07,349 --> 00:38:04,160

story i mean that i would imagine

1046

00:38:09,430 --> 00:38:07,359

becomes pretty earth-shattering

1047

00:38:11,829 --> 00:38:09,440

but you could even then still say well

1048

00:38:14,150 --> 00:38:11,839

this is something unique about human

1049

00:38:16,710 --> 00:38:14,160

biology that there is something going on

1050

00:38:19,510 --> 00:38:16,720

that triggers just like a dnt trip may

1051
00:38:21,270 --> 00:38:19,520
trigger similar experiences you know an

1052
00:38:22,390 --> 00:38:21,280
experience that that i had that they had

1053
00:38:23,990 --> 00:38:22,400
as well

1054
00:38:27,510 --> 00:38:24,000
the voice you're hearing right there is

1055
00:38:29,829 --> 00:38:27,520
that of my co-host the amazing at a wave

1056
00:38:32,230 --> 00:38:29,839
soul nathan you'll find him on twitter

1057
00:38:34,790 --> 00:38:32,240
our special guest tonight is the man

1058
00:38:36,790 --> 00:38:34,800
known as rather be squidding and i of

1059
00:38:39,910 --> 00:38:36,800
course i'm your beleaguered co-host dj

1060
00:38:40,710 --> 00:38:39,920
san marco who is now hairless i see you

1061
00:38:41,430 --> 00:38:40,720
mike

1062
00:38:42,630 --> 00:38:41,440
um

1063
00:38:44,069 --> 00:38:42,640

all your glory

1064

00:38:47,589 --> 00:38:44,079

so yeah

1065

00:38:49,670 --> 00:38:47,599

yeah this is me

1066

00:38:51,109 --> 00:38:49,680

um but rather

1067

00:38:52,950 --> 00:38:51,119

that that was very interesting what you

1068

00:38:54,710 --> 00:38:52,960

said i don't know if that stimulated

1069

00:38:57,829 --> 00:38:54,720

nathan the way that it did me but you

1070

00:39:00,950 --> 00:38:57,839

said if i saw it i don't know if i'd

1071

00:39:02,710 --> 00:39:00,960

believe it

1072

00:39:04,950 --> 00:39:02,720

yeah i mean like

1073

00:39:06,310 --> 00:39:04,960

optical illusions and and just the the

1074

00:39:08,069 --> 00:39:06,320

brain makes

1075

00:39:09,829 --> 00:39:08,079

places touch on you right

1076

00:39:11,510 --> 00:39:09,839

touch

1077

00:39:14,950 --> 00:39:11,520

because and i say this because i

1078

00:39:16,630 --> 00:39:14,960

projected i that first of all i i would

1079

00:39:18,550 --> 00:39:16,640

just do anything to be able to go on

1080

00:39:20,310 --> 00:39:18,560

this mission despite the fact that it

1081

00:39:22,950 --> 00:39:20,320

might ruin my wife has actually claimed

1082

00:39:25,670 --> 00:39:22,960

me to do this um i would i want to like

1083

00:39:27,750 --> 00:39:25,680

bro handshake uh every single one of

1084

00:39:29,910 --> 00:39:27,760

them that i that i encounter like as

1085

00:39:31,910 --> 00:39:29,920

soon as i come in the room just like say

1086

00:39:33,990 --> 00:39:31,920

can i approach you for a human gesture

1087

00:39:35,109 --> 00:39:34,000

you know this kind of thing but would

1088

00:39:36,870 --> 00:39:35,119

would touch

1089

00:39:38,710 --> 00:39:36,880

i think maybe

1090

00:39:40,390 --> 00:39:38,720

a selfie with all of them i think you

1091

00:39:42,710 --> 00:39:40,400

know some sort of physical evidence to

1092

00:39:45,750 --> 00:39:42,720

bring back you gotta have an iphone 12

1093

00:39:48,390 --> 00:39:45,760

come on yeah yeah come on rather don't

1094

00:39:50,710 --> 00:39:48,400

you know can you be like uh you know

1095

00:39:52,710 --> 00:39:50,720

more post modern than that

1096

00:39:55,030 --> 00:39:52,720

you touch i touched it that wasn't

1097

00:39:57,270 --> 00:39:55,040

enough i had to have a self

1098

00:40:00,150 --> 00:39:57,280

yeah but it's true though it's like some

1099

00:40:02,470 --> 00:40:00,160

sort of additional data objective

1100

00:40:04,950 --> 00:40:02,480

check on your own reality okay okay so

1101

00:40:07,190 --> 00:40:04,960

that so you're saying that you think

1102

00:40:09,829 --> 00:40:07,200

that there is a

1103

00:40:11,990 --> 00:40:09,839

see and and it you know do you think i

1104

00:40:14,309 --> 00:40:12,000

haven't thought about the fact that if i

1105

00:40:15,589 --> 00:40:14,319

did go out there i would bring my own

1106

00:40:19,190 --> 00:40:15,599

camel back

1107

00:40:21,829 --> 00:40:19,200

with with with both electrolyte uh film

1108

00:40:25,270 --> 00:40:21,839

pouch and water because i wouldn't drink

1109

00:40:27,829 --> 00:40:25,280

at wayne's house

1110

00:40:31,349 --> 00:40:27,839

yeah i mean not that there'd be anything

1111

00:40:33,109 --> 00:40:31,359

necessarily uh sinister but i wouldn't

1112

00:40:34,950 --> 00:40:33,119

be like oh yeah let's have a chance

1113

00:40:36,870 --> 00:40:34,960

there could be natural chemicals in the

1114

00:40:38,470 --> 00:40:36,880

water that you know like that are

1115

00:40:39,270 --> 00:40:38,480

causing some weird stuff you know

1116

00:40:41,430 --> 00:40:39,280

there's

1117

00:40:43,829 --> 00:40:41,440

it could be anything but believe me i've

1118

00:40:45,589 --> 00:40:43,839

already mentally packed my backpack with

1119

00:40:46,950 --> 00:40:45,599

enough hydration that i'm not going to

1120

00:40:49,349 --> 00:40:46,960

need to accept

1121

00:40:55,750 --> 00:40:49,359

any any gifts from anybody but i have

1122

00:41:00,150 --> 00:40:58,790

i'd rather be spelunking in this case uh

1123

00:41:01,910 --> 00:41:00,160

but no i

1124

00:41:04,390 --> 00:41:01,920

i th that's that is really interesting

1125

00:41:07,910 --> 00:41:04,400

though so but let's say you were lucid

1126

00:41:09,990 --> 00:41:07,920

aware that wayne hadn't given you uh

1127

00:41:13,510 --> 00:41:10,000

that that you know ten dollar bottle of

1128

00:41:15,910 --> 00:41:13,520

barefoot uh you know red table wine from

1129

00:41:18,790 --> 00:41:15,920

whole foods and and you proceeded out

1130

00:41:21,349 --> 00:41:18,800

there uh uh let's say unnourished by

1131

00:41:22,710 --> 00:41:21,359

anybody else anything you didn't pack in

1132

00:41:24,390 --> 00:41:22,720

with that

1133

00:41:25,990 --> 00:41:24,400

you know would that shift to paradigm

1134

00:41:28,550 --> 00:41:26,000

where you're like okay i trust myself

1135

00:41:31,670 --> 00:41:29,750

you know i

1136

00:41:33,270 --> 00:41:31,680

it's hard for me to put myself in that

1137

00:41:35,670 --> 00:41:33,280

hypothetical right because it just seems

1138

00:41:37,349 --> 00:41:35,680

so so out there for me you know i but it

1139

00:41:38,470 --> 00:41:37,359

reminds me of you know the funny show i

1140

00:41:41,510 --> 00:41:38,480

don't know if you've ever seen like

1141

00:41:43,910 --> 00:41:41,520

scare tactics it's a prank show where

1142

00:41:45,030 --> 00:41:43,920

they set up elaborate things and they

1143

00:41:47,190 --> 00:41:45,040

have like

1144

00:41:49,430 --> 00:41:47,200

they'll dress people up as aliens and

1145

00:41:51,430 --> 00:41:49,440

stuff and have them you know jump out

1146

00:41:54,150 --> 00:41:51,440

and scare them in these

1147

00:41:56,309 --> 00:41:54,160

crazy situations that they engineer

1148

00:41:58,069 --> 00:41:56,319

and yeah you know

1149

00:41:59,510 --> 00:41:58,079

i would assume that you know probably

1150

00:42:02,230 --> 00:41:59,520

something like that you could visually

1151
00:42:03,829 --> 00:42:02,240
tell if it's real or not but right yeah

1152
00:42:05,030 --> 00:42:03,839
i think it's you know like telepathic

1153
00:42:07,990 --> 00:42:05,040
communication and stuff like that i

1154
00:42:08,950 --> 00:42:08,000
guess if that happened that would

1155
00:42:10,710 --> 00:42:08,960
com

1156
00:42:12,069 --> 00:42:10,720
i'm not saying i would go there and see

1157
00:42:13,670 --> 00:42:12,079
a bunch of stuff and then say oh that's

1158
00:42:15,829 --> 00:42:13,680
all fake but i would

1159
00:42:17,510 --> 00:42:15,839
it would it would definitely cross your

1160
00:42:19,270 --> 00:42:17,520
whole belief system i wouldn't know what

1161
00:42:21,589 --> 00:42:19,280
to think you know i it would which is

1162
00:42:23,270 --> 00:42:21,599
okay that's what we're here to do but uh

1163
00:42:24,710 --> 00:42:23,280

to challenge our belief systems and i'm

1164

00:42:26,710 --> 00:42:24,720

going to turn it over to nathan but i

1165

00:42:29,510 --> 00:42:26,720

just want to say one more thing because

1166

00:42:31,430 --> 00:42:29,520

i did have a sighting andy mcgrillen has

1167

00:42:34,390 --> 00:42:31,440

had i think two sightings over in

1168

00:42:37,270 --> 00:42:34,400

scotland and all i can tell you is and i

1169

00:42:40,470 --> 00:42:37,280

was only 14 so i wasn't trained observer

1170

00:42:42,150 --> 00:42:40,480

dj with flying hours i was you know been

1171

00:42:43,990 --> 00:42:42,160

up in a helicopter in an airplane once

1172

00:42:46,550 --> 00:42:44,000

in my life when i saw this but what i

1173

00:42:48,950 --> 00:42:46,560

want to tell you is when you see it

1174

00:42:51,510 --> 00:42:48,960

and you see it clearly and you kind of

1175

00:42:54,550 --> 00:42:51,520

know what you're looking for you know it

1176

00:42:56,950 --> 00:42:54,560

you're like okay i know it based on

1177

00:42:59,190 --> 00:42:56,960

different characteristics you just know

1178

00:43:01,349 --> 00:42:59,200

it even if i you know i had never been

1179

00:43:02,870 --> 00:43:01,359

to pilot license or flight school or any

1180

00:43:04,550 --> 00:43:02,880

of that stuff

1181

00:43:07,589 --> 00:43:04,560

you just see it and you know it and andy

1182

00:43:10,390 --> 00:43:07,599

saw what andy saw that with his family

1183

00:43:13,589 --> 00:43:10,400

like a a ferris wheel looking spinning

1184

00:43:16,950 --> 00:43:13,599

wheel thing that right uh nathan came

1185

00:43:18,550 --> 00:43:16,960

close came came close to the ground

1186

00:43:20,870 --> 00:43:18,560

i mean

1187

00:43:22,870 --> 00:43:20,880

okay what the is that

1188

00:43:24,150 --> 00:43:22,880

nathan i'm sorry go ahead man no no it's

1189

00:43:26,230 --> 00:43:24,160

crazy um

1190

00:43:28,470 --> 00:43:26,240

when you see it you'll know it obviously

1191

00:43:30,630 --> 00:43:28,480

is a powerful imprint um

1192

00:43:32,790 --> 00:43:30,640

yeah i you mentioned vondelmann probes

1193

00:43:34,870 --> 00:43:32,800

and i i've absolutely entertained that

1194

00:43:37,510 --> 00:43:34,880

idea that seems like a plot like based

1195

00:43:39,670 --> 00:43:37,520

on how we would approach exploration of

1196

00:43:41,670 --> 00:43:39,680

the cosmos this makes a lot of sense to

1197

00:43:44,150 --> 00:43:41,680

us and seems very practical

1198

00:43:45,670 --> 00:43:44,160

um there's a book i'll i'll sort of plug

1199

00:43:47,510 --> 00:43:45,680

if anybody likes science fiction i'll

1200

00:43:49,829 --> 00:43:47,520

plug this book it's i think it touches

1201

00:43:51,430 --> 00:43:49,839

on this topic and and brings to light a

1202

00:43:52,870 --> 00:43:51,440

lot of these experiences but it's called

1203

00:43:55,430 --> 00:43:52,880

the baba verse

1204

00:43:57,589 --> 00:43:55,440

and uh it's a very humorous kind of

1205

00:43:59,349 --> 00:43:57,599

sci-fi but the whole

1206

00:44:00,950 --> 00:43:59,359

book and it's like a trilogy i want to

1207

00:44:02,950 --> 00:44:00,960

say three or four books but it's based

1208

00:44:04,550 --> 00:44:02,960

on von neumann probes and he a human who

1209

00:44:06,309 --> 00:44:04,560

basically becomes an a

1210

00:44:07,990 --> 00:44:06,319

um

1211

00:44:10,309 --> 00:44:08,000

simulated intelligence he you know he

1212

00:44:12,230 --> 00:44:10,319

dies that in the brain they transcribe

1213

00:44:14,230 --> 00:44:12,240

that into a vondema probe and he gets

1214

00:44:16,790 --> 00:44:14,240

jettisoned into the universe and you

1215

00:44:20,069 --> 00:44:16,800

follow his journeys as he basically like

1216

00:44:21,829 --> 00:44:20,079

explores the cosmos but in part of those

1217

00:44:23,750 --> 00:44:21,839

explorations and i'm going to insert a

1218

00:44:25,430 --> 00:44:23,760

quick spoiler alert here if you haven't

1219

00:44:26,550 --> 00:44:25,440

read it and and want to read it you know

1220

00:44:28,309 --> 00:44:26,560

just block out the next couple of

1221

00:44:31,109 --> 00:44:28,319

minutes but one of the things that he

1222

00:44:31,990 --> 00:44:31,119

does is he encounters other um life

1223

00:44:33,510 --> 00:44:32,000

forms

1224

00:44:36,390 --> 00:44:33,520

and i'm not giving too much away here

1225

00:44:37,430 --> 00:44:36,400

but he tries to uh essentially like

1226

00:44:39,750 --> 00:44:37,440

create

1227

00:44:42,069 --> 00:44:39,760

um you know uh

1228

00:44:43,910 --> 00:44:42,079

uh machines that look like those life

1229

00:44:45,109 --> 00:44:43,920

forms so that he can have interactions

1230

00:44:47,910 --> 00:44:45,119

with them

1231

00:44:49,670 --> 00:44:47,920

um so that so that he's not a human uh

1232

00:44:51,589 --> 00:44:49,680

you know sort of cyborg or whatever

1233

00:44:54,230 --> 00:44:51,599

whatever machine he looks like one of

1234

00:44:56,390 --> 00:44:54,240

them and can walk among them and have

1235

00:44:57,910 --> 00:44:56,400

interactions with them and they're not

1236

00:44:59,750 --> 00:44:57,920

you know they're none the wiser right

1237

00:45:02,870 --> 00:44:59,760

but he you know he does this with sort

1238

00:45:05,030 --> 00:45:02,880

of a pre um like a you know kind of a

1239

00:45:05,910 --> 00:45:05,040

stone age civilization and like is able

1240

00:45:07,829 --> 00:45:05,920

to like

1241

00:45:09,109 --> 00:45:07,839

give them a little bit of technology and

1242

00:45:11,430 --> 00:45:09,119

i mean you think about this and you're

1243

00:45:13,109 --> 00:45:11,440

like oh you know this is exactly

1244

00:45:14,870 --> 00:45:13,119

what's happening with us right i mean

1245

00:45:17,589 --> 00:45:14,880

you just don't know it could be that

1246

00:45:20,630 --> 00:45:17,599

very same thing um where

1247

00:45:22,870 --> 00:45:20,640

you know there is no distinction between

1248

00:45:24,710 --> 00:45:22,880

you know what we would call biology and

1249

00:45:27,349 --> 00:45:24,720

what an advanced technology would be

1250

00:45:29,670 --> 00:45:27,359

able to create

1251

00:45:31,109 --> 00:45:29,680

nathan i want to plug i want to plug a

1252

00:45:32,870 --> 00:45:31,119

book too i don't know

1253

00:45:34,550 --> 00:45:32,880

so i just want to show this this book

1254

00:45:36,950 --> 00:45:34,560

just came out i was at the bookstore

1255

00:45:39,270 --> 00:45:36,960

yesterday uh it's written by british guy

1256

00:45:41,510 --> 00:45:39,280

i heard that this one's really good i

1257

00:45:42,309 --> 00:45:41,520

haven't started it yet

1258

00:45:43,990 --> 00:45:42,319

yeah

1259

00:45:46,550 --> 00:45:44,000

i'd give it a look i've heard good

1260

00:45:49,270 --> 00:45:46,560

things yeah yeah oh so you know someone

1261

00:45:50,950 --> 00:45:49,280

that's ready yeah okay all right so i

1262

00:45:52,390 --> 00:45:50,960

just want to put that out for i don't

1263

00:45:56,630 --> 00:45:52,400

think it's ufo based but i haven't

1264

00:46:01,349 --> 00:45:58,630

i mean do you see the ridiculousness

1265

00:46:03,670 --> 00:46:01,359

that you signed up here for rather

1266

00:46:07,829 --> 00:46:03,680

i mean

1267

00:46:08,950 --> 00:46:07,839

this it's only once for you now we'll

1268

00:46:11,030 --> 00:46:08,960

get mad

1269

00:46:13,190 --> 00:46:11,040

we'll have the whole trio you know we'll

1270

00:46:14,390 --> 00:46:13,200

annoy you guys just once each but you

1271

00:46:15,990 --> 00:46:14,400

think about like you know you think

1272

00:46:17,910 --> 00:46:16,000

about the tic tac right let's talk it's

1273

00:46:19,990 --> 00:46:17,920

kind of a segue to that

1274

00:46:21,829 --> 00:46:20,000

encounter and we've talked about this dj

1275

00:46:23,829 --> 00:46:21,839

but the sort of characteristics the

1276

00:46:24,790 --> 00:46:23,839

characteristics of the tic tac

1277

00:46:27,589 --> 00:46:24,800

um

1278

00:46:30,150 --> 00:46:27,599

in in how it kind of mimics a little bit

1279

00:46:32,150 --> 00:46:30,160

of the behavior of the fighter pilots in

1280

00:46:34,710 --> 00:46:32,160

a way that is like um kind of some like

1281

00:46:35,910 --> 00:46:34,720

human gamesmanship it's almost like okay

1282

00:46:38,150 --> 00:46:35,920

like i know what you're doing i'm going

1283

00:46:39,829 --> 00:46:38,160

to come up and see you you see me

1284

00:46:41,750 --> 00:46:39,839

oh you cool you can do this i can do

1285

00:46:43,829 --> 00:46:41,760

that too and then you know boom let me

1286

00:46:45,670 --> 00:46:43,839

show you what i can really do hahaha now

1287

00:46:48,069 --> 00:46:45,680

i'm over here at this place that you you

1288

00:46:49,910 --> 00:46:48,079

planned on being you know how how did i

1289

00:46:52,150 --> 00:46:49,920

know this now these are all these are

1290

00:46:54,390 --> 00:46:52,160

like little games that it's playing uh

1291

00:46:57,349 --> 00:46:54,400

with with us and you think about uh the

1292

00:46:59,270 --> 00:46:57,359

stories of um you know where where john

1293

00:47:01,510 --> 00:46:59,280

keel talks about you know past

1294

00:47:03,430 --> 00:47:01,520

encounters of of creatures or aliens

1295

00:47:05,510 --> 00:47:03,440

that you know are airships and these are

1296

00:47:08,470 --> 00:47:05,520

all very contextualized

1297

00:47:10,710 --> 00:47:08,480

uh experiences that people recount that

1298

00:47:13,030 --> 00:47:10,720

seem to change over time and that to me

1299

00:47:15,430 --> 00:47:13,040

lends to this idea that there is an

1300

00:47:16,790 --> 00:47:15,440

intelligence maybe an ai maybe a higher

1301

00:47:17,990 --> 00:47:16,800

intelligence that's just kind of

1302

00:47:19,510 --> 00:47:18,000

mimicking

1303

00:47:20,630 --> 00:47:19,520

like when it gets caught out is

1304

00:47:23,190 --> 00:47:20,640

mimicking

1305

00:47:24,710 --> 00:47:23,200

to some degree the humans that are

1306

00:47:26,549 --> 00:47:24,720

encountering it

1307

00:47:27,829 --> 00:47:26,559

i always think about that

1308

00:47:30,069 --> 00:47:27,839

yeah

1309

00:47:32,150 --> 00:47:30,079

i get that good theory as well right

1310

00:47:34,230 --> 00:47:32,160

like it but it seems like it's not

1311

00:47:37,190 --> 00:47:34,240

necessarily trying to engage and

1312

00:47:39,030 --> 00:47:37,200

communicate with us right which is weird

1313

00:47:41,670 --> 00:47:39,040

but it definitely does seem to be

1314

00:47:43,270 --> 00:47:41,680

reactive and yeah so that the tic tac

1315

00:47:45,589 --> 00:47:43,280

encounter in particular

1316

00:47:48,790 --> 00:47:45,599

going to the cap point which is

1317

00:47:50,470 --> 00:47:48,800

hard to to explain but yeah

1318

00:47:52,549 --> 00:47:50,480

if you go with a von neumann probe type

1319

00:47:55,510 --> 00:47:52,559

explanation yeah maybe it is

1320

00:47:56,950 --> 00:47:55,520

some sort of algorithm that it's

1321

00:47:58,390 --> 00:47:56,960

detecting the

1322

00:47:59,190 --> 00:47:58,400

i guess they probably didn't have nukes

1323

00:48:01,750 --> 00:47:59,200

on the

1324

00:48:04,390 --> 00:48:01,760

jets but maybe detecting some sort of

1325

00:48:05,670 --> 00:48:04,400

radar signature and

1326

00:48:07,430 --> 00:48:05,680

yeah just trying trying to keep a

1327

00:48:08,549 --> 00:48:07,440

minimum distance or something like that

1328

00:48:10,950 --> 00:48:08,559

and that's

1329

00:48:14,470 --> 00:48:10,960

you know this is programming yeah i

1330

00:48:16,390 --> 00:48:14,480

actually had a discussion with ryan um

1331

00:48:19,190 --> 00:48:16,400

help me out with his name

1332

00:48:20,950 --> 00:48:19,200

graves ryan graves no no the uh the the

1333

00:48:23,109 --> 00:48:20,960

the playwright

1334

00:48:24,950 --> 00:48:23,119

from new york uh that has us somewhere

1335

00:48:27,030 --> 00:48:24,960

in the sky greg right right that's right

1336

00:48:30,390 --> 00:48:27,040

yes uh i had a little conversation with

1337

00:48:31,670 --> 00:48:30,400

ryan sprague post his interview with um

1338

00:48:34,069 --> 00:48:31,680

chris lato

1339

00:48:36,549 --> 00:48:34,079

and we talked about that a little bit

1340

00:48:39,270 --> 00:48:36,559

and lou actually pushes back on what

1341

00:48:41,910 --> 00:48:39,280

nathan's assertion is but nobody knows

1342

00:48:44,710 --> 00:48:41,920

nation nathan's hypothesis is as good as

1343

00:48:46,790 --> 00:48:44,720

anybody's right now as far as uh what

1344

00:48:49,190 --> 00:48:46,800

kind of intelligence that

1345

00:48:51,910 --> 00:48:49,200

that that craft uh is operating with or

1346

00:48:53,750 --> 00:48:51,920

whether it's merely mimicking but but

1347

00:48:56,390 --> 00:48:53,760

here's a point that came up that chris

1348

00:48:58,630 --> 00:48:56,400

lato discussed with um

1349

00:49:00,710 --> 00:48:58,640

with reinspreg

1350

00:49:02,870 --> 00:49:00,720

so we have jamming you know that

1351
00:49:04,150 --> 00:49:02,880
occurred and and you have the little

1352
00:49:05,990 --> 00:49:04,160
bars they said on the side of their

1353
00:49:07,829 --> 00:49:06,000
scope they're doing this indicating

1354
00:49:10,950 --> 00:49:07,839
jamming he pointed out that the

1355
00:49:12,950 --> 00:49:10,960
telemetry on the or the symbology

1356
00:49:15,910 --> 00:49:12,960
on the screen indicated they had no

1357
00:49:19,030 --> 00:49:15,920
ranging information no azimuth no

1358
00:49:20,710 --> 00:49:19,040
altitude on that target so so they're

1359
00:49:22,630 --> 00:49:20,720
targeting radar they're at flare they're

1360
00:49:24,309 --> 00:49:22,640
targeting radars confused

1361
00:49:27,109 --> 00:49:24,319
and what i find

1362
00:49:29,670 --> 00:49:27,119
fascinating chris's hypothesis is that

1363
00:49:31,750 --> 00:49:29,680

this could be and again his hypothesis

1364

00:49:34,390 --> 00:49:31,760

is as good as anybody's at this point

1365

00:49:36,230 --> 00:49:34,400

could be that that is a function of the

1366

00:49:38,549 --> 00:49:36,240

propulsion system causing

1367

00:49:41,430 --> 00:49:38,559

electromagnetic interference

1368

00:49:43,670 --> 00:49:41,440

that it is causing a jam

1369

00:49:46,230 --> 00:49:43,680

what i'll tell you what's interesting

1370

00:49:48,950 --> 00:49:46,240

about this to me is if you take a world

1371

00:49:50,790 --> 00:49:48,960

a world war two radar you guys know that

1372

00:49:52,390 --> 00:49:50,800

you would see little blips on a screen

1373

00:49:54,790 --> 00:49:52,400

you'd have some range rings on that

1374

00:49:57,430 --> 00:49:54,800

screen and so mathematically if you saw

1375

00:49:59,190 --> 00:49:57,440

it go between five miles and ten miles

1376

00:50:00,309 --> 00:49:59,200

and how many you know stopwatch you can

1377

00:50:02,390 --> 00:50:00,319

calculate

1378

00:50:05,589 --> 00:50:02,400

the speed of an object so a lot of it

1379

00:50:07,910 --> 00:50:05,599

was on the radar operators experience

1380

00:50:10,549 --> 00:50:07,920

and interpretation of the size of the

1381

00:50:12,870 --> 00:50:10,559

return that he's getting and then the

1382

00:50:15,670 --> 00:50:12,880

behavior that return the speed of that

1383

00:50:16,470 --> 00:50:15,680

return if it's in a v formation with

1384

00:50:18,710 --> 00:50:16,480

other

1385

00:50:19,990 --> 00:50:18,720

so you know oh okay the japanese are

1386

00:50:22,150 --> 00:50:20,000

coming to pearl harbor et cetera et

1387

00:50:23,829 --> 00:50:22,160

cetera right that's that's what a radar

1388

00:50:27,030 --> 00:50:23,839

operator did now

1389

00:50:30,069 --> 00:50:27,040

we have what's called like spcs a signal

1390

00:50:32,870 --> 00:50:30,079

processing computer so that radar that

1391

00:50:35,109 --> 00:50:32,880

radar beam that energy goes out it hits

1392

00:50:37,349 --> 00:50:35,119

an object it comes back

1393

00:50:39,510 --> 00:50:37,359

so there's a receiver transmitter so

1394

00:50:42,230 --> 00:50:39,520

receive transmit and when it receives it

1395

00:50:45,750 --> 00:50:42,240

it processes that signal and based on

1396

00:50:48,150 --> 00:50:45,760

the algorithm and the computing uh the

1397

00:50:51,030 --> 00:50:48,160

logic of it if you will to use a even

1398

00:50:53,349 --> 00:50:51,040

simpler term it figures out okay this is

1399

00:50:55,829 --> 00:50:53,359

what this is and that's what displays

1400

00:50:57,190 --> 00:50:55,839

all that information on their essay page

1401
00:50:59,349 --> 00:50:57,200
in this case

1402
00:51:01,109 --> 00:50:59,359
it was blank it didn't give them ranging

1403
00:51:04,150 --> 00:51:01,119
information it didn't give them target

1404
00:51:06,710 --> 00:51:04,160
azimuth it didn't give them uh

1405
00:51:08,790 --> 00:51:06,720
its velocity all these sorts of uh

1406
00:51:12,150 --> 00:51:08,800
information that they would get

1407
00:51:15,190 --> 00:51:12,160
and so it interpreted that as a jam

1408
00:51:16,870 --> 00:51:15,200
and that to me is really fascinating and

1409
00:51:19,510 --> 00:51:16,880
and then you know chris goes on to talk

1410
00:51:22,230 --> 00:51:19,520
about what emitters look like like chris

1411
00:51:24,470 --> 00:51:22,240
and i could look at any fighter aircraft

1412
00:51:26,230 --> 00:51:24,480
and if it had radar jamming i know what

1413
00:51:28,150 --> 00:51:26,240

i'm looking for on that aircraft and i

1414

00:51:29,750 --> 00:51:28,160

could say there's their emitters that's

1415

00:51:31,910 --> 00:51:29,760

their radar jammers

1416

00:51:33,990 --> 00:51:31,920

this smooth

1417

00:51:36,390 --> 00:51:34,000

object had none of that

1418

00:51:38,870 --> 00:51:36,400

so what is that was that

1419

00:51:41,750 --> 00:51:38,880

them trying to jam us

1420

00:51:44,230 --> 00:51:41,760

or was that just a function of their

1421

00:51:47,270 --> 00:51:44,240

propulsion system interfering with our

1422

00:51:48,870 --> 00:51:47,280

radar was that purposeful i i pose that

1423

00:51:50,470 --> 00:51:48,880

to you guys

1424

00:51:51,829 --> 00:51:50,480

yeah my hunch is that it's not

1425

00:51:53,109 --> 00:51:51,839

purposeful right that it is probably

1426

00:51:54,950 --> 00:51:53,119

just a side effect of whatever

1427

00:51:56,790 --> 00:51:54,960

propulsion method it is which kind of

1428

00:51:58,710 --> 00:51:56,800

makes me a little bit uh alarmed when i

1429

00:52:00,230 --> 00:51:58,720

do hear i mean i think it's a very

1430

00:52:01,910 --> 00:52:00,240

interesting fact that's kind of immersed

1431

00:52:03,589 --> 00:52:01,920

in the last couple months but it does

1432

00:52:04,390 --> 00:52:03,599

concern me when i hear people say oh

1433

00:52:06,309 --> 00:52:04,400

they're

1434

00:52:07,270 --> 00:52:06,319

jamming our radars that's a sign that

1435

00:52:10,309 --> 00:52:07,280

they're

1436

00:52:12,069 --> 00:52:10,319

aggressive or you know

1437

00:52:14,150 --> 00:52:12,079

okay so let me take it a step further

1438

00:52:15,510 --> 00:52:14,160

nathan before you answer because you can

1439

00:52:18,790 --> 00:52:15,520

answer both but

1440

00:52:20,950 --> 00:52:18,800

okay did it have the ability to jam the

1441

00:52:21,910 --> 00:52:20,960

phased array radar which is a totally

1442

00:52:25,910 --> 00:52:21,920

different

1443

00:52:27,990 --> 00:52:25,920

frequency and we don't know what that is

1444

00:52:31,030 --> 00:52:28,000

the spy one radar did it have the

1445

00:52:33,109 --> 00:52:31,040

ability to jam that and not jam it or

1446

00:52:35,910 --> 00:52:33,119

did it decide that that

1447

00:52:38,069 --> 00:52:35,920

radar sweep was not a threat and go

1448

00:52:39,589 --> 00:52:38,079

ahead nathan you first and then well and

1449

00:52:41,109 --> 00:52:39,599

i don't i mean i'm maybe not familiar

1450

00:52:43,510 --> 00:52:41,119

with the with the techno technological

1451
00:52:45,190 --> 00:52:43,520
differences but my my rudimentary

1452
00:52:48,230 --> 00:52:45,200
understanding of the two different

1453
00:52:51,510 --> 00:52:48,240
technologies are that the phased array

1454
00:52:53,510 --> 00:52:51,520
is uh you know like a collection of um

1455
00:52:55,030 --> 00:52:53,520
think of them like little diodes or leds

1456
00:52:56,309 --> 00:52:55,040
or whatever but it's you know

1457
00:52:58,230 --> 00:52:56,319
an array

1458
00:53:00,549 --> 00:52:58,240
they use it for a reason of these

1459
00:53:02,230 --> 00:53:00,559
sensors it shoots out all these uh

1460
00:53:04,069 --> 00:53:02,240
frequencies and then the frequencies you

1461
00:53:07,190 --> 00:53:04,079
know come back and it processes that

1462
00:53:08,870 --> 00:53:07,200
information it's not it's a very um like

1463
00:53:11,510 --> 00:53:08,880

broad-based uh

1464

00:53:13,030 --> 00:53:11,520

uh sort of sensor platform whereas when

1465

00:53:15,109 --> 00:53:13,040

you're on the fighter jet you know

1466

00:53:17,750 --> 00:53:15,119

you're you're literally like pointing in

1467

00:53:20,150 --> 00:53:17,760

a specific direction you're you're it's

1468

00:53:22,790 --> 00:53:20,160

a very targeted as you said it's a it's

1469

00:53:24,710 --> 00:53:22,800

an encoded frequency that bounces off

1470

00:53:27,270 --> 00:53:24,720

targets and is high energy as long as

1471

00:53:29,030 --> 00:53:27,280

that code returns to the fighter in the

1472

00:53:31,670 --> 00:53:29,040

same way that it came back with the same

1473

00:53:34,150 --> 00:53:31,680

algorithmic you know structure it knows

1474

00:53:35,829 --> 00:53:34,160

that it's uh you know friend not not foe

1475

00:53:38,390 --> 00:53:35,839

or whatever if it's if it comes back

1476

00:53:41,670 --> 00:53:38,400

distorted in any way then that that's

1477

00:53:43,910 --> 00:53:41,680

how it knows this is you know enemy um

1478

00:53:45,750 --> 00:53:43,920

so yeah i tend to side with rather i

1479

00:53:46,710 --> 00:53:45,760

think this is probably just a byproduct

1480

00:53:51,750 --> 00:53:46,720

of

1481

00:53:53,589 --> 00:53:51,760

happens to operate but i guess for me

1482

00:53:54,710 --> 00:53:53,599

all of this raises larger questions

1483

00:53:58,230 --> 00:53:54,720

which is

1484

00:54:00,150 --> 00:53:58,240

you know are these what what what does

1485

00:54:01,589 --> 00:54:00,160

it mean you know what so i i think it's

1486

00:54:03,910 --> 00:54:01,599

a fascinating story and i think the

1487

00:54:06,069 --> 00:54:03,920

nimitz is like the the greatest story

1488

00:54:08,870 --> 00:54:06,079

about how you can have this conversation

1489

00:54:11,430 --> 00:54:08,880

in an intelligible way in you know in in

1490

00:54:13,109 --> 00:54:11,440

in the public space it's not just uh oh

1491

00:54:13,990 --> 00:54:13,119

i saw this thing it's like you know

1492

00:54:19,109 --> 00:54:14,000

you've got

1493

00:54:20,630 --> 00:54:19,119

government back you know several

1494

00:54:22,790 --> 00:54:20,640

government people back backing up this

1495

00:54:25,510 --> 00:54:22,800

is anomalous like it's the perfect story

1496

00:54:27,910 --> 00:54:25,520

to try to like bring this discussion out

1497

00:54:31,270 --> 00:54:27,920

into the mainstream right

1498

00:54:32,630 --> 00:54:31,280

and we also are hearing uh from from

1499

00:54:35,990 --> 00:54:32,640

several different people different

1500

00:54:37,750 --> 00:54:36,000

sources that uh our pilots are

1501
00:54:39,190 --> 00:54:37,760
encountering these things on a near

1502
00:54:41,670 --> 00:54:39,200
daily basis

1503
00:54:43,510 --> 00:54:41,680
uh in certain fields of operation so but

1504
00:54:46,150 --> 00:54:43,520
we're not told about those specific

1505
00:54:47,510 --> 00:54:46,160
instances like what you know visual data

1506
00:54:49,190 --> 00:54:47,520
we have whatever we know that we we

1507
00:54:53,270 --> 00:54:49,200
understand that they are happening and

1508
00:54:55,670 --> 00:54:53,280
so for me this frequency of interaction

1509
00:54:57,430 --> 00:54:55,680
it only makes me think that it's

1510
00:54:59,349 --> 00:54:57,440
happening for a reason there's some

1511
00:55:01,109 --> 00:54:59,359
reason why this is

1512
00:55:03,349 --> 00:55:01,119
increasing and that's either like we now

1513
00:55:05,349 --> 00:55:03,359

have the ability just to recognize we're

1514

00:55:07,589 --> 00:55:05,359

aware that they're around us or that

1515

00:55:10,549 --> 00:55:07,599

they literally are more around us than

1516

00:55:11,589 --> 00:55:10,559

they were before and but but all that to

1517

00:55:13,430 --> 00:55:11,599

say is

1518

00:55:15,510 --> 00:55:13,440

you know what what does it ultimately

1519

00:55:17,589 --> 00:55:15,520

mean and rather where do you think this

1520

00:55:19,349 --> 00:55:17,599

is going where do you think we're gonna

1521

00:55:21,190 --> 00:55:19,359

you know i've heard lou say you know if

1522

00:55:22,549 --> 00:55:21,200

if you wanted something hit right away

1523

00:55:24,710 --> 00:55:22,559

you need to go take a hobby it's going

1524

00:55:26,309 --> 00:55:24,720

to be five years you know i take that

1525

00:55:28,230 --> 00:55:26,319

very seriously you know i take that very

1526

00:55:30,470 --> 00:55:28,240

seriously um that's from a man who knows

1527

00:55:31,990 --> 00:55:30,480

more than way more than i do so you know

1528

00:55:33,190 --> 00:55:32,000

where do we think we're going here with

1529

00:55:35,109 --> 00:55:33,200

this topic

1530

00:55:38,069 --> 00:55:35,119

he knows way more than any of us do by

1531

00:55:40,870 --> 00:55:38,079

the way unless you're inside of a rogue

1532

00:55:42,150 --> 00:55:40,880

special access program that's

1533

00:55:44,309 --> 00:55:42,160

we don't want to go down that rabbit

1534

00:55:46,069 --> 00:55:44,319

hole but he other than that he he knows

1535

00:55:47,589 --> 00:55:46,079

more than anybody does that's in the

1536

00:55:48,470 --> 00:55:47,599

public space

1537

00:55:50,630 --> 00:55:48,480

yeah

1538

00:55:51,750 --> 00:55:50,640

i it's hard to say right like i think

1539

00:55:54,470 --> 00:55:51,760

that there's

1540

00:55:56,789 --> 00:55:54,480

a strong possibility that the real

1541

00:55:59,030 --> 00:55:56,799

answer is literally unknowable

1542

00:56:00,950 --> 00:55:59,040

like if it is interdimensional beings or

1543

00:56:03,030 --> 00:56:00,960

interventional entities

1544

00:56:05,109 --> 00:56:03,040

and they can go literally into our

1545

00:56:07,589 --> 00:56:05,119

reality and out on a whim

1546

00:56:09,190 --> 00:56:07,599

how are we ever going to nail that down

1547

00:56:11,510 --> 00:56:09,200

right we're on their terms

1548

00:56:13,510 --> 00:56:11,520

yeah yeah so that's kind of

1549

00:56:15,270 --> 00:56:13,520

is my pessimistic side that we might be

1550

00:56:17,589 --> 00:56:15,280

studying these forever and never know on

1551

00:56:19,270 --> 00:56:17,599

the other end i think that

1552

00:56:21,030 --> 00:56:19,280

we might just be you know one

1553

00:56:23,750 --> 00:56:21,040

announcement away from a big big

1554

00:56:25,270 --> 00:56:23,760

revelation um and i think like something

1555

00:56:27,510 --> 00:56:25,280

like that might be uh you know you talk

1556

00:56:29,829 --> 00:56:27,520

about recovered materials kind of what

1557

00:56:31,670 --> 00:56:29,839

my favorite hypothesis is

1558

00:56:32,470 --> 00:56:31,680

that they are van newman probes and

1559

00:56:34,470 --> 00:56:32,480

they're

1560

00:56:36,630 --> 00:56:34,480

collecting material and replicating

1561

00:56:38,069 --> 00:56:36,640

themselves but they go maybe into our

1562

00:56:39,510 --> 00:56:38,079

oceans and collect a bunch of stuff and

1563

00:56:41,430 --> 00:56:39,520

they come out and they

1564

00:56:43,510 --> 00:56:41,440

poop out the elements and the materials

1565

00:56:46,150 --> 00:56:43,520

that they don't want and those come down

1566

00:56:47,910 --> 00:56:46,160

as little and we see them in the air you

1567

00:56:49,349 --> 00:56:47,920

know occasionally dropping down and it's

1568

00:56:51,190 --> 00:56:49,359

like what the hell there's these orbs

1569

00:56:54,230 --> 00:56:51,200

that are dropping liquid metal that's

1570

00:56:56,230 --> 00:56:54,240

been reported in numerous you know ufo

1571

00:56:57,670 --> 00:56:56,240

encounters right we go and we pick up

1572

00:56:58,470 --> 00:56:57,680

these metal blobs and we think that

1573

00:57:00,390 --> 00:56:58,480

they're

1574

00:57:01,510 --> 00:57:00,400

have some crazy great you know we're

1575

00:57:03,829 --> 00:57:01,520

going to be able to reverse engineer

1576
00:57:06,390 --> 00:57:03,839
this tech from it and we end up studying

1577
00:57:11,349 --> 00:57:06,400
alien poop for 70 years

1578
00:57:14,549 --> 00:57:12,870
i love it if they came out of the labs

1579
00:57:16,470 --> 00:57:14,559
and said yeah here's this chunk of metal

1580
00:57:18,150 --> 00:57:16,480
it fell from the sky we can't figure out

1581
00:57:19,430 --> 00:57:18,160
anything about it

1582
00:57:20,710 --> 00:57:19,440
that could happen tomorrow and that

1583
00:57:22,390 --> 00:57:20,720
would be

1584
00:57:24,390 --> 00:57:22,400
revolutionary i think that's great even

1585
00:57:26,309 --> 00:57:24,400
though it wouldn't really tell us just

1586
00:57:27,430 --> 00:57:26,319
like turning in your old beat beater car

1587
00:57:28,870 --> 00:57:27,440
too you know if you're not really

1588
00:57:30,870 --> 00:57:28,880

crashing it you're just like you know i

1589

00:57:32,230 --> 00:57:30,880

don't need this version of this probe

1590

00:57:33,750 --> 00:57:32,240

anymore i'm just going to leave it out

1591

00:57:35,510 --> 00:57:33,760

in the desert i mean nobody lives out

1592

00:57:37,349 --> 00:57:35,520

here i'm just going to leave it out here

1593

00:57:39,349 --> 00:57:37,359

and i got i got the new model i'm using

1594

00:57:42,230 --> 00:57:39,359

right now so you know you guys can have

1595

00:57:45,510 --> 00:57:42,240

it if nathan's donating cars i'm

1596

00:57:47,670 --> 00:57:45,520

probably interested but uh but anyway um

1597

00:57:49,510 --> 00:57:47,680

rather if you would i realize that you

1598

00:57:51,750 --> 00:57:49,520

you have protected your identity for a

1599

00:57:54,390 --> 00:57:51,760

reason but would you like to share like

1600

00:57:57,030 --> 00:57:54,400

your background without giving away uh

1601
00:57:59,589 --> 00:57:57,040
any any classified information or

1602
00:58:01,750 --> 00:57:59,599
anything about lose hair care products i

1603
00:58:03,589 --> 00:58:01,760
told you we're going to protect that so

1604
00:58:05,349 --> 00:58:03,599
that comes full circle whose hair care

1605
00:58:09,910 --> 00:58:05,359
is uh off the table i can't can't do

1606
00:58:13,589 --> 00:58:11,670
a computer engineer i have a masters in

1607
00:58:15,270 --> 00:58:13,599
a computer engineering uh do computer

1608
00:58:17,910 --> 00:58:15,280
programs that's part of the reason why

1609
00:58:19,910 --> 00:58:17,920
i'm uh phil affinity with our buddy big

1610
00:58:22,069 --> 00:58:19,920
west yes i love it

1611
00:58:24,470 --> 00:58:22,079
hey you know god bless the guy man the

1612
00:58:27,190 --> 00:58:24,480
guy is really smart so i'm not gonna

1613
00:58:29,030 --> 00:58:27,200

okay so um all right do you want to do

1614

00:58:30,230 --> 00:58:29,040

the mick west now we'll do you want to

1615

00:58:31,829 --> 00:58:30,240

do it

1616

00:58:33,510 --> 00:58:31,839

are you guys ready for that

1617

00:58:36,630 --> 00:58:33,520

i mean whatever you guys want yeah i'm

1618

00:58:38,230 --> 00:58:36,640

free to about eight yeah yeah i i i well

1619

00:58:40,069 --> 00:58:38,240

i want to get rat rather's take on it so

1620

00:58:41,430 --> 00:58:40,079

i know where you stand and i know when

1621

00:58:43,750 --> 00:58:41,440

you get started

1622

00:58:45,510 --> 00:58:43,760

i gotta block out ten minutes to you

1623

00:58:47,270 --> 00:58:45,520

know for you to so i want to get rather

1624

00:58:53,910 --> 00:58:47,280

stay cause i'm less familiar with rather

1625

00:58:59,270 --> 00:58:57,670

i think mick west is awesome i love him

1626

00:59:02,150 --> 00:58:59,280

i can see how he's abrasive to the

1627

00:59:04,069 --> 00:59:02,160

community but i feel like we

1628

00:59:06,950 --> 00:59:04,079

he he's almost like him and metabunk are

1629

00:59:09,270 --> 00:59:06,960

almost like a uh an algorithm an ai

1630

00:59:11,109 --> 00:59:09,280

where you can give them a set of videos

1631

00:59:12,630 --> 00:59:11,119

or a set of evidence and it will come

1632

00:59:14,950 --> 00:59:12,640

back and say

1633

00:59:16,309 --> 00:59:14,960

here's a prosaic explanation for it it's

1634

00:59:19,030 --> 00:59:16,319

not necessarily going to tell you that

1635

00:59:20,630 --> 00:59:19,040

that prozac explanation is right but

1636

00:59:22,150 --> 00:59:20,640

it's telling you that you know we have

1637

00:59:23,430 --> 00:59:22,160

more work to do we haven't we haven't

1638

00:59:25,349 --> 00:59:23,440

nailed it down we haven't proved it

1639

00:59:27,030 --> 00:59:25,359

definitively yeah and i think that no

1640

00:59:28,710 --> 00:59:27,040

matter what makes true beliefs on the

1641

00:59:31,510 --> 00:59:28,720

subject are i think that's a very

1642

00:59:34,309 --> 00:59:31,520

valuable thing role that he plays

1643

00:59:36,069 --> 00:59:34,319

i love that um and i'm totally okay with

1644

00:59:38,470 --> 00:59:36,079

that oh wow i can see you guys better

1645

00:59:41,109 --> 00:59:39,190

so

1646

00:59:44,150 --> 00:59:41,119

i mean my my

1647

00:59:45,510 --> 00:59:44,160

uh i appreciate skepticism

1648

00:59:47,670 --> 00:59:45,520

um i

1649

00:59:49,109 --> 00:59:47,680

i don't kind of like when someone like p

1650

00:59:50,069 --> 00:59:49,119

is on my leg and said oh look it's

1651
00:59:51,190 --> 00:59:50,079
raining

1652
00:59:53,190 --> 00:59:51,200
so

1653
00:59:55,670 --> 00:59:53,200
from my standpoint you know i heard i

1654
00:59:57,349 --> 00:59:55,680
got to hear steven cambion

1655
00:59:58,950 --> 00:59:57,359
and have a really really good

1656
01:00:00,950 --> 00:59:58,960
appreciation

1657
01:00:02,309 --> 01:00:00,960
for someone who was intellectually

1658
01:00:05,589 --> 01:00:02,319
honest

1659
01:00:08,069 --> 01:00:05,599
who approached it who made assertions

1660
01:00:10,470 --> 01:00:08,079
and then was able to

1661
01:00:11,589 --> 01:00:10,480
then say you know what i was wrong about

1662
01:00:13,510 --> 01:00:11,599
that

1663
01:00:15,670 --> 01:00:13,520

and and maya culpa and actually do it

1664

01:00:17,270 --> 01:00:15,680

with the person there and then say you

1665

01:00:19,030 --> 01:00:17,280

know i i wanted to check into your

1666

01:00:20,789 --> 01:00:19,040

background because i didn't believe you

1667

01:00:22,150 --> 01:00:20,799

and i thought you were making things up

1668

01:00:23,670 --> 01:00:22,160

and i said that

1669

01:00:26,230 --> 01:00:23,680

and i was wrong

1670

01:00:28,470 --> 01:00:26,240

and the problem that i get from mick

1671

01:00:31,990 --> 01:00:28,480

west is he portrays himself

1672

01:00:34,150 --> 01:00:32,000

as this very impartial very scientific

1673

01:00:36,390 --> 01:00:34,160

analyst of the topic

1674

01:00:38,549 --> 01:00:36,400

and in fact i think there's significant

1675

01:00:41,510 --> 01:00:38,559

evidence that he's not that

1676
01:00:42,390 --> 01:00:41,520
he is approaching this from a standpoint

1677
01:00:44,309 --> 01:00:42,400
of

1678
01:00:46,789 --> 01:00:44,319
not hey let's

1679
01:00:48,549 --> 01:00:46,799
let's see what this is let's analyze

1680
01:00:51,030 --> 01:00:48,559
everything that we have

1681
01:00:52,950 --> 01:00:51,040
and let's come to a conclusion

1682
01:00:55,430 --> 01:00:52,960
and then let's talk about it

1683
01:00:57,589 --> 01:00:55,440
he's approaching it from a standpoint of

1684
01:00:59,190 --> 01:00:57,599
this can't be real and whether or not i

1685
01:01:00,549 --> 01:00:59,200
believe it's real no one's going to know

1686
01:01:01,670 --> 01:01:00,559
what he actually believes just like you

1687
01:01:03,190 --> 01:01:01,680
don't know what i believe and i don't

1688
01:01:05,030 --> 01:01:03,200

know what you believe

1689

01:01:06,710 --> 01:01:05,040

but you just know what i tell you and i

1690

01:01:09,510 --> 01:01:06,720

and i know what you tell me

1691

01:01:13,750 --> 01:01:09,520

but he approaches it from

1692

01:01:16,549 --> 01:01:13,760

i am going if they if lou tells me

1693

01:01:18,630 --> 01:01:16,559

when i interview lou that he brought in

1694

01:01:20,870 --> 01:01:18,640

electrical optical engineers

1695

01:01:21,990 --> 01:01:20,880

aeronautical engineers i brought in

1696

01:01:24,309 --> 01:01:22,000

aviators

1697

01:01:25,510 --> 01:01:24,319

i brought in all the experts and by the

1698

01:01:28,710 --> 01:01:25,520

way

1699

01:01:30,150 --> 01:01:28,720

this is not single source reporting that

1700

01:01:33,030 --> 01:01:30,160

we're doing here

1701

01:01:35,190 --> 01:01:33,040

i was using a variety of different data

1702

01:01:37,349 --> 01:01:35,200

that that has not yet been shared with

1703

01:01:39,910 --> 01:01:37,359

the public to come to the conclusion

1704

01:01:42,390 --> 01:01:39,920

that it's this

1705

01:01:43,589 --> 01:01:42,400

and to that mick just says

1706

01:01:45,030 --> 01:01:43,599

okay

1707

01:01:46,549 --> 01:01:45,040

lou all right so let's talk about the

1708

01:01:49,349 --> 01:01:46,559

chilean air force

1709

01:01:52,549 --> 01:01:49,359

well i i agree with mick 100 of that and

1710

01:01:55,029 --> 01:01:52,559

that because i i feel that the um appeal

1711

01:01:56,950 --> 01:01:55,039

to authority has no place in this

1712

01:01:58,069 --> 01:01:56,960

discussion or i mean maybe it has some

1713

01:01:59,829 --> 01:01:58,079

place but

1714

01:02:01,990 --> 01:01:59,839

well then we're not having it we're then

1715

01:02:03,029 --> 01:02:02,000

we don't have shows there's there's no

1716

01:02:10,789 --> 01:02:03,039

tic-tac-toe

1717

01:02:14,630 --> 01:02:12,950

i mean there's there's two levels to it

1718

01:02:16,390 --> 01:02:14,640

right like like i take all that

1719

01:02:17,750 --> 01:02:16,400

information like you do and i come to

1720

01:02:19,990 --> 01:02:17,760

the same conclusions as you do that

1721

01:02:21,270 --> 01:02:20,000

something real happened there but when

1722

01:02:23,190 --> 01:02:21,280

we were talking about you know being

1723

01:02:24,549 --> 01:02:23,200

able to say definitively

1724

01:02:25,990 --> 01:02:24,559

that this was

1725

01:02:29,109 --> 01:02:26,000

something from another dimension or

1726

01:02:32,630 --> 01:02:30,950

he never said that he never said that

1727

01:02:35,829 --> 01:02:32,640

yeah well no yeah

1728

01:02:38,789 --> 01:02:35,839

true but that's that's that's the true

1729

01:02:41,430 --> 01:02:38,799

butt is that it's a parallax or it's a

1730

01:02:43,510 --> 01:02:41,440

glare or it's at one point he said it

1731

01:02:46,390 --> 01:02:43,520

was a bird and then when they said well

1732

01:02:48,789 --> 01:02:46,400

you know on link 16 everybody was seeing

1733

01:02:50,950 --> 01:02:48,799

it and on their iff everybody's seeing

1734

01:02:52,950 --> 01:02:50,960

this and it's not a bird and and it's

1735

01:02:55,190 --> 01:02:52,960

not a bird and then he has to say okay

1736

01:02:57,270 --> 01:02:55,200

let's go to the parallax so what what

1737

01:02:59,510 --> 01:02:57,280

i'm saying intellectually honest is to

1738

01:03:02,950 --> 01:02:59,520

say okay you know what i was proven

1739

01:03:06,150 --> 01:03:02,960

wrong on that point and okay but instead

1740

01:03:08,069 --> 01:03:06,160

he'll go yes but but but but but

1741

01:03:10,309 --> 01:03:08,079

well so so first of all i think that

1742

01:03:12,069 --> 01:03:10,319

mick does admit when he's wrong when

1743

01:03:13,750 --> 01:03:12,079

when you actually you know

1744

01:03:15,750 --> 01:03:13,760

break down to the actual specifics of

1745

01:03:18,069 --> 01:03:15,760

the arguments and show that he's wrong

1746

01:03:21,270 --> 01:03:18,079

he he will correct himself uh he hasn't

1747

01:03:23,750 --> 01:03:21,280

i've he has interviews with lou and he

1748

01:03:25,910 --> 01:03:23,760

didn't do that in any of the cases that

1749

01:03:27,589 --> 01:03:25,920

they talked about and we just agreed

1750

01:03:29,829 --> 01:03:27,599

that nobody has more information on the

1751

01:03:31,349 --> 01:03:29,839

topic than he does well are you talking

1752

01:03:33,670 --> 01:03:31,359

about like the the navy video

1753

01:03:35,349 --> 01:03:33,680

specifically yes because so so in that

1754

01:03:37,589 --> 01:03:35,359

in that conversation with lou i think

1755

01:03:39,510 --> 01:03:37,599

the issue is you know lou elizondo is

1756

01:03:41,670 --> 01:03:39,520

saying yeah we had these all these

1757

01:03:44,150 --> 01:03:41,680

people look at the data

1758

01:03:46,230 --> 01:03:44,160

the the real data the full data that

1759

01:03:47,990 --> 01:03:46,240

mick doesn't have and they none of us

1760

01:03:49,829 --> 01:03:48,000

are human right

1761

01:03:52,390 --> 01:03:49,839

and mick is saying hey

1762

01:03:53,990 --> 01:03:52,400

okay but

1763

01:03:56,150 --> 01:03:54,000

based on the evidence i have i have

1764

01:03:58,470 --> 01:03:56,160

these questions can you answer those

1765

01:03:59,829 --> 01:03:58,480

questions for me saying no i can't

1766

01:04:00,630 --> 01:03:59,839

answer the questions all i can say is

1767

01:04:06,789 --> 01:04:00,640

that

1768

01:04:09,029 --> 01:04:06,799

did is he went on to the next topic he

1769

01:04:10,950 --> 01:04:09,039

digressed her and said yes yes yes and

1770

01:04:13,589 --> 01:04:10,960

then he went on to the next topic he

1771

01:04:15,430 --> 01:04:13,599

never said oh okay oh so you're saying

1772

01:04:17,750 --> 01:04:15,440

that you brought in

1773

01:04:19,910 --> 01:04:17,760

the act the actual aviators you brought

1774

01:04:21,349 --> 01:04:19,920

in the wizzos you brought in the pilots

1775

01:04:23,270 --> 01:04:21,359

you brought in the radar operators you

1776

01:04:24,829 --> 01:04:23,280

brought in the electro-optical engineers

1777

01:04:27,829 --> 01:04:24,839

you brought in the aeronautical

1778

01:04:29,750 --> 01:04:27,839

engineers and you and you had a complete

1779

01:04:32,470 --> 01:04:29,760

picture that includes maybe even

1780

01:04:33,510 --> 01:04:32,480

geospatial data and you came to okay so

1781

01:04:37,670 --> 01:04:33,520

maybe

1782

01:04:39,190 --> 01:04:37,680

but he never says that he never and

1783

01:04:41,910 --> 01:04:39,200

that's the problem is it's

1784

01:04:43,990 --> 01:04:41,920

intellectually dishonest to not

1785

01:04:47,190 --> 01:04:44,000

acknowledge when someone tells you

1786

01:04:49,910 --> 01:04:47,200

certain information that you don't have

1787

01:04:51,270 --> 01:04:49,920

i i i i would disagree that it's

1788

01:04:55,990 --> 01:04:51,280

intellectually dishonest i'd say that

1789

01:04:58,710 --> 01:04:57,270

mick is definitely coming out with a

1790

01:05:00,470 --> 01:04:58,720

different set of assumptions in all of

1791

01:05:01,829 --> 01:05:00,480

us right and i think mick is kind of

1792

01:05:04,069 --> 01:05:01,839

coming at it with you know i can't

1793

01:05:06,069 --> 01:05:04,079

believe anything that i can't

1794

01:05:08,230 --> 01:05:06,079

independently verify right and i think

1795

01:05:10,390 --> 01:05:08,240

that that is a valid position to have

1796

01:05:12,950 --> 01:05:10,400

especially in an argument like this it's

1797

01:05:13,670 --> 01:05:12,960

not necessarily the physician i have but

1798

01:05:31,910 --> 01:05:13,680

i

1799

01:05:33,990 --> 01:05:31,920

how we can get to the truthfulness of a

1800

01:05:36,150 --> 01:05:34,000

claim right and so

1801

01:05:37,750 --> 01:05:36,160

in the in the court of law for example

1802

01:05:39,589 --> 01:05:37,760

you know you can be in court and you can

1803

01:05:41,510 --> 01:05:39,599

provide you know a pretty good good set

1804

01:05:42,870 --> 01:05:41,520

of evidence it may not be everything

1805

01:05:44,309 --> 01:05:42,880

that you want to see if you've ever

1806

01:05:46,150 --> 01:05:44,319

served on a jury you know how this can

1807

01:05:47,589 --> 01:05:46,160

be very frustrating you're expecting you

1808

01:05:49,829 --> 01:05:47,599

know to see all this great evidence and

1809

01:05:51,670 --> 01:05:49,839

you don't get you know much of anything

1810

01:05:53,510 --> 01:05:51,680

you get a little bit and so you but you

1811

01:05:55,109 --> 01:05:53,520

have to make a decision and based on

1812

01:05:57,349 --> 01:05:55,119

some of that information you know many

1813

01:05:58,950 --> 01:05:57,359

of us can reasonably conclude you know

1814

01:06:00,870 --> 01:05:58,960

that it there is

1815

01:06:02,870 --> 01:06:00,880

there's not a prozac explanation right

1816

01:06:04,710 --> 01:06:02,880

but but to your point and i think i

1817

01:06:06,950 --> 01:06:04,720

think it's a very a great point very

1818

01:06:09,190 --> 01:06:06,960

valid point that you know it depends on

1819

01:06:10,549 --> 01:06:09,200

the standard that the threshold of of of

1820

01:06:12,549 --> 01:06:10,559

evidence that that you're that you're

1821

01:06:13,589 --> 01:06:12,559

going to require and i think

1822

01:06:15,190 --> 01:06:13,599

if

1823

01:06:17,910 --> 01:06:15,200

you know that the challenge we're going

1824

01:06:19,270 --> 01:06:17,920

to have this is going to be true

1825

01:06:21,349 --> 01:06:19,280

as the government

1826
01:06:23,349 --> 01:06:21,359
assuming the government opens up the

1827
01:06:25,670 --> 01:06:23,359
doors a little bit more and lets more

1828
01:06:27,750 --> 01:06:25,680
private citizens

1829
01:06:29,430 --> 01:06:27,760
come into the conversation private

1830
01:06:31,589 --> 01:06:29,440
scientists come into the conversation

1831
01:06:33,829 --> 01:06:31,599
and absorb and analyze this data that

1832
01:06:36,150 --> 01:06:33,839
they have collected you know we're still

1833
01:06:38,069 --> 01:06:36,160
going to have issues of credibility and

1834
01:06:39,910 --> 01:06:38,079
trust and and how much

1835
01:06:42,950 --> 01:06:39,920
information is enough

1836
01:06:45,589 --> 01:06:42,960
to convince everyone else that this is

1837
01:06:48,630 --> 01:06:45,599
in fact whatever it it happens to be you

1838
01:06:49,910 --> 01:06:48,640

know and i i don't know what it is

1839

01:06:52,069 --> 01:06:49,920

i know that's what i'm saying is we

1840

01:06:54,069 --> 01:06:52,079

don't know no i know and and i

1841

01:06:56,549 --> 01:06:54,079

understand that you know

1842

01:06:59,029 --> 01:06:56,559

he's saying i know it's a bird i agree

1843

01:07:01,750 --> 01:06:59,039

an f-18 is a bird which is

1844

01:07:03,510 --> 01:07:01,760

so beyond the realm

1845

01:07:06,630 --> 01:07:03,520

you want you want him to be a little bit

1846

01:07:08,710 --> 01:07:06,640

more public uh in his in in issuing a

1847

01:07:11,190 --> 01:07:08,720

caveat that maybe he doesn't have all

1848

01:07:13,270 --> 01:07:11,200

the information and until he does have

1849

01:07:15,910 --> 01:07:13,280

all the information that based on what

1850

01:07:18,549 --> 01:07:15,920

he has right now this is this is what he

1851
01:07:20,630 --> 01:07:18,559
can claim it to be and and that that's a

1852
01:07:22,470 --> 01:07:20,640
position that he's sort of staking out i

1853
01:07:25,109 --> 01:07:22,480
i personally don't think you know i i'm

1854
01:07:27,510 --> 01:07:25,119
on that side of it but i understand why

1855
01:07:29,109 --> 01:07:27,520
he i think i understand why he's holding

1856
01:07:31,270 --> 01:07:29,119
that position

1857
01:07:33,349 --> 01:07:31,280
but yeah i do too is because he wants to

1858
01:07:34,870 --> 01:07:33,359
make money and have followers that's the

1859
01:07:37,029 --> 01:07:34,880
reason why he holds that position well i

1860
01:07:38,710 --> 01:07:37,039
i feel like but i feel like that that

1861
01:07:40,230 --> 01:07:38,720
sort of paints him with an ulterior

1862
01:07:42,230 --> 01:07:40,240
motive that

1863
01:07:44,309 --> 01:07:42,240

may not really be there i don't know

1864

01:07:45,990 --> 01:07:44,319

that's that's my assertion well tell me

1865

01:07:49,510 --> 01:07:46,000

what other guy is going to come on

1866

01:07:51,270 --> 01:07:49,520

podcasts and critique and faa pilots not

1867

01:07:53,430 --> 01:07:51,280

only his flying

1868

01:07:56,150 --> 01:07:53,440

but his operation of a sensor system

1869

01:07:58,150 --> 01:07:56,160

which he did with chris lato

1870

01:07:59,510 --> 01:07:58,160

and what credentials does he have to do

1871

01:08:01,349 --> 01:07:59,520

that

1872

01:08:03,109 --> 01:08:01,359

i i i mean i don't think you need any

1873

01:08:05,670 --> 01:08:03,119

credentials to do that everyone is well

1874

01:08:08,789 --> 01:08:05,680

that's how right 100

1875

01:08:11,750 --> 01:08:08,799

wrong when you say that you i

1876
01:08:13,750 --> 01:08:11,760
have absolutely zero place to criticize

1877
01:08:16,470 --> 01:08:13,760
their flying of that aircraft and their

1878
01:08:18,309 --> 01:08:16,480
operation that sensor and mick is way

1879
01:08:20,630 --> 01:08:18,319
less qualified than i am and i'm not

1880
01:08:23,110 --> 01:08:20,640
qualified

1881
01:08:24,870 --> 01:08:23,120
you don't have that you have nothing to

1882
01:08:28,470 --> 01:08:24,880
be able to say about you unless your

1883
01:08:30,950 --> 01:08:28,480
title includes fa-18 instructor pilot

1884
01:08:32,789 --> 01:08:30,960
f-18 flight examiner

1885
01:08:34,149 --> 01:08:32,799
in the absence of that

1886
01:08:36,070 --> 01:08:34,159
well i think we can judge whether or not

1887
01:08:36,950 --> 01:08:36,080
he's out over here

1888
01:08:38,390 --> 01:08:36,960

well yeah

1889

01:08:40,550 --> 01:08:38,400

all due respect you know i i

1890

01:08:42,950 --> 01:08:40,560

agree that you know all these people are

1891

01:08:44,390 --> 01:08:42,960

have immense training of doug awesome

1892

01:08:46,149 --> 01:08:44,400

things and we owe them a depth of

1893

01:08:48,470 --> 01:08:46,159

gratitude but on the other hand i think

1894

01:08:49,829 --> 01:08:48,480

that we do them a disservice to say that

1895

01:08:51,430 --> 01:08:49,839

they're you know infallible and

1896

01:08:53,349 --> 01:08:51,440

unquestionable right would that would

1897

01:08:57,430 --> 01:08:53,359

not say that i'm saying

1898

01:08:59,990 --> 01:08:57,440

you me mick are not qualified

1899

01:09:02,149 --> 01:09:00,000

based off this 41 second video to

1900

01:09:05,110 --> 01:09:02,159

critique either his operation of the

1901

01:09:07,829 --> 01:09:05,120

aircraft which he did with chris lato

1902

01:09:10,630 --> 01:09:07,839

that he see he doesn't know how stupid

1903

01:09:13,430 --> 01:09:10,640

he sounds when he does that

1904

01:09:15,669 --> 01:09:13,440

i know that he thinks he sounds smart to

1905

01:09:18,630 --> 01:09:15,679

his followers when he says that but if

1906

01:09:20,229 --> 01:09:18,640

you ask chris when i bring troy on tr i

1907

01:09:21,749 --> 01:09:20,239

even asked troy this question the other

1908

01:09:24,229 --> 01:09:21,759

day i said

1909

01:09:25,590 --> 01:09:24,239

would you critique an fa18 guy and he

1910

01:09:27,110 --> 01:09:25,600

said hell no

1911

01:09:29,349 --> 01:09:27,120

and they better not critique what we're

1912

01:09:30,390 --> 01:09:29,359

doing because they have absolutely no

1913

01:09:33,110 --> 01:09:30,400

training

1914

01:09:35,749 --> 01:09:33,120

not only in what we're doing

1915

01:09:38,630 --> 01:09:35,759

in our mission set but in our systems

1916

01:09:40,950 --> 01:09:38,640

and how we fly it and mick off of that

1917

01:09:42,789 --> 01:09:40,960

video to say that he just takes his

1918

01:09:45,110 --> 01:09:42,799

credibility that he did have with me and

1919

01:09:46,709 --> 01:09:45,120

he goes down again

1920

01:09:48,709 --> 01:09:46,719

right well i mean look the

1921

01:09:50,390 --> 01:09:48,719

dunning-kruger effect is very real but

1922

01:09:51,910 --> 01:09:50,400

it doesn't mean that

1923

01:09:53,349 --> 01:09:51,920

if you're if you fall prey to the

1924

01:09:56,390 --> 01:09:53,359

dunning-kruger effect that you're always

1925

01:09:59,510 --> 01:09:56,400

wrong right so i think that uh you know

1926

01:10:01,430 --> 01:09:59,520

in the case of mick you're correct 100

1927

01:10:04,149 --> 01:10:01,440

that he does not have the depth of

1928

01:10:06,310 --> 01:10:04,159

expertise that any of these individuals

1929

01:10:08,470 --> 01:10:06,320

have when it comes to those platforms

1930

01:10:09,910 --> 01:10:08,480

when it comes to operating those uh you

1931

01:10:11,750 --> 01:10:09,920

know air aircraft and what have you

1932

01:10:13,110 --> 01:10:11,760

doesn't have that i don't ever i i mean

1933

01:10:14,470 --> 01:10:13,120

i don't follow the guy a lot but i'm

1934

01:10:16,470 --> 01:10:14,480

assuming he's not

1935

01:10:18,870 --> 01:10:16,480

saying that he is on par with their

1936

01:10:20,950 --> 01:10:18,880

level of expertise he knows enough he

1937

01:10:23,590 --> 01:10:20,960

made mistakes in his flying and his

1938

01:10:26,390 --> 01:10:23,600

operation the system he cannot make that

1939

01:10:28,470 --> 01:10:26,400

state you can't make that statement and

1940

01:10:30,470 --> 01:10:28,480

have credib you can make that statement

1941

01:10:32,149 --> 01:10:30,480

but you can't retain credibility

1942

01:10:33,750 --> 01:10:32,159

because you you

1943

01:10:35,830 --> 01:10:33,760

you're looking at a snippet of video

1944

01:10:37,430 --> 01:10:35,840

right and and mick west is saying here

1945

01:10:39,110 --> 01:10:37,440

are the possibilities and one of the

1946

01:10:40,870 --> 01:10:39,120

possibilities is that

1947

01:10:42,950 --> 01:10:40,880

the pilot

1948

01:10:46,149 --> 01:10:42,960

is mistaken in what he said he was you

1949

01:10:48,550 --> 01:10:46,159

know what what he was doing and

1950

01:10:49,750 --> 01:10:48,560

i i i think that i could i can see why

1951

01:10:51,750 --> 01:10:49,760

you might you know interpret that as

1952

01:10:53,990 --> 01:10:51,760

disrespect and take offense to that but

1953

01:10:56,390 --> 01:10:54,000

i i don't think that there's offense

1954

01:10:58,149 --> 01:10:56,400

meant and i think that that's a

1955

01:10:59,990 --> 01:10:58,159

i mean you kind of have to do that right

1956

01:11:02,630 --> 01:11:00,000

you have to look at all the possible

1957

01:11:04,870 --> 01:11:02,640

possibilities but that again you say

1958

01:11:06,310 --> 01:11:04,880

that and i'm trying to explain to you

1959

01:11:07,830 --> 01:11:06,320

what it's like

1960

01:11:10,149 --> 01:11:07,840

to to to

1961

01:11:12,709 --> 01:11:10,159

be inside the military flying community

1962

01:11:14,709 --> 01:11:12,719

that if i made one statement like what

1963

01:11:16,950 --> 01:11:14,719

he just did me

1964

01:11:19,669 --> 01:11:16,960

then they my credibility

1965

01:11:21,910 --> 01:11:19,679

with my teammates somebody would would

1966

01:11:23,430 --> 01:11:21,920

say something analogous to sit down and

1967

01:11:25,669 --> 01:11:23,440

shut up you don't know what you're

1968

01:11:28,310 --> 01:11:25,679

talking about and i would literally like

1969

01:11:31,110 --> 01:11:28,320

a ball up like that and you would never

1970

01:11:33,110 --> 01:11:31,120

even go into a ready like you wouldn't

1971

01:11:35,270 --> 01:11:33,120

see dave framer come to a briefing room

1972

01:11:38,790 --> 01:11:35,280

our our tactics briefing room at

1973

01:11:39,830 --> 01:11:38,800

pre-brief and stand up and say a word

1974

01:11:40,950 --> 01:11:39,840

right but that's the people i don't

1975

01:11:42,470 --> 01:11:40,960

think that's the game i don't think

1976

01:11:43,910 --> 01:11:42,480

that's a good culture but that's the

1977

01:11:45,430 --> 01:11:43,920

culture but it doesn't mean it's right

1978

01:11:46,709 --> 01:11:45,440

though right so i guess

1979

01:11:48,229 --> 01:11:46,719

i'm going to explain to you

1980

01:11:49,990 --> 01:11:48,239

he knows

1981

01:11:52,630 --> 01:11:50,000

that he doesn't know

1982

01:11:54,709 --> 01:11:52,640

and i know from the from the afzok

1983

01:11:57,510 --> 01:11:54,719

community when it comes to the fighter

1984

01:11:59,590 --> 01:11:57,520

world i don't know

1985

01:12:01,590 --> 01:11:59,600

mick doesn't know

1986

01:12:02,950 --> 01:12:01,600

that he doesn't know i mean but here's

1987

01:12:04,870 --> 01:12:02,960

the other kind of point that i want to

1988

01:12:06,630 --> 01:12:04,880

make is that

1989

01:12:08,390 --> 01:12:06,640

none of these pilots know what they're

1990

01:12:09,830 --> 01:12:08,400

seeing right because it's literally uh

1991

01:12:11,669 --> 01:12:09,840

unidentified

1992

01:12:13,110 --> 01:12:11,679

object you know what they're paying them

1993

01:12:14,870 --> 01:12:13,120

for no

1994

01:12:16,950 --> 01:12:14,880

no we're not we're not paying them to go

1995

01:12:19,110 --> 01:12:16,960

to find out what these unidentified

1996

01:12:21,270 --> 01:12:19,120

objects are we're not trying to training

1997

01:12:23,990 --> 01:12:21,280

them to identify things that

1998

01:12:25,590 --> 01:12:24,000

are from another planet or another

1999

01:12:28,070 --> 01:12:25,600

that that's just it

2000

01:12:30,790 --> 01:12:28,080

that see you've actually made my point

2001

01:12:32,149 --> 01:12:30,800

is we're paying them to identify aerial

2002

01:12:34,630 --> 01:12:32,159

threats in the air and their

2003

01:12:37,110 --> 01:12:34,640

capabilities versus ours so when they

2004

01:12:39,110 --> 01:12:37,120

see something that doesn't fit just like

2005

01:12:42,229 --> 01:12:39,120

the radar we talked about how their

2006

01:12:44,950 --> 01:12:42,239

their their the rt the sp the signal

2007

01:12:46,310 --> 01:12:44,960

processing was confused by the signal

2008

01:12:47,910 --> 01:12:46,320

that came back

2009

01:12:49,350 --> 01:12:47,920

because they don't know it and so when

2010

01:12:51,590 --> 01:12:49,360

they look at and say that doesn't look

2011

01:12:54,310 --> 01:12:51,600

like anything that i've ever seen

2012

01:12:56,550 --> 01:12:54,320

and i take not only not only his word

2013

01:12:59,189 --> 01:12:56,560

for it i've also got kevin day backing

2014

01:13:02,830 --> 01:12:59,199

him up and the e2 hawkeye and gary

2015

01:13:06,470 --> 01:13:02,840

voorhees and choctou with that gentleman

2016

01:13:08,070 --> 01:13:06,480

chad so that's a lot of people that

2017

01:13:10,390 --> 01:13:08,080

don't know what they're doing but mick

2018

01:13:12,550 --> 01:13:10,400

does mick knows

2019

01:13:14,149 --> 01:13:12,560

well yeah i mean like i think when

2020

01:13:15,669 --> 01:13:14,159

you're talking about mick critiquing

2021

01:13:17,430 --> 01:13:15,679

chad underwood's flight you're talking

2022

01:13:18,870 --> 01:13:17,440

about him losing lock on that nimitz

2023

01:13:22,310 --> 01:13:18,880

video right

2024

01:13:24,390 --> 01:13:22,320

he has absolutely no place at all and by

2025

01:13:27,350 --> 01:13:24,400

the way dave fouch gave away the whole

2026

01:13:30,149 --> 01:13:27,360

thing is that he engaged mick engaged

2027

01:13:32,310 --> 01:13:30,159

him to try to get the uh the information

2028

01:13:34,550 --> 01:13:32,320

on the atlier so that he could build

2029

01:13:36,550 --> 01:13:34,560

arguments and then dave fouch broke from

2030

01:13:39,189 --> 01:13:36,560

mick west because he knew that he was

2031

01:13:41,990 --> 01:13:39,199

using him to make arguments against his

2032

01:13:43,750 --> 01:13:42,000

own navy family and i got news for you

2033

01:13:46,229 --> 01:13:43,760

you can read the manual all day i was a

2034

01:13:48,390 --> 01:13:46,239

maintainer for eight years on aircraft

2035

01:13:49,350 --> 01:13:48,400

before i start flying and i can tell you

2036

01:13:51,830 --> 01:13:49,360

i knew

2037

01:13:54,390 --> 01:13:51,840

nothing until i started flying in

2038

01:13:56,470 --> 01:13:54,400

operating systems in pressure

2039

01:13:57,910 --> 01:13:56,480

uh in combat under pressure et cetera et

2040

01:13:59,350 --> 01:13:57,920

cetera et cetera

2041

01:14:00,950 --> 01:13:59,360

right and then there is one there is a

2042

01:14:03,910 --> 01:14:00,960

difference between

2043

01:14:06,550 --> 01:14:03,920

understanding the capabilities of a

2044

01:14:09,189 --> 01:14:06,560

of a machine on paper and and

2045

01:14:11,910 --> 01:14:09,199

extrapolating out what it can do

2046

01:14:13,750 --> 01:14:11,920

where its sort of weaknesses are you

2047

01:14:15,830 --> 01:14:13,760

know how it may misinterpret whatever it

2048

01:14:17,510 --> 01:14:15,840

is and actually operating the machine

2049

01:14:20,149 --> 01:14:17,520

itself and having

2050

01:14:22,149 --> 01:14:20,159

hours of of machine operation under your

2051
01:14:24,950 --> 01:14:22,159
belt knowing what what you know what

2052
01:14:27,030 --> 01:14:24,960
what it is capable of all that said

2053
01:14:29,350 --> 01:14:27,040
you know you could still be wrong right

2054
01:14:31,430 --> 01:14:29,360
you know and i guess like for me if i

2055
01:14:33,669 --> 01:14:31,440
can if i can take this conversation to a

2056
01:14:35,669 --> 01:14:33,679
specific uh if i can divert it to a

2057
01:14:37,990 --> 01:14:35,679
little bit of a different place

2058
01:14:39,830 --> 01:14:38,000
and that is toward this when i think you

2059
01:14:41,669 --> 01:14:39,840
touched on this rather and that's the

2060
01:14:42,630 --> 01:14:41,679
issue of authority right so

2061
01:14:45,990 --> 01:14:42,640
we

2062
01:14:47,030 --> 01:14:46,000
where

2063
01:14:49,189 --> 01:14:47,040

our

2064

01:14:51,669 --> 01:14:49,199

willingness to appeal to authority is is

2065

01:14:52,630 --> 01:14:51,679

lower than it may have ever ever been

2066

01:14:54,950 --> 01:14:52,640

right so

2067

01:14:56,870 --> 01:14:54,960

um our our culture

2068

01:14:57,910 --> 01:14:56,880

uh at least in the u.s and the west you

2069

01:15:01,189 --> 01:14:57,920

know

2070

01:15:03,590 --> 01:15:01,199

we're we're less likely to um agree

2071

01:15:05,590 --> 01:15:03,600

you know to what the the state is is

2072

01:15:07,350 --> 01:15:05,600

saying to us or less likely to go along

2073

01:15:09,110 --> 01:15:07,360

with that and i don't think that that's

2074

01:15:10,630 --> 01:15:09,120

unique to us and this is happening you

2075

01:15:13,110 --> 01:15:10,640

know through around the world we're less

2076

01:15:15,750 --> 01:15:13,120

likely to take the position the word of

2077

01:15:16,790 --> 01:15:15,760

our of our you know elected officials as

2078

01:15:19,030 --> 01:15:16,800

gospel

2079

01:15:22,390 --> 01:15:19,040

and so where i'm struggling with with

2080

01:15:23,189 --> 01:15:22,400

that related to this topic more broadly

2081

01:15:31,990 --> 01:15:23,199

is

2082

01:15:35,189 --> 01:15:32,000

can talk about in the you know openly

2083

01:15:36,790 --> 01:15:35,199

where does the truth need to come from

2084

01:15:39,910 --> 01:15:36,800

in order for us to

2085

01:15:41,750 --> 01:15:39,920

collectively go oh yeah i mean like i it

2086

01:15:43,350 --> 01:15:41,760

came from this guy and it came from this

2087

01:15:45,189 --> 01:15:43,360

person and it came from the state as

2088

01:15:47,910 --> 01:15:45,199

well so all these people are saying it

2089

01:15:50,790 --> 01:15:47,920

so now i can actually get along with it

2090

01:15:53,590 --> 01:15:50,800

if it just comes from you know congress

2091

01:15:55,430 --> 01:15:53,600

or lou elizondo like that's not going to

2092

01:15:57,350 --> 01:15:55,440

be good good enough if it just comes

2093

01:15:58,790 --> 01:15:57,360

from mick west that's not going to be

2094

01:16:01,350 --> 01:15:58,800

good enough what is

2095

01:16:03,270 --> 01:16:01,360

you know what is the critical mass of

2096

01:16:04,950 --> 01:16:03,280

people and voices that we need to be

2097

01:16:08,630 --> 01:16:04,960

able to reach in order for this to be a

2098

01:16:09,910 --> 01:16:08,640

legitimate topic of conversation

2099

01:16:12,070 --> 01:16:09,920

yeah i mean i think he makes some good

2100

01:16:13,750 --> 01:16:12,080

points i think that uh if anyone just

2101

01:16:15,110 --> 01:16:13,760

you know comes out and says something i

2102

01:16:16,870 --> 01:16:15,120

think that you're we're gonna be in that

2103

01:16:19,750 --> 01:16:16,880

particular uh i think if you know

2104

01:16:21,590 --> 01:16:19,760

government or anyone actually releases

2105

01:16:23,030 --> 01:16:21,600

definite i guess yeah definitive

2106

01:16:25,430 --> 01:16:23,040

evidence is

2107

01:16:26,950 --> 01:16:25,440

hard to know if that is even possible

2108

01:16:28,630 --> 01:16:26,960

right so right

2109

01:16:31,350 --> 01:16:28,640

yeah i mean you're gonna say you know

2110

01:16:33,990 --> 01:16:31,360

it's a deep deep state it's a it's a cgi

2111

01:16:35,110 --> 01:16:34,000

fake it's a you know insert whatever you

2112

01:16:37,189 --> 01:16:35,120

want to say

2113

01:16:39,030 --> 01:16:37,199

uh it's going to take a lot of of

2114

01:16:40,470 --> 01:16:39,040

evidence to convince people and that i

2115

01:16:42,070 --> 01:16:40,480

mean i guess for me

2116

01:16:43,669 --> 01:16:42,080

you know to answer my own question it's

2117

01:16:46,310 --> 01:16:43,679

sort of like you know you're going to

2118

01:16:49,189 --> 01:16:46,320

need a council of people that are that

2119

01:16:51,750 --> 01:16:49,199

that are trusted in different places in

2120

01:16:53,590 --> 01:16:51,760

society you know so you need scientists

2121

01:16:55,430 --> 01:16:53,600

with great reputations you need elected

2122

01:16:57,110 --> 01:16:55,440

officials with great reputations of both

2123

01:16:58,630 --> 01:16:57,120

political parties or many political

2124

01:17:00,709 --> 01:16:58,640

parties you're going to need

2125

01:17:02,390 --> 01:17:00,719

entertainers you're going to need uh you

2126
01:17:03,750 --> 01:17:02,400
know theologians you're going to need

2127
01:17:05,990 --> 01:17:03,760
philosophers you're going to need all

2128
01:17:07,669 --> 01:17:06,000
these people

2129
01:17:09,110 --> 01:17:07,679
you know you got to get them get get

2130
01:17:11,430 --> 01:17:09,120
those influences y'all you got to get

2131
01:17:13,350 --> 01:17:11,440
them in the break man when lebron says

2132
01:17:14,870 --> 01:17:13,360
it's real it's real

2133
01:17:17,110 --> 01:17:14,880
you know you got to get them in a room

2134
01:17:19,189 --> 01:17:17,120
with with something and

2135
01:17:20,950 --> 01:17:19,199
walk them through this information and

2136
01:17:23,189 --> 01:17:20,960
get give them an experience and have

2137
01:17:25,350 --> 01:17:23,199
them be able to validate it with their

2138
01:17:26,950 --> 01:17:25,360

own eyes their own ears you know and

2139

01:17:28,070 --> 01:17:26,960

then they can come and tell that story

2140

01:17:29,430 --> 01:17:28,080

to the world

2141

01:17:30,950 --> 01:17:29,440

yeah you mentioned your own eyes and

2142

01:17:31,910 --> 01:17:30,960

known ears i almost wonder if it's going

2143

01:17:32,630 --> 01:17:31,920

to take

2144

01:17:37,110 --> 01:17:32,640

i

2145

01:17:39,270 --> 01:17:37,120

there's a one sensor that can detect

2146

01:17:40,709 --> 01:17:39,280

them right like yeah maybe there is some

2147

01:17:42,149 --> 01:17:40,719

piece of technology that we can just

2148

01:17:43,750 --> 01:17:42,159

look in the sky and we'll realize that

2149

01:17:45,830 --> 01:17:43,760

they're here

2150

01:17:46,870 --> 01:17:45,840

all along you know and right right just

2151

01:17:49,270 --> 01:17:46,880

put a little lens in front of your

2152

01:17:50,790 --> 01:17:49,280

binoculars and boom there they are

2153

01:17:53,830 --> 01:17:50,800

that might be what it takes though right

2154

01:17:55,669 --> 01:17:53,840

to have everyone literally believe it

2155

01:17:57,990 --> 01:17:55,679

yeah i i mean

2156

01:18:01,590 --> 01:17:58,000

i i think i don't want i want to make

2157

01:18:04,870 --> 01:18:01,600

sure i don't i don't deify anybody uh

2158

01:18:07,590 --> 01:18:04,880

not the pilots or or or you know the

2159

01:18:10,070 --> 01:18:07,600

navy or the government but i think

2160

01:18:11,189 --> 01:18:10,080

they are the de facto reason why we're

2161

01:18:14,229 --> 01:18:11,199

all here

2162

01:18:17,510 --> 01:18:14,239

50 of these podcasts right now would not

2163

01:18:19,430 --> 01:18:17,520

exist were it not for what elizondo

2164

01:18:21,030 --> 01:18:19,440

melon all those guys getting that

2165

01:18:23,830 --> 01:18:21,040

release getting the government to say

2166

01:18:25,669 --> 01:18:23,840

it's real ucr doesn't exist this show

2167

01:18:27,590 --> 01:18:25,679

doesn't exist at least in this format

2168

01:18:28,630 --> 01:18:27,600

i'm probably talking mma again

2169

01:18:30,950 --> 01:18:28,640

uh

2170

01:18:33,669 --> 01:18:30,960

et cetera half the shows on ufo twitter

2171

01:18:36,149 --> 01:18:33,679

don't exist we exist because

2172

01:18:39,430 --> 01:18:36,159

somebody that we all apply

2173

01:18:41,350 --> 01:18:39,440

a at least a signifi i don't want to put

2174

01:18:44,229 --> 01:18:41,360

a number value on it but a significant

2175

01:18:47,110 --> 01:18:44,239

amount of credibility came out

2176
01:18:49,110 --> 01:18:47,120
and said we saw this and we didn't see

2177
01:18:51,030 --> 01:18:49,120
it with just mark one eyeballs and i'm

2178
01:18:53,189 --> 01:18:51,040
just trusting dave

2179
01:18:55,510 --> 01:18:53,199
it also there was the video from chad

2180
01:18:58,229 --> 01:18:55,520
and also there was a testimony of alex

2181
01:19:01,189 --> 01:18:58,239
somebody when she speaks

2182
01:19:02,630 --> 01:19:01,199
if she if she told me matzah was made

2183
01:19:04,229 --> 01:19:02,640
out of

2184
01:19:06,709 --> 01:19:04,239
you know

2185
01:19:08,470 --> 01:19:06,719
like shale stone i would believe her i

2186
01:19:10,390 --> 01:19:08,480
mean she just has an enormous

2187
01:19:11,750 --> 01:19:10,400
amount of credibility and then you go to

2188
01:19:13,350 --> 01:19:11,760

you know the other testimony you put

2189

01:19:14,790 --> 01:19:13,360

that all together and you go there's an

2190

01:19:16,709 --> 01:19:14,800

event that definitely happened here they

2191

01:19:18,550 --> 01:19:16,719

definitely saw something that nobody can

2192

01:19:20,790 --> 01:19:18,560

figure out that is displaying

2193

01:19:23,750 --> 01:19:20,800

characteristics that to me

2194

01:19:26,149 --> 01:19:23,760

every time i think about it it blows my

2195

01:19:28,390 --> 01:19:26,159

mind having gone through flight school

2196

01:19:31,669 --> 01:19:28,400

and talked about this stuff with my

2197

01:19:33,189 --> 01:19:31,679

colleagues for 20 some odd years it just

2198

01:19:35,350 --> 01:19:33,199

talking about it with troy the other day

2199

01:19:37,990 --> 01:19:35,360

blew my mind because i had to explain to

2200

01:19:39,990 --> 01:19:38,000

troy what the hell tic tac was and what

2201

01:19:42,310 --> 01:19:40,000

and what some of the numbers associated

2202

01:19:44,550 --> 01:19:42,320

with it 28 000 feet to 50 feet in less

2203

01:19:46,550 --> 01:19:44,560

than a second you know omnidirectional

2204

01:19:48,390 --> 01:19:46,560

thrust you know we don't have anything

2205

01:19:51,030 --> 01:19:48,400

that even has anything more than

2206

01:19:52,630 --> 01:19:51,040

monodirectional thrust and and i happen

2207

01:19:54,310 --> 01:19:52,640

to be aware of some of the systems

2208

01:19:55,189 --> 01:19:54,320

whereby weapon systems were buying right

2209

01:19:58,070 --> 01:19:55,199

now

2210

01:20:00,790 --> 01:19:58,080

so it's it blows my mind so that's

2211

01:20:03,270 --> 01:20:00,800

literally almost unbelievable yeah it's

2212

01:20:05,590 --> 01:20:03,280

it really is it's an incredible event so

2213

01:20:07,510 --> 01:20:05,600

do i care what mick says no i really i

2214

01:20:09,270 --> 01:20:07,520

don't care if he ever believes it for

2215

01:20:11,590 --> 01:20:09,280

the rest of his life or if he came out

2216

01:20:14,470 --> 01:20:11,600

tomorrow and said i believe it all

2217

01:20:15,350 --> 01:20:14,480

i don't even think i would turn my head

2218

01:20:16,709 --> 01:20:15,360

okay

2219

01:20:18,709 --> 01:20:16,719

i don't care what he thinks or what he

2220

01:20:20,790 --> 01:20:18,719

believes so we'll take a village though

2221

01:20:23,030 --> 01:20:20,800

it'll take all of us i think

2222

01:20:25,189 --> 01:20:23,040

i know well yeah i mean some people are

2223

01:20:27,590 --> 01:20:25,199

waiting for him to say he believes i

2224

01:20:29,990 --> 01:20:27,600

don't really care about that i think if

2225

01:20:32,070 --> 01:20:30,000

we get bogged down in whether or not

2226

01:20:34,149 --> 01:20:32,080

something's happening here we're going

2227

01:20:36,229 --> 01:20:34,159

to waste energy when we could be trying

2228

01:20:38,149 --> 01:20:36,239

to figure out what you said the

2229

01:20:40,790 --> 01:20:38,159

interesting things you brought out about

2230

01:20:43,030 --> 01:20:40,800

it's it just it's exhibiting human

2231

01:20:44,149 --> 01:20:43,040

characteristics is that because they've

2232

01:20:47,750 --> 01:20:44,159

studied us

2233

01:20:49,750 --> 01:20:47,760

is that because uh that perhaps it has

2234

01:20:51,750 --> 01:20:49,760

garnered some human intelligence and

2235

01:20:53,910 --> 01:20:51,760

applied it to these drones that it's

2236

01:20:55,990 --> 01:20:53,920

apparently flying around some people

2237

01:20:58,149 --> 01:20:56,000

hypothesize that they've created an

2238

01:21:00,550 --> 01:20:58,159

environment inside it where it's not

2239

01:21:02,470 --> 01:21:00,560

where the acceleration doesn't make them

2240

01:21:04,310 --> 01:21:02,480

go like like us we would i've told

2241

01:21:06,070 --> 01:21:04,320

people all three of us would look like

2242

01:21:08,070 --> 01:21:06,080

pizza sauce if you took the ladle of

2243

01:21:10,149 --> 01:21:08,080

dominoes and and slurring it against the

2244

01:21:12,229 --> 01:21:10,159

wall that would be you me and rather

2245

01:21:15,189 --> 01:21:12,239

uh if if we were in that thing and it

2246

01:21:17,750 --> 01:21:15,199

accelerated like that um so there's so

2247

01:21:19,590 --> 01:21:17,760

much to talk about about the phenomena

2248

01:21:21,430 --> 01:21:19,600

without getting bogged down whether or

2249

01:21:22,629 --> 01:21:21,440

not they're there something's here i

2250

01:21:24,470 --> 01:21:22,639

don't know what the hell it is i don't

2251
01:21:25,669 --> 01:21:24,480
know where it's from something's here

2252
01:21:27,669 --> 01:21:25,679
let's talk about that rather than

2253
01:21:29,990 --> 01:21:27,679
wasting time oh i don't know maybe it's

2254
01:21:31,510 --> 01:21:30,000
a parallax i mean it's like that's a

2255
01:21:32,470 --> 01:21:31,520
waste time with that stupidity at this

2256
01:21:33,430 --> 01:21:32,480
point yeah

2257
01:21:35,750 --> 01:21:33,440
well

2258
01:21:37,270 --> 01:21:35,760
as and and taking that i mean so rather

2259
01:21:39,830 --> 01:21:37,280
i mean what what are some things that

2260
01:21:43,350 --> 01:21:39,840
are on your radar that you are

2261
01:21:44,550 --> 01:21:43,360
you know queuing up for you know future

2262
01:21:46,709 --> 01:21:44,560
content you know what are some areas

2263
01:21:48,310 --> 01:21:46,719

that you're looking at and exploring

2264

01:21:50,390 --> 01:21:48,320

that you feel are kind of maybe

2265

01:21:53,110 --> 01:21:50,400

tangential to to the phenomenon or at

2266

01:21:54,790 --> 01:21:53,120

least spark that same level of interest

2267

01:21:56,390 --> 01:21:54,800

yeah i've been um you know one thing

2268

01:21:59,110 --> 01:21:56,400

that's really interesting to me is uh

2269

01:22:01,590 --> 01:21:59,120

gravity waves and gravity wave astronomy

2270

01:22:05,110 --> 01:22:01,600

which is kind of a pretty new field in

2271

01:22:06,950 --> 01:22:05,120

science uh we you know have the ligo and

2272

01:22:08,870 --> 01:22:06,960

virgo sensors that were you know just

2273

01:22:10,870 --> 01:22:08,880

built in the last decade or so that are

2274

01:22:13,750 --> 01:22:10,880

literally detecting gravity waves from

2275

01:22:16,310 --> 01:22:13,760

black hole mergers across the galaxy and

2276

01:22:18,149 --> 01:22:16,320

we have plans of putting a another

2277

01:22:19,910 --> 01:22:18,159

one laser-based one in space which will

2278

01:22:21,990 --> 01:22:19,920

be a space-based gravitational

2279

01:22:23,830 --> 01:22:22,000

observatory and it's essentially like

2280

01:22:25,590 --> 01:22:23,840

getting a new sense to explore the

2281

01:22:27,590 --> 01:22:25,600

universe up until now we've been only

2282

01:22:30,070 --> 01:22:27,600

doing it visually looking at stuff

2283

01:22:31,669 --> 01:22:30,080

gravity waves are almost like sound in

2284

01:22:32,390 --> 01:22:31,679

space they're literally ripples that we

2285

01:22:34,149 --> 01:22:32,400

can

2286

01:22:36,470 --> 01:22:34,159

hear essentially

2287

01:22:38,149 --> 01:22:36,480

and yeah i think that there's

2288

01:22:41,030 --> 01:22:38,159

gonna be a lot of interesting things

2289

01:22:42,550 --> 01:22:41,040

that we learn from those we've already

2290

01:22:44,470 --> 01:22:42,560

started there's

2291

01:22:47,510 --> 01:22:44,480

the the observatories in space are these

2292

01:22:50,550 --> 01:22:47,520

giant big ones there's also tiny quantum

2293

01:22:53,350 --> 01:22:50,560

level gravity wave detectors that detect

2294

01:22:55,270 --> 01:22:53,360

ultra high frequency gravity waves

2295

01:22:58,149 --> 01:22:55,280

interesting and it's theorized that this

2296

01:22:59,189 --> 01:22:58,159

would be a great communication method if

2297

01:23:01,430 --> 01:22:59,199

you wanted to

2298

01:23:03,189 --> 01:23:01,440

talk across a galaxy because gravity

2299

01:23:04,709 --> 01:23:03,199

waves literally go through everything

2300

01:23:07,110 --> 01:23:04,719

they're not you can't block them out by

2301

01:23:09,189 --> 01:23:07,120

dust or planets or anything oh wow wait

2302

01:23:12,790 --> 01:23:09,199

rather will you confirm or deny right

2303

01:23:16,950 --> 01:23:15,110

i do not unfortunately okay different

2304

01:23:19,110 --> 01:23:16,960

question another question will you

2305

01:23:22,149 --> 01:23:19,120

confirm or deny

2306

01:23:24,390 --> 01:23:22,159

that uh uh elon musk's order at

2307

01:23:26,070 --> 01:23:24,400

starbucks is a vente

2308

01:23:27,990 --> 01:23:26,080

light roast

2309

01:23:29,669 --> 01:23:28,000

uh carmel macchiato

2310

01:23:31,510 --> 01:23:29,679

100 confirmed

2311

01:23:33,430 --> 01:23:31,520

okay all right see i knew we were going

2312

01:23:36,629 --> 01:23:33,440

to get there nathan i knew we were gonna

2313

01:23:38,790 --> 01:23:36,639

get there uh uh rather is is an engineer

2314

01:23:40,550 --> 01:23:38,800

for spacex and he's working on the very

2315

01:23:42,310 --> 01:23:40,560

latest technology yeah we're working on

2316

01:23:43,990 --> 01:23:42,320

von neumann probes over there

2317

01:23:45,910 --> 01:23:44,000

absolutely

2318

01:23:47,990 --> 01:23:45,920

hey can you fix the autopilot please on

2319

01:23:49,590 --> 01:23:48,000

the tesla i just i just wanted to divert

2320

01:23:51,430 --> 01:23:49,600

your attention because this is really

2321

01:23:53,510 --> 01:23:51,440

all i'm working on before i like drop

2322

01:23:55,430 --> 01:23:53,520

diamonds

2323

01:23:57,350 --> 01:23:55,440

so hey

2324

01:23:58,790 --> 01:23:57,360

i really i really appreciate it man you

2325

01:24:01,110 --> 01:23:58,800

don't have to tell us what you're doing

2326

01:24:02,550 --> 01:24:01,120

i think it's really cool nathan is also

2327

01:24:05,360 --> 01:24:02,560

secret in fact

2328

01:24:09,830 --> 01:24:05,370

his name may not even be nathan

2329

01:24:12,629 --> 01:24:09,840

[Laughter]

2330

01:24:14,950 --> 01:24:12,639

you're making me question everything now

2331

01:24:16,790 --> 01:24:14,960

yeah like did you see it like rather

2332

01:24:21,350 --> 01:24:16,800

it's like i could say they might not

2333

01:24:26,709 --> 01:24:24,390

they're sherlock holmes

2334

01:24:29,430 --> 01:24:26,719

i love it i love it man

2335

01:24:31,350 --> 01:24:29,440

dude for real man i i

2336

01:24:33,750 --> 01:24:31,360

i don't know should we get in touch with

2337

01:24:35,669 --> 01:24:33,760

first of all have you guys asked anjali

2338

01:24:36,790 --> 01:24:35,679

to come on the ucr or the singularity

2339

01:24:37,510 --> 01:24:36,800

lab

2340

01:24:55,590 --> 01:24:37,520

i

2341

01:24:56,629 --> 01:24:55,600

yeah sure

2342

01:24:57,990 --> 01:24:56,639

yeah okay

2343

01:25:00,629 --> 01:24:58,000

all right bring uh if you would bring

2344

01:25:02,709 --> 01:25:00,639

three liters of liquid iv yeah yeah

2345

01:25:07,990 --> 01:25:02,719

with a bad idea from you yeah

2346

01:25:11,590 --> 01:25:09,669

nathan's worried he's worried you're

2347

01:25:13,669 --> 01:25:11,600

going to get gassed and like it's going

2348

01:25:14,709 --> 01:25:13,679

to be like this wizard of oz phenomenon

2349

01:25:16,310 --> 01:25:14,719

everything's going to know there's like

2350

01:25:17,750 --> 01:25:16,320

bubble boy from science i think i might

2351
01:25:18,790 --> 01:25:17,760
bring one of those along and there you

2352
01:25:23,510 --> 01:25:18,800
go

2353
01:25:25,189 --> 01:25:23,520
cool rather if i had like one of those

2354
01:25:27,590 --> 01:25:25,199
things like sort of like the space guys

2355
01:25:30,390 --> 01:25:27,600
have with the mask and the oxygen coming

2356
01:25:33,990 --> 01:25:30,400
up to it and a helmet that would be so

2357
01:25:36,310 --> 01:25:34,000
dope man okay would you bro shake if you

2358
01:25:38,629 --> 01:25:36,320
met a being

2359
01:25:41,270 --> 01:25:38,639
like the bro handshake you know you

2360
01:25:43,189 --> 01:25:41,280
would if they weren't actively hostile

2361
01:25:45,350 --> 01:25:43,199
to me yeah definitely yes

2362
01:25:46,950 --> 01:25:45,360
okay well if it's a man though do you

2363
01:25:48,310 --> 01:25:46,960

just like cut yourself i mean i don't

2364

01:25:50,149 --> 01:25:48,320

know how does that work

2365

01:25:52,470 --> 01:25:50,159

the manta is like eight feet tall i

2366

01:25:54,390 --> 01:25:52,480

figured out like if you go and like

2367

01:25:56,629 --> 01:25:54,400

shake that thing yeah there's gonna be a

2368

01:25:58,470 --> 01:25:56,639

little bit of an anatomical issue there

2369

01:26:00,310 --> 01:25:58,480

with where you might end up i talk a

2370

01:26:03,590 --> 01:26:00,320

mean game but i'd probably be curled up

2371

01:26:06,149 --> 01:26:03,600

in the corner screaming for my mom

2372

01:26:08,310 --> 01:26:06,159

i think uh nathan what are your thoughts

2373

01:26:09,990 --> 01:26:08,320

okay you're on the expo i'm sorry i was

2374

01:26:12,390 --> 01:26:10,000

that was going to be the last question

2375

01:26:14,629 --> 01:26:12,400

nathan if you're on the expedition what

2376

01:26:17,270 --> 01:26:14,639

would be what's your plan at least i

2377

01:26:18,709 --> 01:26:17,280

know you know every the first the plan

2378

01:26:20,830 --> 01:26:18,719

doesn't last first contact with the

2379

01:26:22,790 --> 01:26:20,840

enemy i got that but what's your

2380

01:26:25,990 --> 01:26:22,800

plan uh

2381

01:26:27,400 --> 01:26:26,000

last in line is my plan just you know

2382

01:26:29,750 --> 01:26:27,410

the ronnie james deal

2383

01:26:30,550 --> 01:26:29,760

[Laughter]

2384

01:26:32,629 --> 01:26:30,560

okay

2385

01:26:34,870 --> 01:26:32,639

you guys tell me what you see up there

2386

01:26:37,030 --> 01:26:34,880

you're hiding behind audrey like holding

2387

01:26:39,110 --> 01:26:37,040

her shoulders and ducking your head i'd

2388

01:26:40,870 --> 01:26:39,120

like to be second and last just in case

2389

01:26:42,790 --> 01:26:40,880

so the person doesn't sneak up from me

2390

01:26:44,390 --> 01:26:42,800

and grab me you know that's wrapped you

2391

01:26:46,149 --> 01:26:44,400

nathan and then i'll be yeah okay

2392

01:26:47,189 --> 01:26:46,159

perfect we'll we'll be a team rather i

2393

01:26:49,110 --> 01:26:47,199

like it

2394

01:26:50,950 --> 01:26:49,120

so if i'm like standing at the edge of

2395

01:26:52,149 --> 01:26:50,960

the chamber and you're in front you're

2396

01:26:55,510 --> 01:26:52,159

the front of the light shove me in the

2397

01:26:57,110 --> 01:26:55,520

air rather like shoving me in the back

2398

01:26:59,350 --> 01:26:57,120

falling forward and maybe they'll like

2399

01:27:01,430 --> 01:26:59,360

they do some sort of a maneuver that'll

2400

01:27:03,189 --> 01:27:01,440

be terrible man all right so you you

2401

01:27:05,030 --> 01:27:03,199

would so so nathan you're basically

2402

01:27:07,030 --> 01:27:05,040

saying you'd be terrified and you would

2403

01:27:08,629 --> 01:27:07,040

want to be at the back of that gaggle i

2404

01:27:09,280 --> 01:27:08,639

want as many options as possible that's

2405

01:27:11,430 --> 01:27:09,290

what i'm saying

2406

01:27:12,629 --> 01:27:11,440

[Applause]

2407

01:27:15,030 --> 01:27:12,639

yeah

2408

01:27:16,149 --> 01:27:15,040

that's what i'm saying okay all right so

2409

01:27:17,910 --> 01:27:16,159

you're the kind of guy you don't have

2410

01:27:19,830 --> 01:27:17,920

your back to the door at those italian

2411

01:27:21,990 --> 01:27:19,840

restaurants uh it's kind of like god

2412

01:27:24,709 --> 01:27:22,000

father okay i guess this is the

2413

01:27:27,510 --> 01:27:24,719

opportune moment to ask rather okay

2414

01:27:29,270 --> 01:27:27,520

rather bucket list item

2415

01:27:32,470 --> 01:27:29,280

is for me

2416

01:27:35,510 --> 01:27:32,480

and your friend luis jimenez to do a few

2417

01:27:37,430 --> 01:27:35,520

lines of the godfather to the last scene

2418

01:27:39,990 --> 01:27:37,440

with michael and fredo

2419

01:27:42,629 --> 01:27:40,000

before fredo goes on the ill-fated

2420

01:27:45,510 --> 01:27:42,639

little ride in in in the motorboat

2421

01:27:47,510 --> 01:27:45,520

uh where where um you know basically

2422

01:27:49,189 --> 01:27:47,520

he's telling frito fredo you're nothing

2423

01:27:50,870 --> 01:27:49,199

to me anymore and

2424

01:27:53,350 --> 01:27:50,880

and all this kind of thing you know so

2425

01:27:56,709 --> 01:27:53,360

they they have that last interaction

2426
01:27:58,390 --> 01:27:56,719
before freda goes bye-bye i want to read

2427
01:28:00,070 --> 01:27:58,400
at least a couple lines of that scene

2428
01:28:00,870 --> 01:28:00,080
with luis jimenez can you make that

2429
01:28:02,950 --> 01:28:00,880
happen

2430
01:28:05,350 --> 01:28:02,960
i think lou would be happy to do that

2431
01:28:08,390 --> 01:28:05,360
more than he would do it

2432
01:28:10,470 --> 01:28:08,400
oh my god me with a real actor

2433
01:28:12,550 --> 01:28:10,480
on on this show reading lines with lou

2434
01:28:15,270 --> 01:28:12,560
jimenez that i'm ser this is a bucket

2435
01:28:17,830 --> 01:28:15,280
list item wow and i'm gonna play freda

2436
01:28:19,510 --> 01:28:17,840
he's michael corleone i'll i'll do what

2437
01:28:21,430 --> 01:28:19,520
i can to make this happen okay all right

2438
01:28:23,750 --> 01:28:21,440

brother i think think of like make a

2439

01:28:26,229 --> 01:28:23,760

wish foundation for like meatheaded

2440

01:28:27,430 --> 01:28:26,239

retired air force guys who used to be in

2441

01:28:30,709 --> 01:28:27,440

special ed

2442

01:28:32,550 --> 01:28:30,719

okay all right um thank you so much man

2443

01:28:35,750 --> 01:28:32,560

2470

01:29:26,310 --> 01:29:23,760

i'm starting my master's in hopes of

2471

01:29:29,510 --> 01:29:26,320

being as smart as rather like two years

2472

01:29:32,709 --> 01:29:31,030

and i'm still not going to be as smart

2473

01:29:33,990 --> 01:29:32,719

as him because the curriculum is going

2474

01:29:36,629 --> 01:29:34,000

to be nowhere near like computer

2475

01:29:38,790 --> 01:29:36,639

engineering so uh thank you so much man
