6
00:00:46,470 --> 00:00:43,360

00:00:51,510 --> 00:00:49,120
happen

10
00:00:53,750 --> 00:00:51,520
all right no idea what i mean so we had

11
00:00:55,670 --> 00:00:53,760
no idols not that that ever happened so

12
00:00:57,910 --> 00:00:55,680

not broccoli they are my friends and

14

00:01:03,750 --> 00:01:00,000

some of your luminaries unfortunately we

15

00:01:06,070 --> 00:01:03,760

lost uh dan z today the signal um

16

00:01:08,230 --> 00:01:06,080

a friend called out to dan

17

00:01:10,630 --> 00:01:08,240

and asked him that he actually needed

18

00:01:13,030 --> 00:01:10,640

dan's help in terms of transportation he

19

00:01:14,710 --> 00:01:13,040

or she and if it were i i would do the

20

00:01:17,109 --> 00:01:14,720

same thing i'd say peace out on the

21

00:01:18,950 --> 00:01:17,119

22

00:01:21,670 --> 00:01:18,960

it's all right no not

77

00:04:11,910 --> 00:04:08,710

00:04:24,469 --> 00:04:22,479

yield their time to uh someone else uh

84

00:04:26,469 --> 00:04:24,479

and we're gonna do this uh we'll go

85

00:04:28,790 --> 00:04:26,479

alphabetically counterclockwise because

86

00:04:31,030 --> 00:04:28,800

we are counter culture not for long

87

00:04:33,189 --> 00:04:31,040

andy on with um he's responsible for a

99

00:05:00,070 --> 00:04:58,160

lot of

100

00:05:02,150 --> 00:05:00,080

all the technology you see on this show

101
00:05:04,310 --> 00:05:02,160

109
00:05:20,629 --> 00:05:18,160
being on the show uh beyond thrilled to

110
00:05:22,150 --> 00:05:20,639
have you all with us today um and

111
00:05:24,070 --> 00:05:22,160
excited to hear kind of what you have to

112
00:05:26,150 --> 00:05:24,080
say so we're gonna do this roundtable

113
00:05:27,830 --> 00:05:26,160

style uh andy you're gonna kick us off

114

00:05:29,510 --> 00:05:27,840

uh tell folks a little bit about you

115

00:05:32,150 --> 00:05:29,520

your show and kind of what you're up to

116

00:05:33,749 --> 00:05:32,160

and and then uh and then dan will do the

117

00:05:35,510 --> 00:05:33,759

same with you once we get back around

118

00:05:37,189 --> 00:05:35,520

then andy will take the first topic and

119

00:05:39,590 --> 00:05:37,199

we'll go from there

120

00:05:42,790 --> 00:05:39,600

yeah awesome uh yeah so my name is andy

121

00:05:45,749 --> 00:05:42,800

mcgrillen i host that ufo podcast

122

00:05:47,749 --> 00:05:45,759

started it back in may 2020 and and here

123

00:05:49,670 --> 00:05:47,759

we are almost 18 months later it's been

124

00:05:51,270 --> 00:05:49,680

a it's going all right got to meet a lot

125

00:05:52,550 --> 00:05:51,280

of cool people like yourselves and and

126

00:05:54,950 --> 00:05:52,560

converse with a lot of cool people

127

00:05:57,029 --> 00:05:54,960

online and via email and from all around

128

00:05:58,790 --> 00:05:57,039

the world and uh it's kind of gone from

129

00:06:01,029 --> 00:05:58,800

from strength to strength for whatever

130

00:06:02,230 --> 00:06:01,039

reason uh people seem to like it so i

131

00:06:04,629 --> 00:06:02,240

mean some people hate it but i like

132

00:06:06,550 --> 00:06:04,639

hearing from them as well um nobody has

133

00:06:06,900 --> 00:06:06,560

it oh no they do i can show you the

134

00:06:08,870 --> 00:06:06,910

emails

135

00:06:10,950 --> 00:06:08,880

[Laughter]

136

00:06:12,469 --> 00:06:10,960

but you know it's fine it's just adding

137

00:06:13,990 --> 00:06:12,479

something else hopefully to this topic

138

00:06:15,670 --> 00:06:14,000

for some people and and we have

139

00:06:16,550 --> 00:06:15,680

discussion and news updates and it just

140

00:06:18,870 --> 00:06:16,560

kind of

141

00:06:20,390 --> 00:06:18,880

has and still evolves a bit organically

142

00:06:22,550 --> 00:06:20,400

you know some stuff works some stuff

143

00:06:26,070 --> 00:06:22,560

doesn't and uh obviously recently we've

144

00:06:27,749 --> 00:06:26,080

joined over on a kg r a as well um i

145

00:06:32,629 --> 00:06:27,759

have to say that slowly in my accent

146

00:06:36,710 --> 00:06:34,390

which no one knows what i'm saying so

147

00:06:39,029 --> 00:06:36,720

yeah uh it's been it's been a kind of

148

00:06:41,110 --> 00:06:39,039

wild 18 months but which all resulted in

149

00:06:44,469 --> 00:06:41,120

yesterday me attending and actually

150

00:06:46,309 --> 00:06:44,479

speaking at my first ufo conference in

151

00:06:48,070 --> 00:06:46,319

preston helping some folk out in the

152

00:06:50,309 --> 00:06:48,080

last minute but that was good that was

153

00:06:51,830 --> 00:06:50,319

fun uh look forward to a little bit more

154

00:06:53,749 --> 00:06:51,840

of that in the future in in some way

155

00:06:55,990 --> 00:06:53,759

shape or form so yeah good to be here

156

00:06:58,629 --> 00:06:56,000

good to get the chat

157

00:07:01,110 --> 00:06:58,639

um can you just tell what is imp what do

158

00:07:02,629 --> 00:07:01,120

you hope to accomplish that's that's one

159

00:07:04,870 --> 00:07:02,639

thing i want to get from every panels

160

00:07:07,510 --> 00:07:04,880

here what do you hope to con accomplish

161

00:07:09,110 --> 00:07:07,520

what's your mission in the community

162

00:07:11,110 --> 00:07:09,120

just to prove there's no such thing as

163

00:07:13,990 --> 00:07:11,120

alien life um and just move on from

164

00:07:14,000 --> 00:07:17,990

we're down here

165

00:07:22,629 --> 00:07:19,589

and the way i set up the show wasn't

166

00:07:24,710 --> 00:07:22,639

like if tsa is a success then brilliant

167

00:07:26,469 --> 00:07:24,720

i can stop it it's it's just whatever

168

00:07:27,350 --> 00:07:26,479

happens in terms of the conversation

169

00:07:28,950 --> 00:07:27,360

that

170

00:07:30,550 --> 00:07:28,960

as much as anything it helps me can i

171

00:07:31,589 --> 00:07:30,560

keep up to date and understand what's

172

00:07:33,029 --> 00:07:31,599

going on

173

00:07:36,230 --> 00:07:33,039

and definitely different aspects of the

174

00:07:37,909 --> 00:07:36,240

conversation allow allow me to to form

175

00:07:39,270 --> 00:07:37,919

my opinion as i go along and if other

176

00:07:41,270 --> 00:07:39,280

people listening

177

00:07:43,270 --> 00:07:41,280

as i do that get something from that and

178

00:07:45,510 --> 00:07:43,280

it helps them out too then then all the

179

00:07:47,510 --> 00:07:45,520

better so it's one of those things i've

180

00:07:49,749 --> 00:07:47,520

always said and i'll maybe one day get

181

00:07:51,990 --> 00:07:49,759

on a business card but if 20 people

182

00:07:54,469 --> 00:07:52,000

listen to the podcast i'd be happy and

183

00:07:57,350 --> 00:07:54,479

uh it's it's more than that now so yeah

184

00:07:58,390 --> 00:07:57,360

so awesome after cup enough time

185

00:08:00,950 --> 00:07:58,400

someone else

186

00:08:03,990 --> 00:08:00,960

dan dan my brother what uh tell us about

187

00:08:06,550 --> 00:08:04,000

you uh yourself and what you uh hope to

188

00:08:08,469 --> 00:08:06,560

accomplish in the topic or or what you

189

00:08:10,950 --> 00:08:08,479

want to bring to the topic

190

00:08:13,189 --> 00:08:10,960

well i don't have any

191

00:08:15,189 --> 00:08:13,199

any calling card for being qualified to

192

00:08:16,869 --> 00:08:15,199

be a voice in the ufo community i've

193

00:08:18,629 --> 00:08:16,879

never seen anything never done anything

194

00:08:20,550 --> 00:08:18,639

i've just i've been obsessed with it

195

00:08:23,510 --> 00:08:20,560

since childhood and that was a long time

196

00:08:24,950 --> 00:08:23,520

ago so i've i've learned a lot over the

197

00:08:27,189 --> 00:08:24,960

the decades

198

00:08:28,710 --> 00:08:27,199

and that's what has got me to the point

199

00:08:30,790 --> 00:08:28,720

where i'm at where now i've turned

200

00:08:32,469 --> 00:08:30,800

around and started looking at the next

201
00:08:34,550 --> 00:08:32,479
generation that's coming

202
00:08:36,630 --> 00:08:34,560
and there's a steep learning curve

203
00:08:39,110 --> 00:08:36,640
associated with ufo topic

204
00:08:42,310 --> 00:08:39,120
and we are the ufo community is the

205
00:08:44,550 --> 00:08:42,320
master of long format discussions so i

206
00:08:46,310 --> 00:08:44,560
saw a niche where

207
00:08:47,750 --> 00:08:46,320
i would like to be

208
00:08:50,310 --> 00:08:47,760
i would like to contribute to people

209
00:08:51,430 --> 00:08:50,320
getting introduced to the topic in

210
00:08:54,790 --> 00:08:51,440
short

211
00:08:55,829 --> 00:08:54,800
spans in the community now than ever

212
00:08:57,269 --> 00:08:55,839
before

213
00:09:00,550 --> 00:08:57,279

i'm trying to address those people i'm

214

00:09:03,030 --> 00:09:00,560

trying to reach out and uh it was on

215

00:09:05,910 --> 00:09:03,040

um i can't remember if it was andy's or

216

00:09:08,070 --> 00:09:05,920

louise's podcast with lou where he said

217

00:09:10,710 --> 00:09:08,080

get your ass off the couch and get

218

00:09:12,230 --> 00:09:10,720

involved and once he said that

219

00:09:14,710 --> 00:09:12,240

i said all right well i've got to do

220

00:09:15,910 --> 00:09:14,720

something what can how can i contribute

221

00:09:17,430 --> 00:09:15,920

and

222

00:09:18,630 --> 00:09:17,440

i'm able to

223

00:09:20,790 --> 00:09:18,640

my my

224

00:09:22,949 --> 00:09:20,800

success at work is based on my ability

225

00:09:25,190 --> 00:09:22,959

to communicate complex topics in a

226

00:09:27,910 --> 00:09:25,200

simple manner so that's what i try to do

227

00:09:31,190 --> 00:09:27,920

i try to use tik-tok as a way to

228

00:09:33,269 --> 00:09:31,200

simplify the topic into short snippets

229

00:09:35,030 --> 00:09:33,279

packed full of information as well as

230

00:09:37,430 --> 00:09:35,040

references to the longer format

231

00:09:39,829 --> 00:09:37,440

information that's available to them so

232

00:09:41,590 --> 00:09:39,839

that they can if they choose to go and

233

00:09:43,509 --> 00:09:41,600

investigate themselves because i think

234

00:09:45,590 --> 00:09:43,519

investigating yourself

235

00:09:47,990 --> 00:09:45,600

is going to be the way to get people

236

00:09:49,590 --> 00:09:48,000

introduced this topic and keep them if

237

00:09:51,750 --> 00:09:49,600

we just tell them and try to force down

238

00:09:53,990 --> 00:09:51,760

their throat they're not going to stay

239

00:09:56,230 --> 00:09:54,000

they're not going to become invested in

240

00:09:58,550 --> 00:09:56,240

the topic like we need them to be

241

00:10:01,430 --> 00:09:58,560

so i'm trying to just be a bridge from

242

00:10:04,389 --> 00:10:01,440

no information to some information just

243

00:10:06,790 --> 00:10:04,399

to plant that seed and i found tik tok

244

00:10:10,150 --> 00:10:06,800

and all the tools are there

245

00:10:11,430 --> 00:10:10,160

to be able to start a channel and

246

00:10:12,949 --> 00:10:11,440

you don't have to you don't have to know

247

00:10:14,949 --> 00:10:12,959

a bunch of different software programs

248

00:10:17,110 --> 00:10:14,959

so that's why i chose that and it's also

249

00:10:20,230 --> 00:10:17,120

a void there's not a lot of people

250

00:10:22,150 --> 00:10:20,240

in the ufo community on tick tock

251
00:10:24,069 --> 00:10:22,160
and the outreach associated with

252
00:10:27,190 --> 00:10:24,079
algorithm for tick tock is incredible

253
00:10:30,230 --> 00:10:27,200
i've got a video that's got almost 800

254
00:10:32,310 --> 00:10:30,240
000 views and so that's just

255
00:10:34,870 --> 00:10:32,320
that's a lot of exposure to for the

256
00:10:36,550 --> 00:10:34,880
topic and so so that's my goal is try to

257
00:10:38,069 --> 00:10:36,560
try to help people

258
00:10:40,310 --> 00:10:38,079
not have to jump in the deep end of the

259
00:10:43,430 --> 00:10:40,320
pool like we all are already treading

260
00:10:46,550 --> 00:10:43,440
water in but let them ease into the the

261
00:10:50,230 --> 00:10:46,560
small shallow parts of the the wave pool

262
00:10:52,310 --> 00:10:50,240
before they get into the deep end nice

263
00:10:54,389 --> 00:10:52,320

james ian doley my brother engaging the

264

00:10:55,670 --> 00:10:54,399

phenomenon and your new podcast which is

265

00:10:59,110 --> 00:10:55,680

called

266

00:11:02,790 --> 00:11:01,350

meta perspective please sir tell us

267

00:11:05,350 --> 00:11:02,800

about why

268

00:11:07,350 --> 00:11:05,360

uh you yourself and why that what you

269

00:11:10,790 --> 00:11:07,360

want to bring to the community what you

270

00:11:19,110 --> 00:11:10,800

hope to bring to the community

271

00:11:23,350 --> 00:11:21,190

we're breaking up james

272

00:11:26,829 --> 00:11:23,360

games

273

00:11:34,949 --> 00:11:28,550

james look johnny here you mate you may

274

00:11:37,829 --> 00:11:36,870

yeah we can here we can't hear james

275

00:11:38,790 --> 00:11:37,839

we'll bring him back we'll bring him

276

00:11:40,870 --> 00:11:38,800

back

277

00:11:42,550 --> 00:11:40,880

nathan i'll take it while he's coming

278

00:11:45,430 --> 00:11:42,560

back to us so yeah i'm nathan as dj

279

00:11:47,910 --> 00:11:45,440

mentioned uh i got uh connected with

280

00:11:49,509 --> 00:11:47,920

him uh through andy and andy show so

281

00:11:51,590 --> 00:11:49,519

huge shout out to that that show uh

282

00:11:53,430 --> 00:11:51,600

gracious enough for me to uh to make

283

00:11:54,310 --> 00:11:53,440

room for me to come and have a chat with

284

00:11:56,389 --> 00:11:54,320

uh

285

00:11:58,150 --> 00:11:56,399

with both you andy and with dj

286

00:12:00,629 --> 00:11:58,160

um i have not had an experience i'm an

287

00:12:03,910 --> 00:12:00,639

experiencer i grew up uh in uh kind of a

288

00:12:07,430 --> 00:12:03,920

religious uh religious background um

289

00:12:10,870 --> 00:12:07,440

and uh i went to uh school for religious

290

00:12:12,389 --> 00:12:10,880

studies and theology uh and this was a

291

00:12:14,629 --> 00:12:12,399

christian sort of theology and that kind

292

00:12:17,110 --> 00:12:14,639

of thing uh ended up not really going

293

00:12:18,870 --> 00:12:17,120

down that path uh and just got a regular

294

00:12:20,949 --> 00:12:18,880

career like everybody else um have

295

00:12:22,550 --> 00:12:20,959

always had an interest in sci-fi though

296

00:12:23,670 --> 00:12:22,560

and and uh and in this topic in

297

00:12:25,110 --> 00:12:23,680

particular

298

00:12:26,629 --> 00:12:25,120

and i don't think that we're alone i

299

00:12:28,629 --> 00:12:26,639

think that you know the universe has to

300

00:12:30,150 --> 00:12:28,639

be full of something

301

00:12:32,389 --> 00:12:30,160

but it's interesting for me so it's sort

302

00:12:34,790 --> 00:12:32,399

of taking these kind of concepts

303

00:12:36,470 --> 00:12:34,800

that were very much a part of

304

00:12:37,910 --> 00:12:36,480

a religious upbringing and a religious

305

00:12:39,990 --> 00:12:37,920

way of looking at the world and the

306

00:12:41,110 --> 00:12:40,000

universe but also then taking that to

307

00:12:43,110 --> 00:12:41,120

this topic

308

00:12:45,110 --> 00:12:43,120

uh and i think there's some

309

00:12:46,949 --> 00:12:45,120

certainly a lot of parallels there my

310

00:12:48,790 --> 00:12:46,959

hope is that we can have this

311

00:12:51,670 --> 00:12:48,800

conversation with more and more people

312

00:12:53,430 --> 00:12:51,680

uh not just people that uh

313

00:12:54,870 --> 00:12:53,440

you know are naturally sort of in in the

314

00:12:57,670 --> 00:12:54,880

topic because they've had an experience

315

00:12:58,790 --> 00:12:57,680

but people who are in all walks of life

316

00:13:01,110 --> 00:12:58,800

i want us to be able to have this

317

00:13:02,470 --> 00:13:01,120

conversation uh and talk to folks who

318

00:13:04,150 --> 00:13:02,480

have specialties in all kinds of

319

00:13:06,310 --> 00:13:04,160

different areas and say hey you know

320

00:13:08,550 --> 00:13:06,320

you're a specialist in this you know how

321

00:13:10,790 --> 00:13:08,560

would how would the revelation that

322

00:13:12,150 --> 00:13:10,800

we're not alone impact what you do you

323

00:13:14,150 --> 00:13:12,160

know how would it impact what you do

324

00:13:15,910 --> 00:13:14,160

within the within the world that we live

325

00:13:18,150 --> 00:13:15,920

in um i think we've got to start having

326

00:13:19,750 --> 00:13:18,160

that conversation outside of the outside

327

00:13:22,230 --> 00:13:19,760

of the tight circles that that we're in

328

00:13:24,629 --> 00:13:22,240

right now that's why i'm here

329

00:13:27,269 --> 00:13:24,639

james ian doley my man from new york or

330

00:13:28,389 --> 00:13:27,279

excuse me ian doley so i don't get

331

00:13:30,069 --> 00:13:28,399

slung with the people i think you were

332

00:13:31,430 --> 00:13:30,079

right the first time right

333

00:13:40,150 --> 00:13:31,440

yeah yeah

334

00:13:44,550 --> 00:13:42,550

all right i'm james i have both the

335

00:13:48,230 --> 00:13:44,560

youtube channels and podcast engaging

336

00:13:51,189 --> 00:13:48,240

the phenomenon which is uh mostly ufos

337

00:13:53,829 --> 00:13:51,199

and and ce5 and consciousness and then i

338

00:13:55,509 --> 00:13:53,839

have a new uh youtube and podcast called

339

00:13:57,670 --> 00:13:55,519

meta perspective

340

00:13:59,350 --> 00:13:57,680

um which if people are familiar with the

341

00:14:01,750 --> 00:13:59,360

term going meta

342

00:14:03,750 --> 00:14:01,760

it's definitely you know into subjects

343

00:14:05,829 --> 00:14:03,760

like consciousness but also awakening

344

00:14:08,790 --> 00:14:05,839

mindfulness and meditation

345

00:14:11,509 --> 00:14:08,800

uh philosophy and and those kind of

346

00:14:15,430 --> 00:14:11,519

broader uh subjects

347

00:14:18,870 --> 00:14:15,440

and um you know i got involved

348

00:14:20,949 --> 00:14:18,880

um you know i i i had actually been in

349

00:14:22,310 --> 00:14:20,959

the field for quite a while more so

350

00:14:23,430 --> 00:14:22,320

behind the scenes

351

00:14:27,110 --> 00:14:23,440

um

352

00:14:29,269 --> 00:14:27,120

and since like maybe 2009 2010

353

00:14:30,550 --> 00:14:29,279

i'm actually engaging with researchers

354

00:14:33,430 --> 00:14:30,560

and and

355

00:14:35,590 --> 00:14:33,440

you know building uh social media groups

356

00:14:38,710 --> 00:14:35,600

on like facebook and talking with

357

00:14:40,870 --> 00:14:38,720

experiencers and ufo researchers

358

00:14:44,710 --> 00:14:40,880

and uh i'm somebody who has had

359

00:14:46,790 --> 00:14:44,720

experiences and um so regarding that

360

00:14:49,110 --> 00:14:46,800

you know i feel in my own

361

00:14:51,990 --> 00:14:49,120

kind of mind that i know

362

00:14:52,949 --> 00:14:52,000

um the ufo reality to be a matter of

363

00:14:55,269 --> 00:14:52,959

fact

364

00:14:56,790 --> 00:14:55,279

and and with that uh comes like a sense

365

00:14:59,829 --> 00:14:56,800

of obligation

366

00:15:01,829 --> 00:14:59,839

that um you know if i know something for

367

00:15:04,310 --> 00:15:01,839

sure that

368

00:15:06,870 --> 00:15:04,320

i think is a as a genuine reality

369

00:15:10,550 --> 00:15:06,880

unquestionably um i feel somewhat

370

00:15:13,110 --> 00:15:10,560

obligated to to share about that reality

371

00:15:14,949 --> 00:15:13,120

um and you know and it was never focused

372

00:15:16,710 --> 00:15:14,959

so much on my experiences more than the

373

00:15:17,990 --> 00:15:16,720

actual work itself

374

00:15:20,470 --> 00:15:18,000

and um you know because of my

375

00:15:22,790 --> 00:15:20,480

experiences i found ce5

376

00:15:24,310 --> 00:15:22,800

um which is highly controversial and

377

00:15:27,829 --> 00:15:24,320

it's gone under many different names

378

00:15:32,230 --> 00:15:30,150

modern iteration of it

379

00:15:34,389 --> 00:15:32,240

and uh you know regardless of all the

380

00:15:36,230 --> 00:15:34,399

taboo i think dr stephen greer has done

381

00:15:38,069 --> 00:15:36,240

a great job of getting

382

00:15:40,629 --> 00:15:38,079

you know the word out

383

00:15:42,470 --> 00:15:40,639

and um you know despite all the hate

384

00:15:44,310 --> 00:15:42,480

that goes towards him

385

00:15:46,470 --> 00:15:44,320

uh you know which in some cases he kind

386

00:15:47,269 --> 00:15:46,480

of brought on himself because he burns

387

00:15:49,829 --> 00:15:47,279

every

388

00:15:51,269 --> 00:15:49,839

bridge he touches it's a specialty uh if

389

00:15:56,230 --> 00:15:51,279

you go back and you

390

00:15:58,230 --> 00:15:56,240

look at valet jacques vallee and

391

00:16:00,389 --> 00:15:58,240

heineken they're all saying the same

392

00:16:01,910 --> 00:16:00,399

thing it's all consciousness connected

393

00:16:03,350 --> 00:16:01,920

to the phenomenon

394

00:16:05,030 --> 00:16:03,360

uh you know

395

00:16:05,749 --> 00:16:05,040

and again this is there's there's so

396

00:16:07,590 --> 00:16:05,759

much

397

00:16:09,509 --> 00:16:07,600

antidotal um

398

00:16:11,829 --> 00:16:09,519

evidence i guess or observation to that

399

00:16:13,509 --> 00:16:11,839

it's an empirical that is actually

400

00:16:14,550 --> 00:16:13,519

ridiculous at this point

401
00:16:15,829 --> 00:16:14,560
um

402
00:16:17,269 --> 00:16:15,839
so

403
00:16:20,550 --> 00:16:17,279
you know

404
00:16:22,629 --> 00:16:20,560
i for me i saw ce5 as a way is like i

405
00:16:25,749 --> 00:16:22,639
can sit here and tell you all day about

406
00:16:27,990 --> 00:16:25,759
my experience or or or

407
00:16:29,910 --> 00:16:28,000
uh you know the witnesses that have come

408
00:16:32,870 --> 00:16:29,920
forward of you know

409
00:16:34,629 --> 00:16:32,880
high-level military and and whatsoever

410
00:16:36,870 --> 00:16:34,639
and that's great

411
00:16:39,110 --> 00:16:36,880
but uh you know for the people who are

412
00:16:42,150 --> 00:16:39,120
who who really want to know who are you

413
00:16:44,629 --> 00:16:42,160

know willing to go out of their way

414

00:16:47,590 --> 00:16:44,639

and and taken the initiative

415

00:16:49,189 --> 00:16:47,600

um i saw ce5 as something is where okay

416

00:16:51,430 --> 00:16:49,199

like you don't have to listen to me you

417

00:16:53,590 --> 00:16:51,440

can go out and you can do this yourself

418

00:16:55,590 --> 00:16:53,600

and find out for yourself

419

00:16:58,230 --> 00:16:55,600

that this is a genuine

420

00:16:59,670 --> 00:16:58,240

um you know reality so

421

00:17:01,749 --> 00:16:59,680

that's that's kind of where i'm coming

422

00:17:03,509 --> 00:17:01,759

from with engaging the phenomenon also

423

00:17:05,029 --> 00:17:03,519

you know on the podcast and kind of

424

00:17:07,750 --> 00:17:05,039

piecing together

425

00:17:09,590 --> 00:17:07,760

um my perspective on the phenomenon and

426
00:17:10,549 --> 00:17:09,600
and you know hoping people appreciate

427
00:17:13,189 --> 00:17:10,559
that

428
00:17:14,870 --> 00:17:13,199
um and you know also on on the engage of

429
00:17:17,189 --> 00:17:14,880
the phenom podcast i have people on

430
00:17:19,590 --> 00:17:17,199
where i'm questioning um those

431
00:17:21,750 --> 00:17:19,600
perspectives too so it's it's a it's a

432
00:17:24,470 --> 00:17:21,760
really cool way for me to have an excuse

433
00:17:27,189 --> 00:17:24,480
to speak to other awesome researchers

434
00:17:29,190 --> 00:17:27,199
and um and and have that conversation

435
00:17:31,430 --> 00:17:29,200
out there for everybody

436
00:17:32,789 --> 00:17:31,440
yeah it's awesome we're super excited to

437
00:17:35,029 --> 00:17:32,799
see what you're going to do with that

438
00:17:36,549 --> 00:17:35,039

new platform uh and

439

00:17:39,590 --> 00:17:36,559

you know what you're going to say today

440

00:17:40,950 --> 00:17:39,600

uh and so i guess on that front um

441

00:17:42,630 --> 00:17:40,960

we're going to kick it off here with

442

00:17:44,470 --> 00:17:42,640

andy so what i want everybody to give a

443

00:17:45,510 --> 00:17:44,480

quick preview to uh we're going to this

444

00:17:47,029 --> 00:17:45,520

is going to be tight we're in a tight

445

00:17:48,630 --> 00:17:47,039

ship you guys know dj he does not mess

446

00:17:50,150 --> 00:17:48,640

around so we're running a tight ship

447

00:17:52,150 --> 00:17:50,160

here we got now we got time constraints

448

00:17:53,430 --> 00:17:52,160

we want to get it all done so we've got

449

00:17:54,549 --> 00:17:53,440

a little timer we're going to run

450

00:17:56,630 --> 00:17:54,559

everyone's going to get a minute and a

451
00:17:57,909 --> 00:17:56,640
half uh to introduce their topic and

452
00:17:58,710 --> 00:17:57,919
then everybody gets a minute and a half

453
00:18:04,710 --> 00:17:58,720
to

454
00:18:05,909 --> 00:18:04,720
first uh segment i suppose and then dan

455
00:18:08,630 --> 00:18:05,919
we're going to go to you for your

456
00:18:11,270 --> 00:18:08,640
reaction and then james and myself and

457
00:18:12,870 --> 00:18:11,280
dj will also get a slot to react

458
00:18:14,710 --> 00:18:12,880
too so i'm going to add our little clock

459
00:18:16,070 --> 00:18:14,720
here to the show

460
00:18:18,549 --> 00:18:16,080
and

461
00:18:20,390 --> 00:18:18,559
now i know right

462
00:18:21,100 --> 00:18:20,400
no sound so don't worry

463
00:18:23,830 --> 00:18:21,110

no pressure

464

00:18:25,590 --> 00:18:23,840

[Laughter]

465

00:18:28,789 --> 00:18:25,600

pressure's just part of life people go

466

00:18:31,270 --> 00:18:28,799

ahead andy uh so i want to bring up the

467

00:18:32,630 --> 00:18:31,280

fact that we won't get disclosure from

468

00:18:35,190 --> 00:18:32,640

the government and that's disclosure

469

00:18:37,430 --> 00:18:35,200

with a capital d but that's okay

470

00:18:39,590 --> 00:18:37,440

we don't need it we have a soft drip

471

00:18:42,150 --> 00:18:39,600

disclosure but from here on in it's a

472

00:18:44,310 --> 00:18:42,160

bit of a figure out for yourselves the

473

00:18:46,390 --> 00:18:44,320

government isn't one a few or even

474

00:18:48,470 --> 00:18:46,400

hundreds of people in the know it's

475

00:18:50,070 --> 00:18:48,480

thousands many of which never meet or

476

00:18:51,430 --> 00:18:50,080

know what the others do

477

00:18:54,870 --> 00:18:51,440

there's probably been at least in the

478

00:18:56,549 --> 00:18:54,880

past if not still a small group who know

479

00:18:59,750 --> 00:18:56,559

what's going on when it comes to the

480

00:19:01,830 --> 00:18:59,760

phenomenon but capital d disclosure that

481

00:19:03,350 --> 00:19:01,840

that'll force consequences that'll force

482

00:19:04,710 --> 00:19:03,360

investigations that'll force

483

00:19:06,630 --> 00:19:04,720

prosecutions

484

00:19:08,950 --> 00:19:06,640

those people who in the early days of

485

00:19:11,350 --> 00:19:08,960

crash retrievals and you're going back

486

00:19:13,669 --> 00:19:11,360

to the late 40s are long gone

487

00:19:15,990 --> 00:19:13,679

their successors merely carried on their

488

00:19:17,990 --> 00:19:16,000

work rightly or wrongly

489

00:19:20,070 --> 00:19:18,000

personally i'm okay with that moving

490

00:19:22,070 --> 00:19:20,080

forward and i'm okay moving forward

491

00:19:22,870 --> 00:19:22,080

without the need for going back like

492

00:19:25,750 --> 00:19:22,880

that

493

00:19:27,830 --> 00:19:25,760

uh people are newer to world governments

494

00:19:29,510 --> 00:19:27,840

and in positions of power entertaining

495

00:19:30,789 --> 00:19:29,520

the subject you know your warners your

496

00:19:32,390 --> 00:19:30,799

rubios

497

00:19:34,390 --> 00:19:32,400

and other names that are coming out more

498

00:19:36,390 --> 00:19:34,400

and more you're seeing now that there's

499

00:19:38,310 --> 00:19:36,400

funding for the subject and allowing

500

00:19:39,750 --> 00:19:38,320

serious scientists and great minds to

501
00:19:42,150 --> 00:19:39,760
uncover the secrets of what might be

502
00:19:43,669 --> 00:19:42,160
going on the government will largely be

503
00:19:46,390 --> 00:19:43,679
finding out for the first time what's

504
00:19:48,470 --> 00:19:46,400
going on with that we get confirmation

505
00:19:50,390 --> 00:19:48,480
slow discovery may be the clear sighting

506
00:19:52,549 --> 00:19:50,400
of a craft official release worldwide

507
00:19:54,710 --> 00:19:52,559
but then what maybe years past before we

508
00:19:56,789 --> 00:19:54,720
see something else officially again for

509
00:19:58,470 --> 00:19:56,799
me that's okay it's progress as long as

510
00:20:00,470 --> 00:19:58,480
we keep moving forward we don't need

511
00:20:02,470 --> 00:20:00,480
capital d disclosure we just need to

512
00:20:03,669 --> 00:20:02,480
keep moving forward

513
00:20:05,510 --> 00:20:03,679

nice

514

00:20:09,029 --> 00:20:05,520

all right dan what you got for that

515

00:20:11,830 --> 00:20:09,039

so there is i believe it was the african

516

00:20:14,149 --> 00:20:11,840

genocides that occurred where they gave

517

00:20:15,909 --> 00:20:14,159

people uh

518

00:20:18,149 --> 00:20:15,919

they forgive the forgave them of their

519

00:20:19,510 --> 00:20:18,159

sins basically if they came forward and

520

00:20:21,430 --> 00:20:19,520

basically spilled their beans and

521

00:20:24,149 --> 00:20:21,440

confessed to what the crimes that they

522

00:20:25,830 --> 00:20:24,159

had done uh and committed were so that

523

00:20:28,070 --> 00:20:25,840

they kind of put all the puzzle pieces

524

00:20:30,070 --> 00:20:28,080

together that some that's an approach

525

00:20:32,710 --> 00:20:30,080

that i think would work with the us

526

00:20:35,190 --> 00:20:32,720

government where we can say hey this is

527

00:20:37,110 --> 00:20:35,200

your opportunity to come clean provide

528

00:20:40,149 --> 00:20:37,120

us the information that you've held on

529

00:20:41,430 --> 00:20:40,159

to and and kept from the public

530

00:20:43,830 --> 00:20:41,440

uh

531

00:20:45,750 --> 00:20:43,840

without any ramifications legally to

532

00:20:46,950 --> 00:20:45,760

your careers or anything along those

533

00:20:49,190 --> 00:20:46,960

lines

534

00:20:51,110 --> 00:20:49,200

i think that's a healthy approach to

535

00:20:53,029 --> 00:20:51,120

take to try to get the information out

536

00:20:55,190 --> 00:20:53,039

which it would be great to have because

537

00:20:57,430 --> 00:20:55,200

that's a lot of what

538

00:20:59,909 --> 00:20:57,440

i i know we want to

539

00:21:01,830 --> 00:20:59,919

not have capital d disclosure from the

540

00:21:03,830 --> 00:21:01,840

government but at some point i feel like

541

00:21:05,110 --> 00:21:03,840

a president is going to have to say it

542

00:21:07,990 --> 00:21:05,120

for it to be

543

00:21:11,510 --> 00:21:08,000

taken seriously across the board

544

00:21:13,750 --> 00:21:11,520

just as a formality if nothing else

545

00:21:15,270 --> 00:21:13,760

i also don't want to have this be

546

00:21:17,270 --> 00:21:15,280

something that says okay we're going to

547

00:21:18,870 --> 00:21:17,280

get the information out we're not going

548

00:21:21,350 --> 00:21:18,880

to compensate those that have been

549

00:21:22,230 --> 00:21:21,360

negatively impacted career-wise

550

00:21:24,950 --> 00:21:22,240

for

551

00:21:27,830 --> 00:21:24,960

the the negative impacts that talking

552

00:21:31,270 --> 00:21:27,840

about this topic has had on their

553

00:21:33,590 --> 00:21:31,280

flight status their their

554

00:21:35,510 --> 00:21:33,600

biological effects that have occurred

555

00:21:37,750 --> 00:21:35,520

because of them exposing being exposed

556

00:21:39,590 --> 00:21:37,760

to this phenomena so that that's my

557

00:21:42,230 --> 00:21:39,600

overarching part of it we need to

558

00:21:44,710 --> 00:21:42,240

forgive but not forget and help those

559

00:21:47,510 --> 00:21:44,720

recover that need to be need help to be

560

00:21:53,110 --> 00:21:49,029

all right james

561

00:21:55,590 --> 00:21:53,120

uh i think i'm next oh okay go for it

562

00:21:58,470 --> 00:21:55,600

yeah no alphabet you're right go

563

00:22:01,110 --> 00:21:58,480

okay so andy uh i would say i think you

564

00:22:04,230 --> 00:22:01,120

know we have to look at this topic as

565

00:22:06,310 --> 00:22:04,240

uh things are not this or that

566

00:22:07,669 --> 00:22:06,320

things can be this and that so it's like

567

00:22:10,230 --> 00:22:07,679

a shade like the background of that

568

00:22:13,190 --> 00:22:10,240

clock is gray so we needed the

569

00:22:15,830 --> 00:22:13,200

government to uh

570

00:22:18,870 --> 00:22:15,840

they are a de facto authority on okay

571

00:22:20,789 --> 00:22:18,880

these are real these these objects that

572

00:22:22,470 --> 00:22:20,799

we're seeing out over the pacific ocean

573

00:22:24,870 --> 00:22:22,480

and seen out over the atlantic those are

574

00:22:27,830 --> 00:22:24,880

authentic videos that enabled us to

575

00:22:30,789 --> 00:22:27,840

start a whole new conversation and i

576

00:22:34,230 --> 00:22:30,799

don't i recognize fully in what you said

577

00:22:36,310 --> 00:22:34,240

they've deceived us uh since 1947 their

578

00:22:38,310 --> 00:22:36,320

own statement after they said they were

579

00:22:39,830 --> 00:22:38,320

flying saucers came out and said oh no

580

00:22:41,590 --> 00:22:39,840

they're not they're weather balloons so

581

00:22:43,350 --> 00:22:41,600

they contradicted themselves within a

582

00:22:45,669 --> 00:22:43,360

span of i don't know what was it 24

583

00:22:48,710 --> 00:22:45,679

hours yeah when when general ramy saw

584

00:22:51,270 --> 00:22:48,720

the uh press release uh and so we know

585

00:22:53,590 --> 00:22:51,280

that they've deceived us but we still

586

00:22:55,590 --> 00:22:53,600

have to rely on the fact that if they

587

00:22:58,390 --> 00:22:55,600

release another video and say this is

588

00:23:01,590 --> 00:22:58,400

real every single one of us is gonna say

589

00:23:04,310 --> 00:23:01,600

oh okay we've got video we've got audio

590

00:23:06,070 --> 00:23:04,320

we've got narratives and therefore

591

00:23:09,430 --> 00:23:06,080

this is a real event and now we're gonna

592

00:23:12,310 --> 00:23:09,440

dive into it and attack it like a hyena

593

00:23:13,110 --> 00:23:12,320

on a downed water buffalo um as we

594

00:23:15,190 --> 00:23:13,120

should

595

00:23:17,430 --> 00:23:15,200

but unfortunately they do have a de

596

00:23:20,710 --> 00:23:17,440

facto authority even though they have

597

00:23:23,510 --> 00:23:20,720

deceived us um willingly and

598

00:23:24,549 --> 00:23:23,520

for a long period of time

599

00:23:27,350 --> 00:23:24,559

nice

600

00:23:31,029 --> 00:23:27,360

all right james

601
00:23:33,510 --> 00:23:31,039
yeah um so i i basically agree with uh

602
00:23:35,590 --> 00:23:33,520
what andy is saying um

603
00:23:37,510 --> 00:23:35,600
you know you know first of all the

604
00:23:39,190 --> 00:23:37,520
government is you know if we're going to

605
00:23:41,590 --> 00:23:39,200
talk about the us government or whatever

606
00:23:44,630 --> 00:23:41,600
world power is not a monolith

607
00:23:46,789 --> 00:23:44,640
uh it seems fractured

608
00:23:49,909 --> 00:23:46,799
um and we we can see that politically

609
00:23:51,029 --> 00:23:49,919
now imagine with this topic um spanning

610
00:23:52,789 --> 00:23:51,039
decades

611
00:23:55,430 --> 00:23:52,799
you know how fractured or broken that

612
00:23:58,470 --> 00:23:55,440
system is from the inside

613
00:24:00,789 --> 00:23:58,480

and this topic only exploits that and

614

00:24:01,750 --> 00:24:00,799

and really demonstrates that but i i

615

00:24:02,630 --> 00:24:01,760

think

616

00:24:04,789 --> 00:24:02,640

um

617

00:24:07,269 --> 00:24:04,799

to some extent you know we're we're not

618

00:24:09,190 --> 00:24:07,279

really going to get disclosure from uh

619

00:24:10,149 --> 00:24:09,200

these world powers

620

00:24:13,350 --> 00:24:10,159

um

621

00:24:14,789 --> 00:24:13,360

or even say just you know in the uh the

622

00:24:17,190 --> 00:24:14,799

us government right i don't think

623

00:24:18,549 --> 00:24:17,200

they're gonna come out and say hey um

624

00:24:19,990 --> 00:24:18,559

you know they're not going to tell us

625

00:24:21,990 --> 00:24:20,000

what we want to hear

626

00:24:23,909 --> 00:24:22,000

i'm not even completely sure that they

627

00:24:25,750 --> 00:24:23,919

know even if they had

628

00:24:28,070 --> 00:24:25,760

uh recovered crafts

629

00:24:30,830 --> 00:24:28,080

with uh you know entities you know who's

630

00:24:32,870 --> 00:24:30,840

to say they know where those are from

631

00:24:35,590 --> 00:24:32,880

technically um

632

00:24:37,669 --> 00:24:35,600

but you know you have people

633

00:24:40,070 --> 00:24:37,679

um you know demonstrating that it's not

634

00:24:40,870 --> 00:24:40,080

a monolith in a sense you have people

635

00:24:43,029 --> 00:24:40,880

like

636

00:24:45,029 --> 00:24:43,039

um louis lozando and david fravor and

637

00:24:47,909 --> 00:24:45,039

alex dietrich who

638

00:24:49,750 --> 00:24:47,919

you know are in a sense they're not

639

00:24:51,750 --> 00:24:49,760

really part of the government but

640

00:24:54,070 --> 00:24:51,760

they're part of a small group that's

641

00:24:56,789 --> 00:24:54,080

already like making pennants and coming

642

00:24:58,310 --> 00:24:56,799

clean so to speak

643

00:24:59,190 --> 00:24:58,320

yeah

644

00:25:01,590 --> 00:24:59,200

um

645

00:25:03,990 --> 00:25:01,600

so i i i think that uh to a certain

646

00:25:05,510 --> 00:25:04,000

degree you're right andy i think that um

647

00:25:08,230 --> 00:25:05,520

one of the challenges here though too is

648

00:25:11,430 --> 00:25:08,240

that uh we're now at an age where state

649

00:25:13,190 --> 00:25:11,440

power is less effective on

650

00:25:15,430 --> 00:25:13,200

sort of narrative control than it used

651
00:25:17,269 --> 00:25:15,440
to be and so i think that's one of the

652
00:25:19,269 --> 00:25:17,279
big challenges that the united states is

653
00:25:21,830 --> 00:25:19,279
going to have in walking this subject

654
00:25:24,870 --> 00:25:21,840
out is that we're living in a day

655
00:25:26,950 --> 00:25:24,880
where information distribution and uh

656
00:25:30,230 --> 00:25:26,960
quote unquote the truth

657
00:25:33,269 --> 00:25:30,240
is much less hard it's much harder to

658
00:25:35,669 --> 00:25:33,279
control and so even if the u.s were to i

659
00:25:37,830 --> 00:25:35,679
think try to wrangle this subject and

660
00:25:40,149 --> 00:25:37,840
you know say this is what we know um

661
00:25:41,190 --> 00:25:40,159
we're already in a time where nobody

662
00:25:43,190 --> 00:25:41,200
believes

663
00:25:45,430 --> 00:25:43,200

you know we're so factual nobody really

664

00:25:47,430 --> 00:25:45,440

believes what the united states is

665

00:25:49,269 --> 00:25:47,440

is telling the public there's a lot of

666

00:25:51,590 --> 00:25:49,279

uh you know sort of

667

00:25:53,669 --> 00:25:51,600

distrust there and so earning that trust

668

00:25:55,510 --> 00:25:53,679

back is going to be very very difficult

669

00:25:57,029 --> 00:25:55,520

and imagine them trying to roll this

670

00:25:58,630 --> 00:25:57,039

subject out

671

00:26:00,230 --> 00:25:58,640

and then looking at the history of it i

672

00:26:02,070 --> 00:26:00,240

mean talk about an erosion of trust

673

00:26:05,510 --> 00:26:02,080

right there um the credibility of the

674

00:26:07,750 --> 00:26:05,520

government uh is completely eroded so

675

00:26:09,190 --> 00:26:07,760

ins to some degree i think you know your

676
00:26:11,669 --> 00:26:09,200
point

677
00:26:13,990 --> 00:26:11,679
uh is incredibly pertinent because the

678
00:26:16,310 --> 00:26:14,000
truth in a way has to come from the

679
00:26:17,909 --> 00:26:16,320
ground up rather than from the top down

680
00:26:20,789 --> 00:26:17,919
and so but but what does that look like

681
00:26:22,310 --> 00:26:20,799
and and if we all don't have access to

682
00:26:23,990 --> 00:26:22,320
some of the core facts if we're not

683
00:26:26,070 --> 00:26:24,000
working off of some similar facts how do

684
00:26:29,750 --> 00:26:26,080
we really arrive at a at a valid

685
00:26:34,230 --> 00:26:32,870
uh all right so first round is done uh

686
00:26:37,669 --> 00:26:34,240
that means

687
00:26:41,110 --> 00:26:39,669
see um backstage should we

688
00:26:43,190 --> 00:26:41,120

should we bring this person on all right

689

00:26:44,390 --> 00:26:43,200

here we go let me drop this off and then

690

00:26:49,190 --> 00:26:44,400

we'll

691

00:26:49,200 --> 00:26:55,269

what's up guys

692

00:27:00,630 --> 00:26:57,269

thank you hello hello thank you for

693

00:27:04,070 --> 00:27:03,029

come on luis

694

00:27:07,830 --> 00:27:04,080

yo

695

00:27:08,870 --> 00:27:07,840

five over the screen okay all right

696

00:27:11,350 --> 00:27:08,880

otherwise

697

00:27:15,909 --> 00:27:13,909

excellent what's going on gentlemen

698

00:27:17,750 --> 00:27:15,919

yo yo good to have you with us oh good

699

00:27:20,950 --> 00:27:17,760

oh good pleasure to meet you nathan yeah

700

00:27:23,830 --> 00:27:20,960

likewise man yeah all right so am i here

701
00:27:26,070 --> 00:27:23,840
to throw in the uh the bomb yes i just

702
00:27:28,149 --> 00:27:26,080
wanna i just wanna put out everybody

703
00:27:29,750 --> 00:27:28,159
that you're here uh because we're so

704
00:27:31,750 --> 00:27:29,760
excited that you can make it since i

705
00:27:33,029 --> 00:27:31,760
screwed up the time none of us knew you

706
00:27:34,870 --> 00:27:33,039
were coming here so this is a total

707
00:27:37,029 --> 00:27:34,880
surprise to everyone even nathan did not

708
00:27:39,110 --> 00:27:37,039
know yeah i had no idea oh okay yeah

709
00:27:41,669 --> 00:27:39,120
cool yeah uh well you kept it a good

710
00:27:43,110 --> 00:27:41,679
secret yeah i just saw i was like

711
00:27:45,269 --> 00:27:43,120
let me just check my messages and i was

712
00:27:46,549 --> 00:27:45,279
like okay cool he needs me right now

713
00:27:48,789 --> 00:27:46,559

let's do this

714

00:27:53,269 --> 00:27:48,799

two representatives from kgra in the

715

00:27:58,789 --> 00:27:54,470

fight

716

00:28:00,789 --> 00:27:58,799

finish him

717

00:28:02,149 --> 00:28:00,799

exactly

718

00:28:05,029 --> 00:28:02,159

if we punch over i'm just going to hit

719

00:28:08,870 --> 00:28:05,039

dad or james that's true

720

00:28:13,669 --> 00:28:11,430

all right go for it louise

721

00:28:15,269 --> 00:28:13,679

um okay so i guess my

722

00:28:17,669 --> 00:28:15,279

i i'm supposed to throw are they aware

723

00:28:19,430 --> 00:28:17,679

of the grenade like the grenade topic

724

00:28:21,190 --> 00:28:19,440

no they don't know and they have no idea

725

00:28:23,110 --> 00:28:21,200

what you're gonna do i'm hoping that it

726

00:28:25,029 --> 00:28:23,120

will make everybody upset and start

727

00:28:26,870 --> 00:28:25,039

throwing snowballs at one another now

728

00:28:28,389 --> 00:28:26,880

does louise get the timer too or he gets

729

00:28:31,110 --> 00:28:28,399

just to like you know oh he gets the

730

00:28:32,070 --> 00:28:31,120

timer too all right all right

731

00:28:34,549 --> 00:28:32,080

um

732

00:28:37,350 --> 00:28:34,559

so i was just gonna throw in the topic

733

00:28:39,830 --> 00:28:37,360

of ufo tours

734

00:28:42,830 --> 00:28:39,840

what is everybody's thoughts on them has

735

00:28:45,830 --> 00:28:42,840

anybody ever done a ufo tour

736

00:28:47,669 --> 00:28:45,840

uh and uh yeah that's it dude i don't

737

00:28:49,269 --> 00:28:47,679

need that much time that was like i was

738

00:28:51,750 --> 00:28:49,279

gonna throw in there i was told to throw

739

00:28:53,830 --> 00:28:51,760

a topic that might be controversial yes

740

00:28:55,590 --> 00:28:53,840

and that's the one that came to mind

741

00:28:58,230 --> 00:28:55,600

only because we just had on melinda

742

00:29:00,389 --> 00:28:58,240

lensley and so she she had a she has a

743

00:29:01,510 --> 00:29:00,399

ufo tour we need to get to that part of

744

00:29:03,590 --> 00:29:01,520

the conversation with her we actually

745

00:29:05,830 --> 00:29:03,600

have to have her back for i think

746

00:29:08,870 --> 00:29:05,840

maybe 14 more parts but

747

00:29:10,870 --> 00:29:08,880

uh but she's uh she's

748

00:29:13,590 --> 00:29:10,880

i mean she's fascinating and i love

749

00:29:16,870 --> 00:29:13,600

talking to her um but yeah she's got a

750

00:29:18,549 --> 00:29:16,880

ufo tour in sedona california and and uh

751
00:29:20,870 --> 00:29:18,559
even when you yelp it people are pretty

752
00:29:23,190 --> 00:29:20,880
satisfied with it

753
00:29:25,669 --> 00:29:23,200
oh wow yeah okay

754
00:29:27,510 --> 00:29:25,679
andy you're up this is actually red meat

755
00:29:29,029 --> 00:29:27,520
for andy right now we don't even need to

756
00:29:30,630 --> 00:29:29,039
put it on the grill

757
00:29:32,470 --> 00:29:30,640
i'll restart his timer i already took

758
00:29:34,710 --> 00:29:32,480
five minutes all right all right that's

759
00:29:37,909 --> 00:29:34,720
not good enough yeah there we go boom

760
00:29:38,789 --> 00:29:37,919
yeah cheers luis um yeah so the ufo tour

761
00:29:41,110 --> 00:29:38,799
stuff

762
00:29:43,190 --> 00:29:41,120
i mean i know james this kind of goes

763
00:29:45,029 --> 00:29:43,200

back to some of the the steven grier and

764

00:29:46,470 --> 00:29:45,039

i know people like melinda aren't

765

00:29:49,269 --> 00:29:46,480

necessarily charging two or three

766

00:29:51,510 --> 00:29:49,279

thousand dollars per per tour as such

767

00:29:53,110 --> 00:29:51,520

but the idea behind these tours if it's

768

00:29:55,269 --> 00:29:53,120

the same kind of stuff luis is talking

769

00:29:56,789 --> 00:29:55,279

about is that people

770

00:29:58,549 --> 00:29:56,799

are paying to

771

00:30:00,149 --> 00:29:58,559

go around and hear some historical you

772

00:30:01,909 --> 00:30:00,159

know stories of what may or may not have

773

00:30:04,310 --> 00:30:01,919

happened in different areas and get a

774

00:30:06,310 --> 00:30:04,320

sense of you know a particular monument

775

00:30:07,990 --> 00:30:06,320

or you know bet in barney hills area

776

00:30:09,590 --> 00:30:08,000

stuff like that but

777

00:30:10,950 --> 00:30:09,600

there's probably some kind of

778

00:30:12,470 --> 00:30:10,960

expectation they're going to see

779

00:30:14,789 --> 00:30:12,480

something

780

00:30:17,510 --> 00:30:14,799

uh on these tours and i'm always worried

781

00:30:18,870 --> 00:30:17,520

if that comes into it um and again that

782

00:30:21,350 --> 00:30:18,880

that goes to if you're looking at the

783

00:30:23,909 --> 00:30:21,360

extreme of a stephen grier's

784

00:30:25,510 --> 00:30:23,919

dollars guarantees you an 80 experience

785

00:30:27,669 --> 00:30:25,520

when it's not as the picture is the back

786

00:30:30,149 --> 00:30:27,679

of someone's chair but you know as

787

00:30:31,430 --> 00:30:30,159

opposed to afflict melinda's tours and

788

00:30:32,950 --> 00:30:31,440

other tours someone just got in touch

789

00:30:34,870 --> 00:30:32,960

with me actually who's looking to run

790

00:30:36,230 --> 00:30:34,880

one in glasgow scotland

791

00:30:37,909 --> 00:30:36,240

and that's that's great and there'll be

792

00:30:38,950 --> 00:30:37,919

some history and culture within that as

793

00:30:40,710 --> 00:30:38,960

well but

794

00:30:42,389 --> 00:30:40,720

not the expectation they're going to see

795

00:30:44,230 --> 00:30:42,399

something and i would hate to think on

796

00:30:47,110 --> 00:30:44,240

these things that it's deliberately set

797

00:30:49,029 --> 00:30:47,120

up you know pilots will fly out and drop

798

00:30:50,389 --> 00:30:49,039

flares or someone's got their little

799

00:30:53,430 --> 00:30:50,399

brother kicking about with a drone

800

00:30:56,149 --> 00:30:53,440

behind the bush um i i i hate that would

801
00:30:57,509 --> 00:30:56,159
be disappointing but um i've got no

802
00:30:59,190 --> 00:30:57,519
issue with ufo tours i think they're

803
00:31:00,710 --> 00:30:59,200
cool and as long as it gets the history

804
00:31:02,070 --> 00:31:00,720
out there and i think it's something

805
00:31:03,590 --> 00:31:02,080
that people might go along to with a

806
00:31:07,830 --> 00:31:03,600
friend who don't have an interest in the

807
00:31:12,630 --> 00:31:11,029
nice dude i love it dan

808
00:31:16,230 --> 00:31:12,640
all right i i've actually been on a

809
00:31:18,149 --> 00:31:16,240
haunted asheville tour before and i

810
00:31:19,669 --> 00:31:18,159
thought it was going to be about ghosts

811
00:31:22,070 --> 00:31:19,679
and things like that but it was about

812
00:31:24,789 --> 00:31:22,080
history so to me that was the best part

813
00:31:26,310 --> 00:31:24,799

of it because that's a side of the story

814

00:31:28,230 --> 00:31:26,320

of a town's history that you're not

815

00:31:30,230 --> 00:31:28,240

going to know about unless you go on

816

00:31:33,190 --> 00:31:30,240

something that's very specific like that

817

00:31:34,950 --> 00:31:33,200

so if they if if a ufo tour

818

00:31:38,149 --> 00:31:34,960

gives you some background information of

819

00:31:40,070 --> 00:31:38,159

a high strangeness area um i i mean of

820

00:31:41,669 --> 00:31:40,080

course if we went to skinwalker ranch

821

00:31:43,509 --> 00:31:41,679

they'd be all

822

00:31:45,029 --> 00:31:43,519

lots of people would go to that uh the

823

00:31:46,950 --> 00:31:45,039

marfa lights are something that come to

824

00:31:49,830 --> 00:31:46,960

mind like that would be a really cool

825

00:31:52,470 --> 00:31:49,840

tour to go to and maybe see something if

826

00:31:54,549 --> 00:31:52,480

it could happen but as long as they're

827

00:31:57,269 --> 00:31:54,559

putting out information that is

828

00:31:59,350 --> 00:31:57,279

historically accurate and like like

829

00:32:01,029 --> 00:31:59,360

we're saying don't promise people that

830

00:32:03,029 --> 00:32:01,039

you're going to see something no one

831

00:32:04,549 --> 00:32:03,039

told me i was going to see a ghost they

832

00:32:06,549 --> 00:32:04,559

told me i was going to learn about it so

833

00:32:08,789 --> 00:32:06,559

that that's that's the

834

00:32:10,870 --> 00:32:08,799

mindset i had going into it so my

835

00:32:12,470 --> 00:32:10,880

expectations were met when i went on

836

00:32:14,149 --> 00:32:12,480

these things and it is a great

837

00:32:16,149 --> 00:32:14,159

opportunity to talk to other people that

838

00:32:18,149 --> 00:32:16,159

have similar interests

839

00:32:20,230 --> 00:32:18,159

get to meet them get to expose your

840

00:32:22,230 --> 00:32:20,240

friends to it i'll take my kids to a

841

00:32:23,990 --> 00:32:22,240

ghost tour spook them out a little bit

842

00:32:25,669 --> 00:32:24,000

that's fun it's always fun when your

843

00:32:26,870 --> 00:32:25,679

kids grab your leg real hard when

844

00:32:27,669 --> 00:32:26,880

they're nervous

845

00:32:29,830 --> 00:32:27,679

um

846

00:32:31,909 --> 00:32:29,840

but it's just an enjoyable time to spend

847

00:32:34,549 --> 00:32:31,919

with people that you hang out with so i

848

00:32:38,470 --> 00:32:34,559

i'm all for it unless it's

849

00:32:40,549 --> 00:32:38,480

flares from planes and then it's i'm out

850

00:32:43,669 --> 00:32:40,559

awesome dj

851

00:32:47,350 --> 00:32:43,679

yeah i i i'm in violent agreement with

852

00:32:49,110 --> 00:32:47,360

the previous two speakers um i i think

853

00:32:51,830 --> 00:32:49,120

that they're okay as long as you don't

854

00:32:53,990 --> 00:32:51,840

uh over promise and under under deliver

855

00:32:56,070 --> 00:32:54,000

i think it should be the inverse of that

856

00:32:57,909 --> 00:32:56,080

um and if it does bring people to the

857

00:32:59,669 --> 00:32:57,919

topic i think it's okay

858

00:33:01,590 --> 00:32:59,679

um it's

859

00:33:03,590 --> 00:33:01,600

it's a little bit kooky because you

860

00:33:06,870 --> 00:33:03,600

would think if you're gonna bring

861

00:33:08,630 --> 00:33:06,880

somebody on a ufo tour they're kind of

862

00:33:11,590 --> 00:33:08,640

going to think that hey we might see

863

00:33:12,389 --> 00:33:11,600

something uh but in that case i'm going

864

00:33:18,310 --> 00:33:12,399

to

865

00:33:20,950 --> 00:33:18,320

yeah sure i can i can do the entire rest

866

00:33:22,720 --> 00:33:20,960

of the show on this topic

867

00:33:23,990 --> 00:33:22,730

um

868

00:33:25,269 --> 00:33:24,000

[Laughter]

869

00:33:28,230 --> 00:33:25,279

well look you have to look at it like

870

00:33:32,230 --> 00:33:28,240

this um you know first of all

871

00:33:35,990 --> 00:33:32,240

i'm personally i'm not a fan of

872

00:33:38,950 --> 00:33:36,000

um charging any kind of money for

873

00:33:42,549 --> 00:33:38,960

disclosing and kind of you know showing

874

00:33:45,430 --> 00:33:42,559

people the a fundamental reality

875

00:33:47,190 --> 00:33:45,440

i'm kind of uh biased on that and i

876

00:33:50,470 --> 00:33:47,200

understand that you know people's

877

00:33:53,190 --> 00:33:50,480

time and efforts should be compensated

878

00:33:54,549 --> 00:33:53,200

so that's why i think in say dr stephen

879

00:33:56,630 --> 00:33:54,559

greer's case

880

00:33:58,070 --> 00:33:56,640

you know where the the prices are

881

00:34:01,990 --> 00:33:58,080

outrageous

882

00:34:03,029 --> 00:34:02,000

it hurts the the movement and um you

883

00:34:06,630 --> 00:34:03,039

know

884

00:34:07,990 --> 00:34:06,640

guess it's not as big a deal it's you

885

00:34:09,109 --> 00:34:08,000

know you're compensating people's time

886

00:34:12,550 --> 00:34:09,119

and effort

887

00:34:14,310 --> 00:34:12,560

but again the the price say that dr

888

00:34:15,270 --> 00:34:14,320

stephen greer charges

889

00:34:17,109 --> 00:34:15,280

um

890

00:34:19,270 --> 00:34:17,119

is absolutely ridiculous it's just you

891

00:34:21,669 --> 00:34:19,280

know over the top and and people have to

892

00:34:25,270 --> 00:34:21,679

understand where this is coming from

893

00:34:27,589 --> 00:34:25,280

so when uh first of all dr stephen greer

894

00:34:30,869 --> 00:34:27,599

is not the first person to get people

895

00:34:32,310 --> 00:34:30,879

together form groups and do contact but

896

00:34:35,190 --> 00:34:32,320

the original

897

00:34:37,109 --> 00:34:35,200

purpose of those contact

898

00:34:38,069 --> 00:34:37,119

you know they were not ufo tours they

899

00:34:40,149 --> 00:34:38,079

were

900

00:34:43,030 --> 00:34:40,159

ce5 initiative

901
00:34:45,109 --> 00:34:43,040
uh citizens ambassador contact training

902
00:34:47,430 --> 00:34:45,119
so the whole purpose of those events was

903
00:34:51,349 --> 00:34:47,440
to get people together teach them how to

904
00:34:53,030 --> 00:34:51,359
do ce5 field work to mobilize them

905
00:34:54,869 --> 00:34:53,040
so that they can go out and form their

906
00:34:56,950 --> 00:34:54,879
own groups and do this work in their

907
00:35:00,550 --> 00:34:56,960
areas and then become working group

908
00:35:02,550 --> 00:35:00,560
leaders or organizers for their area

909
00:35:05,430 --> 00:35:02,560
but um there were issues with that

910
00:35:06,790 --> 00:35:05,440
because um dr stephen greer had a very

911
00:35:09,270 --> 00:35:06,800
tight leash

912
00:35:11,510 --> 00:35:09,280
on those groups and you can't use c

913
00:35:12,310 --> 00:35:11,520

seti's name and likeliness and and all

914

00:35:14,470 --> 00:35:12,320

that

915

00:35:17,270 --> 00:35:14,480

um but

916

00:35:18,390 --> 00:35:17,280

it started out actually for much cheaper

917

00:35:21,510 --> 00:35:18,400

prices

918

00:35:23,829 --> 00:35:21,520

with steven grier and it was

919

00:35:25,750 --> 00:35:23,839

better for mobilizing contact groups now

920

00:35:27,910 --> 00:35:25,760

where the prices are so

921

00:35:29,190 --> 00:35:27,920

uh extraordinary it's not

922

00:35:32,790 --> 00:35:29,200

it's not good

923

00:35:35,270 --> 00:35:32,800

for um you know helping to mobilize

924

00:35:37,349 --> 00:35:35,280

uh groups to go out and make contact so

925

00:35:39,589 --> 00:35:37,359

they can have their own disclosures

926

00:35:42,310 --> 00:35:39,599

and even in their own right become

927

00:35:44,470 --> 00:35:42,320

citizens uh diplomats to ufo

928

00:35:45,510 --> 00:35:44,480

intelligence

929

00:35:48,069 --> 00:35:45,520

nice

930

00:35:51,190 --> 00:35:48,079

i mean i think uh that um oh yeah i'm

931

00:35:53,430 --> 00:35:51,200

sorry louise please jump in oh uh

932

00:35:55,829 --> 00:35:53,440

everyone was so eloquent um

933

00:35:58,230 --> 00:35:55,839

yeah i

934

00:36:01,190 --> 00:35:58,240

i like the idea of calling it maybe a

935

00:36:03,910 --> 00:36:01,200

sky watch tour as opposed to a ufo tour

936

00:36:05,829 --> 00:36:03,920

like yeah you verbiage is everything i

937

00:36:08,150 --> 00:36:05,839

mean who knows maybe you do see a ufo or

938

00:36:10,870 --> 00:36:08,160

you see a satellite or uh it would be

939

00:36:14,150 --> 00:36:10,880

cool also if those tours were equipped

940

00:36:16,470 --> 00:36:14,160

with say someone looking at uh skype

941

00:36:17,670 --> 00:36:16,480

tracking data or

942

00:36:19,510 --> 00:36:17,680

um

943

00:36:22,310 --> 00:36:19,520

you know whatever other sorts of

944

00:36:24,470 --> 00:36:22,320

instruments um like infrared or night

945

00:36:26,230 --> 00:36:24,480

vision um and things like that that

946

00:36:27,750 --> 00:36:26,240

would be cool so people could switch

947

00:36:29,990 --> 00:36:27,760

between different spectrums of light

948

00:36:31,990 --> 00:36:30,000

they can they can look at the at the

949

00:36:33,829 --> 00:36:32,000

radar and say oh you know seek a

950

00:36:36,470 --> 00:36:33,839

satellite is still really exciting like

951
00:36:38,950 --> 00:36:36,480
when you see the the the you know the

952
00:36:41,270 --> 00:36:38,960
elon musk uh what what is that uh

953
00:36:43,430 --> 00:36:41,280
skyline skylink i was gonna say link of

954
00:36:45,670 --> 00:36:43,440
satellites uh uh

955
00:36:48,230 --> 00:36:45,680
it's awesome like it's cool to see and

956
00:36:50,630 --> 00:36:48,240
and to have stars and galaxies pointed

957
00:36:52,710 --> 00:36:50,640
out to you in the history given of what

958
00:36:55,030 --> 00:36:52,720
the known universe could possibly hold

959
00:36:56,950 --> 00:36:55,040
and beyond it's you know giving people a

960
00:36:59,190 --> 00:36:56,960
different idea of how to think as

961
00:37:00,630 --> 00:36:59,200
opposed to

962
00:37:02,630 --> 00:37:00,640
we're gonna we're gonna go out there

963
00:37:04,390 --> 00:37:02,640

we're gonna see ufos we're gonna see

964

00:37:07,349 --> 00:37:04,400

aliens we're gonna see

965

00:37:08,790 --> 00:37:07,359

uh you know other uh non-human entities

966

00:37:10,790 --> 00:37:08,800

and um

967

00:37:12,390 --> 00:37:10,800

and i think it's there's a big you know

968

00:37:14,470 --> 00:37:12,400

in charging people i can understand

969

00:37:16,069 --> 00:37:14,480

charging people for a tour like that you

970

00:37:19,109 --> 00:37:16,079

know like the first example that i gave

971

00:37:20,870 --> 00:37:19,119

you uh you know the second example

972

00:37:23,190 --> 00:37:20,880

i would

973

00:37:25,990 --> 00:37:23,200

you know obviously i'd be skeptical uh

974

00:37:27,829 --> 00:37:26,000

but i'd go check it out why not you know

975

00:37:29,990 --> 00:37:27,839

could be fun uh worst case scenario

976
00:37:32,790 --> 00:37:30,000
you're out underneath the stars uh and

977
00:37:34,470 --> 00:37:32,800
getting a good night of fresh air um

978
00:37:36,310 --> 00:37:34,480
best case scenario maybe you do see a

979
00:37:37,750 --> 00:37:36,320
uap

980
00:37:38,550 --> 00:37:37,760
so yeah

981
00:37:42,550 --> 00:37:38,560
yeah

982
00:37:45,109 --> 00:37:42,560
so a ufo tour falls into a long

983
00:37:47,109 --> 00:37:45,119
tradition of and i think dan you know

984
00:37:49,349 --> 00:37:47,119
your your analogy to the ghost stores is

985
00:37:51,829 --> 00:37:49,359
a good one but it falls into a very long

986
00:37:54,630 --> 00:37:51,839
tradition of uh sort of human beings

987
00:37:56,550 --> 00:37:54,640
trying to have a connection with the the

988
00:37:58,390 --> 00:37:56,560

mythology you know where if you look

989

00:37:59,589 --> 00:37:58,400

back and just take christian history as

990

00:38:00,630 --> 00:37:59,599

a good example you know there are all

991

00:38:01,670 --> 00:38:00,640

kinds of

992

00:38:03,349 --> 00:38:01,680

uh

993

00:38:06,069 --> 00:38:03,359

stories where people go to certain you

994

00:38:08,310 --> 00:38:06,079

know tiny little church sites or shrine

995

00:38:10,550 --> 00:38:08,320

sites whatever to try to see you know a

996

00:38:12,230 --> 00:38:10,560

piece of a saint you know the the shirt

997

00:38:14,550 --> 00:38:12,240

that they wore whatever so this has a

998

00:38:17,349 --> 00:38:14,560

long history and i think human culture

999

00:38:19,750 --> 00:38:17,359

to try to connect with in a community

1000

00:38:22,310 --> 00:38:19,760

way with other people connect with this

1001

00:38:25,030 --> 00:38:22,320

thing that they have a strong belief in

1002

00:38:28,390 --> 00:38:25,040

where i have a huge concern is in the

1003

00:38:30,390 --> 00:38:28,400

predatory nature of a tour so if we are

1004

00:38:32,310 --> 00:38:30,400

predating people you know we're trying

1005

00:38:34,230 --> 00:38:32,320

to get them to to join this tour with

1006

00:38:36,470 --> 00:38:34,240

the promise of as you guys have said

1007

00:38:38,710 --> 00:38:36,480

seeing some sort of grand thing

1008

00:38:40,870 --> 00:38:38,720

and then fleecing them uh for a whole

1009

00:38:42,630 --> 00:38:40,880

bunch of money i think that is you know

1010

00:38:45,270 --> 00:38:42,640

totally disingenuous and in the

1011

00:38:47,109 --> 00:38:45,280

community it's our responsibility to

1012

00:38:49,190 --> 00:38:47,119

call that out you know if we're going to

1013

00:38:50,950 --> 00:38:49,200

have a community that is healthy you

1014

00:38:52,870 --> 00:38:50,960

know where we uh

1015

00:38:55,670 --> 00:38:52,880

provide a safe space for people to have

1016

00:38:57,430 --> 00:38:55,680

a conversation we we have to

1017

00:38:58,630 --> 00:38:57,440

call it when we see it and say this is

1018

00:39:00,870 --> 00:38:58,640

not okay

1019

00:39:02,710 --> 00:39:00,880

we can't allow those folks to continue

1020

00:39:03,910 --> 00:39:02,720

doing it and i guess on that point and i

1021

00:39:05,829 --> 00:39:03,920

know we can't keep talking about it but

1022

00:39:07,750 --> 00:39:05,839

i am curious about we know there are

1023

00:39:09,750 --> 00:39:07,760

people doing this right now so what is

1024

00:39:12,230 --> 00:39:09,760

our responsibility to kind of call those

1025

00:39:14,310 --> 00:39:12,240

folks out on it

1026

00:39:15,990 --> 00:39:14,320

that is uh that's a great way to uh

1027

00:39:18,390 --> 00:39:16,000

finish it off and i think we do have

1028

00:39:19,910 --> 00:39:18,400

that responsibility but uh we also have

1029

00:39:21,670 --> 00:39:19,920

a responsibility to press on with our

1030

00:39:24,069 --> 00:39:21,680

next panelist topic

1031

00:39:27,109 --> 00:39:24,079

that's right uh so i think that's dan

1032

00:39:29,750 --> 00:39:27,119

right uh that is my man dan yes stan

1033

00:39:31,670 --> 00:39:29,760

take it away all right i'll i'll

1034

00:39:33,589 --> 00:39:31,680

tack on to that last one real quick and

1035

00:39:35,750 --> 00:39:33,599

say first time people use night vision

1036

00:39:37,910 --> 00:39:35,760

goggles it really grounds you to how

1037

00:39:39,990 --> 00:39:37,920

immense the universe that you live in is

1038

00:39:42,390 --> 00:39:40,000

so that's another big plus to those

1039

00:39:44,150 --> 00:39:42,400

things nice but instead of looking out

1040

00:39:45,109 --> 00:39:44,160

sometimes we might need to look behind

1041

00:39:47,270 --> 00:39:45,119

us

1042

00:39:49,030 --> 00:39:47,280

my question pertains to history

1043

00:39:50,710 --> 00:39:49,040

it appears that the phenomenon has been

1044

00:39:52,870 --> 00:39:50,720

interacting with humanity for a long

1045

00:39:55,430 --> 00:39:52,880

time we currently focus on the us

1046

00:39:56,950 --> 00:39:55,440

government releasing videos as what as

1047

00:39:58,870 --> 00:39:56,960

the gold standard for what we would want

1048

00:40:00,710 --> 00:39:58,880

to see to get the general public and

1049

00:40:02,630 --> 00:40:00,720

scientific community to accept the

1050

00:40:05,190 --> 00:40:02,640

phenomena as fact

1051
00:40:06,950 --> 00:40:05,200
it's uh but what could be undeniable

1052
00:40:08,069 --> 00:40:06,960
physical proof that has already been

1053
00:40:13,030 --> 00:40:08,079
discovered

1054
00:40:16,790 --> 00:40:13,040
uh a la the inclusion of the discover

1055
00:40:18,790 --> 00:40:16,800
material portion of h.r 4350

1056
00:40:20,309 --> 00:40:18,800
what do you think has been discovered

1057
00:40:22,309 --> 00:40:20,319
and stored away from the public

1058
00:40:24,950 --> 00:40:22,319
knowledge either intentionally or

1059
00:40:26,069 --> 00:40:24,960
unintentionally or it could have

1060
00:40:28,790 --> 00:40:26,079
or it could have simply been

1061
00:40:30,710 --> 00:40:28,800
misidentified as something prosaic that

1062
00:40:32,710 --> 00:40:30,720
is in someone's vault somewhere that

1063
00:40:34,870 --> 00:40:32,720

could shift public opinion on the

1064

00:40:37,270 --> 00:40:34,880

phenomena and where do you think this

1065

00:40:40,470 --> 00:40:37,280

evidence could be located that's outside

1066

00:40:45,109 --> 00:40:42,890

oh oh man andy stole my topic

1067

00:40:46,630 --> 00:40:45,119

[Music]

1068

00:40:49,589 --> 00:40:46,640

well andy gets first to respond yeah

1069

00:40:54,550 --> 00:40:52,550

yeah so uh good good shout dan uh

1070

00:40:57,270 --> 00:40:54,560

what has been discovered and stored away

1071

00:40:59,670 --> 00:40:57,280

i mean it seems pretty cut and dry that

1072

00:41:00,710 --> 00:40:59,680

even luella zondo himself has said that

1073

00:41:03,990 --> 00:41:00,720

there is

1074

00:41:06,630 --> 00:41:04,000

pcs or potentially an intact craft them

1075

00:41:09,829 --> 00:41:06,640

stored away craft from where and of

1076
00:41:11,430 --> 00:41:09,839
whose we don't necessarily know um

1077
00:41:13,589 --> 00:41:11,440
i think there's likelihood we've got

1078
00:41:15,349 --> 00:41:13,599
crafts that have been dug up as part of

1079
00:41:17,270 --> 00:41:15,359
archaeological digs

1080
00:41:18,950 --> 00:41:17,280
and that i suppose it opens up you know

1081
00:41:20,309 --> 00:41:18,960
when you see i used to love on twitter

1082
00:41:22,309 --> 00:41:20,319
you and i don't know how true they are

1083
00:41:24,550 --> 00:41:22,319
but a picture of some device and it's

1084
00:41:27,270 --> 00:41:24,560
like this is dated back almost 50 000 or

1085
00:41:29,270 --> 00:41:27,280
100 000 years and the technology is so

1086
00:41:31,670 --> 00:41:29,280
advanced and the idea that there may

1087
00:41:33,829 --> 00:41:31,680
have been advanced civilizations long

1088
00:41:35,750 --> 00:41:33,839

before us that whatever happened to them

1089

00:41:37,829 --> 00:41:35,760

they went away and maybe those people

1090

00:41:39,270 --> 00:41:37,839

got to a point they they left the planet

1091

00:41:40,790 --> 00:41:39,280

and they you know they've done what

1092

00:41:43,109 --> 00:41:40,800

they've done maybe they went underground

1093

00:41:44,710 --> 00:41:43,119

for whatever reason and who knows

1094

00:41:47,109 --> 00:41:44,720

antarctica is one as well you know

1095

00:41:48,390 --> 00:41:47,119

what's under the ice what's in the ice

1096

00:41:50,069 --> 00:41:48,400

what could be stuck there that's

1097

00:41:51,589 --> 00:41:50,079

something i've always wanted to try and

1098

00:41:53,349 --> 00:41:51,599

talk about on the show as well it's a

1099

00:41:55,589 --> 00:41:53,359

little bit more out there but i think

1100

00:41:57,190 --> 00:41:55,599

it's interesting um i think some of this

1101

00:41:59,030 --> 00:41:57,200

stuff is stored away obviously for

1102

00:42:01,430 --> 00:41:59,040

defense reasons for technological

1103

00:42:03,190 --> 00:42:01,440

superiority over other countries

1104

00:42:04,710 --> 00:42:03,200

but a large part in going back to what i

1105

00:42:06,230 --> 00:42:04,720

mentioned earlier about government not

1106

00:42:08,470 --> 00:42:06,240

necessarily knowing

1107

00:42:10,230 --> 00:42:08,480

a whole lot that we think they do

1108

00:42:11,750 --> 00:42:10,240

as a case of they don't know what it is

1109

00:42:13,270 --> 00:42:11,760

so it's stored away to try and work out

1110

00:42:14,710 --> 00:42:13,280

what it is because that would be a scary

1111

00:42:16,790 --> 00:42:14,720

thing for any government to have to

1112

00:42:18,150 --> 00:42:16,800

admit to turn around as even the biggest

1113

00:42:20,390 --> 00:42:18,160

government in the world like the united

1114

00:42:22,309 --> 00:42:20,400

states and say we have this we don't

1115

00:42:23,990 --> 00:42:22,319

really know what it does like having an

1116

00:42:25,270 --> 00:42:24,000

iphone and you can work out it can make

1117

00:42:27,670 --> 00:42:25,280

phone calls but you know nothing else

1118

00:42:32,309 --> 00:42:27,680

about it where is it lockheed martin

1119

00:42:36,790 --> 00:42:34,309

nice dj

1120

00:42:39,270 --> 00:42:36,800

oh okay i thought uh okay yeah it was

1121

00:42:41,190 --> 00:42:39,280

dan's topic so i'm up yeah wait can you

1122

00:42:42,950 --> 00:42:41,200

reset the

1123

00:42:45,109 --> 00:42:42,960

all right i'm up all right so basically

1124

00:42:46,710 --> 00:42:45,119

you know for my from my point you don't

1125

00:42:47,990 --> 00:42:46,720

really need the premise uh andy's

1126

00:42:49,829 --> 00:42:48,000

premise is basically plausible

1127

00:42:51,750 --> 00:42:49,839

deniability you really don't need

1128

00:42:55,109 --> 00:42:51,760

plausible deniability for something that

1129

00:42:57,510 --> 00:42:55,119

people were not looking for back then um

1130

00:43:00,390 --> 00:42:57,520

and if there were let's say plausible

1131

00:43:01,910 --> 00:43:00,400

and news was the reason up in front of

1132

00:43:04,470 --> 00:43:01,920

congress they could just couch their

1133

00:43:07,109 --> 00:43:04,480

questions in committee and say okay is

1134

00:43:08,870 --> 00:43:07,119

there do do we now have or were we ever

1135

00:43:10,870 --> 00:43:08,880

in the possession of and there goes the

1136

00:43:13,510 --> 00:43:10,880

plausible deniability second of all the

1137

00:43:15,829 --> 00:43:13,520

way the government works is based on

1138

00:43:17,750 --> 00:43:15,839

custodial responsibility so we have some

1139

00:43:19,670 --> 00:43:17,760

of lockheed martin's equipment they have

1140

00:43:21,589 --> 00:43:19,680

some of our equipment it still remains

1141

00:43:23,030 --> 00:43:21,599

our equipment even though they've hand

1142

00:43:25,349 --> 00:43:23,040

receded that equipment and they have

1143

00:43:28,150 --> 00:43:25,359

custodial responsibility the safest

1144

00:43:30,470 --> 00:43:28,160

place on the planet is area 51 because

1145

00:43:33,430 --> 00:43:30,480

they have seven different layers of

1146

00:43:35,510 --> 00:43:33,440

community of security in the air and if

1147

00:43:38,150 --> 00:43:35,520

i wanted bigelow aerospace or lockheed

1148

00:43:40,870 --> 00:43:38,160

martin and and my scientists to work

1149

00:43:42,870 --> 00:43:40,880

there and they do work there to analyze

1150

00:43:44,790 --> 00:43:42,880

that material i bring the scientists to

1151

00:43:48,150 --> 00:43:44,800

the material i don't bring the material

1152

00:43:49,910 --> 00:43:48,160

to a much less uh insecure facility for

1153

00:43:52,309 --> 00:43:49,920

them to look at it that's how that works

1154

00:43:54,230 --> 00:43:52,319

we already have contractors working at

1155

00:43:55,910 --> 00:43:54,240

those places and we could bring them

1156

00:43:57,670 --> 00:43:55,920

give them clearance and bring them in

1157

00:43:59,990 --> 00:43:57,680

but i would you don't put that stuff on

1158

00:44:01,670 --> 00:44:00,000

a truck and put out in the middle of las

1159

00:44:03,750 --> 00:44:01,680

vegas where anyone could drive up to the

1160

00:44:06,150 --> 00:44:03,760

fence line you keep it behind multiple

1161

00:44:07,190 --> 00:44:06,160

layers of security

1162

00:44:09,990 --> 00:44:07,200

james

1163

00:44:13,190 --> 00:44:10,000

yeah um you know we're doing uh crash

1164

00:44:14,950 --> 00:44:13,200

retrieval week october 17th october 24th

1165

00:44:16,870 --> 00:44:14,960

that's going to be talking about

1166

00:44:18,470 --> 00:44:16,880

crash retrievals and uh you know

1167

00:44:20,790 --> 00:44:18,480

possible recovered

1168

00:44:22,550 --> 00:44:20,800

ufo technology which

1169

00:44:24,069 --> 00:44:22,560

i mean i i think is a topic that should

1170

00:44:26,150 --> 00:44:24,079

be front and center

1171

00:44:27,829 --> 00:44:26,160

um

1172

00:44:30,630 --> 00:44:27,839

you have people like

1173

00:44:32,550 --> 00:44:30,640

again lou elizondo has has made several

1174

00:44:35,109 --> 00:44:32,560

references to this

1175

00:44:36,630 --> 00:44:35,119

um i don't think he's he's putting it

1176

00:44:38,150 --> 00:44:36,640

out there on a whim

1177

00:44:41,670 --> 00:44:38,160

speculatively

1178

00:44:43,910 --> 00:44:41,680

just kind of to entertain the idea

1179

00:44:44,710 --> 00:44:43,920

it seems to me to imply

1180

00:44:46,390 --> 00:44:44,720

um

1181

00:44:48,150 --> 00:44:46,400

that he he may have

1182

00:44:50,950 --> 00:44:48,160

you know awareness and official

1183

00:44:53,190 --> 00:44:50,960

capacities that he was part of

1184

00:44:57,190 --> 00:44:53,200

of such materials

1185

00:45:00,309 --> 00:44:57,200

and then you have people like dr davis

1186

00:45:01,750 --> 00:45:00,319

who's made some astounding statements

1187

00:45:03,349 --> 00:45:01,760

uh you know we know

1188

00:45:05,510 --> 00:45:03,359

the alleged

1189

00:45:07,030 --> 00:45:05,520

wilson davis memo with a meeting they

1190

00:45:08,870 --> 00:45:07,040

had with um

1191

00:45:10,390 --> 00:45:08,880

vice admiral tom wilson

1192

00:45:12,230 --> 00:45:10,400

talking about some of this we don't know

1193

00:45:14,230 --> 00:45:12,240

obviously if

1194

00:45:15,990 --> 00:45:14,240

the information that was discussed is

1195

00:45:17,030 --> 00:45:16,000

accurate um

1196

00:45:19,750 --> 00:45:17,040

but

1197

00:45:21,030 --> 00:45:19,760

you know dr davis has a much deeper

1198

00:45:23,510 --> 00:45:21,040

involvement than i think most people

1199

00:45:26,069 --> 00:45:23,520

realize before he was even in mids he

1200

00:45:27,510 --> 00:45:26,079

was working in classified programs for

1201
00:45:28,470 --> 00:45:27,520
the air force

1202
00:45:31,190 --> 00:45:28,480
um

1203
00:45:33,109 --> 00:45:31,200
and he you know he he gave

1204
00:45:36,470 --> 00:45:33,119
briefings to people on defense

1205
00:45:37,670 --> 00:45:36,480
committees regarding crash retrievals uh

1206
00:45:38,630 --> 00:45:37,680
you know for the senate intelligence

1207
00:45:42,630 --> 00:45:38,640
committee

1208
00:45:47,190 --> 00:45:44,150
let me just say as to where the

1209
00:45:49,589 --> 00:45:47,200
materials are i think there's a genuine

1210
00:45:52,150 --> 00:45:49,599
uh part that is tied to underground

1211
00:45:54,230 --> 00:45:52,160
facilities you know whether it be uh

1212
00:45:55,510 --> 00:45:54,240
utah proving grounds whether it be area

1213
00:45:56,630 --> 00:45:55,520

51

1214

00:45:59,750 --> 00:45:56,640

uh

1215

00:46:00,630 --> 00:45:59,760

yeah dugway proving grounds you know and

1216

00:46:05,910 --> 00:46:00,640

or

1217

00:46:07,510 --> 00:46:05,920

mccaslin talking to tom de long about

1218

00:46:09,990 --> 00:46:07,520

you know recovering

1219

00:46:12,150 --> 00:46:10,000

alien life forms

1220

00:46:14,150 --> 00:46:12,160

we can and somebody feel free to yield

1221

00:46:16,150 --> 00:46:14,160

your time back to james or no that's

1222

00:46:17,670 --> 00:46:16,160

that's uh i i i just wanted to you're

1223

00:46:19,270 --> 00:46:17,680

more than welcome i mean that's why you

1224

00:46:21,190 --> 00:46:19,280

need those rules i just wanted to

1225

00:46:24,150 --> 00:46:21,200

clarify i'm i'm hoping that somebody can

1226
00:46:26,390 --> 00:46:24,160
come up with evidence outside of the us

1227
00:46:28,550 --> 00:46:26,400
government that is accessible because

1228
00:46:30,150 --> 00:46:28,560
we're never going to get into area 51 to

1229
00:46:32,550 --> 00:46:30,160
be able to move around

1230
00:46:34,550 --> 00:46:32,560
outside of the us that i'm that's why if

1231
00:46:36,710 --> 00:46:34,560
there's any evidence that's why that

1232
00:46:39,430 --> 00:46:36,720
place is so amazing is because nobody

1233
00:46:41,510 --> 00:46:39,440
today nobody not one person could we get

1234
00:46:43,430 --> 00:46:41,520
on our shows that could tell you what's

1235
00:46:44,870 --> 00:46:43,440
inside what what flight programs they're

1236
00:46:46,790 --> 00:46:44,880
running there because nobody knows

1237
00:46:48,470 --> 00:46:46,800
that's why you keep stuff there anyway

1238
00:46:53,990 --> 00:46:48,480

luis uh

1239

00:46:57,510 --> 00:46:54,000

career in baseball before getting any

1240

00:46:59,270 --> 00:46:57,520

ufos go ahead please okay uh i'll use my

1241

00:47:01,589 --> 00:46:59,280

time to andy what do you got

1242

00:47:03,430 --> 00:47:01,599

no no louise i just want two seconds

1243

00:47:05,030 --> 00:47:03,440

because the whole thing about area 51

1244

00:47:07,910 --> 00:47:05,040

right now everyone does know about area

1245

00:47:09,349 --> 00:47:07,920

51. so yeah yeah you can't you're

1246

00:47:11,270 --> 00:47:09,359

shaking your head but that's a factual

1247

00:47:13,030 --> 00:47:11,280

statement everyone knows about area 51.

1248

00:47:14,870 --> 00:47:13,040

what do we know what programs are

1249

00:47:16,950 --> 00:47:14,880

running there you know it's a place

1250

00:47:19,190 --> 00:47:16,960

that's that was their statement yeah so

1251
00:47:21,030 --> 00:47:19,200
you can't you disagreed so yeah so yeah

1252
00:47:22,710 --> 00:47:21,040
everyone knows about area 51 so if

1253
00:47:24,630 --> 00:47:22,720
you're russia or china and you can get

1254
00:47:26,230 --> 00:47:24,640
spies involved then you could

1255
00:47:28,150 --> 00:47:26,240
potentially have you're shaking your

1256
00:47:30,150 --> 00:47:28,160
head but you don't know so i'm saying

1257
00:47:32,150 --> 00:47:30,160
the fact is that why you wouldn't put it

1258
00:47:33,510 --> 00:47:32,160
there like you said you definitely would

1259
00:47:35,750 --> 00:47:33,520
is that you don't know the people

1260
00:47:37,990 --> 00:47:35,760
working in there are 100 necessarily

1261
00:47:40,390 --> 00:47:38,000
trustworthy just for the fact that one

1262
00:47:42,470 --> 00:47:40,400
of them bob lazar if he did work there

1263
00:47:44,230 --> 00:47:42,480

is out talking about it now already so

1264

00:47:45,510 --> 00:47:44,240

if he could work there and get his story

1265

00:47:47,109 --> 00:47:45,520

out then why wouldn't there potentially

1266

00:47:49,750 --> 00:47:47,119

be russian chinese or some other

1267

00:47:51,349 --> 00:47:49,760

government spies in there with the tech

1268

00:47:52,549 --> 00:47:51,359

hence you move it to a third party

1269

00:47:55,589 --> 00:47:52,559

subcontractor

1270

00:47:57,910 --> 00:47:55,599

which is a lot less well-known

1271

00:47:59,750 --> 00:47:57,920

and can also be a lot i'm sure

1272

00:48:01,510 --> 00:47:59,760

uh more

1273

00:48:02,710 --> 00:48:01,520

bendy with the rules as opposed to what

1274

00:48:04,309 --> 00:48:02,720

they do with people who who do

1275

00:48:06,710 --> 00:48:04,319

infiltrate these places i don't want to

1276

00:48:07,670 --> 00:48:06,720

go fill james bond here but that's just

1277

00:48:09,829 --> 00:48:07,680

an idea

1278

00:48:11,109 --> 00:48:09,839

anyone want to yield their time to me

1279

00:48:12,950 --> 00:48:11,119

sure go for it

1280

00:48:15,829 --> 00:48:12,960

yeah you can have my time that's fine

1281

00:48:17,910 --> 00:48:15,839

okay so andy the thing is is if you if

1282

00:48:20,390 --> 00:48:17,920

you understand what is what involves a

1283

00:48:24,230 --> 00:48:20,400

tssci background and how they go through

1284

00:48:26,870 --> 00:48:24,240

that it's uh it's extremely difficult if

1285

00:48:28,870 --> 00:48:26,880

the person wasn't at least born here um

1286

00:48:30,870 --> 00:48:28,880

so you understand how far they go back

1287

00:48:33,190 --> 00:48:30,880

in your background and trace back

1288

00:48:35,030 --> 00:48:33,200

everybody that you ever knew from when

1289

00:48:37,510 --> 00:48:35,040

the time you could walk until now i mean

1290

00:48:38,790 --> 00:48:37,520

i've been through that so i know people

1291

00:48:41,109 --> 00:48:38,800

that they talked to when they did a

1292

00:48:42,309 --> 00:48:41,119

tssci on me

1293

00:48:45,270 --> 00:48:42,319

twice

1294

00:48:47,190 --> 00:48:45,280

so so there's that second of all

1295

00:48:49,829 --> 00:48:47,200

again you don't need to bring the

1296

00:48:51,910 --> 00:48:49,839

material to a facility once you get if

1297

00:48:53,750 --> 00:48:51,920

they were to sign over

1298

00:48:55,589 --> 00:48:53,760

ownership of that material to lockheed

1299

00:48:57,589 --> 00:48:55,599

martin that now the ceo of lockheed

1300

00:48:59,750 --> 00:48:57,599

martin is in possession of that material

1301
00:49:02,230 --> 00:48:59,760
and that material is in a facility that

1302
00:49:04,710 --> 00:49:02,240
is a hundred times less by any measure

1303
00:49:06,710 --> 00:49:04,720
than area 51. there's nobody that you

1304
00:49:08,470 --> 00:49:06,720
could bring on your show or anybody here

1305
00:49:10,549 --> 00:49:08,480
could bring on a show that can tell you

1306
00:49:15,030 --> 00:49:10,559
what flight programs are running right

1307
00:49:17,349 --> 00:49:15,040
now or fy19 or fy20 at area 51. this is

1308
00:49:20,069 --> 00:49:17,359
why you put something there you bring

1309
00:49:21,990 --> 00:49:20,079
the scientists that are already lockheed

1310
00:49:23,750 --> 00:49:22,000
martin's already working there

1311
00:49:25,510 --> 00:49:23,760
so there's no need to bring the material

1312
00:49:27,349 --> 00:49:25,520
to lockheed martin when you can bring

1313
00:49:30,710 --> 00:49:27,359

lockheed martin to the material or any

1314

00:49:32,069 --> 00:49:30,720

contractor for that matter that's all i

1315

00:49:34,470 --> 00:49:32,079

have to say i mean yeah and i'll take

1316

00:49:36,470 --> 00:49:34,480

the last few seconds just that and i i i

1317

00:49:38,390 --> 00:49:36,480

generally i know dj you know who had to

1318

00:49:40,390 --> 00:49:38,400

debate on this too but my only thing i

1319

00:49:43,190 --> 00:49:40,400

would add to that is if there's material

1320

00:49:45,109 --> 00:49:43,200

that lands some far place like place far

1321

00:49:46,230 --> 00:49:45,119

away from area 51

1322

00:49:48,309 --> 00:49:46,240

i don't think they're going to truck it

1323

00:49:49,910 --> 00:49:48,319

across you know the country to area 51

1324

00:49:51,510 --> 00:49:49,920

though there are probably multiple

1325

00:49:53,910 --> 00:49:51,520

places to store this stuff that would be

1326

00:49:55,910 --> 00:49:53,920

my suspicion there are actually there

1327

00:49:57,750 --> 00:49:55,920

are but they're not in there they're dug

1328

00:49:59,990 --> 00:49:57,760

away somewhere there

1329

00:50:01,990 --> 00:50:00,000

uh and and by the way this happened in

1330

00:50:03,510 --> 00:50:02,000

the 40s and 50s this is not stuff that's

1331

00:50:06,549 --> 00:50:03,520

moving around today

1332

00:50:08,630 --> 00:50:06,559

yeah on on mayflower trucking company

1333

00:50:10,710 --> 00:50:08,640

well can i just add real quick that i

1334

00:50:12,150 --> 00:50:10,720

think this

1335

00:50:13,910 --> 00:50:12,160

there's two things with this idea of

1336

00:50:15,829 --> 00:50:13,920

crash retrievals i think just to answer

1337

00:50:17,670 --> 00:50:15,839

dan's question really quick yes i think

1338

00:50:19,109 --> 00:50:17,680

we have materials i don't think we have

1339

00:50:21,349 --> 00:50:19,119

a whole craft

1340

00:50:23,430 --> 00:50:21,359

um only because

1341

00:50:26,790 --> 00:50:23,440

there are archaeological digs happening

1342

00:50:28,549 --> 00:50:26,800

all over the world right now one of them

1343

00:50:31,349 --> 00:50:28,559

hasn't stumbled across one of these

1344

00:50:33,510 --> 00:50:31,359

things or a piece of these things or

1345

00:50:36,150 --> 00:50:33,520

something that that would really really

1346

00:50:38,870 --> 00:50:36,160

stick out from anything else ever on an

1347

00:50:40,630 --> 00:50:38,880

archaeological dig it's a sexy thought

1348

00:50:42,390 --> 00:50:40,640

that's we just found one of these things

1349

00:50:44,630 --> 00:50:42,400

buried in the ice or

1350

00:50:47,670 --> 00:50:44,640

or in the grand canyon or something but

1351

00:50:49,750 --> 00:50:47,680

i just ah man it's hard for me to

1352

00:50:52,230 --> 00:50:49,760

believe it obviously without seeing it

1353

00:50:53,829 --> 00:50:52,240

but it's it would be difficult to cover

1354

00:50:56,230 --> 00:50:53,839

up i think i don't

1355

00:50:57,109 --> 00:50:56,240

no matter what the base i could be wrong

1356

00:50:59,510 --> 00:50:57,119

um

1357

00:51:00,790 --> 00:50:59,520

but but yeah that's i mean that's why i

1358

00:51:02,390 --> 00:51:00,800

just want to say that real quick on the

1359

00:51:04,390 --> 00:51:02,400

materials yeah well it could be at the

1360

00:51:07,589 --> 00:51:04,400

bottom of the baltic sea none of us know

1361

00:51:09,670 --> 00:51:07,599

none of us knows well you know

1362

00:51:11,670 --> 00:51:09,680

yeah i mean there's the story that you

1363

00:51:13,829 --> 00:51:11,680

know they they found some kind of craft

1364

00:51:15,990 --> 00:51:13,839

in south america and the us just went

1365

00:51:18,069 --> 00:51:16,000

over there and took it basically yeah

1366

00:51:19,910 --> 00:51:18,079

and and who who are they to come out and

1367

00:51:22,390 --> 00:51:19,920

say oh the u.s came and retrieved some

1368

00:51:24,950 --> 00:51:22,400

kind of debris or whatever it be

1369

00:51:26,230 --> 00:51:24,960

uh you know i think that people are

1370

00:51:27,910 --> 00:51:26,240

there are other governments that are

1371

00:51:29,589 --> 00:51:27,920

probably kind of like towing the line

1372

00:51:30,710 --> 00:51:29,599

and probably afraid to speak out before

1373

00:51:32,549 --> 00:51:30,720

the u.s

1374

00:51:35,589 --> 00:51:32,559

um because they know how we operate

1375

00:51:37,750 --> 00:51:35,599

basically you know frankly um

1376

00:51:39,750 --> 00:51:37,760

but also you know regarding to the top

1377

00:51:41,670 --> 00:51:39,760

secret clearances you know we have to

1378

00:51:45,430 --> 00:51:41,680

also consider people like warner von

1379

00:51:47,829 --> 00:51:45,440

braun um and you know again this is

1380

00:51:49,750 --> 00:51:47,839

people are gonna be highly skeptical and

1381

00:51:51,109 --> 00:51:49,760

that's i i definitely can appreciate

1382

00:51:52,549 --> 00:51:51,119

that in this sense but you have people

1383

00:51:53,990 --> 00:51:52,559

like uri geller

1384

00:51:56,790 --> 00:51:54,000

saying that you know

1385

00:51:59,910 --> 00:51:56,800

uh warner ron brown took him and he to

1386

00:52:02,230 --> 00:51:59,920

to see something uh and there were

1387

00:52:04,470 --> 00:52:02,240

pictures of them together and you know

1388

00:52:06,390 --> 00:52:04,480

erie is kind of um

1389

00:52:07,829 --> 00:52:06,400

uh you know mesmerizing and he has all

1390

00:52:09,430 --> 00:52:07,839

these stories but

1391

00:52:10,309 --> 00:52:09,440

uh i think there may be something to

1392

00:52:15,270 --> 00:52:10,319

that

1393

00:52:16,470 --> 00:52:15,280

other than just crash retrievals right

1394

00:52:20,069 --> 00:52:16,480

we have

1395

00:52:24,549 --> 00:52:20,079

potential ufo technology or debris right

1396

00:52:26,549 --> 00:52:24,559

what about entities if we have actual

1397

00:52:28,870 --> 00:52:26,559

alien life forms for lack of a better

1398

00:52:31,430 --> 00:52:28,880

term if we have actual entities i mean

1399

00:52:35,430 --> 00:52:31,440

that that's a whole other layer

1400

00:52:36,470 --> 00:52:35,440

um then you know some kind of um

1401

00:52:38,549 --> 00:52:36,480

even like

1402

00:52:40,309 --> 00:52:38,559

alien tech drones yeah

1403

00:52:42,069 --> 00:52:40,319

james you're up with your topic so if

1404

00:52:44,870 --> 00:52:42,079

you want to start your topic off with

1405

00:52:46,230 --> 00:52:44,880

this uh and we're having another guest

1406

00:52:48,470 --> 00:52:46,240

that's going to pop in in three minutes

1407

00:52:50,390 --> 00:52:48,480

but go ahead and uh and start off with

1408

00:52:51,829 --> 00:52:50,400

this one

1409

00:52:52,870 --> 00:52:51,839

whatever you want to yeah i'll start

1410

00:52:55,589 --> 00:52:52,880

your timer

1411

00:52:57,750 --> 00:52:55,599

sure i'll just uh i can i'll just go on

1412

00:53:01,109 --> 00:52:57,760

from where i was going so yeah so

1413

00:53:01,910 --> 00:53:01,119

crash crash retrieval materials um

1414

00:53:03,349 --> 00:53:01,920

that

1415

00:53:06,230 --> 00:53:03,359

you know there's been

1416

00:53:07,270 --> 00:53:06,240

some talk about uh you know fully intact

1417

00:53:09,589 --> 00:53:07,280

craft

1418

00:53:12,150 --> 00:53:09,599

obviously that's that's a hard pill to

1419

00:53:13,670 --> 00:53:12,160

swallow uh you know obviously we can't

1420

00:53:15,670 --> 00:53:13,680

take anything with a grain of salt it

1421

00:53:18,069 --> 00:53:15,680

could be disinformation

1422

00:53:20,630 --> 00:53:18,079

as with bob lazar story could all

1423

00:53:22,630 --> 00:53:20,640

purposely have been put there for

1424

00:53:23,910 --> 00:53:22,640

disinformation against soviets or

1425

00:53:26,790 --> 00:53:23,920

anybody else

1426
00:53:29,829 --> 00:53:26,800
to make them think number one that we

1427
00:53:32,470 --> 00:53:29,839
have fully in craft uh

1428
00:53:34,950 --> 00:53:32,480
intact crafts number one number two it

1429
00:53:37,829 --> 00:53:34,960
could be how you have bob lazar coming

1430
00:53:39,910 --> 00:53:37,839
out here talking about element 115 which

1431
00:53:41,750 --> 00:53:39,920
the soviets are like we will never get

1432
00:53:43,910 --> 00:53:41,760
this they they have a little brick of it

1433
00:53:46,390 --> 00:53:43,920
we can never get it therefore we can't

1434
00:53:49,190 --> 00:53:46,400
develop the technology so there also

1435
00:53:52,390 --> 00:53:49,200
is also kind of like a play um you know

1436
00:53:54,829 --> 00:53:52,400
not to disinform the us population so to

1437
00:53:57,910 --> 00:53:54,839
speak but to you know as a

1438
00:53:59,910 --> 00:53:57,920

counterintelligence active measure to

1439

00:54:02,549 --> 00:53:59,920

protect potential development of

1440

00:54:04,390 --> 00:54:02,559

technology um so you have

1441

00:54:06,309 --> 00:54:04,400

like several there's several different

1442

00:54:09,109 --> 00:54:06,319

layers of of national security

1443

00:54:11,829 --> 00:54:09,119

implications to crash retrievals um and

1444

00:54:13,910 --> 00:54:11,839

again maybe say for the united states

1445

00:54:15,910 --> 00:54:13,920

government i'm in the u.s it's in our

1446

00:54:19,430 --> 00:54:15,920

best interest that those measures have

1447

00:54:23,270 --> 00:54:21,510

all right that sounds good before we

1448

00:54:25,030 --> 00:54:23,280

continue go ahead

1449

00:54:26,309 --> 00:54:25,040

no i was going to say that

1450

00:54:28,710 --> 00:54:26,319

let's get the responses then we'll bring

1451

00:54:30,549 --> 00:54:28,720

on our additional guests so let's go to

1452

00:54:32,150 --> 00:54:30,559

dan and then we'll okay unless you want

1453

00:54:33,510 --> 00:54:32,160

to because we got a good flow here so i

1454

00:54:34,790 --> 00:54:33,520

want to okay i want to get dan's

1455

00:54:36,829 --> 00:54:34,800

thoughts on it

1456

00:54:39,510 --> 00:54:36,839

all right andy's thoughts andy would be

1457

00:54:42,309 --> 00:54:39,520

next oh okay um i again it's sort of

1458

00:54:44,950 --> 00:54:42,319

carrying on james the crash retrieval uh

1459

00:54:46,710 --> 00:54:44,960

stuff and i get as well what what dj is

1460

00:54:48,230 --> 00:54:46,720

saying but i suppose take it from a

1461

00:54:49,589 --> 00:54:48,240

point of view someone who's not inside

1462

00:54:51,589 --> 00:54:49,599

the us and

1463

00:54:53,670 --> 00:54:51,599

can look at a point of view that

1464

00:54:55,750 --> 00:54:53,680

you want it to be as secure as you think

1465

00:54:57,270 --> 00:54:55,760

it is and it's a nice thought that you

1466

00:54:59,670 --> 00:54:57,280

know because you went through what you

1467

00:55:01,349 --> 00:54:59,680

went through that it would be so

1468

00:55:03,670 --> 00:55:01,359

so difficult for someone else to get in

1469

00:55:06,390 --> 00:55:03,680

there but who whoever made the point

1470

00:55:07,990 --> 00:55:06,400

just before about verna von braun okay

1471

00:55:10,470 --> 00:55:08,000

so there was a bunch of nazis that you

1472

00:55:12,710 --> 00:55:10,480

gave security clearances to you know so

1473

00:55:13,990 --> 00:55:12,720

let's i suppose that kind of stops that

1474

00:55:15,430 --> 00:55:14,000

argument dead that it's hard to get

1475

00:55:17,430 --> 00:55:15,440

security clearance unless you're born in

1476
00:55:18,470 --> 00:55:17,440
the u.s because they literally gave them

1477
00:55:20,069 --> 00:55:18,480
to the people that they brought them

1478
00:55:22,789 --> 00:55:20,079
over i mean

1479
00:55:24,950 --> 00:55:22,799
so so yeah and again there's also that

1480
00:55:27,190 --> 00:55:24,960
you don't know like again the bubblers

1481
00:55:29,270 --> 00:55:27,200
are stuff like he's managed to get this

1482
00:55:31,430 --> 00:55:29,280
element and it sounds like from the bob

1483
00:55:32,710 --> 00:55:31,440
lazar story correct me please anyone if

1484
00:55:37,109 --> 00:55:32,720
i'm wrong but he's managed to get

1485
00:55:39,430 --> 00:55:37,119
something so super secret out of the lab

1486
00:55:42,549 --> 00:55:39,440
how again if this is the place you know

1487
00:55:44,230 --> 00:55:42,559
if this is the place on earth dj how has

1488
00:55:45,829 --> 00:55:44,240

a scientist like bob lazar managed to

1489

00:55:47,670 --> 00:55:45,839

sneak something out and then hide it

1490

00:55:49,510 --> 00:55:47,680

this whole time from from all those

1491

00:55:52,549 --> 00:55:49,520

people who apparently are looking after

1492

00:55:54,789 --> 00:55:52,559

it so i i can see that yeah people could

1493

00:55:56,309 --> 00:55:54,799

get in there i don't see any good reason

1494

00:55:57,990 --> 00:55:56,319

why they wouldn't have moved it again

1495

00:56:00,069 --> 00:55:58,000

since the 40s because i'm sure they've

1496

00:56:02,390 --> 00:56:00,079

got bigger and better places and money

1497

00:56:05,750 --> 00:56:02,400

talks at all levels as well

1498

00:56:07,030 --> 00:56:05,760

so for me yeah i'm

1499

00:56:08,309 --> 00:56:07,040

i don't see any reason why this stuff

1500

00:56:10,390 --> 00:56:08,319

couldn't be all over the country with

1501
00:56:11,829 --> 00:56:10,400
various different organizations as well

1502
00:56:13,910 --> 00:56:11,839
um

1503
00:56:15,829 --> 00:56:13,920
and like lew said before i do think

1504
00:56:16,870 --> 00:56:15,839
they've got a field craft but of what i

1505
00:56:18,069 --> 00:56:16,880
don't know

1506
00:56:20,630 --> 00:56:18,079
it doesn't necessarily mean they've got

1507
00:56:26,069 --> 00:56:20,640
something alien right yeah all right

1508
00:56:29,750 --> 00:56:27,990
so i'm not a big believer that we have a

1509
00:56:31,510 --> 00:56:29,760
full craft for the sheer fact that we're

1510
00:56:34,390 --> 00:56:31,520
staring at a bunch of bismuth and

1511
00:56:35,990 --> 00:56:34,400
magnesium layers and drooling over them

1512
00:56:38,789 --> 00:56:36,000
so it's hard for me to believe we got a

1513
00:56:40,870 --> 00:56:38,799

whole craft if that's where our focus is

1514

00:56:43,670 --> 00:56:40,880

and i also don't think we would see

1515

00:56:46,309 --> 00:56:43,680

the craft or a

1516

00:56:48,470 --> 00:56:46,319

recognizable part of a vehicle of any

1517

00:56:51,190 --> 00:56:48,480

sort i think we would see evidence of

1518

00:56:52,950 --> 00:56:51,200

the technology that was gleaned from

1519

00:56:56,390 --> 00:56:52,960

studying it and that's where philip

1520

00:56:58,549 --> 00:56:56,400

corso comes in with his claims that they

1521

00:56:59,829 --> 00:56:58,559

back engineered some aspects of the

1522

00:57:02,870 --> 00:56:59,839

technology

1523

00:57:05,510 --> 00:57:02,880

that were found in the 47 crash

1524

00:57:07,190 --> 00:57:05,520

and but but i also have a lot of doubts

1525

00:57:09,670 --> 00:57:07,200

about that because there's there's

1526
00:57:11,510 --> 00:57:09,680
usually a backlog a history associated

1527
00:57:13,750 --> 00:57:11,520
with each of those technologies that

1528
00:57:16,630 --> 00:57:13,760
comes out that can be

1529
00:57:18,230 --> 00:57:16,640
traced back so to me there there that

1530
00:57:20,470 --> 00:57:18,240
would be the evidence that would be the

1531
00:57:21,970 --> 00:57:20,480
proof where we took a gigantic

1532
00:57:23,430 --> 00:57:21,980
tesla-like leap

1533
00:57:26,309 --> 00:57:23,440
[Music]

1534
00:57:29,270 --> 00:57:26,319
forward in our technology in in our

1535
00:57:31,030 --> 00:57:29,280
society that would be without a doubt

1536
00:57:32,950 --> 00:57:31,040
that came from somewhere else we don't

1537
00:57:35,510 --> 00:57:32,960
know how we didn't know about it until

1538
00:57:38,710 --> 00:57:35,520

it was here we had a cell phone drop in

1539

00:57:40,950 --> 00:57:38,720

victorian times so to me without that

1540

00:57:42,309 --> 00:57:40,960

the evidence of the technology being

1541

00:57:44,549 --> 00:57:42,319

trickled in

1542

00:57:46,870 --> 00:57:44,559

that is without a shadow of a doubt not

1543

00:57:47,990 --> 00:57:46,880

backed by his historical research and

1544

00:57:50,630 --> 00:57:48,000

development

1545

00:57:52,230 --> 00:57:50,640

human effort i'm i got a hard time

1546

00:57:53,270 --> 00:57:52,240

believing we figured any of it out we

1547

00:57:54,630 --> 00:57:53,280

might have

1548

00:57:56,789 --> 00:57:54,640

recovered some but we haven't figured

1549

00:57:58,230 --> 00:57:56,799

any of it out

1550

00:58:01,670 --> 00:57:58,240

dj

1551

00:58:04,470 --> 00:58:01,680

um you i am not a luis elizondo i'm not

1552

00:58:05,990 --> 00:58:04,480

a chris mellon i'm not uh one of these

1553

00:58:07,109 --> 00:58:06,000

guys that's been at the highest levels

1554

00:58:08,950 --> 00:58:07,119

of government

1555

00:58:11,349 --> 00:58:08,960

the only reason that you want to have me

1556

00:58:14,230 --> 00:58:11,359

on your show if at all if ever is

1557

00:58:15,750 --> 00:58:14,240

because i know aviation and i know how

1558

00:58:17,589 --> 00:58:15,760

the government works

1559

00:58:19,270 --> 00:58:17,599

i have been both a contractor to the

1560

00:58:21,670 --> 00:58:19,280

government and now i work for the

1561

00:58:24,950 --> 00:58:21,680

government as an employee like lou did

1562

00:58:26,309 --> 00:58:24,960

so i know how how the government thinks

1563

00:58:29,109 --> 00:58:26,319

how it acts

1564

00:58:31,510 --> 00:58:29,119

what it is likely to do likely notices

1565

00:58:33,910 --> 00:58:31,520

the word likely in given situations and

1566

00:58:36,789 --> 00:58:33,920

that's how i come to this hypothesis by

1567

00:58:39,510 --> 00:58:36,799

working on the inside and the outside on

1568

00:58:41,910 --> 00:58:39,520

both and i know how they what we trust

1569

00:58:43,589 --> 00:58:41,920

contractors with and when contractors

1570

00:58:45,670 --> 00:58:43,599

are asked to leave the room because i

1571

00:58:47,510 --> 00:58:45,680

was that contractor that might have to

1572

00:58:49,109 --> 00:58:47,520

leave the room

1573

00:58:50,630 --> 00:58:49,119

even though i represented the government

1574

00:58:51,589 --> 00:58:50,640

believe it or not as a contractor but

1575

00:58:53,829 --> 00:58:51,599

anyway

1576

00:58:55,829 --> 00:58:53,839

all that said that's how i come to the

1577

00:58:57,589 --> 00:58:55,839

conclusion about the safe places that

1578

00:59:00,390 --> 00:58:57,599

you would keep this material and you

1579

00:59:02,870 --> 00:59:00,400

could bring any number of scientists in

1580

00:59:04,549 --> 00:59:02,880

werner one of werner von braun was

1581

00:59:06,549 --> 00:59:04,559

brought in for a very specific purpose

1582

00:59:08,390 --> 00:59:06,559

because he had a specific knowledge but

1583

00:59:09,510 --> 00:59:08,400

you don't just go and bring any citizen

1584

00:59:11,670 --> 00:59:09,520

in and go oh we're going to give this

1585

00:59:13,990 --> 00:59:11,680

person a clearance unless they have an

1586

00:59:16,150 --> 00:59:14,000

extremely special skill set that we want

1587

00:59:18,630 --> 00:59:16,160

to leverage against the technology we're

1588

00:59:20,710 --> 00:59:18,640

trying to acquire then we might issue

1589

00:59:24,069 --> 00:59:20,720

them a clearance and by the way they're

1590

00:59:25,910 --> 00:59:24,079

watched very very very closely

1591

00:59:27,670 --> 00:59:25,920

luis

1592

00:59:29,829 --> 00:59:27,680

um

1593

00:59:32,789 --> 00:59:29,839

okay so

1594

00:59:34,549 --> 00:59:32,799

the first thing i'd say to the crash

1595

00:59:37,510 --> 00:59:34,559

retrievals is like

1596

00:59:40,309 --> 00:59:37,520

how many crash retrievals are there like

1597

00:59:41,270 --> 00:59:40,319

and and why are they crashing so much

1598

00:59:43,510 --> 00:59:41,280

like

1599

00:59:47,349 --> 00:59:43,520

if

1600

00:59:48,789 --> 00:59:47,359

can

1601
00:59:51,829 --> 00:59:48,799
traverse

1602
00:59:53,750 --> 00:59:51,839
time and space and and makes vast

1603
00:59:56,069 --> 00:59:53,760
distances possible

1604
00:59:58,390 --> 00:59:56,079
maybe in a blink of an eye

1605
01:00:01,510 --> 00:59:58,400
why did they crash so much

1606
01:00:02,630 --> 01:00:01,520
um that would be i i can understand one

1607
01:00:03,910 --> 01:00:02,640
two

1608
01:00:05,990 --> 01:00:03,920
maybe three

1609
01:00:08,309 --> 01:00:06,000
you know but like anything past that's

1610
01:00:11,349 --> 01:00:08,319
like okay then this is just dangerous

1611
01:00:14,069 --> 01:00:11,359
like this technology it could reveal a

1612
01:00:16,069 --> 01:00:14,079
whole multitude of things to species

1613
01:00:17,430 --> 01:00:16,079

that we may not want to interact with on

1614

01:00:19,270 --> 01:00:17,440

that kind of level

1615

01:00:21,589 --> 01:00:19,280

um so if they're crashing here on earth

1616

01:00:24,230 --> 01:00:21,599

my question is like why so many times

1617

01:00:26,710 --> 01:00:24,240

but i will ask you real quick uh dj just

1618

01:00:29,430 --> 01:00:26,720

to back up kind of what andy's saying

1619

01:00:31,510 --> 01:00:29,440

there are spies right

1620

01:00:34,470 --> 01:00:31,520

yes but now okay so our issue to

1621

01:00:35,349 --> 01:00:34,480

clearance okay but

1622

01:00:39,510 --> 01:00:35,359

then

1623

01:00:43,670 --> 01:00:39,520

couldn't get into a clearance on some

1624

01:00:48,390 --> 01:00:46,230

or maybe they appear to be um and i

1625

01:00:50,309 --> 01:00:48,400

think there's sophisticated ways to sort

1626

01:00:52,710 --> 01:00:50,319

of circumvent those things because if

1627

01:00:55,589 --> 01:00:52,720

there wasn't we wouldn't have this issue

1628

01:00:57,910 --> 01:00:55,599

there wouldn't be this this uh uh

1629

01:01:01,349 --> 01:00:57,920

movement against spies that also

1630

01:01:03,750 --> 01:01:01,359

um i just real quick i wanted to say uh

1631

01:01:06,710 --> 01:01:03,760

hacking as well like there's there's

1632

01:01:08,390 --> 01:01:06,720

spies in a digital sense so

1633

01:01:12,309 --> 01:01:08,400

to say that nobody knows what's going on

1634

01:01:15,430 --> 01:01:12,319

in area 51 i think is a little naive

1635

01:01:17,510 --> 01:01:15,440

i i have no i i agree with you about

1636

01:01:19,589 --> 01:01:17,520

there are spies i'm just saying you're

1637

01:01:22,150 --> 01:01:19,599

asking for my opinion and i'm i'm giving

1638

01:01:25,030 --> 01:01:22,160

it to you based on my experience gary

1639

01:01:27,430 --> 01:01:25,040

mcgowan hacked gary mckinnon hacked nasa

1640

01:01:29,030 --> 01:01:27,440

right right yeah yeah yeah i mean this

1641

01:01:30,710 --> 01:01:29,040

is james's time right

1642

01:01:34,710 --> 01:01:30,720

this is james right well he introduced

1643

01:01:38,069 --> 01:01:36,309

we got to bring our special guest yeah

1644

01:01:40,470 --> 01:01:38,079

well let me respond on this for all the

1645

01:01:42,390 --> 01:01:40,480

last minute here that's cool that's cool

1646

01:01:44,549 --> 01:01:42,400

so i i to back up your point i think

1647

01:01:45,589 --> 01:01:44,559

that the security apparatus is in place

1648

01:01:47,349 --> 01:01:45,599

right so

1649

01:01:49,910 --> 01:01:47,359

you you leverage what you've already got

1650

01:01:52,950 --> 01:01:49,920

in place where you can that being said

1651

01:01:54,950 --> 01:01:52,960

sometimes good security is sort of going

1652

01:01:56,789 --> 01:01:54,960

the other direction so you could have a

1653

01:01:58,870 --> 01:01:56,799

facility that doesn't look look secure

1654

01:02:00,390 --> 01:01:58,880

but it in fact really is secure could it

1655

01:02:02,390 --> 01:02:00,400

could appear to be

1656

01:02:04,309 --> 01:02:02,400

uh you know totally open but there may

1657

01:02:07,029 --> 01:02:04,319

be sub levels to it or whatnot that are

1658

01:02:08,950 --> 01:02:07,039

actually very very tightly controlled uh

1659

01:02:11,750 --> 01:02:08,960

the private contractor access you know

1660

01:02:14,230 --> 01:02:11,760

is to me very you know curious because

1661

01:02:15,510 --> 01:02:14,240

private contractors come and go uh and

1662

01:02:17,430 --> 01:02:15,520

if you're a private employee and a

1663

01:02:18,950 --> 01:02:17,440

private citizen you know you come and go

1664

01:02:20,390 --> 01:02:18,960

you change careers and even if you sign

1665

01:02:21,829 --> 01:02:20,400

an nda you're gonna you know at some

1666

01:02:24,069 --> 01:02:21,839

point you may jump ship to a different

1667

01:02:26,470 --> 01:02:24,079

competitor uh what if that competitor

1668

01:02:27,990 --> 01:02:26,480

isn't right into uh the program so to

1669

01:02:29,589 --> 01:02:28,000

speak so then do you just totally

1670

01:02:30,950 --> 01:02:29,599

compartmentalize that knowledge and not

1671

01:02:32,309 --> 01:02:30,960

let it influence the work that you do

1672

01:02:34,549 --> 01:02:32,319

for your for the competitor that you now

1673

01:02:36,309 --> 01:02:34,559

work for there are a lot of variables to

1674

01:02:38,950 --> 01:02:36,319

this that it seems like the complexity

1675

01:02:41,190 --> 01:02:38,960

of it is such that uh if if we really

1676

01:02:43,349 --> 01:02:41,200

did have some of this stuff i i guess

1677

01:02:44,950 --> 01:02:43,359

i'm saying we probably would know about

1678

01:02:46,630 --> 01:02:44,960

it right now

1679

01:02:48,390 --> 01:02:46,640

and nathan you have more time because i

1680

01:02:50,230 --> 01:02:48,400

talked over so no that's cool i'm good

1681

01:02:51,589 --> 01:02:50,240

with that so why don't we bring on uh

1682

01:02:53,829 --> 01:02:51,599

why don't we bring on

1683

01:02:55,109 --> 01:02:53,839

our backstage person so i'll let you

1684

01:02:57,589 --> 01:02:55,119

maybe take this off screen and i'll let

1685

01:02:59,910 --> 01:02:57,599

you introduce

1686

01:03:03,430 --> 01:02:59,920

our new guest who's on mute

1687

01:03:05,029 --> 01:03:03,440

i'm unmuting you hashtag come online

1688

01:03:06,150 --> 01:03:05,039

all right hi welcome

1689

01:03:08,710 --> 01:03:06,160

hello

1690

01:03:11,109 --> 01:03:08,720

all right this is our sp oh we can't see

1691

01:03:12,950 --> 01:03:11,119

you i know i don't know why

1692

01:03:14,150 --> 01:03:12,960

we cannot see you see if you can uh

1693

01:03:17,349 --> 01:03:14,160

re-engage

1694

01:03:18,470 --> 01:03:17,359

uh-oh there we go we got an avatar

1695

01:03:20,309 --> 01:03:18,480

no

1696

01:03:23,829 --> 01:03:20,319

yep we can hear you we just can't see

1697

01:03:27,029 --> 01:03:25,430

all right

1698

01:03:28,789 --> 01:03:27,039

it's okay we can hear you

1699

01:03:30,789 --> 01:03:28,799

yeah if you want to go out and come back

1700

01:03:31,990 --> 01:03:30,799

in i think luis usually troubleshoots

1701

01:03:33,510 --> 01:03:32,000

luis please take over the

1702

01:03:36,069 --> 01:03:33,520

troubleshooting yeah

1703

01:03:38,390 --> 01:03:36,079

uh yeah i mean check what camera input

1704

01:03:40,470 --> 01:03:38,400

your your camera's on and if it's on the

1705

01:03:42,470 --> 01:03:40,480

right one then yeah i would say try back

1706

01:03:43,829 --> 01:03:42,480

out and come back in let's call melinda

1707

01:03:46,309 --> 01:03:43,839

leslie real quick and see what she would

1708

01:03:48,950 --> 01:03:46,319

recommend hey while she's doing that i

1709

01:03:51,349 --> 01:03:48,960

want to follow up on lou hey lou the

1710

01:03:53,750 --> 01:03:51,359

aircraft carriers travel the vast

1711

01:03:55,750 --> 01:03:53,760

distances of the ocean but it's usually

1712

01:03:57,109 --> 01:03:55,760

the jets and aircrafts that do the

1713

01:03:58,950 --> 01:03:57,119

crashing once they get to their

1714

01:04:05,589 --> 01:03:58,960

destination could that be what we're

1715

01:04:11,190 --> 01:04:07,670

again it's just like would you send

1716

01:04:12,549 --> 01:04:11,200

probes on a planet that is hostile that

1717

01:04:15,270 --> 01:04:12,559

you know are

1718

01:04:17,750 --> 01:04:15,280

incredibly fragile to maybe technologies

1719

01:04:19,349 --> 01:04:17,760

that they display

1720

01:04:22,630 --> 01:04:19,359

you know like would a gen would a

1721

01:04:23,430 --> 01:04:22,640

general of an aircraft carrier do that

1722

01:04:26,230 --> 01:04:23,440

right

1723

01:04:28,549 --> 01:04:26,240

yeah and if you go to american cosmic um

1724

01:04:32,309 --> 01:04:28,559

you know james and tyler

1725

01:04:34,390 --> 01:04:32,319

uh talk about the gifting field right

1726

01:04:36,630 --> 01:04:34,400

and let let's let let's get to our very

1727

01:04:39,270 --> 01:04:36,640

special guest tell us where you're where

1728

01:04:41,670 --> 01:04:39,280

you're calling from right now ashley

1729

01:04:43,349 --> 01:04:41,680

at the moment i am in west yorkshire

1730

01:04:46,150 --> 01:04:43,359

england

1731

01:04:47,270 --> 01:04:46,160

can i get an amen divine daisy girl

1732

01:04:50,789 --> 01:04:47,280

ashley

1733

01:04:52,390 --> 01:04:50,799

[Music]

1734

01:04:54,470 --> 01:04:52,400

so happy to have you join us she's going

1735

01:04:56,309 --> 01:04:54,480

to be on our all-women's round table

1736

01:04:58,230 --> 01:04:56,319

where all these faces right here are

1737

01:05:01,029 --> 01:04:58,240

going to be replaced by women except for

1738

01:05:02,789 --> 01:05:01,039

nate myself and nathan's beard but go

1739

01:05:04,549 --> 01:05:02,799

ahead ashley you have a question that

1740

01:05:06,789 --> 01:05:04,559

you wanted to put out there for the

1741

01:05:09,190 --> 01:05:06,799

group either one or another or everybody

1742

01:05:10,789 --> 01:05:09,200

can take it up if they wish

1743

01:05:13,029 --> 01:05:10,799

it's been a very nuts and bolts

1744

01:05:15,109 --> 01:05:13,039

conversation i'll say that whereas

1745

01:05:16,150 --> 01:05:15,119

i'm more the other side bit more of the

1746

01:05:18,630 --> 01:05:16,160

woo

1747

01:05:20,950 --> 01:05:18,640

and i was just wondering

1748

01:05:22,470 --> 01:05:20,960

haven't done the research on the ufos

1749

01:05:24,710 --> 01:05:22,480

and everything

1750

01:05:26,150 --> 01:05:24,720

where are you all in terms of physical

1751

01:05:29,510 --> 01:05:26,160

and non-physical

1752

01:05:31,990 --> 01:05:29,520

um being

1753

01:05:34,829 --> 01:05:32,000

i know james you've done c5 so you have

1754

01:05:36,470 --> 01:05:34,839

a bit of knowledge on the

1755

01:05:38,470 --> 01:05:36,480

consciousness

1756

01:05:41,910 --> 01:05:38,480

yeah james why don't you take that all

1757

01:05:45,430 --> 01:05:42,870

you know

1758

01:05:47,670 --> 01:05:45,440

physical non-physical uh i don't think

1759

01:05:48,430 --> 01:05:47,680

it's an either or thing uh if you want

1760

01:05:51,910 --> 01:05:48,440

to say

1761

01:05:54,150 --> 01:05:51,920

non-physical um i i don't think it's non

1762

01:05:55,670 --> 01:05:54,160

it's there's kind of like non-physical

1763

01:05:58,549 --> 01:05:55,680

in the sense of

1764

01:06:01,029 --> 01:05:58,559

um there's no physics behind it i think

1765

01:06:03,589 --> 01:06:01,039

you know again ultraviolet rays and

1766

01:06:05,589 --> 01:06:03,599

things like that uh technically we as

1767

01:06:07,829 --> 01:06:05,599

humans cannot perceive that but we have

1768

01:06:10,870 --> 01:06:07,839

apparatus that can that can that can

1769

01:06:13,430 --> 01:06:10,880

sense and track and monitor so i think

1770

01:06:15,510 --> 01:06:13,440

that um say if we're going to talk about

1771

01:06:19,270 --> 01:06:15,520

consciousness and if we're going to talk

1772

01:06:22,390 --> 01:06:19,280

about um even esp telepathy

1773

01:06:23,109 --> 01:06:22,400

um and these different objects that seem

1774

01:06:25,829 --> 01:06:23,119

like

1775

01:06:28,470 --> 01:06:25,839

energy beings or or

1776

01:06:29,670 --> 01:06:28,480

have uh you know just they display

1777

01:06:32,069 --> 01:06:29,680

things that

1778

01:06:34,309 --> 01:06:32,079

seem um you know where they disappear

1779

01:06:35,990 --> 01:06:34,319

and reappear i think eventually we are

1780

01:06:37,589 --> 01:06:36,000

going to understand the physics of all

1781

01:06:39,510 --> 01:06:37,599

that and i think that

1782

01:06:41,029 --> 01:06:39,520

all i think everything is going to fit

1783

01:06:44,470 --> 01:06:41,039

into the realm of physics whether you

1784

01:06:46,870 --> 01:06:44,480

consider it as hyper spatial like um

1785

01:06:49,670 --> 01:06:46,880

hyperspatial technologies that are able

1786

01:06:51,270 --> 01:06:49,680

to interface with dimensions uh and and

1787

01:06:52,150 --> 01:06:51,280

therefore consciousness

1788

01:06:52,950 --> 01:06:52,160

um

1789

01:06:54,870 --> 01:06:52,960

so

1790

01:06:57,029 --> 01:06:54,880

again i don't see it as an either or

1791

01:07:00,549 --> 01:06:57,039

question i don't think any of it is per

1792

01:07:02,390 --> 01:07:00,559

se magic i think all of it will come

1793

01:07:04,710 --> 01:07:02,400

within the the realm of understanding of

1794

01:07:07,430 --> 01:07:04,720

physics eventually even if it takes

1795

01:07:10,309 --> 01:07:07,440

thousands of years uh and i i think that

1796

01:07:12,549 --> 01:07:10,319

atip you know was looking at their their

1797

01:07:14,390 --> 01:07:12,559

consciousness component through things

1798

01:07:16,150 --> 01:07:14,400

like psychotronics and we know that that

1799

01:07:18,710 --> 01:07:16,160

deals with frequencies

1800

01:07:20,549 --> 01:07:18,720

um so my time's up uh

1801
01:07:23,589 --> 01:07:20,559
i guess anybody else want to take it or

1802
01:07:25,670 --> 01:07:23,599
do yeah who else would like to yeah

1803
01:07:28,309 --> 01:07:25,680
anybody jumping on that louise

1804
01:07:29,750 --> 01:07:28,319
well i mean i don't know i've been

1805
01:07:31,670 --> 01:07:29,760
diving into this i'm still doing

1806
01:07:33,910 --> 01:07:31,680
research and still learning about a lot

1807
01:07:35,270 --> 01:07:33,920
of things especially on the non-physical

1808
01:07:36,710 --> 01:07:35,280
end of things

1809
01:07:39,750 --> 01:07:36,720
because when you think i mean at least

1810
01:07:41,109 --> 01:07:39,760
from my experience it was a very

1811
01:07:42,870 --> 01:07:41,119
even though it was

1812
01:07:45,990 --> 01:07:42,880
incredible it still seemed like there

1813
01:07:48,710 --> 01:07:46,000

was hands behind the craft i was looking

1814

01:07:51,349 --> 01:07:48,720

at it seemed like a very nuts and bolt

1815

01:07:54,150 --> 01:07:51,359

um and but you know i've never seen

1816

01:07:55,430 --> 01:07:54,160

metal glow on anything else like it was

1817

01:07:56,390 --> 01:07:55,440

just different

1818

01:07:57,510 --> 01:07:56,400

um

1819

01:08:00,230 --> 01:07:57,520

but

1820

01:08:03,109 --> 01:08:00,240

this idea i love this idea of um you

1821

01:08:05,829 --> 01:08:03,119

know everything is vibrating

1822

01:08:07,829 --> 01:08:05,839

at different tones and speeds and you

1823

01:08:09,190 --> 01:08:07,839

know like this table is vibrating at a

1824

01:08:10,870 --> 01:08:09,200

different frequency than what i'm

1825

01:08:13,270 --> 01:08:10,880

vibrating at and i'm sure there are a

1826

01:08:15,190 --> 01:08:13,280

lot of things that are vibrating that we

1827

01:08:16,149 --> 01:08:15,200

just can't see

1828

01:08:17,430 --> 01:08:16,159

um

1829

01:08:19,990 --> 01:08:17,440

either because we don't have the proper

1830

01:08:21,910 --> 01:08:20,000

instruments to see them or or the proper

1831

01:08:22,789 --> 01:08:21,920

mindset

1832

01:08:24,870 --> 01:08:22,799

um

1833

01:08:26,550 --> 01:08:24,880

and i don't know

1834

01:08:29,749 --> 01:08:26,560

you know what it's gonna take to sort of

1835

01:08:32,550 --> 01:08:29,759

break that paradigm to where we can see

1836

01:08:33,910 --> 01:08:32,560

these things and and the unexplainable

1837

01:08:35,749 --> 01:08:33,920

eventually starts to become the

1838

01:08:37,189 --> 01:08:35,759

understandable

1839

01:08:38,789 --> 01:08:37,199

um

1840

01:08:41,510 --> 01:08:38,799

but yeah i mean i yield my time to

1841

01:08:42,950 --> 01:08:41,520

anybody else you'd like to add on that

1842

01:08:45,349 --> 01:08:42,960

well what if we get to the point where

1843

01:08:48,229 --> 01:08:45,359

we develop ai that can

1844

01:08:49,829 --> 01:08:48,239

synthesize some of these uh occurrences

1845

01:08:50,709 --> 01:08:49,839

that are happening all around us all the

1846

01:08:52,950 --> 01:08:50,719

time

1847

01:08:55,269 --> 01:08:52,960

and can translate those things into

1848

01:08:57,110 --> 01:08:55,279

things that we can understand so what if

1849

01:08:59,829 --> 01:08:57,120

you know our our senses are limited but

1850

01:09:00,950 --> 01:08:59,839

what if we can develop sensors that can

1851
01:09:02,390 --> 01:09:00,960
absorb

1852
01:09:04,709 --> 01:09:02,400
this uh

1853
01:09:06,390 --> 01:09:04,719
you know these occurrences and then

1854
01:09:07,910 --> 01:09:06,400
translate them into things that we can

1855
01:09:09,749 --> 01:09:07,920
just like you would take a night vision

1856
01:09:11,590 --> 01:09:09,759
goggle and enhance the the visual

1857
01:09:13,030 --> 01:09:11,600
spectrum that you can see or take an

1858
01:09:14,950 --> 01:09:13,040
infrared camera and enhance the spectrum

1859
01:09:16,389 --> 01:09:14,960
that you can see you know what if we can

1860
01:09:18,309 --> 01:09:16,399
do that

1861
01:09:20,309 --> 01:09:18,319
[Music]

1862
01:09:21,430 --> 01:09:20,319
i mean i don't know if we'd want to do

1863
01:09:26,550 --> 01:09:21,440

that

1864

01:09:32,470 --> 01:09:29,590

i mean you know i the more the more we

1865

01:09:33,990 --> 01:09:32,480

talk about this the more it seems like i

1866

01:09:35,990 --> 01:09:34,000

you know it's almost like what a tom

1867

01:09:38,070 --> 01:09:36,000

delonge sometimes says and a louis

1868

01:09:39,590 --> 01:09:38,080

lozando hints at is that you'd be somber

1869

01:09:42,470 --> 01:09:39,600

if you really knew what the hell was

1870

01:09:44,630 --> 01:09:42,480

going on like i think this is a lot

1871

01:09:47,269 --> 01:09:44,640

a lot more

1872

01:09:50,709 --> 01:09:47,279

complicated and just

1873

01:09:52,789 --> 01:09:50,719

weird unpredictable and nothing that

1874

01:09:54,790 --> 01:09:52,799

we've ever put on the table as far as an

1875

01:09:56,550 --> 01:09:54,800

explanation right but what's interesting

1876

01:09:58,310 --> 01:09:56,560

is we're doing this already right so

1877

01:10:00,390 --> 01:09:58,320

we're already kind of cybernetic in a

1878

01:10:02,950 --> 01:10:00,400

way the phones we all use the technology

1879

01:10:04,790 --> 01:10:02,960

using right now is taking advantage of

1880

01:10:07,350 --> 01:10:04,800

stuff that you and i cannot do on our

1881

01:10:09,910 --> 01:10:07,360

own just with our own our bodies so

1882

01:10:11,590 --> 01:10:09,920

we're we're we're taking these baby

1883

01:10:13,270 --> 01:10:11,600

steps towards right

1884

01:10:16,149 --> 01:10:13,280

but that's the thing right they're baby

1885

01:10:18,149 --> 01:10:16,159

steps it's not a flick of the switch all

1886

01:10:20,229 --> 01:10:18,159

of a sudden you can see this thing

1887

01:10:22,950 --> 01:10:20,239

that's sitting right next to you and

1888

01:10:25,110 --> 01:10:22,960

it's crazy well exactly you know

1889

01:10:27,189 --> 01:10:25,120

and and you don't have the filters to

1890

01:10:29,350 --> 01:10:27,199

understand it you know isn't this kind

1891

01:10:31,030 --> 01:10:29,360

of taking a million years to get to that

1892

01:10:32,790 --> 01:10:31,040

filter

1893

01:10:34,390 --> 01:10:32,800

yeah please go ahead no louise you make

1894

01:10:36,229 --> 01:10:34,400

a really good point most people can't

1895

01:10:38,070 --> 01:10:36,239

but you know experiencers would say

1896

01:10:40,310 --> 01:10:38,080

otherwise and that's where like i've

1897

01:10:42,870 --> 01:10:40,320

never had that experience i've i've had

1898

01:10:44,630 --> 01:10:42,880

a couple of sightings but for people who

1899

01:10:46,070 --> 01:10:44,640

say that they see beings literally come

1900

01:10:47,590 --> 01:10:46,080

through walls or

1901

01:10:49,430 --> 01:10:47,600

i know people that say they've seen like

1902

01:10:51,110 --> 01:10:49,440

ghosts at the end of their bed

1903

01:10:54,310 --> 01:10:51,120

and people that can have that sort of

1904

01:10:56,870 --> 01:10:54,320

maybe those individuals have that switch

1905

01:10:58,470 --> 01:10:56,880

or that filter that and some claim to be

1906

01:11:00,630 --> 01:10:58,480

able to use it i don't know so much

1907

01:11:02,229 --> 01:11:00,640

about that but that that potentially

1908

01:11:04,709 --> 01:11:02,239

you're right as like most of us if you

1909

01:11:06,630 --> 01:11:04,719

want to call it humanity can't do that

1910

01:11:08,870 --> 01:11:06,640

and maybe you've just got that small

1911

01:11:10,390 --> 01:11:08,880

number of people who who do and that's

1912

01:11:12,550 --> 01:11:10,400

that's that's where that maybe comes in

1913

01:11:14,149 --> 01:11:12,560

potentially but

1914

01:11:15,990 --> 01:11:14,159

you're right about the switch aspect of

1915

01:11:17,990 --> 01:11:16,000

it that were we seem a long long way

1916

01:11:20,149 --> 01:11:18,000

away that we still need to take to our

1917

01:11:21,990 --> 01:11:20,159

lives to to do a lot of the stuff we

1918

01:11:23,110 --> 01:11:22,000

want to do that mean louise if we want

1919

01:11:25,590 --> 01:11:23,120

to have a conversation we have to do it

1920

01:11:27,350 --> 01:11:25,600

via phone or over this as opposed to is

1921

01:11:29,590 --> 01:11:27,360

it a way we could do it like

1922

01:11:32,149 --> 01:11:29,600

telepathically or you know i could

1923

01:11:34,550 --> 01:11:32,159

teleport and be there who knows where

1924

01:11:35,910 --> 01:11:34,560

humanity goes in the future right i mean

1925

01:11:37,270 --> 01:11:35,920

dan that was something i was going to

1926

01:11:38,790 --> 01:11:37,280

bring up before but you asked where's

1927

01:11:41,590 --> 01:11:38,800

the evidence of the tech from crash

1928

01:11:43,590 --> 01:11:41,600

retrievals 1952 we started using fiber

1929

01:11:45,030 --> 01:11:43,600

optic cables in 1958 the computer chip

1930

01:11:47,430 --> 01:11:45,040

was invented so there's two of them

1931

01:11:49,510 --> 01:11:47,440

straight off the bat so for me that goes

1932

01:11:51,270 --> 01:11:49,520

with luis's baby steps yeah we don't

1933

01:11:53,350 --> 01:11:51,280

have a full intact craft that we can fly

1934

01:11:54,950 --> 01:11:53,360

about ourselves but what we got off the

1935

01:11:58,630 --> 01:11:54,960

back of it was computer chips and fiber

1936

01:12:01,430 --> 01:11:58,640

optic cables to to name two things um so

1937

01:12:03,270 --> 01:12:01,440

and the the reason you know at least the

1938

01:12:05,030 --> 01:12:03,280

crash widely crashed that's something

1939

01:12:07,030 --> 01:12:05,040

i've thought about a lot and it's very

1940

01:12:09,350 --> 01:12:07,040

human just to think that just because it

1941

01:12:11,910 --> 01:12:09,360

can travel a great distance or or change

1942

01:12:14,070 --> 01:12:11,920

dimensions realities makes it infallible

1943

01:12:15,830 --> 01:12:14,080

and i still don't see any reason why

1944

01:12:17,110 --> 01:12:15,840

why couldn't they crash the odd time

1945

01:12:19,350 --> 01:12:17,120

because you're right they shouldn't be

1946

01:12:21,270 --> 01:12:19,360

doing it that often but if you if just

1947

01:12:23,350 --> 01:12:21,280

give me two more seconds dj sorry yes

1948

01:12:25,030 --> 01:12:23,360

sir i would think if you go back to

1949

01:12:26,950 --> 01:12:25,040

when people first started sailing across

1950

01:12:28,550 --> 01:12:26,960

the oceans and you could show someone a

1951

01:12:29,990 --> 01:12:28,560

sailboat and no doubt they crashed all

1952

01:12:31,430 --> 01:12:30,000

the time there was shipwrecks they blew

1953

01:12:33,590 --> 01:12:31,440

over in the wind they fought each other

1954

01:12:36,229 --> 01:12:33,600

they fell apart and if you showed

1955

01:12:38,709 --> 01:12:36,239

someone now the aircraft we have and the

1956

01:12:40,630 --> 01:12:38,719

tesla cars we have they would be like

1957

01:12:42,790 --> 01:12:40,640

wow these things must be incredible the

1958

01:12:44,630 --> 01:12:42,800

things they can do yeah they still crash

1959

01:12:46,709 --> 01:12:44,640

hundreds of thousands of times a day

1960

01:12:49,510 --> 01:12:46,719

aircraft still go missing jet engines

1961

01:12:51,430 --> 01:12:49,520

still blow up geese fly into stuff

1962

01:12:53,189 --> 01:12:51,440

and they would be like surely not it was

1963

01:12:55,350 --> 01:12:53,199

just so hard for them to understand that

1964

01:12:57,510 --> 01:12:55,360

they would still be so imperfect and i

1965

01:13:00,229 --> 01:12:57,520

just wonder is it human to think that

1966

01:13:02,310 --> 01:13:00,239

another race or species or race of

1967

01:13:04,310 --> 01:13:02,320

beings wouldn't have that same

1968

01:13:06,470 --> 01:13:04,320

problem if we want to call it that as a

1969

01:13:08,709 --> 01:13:06,480

as a potential theory well the first

1970

01:13:11,669 --> 01:13:08,719

thing that pops in my brain is a native

1971

01:13:15,030 --> 01:13:11,679

american on the beaches of the eastern

1972

01:13:18,070 --> 01:13:15,040

seaboard getting a log from a shipwreck

1973

01:13:19,669 --> 01:13:18,080

and going oh no we have a problem you

1974

01:13:22,630 --> 01:13:19,679

know like

1975

01:13:24,630 --> 01:13:22,640

like how do you how do you take a log

1976

01:13:27,430 --> 01:13:24,640

back to the tribe and go look at this

1977

01:13:28,950 --> 01:13:27,440

this is unusual this shouldn't be here

1978

01:13:34,790 --> 01:13:28,960

uh i think something's coming and

1979

01:13:38,229 --> 01:13:36,630

yeah i was going to get dan in i had

1980

01:13:40,390 --> 01:13:38,239

something i actually forgot what it was

1981

01:13:42,390 --> 01:13:40,400

then but so go ahead dan please yeah

1982

01:13:44,470 --> 01:13:42,400

i'll say i guess it depends on if you're

1983

01:13:46,070 --> 01:13:44,480

a fan of star wars or star trek because

1984

01:13:47,190 --> 01:13:46,080

everything works in star trek nothing

1985

01:13:50,790 --> 01:13:47,200

works in star wars

1986

01:13:52,870 --> 01:13:50,800

[Laughter]

1987

01:13:55,270 --> 01:13:52,880

so but back to the consciousness

1988

01:13:57,030 --> 01:13:55,280

connection i am an engineer nuts and

1989

01:13:58,790 --> 01:13:57,040

bolts are my thing that's what brought

1990

01:14:01,030 --> 01:13:58,800

me into this topic that's what i like to

1991

01:14:03,430 --> 01:14:01,040

obsess about but listening to grant

1992

01:14:05,669 --> 01:14:03,440

cameron talk has kind of opened up my

1993

01:14:07,830 --> 01:14:05,679

aperture and made me start to consider

1994

01:14:10,310 --> 01:14:07,840

some additional things and with lou

1995

01:14:12,070 --> 01:14:10,320

elizondo talking about a link between

1996

01:14:15,030 --> 01:14:12,080

quantum

1997

01:14:17,590 --> 01:14:15,040

physics and consciousness is another

1998

01:14:20,470 --> 01:14:17,600

layer all together so when i when i when

1999

01:14:22,229 --> 01:14:20,480

i talk andy when i think about computers

2000

01:14:24,470 --> 01:14:22,239

the most important part of a computer is

2001
01:14:26,709 --> 01:14:24,480
the smallest part the microchip when i

2002
01:14:28,550 --> 01:14:26,719
think about our physical being the most

2003
01:14:31,189 --> 01:14:28,560
important part of our physical being is

2004
01:14:34,149 --> 01:14:31,199
our dna the smaller you go the more

2005
01:14:35,669 --> 01:14:34,159
important the building blocks are to the

2006
01:14:37,990 --> 01:14:35,679
final product

2007
01:14:39,750 --> 01:14:38,000
so so i feel like we're on the cusp of

2008
01:14:40,709 --> 01:14:39,760
starting to drill down

2009
01:14:43,110 --> 01:14:40,719
into

2010
01:14:44,390 --> 01:14:43,120
the quantum realm which is going to

2011
01:14:46,149 --> 01:14:44,400
allow us to

2012
01:14:48,630 --> 01:14:46,159
manipulate things in a way that are

2013
01:14:50,390 --> 01:14:48,640

going to seem like magic to us now

2014

01:14:52,390 --> 01:14:50,400

but after we figure it out maybe it

2015

01:14:54,550 --> 01:14:52,400

won't feel that way maybe it will allow

2016

01:14:55,990 --> 01:14:54,560

us to modulate time

2017

01:14:58,310 --> 01:14:56,000

forward and backwards slightly which

2018

01:14:59,910 --> 01:14:58,320

would allow us to vanish into thin air

2019

01:15:02,709 --> 01:14:59,920

it from the perception of someone that

2020

01:15:04,950 --> 01:15:02,719

can't do that so that's that's my and

2021

01:15:07,830 --> 01:15:04,960

potentially the only way to actually

2022

01:15:08,550 --> 01:15:07,840

interact with the source code quantum

2023

01:15:10,390 --> 01:15:08,560

is

2024

01:15:11,189 --> 01:15:10,400

maybe it's consciousness maybe that's

2025

01:15:13,350 --> 01:15:11,199

how

2026

01:15:16,550 --> 01:15:13,360

we interface with the quantum levels of

2027

01:15:19,110 --> 01:15:16,560

our world and our reality

2028

01:15:21,350 --> 01:15:19,120

okay guys uh i just want to i wanted to

2029

01:15:24,149 --> 01:15:21,360

we got an outro ashley i just want to

2030

01:15:27,110 --> 01:15:24,159

ask people to uh uh follow and

2031

01:15:28,950 --> 01:15:27,120

communicate with the divine uh is it at

2032

01:15:29,830 --> 01:15:28,960

divine daisy girl

2033

01:15:34,149 --> 01:15:29,840

yeah

2034

01:15:36,070 --> 01:15:34,159

okay say say yours give us your uh give

2035

01:15:36,950 --> 01:15:36,080

us your social media ashley we want to

2036

01:15:39,189 --> 01:15:36,960

hear you

2037

01:15:41,430 --> 01:15:39,199

it's at divine daisy girl it's literally

2038

01:15:43,669 --> 01:15:41,440

just random it's my dog's name and i

2039

01:15:45,910 --> 01:15:43,679

just wanted a random name

2040

01:15:47,669 --> 01:15:45,920

that's what it is she's divine and he's

2041

01:15:49,430 --> 01:15:47,679

called daisy

2042

01:15:50,790 --> 01:15:49,440

well thank you thank you so much we're

2043

01:15:52,630 --> 01:15:50,800

gonna we're gonna let you go and we're

2044

01:15:54,870 --> 01:15:52,640

gonna let andy go but before we let andy

2045

01:15:56,630 --> 01:15:54,880

go i just want to say to you um you're

2046

01:16:00,149 --> 01:15:56,640

really part of our initiative to not

2047

01:16:02,310 --> 01:16:00,159

only bring uh female voices uh to this

2048

01:16:04,470 --> 01:16:02,320

uh but also to bring people who aren't

2049

01:16:06,790 --> 01:16:04,480

known who aren't content creators don't

2050

01:16:08,390 --> 01:16:06,800

have a podcast or youtube but have

2051

01:16:10,470 --> 01:16:08,400

interesting thoughts and questions and i

2052

01:16:12,470 --> 01:16:10,480

think you demonstrated that here tonight

2053

01:16:13,990 --> 01:16:12,480

thank you so much for joining us and

2054

01:16:15,430 --> 01:16:14,000

bringing a great question to the group

2055

01:16:17,030 --> 01:16:15,440

namaste

2056

01:16:20,790 --> 01:16:17,040

thank you

2057

01:16:23,910 --> 01:16:20,800

thank great to have you with us as well

2058

01:16:26,790 --> 01:16:23,920

yeah andy uh the uh also you know i want

2059

01:16:31,110 --> 01:16:26,800

to say on on air here congratulations to

2060

01:16:33,510 --> 01:16:31,120

ucr luis michael rather andy dan for

2061

01:16:35,990 --> 01:16:33,520

being on kgra we really appreciate your

2062

01:16:38,870 --> 01:16:36,000

time andy we had a good uh we had a good

2063

01:16:41,110 --> 01:16:38,880

one today and uh we'll continue and um

2064

01:16:43,110 --> 01:16:41,120

it really is an honor to be able to uh

2065

01:16:45,270 --> 01:16:43,120

talk with you as much as i do

2066

01:16:47,830 --> 01:16:45,280

no thank you i could have gone hours and

2067

01:16:49,990 --> 01:16:47,840

and just a little i think kgre are also

2068

01:16:52,470 --> 01:16:50,000

lucky to have louise's show and and my

2069

01:16:54,310 --> 01:16:52,480

show as well so uh yeah but not to be

2070

01:16:55,830 --> 01:16:54,320

big headed but you know it's the

2071

01:16:57,270 --> 01:16:55,840

community's made them what they are and

2072

01:16:59,750 --> 01:16:57,280

those guys did a really great job over

2073

01:17:01,510 --> 01:16:59,760

there as well so uh all the crew knows a

2074

01:17:02,950 --> 01:17:01,520

lot of what goes into them so so yeah

2075

01:17:04,630 --> 01:17:02,960

but i know it's good to be on those and

2076

01:17:06,310 --> 01:17:04,640

listen it's it's great to be honest as

2077

01:17:08,070 --> 01:17:06,320

well with you guys and seeing nathan

2078

01:17:09,430 --> 01:17:08,080

kind of taking off and doing this thing

2079

01:17:11,270 --> 01:17:09,440

from some of the listener collins to

2080

01:17:12,709 --> 01:17:11,280

this is brilliant as well so i wish i

2081

01:17:14,709 --> 01:17:12,719

could actually done longer and at least

2082

01:17:16,630 --> 01:17:14,719

i enjoyed the chats as well on the crash

2083

01:17:17,750 --> 01:17:16,640

retrieval stuff in the team i could have

2084

01:17:19,750 --> 01:17:17,760

done that for hours we'll need to do it

2085

01:17:22,310 --> 01:17:19,760

one night on the when i've got more time

2086

01:17:24,310 --> 01:17:22,320

let's do it anytime i hope you enjoy you

2087

01:17:25,510 --> 01:17:24,320

guys enjoyed the format and we'll we'll

2088

01:17:27,189 --> 01:17:25,520

do it again

2089

01:17:30,470 --> 01:17:27,199

yeah cheers folks enjoy the rest of the

2090

01:17:34,149 --> 01:17:30,480

show later yeah see ya bye ashley

2091

01:17:37,590 --> 01:17:34,159

alright thanks for having me thank you

2092

01:17:39,830 --> 01:17:37,600

okay um so i think the only person left

2093

01:17:42,149 --> 01:17:39,840

to give a topic is nathan i think it's

2094

01:17:44,709 --> 01:17:42,159

me yeah that's me yes sir please all

2095

01:17:45,400 --> 01:17:44,719

righty here we go uh start the timer on

2096

01:17:47,590 --> 01:17:45,410

myself here

2097

01:17:50,550 --> 01:17:47,600

[Laughter]

2098

01:17:51,430 --> 01:17:50,560

i'm the timer control guy all right

2099

01:17:52,950 --> 01:17:51,440

so

2100

01:17:54,390 --> 01:17:52,960

uh i could go on this either way with

2101

01:17:56,790 --> 01:17:54,400

this but the phenomenon doesn't care

2102

01:17:59,030 --> 01:17:56,800

about human affairs its interest in our

2103

01:18:02,070 --> 01:17:59,040

nukes is not of our out of concern for

2104

01:18:04,310 --> 01:18:02,080

us but rather for itself if it has

2105

01:18:06,709 --> 01:18:04,320

influenced the world's religions as tom

2106

01:18:08,709 --> 01:18:06,719

de long has stated it has not done so

2107

01:18:11,189 --> 01:18:08,719

purposefully but rather it has simply

2108

01:18:14,310 --> 01:18:11,199

let us do the work ourselves because

2109

01:18:15,430 --> 01:18:14,320

humans are meaning making biological

2110

01:18:17,350 --> 01:18:15,440

machines

2111

01:18:19,750 --> 01:18:17,360

we use the lang the technology of

2112

01:18:22,229 --> 01:18:19,760

language to tell simple stories in order

2113

01:18:24,310 --> 01:18:22,239

to make sense of a complex world our

2114

01:18:26,709 --> 01:18:24,320

best storytellers end up becoming

2115

01:18:29,189 --> 01:18:26,719

priests and politicians and throughout

2116

01:18:31,830 --> 01:18:29,199

history we have grappled with phenomenal

2117

01:18:34,550 --> 01:18:31,840

experiences and crafted entire world

2118

01:18:37,189 --> 01:18:34,560

views in an attempt to control them

2119

01:18:39,750 --> 01:18:37,199

as such if the phenomenon reveals itself

2120

01:18:43,030 --> 01:18:39,760

to humanity on a mass scale we should

2121

01:18:45,430 --> 01:18:43,040

all be very wary because for so long it

2122

01:18:47,669 --> 01:18:45,440

has purposefully been evasive

2123

01:18:50,709 --> 01:18:47,679

if it comes out on the world stage it is

2124

01:18:53,910 --> 01:18:50,719

doing so on its own terms therefore we

2125

01:18:56,070 --> 01:18:53,920

must decide how it can be trusted if we

2126

01:18:58,470 --> 01:18:56,080

are not careful we will run the risk of

2127

01:19:00,870 --> 01:18:58,480

locking ourselves up in a prison of our

2128

01:19:03,270 --> 01:19:00,880

own design and if we are lucky the

2129

01:19:04,709 --> 01:19:03,280

phenomenon will not be a singular

2130

01:19:07,030 --> 01:19:04,719

intelligence

2131

01:19:09,669 --> 01:19:07,040

any additional intelligent party will

2132

01:19:11,430 --> 01:19:09,679

allow humanity to better judge what is

2133

01:19:14,229 --> 01:19:11,440

really going on

2134

01:19:16,630 --> 01:19:14,239

regardless we must accept that we are

2135

01:19:19,270 --> 01:19:16,640

operating at an asymmetrical

2136

01:19:23,910 --> 01:19:19,280

disadvantage and i hope i'm wrong

2137

01:19:25,990 --> 01:19:23,920

how can we trust the phenomenon

2138

01:19:27,189 --> 01:19:26,000

wow i just want to say before anybody

2139

01:19:28,950 --> 01:19:27,199

talks that

2140

01:19:30,149 --> 01:19:28,960

you guys if you wonder why nathan's my

2141

01:19:33,350 --> 01:19:30,159

co-host because he has brilliant

2142

01:19:35,990 --> 01:19:33,360

thoughts like that please go ahead dan

2143

01:19:38,870 --> 01:19:36,000

i don't know if i will personally ever

2144

01:19:40,390 --> 01:19:38,880

be able to 100 trust them um i think it

2145

01:19:41,189 --> 01:19:40,400

would end up being

2146

01:19:42,550 --> 01:19:41,199

um

2147

01:19:45,030 --> 01:19:42,560

what does the

2148

01:19:47,270 --> 01:19:45,040

mass of the population lean towards

2149

01:19:49,189 --> 01:19:47,280

we're more or less uh

2150

01:19:51,350 --> 01:19:49,199

we live in a democracy we call it that

2151

01:19:52,709 --> 01:19:51,360

still it's mob rule it seems like more

2152

01:19:54,630 --> 01:19:52,719

and more every day

2153

01:19:57,189 --> 01:19:54,640

uh but that's going to be kind of where

2154

01:19:58,229 --> 01:19:57,199

the wind blows when it comes to trusting

2155

01:20:00,709 --> 01:19:58,239

this thing or not there's going to be

2156

01:20:02,390 --> 01:20:00,719

people that are all on board and there's

2157

01:20:04,630 --> 01:20:02,400

going to be people that never are going

2158

01:20:06,950 --> 01:20:04,640

to give it a chance so we're going to

2159

01:20:08,550 --> 01:20:06,960

see just like every other aspect of

2160

01:20:10,390 --> 01:20:08,560

humanity there's always going to be a

2161

01:20:13,430 --> 01:20:10,400

spectrum of responses

2162

01:20:16,470 --> 01:20:13,440

um do i think that we're ever going to

2163

01:20:19,510 --> 01:20:16,480

across the board trust it no i don't see

2164

01:20:21,510 --> 01:20:19,520

that happening at all and i want to i

2165

01:20:23,669 --> 01:20:21,520

want to yield my time to exo academy

2166

01:20:24,790 --> 01:20:23,679

damien because he is the guy

2167

01:20:26,390 --> 01:20:24,800

yeah

2168

01:20:28,310 --> 01:20:26,400

i just listened to his podcast about

2169

01:20:30,070 --> 01:20:28,320

this very thing so it's like he's the

2170

01:20:32,390 --> 01:20:30,080

guy of all of us that should be talking

2171

01:20:35,990 --> 01:20:32,400

about this the most yeah but other than

2172

01:20:37,189 --> 01:20:36,000

that i i personally um

2173

01:20:38,629 --> 01:20:37,199

until

2174

01:20:41,590 --> 01:20:38,639

i feel like what you guys have said

2175

01:20:44,390 --> 01:20:41,600

before um until you have your experience

2176
01:20:45,910 --> 01:20:44,400
and it touches you and you become a

2177
01:20:48,470 --> 01:20:45,920
instead of a believer you become a

2178
01:20:50,709 --> 01:20:48,480
knower then you're just speculating on

2179
01:20:52,070 --> 01:20:50,719
what your response is going to be so i

2180
01:20:54,550 --> 01:20:52,080
can say all day that i'm not going to

2181
01:20:56,629 --> 01:20:54,560
trust them but if i have a chris bledsoe

2182
01:20:57,910 --> 01:20:56,639
type experience experience there's going

2183
01:21:00,070 --> 01:20:57,920
to be a big chance that i'm going to be

2184
01:21:02,310 --> 01:21:00,080
like look she's been here since the

2185
01:21:04,709 --> 01:21:02,320
egyptian times and everything's gone

2186
01:21:07,270 --> 01:21:04,719
great let's see let's just let's give

2187
01:21:10,070 --> 01:21:07,280
her a chance so it's gonna vary from

2188
01:21:11,590 --> 01:21:10,080

just like everything else in life

2189

01:21:12,950 --> 01:21:11,600

nice

2190

01:21:15,030 --> 01:21:12,960

uh dj

2191

01:21:16,790 --> 01:21:15,040

yes sir uh i just want to say the one

2192

01:21:18,470 --> 01:21:16,800

thing that i wanted to bring out and i

2193

01:21:20,550 --> 01:21:18,480

just wasn't able to get in there that's

2194

01:21:22,870 --> 01:21:20,560

interesting is the people who have had

2195

01:21:25,430 --> 01:21:22,880

the two most prodigious most interesting

2196

01:21:27,590 --> 01:21:25,440

experience was luis and andy and it's

2197

01:21:30,070 --> 01:21:27,600

ironic they have these two giant shows

2198

01:21:32,870 --> 01:21:30,080

in our community and both of them have

2199

01:21:36,470 --> 01:21:32,880

had an experience that's very up close

2200

01:21:39,030 --> 01:21:36,480

very personal and was not just a five

2201

01:21:40,629 --> 01:21:39,040

second or two second thing like i had so

2202

01:21:41,590 --> 01:21:40,639

i find that very interesting luis i

2203

01:21:43,270 --> 01:21:41,600

don't know if you've ever thought about

2204

01:21:46,149 --> 01:21:43,280

that but you and andy

2205

01:21:47,990 --> 01:21:46,159

um yeah that's a good point anyway uh i

2206

01:21:50,390 --> 01:21:48,000

i have to agree with what you said i

2207

01:21:53,110 --> 01:21:50,400

find that just like if this if if the

2208

01:21:55,910 --> 01:21:53,120

way we should approach ufos is is uh we

2209

01:21:57,430 --> 01:21:55,920

could use the life as a metaphor that's

2210

01:21:59,750 --> 01:21:57,440

being somewhere in the middle being

2211

01:22:01,669 --> 01:21:59,760

somewhere in that gray uh we're

2212

01:22:03,189 --> 01:22:01,679

accepting we're open to what might

2213

01:22:05,350 --> 01:22:03,199

happen and what we might be able to

2214

01:22:07,990 --> 01:22:05,360

glean from them but as dan said i'm not

2215

01:22:10,310 --> 01:22:08,000

gonna necessarily fully trust them i

2216

01:22:13,110 --> 01:22:10,320

think uh that can put you in a dangerous

2217

01:22:14,790 --> 01:22:13,120

situation uh and so i think that's where

2218

01:22:17,189 --> 01:22:14,800

i would i would line up is i would be

2219

01:22:20,229 --> 01:22:17,199

somewhere in the middle on that and and

2220

01:22:22,709 --> 01:22:20,239

i would say that okay uh i'm open to

2221

01:22:24,470 --> 01:22:22,719

communication and see uh what you what

2222

01:22:26,870 --> 01:22:24,480

can you prove to us we're intelligent

2223

01:22:29,189 --> 01:22:26,880

beings as well we can ascertain whether

2224

01:22:30,950 --> 01:22:29,199

or not we're being taken advantage of in

2225

01:22:33,510 --> 01:22:30,960

some way and then at the same time we

2226

01:22:35,750 --> 01:22:33,520

also need to uh restrict what we give

2227

01:22:37,590 --> 01:22:35,760

them access to

2228

01:22:39,830 --> 01:22:37,600

got it james

2229

01:22:41,510 --> 01:22:39,840

yeah i actually i did a video on this on

2230

01:22:43,910 --> 01:22:41,520

my on the engaging the phenomenon

2231

01:22:45,030 --> 01:22:43,920

channel called um the phenomenon is

2232

01:22:47,030 --> 01:22:45,040

accountable

2233

01:22:50,149 --> 01:22:47,040

and uh what i mean by that is that the

2234

01:22:53,430 --> 01:22:50,159

phenomenon is accountable in in a sense

2235

01:22:55,990 --> 01:22:53,440

for our perception of it and you know

2236

01:22:57,030 --> 01:22:56,000

because it's obviously advanced

2237

01:22:59,030 --> 01:22:57,040

um

2238

01:23:01,110 --> 01:22:59,040

you know it

2239

01:23:04,229 --> 01:23:01,120

we we shouldn't be putting ourselves in

2240

01:23:06,550 --> 01:23:04,239

a situation where we even need to trust

2241

01:23:07,910 --> 01:23:06,560

the phenomenon we i mean

2242

01:23:08,950 --> 01:23:07,920

we just shouldn't put ourselves in that

2243

01:23:09,830 --> 01:23:08,960

position

2244

01:23:13,110 --> 01:23:09,840

um

2245

01:23:15,990 --> 01:23:13,120

there's no reason to and again if if

2246

01:23:18,550 --> 01:23:16,000

the phenomenon you know let's you know

2247

01:23:19,510 --> 01:23:18,560

whether singular or plural you know if

2248

01:23:22,070 --> 01:23:19,520

we're talking about different

2249

01:23:23,750 --> 01:23:22,080

intelligences and phenomena you know we

2250

01:23:26,310 --> 01:23:23,760

have to consider

2251

01:23:28,550 --> 01:23:26,320

um you know do they have different kind

2252

01:23:30,870 --> 01:23:28,560

of agendas so to speak

2253

01:23:33,430 --> 01:23:30,880

and um

2254

01:23:35,830 --> 01:23:33,440

i think that

2255

01:23:38,310 --> 01:23:35,840

uh you know our relationship with that

2256

01:23:40,229 --> 01:23:38,320

has to be um you know built on

2257

01:23:42,310 --> 01:23:40,239

communication and experience and that's

2258

01:23:43,590 --> 01:23:42,320

something that's gonna take time

2259

01:23:46,470 --> 01:23:43,600

um

2260

01:23:49,750 --> 01:23:48,550

you know i'm open to the idea of contact

2261

01:23:51,189 --> 01:23:49,760

that's why

2262

01:23:56,629 --> 01:23:51,199

i um

2263

01:24:00,550 --> 01:23:58,709

oh we lost james we'll get him back his

2264

01:24:02,629 --> 01:24:00,560

time when he comes back there he goes

2265

01:24:03,910 --> 01:24:02,639

james go ahead please continue

2266

01:24:05,990 --> 01:24:03,920

i was gonna say even though i've i've

2267

01:24:07,590 --> 01:24:06,000

had personally positive experiences i

2268

01:24:09,990 --> 01:24:07,600

can't you know

2269

01:24:11,750 --> 01:24:10,000

i can't assume that it means that uh you

2270

01:24:15,110 --> 01:24:11,760

know the phenomenon is

2271

01:24:17,990 --> 01:24:15,120

um you know overtly uh positive towards

2272

01:24:19,590 --> 01:24:18,000

humanity altogether

2273

01:24:23,270 --> 01:24:19,600

yeah

2274

01:24:25,990 --> 01:24:23,280

and again we shouldn't try to just come

2275

01:24:28,070 --> 01:24:26,000

to conclusions based on such limited

2276

01:24:30,550 --> 01:24:28,080

information and experience that we have

2277

01:24:32,149 --> 01:24:30,560

all together yeah we can't presume to

2278

01:24:33,750 --> 01:24:32,159

know right right

2279

01:24:35,030 --> 01:24:33,760

louise

2280

01:24:36,390 --> 01:24:35,040

um

2281

01:24:39,830 --> 01:24:36,400

well i could

2282

01:24:42,470 --> 01:24:39,840

it seems like whatever the phenomena is

2283

01:24:45,910 --> 01:24:42,480

it has a huge ego

2284

01:24:48,070 --> 01:24:45,920

huge ego and that kind of worries me you

2285

01:24:50,229 --> 01:24:48,080

know it's like this idea that it it

2286

01:24:51,750 --> 01:24:50,239

doesn't care

2287

01:24:54,550 --> 01:24:51,760

what you think

2288

01:24:55,430 --> 01:24:54,560

my biggest fear is that

2289

01:24:58,470 --> 01:24:55,440

it's

2290

01:25:00,790 --> 01:24:58,480

just a reflection of us it is

2291

01:25:03,030 --> 01:25:00,800

there's just as many opinions there are

2292

01:25:05,590 --> 01:25:03,040

just many hard heads there's just as

2293

01:25:07,270 --> 01:25:05,600

many uh staunch believers there's just

2294

01:25:09,189 --> 01:25:07,280

as much chaos

2295

01:25:11,430 --> 01:25:09,199

and conflict that would be my biggest

2296

01:25:13,750 --> 01:25:11,440

fear and that we're sort of being

2297

01:25:15,990 --> 01:25:13,760

engaged by all of these things and there

2298

01:25:17,110 --> 01:25:16,000

is no order there is no permission there

2299

01:25:21,830 --> 01:25:17,120

is no

2300

01:25:25,350 --> 01:25:21,840

you get a choice and i think that's

2301
01:25:27,590 --> 01:25:25,360
terrifying yeah that's terrifying um

2302
01:25:29,430 --> 01:25:27,600
it's even worse than

2303
01:25:31,990 --> 01:25:29,440
you know this idea we're fishing an

2304
01:25:34,070 --> 01:25:32,000
ocean and when we get caught and thrown

2305
01:25:36,550 --> 01:25:34,080
back like do we go back and talk to the

2306
01:25:38,070 --> 01:25:36,560
other fish about it like it's even worse

2307
01:25:39,750 --> 01:25:38,080
than that it's like you don't get a

2308
01:25:41,430 --> 01:25:39,760
choice you're in the net and it's going

2309
01:25:42,790 --> 01:25:41,440
to skin you and

2310
01:25:44,070 --> 01:25:42,800
mess with you and

2311
01:25:47,750 --> 01:25:44,080
throw you back

2312
01:25:52,470 --> 01:25:49,590
i don't again like i don't know if we

2313
01:25:54,629 --> 01:25:52,480

want to know i think it's almost like

2314

01:25:56,229 --> 01:25:54,639

you know do you want to take the red

2315

01:25:57,590 --> 01:25:56,239

pill or the blue pill

2316

01:25:59,189 --> 01:25:57,600

and the in

2317

01:26:01,510 --> 01:25:59,199

order you just you know just eat your

2318

01:26:04,070 --> 01:26:01,520

steak and drink your wine and

2319

01:26:06,070 --> 01:26:04,080

and love your family and just

2320

01:26:09,590 --> 01:26:06,080

just stick to that you know that would

2321

01:26:11,430 --> 01:26:09,600

be my biggest fear right i think we all

2322

01:26:13,590 --> 01:26:11,440

do want to know because that's why we've

2323

01:26:15,750 --> 01:26:13,600

engaged with the phenomenon to use

2324

01:26:17,750 --> 01:26:15,760

james's moniker

2325

01:26:19,110 --> 01:26:17,760

so we all want to know we want to know

2326

01:26:20,790 --> 01:26:19,120

otherwise the people that don't want to

2327

01:26:22,229 --> 01:26:20,800

know are eating steak they're having

2328

01:26:24,550 --> 01:26:22,239

barbecues and like who cares there's a

2329

01:26:27,110 --> 01:26:24,560

bunch of wackos talking about ufos and

2330

01:26:30,070 --> 01:26:27,120

we're and we are those wackos yeah but

2331

01:26:32,229 --> 01:26:30,080

we're not wackos no because because as

2332

01:26:34,149 --> 01:26:32,239

as lou said it's not a question of

2333

01:26:35,350 --> 01:26:34,159

whether or not they're here we now have

2334

01:26:37,350 --> 01:26:35,360

to figure out why they're here what

2335

01:26:39,270 --> 01:26:37,360

they're doing what they want but that

2336

01:26:40,629 --> 01:26:39,280

we're wait his he said we're way past

2337

01:26:42,629 --> 01:26:40,639

that

2338

01:26:44,790 --> 01:26:42,639

or even like when mitchucaku says it's

2339

01:26:46,709 --> 01:26:44,800

on it's now on the government to

2340

01:26:51,270 --> 01:26:46,719

disprove they're real

2341

01:26:54,390 --> 01:26:52,629

because we could just like do it like

2342

01:26:59,590 --> 01:26:54,400

the howard stern show play it like i

2343

01:27:02,870 --> 01:27:01,270

anyway all right closing statements

2344

01:27:05,189 --> 01:27:02,880

everybody

2345

01:27:07,669 --> 01:27:05,199

uh let's see dan

2346

01:27:09,350 --> 01:27:07,679

uh do a one minute closing statement

2347

01:27:11,110 --> 01:27:09,360

uh i don't know what to talk about

2348

01:27:12,550 --> 01:27:11,120

except thanks for having me on it's good

2349

01:27:14,070 --> 01:27:12,560

to see all these faces again nice to

2350

01:27:15,590 --> 01:27:14,080

meet you for the first time james and

2351

01:27:18,070 --> 01:27:15,600

andy i know you had to cut out early but

2352

01:27:20,070 --> 01:27:18,080

nice to meet you in person uh i've

2353

01:27:21,669 --> 01:27:20,080

enjoyed listening to everybody's content

2354

01:27:24,950 --> 01:27:21,679

that they've been producing so it's it's

2355

01:27:27,669 --> 01:27:24,960

been a fun ride over the last

2356

01:27:29,270 --> 01:27:27,679

well let's call it 2017 and on

2357

01:27:32,149 --> 01:27:29,280

let's hope for another

2358

01:27:33,750 --> 01:27:32,159

continuing wild ride going forward and

2359

01:27:36,310 --> 01:27:33,760

just make sure that we

2360

01:27:37,750 --> 01:27:36,320

all remain humble when people approach

2361

01:27:40,070 --> 01:27:37,760

us that are not

2362

01:27:41,910 --> 01:27:40,080

knowledgeable as we are on this topic

2363

01:27:44,229 --> 01:27:41,920

that we don't just dismiss them outright

2364

01:27:46,390 --> 01:27:44,239

because they are not on level with us

2365

01:27:49,030 --> 01:27:46,400

we need to be the teachers moving

2366

01:27:50,390 --> 01:27:49,040

forward the educators moving forward as

2367

01:27:53,270 --> 01:27:50,400

best we can

2368

01:27:55,350 --> 01:27:53,280

and i hope that we all understand that

2369

01:27:57,030 --> 01:27:55,360

this is kind of the uh the downer side

2370

01:27:58,950 --> 01:27:57,040

of this conversation

2371

01:28:00,470 --> 01:27:58,960

this is a temporary thing for us i feel

2372

01:28:02,390 --> 01:28:00,480

like there are going to be people to

2373

01:28:03,910 --> 01:28:02,400

pick the torch up that are better that

2374

01:28:05,189 --> 01:28:03,920

are better looking than us let's face it

2375

01:28:06,629 --> 01:28:05,199

guys

2376

01:28:08,629 --> 01:28:06,639

as well as better

2377

01:28:10,629 --> 01:28:08,639

video content creators more thorough

2378

01:28:12,629 --> 01:28:10,639

researchers when the general public

2379

01:28:14,870 --> 01:28:12,639

catches on to this so this is a moment

2380

01:28:16,229 --> 01:28:14,880

in time that we're sharing together as a

2381

01:28:18,390 --> 01:28:16,239

community

2382

01:28:19,990 --> 01:28:18,400

that will never be repeated again so i

2383

01:28:22,310 --> 01:28:20,000

appreciate i'm glad to be able to share

2384

01:28:24,229 --> 01:28:22,320

with you guys and the rest of the ufo

2385

01:28:26,310 --> 01:28:24,239

twitter community and everybody out

2386

01:28:29,030 --> 01:28:26,320

there uh so just thank you for having me

2387

01:28:31,030 --> 01:28:29,040

on

2388

01:28:32,709 --> 01:28:31,040

james

2389

01:28:34,390 --> 01:28:32,719

yeah again renault really uh thanks for

2390

01:28:36,629 --> 01:28:34,400

having us on thanks for putting together

2391

01:28:38,470 --> 01:28:36,639

this panel thanks for you know helping

2392

01:28:41,350 --> 01:28:38,480

continue the discussion

2393

01:28:43,189 --> 01:28:41,360

um now i'd like to say you know although

2394

01:28:46,470 --> 01:28:43,199

i guess you could say humanity is being

2395

01:28:48,149 --> 01:28:46,480

presented with this um you know question

2396

01:28:50,550 --> 01:28:48,159

um yeah

2397

01:28:51,270 --> 01:28:50,560

i'm optimistic but i i like to look at

2398

01:28:59,350 --> 01:28:51,280

it

2399

01:29:00,550 --> 01:28:59,360

uh so i i think that

2400

01:29:01,590 --> 01:29:00,560

you know this

2401
01:29:02,629 --> 01:29:01,600
problem

2402
01:29:04,310 --> 01:29:02,639
um

2403
01:29:05,350 --> 01:29:04,320
can can be a

2404
01:29:07,350 --> 01:29:05,360
a great

2405
01:29:11,030 --> 01:29:07,360
you know obstacle for humanity to

2406
01:29:13,590 --> 01:29:11,040
overcome together hopefully uh and i i

2407
01:29:15,990 --> 01:29:13,600
think it you know presents uh a

2408
01:29:18,709 --> 01:29:16,000
tremendous paradigm shift

2409
01:29:20,390 --> 01:29:18,719
um you know to quote christina gomez

2410
01:29:22,870 --> 01:29:20,400
from shifting the paradigm

2411
01:29:24,709 --> 01:29:22,880
uh you know in in so many different ways

2412
01:29:26,709 --> 01:29:24,719
and so many different facets and in ways

2413
01:29:29,110 --> 01:29:26,719

that we can't even um

2414

01:29:31,510 --> 01:29:29,120

technically perceive currently

2415

01:29:33,990 --> 01:29:31,520

and it's almost like the the next phase

2416

01:29:36,229 --> 01:29:34,000

of humanity so you know i like to

2417

01:29:38,629 --> 01:29:36,239

acknowledge and honor and appreciate

2418

01:29:40,229 --> 01:29:38,639

you know everybody who's um in a sense

2419

01:29:42,070 --> 01:29:40,239

put their neck out there

2420

01:29:45,430 --> 01:29:42,080

uh talking about the subject and

2421

01:29:47,350 --> 01:29:45,440

researching and and and sharing um you

2422

01:29:48,629 --> 01:29:47,360

know what they think to be valid true

2423

01:29:50,709 --> 01:29:48,639

information

2424

01:29:52,390 --> 01:29:50,719

and uh you know carrying the torch so

2425

01:29:54,070 --> 01:29:52,400

thank you everybody

2426
01:29:54,790 --> 01:29:54,080
thank you james

2427
01:29:58,310 --> 01:29:54,800
louise

2428
01:30:01,510 --> 01:29:59,669
i just

2429
01:30:03,510 --> 01:30:01,520
thank you for having me

2430
01:30:05,270 --> 01:30:03,520
it was fun

2431
01:30:07,750 --> 01:30:05,280
it was it was a real blast man i mean

2432
01:30:09,590 --> 01:30:07,760
yeah those guys said it best um i've

2433
01:30:12,310 --> 01:30:09,600
gotten really nothing past that to

2434
01:30:14,550 --> 01:30:12,320
articulate other than thank you um thank

2435
01:30:15,590 --> 01:30:14,560
you yeah it was a lot of fun

2436
01:30:17,189 --> 01:30:15,600
nice

2437
01:30:18,709 --> 01:30:17,199
yeah i mean this is a an important

2438
01:30:20,390 --> 01:30:18,719

conversation and i'm glad that we're

2439

01:30:21,830 --> 01:30:20,400

having it and we need to do more of it

2440

01:30:23,510 --> 01:30:21,840

right we

2441

01:30:25,750 --> 01:30:23,520

kind of tend to look at this format i

2442

01:30:28,950 --> 01:30:25,760

think in through the lens of sort of

2443

01:30:30,629 --> 01:30:28,960

marketing or entertainment but in truth

2444

01:30:33,430 --> 01:30:30,639

and particularly in the day in today's

2445

01:30:35,590 --> 01:30:33,440

day uh this is a format that allows us

2446

01:30:37,030 --> 01:30:35,600

to connect and connection is where we're

2447

01:30:38,709 --> 01:30:37,040

going to solve this problem

2448

01:30:41,030 --> 01:30:38,719

uh you know community is where we're

2449

01:30:42,790 --> 01:30:41,040

going to solve this problem um i was

2450

01:30:44,310 --> 01:30:42,800

listening today to

2451

01:30:47,590 --> 01:30:44,320

the

2452

01:30:49,270 --> 01:30:47,600

was really interesting i'd highly

2453

01:30:50,870 --> 01:30:49,280

recommend it if you like that podcast

2454

01:30:52,790 --> 01:30:50,880

check out that episode but one thing

2455

01:30:55,350 --> 01:30:52,800

that came to mind listening to that

2456

01:30:57,350 --> 01:30:55,360

amazing artist is that art is really

2457

01:31:00,390 --> 01:30:57,360

this kind of it's an it's an it's an

2458

01:31:02,709 --> 01:31:00,400

alchemy you know art is taking uh the

2459

01:31:05,110 --> 01:31:02,719

things that we know about our world and

2460

01:31:08,149 --> 01:31:05,120

it's refashioning them in ways that are

2461

01:31:10,390 --> 01:31:08,159

very personal that uh lead to you know

2462

01:31:12,310 --> 01:31:10,400

sort of beliefs and ideas and change the

2463

01:31:13,990 --> 01:31:12,320

trajectory of our civilization and

2464

01:31:15,830 --> 01:31:14,000

that's kind of what we are

2465

01:31:18,870 --> 01:31:15,840

doing with the with the crumbs that we

2466

01:31:20,790 --> 01:31:18,880

have from the phenomenon um and you know

2467

01:31:22,390 --> 01:31:20,800

is that is that guided or not i don't

2468

01:31:23,990 --> 01:31:22,400

know and maybe that's not the point the

2469

01:31:25,990 --> 01:31:24,000

point is that we still have to figure

2470

01:31:27,030 --> 01:31:26,000

out how we're going to do this

2471

01:31:29,350 --> 01:31:27,040

together

2472

01:31:31,030 --> 01:31:29,360

and i think we need to not lose sight of

2473

01:31:33,110 --> 01:31:31,040

that as we interact with each other

2474

01:31:34,709 --> 01:31:33,120

either on forums like this or on ufo

2475

01:31:36,470 --> 01:31:34,719

twitter but so grateful to have all of

2476

01:31:38,870 --> 01:31:36,480

you guys on and let's keep keep doing

2477

01:31:46,229 --> 01:31:41,510

uh yeah so that now you guys can clearly

2478

01:31:50,550 --> 01:31:48,470

right i mean he's just so he's just so

2479

01:31:51,750 --> 01:31:50,560

smart i love it he's everything i'm not

2480

01:31:52,950 --> 01:31:51,760

um

2481

01:31:56,550 --> 01:31:52,960

so

2482

01:31:58,709 --> 01:31:56,560

um but uh no i mean uh you guys know i i

2483

01:32:01,189 --> 01:31:58,719

have a very small contribution to make

2484

01:32:03,350 --> 01:32:01,199

in the community i don't have a lot of

2485

01:32:05,750 --> 01:32:03,360

areas where i can offer something other

2486

01:32:08,470 --> 01:32:05,760

than to just have a forum for discussion

2487

01:32:09,990 --> 01:32:08,480

whether that's here or on twitter spaces

2488

01:32:12,310 --> 01:32:10,000

um my

2489

01:32:13,750 --> 01:32:12,320

my area of expertise is like that as

2490

01:32:16,070 --> 01:32:13,760

i've told nathan it's like that

2491

01:32:18,390 --> 01:32:16,080

cheesecake and the healthy person at the

2492

01:32:20,390 --> 01:32:18,400

party goes up and takes the smallest

2493

01:32:22,229 --> 01:32:20,400

sliver and puts it on their plate and

2494

01:32:24,550 --> 01:32:22,239

you're like oh wow that's like a quarter

2495

01:32:27,110 --> 01:32:24,560

of an inch thick that's kind of like my

2496

01:32:28,950 --> 01:32:27,120

what i can contribute uh as with any

2497

01:32:30,950 --> 01:32:28,960

degree of expertise at all the rest of

2498

01:32:32,390 --> 01:32:30,960

it i'm just listening i'm learning from

2499

01:32:34,390 --> 01:32:32,400

people who are

2500

01:32:37,430 --> 01:32:34,400

intelligent in in these many other

2501

01:32:39,350 --> 01:32:37,440

facets of the phenomenon and uh it is

2502

01:32:41,750 --> 01:32:39,360

wonderful to be able to connect with all

2503

01:32:43,590 --> 01:32:41,760

of you on different mediums that that we

2504

01:32:45,910 --> 01:32:43,600

communicate on and i communicate with

2505

01:32:47,910 --> 01:32:45,920

you on different mediums but uh the fact

2506

01:32:50,390 --> 01:32:47,920

that i'm able to do that so i can get

2507

01:32:52,390 --> 01:32:50,400

ideas throw out some ideas have them

2508

01:32:55,350 --> 01:32:52,400

thrown back at me have me rethink those

2509

01:32:57,189 --> 01:32:55,360

ideas and get a greater understanding of

2510

01:32:59,350 --> 01:32:57,199

what we're dealing with and only as

2511

01:33:01,189 --> 01:32:59,360

nathan said together is how we're going

2512

01:33:03,030 --> 01:33:01,199

to all figure this out nobody's going to

2513

01:33:04,550 --> 01:33:03,040

be the singular poll that's going to

2514

01:33:06,790 --> 01:33:04,560

figure that out

2515

01:33:08,550 --> 01:33:06,800

i also wanted to just ask you quickly

2516

01:33:11,830 --> 01:33:08,560

before i say goodbye what did you think

2517

01:33:14,709 --> 01:33:12,950

it was cool

2518

01:33:16,070 --> 01:33:14,719

that was kind of funny i mean i wish i

2519

01:33:18,950 --> 01:33:16,080

could make it a little smaller like a

2520

01:33:20,470 --> 01:33:18,960

tiny time tinier timer um the way share

2521

01:33:22,310 --> 01:33:20,480

content works it kind of prevented me

2522

01:33:24,149 --> 01:33:22,320

from doing that but i thought it was

2523

01:33:26,870 --> 01:33:24,159

kind of nice kept a little little snappy

2524

01:33:28,790 --> 01:33:26,880

you know yeah i think we tend to hone in

2525

01:33:30,310 --> 01:33:28,800

on one particular topic and it seems

2526

01:33:32,390 --> 01:33:30,320

like it was crash retrievals this time

2527

01:33:34,550 --> 01:33:32,400

so it it almost seems like it should be

2528

01:33:37,110 --> 01:33:34,560

a little instead of random a little bit

2529

01:33:38,790 --> 01:33:37,120

more focused just yeah just to get

2530

01:33:40,229 --> 01:33:38,800

everybody prepared because

2531

01:33:42,229 --> 01:33:40,239

i think we all have a lot to say about

2532

01:33:47,350 --> 01:33:42,239

this but that's a great point i like the

2533

01:33:49,750 --> 01:33:47,360

short concise responses format mm-hmm

2534

01:33:52,070 --> 01:33:49,760

we're taking crash retrieval for action

2535

01:33:54,629 --> 01:33:52,080

for crash retrieval week in response to

2536

01:33:56,310 --> 01:33:54,639

your request uh and obviously that was

2537

01:33:58,229 --> 01:33:56,320

the hot button topic but it wasn't the

2538

01:34:00,149 --> 01:33:58,239

only topic but what did you think of the

2539

01:34:03,910 --> 01:34:00,159

timed format

2540

01:34:05,830 --> 01:34:03,920

um it was it was good um i i do better

2541

01:34:07,030 --> 01:34:05,840

off a timed thing like that just

2542

01:34:08,550 --> 01:34:07,040

personally

2543

01:34:10,470 --> 01:34:08,560

uh but that's just

2544

01:34:12,229 --> 01:34:10,480

my my own nature i'm kind of just

2545

01:34:13,990 --> 01:34:12,239

sporadic so

2546

01:34:16,550 --> 01:34:14,000

uh any any conditions like that

2547

01:34:19,350 --> 01:34:16,560

personally for me are restricting to to

2548

01:34:20,550 --> 01:34:19,360

how i interact personally that's just my

2549

01:34:22,310 --> 01:34:20,560

own

2550

01:34:23,990 --> 01:34:22,320

you've been invited on for you could

2551
01:34:26,470 --> 01:34:24,000
have an hour and a half of just staying

2552
01:34:38,070 --> 01:34:26,480
james diane doley we put that out to you

2553
01:34:42,629 --> 01:34:40,070
and he can talk for the entire hour and

2554
01:34:45,030 --> 01:34:42,639
a half but what what this was born from

2555
01:34:47,270 --> 01:34:45,040
is i think luis saw when when andy was

2556
01:34:48,950 --> 01:34:47,280
on with danny sheehan he talked for like

2557
01:34:50,870 --> 01:34:48,960
uh most of their time so i was like oh

2558
01:34:52,070 --> 01:34:50,880
let's make a timer so that way nobody

2559
01:34:54,390 --> 01:34:52,080
can do that

2560
01:34:56,149 --> 01:34:54,400
yeah filibuster well not the same thing

2561
01:34:59,590 --> 01:34:56,159
happened to me with the stephen bassett

2562
01:35:01,590 --> 01:34:59,600
on the first big phone home right

2563
01:35:03,510 --> 01:35:01,600

he just wrecked me yeah which is cool

2564

01:35:04,470 --> 01:35:03,520

you know he has better things to say

2565

01:35:07,189 --> 01:35:04,480

um

2566

01:35:09,189 --> 01:35:07,199

but uh everybody's i'm just saying i i

2567

01:35:10,070 --> 01:35:09,199

like it personally like as a viewer i

2568

01:35:15,430 --> 01:35:10,080

like it

2569

01:35:16,470 --> 01:35:15,440

but for me the way i operate i'm like

2570

01:35:18,709 --> 01:35:16,480

i i

2571

01:35:19,910 --> 01:35:18,719

i'm i'm like i'm going to be more like

2572

01:35:21,669 --> 01:35:19,920

off the cuff

2573

01:35:23,270 --> 01:35:21,679

so like

2574

01:35:25,669 --> 01:35:23,280

that's i mean again that's just me i'm

2575

01:35:27,669 --> 01:35:25,679

like in a quantum realm over here yeah

2576

01:35:29,669 --> 01:35:27,679

well you're you're such a i mean when

2577

01:35:31,510 --> 01:35:29,679

you're when you're spreading uh the

2578

01:35:32,790 --> 01:35:31,520

thoughts of the research in the in the

2579

01:35:34,629 --> 01:35:32,800

stuff that you've read and the people

2580

01:35:37,590 --> 01:35:34,639

that you've worked with it's a

2581

01:35:39,590 --> 01:35:37,600

it's a much bigger plane than a cessna

2582

01:35:41,270 --> 01:35:39,600

you know this is like a c-130 trying to

2583

01:35:43,430 --> 01:35:41,280

land and you need to give them the room

2584

01:35:45,990 --> 01:35:43,440

to to tell the story and give you the

2585

01:35:48,310 --> 01:35:46,000

context whereas this is more you know

2586

01:35:50,070 --> 01:35:48,320

just like make your point

2587

01:35:52,629 --> 01:35:50,080

you got a counterpoint you got something

2588

01:35:54,790 --> 01:35:52,639

to add cool it's quick it's movie it's

2589

01:35:56,629 --> 01:35:54,800

it's just different uh but

2590

01:35:58,550 --> 01:35:56,639

uh james you got to come on the show

2591

01:36:01,830 --> 01:35:58,560

this week so we could we could pump up

2592

01:36:04,229 --> 01:36:01,840

uh uh crash retreat crash retrieval week

2593

01:36:06,390 --> 01:36:04,239

yes oh yeah and yeah i was just thinking

2594

01:36:07,990 --> 01:36:06,400

like uh yeah we definitely gotta do one

2595

01:36:08,790 --> 01:36:08,000

with andy man

2596

01:36:15,189 --> 01:36:08,800

he

2597

01:36:17,510 --> 01:36:15,199

and i know

2598

01:36:18,790 --> 01:36:17,520

i said melinda leslie is down for crash

2599

01:36:20,709 --> 01:36:18,800

retrieval week

2600

01:36:23,830 --> 01:36:20,719

i was trying to get i was trying to get

2601

01:36:26,310 --> 01:36:23,840

into contact with don smith

2602

01:36:28,870 --> 01:36:26,320

who is huge on the roswell case although

2603

01:36:32,709 --> 01:36:28,880

there's obviously some controversy there

2604

01:36:33,669 --> 01:36:32,719

uh richard dolan is in ross colter is

2605

01:36:39,030 --> 01:36:33,679

in

2606

01:36:41,669 --> 01:36:39,040

mergia um

2607

01:36:42,790 --> 01:36:41,679

and i know uh oh sean rauch uh witness

2608

01:36:45,510 --> 01:36:42,800

citizen

2609

01:36:48,470 --> 01:36:45,520

uh vinnie adams at disclosure team

2610

01:36:50,790 --> 01:36:48,480

um and i believe uh priscilla quantum

2611

01:36:53,750 --> 01:36:50,800

witch and artemis prime i think they're

2612

01:36:55,350 --> 01:36:53,760

all into uh so there's a lot oh man

2613

01:36:57,910 --> 01:36:55,360

there's there's so much you know that

2614

01:36:59,430 --> 01:36:57,920

can go on within that realm a fun week

2615

01:37:01,990 --> 01:36:59,440

yeah

2616

01:37:04,709 --> 01:37:02,000

i uh like i said uh our invitations

2617

01:37:06,310 --> 01:37:04,719

after uh nathan and i have said it uh on

2618

01:37:08,229 --> 01:37:06,320

text we'll say it right here live we

2619

01:37:10,229 --> 01:37:08,239

would love to have you on for an hour

2620

01:37:12,470 --> 01:37:10,239

and a half to just all of you

2621

01:37:14,390 --> 01:37:12,480

well yeah all of you yeah i mean dan's

2622

01:37:16,709 --> 01:37:14,400

been invited on a number of times luis

2623

01:37:17,990 --> 01:37:16,719

has been on twice dan's been on once or

2624

01:37:20,550 --> 01:37:18,000

twice twice

2625

01:37:22,870 --> 01:37:20,560

and uh twice and and james we would love

2626

01:37:24,390 --> 01:37:22,880

to have you on um and that's that's an

2627

01:37:26,709 --> 01:37:24,400

open invitation but i just want to make

2628

01:37:28,149 --> 01:37:26,719

sure you know you're invited yeah sure

2629

01:37:29,189 --> 01:37:28,159

i'd like to have all you guys on my

2630

01:37:30,870 --> 01:37:29,199

channel too

2631

01:37:32,950 --> 01:37:30,880

uh you know

2632

01:37:34,470 --> 01:37:32,960

and uh especially dan i this is the

2633

01:37:35,750 --> 01:37:34,480

first time i'm speaking to dan i really

2634

01:37:38,070 --> 01:37:35,760

love how he

2635

01:37:39,910 --> 01:37:38,080

presents and articulates information

2636

01:37:42,709 --> 01:37:39,920

like he says in a way where i'm like

2637

01:37:44,950 --> 01:37:42,719

that's solid so i really appreciate that

2638

01:37:48,070 --> 01:37:44,960

that's the intention clear concise to

2639

01:37:49,350 --> 01:37:48,080

the point and easy to absorb that's

2640

01:37:51,669 --> 01:37:49,360

that's my goal

2641

01:37:53,990 --> 01:37:51,679

inside baseball dan was riding in the

2642

01:37:55,990 --> 01:37:54,000

car with me uh we were coming we went to

2643

01:37:57,430 --> 01:37:56,000

the air base uh we went looked around

2644

01:37:59,270 --> 01:37:57,440

the air base we went shopping a little

2645

01:38:01,350 --> 01:37:59,280

bit we went and had lunch and he said

2646

01:38:03,030 --> 01:38:01,360

man i don't know if i should be in there

2647

01:38:05,910 --> 01:38:03,040

with these heavyweights like james ian

2648

01:38:08,470 --> 01:38:05,920

doley and and andy and i said you 100

2649

01:38:11,189 --> 01:38:08,480

percent belong in in this conversation

2650

01:38:14,629 --> 01:38:11,199

with anybody in the ufo community period

2651

01:38:16,229 --> 01:38:14,639

yeah absolutely appreciate it guys

2652

01:38:18,149 --> 01:38:16,239

this conversation doesn't belong to

2653

01:38:19,990 --> 01:38:18,159

anybody

2654

01:38:23,109 --> 01:38:20,000

unless you're unless you're dr steven

2655

01:38:27,109 --> 01:38:24,390

let me own it

2656

01:38:29,910 --> 01:38:27,119

all right guys yeah all right uh but on

2657

01:38:32,470 --> 01:38:29,920

behalf of my co-host nathan i'm dj san

2658

peace out one love and we'll see you

2660

01:38:38,480 --> 01:38:35,760
